

## Kiss Me 411

### Chapter 411: Zuo Yi's Arrogance

His counterattack left Zuo Yi speechless, and the expression on his face grew even uglier.

However, he had an arrogant look on his face before he said, "So, what if you have a grandson? Hasn't he also been conquered by my precious granddaughter now? Pfft!"

Shi Le was stunned after hearing his words. He was completely speechless and could not say anything at all as he was faced with Zuo Yi's arrogance!

However, how could he refute his words? His grandson had indeed been living at the presidential villa for the past few days. Damn it! Why were both his son and grandson all so pathetic when it came to beautiful girls? All of them were utterly conquered by women!

"I do not want to continue arguing with you! The reason why I am here today is to..." Shi Le hesitated for a moment because he knew that Zuo Yi would definitely attack him again if he said that he was here to ask for a hand in marriage for his grandson.

"What are you here for?" Zuo Yi was completely proud and arrogant as he sat on the sofa. He was obviously displaying his contempt toward Shi Le!

Uncle Yu could only sigh when he saw that both of them were at odds with one another again. Moreover, the president did not even ask Shi Le to have a seat even after he had been in the house for such a long time. No matter what it was, he was still the Speaker of Country C.

"Speaker Shi, please have a seat." Uncle Yu pointed at the single sofa at the side as he motioned for Shi Le to sit.

Shi Le glanced at the single sofa before he finally sat down unceremoniously.

Even if Zuo Yi did not say anything, he would have sat down himself!

After glancing at Zuo Yi, Shi Le simply replied angrily, "Asking for a hand in marriage!"

"A hand in marriage? What do you mean?" Zuo Yi pretended to be dumbfounded as if he really did not know what Shi Le was talking about.

However, anyone could tell by the look on his face that he was simply putting on an act in front of Shi Le.

"You old thing! Can you stop being so shameless when you are already so old?"

Shi Le was much more magnanimous compared to Zuo Yi.

He could not help but feel that this old man was even more shameless than he had been when he was younger.

Shi Le frowned. If it was not for the sake of asking for a hand in marriage on behalf of his grandson, he would not have even bothered to come to this place at all!

Zuo Yi was completely angered by Shi Le's words and asked, "What? What did I do?"

“You didn’t do anything? You were obviously the one who has asked me to personally make this trip here today to ask for your granddaughter’s hand in marriage on my grandson’s behalf, but what now? You are acting as though you do not know anything about it at all?”

Zuo Yi could not help but feel a surge of anger in his heart when he heard Shi Le’s rebuttal!

However, in the next second, he thought about how he should refute Shi Le’s words and smiled as he said, “Well, well, why are you talking so much? Why don’t you just admit that you are envious of me for having such a good and well-behaved granddaughter? Why don’t you?”

At this time, Shi Yuting and the others could not help but feel cold sweat forming on their foreheads when they saw the two old men arguing with one another!

Did these two people really have a good relationship when they were younger?

“You!” Shi Le stood up in anger before he pointed at Zuo Yi as he shook uncontrollably. “You- you- you- I have never seen anyone who is as shameless as you!”

“That is understandable. After all, not everyone can have such a good and well-behaved granddaughter like me,” Zuo Yi replied as he leaned back on the sofa leisurely with a very haughty and arrogant look on his face!

Zuo Weiyi, who was standing at the side, could not help but feel a little embarrassed because Zuo Yi was complimenting her in every sentence. She really wanted to find a hole that she could bury herself in.

‘Can you stop mentioning your granddaughter in every sentence that you speak?’

“Grandpa...” Zuo Weiyi could not help but speak up at this time.

If her grandfather continued boasting about her, she really did not know where to hide her face anymore!

Zuo Yi turned around and glanced at Zuo Weiyi before he smiled and said, “Don’t worry, your grandpa knows what he is doing.”

#### **Chapter 412: Deciding the Winner and the Loser**

After that, he turned around and looked at Shi Le.

“Since you are so sincere, then let’s play a game. If you defeat me, then I promise to give my granddaughter the permission to marry your grandson.”

Zuo Yi said as he sat on the sofa and leaned on his walking stick with an arrogant expression on his face.

Shi Le frowned. “What game?”

Zuo Yi turned his head as he looked pointedly at the chessboard that was not too far away.

Chess?

At this time, the scene of him playing chess with Zuo Yi decades ago suddenly flashed through Shi Le’s mind.

Back then, he was not good at chess at all. However, he challenged Zuo Yi to a game of chess because he wanted to take Shen Ruoxi from him. In the end, he had lost to Zuo Yi.

Now, Zuo Yi actually wanted to decide the winner and the loser based on another round of chess again?

“Old man, you know that I am not good at chess, and you still want to use this method to determine the winner and the loser? Isn’t it obvious that you do not want to agree to this marriage at all? Don’t forget that your granddaughter and my grandson have already gotten their marriage certificate!”

“So, what? As long as I don’t agree to it, my granddaughter will always be living here with me, and that marriage certificate can just be invalidated!”

“You!” Shi Le gritted his teeth in anger. He really did not expect this old man to be even more stubborn as he got older!

“Do you want to play or not? You can leave now if you refuse to compete with me.”

“Compete! He will compete!” Before Shi Le could even reply, Shi Nuannuan had already spoken up on her grandfather’s behalf. She then walked over to her grandfather before she whispered, “Grandpa, haven’t you been studying chess every day throughout all these years? You can rest assured that you will definitely win against the president!”

After she was done speaking, Shi Nuannuan pumped her fist in the air as though she was trying to cheer for Shi Le!

Shi Le really did not understand why he had to go through all this just so that his grandson could get a wife.

In fact, he had been studying chess a lot, only because he had lost in the game of chess against Zuo Yi in the past. In the end, Shen Ruoxi was left all alone and Zuo Yi did not manage to give her the happiness that he promised him he would. He did not do it in the end.

That was the reason why Shi Le had been practicing chess repeatedly over the years. If he had won that game of chess, would he have been able to change Shen Ruoxi’s life then?

As he thought about Shen Ruoxi passing away quietly in this world, Shi Le raised his eyes and looked at Zuo Yi.

“Okay. One game to decide the winner or the loser!”

As he spoke, Shi Le had a confident look on his face even though he was not feeling confident at all.

Although he had been studying chess repeatedly over the years, he knew that he was still not a match for Zuo Yi. After all, Zuo Yi had always had an interest in chess since a long time ago.

Both of them walked toward the chess table together and sat down on opposite sides of the table.

Zuo Weiyi and Shi Nuannuan were even more nervous compared to both of them. They, too, hurried over to the chess table to watch the game.

Halfway through the game, Zuo Weiyi, who was watching the game, did not know whether she should feel happy or worried.

She would naturally be very happy if her grandfather won the game. However, that would mean that she would not be able to marry Shi Yuting and both of them could only live in the presidential villa like this for the rest of their lives. However, she did not want to see her grandfather lose either.

After all, Zuo Weiyi knew that her grandfather wanted to put on a strong front in front of Shi Le and would definitely feel very embarrassed if he lost the game to him.

“General!” After half an hour, Shi Le had a very wide smile on his face.

It seemed as though he was about to win this game of chess!

Zuo Yi simply looked at the chessboard without saying anything at all.

However, Zuo Weiyi, who was standing aside, could clearly see that her grandfather had not lost this game. His general could still escape easily and would be able to turn this defeat into a victory.

When she saw the smug look on Shi Le’s face, the corner of Zuo Weiyi’s mouth twitched slightly.

It seemed as though Shi Yuting’s grandfather did not have very incredible skills at chess...

However, just as Zuo Weiyi thought that her grandfather would definitely win the game, Zuo Yi’s next move caught her by surprise.

### **Chapter 413: Prepare for the Wedding (1)**

“I lost.” Zuo Yi sat up straight as he said to Shi Le.

Shi Nuannuan was not very familiar with chess, but she knew that a person would lose the game if his general could not escape.

So, at this moment, Shi Nuannuan could not help but have a joyous expression on her face. It seemed as though her grandfather had won the game! That meant that her brother and Zuo Weiyi could finally hold a wedding then!

Zuo Weiyi subconsciously glanced at Zuo Yi’s face.

She was filled with confusion as she stared at the expression on his face.

‘Grandpa... why did you deliberately lose to him?’

Was it because he wanted to allow her to be together with Shi Yuting?

“Old man, it seems as though your chess skills are no longer as good now that you are already old!” Shi Le could not help but speak with a smug look on his face.

However, Zuo Yi simply glanced at his with a look of contempt and disgust on his face.

“Pfft!”

After he was done speaking, he got up and left the chess table.

“Now, let’s decide on a date.” Zuo Yi walked toward the sofa before he sat down and called out to Uncle Yu, “Yu, get a calendar for me. I want to pick their wedding date!”

“Why are you the one deciding their wedding date?” At this time, Shi Le followed behind him with a look of dissatisfaction on his face.

Zuo Yi raised his eyes to look at Shi Le with a squint.

“Do you have any opinion?”

“Of course, I have my opinions!”

“Your protest is invalid!”

“Zuo Yi!”

However, Zuo Yi completely ignored the look of anger on Shi Le’s face as he took over the calendar from Uncle Yu’s hand and began to look at it.

“Just set the wedding on Christmas Eve then!”

Zuo Yi decided on the date as soon as he took the calendar in his hand.

Christmas Eve? Wouldn’t that be next month then?

Perfect! Shi Nuannuan was very happy.

After that, she could not help but say excitedly, “Mr. President, since we have already set the wedding date, then... does that mean that Weiyi can come and live in the Shi family mansion today?”

“No!” Zuo Yi refused immediately.

His granddaughter would only really belong to someone else next month. Of course, he would have to keep his precious granddaughter by his side for the last month then!

Shi Nuannuan smiled but did not say anything else.

“Since the wedding date has already been set, then let’s go back and make all the necessary preparations first,” Shi Le replied as he stood up.

He also wanted to hold a beautiful and glamorous wedding for his grandson. After all, he was also a person who really cared about his image and reputation.

\*\*\*

That night, after dinner, Zuo Weiyi could not help but lean against Zuo Yi as she held his arm on the sofa.

“Grandpa, you could obviously win the game of chess earlier this afternoon, so why...”

Zuo Yi raised his eyes to look at Zuo Weiyi.

After that, he sighed as he said, “Your grandpa does not want to win anymore.”

“Why?” Zuo Weiyi had a confused expression as she looked up at his side profile.

“Back then, if I had not won the game of chess, your grandmother would not have ended up alone for a lifetime then.”

Zuo Weiyi raised her brows as she did not understand the meaning behind his words. She finally understood what he was saying when Zuo Yi explained the game of chess that happened between him and Shi Le more than forty years ago.

“If your grandmother got together with that old man in the past, she possibly would not have been so sad for the rest of her life.”

Zuo Weiyi could not help but feel a little surprised when she heard this.

It turned out that both Shi Le and her grandfather used to like her grandmother at the same time.

However, how could they simply decide who her grandmother would belong to with just a single game of chess? She was not just an item...

Zuo Yi seemed to see right through her thoughts and he said, “Grandpa used to be very strong back then. I only accepted that old man’s challenge just so that he would give up completely. Moreover, I already knew that I would definitely win that game back then.”

“So, you deliberately lost the chess game earlier this afternoon because...” Zuo Weiyi hesitated for a moment.

Zuo Yi turned around and looked at her with affection in his eyes.

## **Chapter 414**

### **: Prepare for the Wedding (2)**

“This is because Grandpa does not want to have any more regrets in life. After all, if I lost that game in the past, then your grandmother would have definitely been able to live a good life with that old man, Shi Le.”

Zuo Weiyi suddenly felt her heart tightened when she heard her grandfather’s words.

Her grandfather was simply afraid that if he won the chess game today, she would not be able to be together with Shi Yuting properly anymore. Therefore, he did not want to make the same mistake as he did back then. He did not want his granddaughter to suffer the same fate as her grandmother did. He was afraid that his victory would ruin her life. However, Zuo Yi did not want to let Zuo Weiyi marry Shi Yuting just like that. Therefore, he could only use this method to hand his granddaughter over to the Shi family like that.

As she thought about this, Zuo Weiyi could not help but feel a little distressed.

She could see the reluctance in Zuo Yi’s eyes. She knew that his grandfather felt very guilty because of her grandmother’s fate.

However, how could anyone possibly hand someone that they loved over to someone else just like that?

If he had really lost in the game of chess back then, Zuo Weiyi was certain that her grandmother would not just leave him just like that and choose to be with Shi Yuting’s grandfather instead.

When she saw the guilty expression that he had in his eyes, Zuo Weiyi could not help but say, "Grandpa, have you ever really thought about it? If Grandma had really ended up with Shi Yuting's grandfather, then you will not have your precious granddaughter today!"

Zuo Weiyi tilted her head as she looked at Zuo Yi playfully. Zuo Yi smiled.

Yes. Indeed, if he had lost in the game of chess in the past, he would not have such a good and obedient granddaughter then!

"Moreover, even if you lose, that does not mean that Grandma would just get together with another man, right?"

Zuo Yi could not help but sink deep into his thoughts when he thought about Zuo Weiyi's words.

Shen Ruoxi's character was just as Zuo Weiyi said. Even if he had lost the game of chess back then, she would not necessarily have gotten together with Shi Le. After all, both Shen Ruoxi and Zuo Yi had already gone through a lot of ups and downs together in their relationship.

After that, Zuo Yi turned his head and smiled at Zuo Weiyi as he said, "You are right."

After hearing Zuo Weiyi's words, Zuo Yi felt much more relieved.

\*\*\*

After deciding on their wedding date, the whole country caught wind of the news within the next few days. The news became the focus of all the major media's attention and had also caused a heated discussion amongst the people in the country.

Many people were surprised at this sudden announcement of their marriage, and everyone had differing opinions on this matter.

Some said, "The president has just found his long lost granddaughter, and she is about to get married to the next presidential candidate so soon? Why does it seem as though there is something else behind this matter?"

Some said, "Before the news of the identity of the president's granddaughter was released, someone saw the president's granddaughter hospitalized because of an injury. During that time, Shi Yuting went in and out of the hospital every day just to accompany her. It seems as though the both of them already had a very close relationship since a long time ago."

Some also said, "Doesn't the marriage between the next presidential candidate and the granddaughter of the current president clearly mean that Shi Yuting's position as the next president has been confirmed then? As long as he marries the president's granddaughter, then the position of the next president would undoubtedly belong to Shi Yuting."

Of course, people only dared to say these things in private as no one dared to discuss this matter out in the open. After all, no one wanted to cause trouble and offend the next president and the next presidential candidate!

At the same time, the Tengtang family had also received the news.

Tengtang Xi's beautiful face was filled with rage as she sat in the living room. She could not wait to tear up Zuo Weiyi's picture on the screen!

"Smack!"

In the next second, Tengtang Xi had already thrown the remote control in her hand at the LCD screen.

Why was Zuo Weiyi taking all the good things in this world away from her? Why on earth did it have to be her of all people?

As she was gritting her teeth in anger, a figure suddenly walked in through the door.

"Miss." The person who had just entered greeted her before he nodded respectfully at Tengtang Xi, who was sitting on the sofa.

Tengtang Xi's mood stabilized a little when she heard the man's cold voice.

She turned around to look at the man before she asked, "How is it going?"

### **Chapter 415: Prepare for the Wedding (3)**

"I found it."

As soon as she heard these words, Tengtang Xi smiled subconsciously. "Very well, bring it to me tomorrow."

"Okay."

The man left after receiving her instructions.

Tengtang Xi had a triumphant expression on her face as she sat on the sofa.

Their wedding date was set on Christmas Eve? Then, she really had to send them a good gift to congratulate them and express her sincerity toward them.

"Hahaha..." Tengtang Xi, who was sitting on the sofa, could not help but laugh out loud when she thought about the gift that she would be giving Zuo Weiyi and Shi Yuting on their wedding day.

Recently, Shi Le was not the only one busy preparing for the wedding. Zuo Yi had also prepared a very generous dowry for Zuo Weiyi.

That morning, Zuo Yi took out a bank card before he handed it over to Zuo Weiyi, "This is a little token from your grandfather and your late grandmother. I want you to accept it."

Zuo Weiyi hesitated for a moment as she stared at the dazzling gold card in front of her.

"Grandpa, you can keep the money for yourself. I do not need it."

She really did not need his money. After all, Shi Yuting's money was already sufficient for her to spend for several lifetimes.

"How many more years do I have left anyway? I am already seventy years old!"

"You are only seventy years old, Grandpa! You will live a long life!"

Zuo Yi was very happy when he heard her words. After all, Zuo Weiyi was his only family member in this world, and similarly, he was the only family member that Zuo Weiyi had in this world.

He would definitely leave this world one day. If Shi Yuting suddenly decided to abandon her, or if there were any other changes in the future, how was Zuo Weiyi going to survive on her own?

Therefore, Zuo Yi had already saved a lot of money on this card for Zuo Weiyi's future. Even if Shi Yuting had a change of heart, she would definitely be able to survive with this money.

"Be good and listen to your grandfather. I can only rest assured after you take this money from me," Zuo Yi replied in a friendly tone as he looked at his granddaughter with a smile on his face.

When she saw the warm look in his eyes, Zuo Weiyi lowered her eyes as she glanced at the gold card in his hands. Perhaps, her grandfather would finally feel relieved when she took the card from him.

Zuo Weiyi took the gold card from Zuo Yi, and it was only at this time that Zuo Yi could finally feel at ease.

"I only have one granddaughter in this world. When I leave this world to go and meet your grandmother, I will also leave all of my properties and inheritance to you." So, it was completely useless for him to postpone all of that now. After all, she would still be inheriting all of his properties and assets in the future.

As soon as she heard his words, Zuo Weiyi sat up straight on the sofa as she looked at Zuo Yi with a serious expression on her face.

"Grandpa, I do not want to inherit your properties!"

Zuo Yi frowned. He was puzzled and he asked, "Why?"

Zuo Weiyi pursed her lips as she said, "I am just a girl. So what can I possibly do with so much money? I do not know how to manage any properties, and I will not be able to do so."

"If that is the case, then Grandpa will convert everything into cash for you."

"No, don't! I really do not need all these." Zuo Weiyi really had no interest in her grandfather's property.

"Then, where do you want your grandfather's wealth to go?"

"How were you planning to deal with all your properties and assets before you found me?" Zuo Weiyi asked once again.

Zuo Yi raised his eyes and frowned as he said, "Before I found you, I planned to donate all of my properties and assets to charity organizations to help the poor and destitute children. In addition, I also planned to leave some of my properties and assets to Yansheng."

"That is perfect. You can just leave your properties and assets to Yansheng and the charity organizations then. As for me..." Zuo Weiyi raised the gold card in her hand before she shook it and said, "Haven't you already given me this in advance?"

Zuo Yi could not help but sigh as he glanced at the gold card in her hand.

The money in that gold card was nothing at all compared to all of the property and assets that he owned.

#### **Chapter 416: Prepare for the Wedding (4)**

“I really do not understand you at all. Why don’t you like money?”

“I like money, but I will feel content as long as I do not have to worry about food or clothing. Moreover, if I were to have so many properties and assets, then I will definitely not be able to sleep well at night.”

“Why?”

“I have to stay up and guard against thieves!”

“Hahaha...”

Zuo Yi could not stop laughing when he heard her innocent words.

What kind of society were they living in nowadays? All of their property, assets, and money would not be kept at home. So, why would she need to stay up to guard her assets then?

“You really do not want it?”

Zuo Weiyi nodded her head determinedly as she said, “No! I also hope that you will be able to help those poor and pitiful children.”

Zuo Yi could only sigh as he looked at Zuo Weiyi. “Then, Grandpa will just think about it first.”

As soon as they were done speaking, the phone in the living room started ringing.

Uncle Yu answered the phone before he turned around to look at Zuo Weiyi and Zuo Yi who were sitting on the sofa.

“The Speaker just called and said that he has some questions to ask you about the wedding. He said that he needed to discuss this matter with you and the young lady in person. Do you want them to come over here or do you want to go over to the Shi family mansion with the young lady?”

Zuo Weiyi turned around and fixed her gaze at Zuo Yi after listening to Uncle Yu’s words.

Zuo Yi lowered his head as he thought about it for a moment. After that, he finally decided. “We will go over there then.”

Speaking of it, he had not been to the Shi family mansion for decades.

Moreover, the clock on the wall showed that it was 10.40 am, and they would be just in time for lunch.

At eleven o’clock, both of them arrived at the Shi family mansion in a Rolls-Royce.

Zuo Weiyi could not help but feel that the Shi family mansion was indeed very breathtaking!

So, this was Shi Yuting’s home.

After entering the large iron gate, the scenery inside the Shi family compound was very beautiful. It was only when the Rolls-Royce had finally arrived in front of the entrance of the house that Zuo Weiyi felt even more amazed by this retro-style mansion!

Shi Nuannuan and Shen Lanzhi walked out of the house when they heard the sound of the car engine. They were very happy when they saw Zuo Weiyi and Zuo Yi stepping out of the car.

“Weiyi!” Shi Nuannuan rushed over and hugged Zuo Weiyi immediately. Immediately afterward, Shi Nuannuan seemed to have thought of something. She stuck her tongue out quickly as she corrected herself, “No! I should be calling you ‘Sister-in-law’ from now on!”

Zuo Weiyi was already used to this name.

This was because Shi Nuannuan used to call her ‘sister-in-law’ from time to time in the past!

“Mr. President.” Shen Lanzhi bowed slightly to show a sign of respect when she saw Zuo Yi walking past her.

Zuo Yi glanced at her before he said, “Since we are going to be in-laws in the future, then you do not need to be so formal with me anymore. Just feel free to be at ease.”

“Okay,” Shen Lanzhi replied as she smiled.

The few people walked into the magnificent living room together. Shi Le was sitting in the living room and he had a straight expression on his face, as though he was completely dismissive of Zuo Yi’s arrival.

When she did not see Shi Yuting anywhere Zuo Weiyi could not help but turn around and ask Shi Nuannuan, “Where is your brother?”

“He went to participate in a very important congress meeting! He will only be back later!” Shi Nuannuan explained as she smiled. After that, Shi Nuannuan hurriedly dragged Zuo Weiyi over to the sofa and sit down as she said, “Come and see the wedding dress that my brother has tailor-made for you! It is extremely beautiful!”

After sitting her down on the sofa, Shi Nuannuan picked up a wedding dress booklet on the coffee table before she said, “Have a look, won’t you?”

Zuo Weiyi opened the wedding dress booklet that Shi Nuannuan had handed over to her and she was amazed when she saw the contents. Each set of the wedding dress was extremely beautiful even at first glance!

“Please have some tea.” Shen Lanzhi poured a cup of tea before she placed it in front of Zuo Yi.

Ever since Zuo Yi entered the house, Shi Le had a very disgusted look on his face and did not even want to look at Zuo Yi at all.

“Isn’t there something that you wanted to discuss with us?” Finally, Zuo Yi initiated the conversation.

#### **Chapter 417: Prepare for the Wedding (5)**

Shi Le was an extremely strong person who was even more difficult to deal with compared to Zuo Yi.

It was only when Zuo Yi finally spoke that he raised his gaze and glanced at Zuo Yi.

Immediately afterward, he picked up a notebook with a series of plans that he had drafted for the planning of the wedding.

“Take a look at this and see if you are satisfied with it!” Shi Le replied as he threw the wedding plan in his hand over to Zuo Yi angrily. Both of them had an attitude that made it seem as though both of them really hated each other.

As soon as Zuo Yi took the notebook in his hand and looked through it, he raised his head to look at Shi Le before he suddenly asked, “I thought I said I want you to send eighty-eight luxury cars? Why are there only sixty-six luxury cars?”

As soon as he heard this, Shi Le glanced at him before he said, “Eighty-eight? Do you want me to crowd the entire city center with all those cars?”

“Can’t you do anything that makes me happy like that? After all, my Country C is so huge, so how can it possibly be blocked and crowded just because of eighty-eight luxury cars?”

“You!”

“I already said that I want eighty-eight cars, and I will only accept eighty-eight! There is no need to continue talking about this marriage if there will not be eighty-eight cars!”

“You!” Shi Le was so angry that he could not even speak anymore. “You are such a stubborn old man!”

“The same goes for you.” Zuo Yi did not want to be outdone!

Shi Le could only helplessly take the plans over in his hand before he struck off the sixty-six cars and replaced it with eighty-eight instead.

After a short while, Shi Yuting finally returned.

At the same time, Shi Tiannan had also come home.

He was a little surprised when he saw Zuo Weiyi sitting on the sofa.

However, when he saw so many people gathered around the living room, he suddenly remembered that Zuo Weiyi and Shi Yuting would be holding their wedding in less than half a month.

“Which dress do you like?” Shi Yuting walked toward the sofa before he sat down next to Zuo Weiyi. Then, he asked her the question as he looked at the wedding dress booklet in her hand.

“This one.” Zuo Weiyi smiled when she saw that Shi Yuting was already home and hurriedly pointed at a simple but stylish white wedding dress.

“Okay, then we will pick that one.” After that, Shi Yuting took the wedding dress booklet from her hand before he earmarked the page and said to Xiangyi, “Contact the designer tomorrow to collect the dress and bring it over to the Sea of Love tomorrow.”

“Okay.” Xiangyi took the wedding dress booklet in his hand before he turned around and left.

Zuo Weiyi could not help but feel a little lost. “The Sea of Love?”

“Yes! Brother said that both of you will be taking your wedding photos at Sea of Love. That is the most beautiful and romantic sea!” Shi Nuannuan hurriedly explained. It seemed as though she was looking forward to this wedding even more than Zuo Weiyi was.

Wedding photos? Zuo Weiyi’s mind was completely blank.

However, she suddenly seemed to realize that since her wedding was about to be held, it was only natural and indispensable for them to take wedding photos!

As she thought about it, Zuo Weiyi could not help but look forward to it.

After that, Shi Nuannuan brought her upstairs so that she could take a look at Shi Yuting’s bedroom. The furnishing and decoration in his room were very simple and was similar to his bedroom in Country Z. Simple and low-key.

The wedding proceeded as scheduled.

Many guests were gathered in the Shi family mansion on Christmas Eve. There were businessmen, celebrities, film and television stars, presidents from abroad, and even distinguished royal families who attended the wedding.

The reason why these people came to the wedding was to give Zuo Yi, Shi Le, and Shi Yuting face.

Zuo Weiyi was sitting in the lounge in her snow-white wedding dress that perfectly accentuated her slender figure. She looked extremely noble and gorgeous, and it made her look like she was an ice queen, who was extremely cold with a soft touch of beauty.

“Now, we will welcome our bride.”

As soon as she heard the emcee’s voice, Zuo Weiyi took a deep breath before she walked out of the lounge with the help of her bridesmaid, Shi Nuannuan.

As soon as she stepped out of the lounge, she saw her grandfather standing at the door as he stared at her with a smile on his face.

“My granddaughter is so beautiful today.”

#### **Chapter 418: Tengtang Xi’s Conspiracy (1)**

Zuo Weiyi looked at Zuo Yi before she smiled slightly and said, “Thank you, Grandpa.”

Zuo Weiyi held onto Zuo Yi’s arm as the both of them slowly walked down the stairs. The people of the whole country were all prepared to witness their wedding tonight.

Zuo Weiyi could not help but look at Shi Yuting, who was getting closer and closer to her. He really looked very handsome in his white suit. Zuo Weiyi could not help but wonder how many female guests tonight would have already been smitten with him.

After Zuo Weiyi stepped on stage, the emcee was about to open his mouth to preside over the wedding. However, as he was about to speak, there was a sudden burst of noise in the hall. The guests who were previously gazing at the couple with envy were suddenly pointing at the screen behind them!

Shi Nuannuan's eyes widened in shock as she stood below the stage. She was very shocked at the images that she was seeing on the projected screen behind her brother and Zuo Weiyi!

That... what was that...

At this time, Zuo Weiyi and Shi Yuting were both a little puzzled as they stood on stage. However, it was not difficult for them to see that everyone's eyes were fixed on the screen behind them.

The screen was initially displaying some wedding photos and videos of the happy couple.

When Shi Yuting and Zuo Weiyi turned around to look at the screen, they could only see several \*\*\* photos being projected on the screen. As for the identity of the person in the photos, it was none other than Zuo Weiyi's mother... Zuo Qing!

Zuo Weiyi's eyes widened in shock. Before she could understand what was happening, the next set of photos instantly came into her sight.

The woman in the photo was completely naked on her upper body but mosaics were placed on her private parts. Zuo Weiyi knew that the woman's face in the photo was herself, but who was the shirtless man in the photo?

No, no. That woman was not her because she had never taken these pictures before!

What the hell was this? Zuo Weiyi was in disbelief as she stared at the pictures that were appearing, one after the other!

Her hands balled into fists as she clenched them tightly. She did not know why there were fake pictures of her, but there were also some unsightly pictures of Jiang Huaiyuan and her mother. What was going on here? Who could explain this to her?

"Turn that damn thing off for me!"

It was only when Shi Yuting's roar finally resounded through the hall that all of the guests in the hall finally became a little quieter. However, they could not stop pointing their fingers at Zuo Weiyi who was standing on stage as they continued whispering amongst themselves.

However, it seemed as though Shi Yuting's loud roar had no effect at all. Xiangyi who was sitting amongst the audience seemed to have realized that something was amiss. He got up in a hurry before he headed straight to the projection room.

As he was about to walk in the direction of the projection room, he suddenly saw a figure appearing and walking toward him from not too far away.

Xiangyi stopped in his tracks when he saw Tengtang Xi.

Why did she come out of the projection room?

In fact, Tengtang Xi's appearance was not totally unexpected. After all, she was also one of the guests who had been invited to the wedding. However, Xiangyi could not understand why a guest was walking out of the projection room.

“Do you want to know who the two men and the two women in the pictures are?” As she stared at the screen that was projected not too far away, Tengtang Xi crossed her arms in front of her chest, and she had an arrogant expression on her face as she walked toward Shi Yuting and Zuo Weiyi.

As soon as she started speaking, all of the guests’ eyes were immediately fixed on her.

Many guests recognized that one of the women in the picture was none other than Zuo Weiyi. However, they did not know who the other woman or the two men were. Therefore, they could not help but feel a little curious.

“There is no need for you to question yourselves. One of the women is definitely none other than our bride today. As for the man who was with her... he is an old lover that she used to have back in Country Z. The other woman is naturally the mother of this woman, who is just like her! Both of them have a knack for seducing men who already have wives!”

### **Chapter 419: Tengtang Xi’s Conspiracy (2)**

“You are lying!” Zuo Weiyi was trembling in anger as she stood on stage. She did not understand how these unnecessary photos were made.

“I am lying?” Tengtang Xi had a very domineering expression on her face as she stared at Zuo Weiyi, who was standing on stage. “Do you dare to say that the woman in the photo is not your mother, Zuo Qing, and Jiang Huaiyuan, who used to be the chairman of the Jiang Group?”

Tengtang Xi’s sentence left Zuo Weiyi completely speechless.

The woman in the photo, was indeed her mother, Zuo Qing, but what was going on here?

“If you think that these are not enough, then let’s watch something else then.” At this time, Tengtang Xi suddenly pressed a button on the remote control in her hand. Very soon, the pictures were replaced with a video instead.

The scene displayed on the video was even more unsightly.

Zuo Weiyi might not know that the scene in this video was the scene where Jiang Huaiyuan \*\*\*\* Zuo Qing in his office. The reason why Zuo Qing had always been very obedient and submissive toward her bastard father, and the reason why she had always been willing to remain as his underground lover, was because he had always been threatening her with these photos and video.

Zuo Weiyi felt as though arrows were piercing through her chest as she looked at the images in the video and felt that the pain was too much for her to bear.

She did not know where these photos and video came from or how it fell into Tengtang Xi’s hands. However, Zuo Weiyi felt very helpless and felt as though the pain in her heart was eating her alive!

“Drag this woman out of here!” A cold voice suddenly sounded.

When everyone heard this voice, they could see the rage and anger on Shi Yuting’s dark face. He was filled with so much rage and anger that it seemed as though he could not wait to tear Tengtang Xi, who was standing not too far away from him, apart!

As soon as his angry voice sounded, two bodyguards immediately walked over from the door as they tried to drag Tengtang Xi out.

However, Tengtang Xi broke free from their grasps.

“Presumptuous! Do you know who I am? The reason why I came here today is to publicly expose this \*\*\*\*\* woman’s schemes! She is not the president’s granddaughter at all! All of this was just Shen Ruoxi’s plan and conspiracy! That is all it is!”

As soon as she said that, Zuo Yi and Shi Le who were sitting at the side were also shocked!

Zuo Weiyi, who was standing on stage, turned around to look at Tengtang Xi in disbelief.

“What did you say?”

Tengtang Xi felt extremely happy and victorious when she saw the painful and desperate expression on Zuo Weiyi’s face.

She smiled coldly as she replied, “Shen Ruoxi was not pregnant when she left. The reason why she had always kept your mother’s birthday a secret is simply because she wanted to exact revenge on the president!”

“I asked you to drag this crazy woman out of this place! Are all of you deaf?” Shi Yuting’s roar sounded once again.

Xiangyi had just stepped out of the projection room after removing all of those unsightly things from the screen. He heard Shi Yuting’s loud voice as soon as he came out of the room.

Xiangyi had a cold expression on his face as he walked toward Tengtang Xi before he grabbed her arm and dragged her out of the door without any hesitation at all.

“What are you trying to do? Let go of me!” Tengtang Xi struggled continuously to try and break free from Xiangyi’s grasp.

However, Xiangyi simply turned a deaf ear to her words.

After forcibly dragging Tengtang Xi away, there was a loud commotion in the hall.

“Oh my god, I can’t believe this. The president’s granddaughter is actually a fake...”

“And she even did that sort of thing with other men...”

“This woman is really very despicable and unpredictable. She pretended to be such a good person just so that she could deceive the president and Mr. Shi...”

Zuo Weiyi could hear everyone whispering as they insulted and ridiculed her. She felt as though her heart was being pierced repeatedly by a sharp knife. She felt as though her heart had already shattered into pieces!

### **Chapter 420: Tengtang Xi’s Conspiracy (3)**

Zuo Weiyi was in so much pain that her legs started going soft. She was about to fall but a strong arm suddenly wrapped itself around her waist.

She turned around and was faced with a pair of deep and concerned eyes. After that, her feet were lifted off the ground, and Shi Yuting had already carried her in his arms!

As she leaned against his warm chest, Zuo Weiyi buried her face deep in his chest. It felt as though in this world, he was her only safe haven.

Zuo Weiyi could not hold back her tears, so his pink shirt was completely soaked...

Shi Yuting held her trembling body tightly in his arms as she sobbed, and he simply turned around and walked up the stairs.

"Brother..." Shi Nuannuan quickly followed behind both of them!

"What is going on? What is happening now? Is the wedding still on?"

"How can the wedding still go on when the bridegroom and the bride are already gone?"

Zuo Yi and Shi Le were frozen at the side, and both of them had very ugly expressions on their faces.

It wasn't until he heard the sound of the heated discussions that Shi Le finally stood up to end the absurd wedding banquet immediately.

On the second floor.

Zuo Weiyi refused to leave Shi Yuting's side and continued burying her face in Shi Yuting's chest. Her tears and the snot from her nose had already soaked his pink shirt completely. Her body was also shaking uncontrollably at this point.

Shi Nuannuan, who was sitting at the side, also felt very distressed.

"That damn Tengtang Xi! She must be the one who hired someone to fake those pictures just to humiliate Weiyi and Aunt Zuo! Weiyi, don't cry anymore. My brother will definitely investigate and look into this matter. He will settle the score with Tengtang Xi after this!"

However, Zuo Weiyi could not be comforted by Shi Nuannuan's words at all.

Perhaps the pictures of her were indeed fake but the video of her mother...

When she had become sensible as a child, she once persuaded her mother to leave her bastard father. However, her mother refused to do so. Later, when she was in high school, after her repeated questioning, her mother finally told her that she used to work as Jiang Huaiyuan's secretary in the past. One day, when she was working overtime, Jiang Huaiyuan had raped her and even took pictures and a video of them so that he could threaten her and force her to be his mistress.

Zuo Weiyi had never seen those photos and thought that this was just an excuse that Jiang Huaiyuan came up with to threaten her mother. Therefore, she had always been trying to advise her mother against it. However, it turned out that Jiang Huaiyuan had really used these pictures and videos to threaten her mother so that she would be his mistress for over twenty years.

However, Zuo Weiyi really could not understand why these things would end up in Tengtang Xi's hands.

Why was she doing this? Even if Tengtang Xi really hated her, did she have to publicly humiliate her mother in public? Why?

Zuo Weiyi's hand that was grabbing Shi Yuting's shirt gradually tightened and her nails were piercing right into her flesh. Bright red blood started flowing and staining his pink shirt and white suit.

"Blood! Weiyi's hand is bleeding!" Shi Nuannuan exclaimed out loud when she saw this.

Shi Yuting lowered his head and pulled Zuo Weiyi from his chest. As expected, her hand was bleeding because she was clenching her fists so tightly.

"Let go," Shi Yuting whispered softly as he tried to get her to let go of her fists as the blood was flowing out from between her fingers.

However, it seemed as though Zuo Weiyi could not hear him at all. She continued sobbing uncontrollably, and her hand that was grabbing tightly onto his shirt also trembled with resentment!

"Weiyi, let go. I asked you to let go!" Shi Yuting was heartbroken and could not help but yell out loud.

Zuo Weiyi finally loosened her grip. Her nails were already filled with blood, and it was an extremely shocking sight.

"Go and get the medical kit," Shi Yuting quickly instructed Shi Nuannuan, who was standing nearby.
