

Kiss Me 141

Chapter 141: Shi Yuting, Wounded (1)

Her questioning tone made Zuo Weiyi pause as she realized what she had just said.

“How do you know that name?”

Looking at Shi Nuannuan’s puzzled expression, Zuo Weiyi bit her bottom lip and finally opened her mouth. “She came over, and this noon, your brother went out with her.”

Shi Nuannuan’s eyes widened, her face was full of disbelief.

Tangteng Xi actually came to Country Z. Did that mean, she would know about her brother and Weiyi?

What if grandfather caught wind of them too?

When she thought about this, Shi Nuannuan was plagued with anxiety.

As she realized Shi Nuannuan had gone quiet, Zuo Weiyi lifted her dark gaze and slowly opened her mouth. “She... is your brother’s fiancée, right?”

Shi Nuannuan was still drowned in her anxiety when she heard Zuo Weiyi’s question. Her face went blank for a moment as she looked up at her. She did not know how to answer her.

After a few moments, she gradually replied, “Actually, my brother he... doesn’t like Tangteng Xi! The person he likes is...”

“It’s fine, I was just asking. You don’t have to explain anything to me,” Zuo Weiyi forced a smile and lowered her head, stuffing her mouth with a spoonful of tasteless rice.

Shi Nuannuan was stunned, she did not know what else to say.

‘Damn you, Brother! Why would you be with Tangteng Xi at times like this?’

Even if she told Weiyi that her brother did not like Tangteng Xi, she would not believe it.

After dinner, Zuo Weiyi went upstairs directly and headed to the master bedroom. She lay in bed after taking a bath.

Meanwhile, Shi Nuannuan was annoyed. She had decided to make a call to Shi Yuting.

However, his phone was turned off.

Shi Nuannuan put down her phone and stared at the black screen with a blank face.

Except for a very important meeting, her brother’s personal number was 24/7 reachable, so why was it turned off?

In the past, even if he was in a meeting with the board of directors at Dizun, his phone was not turned off too. Not to mention it was nighttime now, he should not be in a meeting.

Could it be that he was with Tangteng Xi now?

Maybe she had been reading too many romantic novels, the image of Shi Yuting and Tangteng Xi's naked body entangled with each other on a random hotel's bed floated in Shi Nuannuan's mind...

No, no, no. Her brother was not someone like that.

Shi Nuannuan shook her head in an attempt to get rid of the impure thoughts.

But it was quickly followed by her dropping her shoulders in discouragement.

If he really did not like her, then why would he go out with Tangteng Xi and not return even until now? His phone was turned off too!

What kind of stuff were they doing that they had to stay together for so long, and he had even turned off his phone to avoid disturbance?

Zuo Weiyi only felt drowsy when it was almost dawn.

Next to her, the place that belonged to Shi Yuting was still empty.

As she thought of that, her sleepiness went away.

She sighed silently in her heart and turned her body, changing her posture in an attempt to get more comfortable.

Even so, she still could not sleep. As soon as she closed her eyes, she would open them when she heard any movement outside the window, wondering if Shi Yuting had returned.

But when she listened properly and realized it was just leaves swaying, a wave of disappointment crawled upon her heart.

When the sky was getting brighter, Zuo Weiyi finally closed her eyes in fatigue and slipped into deep sleep.

Chapter 142: Shi Yuting, Wounded (2)

Yet before she fell asleep completely, she heard footsteps scuffling around in amidst her drowsiness. It did not sound like a person pacing around either. In fact, it sounded like a lot of people rushing here and there!

She frowned and cracked open her eyes.

As she sat up, the door was swung open.

Shi Yuting was carried into the room by Xiang Yi and another man.

What shocked Zuo Weiyi was that Shi Yuting was covered in blood...

That white shirt of his was stained crimson all over, not a spot of white was found.

Looking at the bloody person in front of her, Zuo Weiyi's eyes widened, her heart was clenching in pain.

“Shi Yuting...” Her lips trembled, she could not believe that this was how Shi Yuting looked like after not seeing him for one night.

After placing the almost lifeless body on the bed, Xiang Yi quickly took out his phone and called Zhong Chenghao.

Zhong Chenghao was in a woman’s warm embrace when he heard the news. Even though he was on top of a woman, his eyes widened from the phone call, followed by him pushing away the woman and changing into proper clothes in a few minutes.

As for the lady who did not get satisfied, she sat up in annoyance. “Master Zhong!”

Bam!

When the door was slammed close, Zhong Chenghao’s figure was gone from the hotel room.

In the master bedroom, Zuo Weiyi was trembling at the look of Shi Yuting covered with blood. She was confused, only her chest was burning in unprecedented pain. Her heart was squeezing painfully.

“What happened... Shi Yuting...”

She walked to the side of the bed, tears streaming down her cheeks. She raised her hand, wanting to touch him, but when she saw the crimson shirt, she paused as if she did not want to hurt his wounds.

“What happened to him?!” She turned ahead toward Xiang Yi, who had just hung up the phone.

Xiang Yi glanced at her, a hint of self-blame appeared on his face.

“Mr. Shi was ambushed and shot.”

Shot...

Zuo Weiyi’s eyes widened as she looked at Xiang Yi in disbelief.

His gun wound, was it like those in movies?

It was real?

She turned her head and looked at the bloody figure. If it were not for his chest rising and falling, she would have thought that he was...

“Brother!”

The bedroom door was violently pushed open and Shi Nuannuan who received the news rushed into the room. As soon as she saw her brother covered in blood on the bed, she seemed dazed, and soon her tears came falling down.

“Brother... What... What happened to you... How did this happen...”

At the same time, Shi Nuannuan turned her head, her eyes filled with confusion.

“Xiang Yi, what happened to my brother?”

"I'm sorry, Miss. Mr. Shi was ambushed and shot, it is my failure as an underling..." Xiang Yi was heavily injured as well. His face pale, lips cracking dry.

Shi Nuannuan's eyes widened, rage overwhelming shock.

She squinted. There were many people who wanted her brother's life and it was because one, he was one of the members of the Shi family, and two, he was a presidential candidate.

"Who? Who did it?!"

"I think it's Shi Tiannan's underlings."

As she heard that, Shi Nuannuan's eyes widened in shock.

Shi Tiannan was the Shi family's eldest son and her half-brother. They had the same father but different mothers, but he had no blood connection with her father.

It was him!

Chapter 143: Shi Yuting, Wounded (3)

Since the very beginning, he had been calculating and scheming to get rid of her brother so he would replace him in the Shi family. Now that the moment was crucial, he had begun executing his plan!

She turned her head toward her brother's listless body. Shi Nuannuan clenched her fists and prayed that god would not take away her one and only brother.

Zhong Chenghao finally arrived after five minutes.

When he saw Shi Yuting's heavy injuries, he was in shock as well.

Not just anyone could wound him, how did he end up like this?

He stopped himself from thinking any further and took out his medical kit instantly. After stopping Shi Yuting's blood, he took out the bullets in his body. There were three, three!

He was shot thrice, and every shot was an inch away from his heart!

This man was really blessed by god because if it were anyone else, they would have gone and met god already!

Zhong Chenghao's expression grew darker with each bullet he took out.

So much blood was lost when only one bullet was taken out, plus he had already lost so much before. If this kept going, he would die from excessive blood loss!

But he had no time to bring any blood from the hospital.

Moreover, this brat had an Rh-negative blood type!

Damn it!

He quickly looked at Shi Nuannuan, his only line of hope now.

"Is your blood Rh-negative?"

Shi Nuannuan turned her head and opened her mouth in confusion toward the sudden question, "What?"

"What blood group are you?!" He was going insane from anxiety.

Ever since he had become a doctor, no man had died in these pairs of hands. If his best friend were to die in his hands, he would loathe himself to death!

"I... My blood group is A." Shi Nuannuan trembled from his furious voice as she answered.

A, it was type A, damn it!

What should he do now?

"Rh-negative... Is it when your blood has no rhesus factor?"

Just as Zhong Chenghao was spiraling into an anxious turmoil, Zuo Weiyi suddenly spoke up.

He turned his head with a frown. "Yes."

"I am."

Her two words managed to surprise every person in the room.

"Are you sure? Rh-negative?" Zhong Chenghao opened his mouth again.

If she mistook her blood type, Shi Yuting's life would be in danger!

Zuo Weiyi nodded. "I'm sure!"

She inherited that from her mother. Because of that, Zuo Qing was always worrying about her all the time for twenty-one years. Her health was not the best, plus this blood type was uncommon. If she got injured, her life would easily be in danger.

"Move that sofa here now!"

While staring at Zuo Weiyi, Zhong Chenghao ordered immediately.

Upon hearing that, Xiang Yi and a few bodyguards instantly moved the sofa nearer to the bed.

"Lie down!" He told Zuo Weiyi.

When he asked Shi Nuannuan's blood type, she knew that Shi Yuting was already losing a lot of blood and so she lay down without hesitation.

"He has lost too much blood, I'll have to take a lot from you. Will you be fine?" Zhong Chenghao questioned Zuo Weiyi on the sofa when the blood was transferring.

260ml of blood was transferred and her face was visibly pale.

Shi Yuting needed at least 400ml of blood!

"I'm fine, just focus on saving him!"

“But you...” Zhong Chenghao was worried about her too. After all, when one transferred too much blood out of their body, their health would be compromised as well.

Chapter 144: Shi Yuting, Wounded (4)

“I said I’m fine!”

Her heart was in disarray, which stopped when she looked at Shi Yuting. Zuo Weiyi could not help but shout.

Her chest felt as if impaled by a sword and she felt suffocated.

Zhong Chenghao was stunned by her expression.

After so many years, he had never seen a woman going this far for Shi Yuting.

Because of Zuo Weiyi’s insistence, Zhong Chenghao transferred a full amount of 400ml blood to Shi Yuting.

After all the bullets were taken out, his lifeline on the ECG machine was still stable. Zhong Chenghao sighed a breath of relief and wiped away the sweat on his forehead.

“Is he, alright?”

Zuo Weiyi sat up while pressing the wound on her arm and staring at Shi Yuting with a concerned expression.

She had never seen his face so pale before and it made her want to cry.

Zhong Chenghao turned his head and saw her equally pale face.

She was obviously anemic, and to transfer this much blood at one go, she would probably need to rest for half a year for her body to return to its former state of health.

“You have just finished transferring blood, it’s best if you rest.”

Zuo Weiyi ignored Zhong Chenghao’s word, her worried gaze stayed on Shi Yuting.

Looking at both of their pale faces, Shi Nuannuan could not help but feel concerned as well.

“Weiyi, rest.”

“I’m fine.” Putting aside her life and death, Zuo Weiyi was still staring at Shi Yuting.

Zhong Chenghao finally said, “Ting is fine. I swear if he didn’t wake up today, he will tomorrow.”

He did not want to lose Zuo Weiyi to god after saving Shi Yuting from death.

If this man woke up and knew what happened to her, he would die!

Upon hearing that, Zuo Weiyi shifted her attention to him, a dazed expression rested on Zhong Chenghao. “Are you saying the truth?”

Looking at the worry in her eyes, he nodded. “Yes.”

She turned her head and gazed at the man on the bed. Even if she noticed that her body was weak, she still wanted to stay until Shi Yuting woke up.

To not incite worry in others, she sat down at the sofa nearby.

“I’ll rest when he wakes up.”

Since she insisted, Shi Nuannuan and Zhong Chenghao could not say anything.

Staring at the concern on her face, Shi Nuannuan knew that Zuo Weiyi was worried about her brother with her whole heart to the point where it put her, the blood-related sister, to shame.

Yet, because her body was too weak, after a few minutes of sitting on the sofa, Zuo Weiyi fell over and passed out.

“Weiyi!” Shi Nuannuan shouted.

Zhong Chenghao turned his head too. He already knew this would happen as her body was too weak and needed rest.

He glanced at Shi Yuting. Thank goodness that he was unconscious. If he saw that he was carrying her woman, he would not have had to guess how he would manhandle him.

“Where’s her room?” Zhong Chenghao carried Zuo Weiyi in his arms and asked subconsciously.

Shi Nuannuan was about to reply before noticing that he had asked a very stupid question.

Where else could it be? Her room was here, the master bedroom!

Even though the bed was big, but her brother was injured, so it was best for them to rest separately.

“Carry her to my room.”

Shi Residence was huge, so rooms were not a problem.

But only three rooms were commonly used.

Master bedroom, her room, and her mother’s, who rarely visited.

There were two spare rooms for servants downstairs.

Her mother’s room was not allowed, not to mention the servants’ room too. Those uncommon rooms needed some time to be tidied, so the best choice was her room.

Chapter 145: Shi Yuting, Wounded (5)

Both of them were girls and their age was pretty close, it was the most suitable choice!

After Zhong Chenghao placed Zuo Weiyi in Shi Nuannuan’s room, he made a request to Aunty Yu, “Make some herbal soup for her to supplement her body.”

Aunty Yu nodded. Even if he did not order her, she would still summon someone to buy a chicken and replenish her body!

All three bullets were taken out and his lifeline was stable.

Yet, Shi Yuting still did not show signs of waking up throughout the whole morning.

After lunch, Tangteng Xi suddenly visited.

As she entered the master bedroom and laid eyes on Shi Yuting who had half of his body wrapped in bandaged, concern appeared on her face.

“What happened? Who did it?” She turned her head toward the crowd in the room.

Shi Nuannuan was surprised by her appearance.

“Tangteng Xi? Why are you here?”

The news of her brother being injured was still fresh, how did she know?

“You’re Nuannuan, right?” Tangteng Xi turned her head. When she saw the resemblance of Shi Nuannuan’s face with Shi Yuting’s, she easily guessed that this lady was definitely his only sister, Shi Nuannuan!

Squinting at the woman, Shi Nuannuan did not reply.

Even though Tangteng Xi looked generous, her tone was always forceful, which she disliked.

“You still haven’t answered me.”

Tangteng Xi smiled. “I heard it from my grandfather. The news of him being injured had reached Country C. Tomorrow, my grandfather and Grandpa Shi are coming.”

Shi Nuannuan was stunned upon hearing that.

Her grandfather was coming to Country Z?!

Then...

What would happen to Weiyi?

Tangteng Xi and her grandfather could not know about her brother and Weiyi.

She knew her grandfather too well. If he were to know that brother had a unique relationship with Weiyi, who did not have a significant background, he would definitely get rid of her!

Her grandfather was always like this. Even if her mother was a rich lady, she still faced waves of difficulty before finally getting together with her father.

Unfortunately, when her father was fetching her mother to the Shi family, he was involved in a fatal accident.

Upon thinking about this, Shi Nuannuan quickly stood up and returned to her room.

She was worried that Zuo Weiyi would wake up in bewilderment and rush into the room to take a look at Shi Yuting. It would be game over if Tangteng Xi found out about her!

This Tangteng Xi was a persistent woman. Both families knew about this marriage. If she was to find out that brother had another woman, she would not give up.

One was the granddaughter of the minister of defense, and another was Zuo Weiyi with no significant background. Who was stronger?

Shi Nuannuan could figure it out without much thought.

Her brother was injured at this moment too. If Weiyi were to get into any danger, who would protect her?

She was worried about her waking up, and to prevent anything from happening, Shi Nuannuan stayed in her room until Zuo Weiyi woke up.

“Weiyi, you’re finally awake!”

Zuo Weiyi’s eyes finally opened at two in the afternoon. The first thing she saw was Shi Nuannuan’s face.

Looking at her, the image of Shi Yuting’s bloody figure flashed in her mind, which led to her quickly sitting up.

She cast the blanket away and planned to get down from the bed. “I want to see him.”

“Ah! Weiyi, don’t go!”

Zuo Weiyi frowned, her eyes questioning. “Why?”

Shi Nuannuan bit her bottom lip. Even though this would be cruel to her, there was no other choice.

Chapter 146: Shi Yuting, Wounded (6)

“Tengtang Xi is here.”

Zuo Weiyi’s face was stiffened as soon as she said that.

Tengtang Xi?

Shi Yuting’s fiancée?

Shi Nuannuan could not help but want to explain when she saw Zuo Weiyi’s stunned face.

“Weiyi, listen to me. You can’t let the woman know about you and Brother. My grandfather will come here tomorrow. If he knows about this matter, you will die!”

Her grandfather would surely do anything to eliminate unnecessary people to prevent any problems in the future.

She once heard her mother talked about it. Twenty years ago, her grandfather had sent someone to kill her mother to make her father give up on her mother.

Zuo Weiyi was stunned after listening to Shi Nuannuan’s words.

Kill?

It turned out that in this world, she not only had a low status but even falling in love with a man had become impossible.

"I know it's not fair to you. But Tengtang Xi and my grandfather will leave after my brother's injury is healed. Then, you will be able to..."

"I know. Just stay in the room and don't go out, right?" Zuo Weiyi smiled bitterly and said without waiting for Nuannuan to finish her words.

Wait until they had left?

Then what?

After all, Shi Yuting would never belong to her.

Shi Nuannuan paused. She lowered her eyes and thought about it.

"You better not stay in the room. If my grandfather finds out about you, it might be even worse."

Her grandfather was not an ordinary person. Nothing could escape from his eyes.

"What should I do?" Zuo Weiyi frowned.

She could not be seen by them but she could not hide in here either. So, should she leave this place?

The apartment that she lived in had been taken back by Jiang Huaiyuan since the death of her mother. She was homeless now. Where should she go?

"What about you go back to your house first and leave this place for a while?"

Zuo Weiyi raised her eyes. She already knew that this would be suggested.

But where could she go?

Xing Chen had traveled to the neighboring city. She could not go to her house now. The only person left that she knew was Gu Yansheng.

What about going to him?

Shi Yuting did not seem to like her being with him.

Besides, she felt uneasy leaving this place before Shi Yuting woke up.

"I... I have no home."

Shi Nuannuan paused. She was shocked to know about this.

She had initially thought that Zuo Weiyi was just like other ordinary people. But it was too tragic knowing that she had no home.

Shi Nuannuan felt a little bit sorry for inadvertently mentioning Zuo Weiyi's grief.

Shi Nuannuan suddenly thought of an idea.

"Maybe, you can pretend to be a maid like you did the last time!"

She did quite well last time. If it was not for her brother who had suddenly hugged her, her mother would not have noticed that something was going on between the two of them.

But now it was different. Her brother was seriously injured and was still in a coma. Zuo Weiyi could stay here until her grandfather had left as long as she disguised herself well!

Zuo Weiyi frowned deeply listening to her suggestion.

Pretending to be a maid?

“However, I have met Tengtang Xi once in the office. If she recognizes me...”

“I don’t think so. A lady like her would not waste much time on a maid!” Shi Nuannuan said. Another idea popped up. “If it doesn’t work, I will put on makeup for you!”

Zuo Weiyi frowned. “Makeup?”

“Yeah!”

Half an hour later, Zuo Weiyi almost could not recognize herself when she looked at herself in the mirror.

Chapter 147: Shi Yuting, Wounded (7)

Her soft, natural-colored hair was braided by Shi Nuannuan and some of the loose hair was hanging on the sides of her cheeks. It did not look like her.

She and Tengtang Xi had only met once. She probably could not recognize her.

So, Zuo Weiyi went out of the room in a maid’s costume.

She was thinking of Shi Yuting who was in the master bedroom when she went down the stairs. She could not help but turn her head and look in the direction of the bedroom.

She did not know if he had woken up.

Zuo Weiyi did not go to the second floor after putting on the maid outfit to prevent Tengtang Xi from discovering her. Shi Nuannuan told her to stay in the kitchen as much as possible and just come out if she needed to.

Hence, she had spent the whole afternoon in the kitchen. Only until dinner, did she come out and served the food as a maid.

Zhong Shenghao was also waiting here all the time. He did not dare to leave because Shi Yuting had not woken up yet.

Just after serving a dish, she saw Zhong Shenghao walking into the dining room. Zuo Weiyi could not help but ask, “Has he woken up?”

Zhong Shenghao was just about to sit down. It seemed that he had not found out that the person asking the question was Zuo Weiyi. He was stunned because it was a maid who had asked him.

After staring at her for a few seconds, his eyes suddenly widened. Was this not Zuo Weiyi?

Why did she... put on the maid’s outfit?

Zhong Shenghao was puzzled looking at Zuo Weiyi who was in front of him.

He thought about it. Maybe it was because of Tengtang Xi?

Zhong Shenghao instantly understood the situation.

“Not yet.”

Zuo Weiyi lowered her eyes after hearing his words. She immediately looked up when she heard the footsteps in the living room. She then turned and entered the kitchen.

“Miss Zuo, just sit and rest for a while. Let them do the work.”

Aunty Yu who was in the kitchen stopped Zuo Weiyi when she saw her wanting to serve the dishes again.

Her complexion still looked very pale even after taking a rest all morning.

Zuo Weiyi smiled gratefully facing Aunty Yu’s concern. “I’m fine.”

With that, she carried a bowl of soup and walked out of the kitchen.

When she saw Tengtang Xi, Tengtang Xi looked so gorgeous and beautiful it was as if she had stepped out of a painting.

If she were a man, she would also be attracted to her.

It was no wonder Shi Yuting was reluctant to come back.

But if he was with Tengtang Xi yesterday afternoon until night, how did he get hurt?

Zuo Weiyi was a little confused thinking of this.

“These are all the dishes that I don’t like to eat.”

Tengtang Xi suddenly put down her chopsticks after looking at the table full of food.

She liked sweet dishes, not these dishes that were either salty or spicy!

Nuannuan and Zhong Shenghao could not help but look at her as soon as she spoke.

Even Aunty Yu on the side was a little afraid to provoke her.

After all, her identity was very different. They dared not provoke her.

“Miss Tengtang, what kind of food do you want to eat? I will order someone to do it right away,” Aunty Yu asked expressionlessly.

Nuannuan who was sitting on the opposite suddenly raised her hands and signaled Aunty Yu to stop as soon as she finished her words

She looked angrily at Tengtang Xi. “This is my home. They have prepared all the dishes that I like to eat. If you don’t want to eat, just leave it. No one has forced you to eat!”

After she finished speaking, she lowered her head and started to eat.

Tengtang Xi seemed to realize that this was not her home after looking at the angry Shi Nuannuan. Thus, she picked up her chopsticks and started to eat too.

Chapter 148: Go Pour Me a Cup of Coffee!

She could not do anything because Shi Nuannuan's grandfather held a higher status than her grandfather. Otherwise, she would not have just kept quiet after being treated like that!

But relatively, although Shi Nuannuan's grandfather was more powerful, Shi Yuting still needed the Tengtang family's support to take over the presidency firmly. This vote was very important!

It was because of this, Shi Le wanted to ally with the Tengtang family through marriage.

Tengtang Xi initially did want her marriage to be bound by her family background. However, she was full of joy when she found out that her husband-to-be was Shi Yuting.

Firstly, it was because of this man. Secondly, it was because Shi Yuting would become the most authoritative man in the country. And she wanted to be the first lady!

Her grandfather once told her, 'A lack of forbearance upsets great plans'.

Tengtang Xi picked up her chopsticks and ate the dinner slowly without any fuss.

She then looked at Zhong Shenghao on the opposite side with her black eyes.

"When will he wake up?"

Zhong Shenghao was eating dinner. He raised his head and looked at her when he heard the words. "I am not sure yet."

"Aren't you a doctor? Why are you unsure?"

It might seem like a normal sentence. However, Zhong Shenghao was not deaf. He could still hear the irony in it.

No one had dared to defame his medical skills after he had become a doctor!

He put down his bowl and chopsticks. This 'princess' from the Tengtang family was really so arrogant!

However, Zhong Shenghao was not angry, but instead, he chuckled. "How should I put it? Just like when you are sleeping, how would I know when you are gonna wake up tomorrow morning?"

Tengtang Xi was speechless as soon as he spoke.

This man was being sarcastic at her!

Shi Nuannuan on the side could not help but chuckle. She then signaled Zhong Shenghao by winking her eye, giving him big praise for his move!

Tengtang Xi could not say anything. She was speechless and had to lower her head to eat the dinner sullenly!

She had always been spoiled since she was young. She felt useless and was angry that she was being treated like this. She suddenly put down her chopsticks. She then got up and walked toward the living room.

There were no dishes that she liked to eat anyway. She better not eat then!

“You, go pour me a cup of coffee!”

She pointed to Zuo Weiyi and said as she walked.

Zuo Weiyi paused while watching her back as she walked toward the living room. She could not help but turn and glance at Nuannuan.

She seemed to ask her with her eyes. “Should I go?”

Shi Nuannuan turned her head and glanced at Tengtang Xi’s back. She then signaled with her eyes. “Just go!”

Zuo Weiyi pursed her lips and nodded. She then walked to the bar beside the wine rack. She went to the living room after making a cup of coffee.

“Your coffee.”

Tengtang Xi was sitting elegantly on the sofa. She glanced at the coffee on the table. She took a sip of it.

“Umm...” Tengtang Xi immediately spat it out before she even swallowed the coffee. She then pointed angrily at Zuo Weiyi and yelled. “It’s so bitter. Don’t you know how to add sugar in it?!”

Zuo Weiyi was a little stunned when Tengtang Xi shouted at her.

She was used to brewing coffee for Shi Yuting. Shi Yuting did not like to add sugar in his coffee. So, she had never brewed sugared coffee.

Crack!

Tengtang Xi threw the cup on the ground before waiting for Zuo Weiyi to speak. “Clean it up and make another one for me again!”

Zuo Weiyi recovered from her thoughts when she heard the sudden noise. She knew that she was a maid now.

Chapter 149: Why Are You Acting Crazy at My House!

Hence, she squatted obediently and started to clean up the coffee cup fragments on the ground.

Tengtang Xi who was sitting on the sofa was still angry as she looked at the maid who was squatting on the ground.

“I’m talking to you. Can’t you hear me?” She squinted. Everyone would surely answer her words respectfully at home!

But this maid completely ignored her words.

Zuo Weiyi was picking up the fragments and was ready to make a new cup of coffee for Tengtang Xi as soon as she had finished. However, she could not help but look up at Tengtang Xi blankly after hearing her dissatisfied tone again.

"I heard you..." She said in a daze, looking a little innocent.

Was Tengtang Xi not the one who had asked her to clean up the mess and make her a new cup of coffee? Was she doing it? How did she provoke her?

Tengtang Xi got even angrier looking at her innocent expression!

"Why don't you answer me since you have heard me?"

Zuo Weiyi was stunned.

Should she answer that?

"If your master orders you to do anything and you have heard it, you should answer 'yes' or 'right away'. Okay?"

"Oh," Zuo Weiyi uttered again.

For Tengtang Xi, the inferiors were low-class people. They should always be humble. So, Zuo Weiyi's answer angered her again.

"You should say 'yes, I know'!"

Zuo Weiyi paused.

Was this that important?

This Tengtang Xi was truly hard to serve.

"Tengtang Xi, why are you acting crazy at my house?!"

In the dining room, Shi Nuannuan had heard the Tengtang Xi's violent rage. She quickly rushed out and saw her pointing and ordering Zuo Weiyi!

Tengtang Xi looked up as she saw Nuannuan who had rushed from the dining room. She was arrogant.

"Your servants are too unruly."

"It's none of your business. You have no right to shout at my servants!"

Shi Nuannuan knew that Tengtang Xi was frustrated after being dissed by her and Zhong Shenghao just now. She had nowhere to release her anger, so she shouted at the servants!

Tengtang Xi grinned and chuckled. "I did not point fingers at her. She did not do the things right."

"Not adding sugar in the coffee, is it? I'm so sorry. My brother and I have never added sugar to our coffee. If you can't drink it, just don't drink it!"

"You!"

Tengtang Xi was so angry that she was speechless. Only Nuannuan would dare to diss her like this.

She bit her bottom lip tightly but could not say a word.

It was just a servant. Was it necessary for Nuannuan to diss her like this?

Wait until she had become Nuannuan's sister-in-law and the first lady, she would make her pay then!

Tengtang Xi got up and walked toward the second floor thinking of this. She just ignored Shi Nuannuan.

"You're just a granddaughter of a minister. How dare you prance about in my house? Pfft!"

Shi Nuannuan was angry and mumbled while glancing at the figure on the second floor.

She turned her head and looked at Zuo Weiyi who was squatting on the ground. She pulled her up.

She then looked at the other maid on the side. "You, come and clean up here."

"Weiyi, let's go and eat dinner."

Tengtang Xi probably would not come down anymore since she had gone to the second floor. Hence, Shi Nuannuan was not worried about that and had led Zuo Weiyi to the dining room to join them for dinner.

Zuo Weiyi wanted to go and take a look at Shi Yuting after having dinner.

However, Tengtang Xi stayed in the master bedroom until 8.40 p.m. She did not seem to have the intention to leave.

Chapter 150: Are You Planning to Stay Here?

"Hey, Tengtang Xi. Aren't you going back to the hotel?" Shi Nuannuan was a little anxious when she saw that Tengtang Xi was still here.

She hoped that Zuo Weiyi could come up and see her brother's condition after Tengtang Xi had left.

But it seemed that this damn Tengtang Xi did not plan to go back.

Tengtang Xi had been sitting on the sofa in the bedroom after dinner. She worriedly glanced at Shi Yuting who was still lying on the bed sometimes. She had also found a book and was reading it to pass the time.

She only looked up when Nuannuan spoke.

"I'm not going back. Grandfather and the others will come back here tomorrow anyway."

Shi Nuannuan frowned after hearing that.

This woman was truly ridiculous! This was her brother's home!

"Are you planning to stay here?"

Tengtang Xi raised her eyes. She felt that it was right and proper that she stayed here.

"Why not?"

Shi Nuannuan smiled. "You are not married to my brother, yet you can't wait to live here?"

Tengtang Xi closed the book in her hands and looked up at Nuannuan. "It doesn't matter. We will get married sooner or later anyway. Besides, I am staying here because I am worried about your brother. I have told Grandfather Shi about it. He has allowed me to stay here tonight. They will be here tomorrow afternoon."

Nuannuan was speechless when she said that.

It had been a day. Weiyi surely wanted to come up and see her brother.

What should she do?

She had to find a way to let Weiyi come up here.

"It's late. Everyone can go back and rest. I'm here. It'll be fine." Zhong Shenghao who was checking Shi Yuting turned around and spoke to the two women in the room.

It had been a day. He initially thought that Yu Ting was already in a stable condition, but he had not woken up. Hence, he inevitably began to worry again. He decided to stay and observe his condition all night.

"When will he wake up?"

Tengtang Xi looked up. She truly liked Shi Yuting. She could not help but worry seeing that Shi Yuting had not woken up yet.

"I don't know. Let's see his condition again tomorrow."

"I'm not sleepy yet. I will leave later."

Tengtang Xi got up and walked to the bed. She stared at Shi Yuting carefully.

What a pity if such an excellent man died.

"If your medical skills don't work, just say it earlier. I will get someone else to treat him."

She said to Zhong Shenghao with a clear irony in her tone while facing him with her back.

Zhong Shenghao was a little pissed off.

"If I can't treat him, I'm afraid no one can."

Tengtang Xi turned around and smiled contemptuously. "Really? You are being too overconfident."

Zhong Shenghao glanced at her. He did not want to argue with this troublesome lady. He then turned and walked out the door. "I'm going to take a shower."

Shi Nuannuan suddenly thought of something while looking at his back.

'Right! Shower!'

"Xiao Wei!"

She turned around and rushed out of the room. She shouted toward the living room downstairs.

Zuo Weiyi suddenly heard the name. She frowned and wondered.

Xiao Wei? Was Nuannuan calling her?

She walked to the stairs and saw Nuannuan on the second floor when she looked up.

“Take a basin and some water. Come and help wipe my brother’s body.”

In this case, Zuo Weiyi could come and see her brother!

Shi Nuannuan could not help but grin thinking of this. She was too smart!

Zuo Weiyi was happy when she heard Nuannuan’s words.
