

Kiss Me 171

Chapter 171: A Conversation With Shi Le

Everyone headed downstairs aside from Shen Lanzhi, who stood in the master bedroom with a worried expression.

As Shi Nuannuan saw Shi Le came down, she turned her head away with displeasure.

She hated the Tengtang family the most!

Shi Le walked from the stairs and headed to the couch. When he passed by Zuo Weiyi, she visibly felt pressured.

She heard that he was the best Speaker of Country C. The ambience he radiated was really different compared to other regular humans.

He sat on the couch and lifted his gaze to his granddaughter who stood beside Zuo Weiyi, "Nuannuan, come here and sit down."

Shi Nuannuan glanced at Tangteng Li, Tangteng Xi and her "brother" Shi Tiannan, she turned her head away, "No!"

She was disdainful to sit with them.

Seeing her refusal, Shi Le's expression darkened. His scolding gaze grew sharper, "Come here!"

Shi Nuannuan raised her eyes and walked towards the couch unwillingly only at his second command before sitting beside of Shi Le.

Zuo Weiyi scanned over the row of people sitting in front of her and saw Tangteng Xi with a scorned smile as if she was watching a drama unfolding.

All of a sudden, she felt a burning gaze piercing at her. She turned and was met with Shi Le's dark eyes.

She was stunned by his intimidating aura.

"What's your name?"

Shi Le gazed at her. Even if his face was wistful from his years, yet it did not overpower his daunting dominance.

Zuo Weiyi was overwhelmed, but quickly regained her composure, "Zuo Weiyi."

Maybe she was just an ant in front of these people, but an ant had its own pride and dignity too.

When she was answering Shi Le's question, she did not appear to be meek. Her back stood straight and waited to parry all the questions thrown at her.

"What is your relationship with my grandson?" Shi Le asked again, his voice was colder than ice.

Zuo Weiyi could feel that aside from Shi Nuannuan, no one liked her.

But facing Shi Le's second question, she hesitated.

What was the relationship between herself and Shi Yuting?

She was unclear about that too.

"I... Like him."

Zuo Weiyi raised her eyes, her dark eyes were filled with determination.

Every single person on the couch was baffled by her confession.

This peasant dared to say that she liked Shi Yuting?

Did she know who is Shi Yuting?

Shi Le glanced at her and his lips curled into a sneer, "Do you know who he is?"

Zuo Weiyi could not help but smile with a hint of self-mocking too.

Who he is?

Of course, she knew.

Because of that, everyone thought that she did not deserve to stay by his side.

"I do, he's the future president of Country C."

"If you know who he is, then you should be clear of your identity too," Shi Le tore his gaze away from her and stared forward, both of his hands rested on his staff, his face full with pride and power.

"A woman like you doesn't even stand a chance of becoming his maid!"

Hearing his words, Zuo Weiyi's heart scrunched up painfully.

Her hands secretly balled into a fist.

Indeed, she was different from Tangteng Xi. She did not have a rich background or a famous family, but even so, she would not allow her dignity to be tarnished!

Shi Nuannuan turned her head towards her grandfather as well, she felt furious towards his insults.

Chapter 172: You Have Two Options

"Grandfather..."

Shi Le immediately glared at Shi Nuannuan before she could speak with his sharp eyes and signaled her to shut up and stop talking.

Shi Nuannuan was unhappy with it but simply bit her lower lip to stop herself.

Although her grandfather usually looked stern, he had never trampled on a person's dignity like this.

Was it necessary to talk badly to Wei Yi just because she was with Brother?

Tengtang Xi who was at the side could not help being secretly complacent and grinning after hearing Shi Le's words.

Zuo Weiyi clenched her fists tightly when she heard the words that were deprecating her. She stared straight at Shi Le and sneered.

“Really? So, do you mean that the maids in this mansion are all noble?”

She did have a low status. But if she remembered correctly, Xiao Cui also came to work as a maid because of her poor family conditions.

And like herself, she was born in a single-parent family.

Shi Le was slightly surprised and did not expect Wei Yi to refute his words.

However, that old face became a little bit darker and the eyes too!

But, Zuo Weiyi was unafraid.

She did have low status, but she did not owe anyone!

She did not need to be ashamed and be humble in front of this group of people who were making her seem lowly.

Shi Tiannan and Shi Nuannuan who was sitting on the sofa were also surprised upon hearing her rebuttal.

No one had dared to stand up against Grandfather at home except for Brother, not even Shi Tiannan!

Shi Nuannuan was also worried about Zuo Weiyi while admiring her guts.

Was she not asking for trouble talking back to Grandfather like this?

What if Grandfather was unhappy and make her disappear from Country Z?

Just when everyone thought Shi Le would be angry, they were all surprised by the opposite result.

Shi Le glanced at Zuo Weiyi, although his face was full of displeasure, he looked away after a few seconds.

A low-pitched voice spoke. “You have two options.”

“First, disappear from Yuting’s life. Second...” He looked up and stared at Wei Yi. “If you can’t do it, then, I will make you really ‘disappear’.”

Zuo Weiyi knew what the second option meant.

Was this not a threat?

Nuannuan and Mrs. Shi were worried about the word ‘disappear’ that came from his mouth. Did he want to kill her?

“Grandfather!”

Shi Nuannuan could not bear it anymore. She suddenly bounced up from the sofa. She was slightly anxious.

“She has nothing to do with Brother. She just has a crush on Brother. You can just let her go, there is no need for her to ‘disappear’.”

“It depends on what she chooses to do.” Shi Le was expressionless.

Shi Nuannuan quickly rushed to Zuo Weiyi and grabbed her arm. She whispered. “Wei Yi, leave now. Will you please leave now?”

Zuo Weiyi raised her eyes and looked at Nuannuan’s anxious face. She clenched her hands that were hanging on both sides tightly.

What else could she choose other than leaving this place when faced with Shi Le’s threat?

Choosing to die?

No, she did not want to lose her life in vain.

She should just leave. Besides, there was nothing to be missed here, was there?

It was just...

She looked up and gazed in the direction of the second floor.

‘Shi Yuting, when you wake up and find out that I am gone, would you panic because you cannot see me?’

She lowered her eyes. “I need to go and pack up my things.”

She just hoped that she could look at Shi Yuting who was still in a coma for one last time when she packed her luggage.

Chapter 173: Pack Your Things Up and Leave

But Shi Le saw through her thoughts at a glance.

“Nuannuan, go up and pack her things with Miss Tengtang.” He turned and said rigorously, “Remember, these two options are the only chance for you to survive. If you don’t appreciate it, then I will really make you ‘disappear’ in the future.”

Zuo Weiyi was stunned and immediately smiled sardonically.

This was a warning to her. If she appeared in front of Shi Yuting again, there would be no such option next time. One thing waiting for her would be death.

So, this was the monarch’s right—to kill decisively without leaving a trace of affection.

Shi Nuannuan turned her head and looked at Shi Le. She also wanted Zuo Weiyi to go upstairs to see her brother while packing up her things.

“I don’t know what she brought with her. Let’s go up together!”

She pulled Wei Yi and turned to walk up the stairs after she finished speaking.

Just as she was turning around, Shi Le's voice spoke again behind her.

"If that's the case, just let Xi'er go up, you don't have to go up!"

Shi Nuannuan stopped after hearing his words. She then turned her head and bit her lower lip reluctantly.

However, Tengtang Xi stood up happily and walked straight to the two.

"You can just wait here. I will help to pack your things up." She smiled arrogantly at Zuo Weiyi.

Zuo Weiyi wished to run over to her and slap her as she looked at her back going upstairs.

Suddenly, a mobile phone rang, breaking the tension in the mansion.

Zuo Weiyi took out her phone. She paused for a few seconds when she saw the name shown on her mobile screen.

She was still thinking of where should she go after leaving here.

It seemed that she could only go to Gu Yansheng's place.

She then cut off the call after a few seconds of ringing.

She saw Tengtang Xi carrying her suitcase down after a while.

"Ah!"

Tengtang Xi suddenly shouted when she was halfway down the stairs. Then, the suitcase in her hand slipped and rolled down the stairs.

The clothes in the suitcase were scattered all over the floor in the next second!

"Ah, I'm sorry. My hand slipped."

Tengtang Xi came over and looked at Zuo Weiyi with a smile.

Anyone with a discerning eye could see that she had done it on purpose. Nuannuan who was on the sidelines was so angry that she wanted to kill Tengtang Xi!

"Tengtang Xi, you f***ing did it on purpose!"

She wanted to step forward but was stopped by Zuo Weiyi.

Nuannuan's character was similar to Shi Yuting. They were indeed blood-related siblings, they looked the same even when they lost their temper.

"Nuannuan, where did you learn how to cuss?!"

Shi Le who was sitting on the sofa not far away could not help but rebuke when he heard Shi Nuannuan swearing.

Shi Nuannuan glared at Shi Le angrily. "Self-taught!"

She turned around and tried to squat down to collect the scattered clothes for Zuo Weiyi.

This was a suitcase. Even if it slid down the stairs, the clothes inside would not have spilled out. Unless Tengtang Xi did not zip it properly otherwise, how else could this have happened!

Shi Nuannuan subconsciously glared at Tengtang Xi who was smiling proudly when she squatted down.

“Nuannuan, behave yourself. Come here!”

How could his granddaughter go pick up things for a low-status maid?

Just as Shi Nuannuan was squatting down, she had already heard her grandfather yelling at her before she could touch the clothes on the floor.

Chapter 174: Shi Yuting Wakes Up

She bit her lower lip and did not obey Shi Le’s words. She then continued to pick things up for Zuo Weiyi.

“Pull her up for me!”

Seeing Shi Nuannuan being indifferent to his words, he ordered the two bodyguards to pull Shi Nuannuan who was squatting down on the ground away to the side.

“Grandfather, why? Why do you treat a girl who has no grudge against you like this!” Shi Nuannuan yelled.

Shi Le remained silent and was expressionless.

He wanted to let her know how noble the Shi family was and how lowly and insignificant she was!

His grandson had a bright future. How could he let this woman ruin it?

Zuo Weiyi pursed her lips slightly looking at the clothes scattered on the ground. She did not feel inferior.

She squatted down and calmly picked up the clothes scattered on the ground one by one. She then put them back in the suitcase.

Tengtang Xi purposely stepped onto the last piece of clothing with her foot while Zuo Weiyi was picking it up.

She looked up at the domineering Tengtang Xi. She saw Tengtang Xi folding her arms and looking down at her.

Her arrogant look seemed to say, ‘I am stepping on it. What can you do?’

Zuo Weiyi knew what she was thinking. “Miss Tengtang, are you sure that you want to continue stepping on it?”

Tengtang Xi grinned and was completely indifferent.

Zuo Weiyi lowered her face and suddenly smiled. She then pulled the clothing that was stepped by Tengtang Xi hard. All of a sudden, ‘ah’ and ‘boom’ could be heard.

The next second, Tengtang Xi had fallen onto the ground with her hands and legs in the air.

“Xi’er!”

Tengtang Li who was initially on the sofa quickly came over. He felt bad seeing his granddaughter falling to the floor.

“Xi’er, are you okay? Hurry, hurry up.” Tengtang Li looked concerned after raising Tengtang Xi. “Are you hurt anywhere?”

Tengtang Xi stood up. She then turned her head and glared at Zuo Weiyi.

“How dare you do this to me?!”

Zuo Weiyi put the last piece of clothing in the suitcase. She then stood up and stared straight at Tengtang Xi who was in front of her.

“Are you for real? I haven’t touched your body at all just now.”

“You!”

Tengtang Xi was so angry that she could not say a word.

Perhaps under normal circumstances, she could use her identity to punish this Zuo Weiyi.

But now, the people of the Shi family are present. If she did that, it would surely ruin her reputation. She could not let that happen!

Just as Zuo Weiyi had said, she did not touch her body. Moreover, they were in Shi Le and Tengtang Li’s blindspot as they were sitting on the sofa. They could not see what happened then.

Until now, Tengtang Li and Shi Le did not know how Tengtang Xi had suddenly fallen to the ground.

Zuo Weiyi pulled her suitcase after packing up her things. She then turned and left the gate of the mansion.

Shi Nuannuan felt very sad looking at Zuo Weiyi’s back leaving into the distance.

“Wei Yi...”

However, she was very clear that perhaps leaving was the best choice for Zuo Weiyi.

Just like what Zhong Shenghao had said, Shi Yuting did wake up at night.

Nuannuan suddenly forgot about the disappointing ambiance when Zuo Weiyi had left when she saw her brother waking up. She was very excited.

“Brother, you have finally woken up!”

She spoke happily looking at Shi Yuting who had opened his eyes.

Shen Lanzhi who was on the side also burst into tears of excitement.

Her son had finally woken up after waiting here for him to wake up for the whole afternoon.

Chapter 175: This Incident, Who Did It?

Shi Yuting was frowning in bed. He could still feel the pain in his chest.

A numbness filled his body. He tried to move a little but his wound hurt. Cold sweat immediately poured down his forehead.

“Don’t move! Yuting, you’ve been seriously injured. Stay still and don’t move!” Shen Lanzhi spoke after seeing the pain in his expression.

Shi Yuting took a deep breath and slowly tried to relieve the pain in his wound. He then raised his eyes and found out that many people were in the room.

He frowned. “Why are all of you here?”

Shen Lanzhi burst into tears of joy when she saw her son waking up. “Son, do you know that you were shot? You almost died. How could we not come?”

Shi Yuting glanced at his mother and closed his eyes weakly.

Shi Le who was standing nearby walked to the bed and observed him.

What Zhong Shenghao said was still echoing in his mind. He wanted to know if his grandson had become mentally disabled.

“Yuting, do you recognize all of us here?”

Shi Yuting opened his eyes slightly and glanced blankly at Shi Le. “I hurt my chest, not my brain.”

Shi Le’s worry was finally gone. He was relieved after hearing his words.

Fortunately, the high fever did not result in any sequelae.

“Who do you think did it? Do you have someone in mind?”

Shi Le’s old face grew darker when he thought of someone trying every possible means to kill his grandson. If he found out who the attempted murderer was, he would surely make sure that that person went to hell and fall into utter annihilation!

Everyone in the room was focused on Shi Yuting’s face as soon as Shi Le spoke.

They all wanted to know who had attacked Shi Yuting!

Shi Yuting was calm while facing with everyone’s anxiousness. He just turned his head and gently closed his long and narrow eyes again. He looked weak.

“I don’t know.”

No one saw that Shi Tiannan who was standing behind Shi Le grin after listening to Shi Yuting’s answer.

At the same time, somewhere else.

As night fell, the prosperous City Z lighted up and was bustling with noise and excitement.

Zuo Weiyi was pulling her suitcase along with her aimlessly. She did not know where to go.

Her only bestie—Bei Xingchen’s family had also undergone tremendous changes. Hence, she could not stay at her house now.

How could she have no place to stay when the world was so big?

Zuo Weiyi sat down by the fountain in the center of a plaza and put the suitcase beside her.

It was already nine o’clock. She had to find a place to settle down.

Just as she was thinking about where to stay for tonight, her mobile phone rang.

She took out the phone from her bag and found that Gu Yansheng was calling her.

She picked up the call after remaining silent for a few seconds, looking at the familiar name on the screen.

It seemed that he was the only one who was able to take her in now.

“Hello.”

“Wei Yi!” Gu Yansheng’s slightly anxious voice was heard as soon as the phone was connected. “What’s wrong with you these days?? Why are you always not answering my calls?”

He wondered if he had said something wrong, which had caused her to refuse to answer his calls these days.

Zuo Weiyi pursed her lips and barely smiled while listening to the voice of concern on the other end of the line.

Chapter 176: Can You Take Me in for a Night

“Yan Sheng, I have nowhere to go. Can you...can you take me in for one night?”

Gu Yansheng who was on the other side of the line was slightly startled hearing this.

Nowhere to go? What did that mean?

Gu Yansheng did not want to ask more despite the many questions in his heart. He just wanted to know where she was at the moment. He asked anxiously, “Where are you now?”

Zuo Weiyi raised her head and looked around. “I’m here at the fountain in Rose Plaza.”

It was so late. Why was she alone outside?

What happened?

“Just stay there. Don’t go anywhere. I’ll be there soon!”

Gu Yansheng could not wait to hang up the phone as soon as he finished his words. He took his car key and drove to Rose Plaza immediately!

Nightfall in City Z was beautiful.

But to Zuo Weiyi, it was a little heartbreaking at the moment.

She sat by the pool and looked down in contemplation.

Had Shi Yuting woken up now?

Did he know that she had left?

Would he ask where she had gone when he did not see her?

Would he rush to find her?

A series of questions echoed in her mind. She missed him so much although she had just left the mansion for an afternoon.

Just as she was in deep thought, a dazzling car light shone from not far away.

She raised her hand and tried to block the light, trying to see who was approaching her.

A Lamborghini stopped in front of her. She then saw a pair of exquisite handmade leather shoes stepping out of the car.

Although the lights were dimmed at night, Zuo Weiyi could still see Gu Yansheng's handsome face at a glance.

She stood up and smiled at Gu Yansheng who was approaching her.

Gu Yansheng was anxious seeing her standing alone. He quickly walked to her as he was concerned about her.

"Wei Yi, why are you standing here alone? What happened?"

Zuo Weiyi smiled as she met with his eyes. "I have nowhere to go. Can you want to take me in?"

He could still see the sadness in her eyes although she pretended to be calm with a smile on her face.

Nowhere to go?

Could it be that Shi Yuting had driven her away?

Gu Yansheng clenched his fists thinking of this!

He bent over and took the suitcase beside her. He then put his other arm around her shoulder.

"Of course. You can stay at my place for as long as you want. You can even live with me forever."

Zuo Weiyi looked up and saw his affectionate eyes.

She felt guilty for accepting his kindness.

"Come on. Let's go home."

He would be her refuge from now on.

It was already ten o'clock at night when they arrived at Gu Mansion.

Gu Yansheng took her to a room on the second floor.

“This will be your room.”

Gu Yansheng’s eyes were full of tenderness while looking at the person in front of him.

He did not want to ask about her and Shi Yuting.

If she wanted to tell him, she would.

“Thank you.” Zuo Weiyi looked up and smiled back at him.

Gu Yansheng knew that it was late looking at his watch. He was ready to leave.

“Rest early. Call me if you need anything. My room is next to yours.”

Zuo Weiyi nodded a little as she was faced with his kindness. “Okay.”

She could not give him anything except for the words—thank you.

Zuo Weiyi closed the door after Gu Yansheng left.

She lay on the bed after taking a shower in the bathroom.

She was sleepless as she kept tossing about in bed. Her mind was full of Shi Yuting’s handsome face.

Chapter 177: Nuannuan’s Incoming Call, My Brother Has Woken Up

She did not know if he had woken up.

Just then, her mobile phone under the pillow suddenly rang.

She was a little excited when she saw the name displayed on the screen!

It was Nuannuan!

Zuo Weiyi could not wait to answer the call.

“Hello?”

Shi Nuannuan was hiding in her room at this time. She only dared to make this call after everyone had gone to sleep.

She lowered her voice and hid under the covers. “Wei Yi, my brother has woken up!”

Zuo Weiyi’s sadness finally changed for the better when she heard Shi Nuannuan’s words.

“Is he okay?”

“Yes. He’s just a little weak. He fell asleep again after waking up shortly.”

Zuo Weiyi pursed her lips. “That’s great.”

“What about you? Where are you now?”

Shi Nuannuan was worried that Zuo Weiyi had nowhere to go. She was wondering where was she now.

“I’m at my friend’s house. You don’t have to worry.”

“Good!” She was relieved to know that she was safe and had a place to stay.

“Wei Yi, just be patient for a little longer. When my brother is fully recovered, he will surely come up with a way to get you back!”

Zuo Weiyi was not happy hearing Shi Nuannuan’s words.

Even if Shi Yuting wanted to get her back, would his grandfather agree?

Zuo Weiyi’s heart ached while she thought about this.

She could still remember his grandfather’s threat when she left Shi Mansion.

She knew that she and Shi Yuting were no more from the moment she walked out of that door.

All of this should have ended long ago, but she was reluctant and had subconsciously fallen in love with that man.

Zuo Weiyi ended the call after a brief chat with Shi Nuannuan.

She did not close her eyes all night.

That sexy face would pop up in her mind whenever she closed her eyes.

Shi Yuting looked better after resting for a whole week.

Shi Nuannuan would secretly call Zuo Weiyi every day and update her about Shi Yuting’s situation. Even how many meals he ate, she would report them all to Zuo Weiyi. This had caused Zuo Weiyi’s mood to be much better these days.

One day, Shi Le left Shi Mansion. He had gone to visit an old friend who he had not seen in years.

Shi Nuannuan carried a bowl of cooked chicken soup into the master bedroom.

A question kept lingering in her mind these few days.

Although her brother was injured and his body was weak, his consciousness was sober. It had been a week. Why did he not ask about Wei Yi?

Was it because he knew that their grandfather was here?

Then, she would tell her brother what Zuo Weiyi did for him today!

Nuannuan was about to knock on the door, bringing the soup to him. However, the door was suddenly opened from the inside.

Thus, her hand hung in mid-air.

Nuannuan was surprised to see the man standing at the door.

“Brother, where are you going?”

Shi Yuting saw his sister standing in front of him when he opened the door.

He said, "I have been lying in bed for so long. I just want to have a walk."

He passed by her and walked straight to the living room downstairs after that.

Shi Nuannuan was a little stunned. She then followed behind him.

She wondered if he was looking for Zuo Weiyi since he was so anxious to go downstairs.

Chapter 178: Wei Yi Has Left...

Shi Nuannuan was a little hesitant thinking of this.

What could her brother do even if he knew that Zuo Weiyi was forced to leave?

Would her brother choose to be with Wei Yi? Would he disobey their grandfather's orders and not marry Tengtang Xi?

Was this possible?

Looking at Shi Yuting sitting on the sofa, Shi Nuannuan walked over and sat down beside him.

"Brother..."

Although he looked haggard, it could not hide his innate aristocracy and handsome charm.

Shi Yuting stretched out his hand and took the cup of tea on the coffee table. He took a sip and looked up at his sister.

Shi Nuannuan looked up and was guessing what her brother was thinking.

Should her brother not be asking about where Zuo Weiyi was these days?

But why did he seem so comfortable and indifferent about it?

"Brother, Wei Yi has left the mansion."

Shi Yuting put down the cup of tea in his hand. He frowned and looked at Shi Nuannuan.

"What Wei Yi?"

His words made Shi Nuannuan stunned for a moment and her expression turned dull.

'What Wei Yi?'

What did he mean?

Shi Nuannuan froze for a while and finally spoke. "Wei Yi, she's... you..."

What happened?

Shi Nuannuan realized that something was wrong looking at him seemingly ignorant.

Had her brother forgotten about Zuo Weiyi?

No, this was impossible. He clearly remembered them. How could he only forget Zuo Weiyi?

Shi Yuting frowned listening to his sister's words. "What the hell are you talking about?"

Shi Nuannuan's head exploded because of his sudden words.

Her brother had forgotten about Zuo Weiyi!

"Brother, Wei Yi... Wei Yi is the woman you like..."

Just when Shi Nuannuan was about to tell Shi Yuting about Zuo Weiyi, she suddenly heard footsteps coming from the stairs.

They saw Tengtang Xi walking down the stairs.

She was overjoyed and quickly walked over to Shi Yuting who was on the sofa when she saw him while walking down the stairs.

"Ting, you're finally awake!"

She walked over and sat beside him.

Shi Yuting remained expressionless glancing at the woman beside him.

"Why haven't you left yet?"

Tengtang Xi was a little bit disappointed facing his indifference.

She pursed her lips and smiled. "Grandfather said to leave after you have recovered."

"I'm fine. I will go back to the company tomorrow."

Both Tengtang Xi and Shi Nuannuan's eyes widened after listening to his words.

Especially Shi Nuannuan, she felt bad for him when she heard that he would go back to work tomorrow.

"Brother, why do you want to return to the company so eagerly?!"

Although Di Zun was very busy, he could still rest for up to ten days or even for half a month since he was injured!

"Yeah. You haven't fully recovered from your injury. It's better to stay at home to rest more," Tengtang Xi said.

Shi Nuannuan just glanced dissatisfiedly at her tone of concern.

Who asked her for her opinion?

Shi Yuting turned his head. His face was a bit cold.

"Are you eager to interfere with my affairs?"

Tengtang Xi was shocked and embarrassed by his straightforwardness.

"No. I am just worried about your injury."

“This is my business. You don’t need to worry about it.”

Shi Yuting seemed to be looking for someone after he finished talking.

He did not find his target. He then turned and looked at Shi Nuannuan.

“Where is Xiangyi?”

Chapter 179: Has He Forgotten About Wei Yi?

Shi Nuannuan was a little disappointed listening to the name he had just mentioned.

She thought he was looking for Zuo Weiyi just now. She did not expect it to be Xiangyi.

Had her brother really forgotten about Wei Yi?

How was that possible?

“Xiangyi was injured and was punished by Grandfather. He is now recovering in his home.”

Shi Yuting frowned and his face was cold after hearing that. His mood was bad.

He got up and walked toward the second floor.

Shi Nuannuan involuntarily stood up and shouted. “Brother!”

She wanted to know why he remembered everyone except for Zuo Weiyi.

Shi Yuting stopped and turned back. “Yes?”

“You... really don’t remember Zuo Weiyi?”

Shi Yuting frowned.

“You have been mentioning this name since just now. Who is she?”

Shi Nuannuan was stunned.

He really did not remember Zuo Weiyi.

What the hell was going on?

No, he must never forget Zuo Weiyi who had done so much for him. How could he forget her?

Shi Nuannuan spoke after anxiously thinking about that.

“Brother, Wei Yi is the girl that you care about the most.”

“Ting, you haven’t been fully recovered yet. Why not go upstairs and rest first?”

Tengtang Xi suddenly came over and interrupted Shi Nuannuan. She urged Shi Yuting to go upstairs.

If he had really forgotten about that woman’s existence, why should she let him recall her?

Shi Yuting turned his head slightly and glanced at Tengtang Xi coldly.

His voice was cold as he spoke, “Did I not tell you to not interfere with my affairs?”

Tengtang Xi was slightly startled by his indifference.

“I... I just want you to go up and rest.”

“I don’t need anyone to decide when I should rest.”

Shi Nuannuan smiled proudly when she saw her brother being cold toward Tengtang Xi. Who had allowed her to interrupt her words? She deserved it!

The arrogant Tengtang Xi was embarrassed after being treated coldly by him over and over again.

Although the Shi family had a huge and strong background, the Tengtang family should not be underestimated. How could he treat her like this?

“Shi Yuting, what do you mean?”

“Don’t you understand?”

“You!”

Of course, she understood. But, she wanted to know why he was treating her like this!

If it was not for her the fact that she had helped him in delaying the time last time, could he have left Country C that smoothly?

Tengtang Xi was very angry. He then suddenly calmed down again.

She smiled. “I know you are doing this to make me back off and stay away from you. But, you should understand that our marriage has been decided unless you don’t want to be the president of Country C.”

Without the vote from the Tengtang family, it would be difficult for him to be the president of Country C!

“Really?” Shi Yuting just smiled calmly facing her threat.

He turned and went upstairs after glancing at her.

“Tengtang Xi, you are really brazened. Can’t you see that my brother despises you? How can you still have the face to stay here?”

Shi Nuannuan who was nearby spoke after Yuting had gone upstairs. She just wanted to drive Tengtang Xi away.

She knew that Tengtang Xi had interrupted her just now because she did not want her brother to think about Zuo Weiyi. But she just wanted to spill everything!

Tengtang Xi was very upset seeing the two of them despising her like this. However, she could not refute them. Hence, she was very angry.

Chapter 180: She’s The Woman That Brother Loves the Most

“You... you!”

Shi Nuannuan raised her chin proudly and walked toward the second floor.

Tengtang Xi was so angry that she stomped her foot looking at her smug look!

Shi Yuting was not in the master bedroom. So, Shi Nuannuan went to the study room. Indeed, she saw her brother looking through some documents at the desk.

Shi Yuting looked up when he heard the sound of the footsteps and saw Shi Nuannuan's head.

"Come in!"

Shi Nuannuan pursed her lips and walked into the study room.

"What's up?"

Shi Yuting knew that his sister would not randomly disturb him. She must have something to tell him.

Shi Nuannuan walked to the side of the sofa and sat down.

She wondered why her brother had forgotten about Zuo Weiyi.

"You really do not remember Wei Yi?"

Shi Yuting put down his work and leaned back onto his chair. "Who is she?"

Shi Nuannuan was stunned and felt sorry for Zuo Weiyi.

"She's the woman that you love the most."

Although they were just sex partners, Shi Nuannuan could see that her brother had changed a lot since Zuo Weiyi's appearance.

She believed that Zuo Weiyi was not just a sex partner to him.

Shi Yuting sneered when he listened to her words.

"The woman whom I love the most?" He got up and walked to the sofa. He flicked on Nuannuan's forehead. "Do you think that your brother will fall in love with just any woman?"

Nuannuan looked at her brother next to her.

Did he not believe her?

She was anxious.

"Brother! What I said is true. Zuo Weiyi, do you not remember her?"

Shi Yuting pursed his lips and looked calm.

"Brother, how can you forget Zuo Weiyi? Do you know that when you were injured, she had ignored her weak body and resolutely gave you 400 ml of blood although Zhong Shenghao clearly said that she was anemic? If it was not for Wei Yi that day, you might be dead by now. When you had a high fever, she insisted on not leaving the ice cellar no matter what. She still wanted to see you when she was driven away by Grandfather. How can you forget her?"

Shi Nuannuan could not help crying at the end.

Shi Yuting's heart ached at this moment.

Although he was expressionless on the surface.

"Is that so?"

Shi Nuannuan raised her eyes. She was irritated by his calmness.

"Brother!"

"That's enough. I still need to deal with some work. If you have nothing else to say, just go out."

Shi Yuting got up and returned to the desk after he was finished speaking. He ignored Shi Nuannuan and concentrated on the documents.

Shi Nuannuan had no choice but to leave the study room seeing herself being ignored.

She did not understand why her brother had forgotten only Zuo Weiwei.

Shi Nuannuan felt that she needed to go and ask Zhong Shenghao about it.

She immediately called Zhong Shenghao after returning to her room.

Zhong Shenghao was very surprised when he heard about it.

Earlier, he did say that he might become mentally disabled. But, he just did it to scare Shi Yuting's grandfather and Tengtang Xi. Although there were some cases like this in the past, he was sure that the chances of Shi Yuting becoming mentally disabled were low. But now, he did not become mentally disabled, instead, he had lost his memory.

How was that possible?

Zhong Shenghao rushed to Shi Mansion after hanging up the phone.
