

Kiss Me 401

Chapter 401: I Have Good Immunity!

“You cannot finish it?” Shi Yuting asked as he looked at her.

“Yes.”

Then, Zuo Weiyi saw him scooping a spoonful of porridge before he put it directly in his mouth.

She could not help but stare at him!

She had just used that spoon!

“Shi Yuting, that... that is the spoon that I just used...”

“I know.” Shi Yuting looked at her as he completely disapproved of the surprised look on her face.

“You will catch a cold too...” Zuo Weiyi bit her thin lip gently as she looked at him worriedly.

“It’s okay. I have good immunity!”

She was speechless. No matter how good his immunity was, how could he possibly defeat this kind of direct infection?

After that, both of them continued eating the porridge together. Each of them took one spoonful of food, each at a time before they finally finished the entire bowl of porridge.

After lunch, Shi Yuting left the presidential villa. Zuo Weiyi continued resting in her bedroom.

Later that afternoon, she fell asleep as she felt a little groggy. When she finally woke up, it was already late in the evening.

In winter, night fell quickly.

It was only 5.40 pm in the evening but there were already stars outside the window.

Uncle Yu suddenly came and knocked on her bedroom door. After knocking twice, Uncle Yu pushed the door open directly as he thought that Zuo Weiyi would still be fast asleep.

As soon as he walked into the bedroom, he saw her sitting up on her bed. Uncle Yu could not help but smile as he said, “Miss, you are awake! Are you feeling better now?”

Zuo Weiyi felt very moved by Uncle Yu’s concern.

She nodded and said, “Well, I feel much better after sleeping!”

“Do you want me to bring dinner up to you, or...”

“I will get up and go down to eat!” After that, Zuo Weiyi lifted up her quilt before she walked toward her closet as she intended to change into a set of home clothes.

When Uncle Yu saw that Zuo Weiyi’s condition had already improved a lot, he was also very happy.

“Then, I will take my leave.” After that, Uncle Yu turned around and went downstairs.

After changing into a simple loose gray sweater and jeans, Zuo Weiyi went downstairs immediately. She also used a colored elastic band on her wrist to tie up her slightly curly chestnut-colored hair. She looked a lot more energetic now.

As soon as she entered the dining room, she saw that Zuo Yi was already sitting at the head of the dining table.

“Weiyi, are you feeling better now?” Zuo Yi felt an unspeakable sense of affection when he saw his granddaughter.

“Yes, I am feeling much better.” Zuo Weiyi smiled before she sat down beside him.

After they were done eating dinner, Zuo Weiyi was already completely energetic. That night, Zuo Weiyi and Zuo Yi sat in the living room as they watched television together for a short while.

The clock showed that it was already nine o’clock and Zuo Yi was already feeling tired. Therefore, he decided to go upstairs and rest.

“I will help you upstairs!”

“No need. Grandpa is not that old yet.” When he saw that his granddaughter was enjoying the drama, Zuo Yi did not want to disturb her. “Go on and carry on watching your drama.”

After he was done speaking, Zuo Yi turned around and headed upstairs with his walking stick.

When his figure finally disappeared at the top of the stairs, Zuo Weiyi turned around as she continued watching her Korean drama.

Shi Nuannuan was the one who recommended her to watch this drama when they were chatting.

Zuo Weiyi heard that Shi Nuannuan had already gone back to Country Z, and she even went there with Xiangyi this time.

As she thought about Country Z, Zuo Weiyi suddenly had the urge to go back too.

After all, she had not seen her mother for a long time.

When it was a little past ten, Zuo Weiyi was finally done watching her television drama. She was already preparing to go upstairs to rest when the doorbell suddenly rang.

She stopped to look at the time on the clock that was on the wall. It was already so late. Who could it possibly be?

As she thought about it, Zuo Weiyi walked over to open the door. At this time, Uncle Yu who has also heard the doorbell, walked out of his room wearing a coat.

“I got it!” Zuo Weiyi smiled at Uncle Yu as she did not want him to go out because the weather was cold.

Zuo Weiyi walked toward the door as she tapped in the password on the wall before she opened the gate.

Chapter 402: I Can’t Sleep Without Her

A dark figure walked toward her from not too far away. Zuo Weiyi could not make out the face of the person in the dark night. However, she felt as though the figure looked extremely familiar.

It was only when the figure arrived at the door completely that she finally saw the handsome face because of the light in the living room. Zuo Weiyi finally realized who it was.

“Why are you here?”

Zuo Weiyi could not help but frown because she was extremely surprised that Shi Yuting would appear so late at night.

“I could not sleep.”

Zuo Weiyi was slightly taken aback. He could not sleep?

The wind was piercing on this cold winter night. Shi Yuting was only wearing a simple set of casual home clothes but there was no way to hide his cool and handsome face at all!

He came straight from home. There was a heater in the car, so he did not feel cold at all. However, after standing out here for a moment, he could not help but feel a little cold.

He glanced at the person who was in a daze in front of him before he walked right into the house.

After that, Zuo Weiyi closed the door behind them.

When Uncle Yu saw Shi Yuting walking through the door and into the living room, he could not help but smile to himself.

He knew very well that even though the president was acting like he did not like Shi Yuting at all, he had already subconsciously accepted the fact that this was his grandson-in-law.

Uncle Yu naturally felt very happy for the young lady.

After glancing slightly at both of them, Uncle Yu turned around and walked back into his bedroom.

“It is already so late at night. Why did you suddenly come here?” After closing the door behind her, Zuo Weiyi walked over and asked the man who was sitting on the sofa.

However, Shi Yuting who was sitting on the sofa looked a little annoyed!

He actually had to be separated from his own wife every day! He could not help but feel a little angry and frustrated when he thought about it!

He turned around and glanced angrily at the woman who was standing in front of him!

“Don’t you think that your grandfather is a completely unreasonable person?”

Zuo Weiyi was stunned. What was wrong with him? He was acting as though her grandfather owed him hundreds of millions of dollars.

“What is wrong with you?” Zuo Weiyi asked patiently, as though she was coaxing a young boy.

“I do not want to be separated from you!”

Zuo Weiyi froze again.

Actually, she did not want to be separated from him either.

However, she finally got acquainted with her grandfather after such a long time. When she found out that he had no family at all at the very beginning, Zuo Weiyi already felt that her grandfather must be a very lonely old man. Now that she had already found out that she was his only family in this whole world, she could not bear to leave him alone.

“But if I leave, Grandpa will be very lonely then.”

People often say that they feel even lonelier when they get older, let alone an old man who had no wife or children at all.

Moreover, they were in Country C now. How could she possibly live with him? Where would they live? In the Shi mansion? She knew that it would be completely impossible for his grandfather to accept her.

“So, I have already decided...” Shi Yuting raised his eyes as he looked right into her eyes.

“Yes?”

In the next second, Shi Yuting turned around as he pressed her down on the sofa and said, “So, I have already decided to move here!”

Zuo Weiyi was shocked!

Move here?

Before she could regain her sense, she felt a familiar softness on her lips and the faint smell of tobacco that only he had.

Her eyes widened in shock. This was the living room! Furthermore, Uncle Yu had already woken up just now. What if he walked out of his room again and bumped into them acting inappropriately?

As she thought about this, Zuo Weiyi hurriedly stopped him from using his unruly hands on her. “Shi... Shi Yuting... don’t! This is the living room!”

It felt as though he could read her mind and understand her worries. Shi Yuting did not continue what he was doing and let go of her before he carried her up in his arms as he walked toward the third floor.

Chapter 403: Do You Want a Great Grandson?

The next day.

Zuo Yi was already used to getting up early.

He got up at six o’clock in the morning and went to the front yard to practice Tai Chi for a short while.

At seven o’clock, when he finally returned to the living room after he was done practicing Tai Chi, Shi Yuting’s figure suddenly came down from the staircase.

Zuo Yi was stunned for a moment, and it took him several seconds to react.

How could that bastard be walking downstairs so early in the morning?!

Moreover, Zuo Yi knew that Shi Yuting obviously did not come here in the morning because he had already been doing morning exercises in the front yard. So, did this mean that the bastard did not come in the morning but was already here since last night?

Zuo Yi looked at Shi Yuting with contempt as he asked, "Why are you here?"

"Because my wife is here."

What kind of answer was that?

Zuo Weiyi had already got up after him and was walking out behind Shi Yuting.

Zuo Weiyi could not stop her face from flushing red when she saw her grandfather.

"Can you not come to bully my precious granddaughter every day?" Zuo Yi asked as he looked at Shi Yuting with disgust!

However, Shi Yuting simply raised his brows and asked, "Bully? Don't you want a great-grandson?"

Zuo Yi was speechless. Great-grandson?

Zuo Yi was stunned for half a second before he regained his senses and reacted. He was extremely pleased when he heard about having a great-grandson!

Wouldn't it be wonderful if he could just hold his great-grandson in his arms in this lifetime?

As he thought about it, Zuo Yi could not help but nod gently. "Of course, I want that to happen but I don't know if Weiyi's belly..."

As he spoke, Zuo Yi's gaze naturally fell on Zuo Weiyi's belly.

"So, I plan to live here for the time being. Do you have any comments about that?" Shi Yuting asked as he looked at Zuo Yi.

In fact, Shi Yuting knew the impression that Zuo Yi had of him in his heart, very well.

He knew that Zuo Yi only looked like he despised him on the surface, because of his relationship with his grandfather. However, Zuo Yi had already accepted him as his grandson-in-law a long time ago.

Otherwise, how else would he be able to enter the presidential villa, as and when he pleased?

After all, there were countless bodyguards guarding the area twenty-four hours a day!

Zuo Yi regained his senses and looked at Shi Yuting. After that, his expression changed as he smiled and said, "No! No objections at all! You can come here as much as you want to, as long as I can hold my great-grandson as soon as possible!"

As soon as she heard her grandfather's words, Zuo Weiyi's mouth twitched slightly.

He looked like he was going to kill Shi Yuting because of her earlier but at this moment, his attitude toward Shi Yuting had changed completely because of his future great-grandson. Were all the elderly the same way?

That was it. Shi Yuting stayed at the presidential villa throughout the whole weekend, aside from occasionally going out to deal with some work-related matters and entertainment.

However, he would always return to the presidential villa at night.

In the past few days, Zuo Weiyi's cold had finally healed completely.

She could not help but feel a little bored since she had been staying in at the presidential villa every day.

When Zuo Yi and Shi Yuting were not around today, the doorbell rang unexpectedly.

The housekeeper opened the door, and Shi Nuannuan's voice came from outside the door.

"Weiyi!"

At this time, Zuo Weiyi who was sitting on the sofa turned around and saw Shi Nuannuan running toward her from the door!

"Nuannuan!" Zuo Weiyi was very surprised when she saw her. She hurriedly stood up as she looked at Shi Nuannuan who was running towards her and asked, "Didn't you go to Country Z?"

"Yes! I came back today! I missed you so much, so I decided to come over here!" After that, Shi Nuannuan handed over a few paper bags in her hand over to Zuo Weiyi. "Here! I brought you some gifts!"

Zuo Weiyi smiled as she looked at the gifts that Shi Nuannuan had given her before she said, "Thank you!"

"Hahaha! You are welcome!"

"Why did you come back so suddenly?" Zuo Weiyi asked Shi Nuannuan as both of them sat down on the sofa.

Chapter 404: Met Shi Tiannan

"Because Xiangyi has to come back to report some official business matters to my brother. That is why I decided to come back too!" Shi Nuannuan could not hide any secrets in front of Zuo Weiyi at all.

When she saw the smug look on her face, Zuo Weiyi could not help but laugh.

"Since you were all alone with Xiangyi at Country Z, are you very happy there?" Zuo Weiyi asked cautiously. After all, she had always been very optimistic about Shi Nuannuan and Xiangyi's relationship.

It was just...

Xiangyi's identity was Shi Yuting's right-hand man. Although his identity was slightly better than herself, Shi Nuannuan's grandfather would never be able to accept this, right?

As she thought about this, Zuo Weiyi could not help but feel a little worried about Shi Nuannuan.

"Well..." Shi Nuannuan had been really happy when both of them were all alone at Country Z. However, she was also slightly shy when Zuo Weiyi asked her about it. "It's okay!"

Zuo Weiyi smiled at her and did not continue asking her anything, lest she felt embarrassed.

“By the way, I also saw that good sister of yours!”

Zuo Weiyi could not help but feel a little anxious when she heard Shi Nuannuan’s words. “Are you talking about Xingchen?”

“Yes! I ran into her when I was shopping!”

“Is she doing well now? Zuo Weiyi had not seen Bei Xingchen ever since she came to Country C. Although both of them were still keeping in touch with one another on WeChat, she had not seen her in a long time.

Even though she did not know how she was doing now, every time she asked her how she was, Bei Xingchen would always say that she was doing very well.

“She looks like she is doing well on the surface and had even asked me to say hello to you on her behalf!”

Zuo Weiyi could not help but miss Country Z, even more, when she heard Shi Nuannuan’s words. She did not know how long it would be before she could finally go back to Country Z.

“Nuannuan, shall we go shopping together?” Zuo Weiyi suddenly proposed.

This was because she was really feeling very bored. So bored, that she felt as though she was already going to rot!

After getting injured, Zuo Weiyi had stayed in the hospital for more than twenty days. After getting discharged from the hospital, she had stayed in the presidential villa for the whole while. She had already almost forgotten what the world looked like outside!

Shi Nuannuan was equally excited when she heard Zuo Weiyi’s sudden suggestion. “Okay!”

After that, Zuo Weiyi went upstairs to change into a new set of clothes. After that, she headed out with Shi Nuannuan.

Although the weather was a little cold, the two sisters had a great time strolling around the mall. They even came out of the mall with a cup of milk tea each. They also had all sorts of large and small paper bags in their hands.

“Wait here. I will bring all the bags to the car first. After that, we can look for a place to eat!” As she spoke, Shi Nuannuan took the paper bags from Zuo Weiyi’s hand before she handed her cup of milk tea over to Zuo Weiyi and turned around, heading out to the parking lot in the distance.

“Okay!”

As she watched her walk away, Zuo Weiyi continued drinking her milk tea while waiting for Shi Nuannuan to return.

Both of them found an Italian restaurant and chose a seat by the window before they sat down and started ordering their food.

“I will go to the washroom.” After they were done ordering Zuo Weiyi put down the menu before speaking to Shi Nuannuan.

“Okay, you can go first!”

After coming out of the washroom, Zuo Weiyi stood in front of the sink as she looked at herself in the mirror.

At this time, a figure suddenly appeared behind her. Zuo Weiyi was stunned for a moment when she saw the figure standing behind her through the mirror. She was shocked for a moment before she turned around abruptly.

“What are you doing here?” Wasn’t this Shi Yuting’s elder brother who had no blood relationship with him at all? Why was he suddenly here?

Shi Tiannan had just stepped out of the men’s washroom. When he was passing by the public washbasin in the women’s washroom, he caught a glimpse of her familiar figure. At that time, the thought of him pressing her down in the office at Di Zun Group suddenly flashed through his mind.

He missed the faint smell of her body.

Before he saw her, Shi Tiannan had already almost forgotten all about her existence. However, he really had not expected to see her here today.

Chapter 405: A Scumbag Like You

His goal in life ever since his childhood had always been to surpass Shi Yuting. However, no matter how hard he tried, the person who was more dazzling to others would always seem to be Shi Yuting. Therefore, he could only always be playing a supporting role.

“Long time no see.” Shi Tiannan approached Zuo Weiyi with a meaningful smile on his face. Even though his stubble might seem sexy to others, it was very disgusting to Zuo Weiyi.

This was because his disgusting beard had once brushed her collarbone when they were back in Country Z the last time. This made her feel especially disgusted!

“It would be better not to see someone like you!” Zuo Weiyi glanced at him coldly as she walked past him as she prepared to leave the washroom.

However, in the next second, her arm was suddenly grasped by a strong force.

She turned her head around and saw that Shi Tiannan was gripping her arm tightly.

She pushed his arm away disgustedly before she yelled, “Please have some respect!”

Although Shi Tiannan was not related to Shi Yuting by blood, both of them were still brothers in name anyway. Therefore, she was still rightfully his sister-in-law, right?

Shi Tiannan did not feel awkward or embarrassed even though Zuo Weiyi had pushed his hand away. He had a sly smile on his face and an even more unreadable look in his eyes.

“Since we are already here, why don’t we enjoy a meal together then?”

Zuo Weiyi could not help but feel that his words were a joke to her ears as soon as he spoke.

“Shi Tiannan, there seems to be a few points that I need to explain to you. First of all, I am Shi Yuting’s woman. As his brother, don’t you think that you should have some sort of respect? Secondly, even if I meet a scumbag like you a hundred times, I will not be interested to have a meal with you at all!”

After she was done speaking, Zuo Weiyi gave him a disgusted look before she turned around and walked toward the other end of the corridor.

The expression on Shi Tiannan’s face was very ugly as he watched her leave.

Shi Yuting’s brother?

Perhaps an outside would think that he was his brother. However, it was clear that Shi Yuting, Shi Nuannuan, and even their mother, had never regarded him as their own family!

As he thought about this, Shi Tiannan could not help but clench his fists in anger. The resentment in his eyes gradually became clear.

When Zuo Weiyi returned to her table at the restaurant, a steak and a plate of pasta had already been served. Shi Nuannuan had obviously started eating before her.

“Why did you take so long?” Shi Nuannuan was chewing on her pasta as she looked up at Zuo Weiyi and asked. It was obvious that Zuo Weiyi had been gone for a long time because Shi Nuannuan had already eaten half of her noodles at this point.

Zuo Weiyi did not mention her encounter with Shi Tiannan in the washroom, but she simply replied softly, “It’s nothing much. I just ran into a very annoying person.”

“Who is it?” Shi Nuannuan asked casually.

“Forget it. Let’s just eat.” As she spoke, Zuo Weiyi picked up her cutlery before she began cutting her steak on the plate.

When she saw that Zuo Weiyi was not saying anything anymore, Shi Nuannuan did not continue questioning her. After putting a mouthful of pasta into her mouth, Shi Nuannuan was busy chewing her food as she observed the pedestrians walking on the street outside the glass window.

Suddenly, she caught sight of a familiar figure. She was stunned for a moment and quickly chewed and swallowed her pasta.

“It’s Xiangyi!”

When she saw the familiar figure, Shi Nuannuan did not even think twice before she stood up and said, “Weiyi, you can continue eating first. I will go out for a moment!”

After that, Shi Nuannuan rushed out of the restaurant door like a gust of wind.

When Zuo Weiyi lifted her head, all that she could see was Shi Nuannuan’s back. She was at a loss but did not think too much about it. Instead, she looked back at her food as she continued eating her lunch.

As soon as she took a bite, she suddenly felt someone standing directly in front of her.

Chapter 406: First Time Looking at Her

When Zuo Weiyi raised her eyes, she saw Shi Tiannan standing in front of her.

He was about to leave, but he realized that she was dining alone here. Therefore, he could not help but walk over to her.

“Go away. I do not want to see you,” Zuo Weiyi said coldly before she lowered her head and continued eating her food. She ignored Shi Tiannan completely.

However, Shi Tiannan seemed to ignore her words completely. Instead, he sat down directly opposite her before he stared at her, filled with interest.

Although Zuo Weiyi was still eating her food, she could clearly feel his scorching gaze that was fixed upon her. She put down the cutlery in her hand before she glared at Shi Tiannan. After that, she turned around and left. She wanted to leave the restaurant as soon as possible.

She did not even have the appetite to eat anymore after seeing him!

Shi Tiannan simply looked at her playfully as she left.

He could not help but wonder how Shi Yuting would react when he found out that his woman had been taken advantage of.

As he thought about it, Shi Tiannan could not help but look forward to it.

After walking out of the restaurant, Zuo Weiyi frowned because she could not find Shi Nuannuan anywhere.

After looking around for a short while and not seeing Shi Nuannuan, Zuo Weiyi took out her cell phone before she called her.

“Nuannuan, where are you?”

“Weiyi, you can go home first! I will pick up the things from you later tonight!” Shi Nuannuan seemed to have something going on.

Zuo Weiyi frowned. However, in the next second, Shi Nuannuan had already hung up the phone.

In the end, Zuo Weiyi could only decide to go back alone.

After turning around, Zuo Weiyi suddenly saw a familiar figure.

Zuo Weiyi was stunned for a moment when she saw the incoming person. She had a surprised expression on her face.

Shi Le looked at the figure standing in front of him without looking away. In the past, he would not even have stopped to take a second look at her. However, he did not turn his eyes away from Zuo Weiyi today.

He would never have thought that Shen Ruoxi would actually leave a granddaughter behind in this world. When he observed her carefully, Shi Le could not help but feel that Zuo Weiyi really had the same sharp nose that Shen Ruoxi used to have back then.

When he saw that familiar face, an imperceptible smile suddenly appeared on Shi Le’s face.

Zuo Weiyi could see everything clearly.

Shi Le used to be filled with contempt whenever he saw her in the past. However, it seemed as though he was actually... smiling when he looked at her now?

No, she must be mistaken.

Since she had never had any interaction with Shi Le before, Zuo Weiyi looked away and walked past him as she prepared to leave.

However, as she was walking past Shi Le, she heard a very deep voice with a hint of vicissitudes speak beside her.

“Are you Shen Ruoxi’s granddaughter?”

Zuo Weiyi could not help but stop in her tracks when she heard this. She turned around and looked at Shi Le.

When her grandfather had announced his identity to the public the last time, he had mentioned her grandmother’s name but why was Shi Yuting’s grandfather asking her about her grandmother? Did he know her too?

“Yes,” Zuo Weiyi replied softly because she did not understand why Shi Le was asking her this question so suddenly.

“You...” Shi Le wanted to open his mouth and continue asking her more questions. However, he could not bring himself to say it.

How had Shen Ruoxi been during those years when she suddenly disappeared?

As he thought about how he had threatened and persecuted Zuo Weiyi in the past, Shi Le could not help but feel a little ashamed of himself. However, he really wanted to find out more about Shen Ruoxi.

Perhaps Zuo Yi already knew about everything that happened to Shen Ruoxi after her departure but he could not possibly ask him about these matters.

However, he could not bring himself to ask Zuo Weiyi these questions either.

Chapter 407: No Status or Name

And...

Shi Le raised his eyes to look at Zuo Weiyi. She must be feeling some resentment toward him, right?

After all, he had been doing all sorts of things to obstruct her relationship with Shi Yuting when they were both in Country Z.

As he thought about it, Shi Le finally gave up asking her these questions. After that, he turned around and walked toward the restaurant instead.

Zuo Weiyi frowned as she was a little puzzled at his hesitation. After watching him turn around and leave, Zuo Weiyi also finally turned around and left immediately.

Perhaps, Shi Yuting's grandfather was still unwilling to talk to her.

Although she was now the president's granddaughter, she knew that her grandfather and Shi Yuting's grandfather seemed to be enemies. Therefore, he probably still despised her and was still unwilling to accept her anyway. After all, Shi Yuting's grandfather had never liked her before.

In the past few days, Shi Yuting had been spending every night at the presidential villa and did not return to the Shi family mansion at all.

She Lie could not help but feel a little confused.

Although his grandson had his own private villa in Country C, he had never lived there before.

Shi Le had also sent someone to investigate and look into the matter when Shi Yuting did not go home in the past few days but found out that Shi Yuting had not been living in his private villa at all.

Where could he possibly be?

Finally, he found out that his grandson had actually been living in his enemy's house!

This made Shi Le feel a little frustrated!

Why did his grandson move into that old man's house?

Shi Le had a very weird expression on his face at the dinner table that night. Shi Nuannuan could clearly sense that he had something to say but could not bring himself to say it.

"Grandpa, what is the matter with you?"

Shi Le felt very embarrassed when his granddaughter suddenly asked him this question.

"I want you to go and persuade your brother to come home tomorrow. How is it appropriate for him to keep living in someone else's house all day long?" Shi Le replied sharply.

Therefore, Shi Nuannuan really went over to the presidential villa the next day. She wanted to bring her brother home with her, just like her grandfather had ordered her to.

"I can go back home if he wants me to, provided that Weiyi can come back with me too!"

Shi Yuting replied indifferently as he sat on the sofa.

Shi Nuannuan was naturally on her brother's side too.

So, she stood up before she walked to the side and made a phone call to Shi Le.

"Grandpa, Brother said that he can go home if you want him to, but..."

"But what?"

"But you have to agree to let Weiyi come and live with us!"

"Nonsense! She is not a member of the Shi family, and she is not your brother's wife! How can it possibly be appropriate for her to move into the Shi family mansion and live with us just like that?"

Shi Nuannuan was also at a loss for words when she heard her grandfather's words over the phone.

Their family was a well-known and reputable family with a certain status in Country C. Moreover, Zuo Weiyi was the president's granddaughter. It would indeed be a little inappropriate for her to move into their house just like that.

So, Shi Nuannuan returned to Shi Yuting, who was sitting on the sofa, as she said, "Brother, Grandpa said that Weiyi is not a member of the Shi family, and it would be inappropriate for her to move into the Shi family mansion. People will start gossiping then."

"Isn't my wife a member of the Shi family?"

Shi Nuannuan could not help but sigh when she heard her brother's words. After that, she reminded him, "Brother! Even if you want to unilaterally say that Weiyi is your wife, the both of you are not legally married after all! She would be someone with no status or name at all in eyes of the public!"

"Who said that she does not have a status? Both of us have already gotten our marriage certificate back in Country Z."

Shi Nuannuan was stunned and could only stare at her brother in a daze when she heard this.

They had already gotten their marriage certificate back in Country Z? When did this happen?

Chapter 408: Both of You Have Actually Secretly Got Your Marriage Certificate?

Shi Nuannuan turned her face and her gaze naturally fell on Zuo Weiyi, who was sitting beside him, as though she was using her eyes to question her.

However, Zuo Weiyi simply lowered her head quietly.

"Both of you have actually secretly got your marriage certificate?" Shi Nuannuan was very surprised!

Although she had always heard her brother referring to Zuo Weiyi as his wife, she had always thought that it was a deliberate one-sided rhetoric term that her brother was using just to protect Zuo Weiyi!

"What do you mean by getting their marriage certificate? Nuannuan, what are you talking about?" Shi Le was also very puzzled when he heard her astonished tone over the phone.

When Shi Nuannuan was speaking, her cell phone was still attached to her ear. Therefore, he could hear every single detail of her performance just now.

When Shi Nuannuan finally recovered and regained her senses, she suddenly noticed her grandfather's voice over the phone.

"Ah, err... Brother said that both he and Weiyi have already obtained their marriage certificate! Grandpa, if that is the case, does that mean that Weiyi can move into our house then?"

"Got their marriage certificate? Are you telling me that your brother has secretly gotten his marriage certificate with Weiyi?" Shi Le, who was on the other end of the line was also shocked when he heard Shi Nuannuan's words.

Shi Yuting had actually kept such a huge secret from him? Did he still regard him as his grandfather?

“Well, yes. Yes...” Shi Nuannuan was not surprised by her grandfather’s shock over the phone. However, she was really surprised that her grandfather had just... said Zuo Weiyi’s name?”

After all, her grandfather had only ever referred to Zuo Weiyi as ‘that woman’ or ‘that illegitimate child’, but he had never addressed her and referred to her by name.

As she thought about this, Shi Nuannuan seemed to gradually have an understanding of the matter.

Perhaps her grandfather had already gradually begun to accept Zuo Weiyi after finding out that Zuo Weiyi was none other than the president’s granddaughter.

Moreover, Zuo Weiyi’s grandmother was the woman that her grandfather used to love dearly. Perhaps Shen Ruoxi still held a very important place in her grandfather’s heart now!

Shi Le was also shocked when he found out the truth over the phone. However, he calmed himself down and regained his composure in the very next second.

“If that is the case, then he can bring her back with him to live in the Shi family mansion!”

Shi Nuannuan gasped in shock when she heard those words!

Was she hearing things right? Her grandfather... was her grandfather really asking her brother to bring Zuo Weiyi back to the Shi family mansion to live with them?

Shi Yuting and Zuo Weiyi stared at Shi Nuannuan’s shocked expression. They could not figure out what Shi Le had possibly said over the phone.

“Grandpa, are you saying that you are allowing Weiyi to live in our house?” Shi Nuannuan could not help but ask her grandfather again to make sure that she did not hear things wrongly.

“Otherwise, who else can I be talking about?” Shi Le could not help but feel a little embarrassed when he was being questioned by his granddaughter repeatedly over the phone. Perhaps, he was feeling this way because he had done some things in Country Z that made him feel a little ashamed of himself.

As soon as he was done speaking, Shi Le hung up the phone in the next second.

When she realized that the phone call had already been disconnected, Shi Nuannuan turned around to look at Shi Yuting and Zuo Weiyi who was sitting on the sofa.

“Brother, Grandpa said... Grandpa has agreed to let Weiyi move into the Shi family mansion!” Shi Nuannuan was extremely happy, as though she was the protagonist of this incident!

After that, she walked toward the sofa before she pulled Zuo Weiyi up and hugged her as she jumped up and down exclaiming, “Weiyi! My grandpa has finally accepted you! Grandpa has really accepted you this time!”

When she heard Shi Nuannuan’s words, Zuo Weiyi also felt a little flattered. She did not react at all for a long time and simply allowed Shi Nuannuan to hold her as she screamed and jumped around.

Chapter 409: Zuo Yi’s Reluctance, Weiyi is Moved

The corner of Shi Yuting’s mouth curled into a confident smile as he sat on the sofa.

However, just as everyone was immersed in this joyful atmosphere, Zuo Yi who was walking down from the study room on the second floor also happened to hear Shi Nuannuan's last sentence.

"He can agree, but I have not agreed yet!"

Everyone turned around and saw Zuo Yi walking down the stairs with a cold expression on his face. At this time, everyone's joyous expression disappeared in an instance.

"Grandpa," Zuo Weiyi greeted him in a hurry.

Zuo Yi walked down the stairs before he glanced at the pair of siblings who were sitting on the sofa.

"If you want Weiyi to move into the Shi family mansion, then you have to give her a proper wedding and bring her rightfully into your house on a grand sedan chair!"

As soon as she heard his words, Zuo Weiyi could not help but feel the urge to cry.

She knew that everything that her grandfather was doing was just because he did not want her to suffer any grievances or injustice at all.

"Grandpa..." Zuo Weiyi's voice became a little hoarse as she looked at Zuo Yi who was sitting on the sofa.

Zuo Yi looked up at his granddaughter. In fact, he felt a little reluctant to let go of his granddaughter. He had finally found his granddaughter after so many years, but she was about to become a member of someone else's family. Of course, Zuo Yi would feel very reluctant.

However, after these few days of observation, Zuo Yi could also tell and recognize the genuine emotions and affection between Shi Yuting and Zuo Weiyi.

Zuo Yi sighed as he looked at his granddaughter who was about to become someone else's wife.

At this time, Shi Nuannuan could not help but whisper excitedly, "Mr. President, I don't think that there are any big sedan chairs around now..."

Bentley! Rolls-Royce! Those were available!

As soon as he heard these words, Zuo Yi had an embarrassed look on his face. He pursed his lips in embarrassment as he asked, "Aren't there any?"

Shi Nuannuan smiled as she said, "Hehehe. There really aren't any!"

"Then, I want you to send eighty-eight luxury cars to come and pick her up! Moreover, I want that old man, Shi Le, to come and propose this marriage to me in person! Otherwise, there is no other room for discussion at all!"

As soon as he said this, everyone was placed in a tough spot.

It would not be a problem to send eighty-eight luxury cars to pick Zuo Weiyi up. However... he wanted their grandfather to come and talk about this marriage in person?

This... seemed a little difficult...

As she thought about this, Shi Nuannuan could not help but turn around to look at her brother who was sitting on the sofa.

However, Shi Yuting did not refute Zuo Yi's words.

Perhaps, Zuo Yi simply wanted Zuo Weiyi to marry in a glamorous manner, without suffering any wrongs or grievances.

Moreover, Zuo Yi knew about everything that his grandfather had done to Zuo Weiyi in the past. Therefore, Zuo Yi was obviously getting back at his grandfather now.

However, Shi Yuting could not help but feel that perhaps after this incident, both of them might be able to patch things up and reconcile the friendship that they shared in the past.

Later that afternoon, Shi Nuannuan returned home and conveyed Zuo Yi's words to her grandfather.

As soon as he heard this request, Shi Le bounced off the sofa immediately!

"What did you just say? That old man wants me to personally make a trip to the presidential villa to propose the marriage?" Shi Le had no objections to the eighty-eight luxury cars that Zuo Yi wanted them to send over to pick his granddaughter up. However, he really could not accept the fact that he wanted him to personally make a trip there to propose the marriage. Was he deliberately trying to humiliate him?

When she saw the anger on her grandfather's face, Shi Nuannuan also felt that it would be very difficult for her grandfather to comply with this matter. However, if her grandfather refused to do so, then her brother and Weiyi would only ever be a married couple on papers.

They could not possibly live like that forever, right?

"Grandpa, if you do not propose the marriage personally, then Mr. President will not allow Weiyi to marry brother..."

"It is fine even if she does not marry him! Do you think that it will be impossible for my grandson to find another wife?" Shi Le was so angry that he was saying anything that came to his mind right away! Zuo Yi was clearly trying to make things difficult for him!

After all, if he really went to the presidential villa to personally make a marriage proposal, then wouldn't he be admitting defeat, and wouldn't he lose face in front of that old thing?

Chapter 410: Came to Propose Marriage

He thought that Shi Le's excuse of giving his granddaughter a glamorous and respectable marriage was all fake! He was simply doing this because he wanted to embarrass him!

"Grandpa, why are you saying things like that again? The main point is that my brother wants to marry Weiyi and not just anyone!"

When Shi Le heard his granddaughter's words, he could not help but feel that beautiful women really brought a lot of trouble!

"Beautiful women really bring a lot of trouble!"

“Yes, but don’t you think that Weiyi’s grandmother, Shen Ruoxi, was really pitiful? Sigh!” Shi Nuannuan deliberately sighed out loud in front of Shi Le. After that, she raised her head to secretly glance at her grandfather’s face.

Shi Le’s heart was obviously startled as soon as he heard Shi Nuannuan mentioning Shen Ruoxi’s name.

Both he and Zuo Yi were in love with Shen Ruoxi at the same time back then. When he realized that she had suddenly disappeared from Country C, he also frantically searched for her.

Decades had already passed but he had to admit one thing.

Zuo Yi’s love and affection for Shen Ruoxi far surpassed his feelings and affection for her. After knowing that she had left, Zuo Yi did not marry for life. On the other hand, he married another woman and had children with her even though he did not have any feelings for her.

The next day, a Sunday.

After having breakfast, Zuo Yi asked Shi Yuting to accompany him to a game of chess.

Zuo Weiyi originally did not have an interest in this game, but she had somewhat gotten interested in it after spending so much time with her grandfather during this period.

At this time, it was Zuo Yi’s turn to move his chess piece. However, even after ten minutes, Zuo Yi had not made his move at all. He simply stared at the chessboard and frowned as he was in deep thoughts.

Zuo Weiyi was not so into the game of chess yet, so she did not understand what was going through her grandfather’s mind. She obviously knew that if he moved his cannon one step ahead, then he would be able to directly win the chess game with his next step, right?

However, in Zuo Yi’s opinion, even if he escaped this step, he would not be able to escape Shi Yuting’s next move.

As soon as he moved his cannon, Shi Yuting would be able to use his bishop to directly command his army. If he did not make a move, then he would undoubtedly die and be defeated in the next step!

Zuo Yi looked up at Shi Yuting who was sitting directly opposite him and could not help but feel a little frustrated inside!

This bastard! Did not he know that he was Weiyi’s grandfather? Why won’t he just let him win the game in front of his granddaughter?

“Grandpa, do this!” When she saw that he had not made a move even after such a long time, Zuo Weiyi began to feel a little anxious. She simply raised her hand to move the cannon.

Zuo Yi felt his heart shatter into pieces when he saw her moving the cannon. He wanted to reach out to stop her but it was already too late.

It was over! It was over! He lost!

Just as Zuo Yi felt that he was about to lose the game, Shi Yuting’s next move surprised him.

“It’s your turn.”

Zuo Yi narrowed his eyes and stared at Shi Yuting after looking at the chess pieces on the board.

This bastard! He knew what he was doing!

“General!” In the next second, Zuo Yi’s army directly commanded Shi Yuting’s general!

The game of chess was over and the doorbell rang.

Uncle Yu walked over to open the door. A short while later, Uncle Yu came in with two people behind him.

Zuo Weiyi instantly recognized both of them. It was none other than Shi Le and Shi Nuannuan.

“Mr. President, the Speaker is here.”

Zuo Yi’s face sank as soon as he saw Shi Le.

He stood up before he walked toward the leather sofa at the side as he said coldly, “I wonder what brought the Speaker all the way here today?”

When he heard this, Shi Le’s face darkened immediately.

This damn old man was really trying to embarrass him!

However, Shi Le had never been outdone even though Zuo Yi was the president of the country.

“Well, what else can I do? Someone is shamelessly holding onto my grandson because he does not have a grandson of his own!”
