

Kiss Me 1391

Chapter 1391: the existence of a deadly existence, was indispensable

She just felt very wronged. He had quietly disappeared for three years, but when he came out again, he was having an affair with another woman. Even if he kept saying that those rumors were fake., but every time he had intimate contact with Helian Manli.

She had also tried to believe him, but every time she decided to believe him, he would be intimate with her. How could she convince herself to believe him?

Looking at her crying, Xiang Yi felt very uncomfortable.

“Don’t cry anymore,”he said softly, his voice a little hoarse.

He could not bear to see her crying in front of him, breaking his heart.

“I was just trying to scare you. I won’t really take Hanhan away.”How could he bear to separate her and Hanhan? These two people were the most fatal existences in his life. They were indispensable.

However, Shi Nuannuan and Nuannuan continued to sob.

In the end, he was helpless. He could only park the car by the side because if he listened to her continue crying, his heart would really break.

“Don’t cry, Okay?”After parking the car, he turned his head and looked at her as he spoke softly.

Shi Nuannuan’s face suddenly turned cold as she glared at him. “Are You Annoying Me! ?”

“...”he paused.

Why did she dislike him? It was just that his heart ached for her.

“No.”

She glanced at him and did not say anything else. Instead, she turned her head and continued to sob.

“Can you stop crying?”He took a tissue and leaned over to wipe her tears.

“I want to Cry!”

“Then what do I have to do to stop crying?”

“It’s none of your business. Anyway... Whether I cry or not is none of your business!”Speaking of which, would it not kill him to make himself cry?

He looked at her for a long while before saying, “Just now in the banquet hall, she said that her father was looking for me at the top floor, and then I went.”

Listening to his sudden explanation, Shi Nuannuan’s sobs slowly subsided, but she did not seem to believe his words.

Her father was looking for him? Was this Helian Manli's reason, or was it an excuse that he came up with?

"Go on a date with her!?"

"..."

"Then, when we reached the rooftop, she said that she was lying to me and that she had something to talk to me about." He continued to explain. Three years later, he really did not want to have any misunderstandings or conflicts between them.

"You can even talk about hugging each other? Aren't you going to kiss each other in the next moment!" She shouted, full of jealousy!

"..."

How was her brain constructed?

"EN, if you don't come..."

Hearing his sudden words, Shi Nuannuan could not help but turn her eyes and glare at him!

What did he want to say?

If she did not go, they would really kiss! ?

Lifting his eyes slightly, his deep eyes glanced at her nervous expression, but he laughed softly.

Instantly, Shi Nuannuan felt that she had been played..

"You..."

What on Earth was she doing? She had been tricked by him unknowingly! ?

Seeing that she was about to get angry again, he quickly said, "Don't be angry. She suddenly leaned forward and I tried to push her away. I might have used too much force, but I almost pushed her off the rooftop."

Hearing this, Shi Nuannuan seemed to be shocked as well.

She was almost pushed off the rooftop? That was the 32nd floor. If she really fell down, wouldn't she be smashed into minced meat?

Shi Nuannuan was a little dumbfounded. She looked at him as if asking, "What happened after that?"?

"After that, I grabbed her with my hand, and it turned into what you saw."

"..." Shi Nuannuan's tears were still hanging on her cheeks. Hearing his explanation, her heart suddenly felt a little better.

But women, sometimes it was inevitable that their words were not what they meant!

Chapter 1392: wasn't angry anymore?

“Then I still hugged her!”

She turned her head and spoke with jealousy!

He looked at her face and observed her expression. “Then, do you want her to lie on top of me, or do you want her to do as you see her?”

When Shi Nuannuan heard that, she seemed to have understood.

At that time, if he had pulled Helian Manli, who was about to fall off the building, from where they were standing, they might have both fallen backward. However, Xiang Yi was so skilled.., he must have caught her and flipped her around, just like how he had caught her for the first time.

Thinking of this, the jealousy in Shi Nuannuan’s heart gradually dissipated.

However, she was still a little angry. After all, she had seen it with her own eyes.

No matter what the reason was, he was indeed hugging Helian Manli.

Was she too stingy? It was as if no matter what the reason was, he could not have too close contact with any member of the opposite sex.

She raised her eyes and glanced at him lightly. “It would be better if both of them were different.”

“You’re not angry anymore?” He glanced at her and saw that the anger on her face had disappeared.

However, she didn’t want to forgive him so easily. She still had to put on an act on the surface.

She glanced at him unhappily, then turned her head and looked out of the window. However, the corners of her mouth unconsciously curled up.

Xiang Yi started the car again. The corners of his mouth also unconsciously curled up as he drove towards the direction of Jing Hai Villa.

Blue World Jue drove into the courtyard. He had just unfastened his seatbelt when his cell phone rang.

Shi Nuannuan couldn’t help but turn around when she heard the sound. She saw him take out his cell phone. She slightly poked her head out, as if she wanted to see who was calling.

When he left just now, he should have left Helian Manli alone on the rooftop, right? Could it be a call from her?

“Hello?” After picking up the phone, Xiang Yi’s dark eyes slightly lifted up. Coincidentally, he saw her peeping at him, and could not help but purse the corners of his lips.

“General Xiang, have you left already?” The secretary’s shallow voice came from the phone.

“Yes, my fiancée was injured, so she came back first. You can make the arrangements over there.”

“Okay.”

After saying that, he hung up the phone. Shi Nuannuan took the opportunity to pretend that she did not notice him and looked away.

Fiancée? was he talking about her?

Just as she was thinking about it, the door of the passenger seat opened. In the next moment, he carried her out of the car.

As she was barefoot, the weather had turned cold. He carried her out of the car and walked into the house.

It was already nine o'clock in the evening. The entire Villa had quieted down.

Shi Nuannuan was carried by him just like that. She did not make any struggles.

When they reached the second floor, he carried her straight to the master bedroom and placed her on the soft bed.

Just as he placed her down, she sat up. She seemed to be a little uncomfortable.

"I'll go check on Hanhan."

As she spoke, she stepped barefoot on the Persian carpet and walked towards the door.

"Wait." He called out to her softly.

Shi Nuannuan stopped in her tracks and turned to look at him.

He took a pair of slippers from the bedside and walked towards her. "Put them on."

She looked down at the slippers on the floor and then at him. She then put on the slippers and turned to leave the master bedroom.

Looking at her back as she left, Xiang Yi curled his lips and turned to walk towards the bathroom.

Twenty minutes had passed since he came out of the bathroom.

In the children's room, Xiang Jinghan was sleeping soundly. Shi Nuannuan sat by the bed and looked at her son's sleeping face, deep in thought.

It was already late at night. She was thinking, how am I going to take a shower later? Where am I going to sleep at night?

Chapter 1393: forgot to take her clothes

Although there was a bathroom downstairs, what clothes did she need to change into?

It seemed that only the master bedroom had her clothes in the closet, uh, even though those clothes were not her own.

But, it seemed that they were bought for her?

Taking another look at her sleeping son, Shi Nuannuan stood up and walked out of the children's room.

She tiptoed to the master bedroom and gently pushed the door. He did not seem to be there.

She raised her eyebrows slightly.

Not Here?

Just in time.

She walked into the bedroom and went to the cloakroom. She found a change of clothes from the closet. When she came out, her eyes glanced in the direction of the bathroom.

If he washed here, wouldn't it be very awkward when he came in later?

Thinking of this, she decided to go downstairs to the bathroom to settle it. If it was at night, she would sleep on her son's small bed!

If she squeezed a little, there should be enough room for two people!

Just like that, Shi Nuannuan took a set of clothes downstairs and went to the bathroom. Although it was not as good as the one in the master bedroom, it had all the toiletries.

She walked in and took a comfortable bath. She tried her best not to let her injured hand touch the wound. Although it was a little inconvenient, she could still barely finish the bath.

Uh..

It might be a little inconvenient to put on clothes.

However, she was very smart. When she took it earlier, she considered this problem and directly took a very loose t-shirt. Moreover, it was the elongated type. This way, she could just put it on directly!

However.

When Shi Nuannuan wiped her body and was about to put on clothes, she realized..

Damn, why did she forget to bring her underwear?

Standing in the bathroom, Shi Nuannuan was dumbstruck when she saw that there was only one t-shirt.

What should she do?

She didn't know if Xiang Yi had returned to the master bedroom.

However, why was she afraid of Him? Clearly... they had sex three years ago, didn't they? Moreover, at that time, she had always wanted to sleep in the same bed with him. Now, she was actually afraid of being alone in the same room with him.

Thinking about it, Shi Nuannuan could not help but feel a little amused.

Time really could change many things.

She put on the T-shirt. As a germaphobe, she would not wear the original underwear after taking a shower.

Gradually, she came to the second floor. She wanted to know if Xiang Yi had returned to the bedroom. If he did not, she would go in and get a set of underwear.

When she passed by the door of a room, she found that the door was half-closed, leaving a gap. The light shone from the inside, making her stop immediately.

She turned around and walked towards the door of the room. She peeked through the gap of the door and saw Xiang Yi sitting in front of a desk. He was staring at the computer screen with a frown, as if he was dealing with something.

Fortunately, he was not in the bedroom. Shi Nuannuan was very glad.

She quietly retreated to the door of the study and then quietly walked towards the master bedroom.

However, the moment she turned around, Xiang Yi, who was standing in front of the desk, seemed to have sensed something. He looked up and only saw the half-closed door.

He frowned slightly and hesitated for a few seconds before getting up from the desk.

Shi Nuannuan walked into the master bedroom and went to the cloakroom. She tried to find some underwear from the previous closet, but it seemed that..

“Strange, why are all the clothes outside? Didn’t I buy a set of underwear?” After searching the entire closet, she did not see any clothes inside. Shi Nuannuan could not help but frown.

Uh, it seemed that it was not convenient for a man like him to prepare the clothes inside for her?

Chapter 1394: what are you looking for? I’ll help you

No, he was now a big CEO. It was okay to let anyone prepare these clothes.

Thinking of this, her gaze drifted to the upper compartment of the wardrobe. It was a little above her head, and she needed to stand on her toes to reach it.

“Could it be here?”

Shi Nuannuan stretched out her hand, trying her best to find the clothes in the upper compartment.

The bedroom door was pushed open, and because the room was covered with carpets, there was no sound of footsteps.

Shi Nuannuan, who was focused on searching for the clothes, did not notice the man who walked in, nor did she notice... the t-shirt on her body following her movements, at this moment, the hem of the shirt had already been pulled to her buttocks. That sexy and beautiful legs immediately emitted a fatal temptation, making people unable to control themselves and want to commit a crime!

“Seriously, I’ve prepared a cupboard full of clothes, why isn’t there anything inside...” because she could not see clearly, Shi Nuannuan tiptoed again, and her body moved even higher, the gray t-shirt was pulled up even more along with her movements.

Xiang Yi walked into the bedroom, but he did not see her. He was about to leave when he heard her voice coming from the cloakroom, so he walked over.

Just as he reached the door, he saw her lying on the closet, looking for something.

Then, his gaze fell on the clothes that she would look up from time to time. Her long and fair legs were crystal clear, and the spring light under the clothes was faintly discernible, emitting a fatal temptation!

All of a sudden, Xiang Yi felt his throat dry up, and a wave of heat quickly spread through his body!

He retracted his gaze and cleared his throat, but when he spoke, his voice was still a little hoarse. "What are you doing?"

Hearing his voice, Shi Nuannuan was also shocked. She quickly turned around and saw the man standing at the door of the cloakroom. She could not help but widen her eyes.

"You... When did you stand there?"

"I just arrived." He hesitated for a second before turning his gaze back to her.

At this moment, the hem of her clothes that had been lifted up had already fallen down, just enough to cover her entire hip area.

She glanced at him and did not realize that her current attire was so alluring.

"What are you looking for? I'll help you."

He walked over, because when he entered, he saw that she was looking for something.

Shi Nuannuan was about to speak, but she stopped herself.

She was looking for lingerie. Could it be that she wanted him to help her look for it?

Uh, forget it.

"N-nothing."

She lowered her head, intending to walk past him.

But..

She couldn't just not wear it, right?

She lowered her head and looked at the clothes that were only up to her thighs. If she just went to sleep like this, she would be exposed with just a casual movement, right?

No!

Thinking of this, she had no choice but to silently turn around and raise her head to meet the man's dark eyes.

"Well, you bought so many clothes for me, don't you have..." she paused, then raised her hand to make a triangular gesture. "Buy this for me?"

Looking at her gesture, Xiang Yi frowned slightly, but he seemed to understand. He turned around and walked to the wardrobe, pulled open the drawer with the 's' symbol, and immediately rows of neatly arranged women's clothes appeared inside.

"..."

The drawer was under the wardrobe. She actually didn't see it and directly ignored it.

"Ahem." Clearing her throat, Shi Nuannuan walked over. Without looking, she hurriedly took a red bra, then silently turned around. "Thank you."

Chapter 1395: wanted her to agree to it personally!

Xiang Yi was still in a daze, as if he was trying his best to control the heat in his body.

At this moment, he even missed the old her. At least when it was like this, she would take the initiative to pounce on him, and it wouldn't make him feel so uncomfortable!

"Nuannuan."

When Shi Nuannuan walked to the cloakroom, he suddenly called out to her. His voice was very hoarse, and it could be heard that he was trying his best to control it.

Shi Nuannuan felt that this voice was both unfamiliar and familiar.

Unfamiliar, it was because she felt that she had not heard his hoarse voice for a long time. Familiar, it was because this voice... was the voice that he used to make when they were having sex.

She stopped in her tracks and turned her head to look at him innocently.

Xiang Yi looked up and saw her innocent face, but the fire in his body grew stronger.

Dressed like this in front of him and looking at him with such an innocent face, did she know how attractive she was now?

"What... What are you doing?"

She looked up at him. The Red Bra was still in her hand. She did not know what he was trying to do.

He took a step forward and walked towards her. His pair of dark black eyes were burning with incomparable heat.

"You've changed." He came up to her and forced her towards the door frame. He suddenly spoke.

Shi Nuannuan did not seem to understand him. "What?"

"I've become more..." plump than before.

Sensing that his breath was getting closer and closer, Shi Nuannuan could not help but retreat, but she seemed to have nowhere to retreat to.

"You, what on Earth... Are you going to do?"

Feeling his rich breath, Shi Nuannuan's heart could not help but start to beat faster. She could not calm down for a long time.

"I, don't want to endure anymore."

"WHA... uhh..." before the word 'uhh' could be said, the man's lips covered hers and sealed hers.

He really did not want to endure anymore. It had been three years. He missed everything about her!

His kiss was impudent and violent. It was even wilder than the last time. For a moment, Shi Nuannuan seemed to be unable to withstand it.

But gradually, feeling his passion like fire, she slowly sank into it, sinking deep into it, gasping for breath.

“Xiang Yi.” She felt a little uncomfortable, and her body felt like it was on fire.

The kiss moved away from her collarbone. His burning eyes took in her blushing face. Then, he reached out and picked her up, walking towards the bed!

The passionate kiss continued. The thin last line of defense on her body was torn off by him.

The long-lost feeling engulfed Shi Nuannuan, but her body was still not satisfied.

She did not understand why he had to do such a long foreplay. or could it be that... she no longer had any reservations and could not wait for him to hurry up?

Ah! ! !

When she thought of this, Shi Nuannuan felt very embarrassed. However... her body was really uncomfortable. It was burning like fire!

She opened her blurry eyes and saw that he was still lingering on her body, refusing to enter.

“Xiang Yi, you...”

He was trying his best to restrain himself because there was one more thing that she needed to agree to personally.

And what he was waiting for was the chance for her to speak.

“HMM?”

He raised his eyes slightly and looked at her gentle and charming appearance.

Shi Nuannuan bit her lips tightly. She wanted to speak, but she was too shy to say it.

“Why are you...”

“Uncomfortable?”

“Yes.”

“Do you miss me?”

“...”

Damn it, what was he trying to do?

Shi Nuannuan pursed her lips. No matter how much she thought about it, she refused to say it!

However, he seemed to understand her sensitivity and kept teasing her.

Chapter 1396: moving in, Huh?

She was almost going crazy!

“Xiang Yi...”

“Moving in, Huh?”

“...”what?

Shi Nuannuan suddenly realized that he had a motive for torturing her like this?

How cunning! He actually wanted her to agree to move in at such a time?

She did not want to agree, but damn it, she really wanted to agree!

“Are you moving or not?” He continued to ask, his voice hoarse as he left.

Shi Nuannuan clenched her palm tightly, her eyebrows tightly knitted together.

But in the end, she still couldn't bear such torture. She bit her lips tightly and slowly opened them.

“Move...”

Seeing that she agreed, he finally smiled in satisfaction.

Actually, while torturing her, he was also torturing himself.

In the next moment, he found the right spot and ruthlessly penetrated her body. Time and time again, he took back all the missing, missing, and missing that he had for the past three years, including the principal and interest, tonight!

That night, the romance was still lingering, and the entire room was filled with the smell of their love.

It was not until late at night, when the sky was slightly bright, that Shi Nuannuan finally got to rest.

That night, Xiang Jinghan also slept exceptionally soundly.

...

Early in the morning.

Xiang Yi only had a short nap for more than half an hour before he got up very early.

When he left the room, Shi Nuannuan was still very heavy.

“Don't disturb her if there's nothing else.” After eating breakfast, he instructed the servant before leaving the house.

The servant bowed respectfully to him. “Yes, sir.”

“Daddy, why isn't Mommy Up Today? We've already eaten breakfast.” Xiang Jinghan woke up early in the morning, he wanted to look for his mommy, but his daddy told him that mommy was still sleeping and very tired, so he couldn't disturb her.

Coming to his son, Xiang Yi squatted down and whispered something into his ear. Xiang Jinghan was stunned when he heard it, then nodded happily. "Then I want a younger sister!"

"Okay, but you mustn't enter the room before Mommy wakes up."

The little guy frowned and said in pain, "Absolutely not?"

Then, as long as mommy didn't wake up, he might not be able to see her for the whole morning?

"Yes!"

"Why?" If mommy was sleeping, he could just go quietly and not wake her up?

"Because... If you go, it is very likely that you will scare away a sister who is coming."

Hearing this, Xiang Jinghan seemed to understand instantly and nodded heavily. "I understand!"

He smiled in satisfaction and left after giving his son a kiss on the cheek.

Throughout the morning, Xiang Jinghan was indeed very obedient and did not go to the room to bother Shi Nuannuan.

It was not until noon that Shi Nuannuan woke up in the master bedroom in a daze.

She felt that her body was about to crack. The aching feeling was as if her bones were about to fall apart. It hurt even to move.

What time was it?

She turned her head and looked at the clock. It was already 11:50 pm! ?

Oh My God!

She was so frightened that she quickly sat up from the bed.

"Ah!"

Unexpectedly, when she used her injured hand to prop herself up, she used too much strength and immediately felt a sharp pain.

The pain in her body made her frown.

She raised her hand and checked the wound. Fortunately, the wound did not split open.

However, it seemed that she had to go to brother Hao's place to change the dressing.

Thinking of this, Shi Nuannuan could not help but force herself up. Then, she lifted the blanket and got off the bed.

Her feet had just touched the ground, and she almost lost her balance. Fortunately, her movements were slow, so she did not fall down.

Chapter 1397: you're up

She walked to the cloakroom and changed into a set of clothes. Then, she went to the bathroom to wash up.

When she went downstairs, it was already noon.

When she reached the living room, she saw her son's petite figure.

Shi Nuannuan could not help but feel warm.

It had been a whole morning, but her son did not go to the room to look for her? Or was she too deep asleep to notice?

But it shouldn't be that bad. No matter how deep she slept, if her son went to disturb her, she would definitely wake up.

Moreover, according to her son's past practice, when he woke up in the morning, he would definitely look for her. Why was she playing so well in the living room alone today?

Hearing the footsteps, Xiang Jinghan, who was playing, turned around and saw Shi Nuannuan walking down the stairs. He couldn't help but cheer as he ran over.

"Mommy, you're finally awake!"

Seeing her son running towards her, Shi Nuannuan squatted down. Since her hand was injured, she couldn't carry him.

"Jinghan, why are you so obedient? Are you playing alone?"

Xiang Jinghan nodded. "Yes! Because Daddy said Mommy was sleeping, I Can't Disturb You."

Shi Nuannuan couldn't help but be stunned for half a second.

So he was the one who instructed her?

But why was he so obedient? Why did he really not go just because he was told not to? Why hadn't she seen him so obedient before?

"Madam, you're up." A servant walked over and bowed respectfully to her.

Shi Nuannuan stood up. Because her body was sore, she couldn't help but frown slightly.

Then, she saw the servant walk to the side of the coffee table and make a phone call.

"Sir, Madam is awake."

"..."

"Okay."

The maid hung up the phone and left the coffee table.

Shi Nuannuan was a little surprised and could not help but ask the maid, "What are you doing?"

Why did she have to specifically call him when she woke up?

Seeing her, the maid smiled and said, "Sir told me to tell him when you woke up."

"Why?"

"I'm not sure about that."

Looking at the maid, Shi Nuannuan did not ask any more questions. Instead, she pursed her lips.

"Madam, sir is already on his way back. Do you want to eat first or wait for Sir to come back before eating together?" The maid looked at her and could not help but ask.

Shi Nuannuan looked up at the maid. "He's coming back?"

"Yes."

"Then... Let's eat together later."

"Okay." The maid nodded and left.

Not long after, the sound of an engine could be heard in the courtyard.

Shi Nuannuan turned her head to look and saw a man walking in.

It was noon, and it would take half an hour to get back from his company. Why did he always come back at noon?

As soon as he entered, he saw the person who had woken up. The corners of his lips could not help but curl up slightly as he walked towards the mother and son pair.

"Daddy!"

After taking a look at his son, his gaze fell on her face again. He walked over and pulled her into his embrace. "You're awake. Did you sleep well?"

She glared at him. "What do you think?"

He pretended to look at her face carefully. "MMM, you seem to have slept quite contentedly."

She glanced at him from the corner of her eyes.

But she still couldn't help but ask, "Why did you come back in the middle of the afternoon?"

"Let's eat first."

There was an important meeting in the afternoon, so he didn't have much time.

When he came to the dining room, he ate for her personally again.

Shi Nuannuan paused and glanced at Xiang Jinghan who was staring at them.

"No need, I'll do it myself." As she said that, she wanted to get the bowls and chopsticks herself.

Chapter 1398: Daddy is angry?

In front of her son, she was too embarrassed to let her feed him.

Moreover, after a day of rest, her wound was no longer that painful. At least she could barely eat.

However, just as she reached out her hand and didn't touch the bowl and chopsticks in his hand, he dodged it. His long and narrow eyes stared at her as if he was saying, "Be obedient."

Shi Nuannuan glanced at her son again. Xiang Jinghan tilted his head and looked at Xiang Yi. Finally, his gaze fell on Shi Nuannuan's face.

"Mommy, you're already so old, but you still need Daddy to feed you? You look like me!"

Shi Nuannuan:"..."

"I'll eat it myself!" She did not snatch the bowl and chopsticks in his hand. Instead, she picked up the one in front of him.

Although the spoon couldn't pick up the food, some dishes were still okay, such as Kung Pao Chicken and soup.

Seeing her eating by herself, Xiang Yi couldn't help but glance at his son.

Xiang Jinghan immediately realized that he had said something wrong just now?

"Come here." He waved to his son, and Xiang Jinghan walked over obediently.

"Let's eat." He couldn't feed his wife, so he could only feed his son.

As he spoke, he scooped up a green pepper and meat that had been cut into small pieces and brought it to his son's mouth.

Xiang Jinghan was about to open his mouth, but when he saw the green pepper, he closed his mouth again. He raised his little finger and pointed. "Daddy, I don't Eat Green Pepper."

Xiang Yi glanced at the green pepper expressionlessly. "Be good. Green pepper is very nutritious. Children should eat more."

"..." Xiang Jinghan's eyebrows were knitted together. "But it's spicy..."

"Vegetable pepper, it's not spicy."

"But I don't like to eat it."

"Open your mouth."

"..." Xiang Jinghan didn't understand. He felt that his father seemed to be a little angry? But why?

But under his sharp gaze, it was the first time Xiang Jinghan had eaten green pepper.

Shi Nuannuan turned her head and felt that it was the first time her son had eaten green pepper so obediently.

In the past, she could not even coax him to eat them obediently.

After lunch, Xiang Yi did not leave.

Shi Nuannuan knew that he had come back only to feed her, but now that the meal was over, he was not leaving?

“You, aren’t you going to the office?”

She glanced at the man downstairs.

Xiang Yi stared at her and smiled. “Waiting for you.”

“... Wait for me for what?”

“Aren’t you going to change your dressing today?”

“...”he actually remembered such a small matter?

So he came back partly to feed her and partly to send her to the hospital?

“I’ll send you there, but I have an important meeting later. After I send you to the hospital, I’ll ask the driver to send you back.”

Her hands could not drive, so it was a problem for her to come back.

Hearing his words, Shi Nuannuan fell into deep thought for a while.

“There’s no need. After I change the medicine, I’m going to the coffee shop. I’ll call you after your meeting.”

Hearing that he was going to the coffee shop, he frowned. “Your hand hasn’t recovered yet.”

“I know. I’m just going to take a look. I’m not working.”

“Alright then. I’ll pick you up after the meeting.”

“Okay.”

Shi Nuannuan responded, then turned her head and looked at her son. “Baby, shall we go shopping in the afternoon?”

“Sure!”Xiang Jinghan was very happy when he heard that they were going out to play!

The three of them left the Jinghai Villa together and went straight to the hospital.

When they arrived at the entrance of the hospital, Xiang Yi pretended to get out of the car, but was stopped by Shi Nuannuan.

“Don’t you have a meeting?”

He stopped getting out of the car and looked at her. “I’ll send you up.”

Chapter 1399: was unwilling to give in to anyone

“I’m not a child.”She glanced at him and opened the car door. She walked to the back seat and carried her son out of the car. “Let’s Go!”

After saying that, Shi Nuannuan looked at her son's face.

"Goodbye, daddy!"

Looking at her son's bright smile, Xiang Yi, who was in the driver's seat, smiled slightly and waved at him. "Bye bye."

Holding his son, Shi Nuannuan glanced at him through the car window, then turned around and walked towards the hospital's door.

After seeing the mother and son disappear into thin air, Xiang Yi drove away.

"Uncle Zhong."

While changing the dressing, the little guy called Zhong Shenghao. In the blink of an eye, three years had passed, and he was three years older.

"Am I that Old?" While changing the dressing, Zhong Shenghao glanced at the little guy standing at the side.

Xiang Jinghan nodded very honestly!

Zhong Shenghao narrowed his eyes. This little guy's weakness was that he was too honest!

Sometimes, one had to lie when necessary.

"Brother Hao, you are indeed not young anymore. Why? Don't you want to Get Married?" Shi Nuannuan couldn't help but ask.

It had been three years. Although she didn't know his situation, she knew that he was now with Jing Xinlei. However, it seemed that Jing Xinlei hadn't given him any response all this time.

To be honest, from her point of view, she had never been optimistic about his relationship with Jing xinlei because that woman was too vicious.

She had tried to kill her sister-in-law time and time again.

Only her sister-in-law was kind enough to not pursue the matter.

"I would like to, but there are some people who aren't willing." Zhong Shenghao had a hidden meaning in his words. He changed the dressing for her and bandaged her up again. "It's Done!"

Shi Nuannuan glanced at him. "Must you not want her?"

Zhong Shenghao put away the tools and then glanced at her. "If I want you to marry another man, are you willing?"

Shi Nuannuan couldn't help but pause. She understood what he meant.

Perhaps, when love was serious, it was so persistent. Other than the person in his heart, he wasn't willing to give in to anyone else.

However, what exactly did brother Hao like about Jing Xinlei?

Uh, it seemed like there was no reason for him to like someone?

Shi Nuannuan shrugged and did not say anything more. Instead, she picked up Xiang Jinghan and said, "Alright, let's Go! Say goodbye to Uncle Zhong."

"Goodbye, Uncle."

"Goodbye."

After leaving the hospital, Shi Nuannuan hailed a taxi as there was still a distance of more than ten minutes to the coffee shop. They arrived at the coffee shop.

However, when she arrived at the coffee shop, she felt that it was strange that there was a new employee in her shop!

"You are?"

"Hello." A woman in her thirties nodded slightly when she saw Shi Nuannuan. "You are the boss, right?"

Shi Nuannuan paused. "Yes."

"I was invited by Mr. Xiang to help you manage the business of the coffee shop. My name is Dana."

Shi Nuannuan was stunned again.

Mr. Xiang? Xiang Yi?

"He invited you?"

"Yes."

Shi Nuannuan pondered for a moment. Perhaps it was because her hand had been injured in the past few days that she had hired someone to help her.

"How long did he hire you?"

Daina smiled. "He has already signed a one-year contract."

"..."one year! ?

"You can leave tomorrow. I don't have that much money to pay your salary."

Although her coffee shop had a decent income now, even if she wanted to hire a clerk, she would have to do it herself. Not just anyone could work in her coffee shop.

Chapter 1400: What are you doing here?

However, upon hearing her words, Dina only smiled lightly. "Regarding salary, Mr. Xiang has already paid me a year in advance. You Don't have to worry."

"..."

Shi Nuannuan and Nuannuan turned their eyes in surprise. He had already paid a year's salary?

She glanced at Dina, then walked to the lounge with her son and made a call to Xiang Yi.

In the quiet and heavy meeting room, the ear-piercing ringtone of the phone suddenly rang. The person-in-charge who was explaining in front of the projector could not help but pause and look at Xiang Yi who was sitting in the chairman's seat.

Xiang Yi raised his hand and signaled for him to continue. Then, he picked up the phone and walked to the blinds.

"Hello?"

"I know you have a lot of money now, but shouldn't I be the one to decide whether my shop should hire employees or not?"

"Dana is a senior employee of country A's revered emperor coffee shop. With her around, your coffee shop's business will only increase day by day."

Hearing this, Shi Nuannuan furrowed her brows.

Revered Emperor?

This name was indeed familiar to her, but since she was a senior employee of revered emperor, why did she have to stay in her small coffee shop?

"Since she's one of revered emperor's people, how did you hire her to stay here?"

"Because..." on the phone, he hesitated for a few seconds. "She and I have a good relationship."

"..."

Shi Nuannuan finally recognized him, and her tone immediately became a little sour. "I didn't expect you to have such a good relationship with women."

"Not really, because it's closer to my company, and we've known each other over time."

Tsk..

Shi Nuannuan mocked him in her heart.

"But with Dina around, you don't have to go to the coffee shop every day." This was his original intention.

He had promised her that in three years, he would definitely become a person who could give her happiness.

Shi Nuannuan pondered for a moment. Since someone was willing to pay her wages to hire someone, why shouldn't she do it? In any case, she didn't want to give it up for nothing. She could also be happy to be free.

"If she stays here for a month and my coffee shop's performance drops, then I will also tell her to get lost."

"Okay," he agreed.

Shi Nuannuan hung up the phone. When she came out again, she saw Dina carefully introducing her taste to a customer.

Around four o'clock in the afternoon, the coffee shop gradually became free. It was not so busy anymore.

At this time, a figure walked in from the door.

"Ah!" Xiang Jinghan was playing when he turned around and bumped into a figure. He couldn't help but touch his forehead and looked up at the figure who walked in.

Who Was It? His forehead hurt so much from the collision.

Not far away, Shi Nuannuan was drinking coffee while looking at Dana. When she heard her son's voice, she couldn't help but turn around and see Cheng Huan standing at the door.

She walked over and looked at her son's forehead. "Let Mommy take a look. Is It Alright?"

The little guy rubbed his forehead and shook his head. "It's fine!"

Seeing that her son was fine, Shi Nuannuan stood up and met Cheng Huan's eyes.

In the past two years, he could count the number of times he had seen her with one hand. Did he just hear her talking about Mommy? Did she really have a son?

"What are you doing here?"

Looking at Cheng Huan, Shi Nuannuan's tone was much colder than three years ago.

Cheng Huan raised his eyes and looked around the coffee shop again.

He only saw the name, so he walked in. He did not expect that it was really the coffee shop that she had opened.

"Nothing, I just came in... to take a look."

As he spoke, he walked to a seat beside her and sat down.

Seeing that someone had come, Dinah walked over. "May I help you?"
