

Kiss Me 1771

Chapter 1771 how satisfying!

After all, ever since they started chasing celebrities, that popular celebrity would stand on the streets and whisper to his female fans?

“I heard that Shen Yu’s whereabouts have been quite mysterious recently. Do you think he has a girlfriend?”

“Could it be that girl?”

“I think so...”

Everyone spoke one after another. Shen Yu and Yin bei naturally heard it clearly.

“It’s not inconvenient to talk here, let’s go in and talk.”

If it was in the past, Shen Yu might have turned around, but he did not know that the second time they met, he wanted to have more interaction with this girl.

Yin bei heard this, but she was a little hesitant.

She was still waiting for Shi Mo, so it was naturally not appropriate to go in first.

If he knew that she went in with Shen Yu, Shi Mo would be unhappy again.

“You’re a big star, go in first, I’m Fine!”

She wasn’t a big star, so there was naturally no need for her to hide in there.

Shen Yu was also here to eat, so seeing that she had tactfully rejected him, he naturally did not force her. Instead, he turned around and walked straight into the restaurant.

After Shen Yu left, the group of female fans looked at Yin bei and gradually dispersed.

Not long after, they saw Shi Mo’s tall and well-built figure approaching from afar.

Upon seeing him, Yin bei smiled sweetly!

The corners of Shi Mo’s lips also curved into a perfect arc, his eyes filled with doting love for her!

“Let’s go in.”

Holding her hand, the two of them walked side by side into the restaurant’s main door. It was like a beautiful scenery in a painting, especially eye-catching.

Shi Mo did not want to be disturbed, so he booked a private room.

After ordering two sets of steak, Yin bei was really hungry. She ate in large mouthfuls, feeling that one set of steak was really too little, and it was simply not enough to fill her stomach!

Knowing that she had not eaten breakfast, Shi Mo called the waiter over and ordered another set, as well as some snacks.

“Phew... I’m so satisfied!”

It was only after she had finished eating that Yin bei felt satisfied with her life!

Shi Mo curled his lips slightly and looked at the time. He still had something to deal with in the afternoon.

“Do you want to go shopping for a while or go back to the hotel?”

Yin bei looked up at the man opposite her. She knew that he was here to do something, so she did not want to waste his time.

“Let’s go back to the hotel!”

“Not going for a Stroll?” He was afraid that she would be bored if she stayed in the hotel.

Yin bei smiled and shook her head. “I want to go back to the hotel and take a nap!”

When she said that, Shi Mo naturally thought that she had not slept enough, so he did not force her. Instead, he got up and pulled her out of the restaurant.

After sending her back to the hotel, Shi Mo went to the office, but Yin bei did not go to bed.

She had just woken up not too long ago, so she might really be able to fall asleep. The reason why she said that was because she did not want him to worry that she would feel bored when he was not working.

She sat on the sofa and turned on the television. Although she had graduated from university, she was really not used to watching television overseas.

Should she play with her phone for a while?

With this thought in mind, Yin bei took out her phone again. However, after playing for a while, she could not drink and chat with Shi Mo. she was afraid that she would disturb him, so she did not seem to have anything to play with.

How about... going to the pedestrian street downstairs?

When she came back just now, she saw that there was a pedestrian street not far from the hotel. How about going there to kill some time!

It was October, and it wasn’t very hot anymore.

Yin bei was wearing a pure white chiffon dress, giving off the aura of a young girl.

In an unfamiliar city, an unfamiliar street, she walked alone on the streets that were full of flowers, admiring the castle-style buildings here.

Chapter 1772 tornado

Yin bei came to the overpass and looked down at the bustling metropolis. She sipped her milk tea and enjoyed the view.

Perhaps she was tired from walking, so she sat down on a flower bed in the middle of the square and prepared to take a short rest.

Before she knew it, the sky was dark and dark clouds were gathering.

It looked like it was going to rain.

Yin bei raised her head and looked at the dense clouds in the sky. In a short while, the wind was getting stronger.

Seeing this, Yin bei quickly got up and planned to return to the hotel.

It was already past three in the afternoon, but the sky was abnormally dark.

When she looked up again, she saw that the originally lively square had disappeared without a trace.

Strange, why was there no one in a short while?

She looked around again and found that some of the shopping malls and shops on both sides of the street had started to close one after another.

Yin bei was stunned. She had not figured out the situation yet.

Was it her imagination? Why did she feel like a monster was about to attack the city?

“Hey! Why aren’t you going back quickly? The tornado is about to pass through here!”

Suddenly, an unfamiliar voice sounded from behind her. Yin bei turned around and saw a blond man speaking fluent English.

In the blink of an eye, after the golden-haired man hurriedly left his words, he gradually disappeared from Yin bei’s line of sight.

Tornado?

Yin bei was still stunned on the spot. She had indeed heard that country Y was a country where tornadoes were more frequent.

The more she thought about the tornado phenomenon that she had only seen in movies, the more Yin bei could not help but feel a little afraid. She swallowed a few mouthfuls of saliva.

Following that, her imagination started to run wild: would she be taken away by the tornado without Shi Mo knowing?

The moment she thought about how she had been blown away by the tornado to the ends of the Earth, Yin bei started to panic a little. She hurriedly quickened her pace and walked towards the direction of the hotel!

At this moment, on the bustling streets, she could vaguely see a few figures fleeing in a panic. The sky was getting darker and darker, and the violent winds were beginning to bared their fangs and brandished their claws!

Hearing the whistling sound of the violent winds, Yin bei really began to panic and quickened her pace!

However, in less than three minutes, the entire sky had turned completely dark. When she was taking a walk just now, she was already far away from the hotel. If she were to walk back now, it would probably take about ten minutes.

Drip, Drip, drip..

Bean-sized raindrops began to fall from the sky, soaking Yin bei's thin chiffon dress.

She covered her forehead with her hand and tried to run toward the hotel!

Strange..

Yin bei ran to an intersection, but she suddenly stopped.

Which direction did she run to just now?

It was her first time here, and Yin bei actually couldn't tell the direction of the road..

Damn it!

She wanted to find someone to ask, but she realized that there wasn't a single person on the quiet and Dark Street.

When she thought about how the raging tornado was about to attack this city, Yin Bei's heart was filled with fear!

She didn't want to be swept away by the tornado!

At this moment, her phone rang.

Yin bei stopped and took out her phone. She saw Shi Mo calling.

"Hello? Shi Mo..."

"Where are you?" On the other end of the phone, Shi Mo's voice was clearly a little anxious!

He had just left the conference room when he found out that there was a tornado attacking this place today. In the past, he would rarely attack the city center directly.

When he thought of Yin bei who was still alone in the hotel, his heart was naturally filled with anxiety!

Chapter 1773: Anxiety Gnawed at her heart like thousands of ants!

"I..." Yin bei raised her head and looked at the city that had already darkened. She was even more confused about her direction. "I don't know where I Am..."

Hearing this, Shi Mo's heart felt heavy.

"You don't know where I am? You're not at the hotel?"

"I, I was so bored in the afternoon that I went out for a walk. But it's so dark now, I... I can't find the way back to the hotel."

Shi Mo gripped his phone tightly and turned his head to look out the window.

But it was already past three in the afternoon, and the sky was already so dark?

When he thought of her alone on the street, Shi Mo's heart became even more uneasy!

"Look at the buildings or signboards around you, they're more eye-catching."

Listening to Shi Mo's anxious voice on the phone, Yin bei raised her head, wanting to find something more eye-catching. However, the sky was too dark, so she couldn't see it clearly.

All of a sudden, an eye-catching signboard appeared in her line of sight!

"There's a place called the sky and sea building..."

"Walk in that direction. The hotel we're staying at is next door."

Hearing this, a glimmer of hope finally ignited in Yin Bei's heart, and she strode towards that direction!

"Bei, keep walking forward. Run as fast as you can!" Over the phone, Shi Mo's voice was clearly very anxious!

He knew how destructive the tornado was. This time, he had heard that it was a surprise attack, so he had no idea what level it was at.

"Alright..."

Looking at the raging wind that seemed to be about to engulf her lithe body, Yin bei's voice could not help but tremble in fear.

"When you reach the hotel, don't go up. Go to the underground parking lot!"

"Alright... I know —"

Yin bei held the phone. The darker the sky was, the more she did not dare to cut off the phone. It was as if if she hung up the phone, she would never be able to see Shi Mo again.

However, before she could finish her sentence, the call was suddenly cut off.

Feeling a wave of panic in her heart, she took the phone down. It was actually out of battery?

"Bei? Yin Bei?"

Looking at the phone that had suddenly broken off, Shi Mo's heart sank into madness!

Damn it!

He held his phone tightly and rushed out of the company building.

The assistant behind him could not help but feel anxious when he saw this.

"Young Master Mo, you can't Go Out Now!"

However, the assistant's dissuasion did not have any effect. Shi Mo seemed to not hear his words and rushed out of the company building!

Outside, there was already a raging wind and heavy rain pouring down, instantly drenching Shi Mo's handmade black suit jacket!

The Black Maybach sped away from the entrance of the company building and sped all the way to the street where Yin bei was standing just now.

However, when he arrived here and did not see her figure, Shi Mo's heart became even more anxious!

Just now, from the phone call, he could hear her trembling voice due to fear. Every sound was tearing his heart apart.

"Yin bei!"

Standing in the middle of the storm, Shi Mo shouted Yin bei's name loudly as if he had gone mad. He wondered if she was hiding in a corner, curled up in fear.

The more he thought about it, the more his heart felt like it was being gnawed by ten thousand ants!

"Yin bei! ! Where are you? Quickly answer me!"

After searching for nearly five minutes, he still did not see Yin bei. At this moment, the sky had clearly become a little strange.

He turned his head, and not far from the horizon, a scene that looked like a flying dragon sucking water appeared in mid-air. His expression froze, and he knew that it was the so-called tornado.

"Yin bei, where the hell are you..."

His heart seemed to be going crazy, causing him to feel so much pain that he wished he could die!

chapter 1774 There was actually a person under!

All of a sudden, Shi Mo seemed to have thought of something. After a moment of shock, he quickly got into the car and sped towards the direction of the skysea Building!

At the same time, in the underground parking lot of the hotel.

Listening to the howling wind outside, it was Yin bei's first time experiencing a tornado. Her heart could not help but feel even more terrified and uneasy!

She heard other noises coming from outside.

Yin bei thought that there should be other people hiding here!

Because this one was very dark, she wanted to find the organization out of fear. After all, there were many people, so she had more courage!

However, just as she passed behind a pillar, a hand suddenly grabbed her arm!

"Ah! !"

She was originally a frightened bird, but when she felt a hand suddenly grab her, she instinctively let out a hysterical scream!

This scream, along with the howling wind outside, caused the other people hiding in the underground parking lot to think that a tornado was coming. In an instant, they fell into chaos and began to scream!

In an instant, the entire underground parking lot was in chaos, and the crowd began to go berserk!

In the blink of an eye, the originally dark parking lot suddenly fell into darkness!

Kacha!

Yin bei, who had fallen into the darkness, felt her body stiffen. When she raised her head again, she could no longer see her fingers.

What happened? Why was the electricity cut off again?

“Ah!”

Screams rang out in all directions. Yin bei did not know what hit her. With a low cry, she fell directly to the ground.

“AH.”

However, she thought that she would fall directly to the ground, but she did not feel any pain for a long time.

Eh? There was something under her body..

She touched it with her hand, and it was actually a person!

In the next second, Yin Bei’s eyes widened, and she instinctively got up, wanting to jump away!

However, the moment she got up, her body was once again grabbed by someone!

At this moment, the crowd that was screaming crazily had already gradually left Area C, and Yin bei vaguely heard a laborious weibo voice.

“Help me...”

Her body froze, and her movements froze.

Who Was It?

“Who, who are you?”

Although the emergency light was on, Yin bei could not see the figure lying on the ground due to the pillar blocking the weak light.

The man lying on the ground seemed to be injured, but she vaguely felt that the voice was somewhat familiar.

Immediately after, a blinding light shot over, making Yin bei unable to open her eyes. She instinctively raised her hand to block the strong light.

“It’s you...”

Eh?

Why did this voice sound familiar?

Hearing a slightly familiar voice, Yin bei lowered her arm and looked at the man lying on the ground.

It was only when she saw his face that Yin bei's eyes widened in shock!

It was actually Shen Yu! The award-winning actor who had become famous all over the world!

Why was he here?

And from the looks of it, he seemed to be injured..

"You, what happened to you?"

As soon as he finished speaking, the dark parking lot suddenly lit up again!

Shen Yu, who was on the ground, was like a frightened lion. He suddenly stood up and walked to a corner not far away, pulling Yin bei along with him!

"Hey! What are you doing!?"

Being pulled forward by him, Yin bei could not break free for a moment!

However, Shen Yu just kept pulling her forward.

In the blink of an eye, Shen Yu pulled her to a Maserati Levante. Before she could react, he had already pulled her into the car!

"Hey! What are you doing—"before Yin bei could finish her sentence, she saw that something was wrong with Shen Yu.

Chapter 1775: Getting Shen Yu's medicine

Yin bei was shocked. "Hey, what... What Happened to you?"

"Drive..."

Shen Yu's body started to tremble as he struggled to say the word.

Yin bei had no idea what was wrong with him. It didn't look like he was injured, but more like... asthma?

But it didn't look like it.

"Hurry up and drive!"

As if he had lost his water source while walking in the desert, Shen Yu's condition became worse and worse. He couldn't help but let out a low roar.

What was wrong with him?

Yin bei, who was in a panic, panicked for a moment.

"Go to my apartment and get the medicine, please..."at this moment, Shen Yu's tone had a hint of pleading.

Get the medicine?

Only then did Yin bei come to a realization. Last time, she seemed to have seen him take the medicine. Was it really because he was sick?

Thinking of this, with human lives at stake, Yin bei did not dare to hesitate any longer. She quickly reached out to pick up the car keys in Shen Yu's hand, then started the car and sped away from the underground parking lot.

At this moment, it was a coincidence with Shi Mo who had entered through the entrance.

The Blue Maserati Levante was speeding down the dark street like a gust of wind, but Yin bei did not know where his apartment was.

"Hey, Where's your apartment? Tell Me First, this is my first time in y nation, so I don't know the road here at all."

As she looked at the car, she looked at Shen Yu, who was lying in the passenger seat. His twitching appearance made her a little afraid.

"Voice input into Celebrity Park..." a faint voice came from the passenger seat.

After Yin bei heard it, she quickly entered the words 'Celebrity Park' into the navigation device.

Soon, a route appeared on the central control screen!

Following the route, Yin bei increased her horsepower! She had long forgotten about the tornado.

But at this moment, the originally dark world seemed to gradually brighten up. Other than the heavy rain that was still pouring down, the wind also gradually weakened.

Ten minutes later, the car successfully arrived at the Celebrity Park.

As soon as Shen Yu opened the car, his entire body rolled down.

Yin bei, who was in the driver's seat, turned pale with fright. She hurriedly opened the car door, went to the front passenger seat door, and helped Shen Yu up from the ground.

With her help, the two of them arrived in front of a two-story tall villa.

"The password is 3199."

Upon hearing Shen Yu's voice, Yin bei hesitated for a few seconds before entering the password.

With a click, the door opened.

As soon as he stepped into the living room, Shen Yu rushed towards the second floor. He stumbled and fell down again before reaching the staircase.

Seeing this scene, Yin bei had no reason to stand by and watch. Furthermore, he was an actor that she had always loved! Without thinking, she rushed over and helped Shen Yu up from the ground!

"Let me help you!"

Shen Yu was tall, and Yin bei could not carry him at all. She could only help him to the second floor, which was on the verge of collapse!

When they reached the room, Shen Yu rushed to the bedside table, took out a small bottle, and sucked on it a few times.

Since his back was facing Yin bei, she could not see his movements clearly. From the back, she could tell that he was taking medicine.

“Are You... feeling better?”

From his back, it was obvious that his trembling had subsided. Yin bei couldn't help but ask.

Shen Yu's condition was indeed much better than before. After hearing Yin Bei's voice, his back suddenly stiffened.

He carefully put the small bottle back into the drawer and closed his eyes. After taking a deep breath, he became much more energetic.

Then he turned his head and looked at Yin bei who was still standing there.

Chapter 1776: An Anxious Heart

Seeing his sudden change, Yin Bei's heart was finally at ease.

“Thank you.”

Hearing his thanks, Yin bei smiled calmly, “It's no problem, you're welcome!”

Shen Yu did not say anything else, but he paid more attention to the little woman in front of him.

He was glad that when he was hiding from the tornado in the parking lot, he met this girl. Otherwise, if others knew about it, his acting career would probably end here!

“Since you're fine, I'll go back.”

Yin bei was about to leave as she spoke.

She did not know where Shi Mo was at the moment. could he have already returned to the hotel?

If he could not see her, he would definitely be very anxious.

“Wait!”

Just as Yin bei turned around, Shen Yu suddenly called out to her.

She turned around when she heard him and stared at Shen Yu in confusion.

“What's Your Name?”

Yin bei was stunned for a moment. She hesitated for a few seconds before answering, “Yin bei.”

“Z Nation?” Shen Yu concluded from the color of her skin.

“How can you tell?”

“Because I’m the same.”

Yin bei was a little surprised when she heard that.

“You’re the same?”

“Yeah!” Shen Yu smiled. It was different from the smile in front of the other fans. It was a smile that came from the bottom of his heart.

Looking out of the window, it was already bright. Compared to the tornado, it was already far away.

It probably didn’t attack the city center.

“Let me send you back.”

At this moment, the people of City y were probably still traumatized, so there was no way for them to get a taxi back.

“No need, I’ll get a taxi myself!” Yin bei replied politely.

“There shouldn’t be any cars outside right now. Or, do you want to stay here for a while and wait until city y is calm and all the taxis have come out before heading back?” Shen Yu looked at her and asked with a smile.

Yin bei was stunned!

If she waited until then to go back, Shi Mo would probably go crazy if she wasn’t in a hurry!

“That’ll be troublesome!”

She smiled awkwardly, then turned around and walked downstairs.

On the other side.

Shi Mo, who was in the underground parking lot, could not see Yin bei’s voice even after the storm had subsided. His heart was like an ant on a hot pot, flustered!

However, he had searched the entire parking lot and there was no sign of her at all!

Whether it was an accident or he had already returned to the hotel, Shi Mo, who was standing in the elevator, felt as if a sharp knife was digging into his chest, piercing his heart to the bone!

Where the hell are you..

With a ding, the elevator door opened. Shi Mo, who had regained his senses, rushed out as if he had gone mad!

As he did not have Yin bei’s room card, he could only knock on the door non-stop.

Bang! Bang! Bang

The knocking sound almost resounded throughout the entire corridor!

“Bei! ?”

Bang! Bang! Bang

“Bei! Are You in there? Answer Me!” That hoarse voice was filled with endless anxiety!

However, what responded to him was silence.

His heart became even more flustered. This was the first time he had felt so helpless that he was unable to bear it.

“S H T!”

His heart felt as though it was being strangled by a knife. The never-before-seen flustered feeling almost swallowed him up!

“Bang!”

A circle smashed fiercely against the wall, but he did not feel the slightest bit of pain.

The next second, Shi Mo turned around again, wanting to go downstairs to search.

Just as he walked to the elevator entrance, the door opened automatically. Following that, two figures crashed into his line of sight.

The instant he saw Yin bei, Shi Mo’s heart froze. His next action was to pull Yin bei out and pull her into his embrace. He hugged her tightly, as if he was afraid that in the next moment, she would slip away from his fingertips.

Chapter 1777 she was with me just now

This was the first time she had been hugged so tightly by him. Yin bei seemed to have felt his anxiety. She could even faintly feel his slightly trembling arms.

This was the first time she had seen Shi Mo like this.

“Shi Mo...”

She whispered, as if she was afraid of startling him.

Shi Mo closed his eyes and buried his face in her neck. It was as if only by being quiet like this could he feel her true existence.

“You’ve made my heart so flustered. I’ve never been so flustered before.”

Hearing his hoarse voice, he trembled slightly and instantly touched Yin bei’s heartstrings.

“I’m sorry, I...”

Only then did Shi Mo release her, his fiery eyes still filled with lingering fear.

“Where have you been?”

As he finished speaking, he realized that there was another figure standing behind Yin bei.

He instinctively raised his eyes and looked over Yin bei’s head, looking at Shen Yu who was still standing there.

Instantly, the worry in Shi Mo's eyes disappeared and was replaced by a gloomy look.

"Mr. Shi."

Out of courtesy, Shen Yu greeted him.

However, Shi Mo did not pay attention to him. His gaze fell on Yin bei's clear eyes.

"Where did you go just now?"

It's over!

Yin bei cried out in her heart.

He was so anxious just now. If he knew that she was with Shen Yu while he was burning with anxiety, would he be angry and jealous again?

Thinking of this, Yin Bei's answer was naturally a little hesitant.

"I was just..."

"She was with me just now."

Yin Bei was still hesitating on how to explain, but Shen Yu actually spoke up.

She was stunned and turned her head to look at Shen Yu.

Meanwhile, Shi Mo's sinister gaze landed on Shen Yu's face!

"Shi Mo, don't misunderstand. It was just a coincidence. When we were in the parking lot just now --"

"Yin bei."

Before she could finish her sentence, Shen Yu interrupted her again.

Yin bei roared in her heart!

Could she not interrupt her at such a crucial moment? This will only make Shi Mo even angrier!

But just as she was about to continue explaining, Shen Yu spoke.

"If he believes you, he doesn't need your explanation."

Yin bei turned her head, feeling a wave of confusion from his words, her brows slightly furrowed.

Glancing at the two people in front of him, Shen Yu turned around and walked into the elevator.

Only after the door was closed did Yin bei turn her head.

However, her gaze once again knocked the jealousy out of Shi Mo's heart!

Her reluctant gaze seemed to be reluctant to part with Shen Yu. However, Yin bei only regained her senses after a long while because she was still stunned by Shen Yu's words.

In the end, when she turned around, she saw Shi Mo release her and walk straight to his room!

“Shi Mo!”

She knew that he was angry, so she quickly followed him.

However, Shi Mo’s footsteps were extremely fast, and she almost had to jog to catch up!

“Shi Mo, Wait for me! Shen Yu and I are really a coincidence...”

Using his card to open the door, Shi Mo walked straight in. He did not close the door casually, knowing that she was still behind him.

Without thinking, Yin bei jumped in and grabbed his arm!

She said coquettishly, “Shi Mo...”

“Coincidence?”

Shi Mo suddenly turned around and slammed Yin bei who had just walked in onto the door!

Yin bei was stunned. She looked up at his dark eyes and nodded, “Yes, coincidence!”

“So coincidental that you even know your name?” His dangerous gaze was extremely aggressive as it pressed down on Yin bei!

Chapter 1778 “The illusion of a hungry wolf pouncing on its prey”!

Upon meeting his gaze, Yin bei instinctively swallowed her saliva.

Name?

Uh, that Shen Yu did call her name in front of him just now.

Now, it was even more unreasonable!

“No, when I saw him in the parking lot earlier, he happened to be ill, and he didn’t have any medicine, so I acted as the driver to send him home to get the medicine...”

“You mean you went to his house?” Shi Mo’s eyes were slightly twisted, filled with the smell of gunpowder!

”...”

It was over, it was getting worse!

Looking at the clear jealousy on his face, Yin bei did not know how to explain. It seemed like the more she explained, the messier it got!

“Shi Mo, at that time, a person’s life was on the line. I only sent him back to get the medicine in a moment of desperation... besides, there’s nothing between me and Shen Yu. Why are you so angry...”

As she spoke, Yin bei pouted her lips with some grievance.

However, the words ‘life on the Line’ and ‘nothing’ unintentionally made Shi Mo’s heart sink even deeper.

“Life on the line, then do you know how anxious I was when I couldn’t see you?” He suddenly stared at her with a firm gaze, losing his usual gentleness.

Yin bei was stunned.

At the instant the call was cut off, he must have thought that something had happened to him, right?

In an instant, Yin Bei’s heart softened.

As expected, the more she spoke, the more chaotic it became.

However, Shi Mo was still angry. How could she explain this matter clearly so that he wouldn’t be angry anymore?

Yin bei’s gaze suddenly fell on his sexy thin lips, which were slightly pursed.

In the next instant, she suddenly stood on her tiptoes and took the initiative to kiss him..

Shi Mo was slightly stunned by her sudden kiss.

However, even though she took the initiative, he did not intend to let go of his anger. He reached out his hand and was about to push her away.

However, Yin bei, who sensed his actions, hugged him even tighter. It could be said that her entire body was hanging on to him like a clingy octopus!

“Stop fooling around.”

In the face of her initiative, no matter how angry Shi Mo was, he was unable to resist. Naturally, his tone softened.

“I’m not fooling around!”

She released his lips and stared at him with her black pupils. She was incomparably serious.

If it was more wrong to say too much, why not replace it with a kiss!

However, Yin bei did not know that this kiss had become the fuse that caused him to abstain from sex for more than two years!

As the sound of her voice faded, she kissed him once again. With more than two years of experience, it was obvious that she had become much more proficient in taking the initiative to respond to him.

The angry Shi Mo might still have some resistance in the beginning, but he was still a man after all, especially in front of her. The two years of abstinence was like torture. It wasn’t easy for him to endure until she graduated from university. He didn’t want to endure any longer!

The kiss changed from passive to active, becoming increasingly intense and crazy!

Very quickly, Yin bei was unable to withstand it any longer, and her entire body went limp. She could also feel that the Shi Mo today was slightly different.

Compared to the past, the him today seemed to be even crazier!

Why did she have the illusion of a 'hungry wolf pouncing on its prey'?

"En..."

She couldn't help but mutter, and even Yin bei herself was shocked.

Was that voice really coming from her?

Her muttering caused Shi Mo's body, which had been abstinent for twenty-four years, to instantly swell up!

The kiss became even more intense. From her lips to her sexy collarbone, it was slowly being invaded by him..

Yin bei tightly tugged on the clothes on his back. It was as if if she were to let go, her entire body would collapse to the ground, and she would not be able to stand at all!

"Shi Mo... You..."

That familiar heat came again, corroding her, it was so uncomfortable..

Chapter 1779 we're getting married

The strength of her fingers tightened slightly, and she felt her legs go soft. She really couldn't stand anymore.

Just as her body was about to slip out of control, Shi Mo suddenly picked her up!

His eyes were fiery red, and his voice was hoarse. "Let's get married."

"..."Yin bei, who was still gasping for air, was stunned. Before she could react, she was already carried by him into the bedroom!

Next, Yin bei felt that warm palm slip into her pure white chiffon shirt through her dress..

Even though she was slow-witted, she knew what he was going to do next. was that why he said 'Let's get married' just now to make her feel at ease?

Before she could think about it carefully, Yin bei felt a chill down her body in the next second, and a warm body sensation came from his body.

His kiss spread throughout her body, leaving behind traces of his invasion.

Yin bei, who had just experienced human affairs, did not know that the pain that awaited her was like tearing flesh.

However, just as she thought that the pain would last until the end, it suddenly subsided and was replaced by an unprecedented sense of pleasure and comfort.

..

After three hours of lingering and insatiable love, when she woke up, it was already pitch-black outside the window.

The Sky in country Y was peaceful after the storm, just like Yin bei who was lying in bed exhausted at the moment.

So tired... so sour... so painful..

At this moment, these three feelings represented Yin bei's current situation. She really couldn't even muster the strength to wiggle.

Who was the one who said that such a thing was very enjoyable? Why did she feel that it wasn't bad at the beginning, but later on... It was simply life's torture!

She slept all the way until 8:20 pm. Yin bei only felt tired, and all the bones in her body seemed to have been reassembled. She also didn't feel hungry.

Until the door was pushed open, she was too lazy to open her eyes when she heard the sound of footsteps.

After all, there was no one else in this room other than Shi Mo..

However, the reason why she did not want to open her eyes was because she was really too tired.

Walking to the bedside, Shi Mo sat down and looked at her with eyes that were as gentle as jade. His voice was gentle and filled with doting.

"Not Hungry?"

It was already so late. If it were any other time, she would have long cried out that she was hungry.

Hearing his voice, Yin bei finally opened her heavy eyelids with difficulty. However, the moment she saw Shi Mo, the lingering wind and rain from before instantly surged into her mind, causing her face to instantly turn red!

Putting away her shyness, Yin bei glared at the man in front of her. Wasn't this the first time that all men were feeling rather good? Why could she do it for such a long time?

Ah Pui!

What filthy thing was she thinking about!

"I'm Not Hungry!"

"But it's already past eight o'clock. Aren't you afraid that you'll collapse if you don't Eat?" Looking at her tired appearance, Shi Mo's heart ached once again.

However, he had waited for more than two years, and he couldn't bear to let go of her.

"Isn't that all your fault!" She pouted and looked unwilling.

However, he smiled dotingly. "Yes, it's all my fault, so why don't you get up and eat?"

There was a hint of coaxing in his gentle voice.

Yin bei immediately softened.

"I want to drink water." She looked at him and liked his gentleness.

He pursed his thin lips, turned around, and walked to the outer hall. He poured a cup of warm water over.

After drinking the cup of water in one gulp, Yin bei instantly felt much better, and a faint sense of hunger came from her stomach.

She took a shower and changed into a set of home clothes. When she came out, the dining table was already filled with dinner.

At first, she did not feel very hungry, but now that she smelled the fragrance that filled the air, Yin bei's appetite seemed to have improved, and she ate with relish!

Chapter 1780 Your Room, I'm leaving

After a meal, it was already nine o'clock in the evening.

Although she had experienced the passion of the afternoon, Yin bei felt that it was already late at night. Since this was Shi Mo's room, it was only natural for her to return to her own room, right?

With this thought in mind, she turned her head and looked shyly at the man who was still handling some matters with his notebook beside her.

Seeing that he was working seriously, Yin bei did not disturb him. Instead, she stood up gently from the sofa, planning to leave quietly just like that.

"I'm Leaving Your Room."

Yin bei had just walked to the door when the hand that was reaching out to turn the doorknob suddenly stopped.

Then, she turned her head and looked at the man who did not even lift his head up from the sofa in surprise.

Her room had left?

Her large pitch-black eyes blinked twice as she stared unblinkingly at the man not far away.

At this moment, Shi Mo finally stopped what he was doing and turned his head to stare at her. "If you're tired, go to sleep first."

Yin bei stood where she was, her entire body still in a daze.

If you're tired, go to sleep first? So he wanted her to sleep in his room tonight?

Pursing her lips, she stole another glance at the man. Without thinking too much about it, she really walked towards the master bedroom step by step.

Retracting his gaze, Shi Mo continued to deal with his work.

Closing the door, what greeted her eyes was the large european-style bed that she had slept on in the afternoon. A blush crept up her cheeks once again.

Turning her gaze, she noticed a familiar suitcase. It was hers.

What the heck, she had even moved her things over!

Yin bei stretched her body. The moment her body touched the bed, a lazy feeling came over her.

After finding a comfortable position, Yin bei unknowingly fell asleep.

She did not know when Shi Mo had come to sleep, but she had fallen into a deep sleep.

..

Until the next morning, the soreness in Yin bei's body had finally lessened quite a bit.

After waking up early in the morning, she was still lazy. As she turned around, she let out a comfortable grunt, and in the next second, she felt her hand touch an 'object'!

Before she could open her eyes, that deep and magnetic voice sounded.

"You're Awake?"

Yin bei quickly opened her eyes. What greeted her eyes was a face that was so handsome that it made people and gods angry!

"Mm..."

The two of them met each other's eyes. The corners of his lips curled up into a beautiful arc. Following that, he could not help but tilt his face over and give her a light kiss on the forehead.

"I'll be returning to the country this afternoon."

"So Soon?" She thought that she would be staying for at least a week.

She subconsciously asked back, but it made Shi Mo smile meaningfully. His long and narrow eyes hooked onto her. "Why? Do you want to stay here with me for a few more days?"

Yin bei paused. After a long while, she finally realized the true meaning of his words, and she was instantly embarrassed beyond words!

"I'm Not!"

Her embarrassment turned into anger, and it made him laugh coldly.

His phone rang, cutting through the ambiguous atmosphere.

The familiar ringtone made Yin bei realize that it was her phone.

She took the phone and saw the word 'mother' on it.

"Mother!"

"Bei bei!" Nian Yuqing's anxious voice came from the phone. "Are You Alright!?"

Hearing her mother's sudden words, Yin bei was still a little stunned.

“Me?”

“I heard that there was a tornado over there yesterday. Are You and Shi Mo Alright? Ah?”

Nian Yuqing was busy when she suddenly heard the customers talking about the time of the tornado in country Y, and it happened to be in the city where her daughter and Shi Mo were staying. She was so scared that she lost two and a half souls! She quickly dialed the number!
