### **Chapter 421: Tengtang Xi's Conspiracy (4)**

Shi Nuannuan hurriedly nodded and rushed out of the room. Not long after, she walked in with a white medical box in her hand.

Shen Lanzhi also came with her.

When she walked over and saw Zuo Weiwei's hand that was dyed red with blood, Shen Lanzhi was also shocked, and her heart ached a little.

Shi Yuting personally washed the bloodstains from the medical box for her. His actions were too gentle as if he was afraid of hurting her.

At this moment, other than the hatred he had for Tengtang Xi, Zuo Weiwei looked like an empty shell. Her soul had already been destroyed.

After cleaning her hands, Shi Yuting put on a band-aid for her. Then, he said to Shi Nuan, "Look at her."

With that, he stood up and left.

In the living room downstairs, Shi Shi and Zuo Yi were sitting on the sofa.

Shi Shi's expression was hideous, especially when she thought of those unsightly photos and Tengtang Xi's words.

Zuo Yi's expression was also dark. Everything that had happened today was too sudden, and he didn't know how to face it.

Hearing footsteps, the two of them looked up and saw Shi Yuting walking down the stairs.

"Is she alright?" It was Zuo Yi who asked.

He was worried about the person upstairs, but when he thought of Tengtang Xi's words, 'you're not the president's granddaughter at all', he felt a little displeased.

And those photos and videos, were they really his daughter Zuo Qing's?

Zuo Yi could not help but feel a little pessimistic about Zuo Weiwei's identity.

No, he had to find Tengtang Xi and ask him about it!

Shi Yuting glanced at the two people on the sofa and did not answer Zuo Yi's question. Instead, he walked towards the door with a cold expression. It was not difficult to see that under those sword-like eyebrows was a storm that was about to arrive!

Looking in the direction he had left, Zuo Yi stood up as well.

He had to find out if the only one was his granddaughter!

What did she mean by all this was just a conspiracy? Would a simple person like her create a conspiracy?

In order to resolve the confusion in her heart, Zuo Yi had no choice but to find Tengtang Xi and ask her about it.

...

Tengtang Xi's residence.

Tengtang Xi's stern, reproachful voice came from the living room.

"Xi'er, why are you so confused?! You ran to Shi Yuting's wedding and caused a ruckus. Did you know that Zuo Weiwei is the president's granddaughter and the wife of the next president?! Do you know that your actions will bring harm to the entire Tengtang family?!"

"No!" Tengtang Xi wasn't worried at all in the face of Tengtang Li's rebuke. She looked at him and smiled proudly. "She's not the president's granddaughter, and it's even more impossible for Shi Yuting to marry her!"

"You... what did you do?" Although Tengtang Li treasured this granddaughter of his, he didn't want her to act recklessly. In the end, she would only bring harm to herself and others, and the gains wouldn't make up for the losses!

Tengtang Xi smiled, then turned around and looked at the main door.

"I've already found the only evidence that Zuo Yiwei isn't the president's granddaughter. I think... Zuo Yi will come to our house soon." She looked at the door not far away confidently with a headstrong look. It was as if she was waiting for something.

Only then did Tengtang Li feel that his former granddaughter could no longer come back. Jealousy and hatred had long penetrated through her rationality.

Just then, a tall figure walked in from the door as expected. It was as if he had expected someone to come, so the Tengtang family's door was not closed.

#### **Chapter 422: Tengtang Xi's Conspiracy (5)**

However, Tengtang Xi only felt a little surprised when that figure approached closer and closer.

It was actually Shi Yuting who came, why wasn't it Zuo Yi?!

Looking at Shi Yuting who walked straight in, that cold and bone-chilling gaze was enough to prove how arrogant his fury was at that moment! One could not help but feel a chill in their hearts when they saw him.

Looking at Shi Yuting who was walking towards him step by step, Tengtang Xi took a step back in fear.

"You, you're here—"

Slap!

Tengtang Xi had only uttered a few words when Shi Yuting slapped him in the next second. He fell to the ground with a hefty force!

“Shi Yuting, what, what are you doing?!” On the side, Tengtang Li could not help but walk over when he saw his granddaughter being beaten up. He glared at Shi Yuting with a face full of anger.

However, Shi Yuting did not even glance at him. His pair of bone-chilling eyes stared straight at the woman on the ground as he approached step by step. He wished that he could tear her into thousands of pieces to relieve the hatred in his heart!

Looking at the man who was approaching step by step, Tengtang Xi could not help but feel a little afraid. The clear palm print on her face instantly became a little red and swollen.

She covered her face with her hand and slowly stood up from the ground with Tengtang Li’s help.

She had long experienced this man’s cold-bloodedness and cruelty and was prepared for the consequences of making a scene at the wedding venue.

“Shi Yuting, what... what on earth are you trying to do?” Tengtang Li held his granddaughter as he watched Shi Yuting approach him step by step. His heart could not help but tremble a little.

He had never seen such a bloodthirsty look in his eyes at this moment. He looked like an enraged Mengshou, extremely ferocious!

“Men!” As if he could see what he was trying to do, Tengtang Li gave the order and called for the bodyguards guarding outside the door.

A few bodyguards immediately rushed in upon hearing the order!

Shi Yuting turned his head. The intimidating force emitted from his cold eyes seemed to want to tear apart everything that stood in his way!

When they came into contact with his sharp eyes, the bodyguards could not help but stop in their tracks. They were all intimidated by his gaze and did not dare to go forward.

Shi Yuting turned around, his cold gaze once again returning to Tengtang Xi’s face, and he closed in on her step after step.

“Shi Yuting, you, you are the presidential candidate. How can you be so unreasonable to our family? Aren’t you afraid that the entire country will know about this?!” Tengtang Li held his granddaughter and retreated step by step.

At this moment, Shi Yuting’s gaze finally landed on his face, and his voice was extremely cold. “Then go and say it.”

“What right do you have to hit me like this!?” At this moment, Tengtang Xi who had always been timid finally opened his mouth.

Shi Yuting turned his sharp gaze, and a flash of cold light was enough to kill everything!

“You’re asking me what right do I have?” He asked back, and his tone was so cold that it made people tremble in fear.

“Those are the facts. I’m not lying!” Tengtang Xi refused to be outdone, so she pushed away Tengtang Li’s guardian and went head-to-head with Shi Yuting!

But in the next second, she felt that it was difficult for her to breathe, and her throat was held tightly by a strong hand!

“Shi Yuting, let go, let go of my Xi’er!” Seeing Shi Yuting’s actions, Tengtang Li’s face turned pale with fear. He reached out his hand and was about to break Shi Yuting’s hand that was tightly holding Tengtang Xi’s neck.

However, his strength was not even half of his.

Tengtang Xi’s beautiful and exquisite face instantly flushed red. His feet gradually left the ground, and his breathing became tighter and tighter.

### **Chapter 423: Tengtang Xi’s Conspiracy (6)**

“Shi, Shi Yuting... let me go...” She spoke with great difficulty, but she didn’t seem to have any intention of begging for mercy. Instead, she continued to struggle.

“Isn’t everything you’ve done just to die by my hands? Hmm...”

“I, I don’t understand what you’re saying...” Tengtang Xi’s feet left the ground completely. She felt as if her breath had been taken away, and that intense suffocation almost swallowed her whole!

“Since you want to die so badly, I’ll grant you your wish.”

“Let, let go... let go, Shi Yuting, you lunatic!” Seeing his granddaughter’s expression suddenly change, Tengtang Li, who was standing at the side, was completely terrified. He had already experienced the pain of losing his only granddaughter. He couldn’t lose his only granddaughter again!

“Why are you all still standing there? Did I take money to worship and feed you all?!” Seeing that he couldn’t do anything, Tengtang Li couldn’t help but shout at the bodyguards who were standing at the side in shock!

The bodyguards came back to their senses. Although they were terrified of Shi Yuting, they had received Tengtang Li’s money after all, so they naturally had to work for him!

Hearing his shout, a few bodyguards stepped forward one after another.

And at this moment, another figure walked over from the door!

Seeing this person, Tengtang Li seemed to have seen his savior!

“President, quickly save my granddaughter. Shi Yuting wants to kill her!”

Zuo Yi was shocked when she heard that!

She looked up and saw Shi Yuting grabbing Tengtang Xi’s neck with one hand and lifting her up one foot from the ground!

Tengtang Xi couldn’t help but reach out to Zuo Yi when he saw her. “Save... save me...”

Zuo Yi’s expression turned serious as she looked at Shi Yuting. “Kid, stop!”

However, Shi Yuting still had no intention of letting go.

If this continued, Tengtang Xi would be on his last breath.

“If you kill her here, you will become a murderer. Have you thought about what you will do when the time comes?” In order to stop his foolish actions, Zuo Yi had no choice but to point out his weakness.

As expected, when he heard Weiyi’s name, there was a slight change in Shi Yuting’s angry eyes. The image of the injured and helpless figure that was still shivering in the bedroom on the second floor suddenly flashed through his mind.

If he killed her here, he would indeed become a murderer. However, if he did it quietly, the outcome would be completely different.

Thinking of this, Shi Yuting’s fingers suddenly loosened. In the next second, Tengtang Xi fell completely onto the cold floor.

“Cough, cough, cough...” She coughed violently and breathed with all her might. In an instant, it was as if she had turned around from the gates of hell.

In that instant, she could clearly feel that she was about to die!

“Xi’er, Xi’er...” Tengtang Li ran over and looked at his precious granddaughter with a pained expression. “Are you alright?”

Tengtang Xi’s face was dark. She looked up at the cold and heartless man in front of her.

“Tell me, where did you get those things today?” Zuo Yi’s face was dark as she looked at Tengtang Xi on the ground. Her voice was cold as well.

Tengtang Xi turned around and looked at Zuo Yi. It seemed that her breathing was not completely smooth yet.

“Those... those things are all real.”

As soon as she finished speaking, she was kicked to the ground by Shi Yuting and fell backward.

“Xi’er!” Tengtang Xi cried out in shock and quickly helped Tengtang Xi up. Then, she turned around and glared at Shi Yuting angrily. “Shi Yuting, I’m going to sue you!”

#### **Chapter 424: Tengtang Xi’s Conspiracy (7)**

Zuo Yi was also stunned.

He had never seen such a brutal side of him.

However, Shi Yuting only glanced at him coldly in the face of Tengtang Li’s accusation.

“You said those things are real?” Zuo Yi looked down at Tengtang Xi, who was sitting on the ground in a sorry state.

This time, Tengtang Xi glanced at Shi Yuting with a hint of timidity in his eyes.

“I have evidence!”

Hearing this, Zuo Yi frowned.

“Evidence?”

“What evidence?”

“Come out!” She said. Then, two figures slowly walked over from the back door of the living room.

Seeing this scene, the two figures were obviously afraid.

“Tell them, are those photos and videos real or not?” Tengtang Xi asked coldly while looking at the figure of one of the men.

When the man raised his head, Shi Yuting recognized him at a glance and couldn't help but frown.

It was the cold-hearted father standing on the left, Jiang Huaiyuan!

Compared to his previous glory and dignity, Jiang Huaiyuan looked extremely miserable at this moment. He looked like a rat crossing the street!

When he raised his head and saw Shi Yuting standing in front of him, Jiang Huaiyuan was clearly a little surprised.

“Mr., Mr. Shi...”

“You tell him whether those things are real or fake!” Tengtang Xi spoke again.

As soon as she spoke, Jiang Huaiyuan's body obviously trembled.

He raised his head and looked at Shi Yuting and Zuo Yi standing in front of him.

“Yes, it's true...”

Looking at the man in front of her, Zuo Yi furrowed her brows slightly.

Wasn't this man the man in the photo and video? However, compared to the photo, this man seemed to have experienced something and changed slightly.

“Is the woman in the photo Zuo Qing?” Tengtang Xi asked again.

“Yes, yes.”

“And?”

“And, and, the only boyfriend she had with her in college...”

Before Jiang Huaiyuan could finish his sentence, he felt a black shadow sprinting toward him like a gust of wind. Then, he was lifted up by a strong hand. Before he could react, he was thrown to the side. He crashed into the back of the Sofa not far away and fell to the ground. He was in great pain!

“Ah!” Jiang Huaiyuan wailed in pain!

Shi Yuting walked over. His eyes were filled with anger. He wished he could have Jiang Huaiyuan executed!

As a father, he slandered his own woman and daughter. He even released those disgusting videos and photos to the public. He wanted nothing more than to deal with such a scum!

“Are you worthy of being a man?”

Looking at Jiang Huaiyuan who was howling in pain on the ground, Shi Yuting asked coldly.

“Are you the only father?”

Zuo Yi walked over. Her impression of this Jiang Huaiyuan was extremely bad.

No wonder Zuo Qing was defiled by him back then. He was simply an animal!

“Who... who are you?” Jiang Huaiyuan, who was lying on the ground, couldn’t help but raise his head when he heard this authoritative voice.

Anyone with a discerning eye could tell that Shi Yuting and Zuo Yi’s auras were obviously different from those of ordinary people.

Glancing at the man on the ground, Zuo Yi’s voice was extremely authoritative. “I’m the only grandfather, the president of this country.”

Grandfather? President?

This time, Jiang Huaiyuan was completely dumbfounded.

Where did the only grandfather come from? And he was even a president? How is this possible?!

#### **Chapter 425: Tengtang Xi’s Conspiracy (8)**

Hadn’t Zuo Qing’s father died in a car accident long ago?

Looking at Zuo Yi, Jiang Huaiyuan’s face was filled in disbelief!

“You, tell us everything you know.” Looking at the three people on the sofa, Tengtang Xi said to another trembling figure.

Hearing her voice, Zuo Yi turned her head and looked at the figure who was still standing there.

He narrowed his eyes and felt that the thin figure was somewhat familiar. It was an old lady who looked to be in her sixties.

The older man raised his head and looked at Tengtang Xi with some trepidation. Then, he glanced at Zuo Yi, who was not far away.

“I...” Her voice was trembling.

However, the moment she spoke, Zuo Yi’s brows immediately furrowed.

This voice...

‘Wasn’t it Bai Duo, Shen Ruoxi’s sister back then?’

“Bai Duo?” Zuo Yi walked up to the old lady and realized that it was indeed her.

She was the one who had told him that Shen Ruoxi had left pregnant back then.

“It’s really you.”

The old lady took a look at Zuo Yi and then lowered her eyes.

“What are you doing here?”

“I...” She raised her head and wanted to say something, but she hesitated. Then, she looked at Tengtang Xi, who was beside her.

When he met her gaze, Tengtang Xi glared at her fiercely, as if he was hinting at something with his eyes.

“I’m here because I have something to tell you...”

“What is it?”

“Back then, when Tengtang Xi left, she wasn’t pregnant.”

Hearing this, Zuo Yi’s heart shook, and his expression changed. “Not pregnant?”

“Yes.” The old lady nodded, but she never dared to look Zuo Yi in the eye.

Zuo Yi seemed to have seen through her guilt.

He was silent for a few seconds, then looked down at the old lady’s slightly pale head.

He asked in a deep voice, “Then why did you tell me that you were pregnant?”

When she had observed the people’s situation, Bai Duo had told him indignantly that he had let down Shen Qianxi and harmed her for her entire life. She felt that it was not worth it for her.

And this time, she came to tell him that Qianxi was not pregnant back then?

The old lady lowered her head. No one noticed her twinkling and flustered eyes. “I, I did that because...”

“Because what?” Zuo Yi’s face was like an iceberg. Her voice was icy, and her sharp eyes seemed to see through the old lady in front of her.

“Because I saw the news. I don’t want you to be deceived.”

“Deceived?”

At this moment, the old lady seemed to have mustered up her courage. She raised her head and met Zuo Yi’s sharp eyes. There was a flash in her eyes at the moment of contact, but in the next second, she seemed to have suddenly remembered something. In the end, she did not avoid his gaze.

“All of this was actually a conspiracy by Shen Ruoxi. Back then, she was forced away by your parents, but you only cared about becoming the president and did not care about her. Later on, she left. I thought that you would look for her, but you did not. She held a grudge against you, so she set up this conspiracy and claimed that she left pregnant. Her goal was to take revenge on you and make you feel guilty and regretful!”

The old lady finished her sentence in one breath. Although she looked overly calm on the surface, she was extremely nervous in her heart. Her entire nerves were tense!

Looking at her overly calm face, Zuo Yi furrowed her brows tightly.

“Then why did you tell me later that she was pregnant and left? And you, how did you know about this?”

The old lady seemed to have prepared an excuse long ago. “Because my relationship with her was the best. She did not tell anyone about this, but only told me.”

#### **Chapter 426: Tengtang Xi’s Conspiracy (9)**

The old lady seemed to have prepared her story long ago, “Because I have the best relationship with her, she did not tell anyone about this, but only told me. She is my best sister, so when I saw you that day, I thought of the harm that Ruoxi had suffered. So I cooperated with her and said that she left pregnant back then, to make you suffer for the rest of your life.”

“Since she’s your best sister, why are you telling me the truth now?”

“Didn’t I say it before? Because you’re the president of a country, I don’t want you to be deceived. Besides, I thought that they had died a long time ago. I didn’t expect that there would be a granddaughter in this world.”

“Bai Duo, I’m giving you one last chance. Is everything I said just now true?” Zuo Yi’s tone was obviously doubtful.

She looked up and met Zuo Yi’s gaze. Bai Duo tightened her grip on the hand in front of her as if she was trying to hide the panic in her heart.

“It’s all true.”

Zuo Yi looked at her for a long time before saying, “Alright, you can leave now.”

Hearing this, Bai Duo suddenly raised her head and looked at Zuo Yi in surprise.

Could she leave now?

But...

Bai Duo’s gaze could not help but glance at Tengtang Xi beside her.

Zuo Yi saw everything at this glance.

Bai Duo was at a loss, but in the end, she still walked towards the door.

After she left, Zuo Yi locked her gaze on Jiang Huaiyuan. “Are you the man who raped Zuo Qing back then?”

Hearing this, Jiang Huaiyuan, who was still lying on the ground, couldn’t help but be stunned. His face was filled with fear.

Was this man really the president of C Country?

“Wh-what rape? That year, it was she who took fancy of my money and was willing to be with me!” If the man in front of him, who was the president, was really the only grandfather, then wasn’t he Zuo Qing’s biological father?

If the matter of him drugging Zuo Qing was exposed, would he still leave this place alive?

Thinking about it, Jiang Huaiyuan couldn't help but feel a lingering fear.

Therefore, he must have insisted that Zuo Qing was willing to follow him back then. Since Zuo Qing was already dead, there was no way to prove it.

At this moment, the cell phone in Shi Yuting's arms rang.

He took out his cell phone, and the caller ID showed Nuannuan.

As soon as the call was connected, Shi Nuannuan's anxious voice came through. "Brother, Weiyi is missing!"

Hearing this, Shi Yuting's eyes turned cold, and his heart trembled!

"What happened?"

"She said she wanted to drink water, so I went down to get her some. But in the blink of an eye, she disappeared. I asked the bodyguards in the courtyard, and they said that Weiyi was gone. But... but I don't know where she went..." Shi Nuannuan was about to cry on the phone!

Holding the phone tightly, Shi Yuting turned around and rushed out of Teng Tang's house.

Zuo Yi didn't know what had happened, but it wasn't hard to see that Shi Yuting's face was a little ugly just now. He was worried that it might be Weiyi, so Zuo Yi couldn't help but turn around and run out with him.

After the two of them left, Jiang Huaiyuan heaved a sigh of relief.

...

It was a little cold at night.

Wearing a white wedding gown with bare shoulders, Zuo Weiyi didn't feel cold at all. Her heart was in great pain.

White snowflakes gradually drifted into the sky. She didn't know where she was exactly.

After leaving the Shi family's ancient castle, she walked aimlessly.

She wanted to find Tengtang Xi to kill her!

"Tengtang Xi... where is Tengtang Xi..." she muttered to herself. Under the night sky, that slender figure was so lonely and helpless.

#### **Chapter 427: Lonely and Helpless Figure**

As the snowflakes melted, the ground gradually became wet, and her white wedding dress was also dragged into a sorry state.

She did not know the exact location of Tengtang Xi's home, but her heart and mind only wanted to find Tengtang Xi!

Her mother was already dead. When she was alive, she was trampled and humiliated endlessly by Qiu Yun and her daughter. Why was she still being blamed by the public after her death? When she thought of the humiliation her mother had suffered throughout her life and how she was still being tortured by the wheel of death, Zuo Weiyi felt as if her heart had been pierced by thousands of arrows. The pain was so painful that she could not even breathe.

Tears slid down her cheeks silently and were blown away by the wind. It was bone-chilling.

"Tengtang Xi... Tengtang Xi..." she kept shouting this name. Step by step, she walked toward the city lights not far away.

Thump!

She stumbled and fell to the ground. The pain in her knees was nowhere close to what she felt in her heart.

She got up and continued to walk forward. When she got up, she could not stand steadily and almost fell to the ground.

It turned out that the heel of her high-heeled shoes had twisted.

Looking at the failing heel, Zuo Weiyi lifted her foot and removed the pair of high-heeled shoes. Her bare feet stepped on the melting snow, but she could not feel the cold and continued to walk forward.

She wanted to find Tengtang Xi. "Tengtang Xi..."

On the other side, Shi Nuannuan, Shen Lanzhi, and the others were anxiously looking for her.

"Weiyi! Where are you?!"

Knowing that she had walked out, Shi Nuannuan did not drive. Instead, she called out her name around the castle.

The castle was far from the city, and there were two roads leading to the city center. Shi Nuannuan did not know which route she had taken. Furthermore, if she walked a little further along these two roads, she would be able to go to many places. She could even go to a residential area not far away.

Or perhaps, she might not have left but was hiding somewhere.

For a moment, everyone in the Shi family was looking for her.

At this moment, Zuo Weiyi took a left at a fork in the road. She did not know which direction it led to, but she was walking aimlessly...

The night was gradually getting late. She did not know how long she had been walking for, but she still did not reach Tengtang Xi's house.

She didn't know where Tengtang Xi's house was, but in her heart, she was eager to reach it.

However, a person who was physically and mentally exhausted would be mercilessly destroyed by the cold night. Even a person who was made of iron wouldn't be able to withstand it.

In the end, her face turned pale, and her vision started to fade. In the next second, she fell silently into the snow and lost all consciousness.

The moment she fell to the ground, a tall figure walked towards her from behind.

An hour and a half had passed, but the Shi family still could not find Zuo Weiyi.

The night was getting darker, and the snowflakes were getting bigger. A thick layer of white snow had long covered the ground.

At midnight, Shi Nuannuan and Shen Lanzhi were anxiously sitting on the sofa in the Shi family's living room. Shi Le was also sitting beside them with a heavy expression.

It was already late, but they did not feel sleepy at all.

Shi Nuannuan and Shen Lanzhi were worried about Zuo Weiyi's only consolation, while Shi Le was upset because of everything that had happened today.

It took him a lot of effort to convince himself to accept Zuo Weiyi. Most of the time, it was because she was Shen Ruoxi's granddaughter, but unfortunately, those ugly photos were exposed. The next morning, it would probably cause a storm in the city.

#### **Chapter 428: You Can't Deny Zuo Weiyi Just Because of This!**

When he thought about what might happen tomorrow, Shi Nuannuan didn't have the mood to sleep at all.

He closed his eyes and sighed heavily.

At the side, Shen Lanzhi saw this and couldn't help but say, "Dad, why don't you go upstairs and rest first?"

"How can I still sleep after such a thing happened?"

Looking at his slightly gloomy face, Shi Nuannuan couldn't help but say worriedly, "Grandpa, you mustn't believe Tengtang Xi's words. Those are definitely fake!"

"The photo can be fake, but can the video also be fake?" Looking at his granddaughter, Shi Le couldn't help but ask.

Zuo Qing had already passed away, so it was obviously impossible for someone to set her up. Moreover, looking at the video's quality, it seemed to have been taken many years ago. How could it be fake? Unless the woman in the photo wasn't Zuo Qing.

However, when he was in Z Country, he had investigated his family background. The woman in the video was definitely Zuo Qing.

Hearing this, Shi Nuannuan could not help but feel a little displeased.

She protested, "It's not like the woman in the video is Zuo Weiyi. What does it have to do with her?"

“The woman in the video is indeed not Zuo Weiyi, but that is her biological mother!” Although it was not directly related, once this kind of \* \* \* \* photo was taken, the entire country would definitely be talking about the Shi family. It might even affect Shi Yuting’s candidacy.

“Grandpa! Actually, Zuo Weiyi’s mother was raped by someone back then!” Regarding this, Shi Nuannuan had heard Zuo Weiyi mention it before. However, the lonely and helpless Zuo Qing didn’t have any evidence to accuse Jiang Huaiyuan. In the end, he even used it to blackmail her into becoming his secret lover. Although this method might be a little foolish, however, in this conservative era, which woman would be able to let those photos and videos be released to the public?

Perhaps Zuo Weiyi’s mother could not bear this, so she endured the humiliation and secretly agreed to Jiang Huaiyuan’s request.

In fact, she felt that this point was understandable. After all, the victim was actually Weiyi’s mother.

And at that time, how could she possibly defeat Jiang Huaiyuan, who was the president of Jiang Group?

“Rape? Does that video look like rape to you?” She looked bewildered.

Shi Le’s retort immediately left Shi Nuannuan speechless.

She only knew that Zuo Qing was raped by Jiang Huaiyuan back then, but she didn’t know that she was drugged. For a moment, she found it difficult to answer Shi Le’s retort.

However, she believed that Zuo Qing was definitely not the woman in the video.

“In any case, you can’t deny that Weiyi is married to her brother just because of that!”

“I do not deny her. It’s just that this incident happened too suddenly. Shi Nuannuan, you have to know the status of our family in C Country. That kind of photo, and in front of so many people, do you know that among those guests, there are even presidents from other countries? I’m afraid that the scandal tomorrow will have already spread abroad!”

This was what he was worried about.

After all, the status of the Shi family was very different. He naturally did not want the Shi family’s reputation to be ruined because of Zuo Weiyi’s relationship with her mother.

Of course, as long as he found out that the photos were fake, he would naturally accept her. After all, even if she was not Zuo Yi’s granddaughter, she was definitely Shen Ruoxi’s granddaughter.

He sighed and stood up. “Alright, I’ll go back to my room to be quiet.”

Looking at his back as he went upstairs, Shen Lanzhi and Shi Nuannuan were still sitting on the sofa, worried.

#### **Chapter 429: Shoes Abandoned on the Side of the Road**

It was almost 1 pm. His brother and Xiangyi did not know if they had found the one and only.

At the same time.

Under the night sky, Shi Yuting was driving a blue Spyker sports car, looking for the figure that he missed the most.

However, after looking blindly for more than an hour, he still could not see her figure under the night sky.

Suddenly, a familiar object crashed into his pitch-black vision. He quickly slammed on the brakes and stopped the car. Then, he opened the car door and quickly walked towards that object.

Shi Yuting picked up a pair of discarded high heels on the ground. His heart tightened.

The shoes were obviously broken. Was she walking barefoot on this snowy ground now?

At the thought of this, his heart felt like it was being pricked by needles. It was heart-wrenching!

He raised his eyes that were filled with eagerness and looked around, but he still could not see Zuo Weiyi's figure.

"Weiyi!" A roar tore through the sky, but the response he got was the silent and cold night.

But since this pair of shoes was here, it meant that she had been here before.

Shi Yuting turned around and got into the car. He continued searching.

The next day.

On the bed, the only thing that slowly opened her eyes was an unfamiliar ceiling.

She turned around and looked at the unfamiliar room.

Where was this place?

She sat up. The white wedding dress she was wearing had been changed, and the scene from last night suddenly flashed through her mind.

She had left the Shi family to look for Tengtang Xi. What happened after that? How did she end up in this strange room?

She lifted the quilt and got out of bed. Just as she was about to open the door, the door was pushed open from the outside.

Then, a woman in her early twenties stood at the door. Judging from her clothes, she should be a maid or something.

"Who are you? Where is this place?" Zuo Weiyi was completely unfamiliar with the maid in front of her.

She did not know where she was.

The maid glanced at her. "I am a servant here. You should apply the medicine."

As soon as she finished speaking, the maid walked into the room with a tray of medicine and cotton balls in her hands. She placed the things in her hands on the coffee table beside the sofa.

However, seeing the maid's actions, Zuo Weiyi ignored her completely. "I'm asking you, where is this?"

“This is our master’s private residence.”

“Who is your master?”

“I’m sorry we don’t have the right to tell you this. Please come over. I want to apply some medicine for you.”

Glancing at the maid, Zuo Weiyi ignored her and turned around to walk out of the room.

This was a place she was completely unfamiliar with. Who was it? Who brought her here?

“Miss, you can’t go out!” The maid chased after her from the stairs.

Zuo Weiyi ignored her and walked straight to the door, trying to leave.

But before she could step out of the door, another woman walked in, and it was a blonde.

Seeing the blonde’s hair neatly tied behind her head and her tight-fitting clothes, Zuo Weiyi frowned.

“Who are you?”

Where exactly is this place?

The blonde woman glanced at Zuo Weiyi, then rudely pulled her arm and walked towards the sofa. She then said to the maid beside her, “Apply the medicine on her!”

When the maid heard this, she quickly went upstairs and took the things that she had just taken and brought it back down.

### **Chapter 430: Who Is Your Master?**

On the sofa, Zuo Weiyi was completely clueless about the strange room and the woman. “Who are you? Why did you bring me here?”

She frowned and asked the blonde woman.

The woman had a seductive figure, but she did not look feminine at all. Whether it was her clothes or her words and actions, she looked exactly like those thugs in martial arts movies.

“You collapsed in the snow last night, and my master saved you and brought you here.” The blonde woman sat on the armrest of the sofa. She bent down to a fruit plate on the coffee table and picked up an apple. She took a bite and answered her question at the same time.

It was her master again.

“Who is your master?”

The blonde woman chewed the apple and glanced at her.

“You don’t have to worry about that.”

“I want to leave!” As she spoke, Zuo Weiyi pushed away the maid who was applying medicine to her knee and got up to walk towards the door!

However, the moment she got up, she was pulled back by the blonde woman instantly. She was powerful and had the strength that a woman should not have.

The next second, she fell onto the sofa again.

The blonde woman glanced at her. "Although you were saved by our master, at the same time, you will be placed under house arrest here!"

Hearing this, Zuo Weiyi was shocked.

House arrest?

How could this be?!

"Who are you people? Why did you put me under house arrest here?!"

"Since you want to know so much, then let me tell you. Our master is Shi Tiannan."

When the answer came out, Zuo Weiyi was even more shocked!

Shi Tiannan? The one who imprisoned her here was actually Shi Tiannan?!

Why, why did he want to imprison her?!

"I want to leave this place!" She looked at the blonde woman with a face full of anger!

"Impossible. Here, you only have two choices. Either you eat well, stay here, or..." The blonde woman threw away the apple in her hand and moved her expressionless face toward Zuo Weiyi, "Die."

Looking at the blonde woman's determined face, Zuo Weiyi clenched her fists tightly.

Why did Shi Tiannan imprison her here? What was his purpose?

And how could she leave this place?

Last night, when she came out in her wedding dress, she didn't leave her phone with her at all. Would Shi Yuting be worried about her now?

At the same time.

In the Presidential Palace, Zuo Yi was also anxious. "Haven't you found her yet?"

Ah Qiang shook his head. "No."

"Keep looking!"

At this moment, Shi Yuting had not slept for almost the entire night on the sofa in the living room of the Shi family's ancient castle.

On the road that she had passed by, he had searched almost every corner within a hundred miles, but there was still no news of her. Also, because it was late at night, no one had seen her at all.

Where did she go?

Was she deliberately avoiding him? Or did something happen?

Xiangyi's figure walked in from the door. When he saw him, Shi Nuannuan immediately stood up, and Shi Yuting instantly turned his head.

Seeing their expectant eyes, Xiangyi shook his head in disappointment. "No."

"Go look again."

"Yes."

Xiangyi accepted the order and was about to turn around and leave.

"Wait."

On the sofa, Shi Yuting called out to him again.

Xiangyi turned around in confusion and looked at Shi Yuting on the sofa.

"Send someone to keep an eye on Jiang Huaiyuan."

Xiangyi was stunned.

Why was he staring at Jiang Huaiyuan?

But since Mr. Shi had said so, he must have his reasons. Xiangyi nodded and said, "Yes!"

She turned around and left the door. Her warm gaze behind her did not return until his figure completely disappeared.
