

Kiss Me 151

Chapter 151: You Can Leave, Let Me Do This

One day had passed, she finally had the chance to head to the master bedroom!

After getting a pail of water from the kitchen, Zuo Weiyi took it upstairs with her.

When she entered the room and saw Shi Yuting on the bed still looking listless, her heart tightened in pain, her grip unconsciously tightened.

Shi Nuannuan noticed that she was staring at her brother for too long and was worried that Tangteng Xi would figure out that something was wrong. She quickly ordered, "Put it here."

Zuo Weiyi returned to her senses and placed the pail on a chair beside the bed after throwing Shi Nuannuan a glance. She then turned toward the bathroom and took out a towel.

Looking at her familiar and natural actions, Tangteng Xi frowned in suspicion.

This maid had no discipline at all.

How dare she used the master's washroom as she wished?

Wait, where had she seen this maid before?

As she was bending her body to clean Shi Yuting's body, Tangteng Xi interrupted, "Wait."

Zuo Weiyi paused and looked at her.

"You're cleaning him?"

She initially thought Shi Nuannuan would be the one cleaning her brother, but she did not expect this maid to do so.

Such a lowly person was not worthy of touching her fiance's body.

Her question made Zuo Weiyi freeze, which led her to realize her actions.

"Isn't it normal for a maid to clean my brother?" Shi Nuannuan walked over and asked Tangteng Xi.

"Of course not!"

"This maid is my brother's personal maid. All his stuff is taken care of by her, why not?!" Shi Nuannuan raised her voice.

Tengteng Xi frowned upon hearing that.

Personal maid?

Her gaze landed on Zuo Weiyi's face, she looked more and more familiar.

"Have we met before?"

She looked at Zuo Weiyi, her eyes glinting in suspicion.

Zuo Weiyi and Shi Nuannuan both were shocked at her question.

She could recognize her even in this disguise?

Zuo Weiyi remained calm and lowered her eyes to hide away her guilt. "Miss Tentang, I'm afraid you have the wrong person. We've never met, yesterday was our first meeting."

Tengtang Xi frowned, the suspicion in her eyes did not fade away. "Is that so?"

She still believed that she had seen this maid before.

Zuo Weiyi dropped her head. "Yes."

Tengtang Xi stared at her for a while before turning around and snatching the towel from her hand. "You can leave, let me do this."

As she felt her towel being snatched, Zuo Weiyi's heart was emptied too, as if the most precious thing to her was taken away.

She froze in place and stared at Tangteng Xi who was delicately cleaning Shi Yuting's body.

Her hand that lost the towel subconsciously clenched tighter. It was the first time she saw another woman touching his body.

Her heart felt as if it was hollowed out, the pain was unbearable.

When Tangteng Xi was reaching the bottom of Shi Yuting's body after cleaning his top, her face blushed when her eyes rested at the area below his stomach.

Zuo Weiyi stood aside and could not help but shout when she saw Tangteng Xi's action. "Wait!"

Tangteng Xi was surprised by the shout and realized that Shi Nuannuan and the maid was still in the room.

"Why haven't you leave?"

Chapter 152: I Am His Fiancee!

Cleaning Shi Yuting's body was normal for her since she was his fiancée, but did these two not plan to avert their eyes? They were of opposite genders!

"What, what are you doing?" Zuo Weiyi asked with a shocked expression when she saw Tangteng Xi reaching her hands to Shi Yuting's waist.

Tangteng Xi squinted.

Why was this maid acting so strange?

Her anxiety was too unusual.

Would maids usually not have left by now? Why was she still here?

Looking at her uneasy expression, Tangteng Xi felt strongly that this maid and Shi Yuting had an unusual relationship.

“I’m his fiancée, can’t I clean his body?” Even if I could not, it would not matter to a maid, right?

Staring at Zuo Weiyi’s odd expression, Tangteng Xi returned a confused expression.

Zuo Weiyi paused, she was out of words for a reply.

It was true, she was his fiancée. There was nothing wrong with her cleaning her future husband’s body.

On the other hand, it seemed that she was thinking too highly of herself.

Zuo Weiyi scoffed at herself secretly and glanced at Shi Yuting before turning around and leave.

She was indeed unnecessary in this room.

Shi Nuannuan gazed at her leaving figure and immediately shouted, “Wait!”

She managed to stop Zuo Weiyi who was about to left and turned around to scold Tangteng Xi, “Hey, you haven’t married my brother, how can you do this? Do you know its a taboo?”

After that, she marched toward her and snatched away the towel from her hand. “Get out, I’ll clean him.”

Her words made Tangteng Xi’s eyes widen.

Even though they were siblings, but both of them were adults! The private part of a man could not be exposed to his sister, so this job was naturally hers.

Tangteng Xi lifted her arm and grabbed the towel back. “I am his fiancée!”

Looking at the towel, Shi Nuannuan widened her eyes in rage.

“Hey! Are you really that shameless?! You just can’t wait to see my brother’s body?”

“That’s not it!” Tangteng Xi denied.

“Then get out!” Shi Nuannuan took the towel back by force and opened her mouth again so she could leave quietly. “I’ll tell you this. My brother is a pure and clean freak. If he knew that you’ve seen his body, then you can say goodbye to your marriage!”

Tangteng Xi was stunned upon hearing that.

She heard rumors about Shi Yuting prioritizing his cleanliness before.

If she were to cross the borderline, then would this marriage be called off?

When she thought about this, she considered her actions carefully.

She raised her gaze and squinted suspiciously at Shi Nuannuan. “Are you speaking the truth?”

“You can see it for yourself if you want!”

Staring back into Shi Nuannuan’s honest gaze, Tangteng Xi believed her words. Yet she still puffed up her chest and ordered her in a high and mighty fashion.

“Tell me when you are done cleaning him.”

After that, she glanced at Zuo Weiyi. "You, come out with me."

If she, as his fiancée, could not look at his body, then this maid certainly could not as well.

"No, she needs to stay and help me," Shi Nuannuan said to Zuo Weiyi who was about to leave.

Tangteng Xi turned her head around and frowned at the odd sentence.

Chapter 153

: Inextricable Love

"She needs to stay? Are you in the wrong mind?" She was his fiancée and she could not stay, but this maid had the right to?

"No. She needs to stay because..." Shi Nuannuan lowered her gaze from guilt, her eyes darted around, anxiously finding a reason for Zuo Weiyi to stay.

Ever since Tangteng Xi came over, Weiyi had zero chance of getting close to brother!

"Because if anything happened, she can lend me a hand. Moreover, she is my brother's private servant, why can't she stay?"

"But..."

Tangteng Xi wanted to say something else, but she was pushed out by Shi Nuannuan. "Alright, get out!"

With that, Tangteng Xi was forced out of the room. Her face was red from anger.

This damned Shi Nuannuan! How dare she treated her like this!

Staring at the closed door, Tangteng Xi bit her lower lip and stomped her legs furiously.

On the other hand, Shi Nuannuan was overjoyed after Tangteng Xi was pushed out.

She turned around and handed the towel to Zuo Weiyi.

"Go and clean my brother."

Zuo Weiyi looked at the towel with a blank expression and lifted her gaze to stare at Shi Nuannuan.

"Me?"

"Who else? Did you think I'd clean him for real?" If her brother knew when he woke up, he would kill her!

Even though they were siblings, she did not feel comfortable about doing it since both of them were adults. It was not like they were still children, she would not feel a thing even if she were butt naked in front of him.

Zuo Weiyi was stunned.

She had never cleaned Shi Yuting before...

“I...” Upon thinking about cleaning his private part, Zuo Weiyi became a bit embarrassed as her face flushed red.

“I’ll find some clothes for him, get on with it!”

She pushed Zuo Weiyi to the side of the bed and turned around to the closet, finding some outfit for Shi Yuting.

Staring at the weak man on the bed, Zuo Weiyi’s heart throbbed in pain.

She walked toward him and delicately scrubbed his torso, cleaning the place Tangteng Xi did so once again.

Though he looked listless, his charm did not fade from his handsome face. He could still make women faint even when he was passed out like this.

Zuo Weiyi felt like crying as she gazed at his peaceful looks, her heart was pulsed painfully.

In the past, even if he was sound asleep, he would still wake up when she moved slightly. He would catch her peeking at him and teased her.

These precious moments in the dawn flashed across her mind, Zuo Weiyi unconsciously smiled, yet her eyes were painfully bitter.

She knew, but from when she did not know, that she had helplessly fallen in love with this man. This man did not even belong to her.

Her heart was being sliced into pieces.

To give Zuo Weiyi more time with her brother, Shi Nuannuan only walked out of the closet after ten minutes. Well, she was mainly worried that Tangteng Xi would barge in suddenly. Then, everything would go up in smoke!

“Done?”

She walked to the side of the bed with a change of clothes in her hands. Zuo Weiyi lifted her head upon hearing her voice, her dark eyes were red from having a moment just now.

Shi Nuannuan was stunned, but she knew she was still worried about her unconscious brother.

Zuo Weiyi nodded and took the clothes from Shi Nuannuan, changing his clothes with ease, yet her movements were delicate and careful as if she did not want to hurt his wounds.

Chapter 154: Woman’s Outfit In The Cabinet

After she was finished changing, Tangteng Xi knocked on the door impatiently.

“Are you done?!”

Shi Nuannuan threw a glare toward the door.

This Tangteng Xi was such a bad penny!

Tangteng Xi did not wait for an answer. There was a maid in there, she could not wait any longer and pushed the door open, waltzing in as she liked.

Seeing that his clothes were changed, Tangteng Xi glared at Zuo Weiyi who was holding to his previous outfit. "Did you see it?!"

Zuo Weiyi lifted her gaze and stared at her blankly before realizing what she meant.

The lesser the problem, the better. To avoid Tangteng Xi's harassment, Zuo Weiyi lowered her head, her expression darkened.

"No, Nuan..." She paused and quickly changed her referral toward Shi Nuannuan. "Miss Nuannuan was the one who cleaned Mr. Shi."

As she said that, she bowed to Tangteng Xi and left the master bedroom.

With his clothes in her hands, Zuo Weiyi went downstairs and took them to the laundry.

At 10 PM sharp, Zhong Chenghao checked up on Shi Yuting after taking a bath. He then lay down on the sofa and planned to sleep.

"All of you can leave, everything will be fine as long as I'm here."

After hassling for an entire day, Shi Nuannuan was tired too. She knew she was not a doctor and could not lend a hand with anything, so she left after throwing her brother one last glance.

Zhong Chenghao was laying down on the sofa with his head resting against his arm when he noticed that Tangteng Xi did not plan to leave.

"You're not leaving?"

Staring at the man who slept on the couch as he liked, Tangteng Xi was a bit displeased. She glared at him coldly. "Get out, I want to shower."

Zhong Chenghao was about to cover himself with a blanket but pause when he heard her command.

He frowned. "A shower?"

"Yes, so go and sleep in the guest room!"

Zhong Chenghao was bewildered.

"What correlation is there between me sleeping and you showering?"

"Because I want to take a bath here." She eyed the bathroom in the master bedroom.

Zhong Chenghao frowned.

This woman was unusually relentless.

"This is the master bedroom, you can take a bath somewhere else."

"But I want to bathe here!" Tangteng Xi looked insistent.

She had a preference. She was thinking that the guest rooms' baths were like public bathhouses, many people must have used them before. She did not want that!

She was Shi Yuting's fiancée, of course she had to use the master bedroom. Only this place was on par with her gracious status!

Zhong Chenghao frowned, he had no intention of getting up.

Seeing that he was not moving, Tangteng Xi grew impatient.

"You know who I am and you don't want to anger me."

Zhong Chenghao lowered his eyes. Indeed, he knew who she was.

So, was she threatening him?

Fine, he was just a meek dean and he had no power against her powerful family, so... her threat worked!

Zhong Chenghao sat up from the sofa without care and got up to leave the room after leaving the blanket.

Looking at his leaving figure, Tangteng Xi smiled in satisfaction.

She glanced at Shi Yuting, turned around to the closet to find a suitable outfit for herself, and slept on the couch.

With that, when Grandfather and Grandpa arrive tomorrow, they would know that she was taking care of Shi Yuting without a wink of sleep, wouldn't they?

Chapter 155: Tangteng Xi's Kiss

With this, Grandfather Shi would definitely adore her!

Tangteng Xi carefully planned her scheme while walking toward the closet.

However, when she opened the cabinet to find a suitable outfit, she found...

Women's clothing?!

Tangteng Xi was flabbergasted when she saw the neatly folded clothes.

Why did Shi Yuting's closet have women's clothing?

She stretched out her hand and took a piece of clothing, realizing that it seemed familiar.

She squinted her eyes and frowned. All of a sudden, a figure appeared in her mind.

These clothes! Was it not the outfit of Shi Yuting's personal assistant? She saw her in his office yesterday at noon!

All the dots were finally connected in her mind!

No wonder she felt like she had seen the maid! She was his personal assistant!

Why was she here?

But more importantly, why were her clothes in Shi Yuting's closet? What was happening?

Clutching on to that chiffon blouse, Tangteng Xi's expression darkened.

The maid was looking weird all the time, so that was why!

After taking a white shirt of Shi Yuting's, Tangteng Xi walked into the bathroom.

As soon as she did, she realized that the bathroom was equipped with sanitary products for women too.

Tengteng Xi clenched her fists, the eyes that were staring at the products started to fill with cruelty and ruthlessness.

She was just a lowly maid yet she wanted to swindle her man? How shameless!

When she finished showering and had stepped out of the bathroom, she walked to the side of the bed and relished the view of Shi Yuting's delicate features.

Only she deserved this superior man.

She bent her body and planted a kiss on his cheeks.

Zhong Chenghao did not close the door when he left.

As Zuo Weiyi was taking the freshly washed clothes to dry at the balcony, she saw her actions while she was passing through the entrance to the master bedroom. She was stunned.

When she regained her senses, she immediately shrunk away and hid behind a wall.

Her mind kept playing the scene of Tangteng Xi kissing Shi Yuting.

Since Tangteng Xi's back was facing the door, Zuo Weiyi did not know if she had kissed his cheeks or his lips.

Zuo Weiyi lifted her fist to her chest. Her heart felt as if it was pierced by hundreds of needles as it beat in pain.

At this moment, she heard Tangteng Xi's footsteps approaching the door.

Zuo Weiyi could not help but feel anxious that she would be discovered.

However, if she were to leave, Tangteng Xi would realize that there was someone by the door. Thinking about this, Zuo Weiyi did not dare to move an inch as she stuck her whole body against the wall, silently hoping that Tangteng Xi would not walk beyond the door frame.

As if her prayers were heard, the footsteps paused. Tangteng Xi did not walk out, only stretching out her arm to close the door.

Zuo Weiyi breathed a sigh of relief when the light of the room was cut off by the closed door, her heart almost stopped.

She glanced at the door briefly before taking the clothes to the balcony at the end of the corridor.

Time passed and it was gradually becoming late.

Yet, Zuo Weiyi did not feel sleepy at all as she lay in the bed of the servant's room.

Even though she knew that Shi Yuting would not do anything in his unconscious state, but when she thought about Tangteng Xi in the room, her heart could not seem to calm down.

Chapter 156: His White Shirt

What would she do? Would she sleep next to him?

That was her spot before.

Zuo Weiyi could not sleep for the whole night.

Her body was already weak after transferring a large amount of blood. Now that she did not have enough sleep, she obviously did not look well in the morning.

Seeing that she could not sleep, she got up as soon as the sky turned bright. Silence surrounded Shi Residence. Only the sounds of birds chirping can be heard.

Zuo Weiyi unconsciously walked to the master bedroom on the second floor. She wanted to push the door open but was worried that Tangteng Xi would be awake, and so, she let her hand drop.

"Miss Zuo, you're awake too?"

As she was hesitating, the door next to this room's opened and Zhong Chenghao walked out of the guest room.

He had a habit of waking up early since he was a doctor.

Moreover, he was staying to keep watch over Shi Yuting's condition.

"Mr. Zhong..." Zuo Weiyi smiled politely at the sight of him.

Zhong Chenghao slightly frowned but lifted his eyes with a gentle smile. "If you don't mind, just call me Chenghao. I'll call you Weiyi too. What do you think?"

Zuo Weiyi was stunned. Compared to Jing Xinlei who was also the childhood friend of Shi Yuting, Zhong Chenghao was much kinder.

She returned a grin and nodded. "Sure."

Zhong Chenghao smiled too. He seemed to realize her desire of entering the room, so he found an excuse for her.

"I'm going to change his bandages, please get some warm water for me."

Zuo Weiyi looked at his smile and felt that he was finding a reason so she could enter the room and returned a grateful grin.

"Roger."

Looking at her back that was heading downward, Zhong Chenghao pressed his lips together and turned around to enter the room without knocking first.

Even if he knew Tangteng Xi was in there, he did not care.

Tangteng Xi did not sleep well on the couch.

After all, she was a spoiled mistress. She had never slept on a sofa. If it were not because she wanted to gain the Shi family's acceptance, she would not have had to stoop to this level and torture herself.

She already could not sleep well, when she heard footsteps she immediately opened her eyes.

When she saw Zhong Chenghao, she sprung from the sofa and looked at him in horror.

Her face was full of anger, "What are you doing here?!"

She was only wearing a man's shirt! She did not know if her blanket covered up her body, but she did not want this Zhong Chenghao to look at places he was not supposed to!

Zhong Chenghao only glanced at her briefly, ignoring her. Instead, he walked to the bed and started his checkup.

Yet, as soon as he touched Shi Yuting's body, he frowned.

Why did he feel so hot?

Damn it! He was having a fever!

At this instant, Zuo Weiyi was coming in with a pail of warm water.

When she saw Tangteng Xi who was on the couch, she was stunned.

That white shirt was Shi Yuting's.

A woman wearing a man's clothes. How intimate did they have to be to do this?

Upon thinking about this, dejection appeared on Zuo Weiyi's face.

Tangteng Xi turned her head around and smirked when she saw Zuo Weiyi's gloomy expression.

Zuo Weiyi carried the pail of water and walked to the bed, immediately noticing Zhong Chenghao's uneasiness. Unconsciously, Zuo Weiyi spoke up, completely forgetting her identity as a maid.

Chapter 157: High Fever

"What happened?"

Zhong Chenghao was wearing a heavy expression as he was taking the body temperature of Shi Yuting.

After a few minutes, he took out the thermometer.

40-degree Celsius?!

Shi Yuting was still fine when he had come over at midnight!

“Ting is having a fever, bring me some ice now.”

Upon hearing that, Zuo Weiyi’s eyes widened as she looked at Shi Yuting. Her heart was in tremendous pain!

She turned around and rushed out of the room anxiously to get some ice from the kitchen.

“What happened? Is something wrong with him?”

Tangteng Xi stood up as well when she saw Zhong Chenghao’s face, she could not help but feel concerned about Shi Yuting’s condition.

Zhong Chenghao turned and glared at her, his dark eyes burning in anger.

“This is how you’re taking care of him? His fever is reaching 40 degrees and you didn’t even inform me!”

Tangteng Xi stared at him, stunned and dazed against his scolding.

Quickly, she was filled with anxiety and concern.

She stared at him in disbelief. “You’re saying he has a high fever?”

Zhong Chenghao glanced at her angrily and ignored her, focusing on bringing down Shi Yuting’s fever.

Zuo Weiyi brought some ice and quickly dumped them into the pail, turning warm water into ice cold.

She knew that this water could help with bringing down his fever.

When she was in her own house in the past, her mother would do this while she was having a fever. They were not living that well back then and the only thing she could do was this when Zuo Weiyi was sick.

This method was actually good, and the outcome turned out well too.

She soaked a towel in the water and squeezed the water out, folding it into a rectangle and putting on Shi Yuting’s forehead immediately.

Zhong Chenghao was surprised at her actions.

He had not taught her but she already knew what to do?

Two minutes had not even passed when the towel was placed on his forehead and it had already lost its coolness, replaced by Shi Yuting’s alarming body heat.

Looking at the man who was still unconscious, Zuo Weiyi’s heart sank deeper.

“Is he going to be alright?” She turned her head to Zhong Chenghao. She could barely hold back her tears, the clear liquid gathering around her dark eyes.

Zhong Chenghao threw a glance at her and returned her gaze to Shi Yuting, sighing silently in his heart.

“A 40-degree Celsius high fever. If I were to say that he’s going to be fine, would you believe it?”

Zuo Weiyi was stunned.

He was right. A normal person would be facing a life-threatening danger when they had such a high fever. What was there to say about Shi Yuting who was heavily injured?

Upon thinking about that, Zuo Weiyi's heart was attacked by a sharp pain again.

"But you don't have to worry that much. If his fever is brought down and there are no medical complications, Ting's life won't be in danger."

Seeing through her worries, Zhong Chenghao comforted her.

Of course, he wanted to believe that too.

Zuo Weiyi nodded, but she was still concerned. Only hoping that it would be as he said, that his fever would be brought down.

Taking the hot towel and soaking it in the cold water, Zuo Weiyi repeated this action for twenty minutes until the water gradually lost its coolness as well.

Looking at her movements, even if she was looking calm and collected, she could not hide the fact that both of her arms were trembling in fear.

Zhong Chenghao imprinted this scene in his mind, he was impressed by this woman.

She had found out about Shi Yuting's identity and his marriage with Tangteng Xi, yet she had not left. She had chosen, instead, to stay beside him.

Chapter 158: You Are Not Worthy Of Fighting Over A Man With Me!

Maybe when one fell in love, they could not escape from it so easily.

Tangteng Xi who was standing nearby stared at Zuo Weiyi's repetitive actions of changing Shi Yuting's towel.

Jealousy filled her heart, leading her to drag Zuo Weiyi away.

"I'll do this, you get out!"

She stared at her, the hostility in her eyes was obvious.

Zuo Weiyi stumbled a few steps from her harsh pull and she looked at her with confusion as she managed to catch herself.

"From now on, you can't enter this room without my permission," Tangteng Xi said emotionlessly, but deep down she wanted to skin her!

Upon hearing her sudden order, Zuo Weiyi was still a little confused, a question escaped her lips.

"Why?"

"You want to know why? Sure, I'll tell you." Tangteng Xi lifted the corner of her lips into a mocking smile.

"You're not worthy of fighting over a man with me."

Zuo Weiyi was stunned, she was frozen for a while.

Fighting over a man?

How did she know?

“1...”

“Now, at this instant! Get out of this room!” Tangteng Xi did not wait for her to complete her sentence, instead she pointed at the door and yelled.

Zuo Weiyi was intimidated by her roar.

What could she possibly say in front of his actual fiancée?

It was as Tangteng Xi had said, she was not worthy of Shi Yuting. She was just a lowly woman, where did she had the right to do so?

She turned her head and glanced at Shi Yuting who was battling a high fever. Her heart was pumping in pain as if it was being sliced into pieces.

“Hey, Tangteng Xi. This is Shi Residence, you don’t have the right to—”

“Zhong Chenghao!”

Zhong Chenghao still wanted to continue his sentence, but Tangteng Xi turned around and cut his words off furiously.

“If you don’t want to disappear from the medical world then shut up!”

Facing her preposterous command, he could only ball his hands into a fist and stay quiet.

His family were just ants compared to the Tangteng family’s power!

He glanced at her and said nothing else, only quietly cleaning up Shi Yuting’s wounds and applying fresh bandages.

Just let this missie do anything she wanted. The only way he could punish her was to make Shi Yuting wake up faster to watch how he would penalize her!

Zhong Chenghao knew Shi Yuting’s personality better than anyone else.

Even if he needed the vote from the Tangteng family to become the president, he still had his limits. He could never tolerate being strung along by a woman!

Yet, this Tangteng Xi had already crossed his limits long ago!

“Still not going to scram?” She turned her head and saw Zuo Weiyi still there, her words were harsher.

Zuo Weiyi lifted her eyes and met her furious glare. After looking at Shi Yuting one last time, she dragged herself out of the room with a heavily concerned heart.

Looking at her back, Tangteng Xi tightened her fists. When Grandfather Shi arrived, she would discipline this maid!

Powerlessly fighting a man with her, she should have expected death!

She turned her head and soaked the towel in the warm water.

She had seen everything Zuo Weiyi did, so she mimicked her actions and squeezed the towel dry, folding it and placing it on Shi Yuting's forehead.

Zhong Chenghao silently glanced at her. His heart was frustrated by his weakness when she was threatening him just now.

If she wanted to stay that badly, then so be it! He would give her infinite orders!

"Go down and change the water," he said while undoing Shi Yuting's old bandages.

Chapter 159: Persistent High Fever, Injury Worsen (1)

Tengtang Xi paused and looked at him. "Did you call me?"

Zhong Shenghao turned his head. "Or do you want me to call her up?"

"No!" Tengtang Xi got up and went downstairs while holding a basin.

Even though there was some reluctance in her heart, she naturally did not want to lose her face since she said she would stay.

She did not want to believe that a lady like her could not win a maid.

She filled up the basin with water after reaching downstairs. She then came up and started to wring the towel again.

"My dear lady, don't you know that you need to get ice cubes?"

Tengtang Xi looked down and glanced at the water in the basin. There was indeed no ice in it. But why he did not say so just now?

She raised her head and glare at Zhong Shenghao. "Why didn't you say it just now?"

"Why should I? Didn't you see that I have made her put ice cubes in the water just now?"

"You!"

His words made Tengtang Xi a little speechless to refute. She gritted her teeth and could not say a word.

She then turned around desperately and went to the kitchen to get the ice cubes.

After that, she put the ice cubes into the water. She followed what Zuo Weiyi had done earlier by wringing the towel and putting it on Shi Yuting's forehead.

Just as she stretched out her hand, a bright red thing was suddenly thrown over her.

Tengtang Xi jerked her hand away in fright and stared angrily at Zhong Shenghao after looking at the bright red gauze that fell on her hands.

"What are you doing?!"

Zhong Shenghao turned his head. He was expressionless. "Changing the dressing to clean the wound. Can't you see?"

"You! Do you have to throw it on my hand?!"

“My dear lady, if I don’t throw it into the basin, should I throw it onto the floor instead?”

Tengtang Xi was immediately speechless when he said this!

Zhong Shenghao did it on purpose. He could have just thrown the gauze that he had just replaced into the trash can, which was in front of him. It was just that Tengtang Xi was standing in between, so he could not see the trash can at all.

The water that was just fetched by Tengtang Xi was immediately dyed red.

“Go down and fetch some water again.”

Tengtang Xi was angry listening to his order. However, she had nowhere to vent her anger. She could only suppress it and obediently go downstairs to fetch more water.

Throughout the morning, she was either going downstairs to change the water or going to the next room to help Zhong Shenghao get the tools he needed for medical treatment. She was tired and her legs were sore by noon.

Growing up, she had never been as busy as a servant like today.

“Tengtang Xi!”

Just as she was lying on the sofa preparing to take a short break, Nuannuan who was on the upper floor rushed down and pointed at Tengtang Xi angrily!

“Who gave you the right to order my servants around?!”

Tengtang Xi turned her head. She was not afraid of facing Nuannuan’s anger.

“Are you talking about that Zuo Weiyi?” She just learned from the other servant that that maid was Zuo Weiyi.

Shi Nuannuan was stunned. How did Tengtang Xi know her name?

“Grandfather and the others will arrive here in an hour. Wait and see, I will make Zuo Weiyi disappear from here by then.”

“Don’t you dare!”

“I don’t. But Grandfather will surely do it.”

If he knew that his grandson had a complicated relationship with a maid, would he have agreed to that?

She heard that the Shi family had restrictive regulations in their household. And also, for marriage, the two families were of equal social rank and status.

Especially with Shi Yuting’s current status, the first lady must not be an unknown maid.

Chapter 160: Persistent High Fever, Injury Worsen (2)

Wait until then, Zuo Weiyi would immediately disappear from this mansion without her having to say a word!

“You!” Shi Nuannuan clenched her fists furiously. How did this Tengtang Xi discover the relationship between Brother and Wei Yi?

Tengtang Xi raised her chin proudly and sipped the coffee in the cup leisurely seeing that Shi Nuannuan could not refute her.

“I’m telling you. If you dare to tell Grandfather about this, I’ll make sure that you would never become my brother’s wife in this life!”

Tengtang Xi involuntarily paused when hearing her words.

But then it did not matter, she did not care about it.

Maybe Shi Yuting would blame her. However, he would still have to obey Grandfather Shi in terms of marriage.

Unless he gave up the position of the president!

Zuo Weiyi did not go into the master bedroom at all in the morning. She did not even climb up the stairs.

Zuo Weiyi stood by the window and looked at the bright sky outside while staying in the servants’ room. She was praying silently in her heart.

The door was suddenly pushed open at this moment.

“Wei Yi!”

Zuo Weiyi turned her head when she heard the sound. She then saw Nuannuan rushed in sadly.

She said with a crying voice. “Wei Yi... Zhong Shenghao said my brother...my brother’s life is in danger. What to do... woo...”

Nuannuan had never encountered such a situation before. Right now, she was sobbing helplessly.

Zuo Weiyi felt suffocated in her chest as if it was stabbed by a steel knife after she heard Nuannuan’s words.

Shi Yuting... in danger?

She suddenly recovered from her thoughts after being startled for a while. She then rushed out of the room and went to the second floor.

“Zhong Shenghao, what the hell is going on? How did you become a doctor?! If you can’t save him, just get out. I will get others to come...”

“Shut up!”

Zhong Shenghao could not help but yell at the nagging Tengtang Xi.

The complications that he feared had happened.

The high fever had not gone down. If it went on like this, Zhong Shenghao feared that it would cause damage to Shi Yuting's brain and caused other complications!

The door was pushed open. Zuo Weiyi rushed in anxiously.

"Shi Yuting..."

She rushed to the bed and looked at Shi Yuting who was lying on the bed. She felt worried and helpless.

Tears poured out desperately like the overflowing river, blurring her vision instantly.

Tengtang Xi could not help but get angry when she saw Zuo Weiyi step into the master bedroom again.

"How dare you come up? Get out!" She walked over and dragged Zuo Weiyi who was at the side of the bed toward the door.

Zuo Weiyi clenched her fists and brushed off Tengtang Xi's hand that was dragging her away. Her teary eyes were filled with endless anger.

She lifted her hand and pulled off her cap. A pair of angry eyes stared straight at Tengtang Xi. "Why should I listen to you?"

Tengtang Xi was stunned facing her sudden words. She frowned. "What did you just say?"

"Are you engaged to him? Are you married to him? You are nothing. Why should I go out?!"

Zuo Weiyi's heart ached as if ants were gnawing it. She felt as if the incident of her mother killed by a car was happening once again. The feeling of losing loved ones was like a sharp blade piercing her heart!

Tengtang Xi was shocked that she had yelled at her.

This maid, did she want to die? How dare she yelled at her?!

"Do you know who are you talking to?"

"I don't care who you are. It's not important to me. Let me tell you. I'm neither his maid nor his assistant. I—Zuo Weiyi am the only woman that he recognizes as his. Unless he asks me to go out, I will not leave this room!"
