

## Kiss Me 1631

### Chapter 1631: rent that she could not afford

“A room and a living room costs 3,000 yuan. It’s so expensive...”

Although her family was relatively well-off, the monthly rent alone was already so much. She could not let her mother know that her monthly living expenses were definitely not enough.

There were some cheaper ones, but they were all in the suburbs. If she lived so far away, she would have to take the bus and subway every day to get to Z University. Every month was also an additional expense, and time was too tight!

“Why don’t we go and see another one?”

Mu Dan suggested.

Yin bei turned her head and looked a little glum.

Her mother gave her five thousand yuan for her living expenses every month. It didn’t seem to be enough even if it was cheaper.

“Forget it, why don’t I move back to the dormitory!”

Looking at her good friend, Yin bei wanted to give up.

“Are you stupid? Don’t forget, Ye Xiaomeng may not be able to bully you in school, but when you return to the dormitory, just her and those two B \* tches will kill you. Don’t even think about sleeping peacefully at night!” A bucket of cold water was poured over her!

Mu Dan did not suggest that she return to the dormitory. After all, Ye Xiaomeng was the principal’s biological niece. She had always used her power to bully others, so how could she let Yin bei off!

“But the house is too expensive!” Unless she was frugal and did not even buy clothes, only then could she afford to rent a house! After all, the rent was already 3,000 yuan. In addition to the monthly property fees, her monthly living expenses would definitely be very little. She simply could not afford to rent a house.

Looking at her, her good friend Mu Dan seemed to see her difficulties.

“Why don’t I move out with you?”

Yin bei turned her gaze and glanced at her good friend. She was very surprised by her words.

“You’re moving out too?”

“Yes!” Mu Dan smiled and nodded. “This way, we can split the rent and property fees equally and reduce the burden!”

“But if you go out to live, will your parents...”

“It doesn’t matter. My parents aren’t here, so how would they know!”

Mu Dan's family background was on par with Yin bei's. If it was flat, they should be able to afford it.

"Hurry up and look for a two-bedroom, one-living room. Look at the price!"

Yin bei did not move. Instead, she looked at her good friend and asked, "Dan Dan, are you really going to move out with me?"

"Of course! Just Nice... We can also spend some time alone!" Mu Dan said as she could not help but joke. She pinched Yin bei's waist and tickled her!

This was what Yin bei was most afraid of. She quickly dodged her attack!

"Ah! You're so annoying..."

"Then hurry up and look for it. Don't forget that we have to check out of the hotel room before noon. Otherwise, we'll have to pay for another day if we're Late!" Mu Dan urged her.

Although their family conditions could be considered to be adequate, they should try their best not to waste any unnecessary expenses!

After being mentioned by her good friend, Yin bei finally thought of this key point!

"Then don't scratch me. I'm Looking for an apartment!"

"Hurry up and look!"

"Two bedrooms and a living room?"

"Plus one kitchen and one bathroom!"

"OK!"

Yin bei made an OK gesture and quickly searched for an apartment on the Tongcheng website.

"This, two bedrooms, one living room, one kitchen and one bathroom. It only costs 3,600 yuan!"

"If that's the case, we'll only need 1,800 yuan for each of us to live half a month. Including the property fee, it should be around 2,000 yuan!"

"Let's go and look at the houses!"

The two girls held hands and arrived at an apartment complex not far away from ZDA.

"This house is so big, and the decorations seem to be new."

### **Chapter 1632: he was not short of money!**

"Yeah, this house... is it really only 3,600 yuan?" Yin bei could not believe it herself.

This neighborhood should be located in a prime location, how could the house price be so cheap?

“Please rest assured, because the landlord bought this house not long ago, but he went abroad and has been empty all this time. You guys are considered lucky. I just posted it on the Tong Cheng website today, and you already saw it.”

Listening to the sales staff’s introduction, Yin bei felt that she must have been lucky! Such a good opportunity was actually met by her. The heavens were really helping her!

“You mean, the owner of this house is abroad, so he rented it cheaply and sold it?”

“Yes, he thinks that it’s empty anyway.”

“Then why doesn’t he rent it more expensive? With the location here, even if he rents it for five or six thousand, it’s definitely not a problem, right?” Mu Dan kept feeling that it was not so easy to get a free pie from the sky, she couldn’t help but feel a little suspicious.

Since it was empty, why didn’t he rent it more expensive? In any case, it would be a waste not to earn money!

“It’s like this. That landlord... He doesn’t lack money!”

Yin Bei:” ...”

Mu Dan:” ...”

So this was the imposing manner of a tycoon?

“Are you trying to trick us? After we pay the deposit, there will be other fees?” Mu Dan narrowed her eyes and stared at the sales staff.

“No, no! You can rest assured about that!”

“Really?”

“I’m sure!”

With a hint of wariness, Yin bei and Mu Dan finally settled on this apartment.

“Let’s go, let’s move our luggage! It’s 11 o’clock!”

After completing all the formalities, the two of them left the apartment together and returned to Hotel Z.

Inside the Red Bentley, in the driver’s seat, Shi Mo was on the phone.

“Young master, they chose a two-bedroom and one-living room.”

“Got it.”

After returning to the hotel, Yin bei walked out with a red suitcase. She stood by the roadside with Mu Dan and was about to call for a taxi.

A Red Bentley suddenly stopped beside them.

Under the black reflective glass, they could not see the figure inside the car window. They lowered their heads slightly and looked inside the car window. Although they could not see it, they still wanted to explore it.

Two seconds later, the car window slowly rolled down. In the next instant, Yin bei caught a glimpse of the familiar and handsome face on the driver's seat!

Mu Dan, who was standing at the side, widened her eyes. Shi Mo's appearance was already very shocking, but now that she saw him driving a limited-edition luxury car, he seemed even more cool and handsome! He was simply too handsome!

"Where are we going?"

Glancing at Yin bei who was standing outside the car window, Shi Mo's thin lips parted slightly. No emotions could be seen on his calm face.

Yin bei recovered from her daze. She glanced at her good friend beside her, then looked at Shi Mo and grunted.

"I... Am going to rent a house."

"Get in the car."

"..."why was he here coincidentally?

"Are you going to send us there?"

He looked at her but did not speak.

Yin bei was stunned for a few seconds. Before she could make a decision, Mu Dan, who was beside her, urged her impatiently, "Hurry up and get in the car. Shi Mo wants to send you!"

Being pushed by her good friend, Yin bei snapped out of her daze and looked at Shi Mo..

"Are You Waiting for me to open the door for you?"

"..."No!

How could this person be like this? He was the one who had invited her to get in the car, yet he was so arrogant! But... So handsome!

Carrying the suitcase, Yin bei opened the trunk and walked to the back seat to open the car door.

### **Chapter 1633: Is it a crime to sit in my car?"?**

"Sit in the front."

Hearing his deep voice coming from the driver's seat, Yin bei paused in her action of opening the car door and walked to the front passenger seat.

"What?"

“Lead the way.”

”... Then I can sit in the back too –”guide the way.

“It’s not convenient.”

”...”

Mu Dan seemed to have sensed something and hurriedly opened the front passenger seat door for her. Then, she pushed her in and slipped into the back seat!

The Red Bentley quickly started and left!

“Where is it?”Shi Mo asked without turning his head while driving.

Yin bei turned her head and glanced at the side of his face. She knew that he was asking for her place of residence.

“Bauhinia Villa.”

In the back seat, Mu Dan glanced at the two of them. She did not know if this ‘coincidence’was a coincidence or if Shi Mo had specially come to wait for her.

As if she suddenly heard something, Yin bei suddenly turned her head and looked at the man in the driver’s seat. “AH, that’s right!”

Shi Mo did not make a sound. Instead, he waited for her to continue speaking.

“Before we go there, we have to make a trip back to the school first.”

He remained calm and collected. However, at the intersection, he directly turned around and flew in the direction of Z University.

Mu Dan knew that she had said that she was going back to the school to help her carry her luggage because it was a last-minute decision. Her luggage was still in the dormitory.

“There’s no need for that. Let’s go to our place first. I’ll go and get my luggage myself later!”

Shi Mo should have specially sent Bei. She was a little embarrassed to trouble such a big shot like him to make a detour to school for him.

However, when she opened her mouth, Shi Mo had already turned the steering wheel.

As it was a weekend, there were not many people in Z University. However, when such an eye-catching car stopped at the school gate, it still attracted the attention of many people.

After all, this was not a noble school, and there were many people with superior conditions. However, there were very few people who could drive a limited-edition luxury car here.

Before Yin bei got out of the car, she noticed the people whispering outside the car window. For a moment, she did not dare to get out of the car!

Seriously, she should have asked him to stop at the previous intersection so that she would not attract so much attention!

The incident of the hotel staying overnight had not yet subsided. If she were to be seen running down from such a luxurious sedan again, it would probably attract even more suspicion, right?

Perhaps even Dan Dan would be affected as well and fall into this 'kept' Storm!

The car stopped, but Yin bei did not intend to get out of the car for a long time. Shi Mo, who was in the driver's seat, could not help but turn his head and look at her. "You're not getting out?"

Yin bei raised her eyes and looked at him.

"Can you... send us to the intersection just now?"

"Then?"

"Then we'll get out of the car and walk here."

"The reason."

"Uh, if I continue like this, I'll definitely attract attention."

Shi Mo put one hand on the steering wheel and turned his body around, staring at her. "Sitting in my car is equivalent to committing a crime?"

"..."uh, Yin bei was stunned for a moment before she reacted. That wasn't what she meant!

However, before she had the time to explain, the car windows suddenly fell down, and the faces of the three of them immediately appeared in everyone's sight!

Seeing Yin bei and Mu Dan, then looking at Shi Mo in the driver's seat, some of the onlookers immediately widened their eyes and looked at this scene in disbelief!

Everyone knew that Shi Mo was rich and powerful, but this was the first time he had driven such a luxurious car to school!

Not only that, the crux of the matter was that Yin bei was actually sitting in the front passenger seat! ? Are they seeing things? ! ?

"Look, that's Yin bei!" Someone recognized Yin bei at a glance and pointed at her as he exclaimed!

#### **Chapter 1634: was always for people to admire?**

"It's really true. She's actually sitting in Shi Mo's car... What's going on! ?"

"Could it be that they're dating! ?"

"How is that possible! How could Shi Mo possibly like Yin bei!"

"Then why is she sitting in the car? And it's the co-pilot seat!" One had to know that this position was something that many people could only dream of!

In the co-pilot seat, Yin bei was completely dumbstruck. She turned her head to look at Shi Mo and asked softly, "What are you doing! ?"

“I’m not leaving. Are you planning to sit here and let others admire you all the time?”

”...”Yin bei was stunned.

Mu Dan, who was behind her, immediately snapped back to her senses. The best thing to do now was to hurry up and get the things before leaving!

Otherwise, they would be treated as ‘animals’ to admire here all the time!

“Bei, hurry up and leave!”

Mu Dan was the first to get out of the car. Then, she opened the door of the passenger seat and pulled Yin bei out of the car. The two of them quickly walked towards the female dormitory!

At their fastest speed, twenty minutes later, the two of them carried large and small bags and left!

However, this action once again attracted the attention of others!

“Oh my God, what are they doing? Are they moving out to live?”

“I think so!”

“With Shi Mo! ?”

“How is that possible!”

“Then why are they in Shi Mo’s car! ?”

“Who knows! Maybe... They are friends with Shi Mo?”

“Friends?” This seemed to be the only explanation that Weiyi could come up with.

If they were talking about dating, it was impossible for Shi Mo to date both of them at the same time, right?

But if they were to talk about being friends, they did not see Shi Mo getting close to the two of them in the past when they were on campus. If they were friends, it would not be to the extent that they would not have any interactions, right?

Under the shock and attention of the crowd, the Red Bentley gradually moved further and further away before it disappeared at the school gate.

And this commotion continued until Monday!

Early in the morning, Yin bei and her good friend Mu Dan arrived at Z University. As soon as they entered the school gate, they noticed that everyone’s gaze on her was different.

It was different from before. This time, they were ‘surrounded’ by many girls!

“Hey, Yin Bei, Mu Dan! Good Morning!” Someone greeted the two of them warmly.

Yin Bei and Mu Dan were both stunned and looked at each other.

Was it going to rain? The two of them, who had always been quiet and unknown, were actually so loved today?

“Yin bei!” Another person walked over and blocked their path.

“Yin bei, I heard that you and Mu Dan came to school yesterday in Shi Mo’s Car?”

Yin bei glanced at the female student in front of her but didn’t say anything. Instead, she turned around and glanced at Mu Dan.

So it was because of this.

These admirers of Shi Mo must have thought that they were very familiar with Shi Mo, so they wanted to form a good relationship with her, right?

“Hurry up and leave!”

Quietly pulling her good friend’s hand, Yin bei quickly walked towards the foreign language academy, not wanting to ‘attract attention’ Here!

“Oh my God, Shi Mo’s influence is too great, those girls just now were almost half of the school!”

Finally avoiding those people, Mu Dan could not help but Exclaim!

Yin bei held her arm, her expression thoughtful.

There were so many girls who liked Shi Mo, which meant that if she really pursued Shi Mo, she would become the Public Enemy of all the girls in the school..

Not far away, a few figures stood there, watching Yin bei from afar.

“Xiaomeng, the person who stayed with her at the hotel that night, was it really Shi Mo?” Looking at ye Xiaomeng, her roommate asked in surprise.

After seeing the photo sent by her friend just now, they finally got a picture of the man who walked into the hotel with Yin bei the night before. However, the result surprised them!

### **Chapter 1635: should the rumors continue to spread?**

That man was actually Shi Mo!

One had to know that Xiaomeng liked Shi Mo very much!

“Xiaomeng, if Yin bei had been with Shi Mo long ago, then didn’t Yin bei deliberately snatch away the love letter that you gave him last time, afraid that you would confess to Shi Mo and then snatch him away?”

Hearing her roommate’s words, Ye Xiaomeng instantly felt as if she had just woken up from a dream.

Damn that Yin bei, deliberately snatching her love letter from her and saying that it was for her own good, Slut!

Looking at the figure walking into the foreign language academy not far away, Ye Xiaomeng, who was standing on the spot, clenched her fists tightly, her clear eyes staring at Yin bei with hatred!

“Xiaomeng, that rumor about Yin bei being kept as a mistress, should we... continue spreading it out?”

As soon as the roommate said that, Ye Xiaomeng glared at him fiercely!

“Are you an idiot! ? You want to tell the whole school that Shi Mo is with Yin bei! ?”

Uh..

The roommate pursed his lips and didn't dare to say another word!

“Damn Yin bei, you actually want to snatch my man. You're overestimating yourself!”

Looking at the figure that disappeared at the door not far away, ye Xiaomeng's sharp eyes seemed to have come up with a plan. Then, the corners of her mouth twitched and revealed an ambiguous smile.

Lunch.

Mu Dan had invited her boyfriend out to eat together. Yin bei had no choice but to carry the tray again and find a seat by herself.

It was still her favorite pasta. Because she was too hungry, she bought another snack.

“Look, it's Shi Mo...”

“Wow, he actually came to the cafeteria to eat. He's so handsome!”

“He comes to the cafeteria to eat a few times, but every time he comes, he sits quietly at the corner of the seat. It seems like he doesn't want to cause a commotion on purpose! Oh My God, how can there be such a handsome man...”

“Say, should we go and say hello? and Xiao Lu, didn't you say that you couldn't find an opportunity to send a love letter last time? Now is your great opportunity!”

“But... I don't dare to go over...”the girl was shy and shy. She wanted to walk towards the man sitting in the corner, but the cold aura on his face made people not dare to approach him easily, so she could only look at him from afar, looking from afar.

“Chen Ying, why don't you go over first?”

“I, I don't dare either!”

Yin bei was eating in big mouthfuls with great relish when the voices of a few girls suddenly rang in her ears. From their conversation, she naturally heard the words ‘Shi Mo’.

Shi Mo? He's eating here?

That's impossible.

With his noble status, he seemed to find it too little to come here to eat. At least, she had never seen him before.

Yin bei turned her head and glanced at the few girls who were discussing animatedly at the table next door. Following their gazes of admiration, she saw a familiar figure sitting in a corner not too far away.

At this moment, she was putting a fork full of spaghetti into her mouth

“PFFT — Cough Cough —”

Oh My God, why is he here!

After quite a while, Yin bei, who had choked on her food, drank a few mouthfuls of water before she managed to calm down. She looked at Shi Mo, who was not too far away, in astonishment.

As if he had heard her cough, Shi Mo suddenly raised his head. His deep black eyes glanced over from afar, and their gazes met.

In an instant, Yin bei was dumbstruck.

Had he been sitting there the entire time? Then didn't he see her rude 'eating' just now?

Damn!

Didn't she pretend for so long yesterday?

And the remaining one-third of the steak..

### **Chapter 1636: It's hard to pretend to be a lady**

Ugh, what a pity..

That's not right!

Yin Bei's shoulders, which had collapsed, suddenly straightened up as if he had recalled something!

Was this his first time here, or did he come here often to eat?

However, it was impossible for such a great Buddha like him to come to the canteen without attracting attention. It should be his first time here, right?

Yin bei had all sorts of guesses in her heart. If it wasn't his first time, then he had seen her eating before. That was why he had asked her if she ate like this during dinner yesterday?

Oh! Her ladylike image had been completely ruined!

After chewing the food in her mouth carefully and swallowing it down, Yin bei couldn't help but raise her eyes to glance at Shi Mo who was not far away.

Thinking about it carefully, there was actually no need for her to pretend to be a lady. After all, that wasn't her. Even if she pretended, it would only be for nothing. Instead, it would appear hypocritical?

Thinking up to this point, Yin bei no longer restrained herself. Instead, she picked up a snack and bit off half of it, continuing to eat!

On the nearby dining table, Shi Mo glanced at her and lowered his head to continue eating. The corner of his sexy lips could not help but slowly curl up into a subtle smile.

After Yin bei finished eating, she glanced at him again, who was not far away. Then, she stood up from her seat and walked towards the counter with the tray in her hand.

“Xiaomeng, over there!”

At the same time, a few figures walked over from the entrance of the canteen. The moment they entered, they saw Yin bei standing up and leaving the dining table.

Ye Xiaomeng glanced at her contemptuously and immediately walked over.

Seeing ye Xiaomeng and the others walking over from afar, Yin bei saw them.

However, for someone like ye Xiaomeng, it was better to turn a blind eye to them.

Without even looking at ye Xiaomeng, Yin bei, who was carrying a tray, walked past her and walked towards the tray tidying table.

“Plop — wu —”

“Clang —”

With a loud clang and a heavy thud, everyone in the cafeteria looked towards the source of the sound. They saw that Yin bei had unknowingly fallen heavily to the ground, the leftover spaghetti sauce from the tray spilled onto her body, and she looked extremely miserable!

F \* ck!

Yin bei, who had fallen to the ground, could not help but curse in her heart. Then, she stood up and got up from the ground.

But just as she propped up her arms and was about to get up, a white boot suddenly stepped mercilessly on her slender fingers. The pain caused her to furrow her brows!

When she looked up, she saw that the owner of the white boot was indeed ye Xiaomeng!

Anger flashed across Yin Bei’s eyes. Then, she forcefully pulled her hand away. Even if her skin was worn by the low heel of the boot, she would not hesitate to do so!

She had always taken revenge and would not be a gentleman!

This ye Xiaomeng was really going too far!

“AH — Dong!”

As she pulled her hand away forcefully, ye Xiaomeng was caught off guard. Her entire body lost balance and she fell heavily to the ground. As the back of her head was directly on the ground, it was especially painful when she fell.

She held the back of her head, and the pain was so intense that her brows were tightly knitted together!

Damn that Yin bei, he actually dared to hit me! ? Was he tired of living! ?

Ye Xiaomeng was filled with anger and was about to stand up and retaliate against Yin bei!

She used to be the daughter of the deputy director, but ever since her father died in an accident while on duty during a mission, her Yin family had become quiet and unknown!

Just as ye Xiaomeng was about to stand up, Yin bei stood up one step ahead of her. Then, she returned the favor by stepping on ye Xiaomeng's fair and clean fingers with a vicious foot and directly crushing them!

The commotion between the two of them had already attracted the attention of everyone in the canteen, including Shi Mo..

### **Chapter 1637: love that can not be broken**

"Ah!"Ye Xiaomeng screamed again!

The two roommates who followed her saw her being bullied so badly by Yin bei for the first time. They were so scared that they rushed over and helped ye Xiaomeng up from the ground!

"Xiaomeng..."

"Damn you, Yin bei! Stop right there!"Ye Xiaomeng, who was helped up by her roommates, was still furious. She pointed at Yin bei's back and shouted!

Yin bei stopped when he heard that and turned his head to face ye Xiaomeng!

She really didn't need to endure it anymore. If she really couldn't graduate from Z University, she could just transfer to another school. She believed that her mother would also understand her.

"You actually dare to hit me?"Ye Xiaomeng shook off her two roommates who were supporting her and walked towards Yin bei with a face full of hatred.

However, Yin bei wasn't afraid of her aggressive approach at all. He looked at her calmly and coldly. "Hit me? I'm just fighting back."

"You!"Ye Xiaomeng was instantly speechless by her words!

But then, her tone became firm again. "Counterattack? Then I'll let you have a taste of being powerless to counterattack!"

As soon as ye Xiaomeng finished speaking, Yin bei thought that she was going to do something to him, but she didn't. She suddenly smiled and turned around to walk out of the cafeteria with an arrogant look on her face!

Yin bei stayed where she was and waited for a while until ye Xiaomeng's figure completely disappeared. Then, her shoulders collapsed.

She didn't know what ye Xiaomeng would think of to deal with her again.

After the person in question left and the show was over, some of the surrounding students gradually dispersed and continued to eat with their heads lowered. However, they were still whispering to Yin bei who was still standing there.

As if she had thought of something, Yin bei suddenly raised her eyes and turned her head to look at the spot where Shi Mo was standing earlier.

He must have seen her current sorry state clearly, right? How embarrassing!

However, when she raised her gaze and wanted to look at that spot earlier, she realized that Yin bei had left unknowingly.

Could it be before she and Ye Xiaomeng quarreled? If that was the case, then that would be great.

Yin bei lowered her face once again. She did not wish for Shi Mo to see her embarrassing side. That would make her feel that her status was even further away from his.

Although the current her was already in a different equilibrium with him, she could not stop loving him.

Yin bei was still in a daze when she suddenly felt someone touching her arm.

That was where the spaghetti sauce had touched.

She turned her eyes around in surprise and saw an extremely beautiful face.

“Come and wipe!”

Looking at the figure who was wiping her, Yin bei was instantly stunned.

She was Shi Lian, Shi Mo’s younger sister?

But..

Yin bei’s gaze fell on the handkerchief in her hand. Especially at this moment, she was actually wiping her dirty parts. This... this was too flattering. After all, she wasn’t familiar with her at all.., she had only seen it once at her aunt’s wedding banquet when she was three years old.

“Oh my God, isn’t that... isn’t that Shi Mo’s younger sister? The Shi family’s daughter, Shi Lian!”

Seeing the two figures not far away, some people started to be shocked. They were simply dumbfounded!

“As expected, not only is Yin bei very close to Shi Mo, but she’s also good friends with her younger sister?”

“This... is too enviable...”

Shi Lian completely turned a deaf ear to the whispers around her. Instead, she helped Yin bei wipe her handkerchief for a while before handing it over to her, revealing an angelic and brilliant smile, “Wipe it yourself, I’m leaving!”

### **Chapter 1638: punished Yin bei!**

“You... Why are you helping me?”

As she was too curious, Yin bei could not help but ask as she stared at Shi Lian.

Shi Lian, on the other hand, smiled sweetly at her with a cheerful expression. "Because you give me a very special feeling."

"..."very special?

Yin bei stood rooted to the ground as she stared unblinkingly at Shi Lian's departing figure.

...

In the principal's office.

It was ten o'clock in the afternoon break, and the quiet office was filled with the sounds of men and women talking.

"Uncle, you have to help me punish that Yin bei! She's too despicable!" After changing into a clean set of clothes, ye Xiaomeng came to Principal Qi's office. Her angry eyes were filled with jealousy and hatred towards Yin bei! She looked at the middle-aged man in front of her and said.

The man's lewd gaze landed on her slightly open collar. That voluptuous career line made his heart flutter!

It was not until ye Xiaomeng's voice sounded that the man's gaze moved away from her chest and onto her face.

He frowned slightly. "Yin Bei?"

"Yeah, she's also from the foreign languages department."

"She bullied you?"

"That's right!" Thinking about how Yin bei had humiliated her in the cafeteria just now, ye Xiaomeng became angry and said angrily, "She actually hit me in the cafeteria just now and even stepped on my hand. Look, it hurts so much!"

As she spoke, ye Xiaomeng even raised her red-stepped finger and handed it to principal qi.

"Look, it's red and swollen..."

Principal Qi glanced at it. "Aiyo, it's really red and swollen. Come here quickly."

Seeing her 'uncle' ye Xiaomeng suddenly shrink back, she hesitated for a moment, but in the end, she walked toward the seat where the principal was sitting.

"Quick, let me take a look. Aiyo, my heart really hurts." Seeing ye Xiaomeng walking over, principal qi immediately reached out and pulled ye Xiaomeng into his arms.

Sitting on his lap, ye Xiaomeng's expression was not very good. She could not help but glance at the office door.

It would not be good if someone suddenly barged in.

The principal seemed to have noticed her concern. He hugged her and said softly, "Don't worry. No one will come during the lunch break without my permission."

As soon as he finished speaking, principal Qi had already reached out and clenched her chest, releasing the heat in her body.

“Uncle...”

Ye Xiaomeng was not very willing to be molested by him like this, but she did not dare to go against him. She could only let his rough hand wander around her upper body, invading every part of her body.

“Didn’t I say before that you don’t have to call me ‘uncle’ when there are no outsiders around?”

Yes, this ‘uncle’ was not real, and she was not the principal’s biological niece.

The reason why many people knew that she was principal Qi’s biological niece was to cover up the relationship between the two of them, so they could announce it to the public.

In reality, she was a mistress who was kept by principal qi. Ye Xiaomeng wasn’t willing to do this in the beginning. It was just that when she was drunk, she had sex with principal qi. After that, every time, he would constantly pester her. In the beginning, Ye Xiaomeng was resistant, but after that, every time, he would give her a sum of money. She, who had always pursued a luxurious life, slowly got used to it.

It was just that this principal had a fat head and big ears. Even though he was rich, he was a little disgusting when he did it.

After a while, principal qi seemed to be unable to vent the fire in his heart. He began to Unbutton ye Xiaomeng’s clothes.

### **Chapter 1639: How He going to punish her?**

Ye Xiaomeng quickly reached out to stop him. Every time she had sex with him, there had to be conditions. She was only 28 years old, and she did not want to sleep with an old man for nothing. Even if she was given a large sum of money every month, she wanted more than this.

“Then principal, do you want to help me punish that Yin Bei?” Her tone was a little coquettish because every time she did this, he would easily agree to any of her conditions, this was also the reason why even though she did not like this principal, she was still willing to have an affair with him, dark moon!

Her coquettish attitude immediately made principal qi even more horny!

“Yin bei, right? I’ll remember it!” The principal could not wait any longer, and before he could finish his words, he had already begun to violently tear ye Xiaomeng’s clothes!

“Then how do you plan to punish her?” Ye Xiaomeng seized the opportunity and once again grabbed principal Qi’s hand to stop his violent actions.

At this moment, the principal’s mind was filled with what was going to happen next. How could he have the mood to think about how to punish Yin Bei? He did not even know who Yin bei was.

“Satisfy Me First!”

As soon as he finished speaking, the man stood up and placed ye Xiaomeng directly on the office desk. In the next second, he had already 'entered'..

\* \* \* \* \*

In the evening, after class, Yin bei received a call from Mu Dan and was once again alone.

Walking at the school gate, she couldn't help but fall down on her shoulders. When would she have a male god to escort her home?

As she thought about it, Shi Mo's face that could turn people upside down flashed across her mind. She could not help but reveal a smile.

Secretly laughing, she walked towards the bus stop.

The house she rented was not very far from Z University. It only took ten minutes to get there by bus.

When she got on the bus, there was a bus stop at the intersection in front of the residential area. However, she had to walk a small path after getting off the bus.

Just as she got off the bus, her cell phone rang. When she saw the caller ID, Yin bei could not help but laugh!

"Hello, Mom!"

"Bei, how have you been recently?"

"En, pretty good!"

After a few months of separation, she missed her mother a little.

After her father died in the line of duty, she and her mother were no longer able to continue living in this bustling metropolis. Hence, they sold their big house in City Z and moved to her mother's hometown, the northern suburbs of the city.

The reason why she was still able to live comfortably was because she had a relatively wealthy grandfather!

Her grandfather was very good to her and her mother. However, he always faced her aunt's attitude. Her and her mother's life at her grandfather's house was not that easy either.

"Okay, Bei bei. Why didn't You Come Home Last Weekend?"

Yin bei could not help but feel a little guilty after being asked by her mother. Ever since she was born, this was the first time she had rented a house outside without her mother's knowledge.

"I have some free time recently, so I plan to visit you at Z University." Ever since she returned to the west side of the city, she did not know if her daughter was doing well in city z alone. She wanted to see for herself.

Upon hearing this, the smile on Yin Bei's face immediately froze and was replaced by Panic!

"What, Mom, you're coming to Z University!?"

Hearing her daughter's slightly panicked voice, Nian Yuqing paused. "What's wrong? Don't you want me to visit you?"

Yin bei was stunned for a moment before she hurriedly explained, "No, no, I . . . I just feel very surprised..."

She did not have enough confidence. After all, her mother did not know that she was renting a house outside. If she knew, she did not know if she would let her imagination run wild.

#### **Chapter 1640: Why They Move Out?**

Yin Bei's explanation made Nian Yuqing seem to understand.

"Mom will visit you tomorrow. It Won't take too long." She knew that young people had their own living space. Perhaps they didn't want their parents to restrict them too much.

As for her, she just missed her daughter.

However, Yin bei seemed to have realized something and her expression darkened.

"Mom, why did you suddenly want to visit me at Z University? did aunt make things difficult for you again?" She knew, although her grandfather was very good to her and her mother, her aunt had always been jealous of them because of this. She always felt that all of grandfather's assets should be given to her uncle, but he always gave them to the mother and daughter!

Hearing her daughter's words, Nian Yuqing was stunned for a few seconds before she smiled and said, "No, with your grandfather around, your aunt wouldn't dare to do anything to me."

"Even though you say that, every time grandfather goes out, doesn't aunt still treat you harshly?"

"Bei bei, you have to know that we're living under someone else's roof. It's normal for your aunt to hold grudges against us."

"But everything in the Nian family is part of the Chiaki family that grandfather worked so hard to build. What right does she have to say that! ?" Yin bei felt nauseated just thinking about her aunt's face!

"The son inherits his father's business. After all, I'm a married daughter."

"That's not true. Grandfather's family business can be given to whoever he wants. It's only because you're too easy to talk to that she's been climbing all over your head!" She and her mother had never wanted to fight over grandfather's property. They only loved her grandfather dearly, every month, they would indeed receive a sum of living expenses for her and her mother. However, her aunt was still brooding over this matter. She always felt that this fertile water had fallen into the hands of outsiders, and that the mother and daughter were outsiders!

"Let's not talk about this anymore. Tomorrow, Mom will visit you." Nian Yuqing changed the topic. She did not want her daughter to worry about her at home.

The topic was changed again. Yin bei paused for a moment. "Mm... Okay, but..."

She wanted to say something but hesitated. She did not want to hide anything from her mother.

“What’s Wrong?” Nian Yuqing’s gentle voice sounded.

“Mom... I have something to confess to you.”

Nian Yuqing was stunned. “What is it?”

“I... I’m not living on campus.”

”...” on the other end of the phone, Nian Yuqing was silent for a moment, her thoughts drifting through her mind.

She often read the news online, and could always see some female college students going out to rent a house. They were either being kept by rich men, falling in love, or living together with their boyfriends.

Could it be that Bei bei was one of them?

After thinking about it, Nian Yuqing broke this suspicion. With her daughter’s character, she probably wouldn’t do that.

“Why did you move out? Are you not comfortable living at school?”

Hearing her mother’s usual gentle voice, the little worry in Yin Bei’s heart instantly disappeared.

She was initially worried that her mother would let her imagination run wild, but it seemed that it was gone.

“Uh, I. . . Thought that I had a little... conflict with a girl in the dormitory, so I moved out with my good sister.”

“Good sister? Dan Dan?”

“Yes!”

Nian Yuqing was relieved when she heard that she moved out with Mu Dan.

“You two live together?” As a mother, it was inevitable that she still cared about her children, so she wanted to know more about it.

“Yes, we share a room!”

“Since you don’t live comfortably, then move out. is your living expenses enough?”

“Yes! Didn’t Grandpa give me some money every month? I share a room with Dandan, so the expenses are not very high!”
