

Kiss Me 431

Chapter 431: Do You Think You Can Go Back?

Xiangyi did not have time to rest throughout the whole night. Thinking about it, Shi Nuannuan felt a little heartache.

While she was eager to find Zuo Weiyi, she also felt heartache for Xiangyi.

But what could she do? Finding Zuo Weiyi was more important.

It had been 12 hours since Zuo Weiyi left. Xiangyi had no news at all.

He didn't understand. It was impossible for him to escape from Mr. Shi's sight in C Country.

What happened to Mrs. Shi? Or did she deliberately hide herself?

...

At noon, looking at the food on the table, Zuo Weiyi had no intention of eating.

She got up and walked out of the room. The living room downstairs was empty, and even the maid seemed to be absent.

She walked downstairs carefully, thinking about the phone on the coffee table.

She could not sit still and wait for death. She had to find a way to contact Shi Yuting.

She walked to the coffee table, picked up the phone, and was about to call Shi Yuting's cell phone number.

But the moment her finger touched the number key, her hand was suddenly pressed down!

She was shocked. She turned her face and saw a familiar face. It was Shi Tiannan, who had imprisoned her!

"Why? Do you want to call Shi Yuting and tell him?"

Seeing Shi Tiannan suddenly appear, a hint of anger suddenly appeared in Zuo Weiyi's clear eyes!

"Why did you imprison me here? What is your purpose?!"

Shi Tiannan's face was calm as he forcefully took the phone from her hand and hung up the phone. Then, she leaned lazily on the sofa.

He said, "Do you think you can still go back after such a thing had happened? Do you still have the face to stay in the Shi family or the Presidential Palace?"

His sudden words made Zuo Weiyi's heart jolt. It was as if a sharp knife had ruthlessly dug out her heart.

Could she not go back to the Shi family and her grandfather's place?

She lowered her eyes dejectedly and could not help but recall the scene at the wedding last night.

That's right. After seeing those videos and photos and listening to Tengtang Xi's words, who would still accept her as if nothing had happened?

Last night, grandpa must have been shocked too, right?

No, that's not right. Could the current her still be Zuo Yi's granddaughter? Was her mother Zuo Yi's biological daughter?

At this moment, even she didn't seem to be able to find the answer.

But even so, Shi Yuting would definitely not abandon her!

"Shi Yuting, he must be looking for me right now..."

"You're too naive. As long as it's a man, who can bear to see his beloved sleeping with another man?" Shi Tiannan asked her in return on the sofa.

Zuo Weiyi shook her head in disbelief. "Impossible, he won't believe those photos because they're all fake!"

She knew that Shi Yuting would never betray her even if the whole world did.

Last night, when others criticized her, only Shi Yuting did not misunderstand her. He must have known that those photos were fake!

Other than him, she hardly had any contact with any man in the past twenty-one years. She had never even held hands with him, let alone slept with him.

"Fake?" Shi Tiannan glanced at her. "If it were me, even if I wanted to believe it, I wouldn't be able to accept it after I calmed down."

"I don't care about others. I only know that Shi Yuting won't!"

"You trust him so much?"

"Yes!"

"Then why did he leave when you were at your most lonely and helpless time?"

Chapter 432: He Will Definitely Come and Look for Me!

Zuo Weiyi could not help but be startled when she heard that.

"Last night, he did carry you upstairs, but what happened after that? Why did he suddenly disappear? Even now, he has not looked for you."

Looking at Shi Tiannan's self-righteous face, Zuo Weiyi's heart instantly sank to the bottom.

When she had left last night, Shi Yuting had indeed gone, but he must have left because of something!

Thinking of this, Zuo Weiyi could not help but raise her eyes, not wanting to be bewitched by Shi Tiannan's words.

"He must have left because of something!"

Hearing this, Shi Tiannan pulled out a smile. "Something? What could be more important than when the person you love is in pain and helpless?"

"Don't say anymore!" Zuo Weiyi shouted. "I won't believe you, and I also believe that he will definitely come to find me!"

"Really?"

"Shi Tiannan, you'd better pray that he won't find this place!" Looking at Shi Tiannan, her eyes were filled with determination.

Shi Tiannan was a little puzzled.

"So what if he found it?"

Looking at his calm face, Zuo Weiyi couldn't help but force a smile. "Shi Tiannan, you shouldn't have any blood relationship with the Shi family, right?"

Her sudden words made Shi Tiannan's expression change, and his eyes turned cold. "What are you trying to say?"

"You and Shi Yuting are brothers in name, but you have always regarded him as a thorn in your flesh, and you can't wait to get rid of him! If Shi Yuting knew that you imprisoned me, do you think he would still be merciful to you, a big brother who has no brotherhood at all?"

Hearing this, Shi Tiannan's expression became even more unsightly. He suddenly got up from the sofa and grabbed Zuo Weiyi by the neck. "Who told you all this? Huh!?"

Although his strength was powerful, he had no intention of killing her.

Although Zuo Weiyi felt uncomfortable, it was not to the point of suffocation. She could still speak, "Why... are you feeling guilty? Are you angry from embarrassment?"

"Do you believe that I will strangle you right now?" As he spoke, Shi Tiannan increased his fingers' strength, and the anger on his face could be seen clearly!

Zuo Weiyi felt extremely uncomfortable, but she had no intention of compromising.

Seeing that she was not afraid of death, Shi Tiannan really wanted to use his fingers to end her life. However, there was a trace of reluctance that flashed across his heart.

He had only met this woman a few times, and she actually had such feelings for him?

He loosened his fingers and let go of her.

"Cough, cough cough..." Zuo Weiyi laid on the ground and coughed.

Looking down at her from above, Shi Tiannan said coldly.

"Did you know Shi Yuting is a germaphobe? He doesn't like 'dirty' things."

After saying that, he shot her a glance, turned around, and left, striding towards the door.

His words caused Zuo Weiyi, who was sitting on the ground, to feel a sharp pain in her heart.

'Dirty things?'

'Is he referring to those photos?'

'No, Shi Yuting would definitely believe that those photos were fake, that they were made by someone else!'

Even if the whole world thought that those photos were real, she only wanted him to believe that she was innocent.

However, as she thought about it, her heart throbbed with pain, so much so that she could not get up. She knelt on the ground, unable to hold back her tears as they fell one drop at a time onto the cold floor.

...

Shi Family's ancient castle.

Shi Yuting's expression was hideous the entire morning.

Shi Nuannuan wanted to speak, but she did not dare to.

Chapter 433: The Woman Was Most Likely the Wife

After searching for more than ten hours, there was still no single piece of news. Confused, she unintentionally muttered, "The only person who wouldn't do something stupid..."

However, the moment she said that she was glared at by her brother's sharp eyes. Until now, his expression was extremely unsightly, causing her not to dare say a word!

She also did not understand why the president's forces could not find her after searching for so long. Where did Zuo Weiyi go?

It was not that she cursed her dear sister-in-law, but she was just worried that she would do something stupid!

Just as she was desperately twiddling her two index fingers, Xiangyi walked in from the main entrance.

Before they could ask, Xiangyi directly opened his mouth as soon as he entered. "Someone saw a person bringing a fainted woman into a black car at the entrance of K Residential district last night. His subordinate suspects that the woman is very likely Madam."

Xiangyi walked over and said to Shi Yuting, who was sitting on the sofa.

Hearing this, everyone in the living room could not help but be stunned and looked at Xiangyi nervously.

"Are you sure?"

"Yes." Xiangyi nodded. "There was a man who came home late last night because he was attending a social event. He described the woman as wearing a white wedding dress."

"Did you see what kind of car it was?" Shi Yuting furrowed his brows as the uneasiness in his heart gradually grew stronger.

It had only been two months since she came to C Country. Apart from Tengtang Xi, she had never made enemies with anyone. Who was the one who took her away?

Shi Yuting furrowed his brows. The only possibility he could think of was Tengtang Xi.

But when she left last night, Tengtang Xi was at home. It was impossible. Who could it be?

Just as he was deep in thought, a figure suddenly walked in from the door. He looked up and saw that it was Shi Tiannan.

He frowned. He seemed to have gone out very early?

And last night, he didn't seem to be at home either.

Last night, everyone was anxiously looking for Zuo Weiyi, but they didn't see Shi Tiannan.

Thinking of this, Shi Yuting's eyes narrowed.

"Tiannan, where have you been so early?" It was the weekend today. Seeing that he had disappeared early in the morning, Shi Yuting couldn't help but ask from the sofa.

After all, such a big incident had happened. This morning, almost all the websites and platforms were reporting this incident, causing a huge commotion.

However, Shi Tiannan did not seem to take this matter to heart at all. He had only seen his figure from last night until now.

Shi Tiannan walked in. First, he glanced at Shi Yuting, and then his gaze fell on Shi Le's face. "I had something to do at the company, so I went to take care of it."

After saying that, as if he did not fit in with the people in the living room, he chose to go upstairs.

From the moment he reached the second floor, Shi Yuting's gaze never left him. It was not until his figure completely disappeared on the third floor that Shi Yuting said coldly, "Xiangyi."

Hearing that, Xiangyi turned his gaze away. "Mr. Shi."

"Go and check if he went to the company today."

His sudden words startled everyone in the living room, including Shi Le, who furrowed his brows in surprise.

What did he mean by this?

Only Xiangyi seemed to understand what he was thinking and nodded respectfully. "Yes!"

Then, he turned around and walked towards the main entrance.

While he was waiting, Shi Yuting could no longer hold himself back. He got up and left the castle as well.

The cool blue Spyker was driving on an endless asphalt road, not knowing where to go.

Chapter 434: The Blue Sports Car Parked at the Entrance

In the driver's seat, Shi Yuting received a call from Xiangyi.

“Mr. Shi, I’ve found out that Shi Tiannan didn’t go to his company in the morning but went to the western suburbs of the city.”

“I’m on the way to the western part of the city now.” From the moment he saw Shi Tiannan coming back, he already had a clear answer in his heart.

In this place, besides Tengtang Xi, who wanted to be the only one to die, there was only one other person who wanted him dead, Shi Tiannan!

Taking off his Bluetooth earpiece, Shi Yuting stepped on the accelerator, and the blue Spyker accelerated all the way madly!

...

Three o’clock in the afternoon.

In the villa, the only person left was continually looking for an opportunity to escape.

Standing in the room on the second floor, her gaze fell on the windowsill.

She remembered that previously, in a place called the carefree residence, she had been locked in a room. At that time, she had escaped through the window.

Thinking of this, she could not help but walk towards the window.

However, when she walked to the window, when she pushed the door open and looked out, the glimmer of hope that had just been ignited in her heart was instantly extinguished.

It turned out that this villa was built on the top of a mountain, and behind it was a rocky cliff.

If she jumped down from here, she would definitely die.

At this moment, footsteps came from the door. She quivered and quickly closed the window.

It was the maid who came in. “Miss, you should change the dressing.”

Looking at the medicine and cotton balls in the maid’s hands, Zuo Weiyi could not understand.

Shi Tiannan locked her up here, but he gave her good food and drinks and even helped her clean the wound on her knee. What was his purpose?

Looking at the maid who walked in, Zuo Weiyi couldn’t help but ponder in her heart.

“There’s no need. I don’t need Shi Tiannan’s concern.” After saying that, Zuo Weiyi walked towards the balcony with a cold expression, leaving the maid standing there.

She walked to the balcony and looked down.

In the courtyard, the blonde woman was still standing there, and there were four men in black patrolling around as if they were strictly forbidding anyone from entering and leaving this place.

In other words, her chances of escaping from this place were almost zero.

However, she could no longer just sit there and wait for death. Shi Yuting, he must be worried about her right now. Was he looking for her everywhere?

Just as she was standing by the railing of the balcony, deep in thought, the sound of an engine was suddenly heard not far away.

When she heard the sound, she raised her head and saw a Spyker sports car filled with a wild aura speeding towards her at the villa's main entrance.

Hearing the sudden sound of an engine, the blonde woman and the four men in black in the courtyard suddenly turned their heads and looked warily at the blue sports car that was speeding towards them.

The car was like a gust of wind as it stopped in front of the large black metal door.

Immediately, the car door opened, and Shi Yuting walked out with a cold expression.

When he saw the man who got out of the car, for a moment, Zuo Weiyi thought that she was dreaming and looked at the man who got out of the car in disbelief.

"Shi Yuting..."

In the courtyard, the bodyguards stood in a row and looked at Shi Yuting, who suddenly appeared. Naturally, they were a little surprised.

After all, outsiders did not know about this villa, so how did Shi Yuting know about it?

Glancing at the cold courtyard gate, Shi Yuting's evil eyes were cold and filled with bone-chilling killing intent!

He walked step by step towards the black iron gate, which seemed to have a password lock on it.

"Shi Yuting!"

On the balcony, Zuo Weiyi's excited voice could be heard shouting.

Looking up, when he saw the person standing on the balcony in perfect condition, Shi Yuting's worried heart finally settled down.

Chapter 435: You'd Better Stay Here Obediently!

Fortunately, she was fine.

However, just as he raised his head, in that short two seconds, the blonde woman in the courtyard had already given the order.

"Kill Shi Yuting!"

Receiving the order, the four bodyguards immediately took out their black pistols and aimed them at Shi Yuting's figure.

On the balcony, seeing this scene, Zuo Weiyi's face couldn't help but turn pale!

"Be careful!"

Shi Yuting came back to his senses when he heard her scream. He saw a brass bullet flying towards him at lightning speed!

He reacted quickly and tried to dodge the bullet, but it was too late in the end. The shot flashed past the edge of his arm and cut through his white sleeve!

He instinctively used his other hand to grab the injured part, but he only saw the bright red liquid flowing down his fingers. In an instant, blood was dripping.

He dodged to the back of the courtyard wall. Only then did he avoid the bullets that kept flying from the courtyard.

On the balcony, Zuo Weiyi watched this scene with fear and trepidation.

She knew that he must have been injured just now!

“Shi Yuting...” tears blurred her vision. She turned around and was about to go downstairs.

However, just as she turned around, the maid stretched out her hand and blocked her way.

“What are you doing?”

“You can’t go down!”

Zuo Weiyi only had a maid in front of her. If they fought, she might have a chance of winning.

Therefore, she decided to force her way out!

However, just as she rushed past the maid and rushed out of the door, the maid took advantage of the situation and pulled her back. Zuo Weiyi did not want to be outdone and wanted to break free from the maid’s control. However, no matter how hard she tried, the maid’s hand did not move at all.

She was too naive. The person in front of her was not an ordinary maid at all. Instead, she was like the bodyguards downstairs. She was a fighter!

“You’d better stay here obediently,” said the maid. Then, she pushed hard and loosened the grip on her.

A terrifying thought flashed through Zuo Weiyi’s mind indifferently.

These people clearly wanted Shi Yuting dead, and this maid did not let her go down. Could it be that they wanted to use this to blackmail Shi Yuting?

At the thought of this, Zuo Weiyi’s face instantly turned pale.

She turned around and rushed to the balcony again. To her surprise, many cars were coming in succession in front of the villa’s main entrance.

Then, she saw the car door at the front open, and Xiangyi walked out.

Seeing Xiangyi, a hint of excitement appeared on Zuo Weiyi’s face!

This meant that Shi Yuting was not fighting alone!

Then, with a bang, the big iron door was blown open, and Xiangyi and the others rushed in!

“Mr. Shi!” Xiangyi walked over when he saw Shi Yuting who was already injured. He said nervously, “You’re injured!”

“I’m fine,” he said softly. He then looked up at the balcony. “She’s over there.”

Xiangyi raised his head when he heard the voice. Following his line of sight, he immediately saw Zuo Weiyi standing there. “I’m going to save Madam.”

As he spoke, Xiangyi turned around and observed everything, finding an opportunity to rush into the house.

Seeing that the situation was getting worse, the blonde woman had no choice but to change her plan!

At first, she thought that Shi Yuting had come alone, so she had given the orders to kill him. However, it was clearly not the case now. Moreover, if they continued to fight, she might not be able to escape this place!

Thinking of this, the blonde woman could not help but raise her head and look at Zuo Weiyi standing on the balcony and the maid behind her. “Take her away!”

Chapter 436: If You Come Any Closer, I’ll Jump Down!

At the top of the villa, there was a helicopter just in case.

Hearing this, the maid’s expression turned serious, and her sharp eyes quickly fell on Zuo Weiyi’s face!

Hearing the blonde woman’s voice, Zuo Weiyi turned her head, and from the maid’s sharp eyes, she naturally knew what she was going to do!

In front of her, the maid was closing in step by step, but there was no way out behind her.

For a moment, Zuo Weiyi was at a loss, but she knew very well that she must not be caught by these people!

At her wit’s end, she turned around and looked at the balcony.

It was only the second floor. What would happen if she jumped down?

Her hand that was holding the railing gradually tightened as the maid in front of her was already closing in.

“Don’t come over!” She pointed at the maid and suddenly let out a scream!

Seeing her expression and actions, the maid was stunned at first, then suddenly smiled. “Are you so stupid that you want to jump down?”

“If you come over again, I’ll jump down!” Zuo Weiyi said with a determined look, and the determination in her clear eyes was already set!

Rather than being taken away by Shi Tiannan’s men, it would be better to jump down from here. Perhaps there was still a chance of survival.

At least downstairs, Shi Yuting was still there.

Hearing this, the maid could not help but let out a sneer. "Do you want to die? Although this is the second floor, the floor below is made of solid marble. Even if you don't fall to your death, you will definitely be crippled. Do you want to become crippled?"

Hearing the maid's words, Zuo Weiyi had some hesitations in her heart.

Would she become crippled?

However, she did not want to be taken away by Shi Tiannan's men!

Moreover...

She turned her head and looked at the familiar voice downstairs. His arm was wrapped with a square towel.

Looking at the injured arm, Zuo Weiyi's heart throbbed.

Just as she was in a daze, she saw that the maid had already rushed over and grabbed her arm.

She recovered from her shock and wanted to shake her off!

"Let go of me!"

Downstairs, the four bodyguards had been taken care of, but the blonde woman, seeing that the situation was not good, chose to flee.

She rushed to the second floor in one breath and saw the two people standing on the balcony.

"Hurry up and bring her here!" She gave the order, and the maid quickly pulled her away.

"Let go, let go of me!" Zuo Weiyi struggled with all her might. In the end, she opened her mouth and bit down hard on the hand that was holding her!

The maid obviously did not expect her to do this. She instantly frowned in pain and instinctively swung her hand, letting go of the hand that she was holding.

Perhaps her strength was a little too strong, Zuo Weiyi staggered a few steps, but she had nowhere to retreat. In an instant, she felt her whole body lean backward. She lost her balance and suddenly fell down.

"Ah!" Feeling that she had been thrown over the guardrail, and there was ice-cold and solid marble underneath, she was still looking down. Thinking that her brain might be thrown out, Zuo Weiyi could not help but let out a scream!

Downstairs, seeing that the blonde woman rushed into the house, Xiangyi and the others also ran over, but the door was locked tightly.

Bang! Bang! Bang! Xiangyi fired several shots at the door lock and finally knocked it down!

Behind him, Shi Yuting wanted to rush in as well, but he heard a familiar scream coming from above him!

He looked up and saw a figure falling rapidly.

Looking at that familiar figure, Shi Yuting's heart seemed to jump out!

Chapter 437: His Worries

He knew that it was impossible to catch her with his bare hands. He stepped forward and stepped onto the side of the flower pond at lightning speed. With a leap, he finally picked up the person who was continuously descending at the critical moment!

However, the impact was too significant, and his arm was already injured. Catching her body at this moment was adding abuse to injury. In an instant, blood splattered all over his arm!

He was in so much pain that his eyebrows tightened, and his face turned pale. Cold sweat kept oozing out of his forehead, but he had never thought of letting go of his hands.

Zuo Weiyi thought that she was going to fall like this, but what she fell into was a pair of strong arms and the familiar warmth of his arms.

After she recovered from her shock, she looked up and saw that slightly pale face. Her expression looked even more pained.

"Shi Yuting..."

When she came back to her senses, she pushed him away and stood firmly on the ground.

She knew that his arm had been shot. How much pain had he suffered just now to catch her?

When she thought of this, tears welled up in Zuo Weiyi's eyes. She steadied herself and hurriedly checked his injured hand. Sure enough, the bright red blood had dyed his entire sleeve red.

"Shi Yuting..."

She was just about to speak when he suddenly pulled her into his arms and hugged her tightly, feeling the authenticity of his existence.

"Do you know how worried I was?"

His deep and rough voice rang out above her head. At that moment, Zuo Weiyi's heart felt as if needles had pricked it.

Tears could no longer be held back and flowed out of his eyes.

"I'm sorry..." she raised her hand and grabbed the collar of his chest as she said guiltily.

Last night, she had been blinded by hatred and had only focused on looking for Tengtang Xi. She had never thought that something like this would happen.

"It's alright."

The two of them hugged each other as Xiangyi walked out of the house with a group of people.

"Mr. Shi, they've escaped."

Shi Yuting raised his eyes and glanced at Xiangyi. "Let's go back."

Xiangyi nodded in acknowledgment and then walked over to open the car door.

Because Shi Yuting's hand was injured, he could only sit in the black car.

...

It took them nearly an hour to reach the castle.

Once they entered, everyone stood up from the sofa.

"Zuo Weiyi! You're finally back!" Shi Nuannuan was the first to run over. When she got closer, she realized that her brother's hand was injured. She could not help but widen her eyes in shock. "Brother, what... what happened to your hand?"

Didn't he go to find Zuo Weiyi? How did he get injured!?

Seeing his bloody hand, Shi Le and Shen Lanzhi, who was walking over, also had shocked expressions on their faces.

"Quickly get Doctor Zhang here!" Shi Le gave the order, and soon, a servant went to make a call.

The doctor came and treated Shi Yuting's wound. Fortunately, the bullet had grazed his arm, and he was not hit.

"He's fine, don't worry too much," the doctor said to the worried group of people in the room after the bandage was done.

Shi Le and Shen Lanzhi finally heaved a sigh of relief when they heard the doctor's words.

"Son, what happened? Didn't you go to look for Zuo Weiyi? How did you get shot?" Shen Lanzhi could not help but frown and ask worriedly from the sofa.

She glanced at Shen Lanzhi and Shi Le, who was beside her, who had an anxious look on their face, wanting to hear the answer.

"That's right, that's right. Brother, how did you get injured when you went to find Zuo Weiyi?" Shi Nuannuan did not understand what had happened during this period of time. Immediately, she turned her head and looked at Zuo Weiyi. "Weiyi, where did you go last night? We were almost scared to death by you!"

Chapter 438: His Family's Attitude

In the face of Shi Nuannuan, Zuo Weiyi felt a little guilty.

But in the face of the Shi family, the images that flashed through her mind were those unsightly images from the wedding.

Thinking of this, she could not help but glance at Shen Lanzhi and Shi Le involuntarily.

Just like what Shi Tiannan had said, would they still accept her?

"I'm sorry," she lowered her face and said in a low voice.

As if she could see the worry in her heart, Shen Lanzhi said gently, "It's okay. It's good that you're back."

Her gentleness and concern surprised Zuo Weiyi. She looked up at Shen Lanzhi and said, "You... won't think that I'm a dirty woman after seeing those photos?"

Shen Lanzhi smiled and said, "Didn't you tell Tengtang Xi last night that those were all fake?"

As a woman, Shen Lanzhi knew that a misunderstood woman's expression at that time couldn't be fake.

And after all this time, she believed in her son's judgment.

Her son knew the most about women, didn't he?

Since even her own son didn't misunderstand, what reason did they have to believe in Tengtang Xi and not Zuo Weiyi?

Zuo Weiyi was clearly surprised by Shen Lanzhi's reaction.

Did she believe her just like that?

"That's right, that's right. We all believe it. Those must be fake!" Shi Nuannuan also expressed her stance. Then, she looked at Shi Le, hoping that he would also express his stance so that Zuo Weiyi wouldn't be sad. "Grandpa, you also think that those photos are fake, right?"

Zuo Weiyi and Shi Nuannuan gazed to Shi Le.

However, after Shi Le glanced at Zuo Weiyi, he did not give a direct answer.

"Those photos have already been handed over to a specialist to be verified. Whether they are real or fake, it will definitely show."

Although Shi Le expressed his stance differently from Shi Nuannuan and the others, his answer was very satisfying to Zuo Weiyi.

At least, he did not treat her harshly or treat her like dirt because of those photos.

Shi Le took a look at her and sighed. In his heart, he actually did mind.

After all, the Shi family had never caused such a big scandal.

Perhaps she did not know that this matter had already caused a storm in the city. Even the photos had been posted on various major media websites.

He sighed again. Seeing that his grandson was no longer in any danger, he got up and prepared to return to his room.

Seeing that the old man had returned to his room, Shen Lanzhi also stood up, wanting to leave some space for the young couple.

However, Shi Nuannuan was not sensible at all. She continued to sit there without any intention of leaving.

Shen Lanzhi could not help but pull her up. "Nuannuan, come help mommy look at what to eat tonight."

Shi Nuannuan was still a little confused when her mother suddenly pulled her up. She had a confused look on her face.

What was she going to have for dinner? Wasn't it all decided by the chef?

However, before she could say anything, Shen Lanzhi had already pulled her out and closed the door behind her.

Seeing that everyone had left, Zuo Weiyi turned her gaze to Shi Yuting's injured hand. She still felt a little guilty in his heart.

Shi Yuting raised his hand and gently pulled her into his arms. He looked worried about the lingering fear. "It's okay."

Being pulled by him suddenly, Zuo Weiyi instinctively resisted. She was afraid that she would hurt him because of this.

"Your wound..."

"It's okay. It doesn't hurt anymore."

It doesn't hurt?

How could it not hurt? He had obviously lost so much blood.

Chapter 439: When You Don't Understand Romance, Shi Nuannuan!

She knew very well that he didn't want her to feel uncomfortable.

Recalling Shi Tiannan's words and leaning against his chest, she couldn't help but ask, "Don't you think that those are real?"

Hearing this, Shi Yuting couldn't help but let go of her and looked at her beautiful face. "I've already experienced it 'personally.' Do you think that I believe in myself or those photos?"

His words left Zuo Weiyi at a loss.

What personal experience? Experience what?

She frowned and was a little confused. "What personal experience?"

Shi Yuting lowered his face and leaned close to her ear, his tone full of ambiguity. "Didn't you give me your virginity?"

What could be more real than this?

Her first time, her shyness, was still constantly replaying in his mind.

Hearing this, Zuo Weiyi's face turned red!

She pushed him away, feeling angry from embarrassment!

"You!"

"Ah!"

However, before she could say anything, she heard him moan in pain!

She was shocked, thinking that she had touched his wound. "You, how are you!?"

"Ah... it hurts!" He acted rather exaggerated.

Zuo Weiyi was really anxious and panicked. "What should I do? I, I didn't do it on purpose..."

As she said this, she was about to get up and find the family doctor.

However, just as she was about to turn around, he pulled her back.

"Just a kiss will do!"

Before she could recover from her shock, her mouth was suddenly sealed by him. Even with just one hand, he controlled her in his arms.

"Oh..."

That familiar softness made him unable to stop!

And at that moment...

Bang!

The door was pushed open by someone, followed by Shi Nuannuan's voice. "Zuo Weiyi, you haven't told me where you went last night!"

When she saw the scene in the room, Shi Nuannuan's expression was completely stunned. She held the door handle with one hand, and her entire body froze.

The two people sitting on the bed did not seem to have expected Shi Nuannuan to suddenly barge in at this time. Zuo Weiyi was so shocked that she pushed the man in front of her away.

The good moment was ruined. Shi Yuting's face quickly burned with anger as he yelled at his sister, who was still frozen at the door, "Get out of here!"

Shi Nuannuan straightened her body after being yelled at. Only then did she react and hurriedly shut the door. "I'm very sorry. Carry on!"

After saying that, she fled in a panic. Her brother's gaze almost killed her!

Meanwhile, on the other side of town.

At the C Nation Railway Station.

Jiang Huaiyuan was carrying a black handbag. Inside it was three million dollars that Tengtang Xi had given him.

At this moment, he was planning to take the money and leave the place.

There was still half an hour left, but he couldn't sit still. He kept feeling that something was going to happen. Or was it because he felt uneasy with so much cash in his bag?

While waiting for the bus, he got up and went to the bathroom.

Since he was holding his bag, he had to go to the cubicle to relieve himself.

When he came out of the cubicle, a few men in black suddenly walked in from the bathroom door and blocked his way.

Jiang Huaiyuan seemed to have realized that he was the only one who went in and out of the bathroom from just now until now.

Suddenly, as if he thought of something, his expression changed. He was about to rush past those men in black, but he was pushed back by them.

“You, what do you want to do?”

“What, you want to take the money and leave just like that?” The men’s leader glanced at the bag that he was hugging tightly in his arms and said with a smile.

Chapter 440: Tengtang Xi Kills to Silence

Jiang Huaiyuan felt even more uneasy when he saw the man’s eyes. He looked terrified. “Who sent you here? What do you want?”

The man smiled. “Us? Of course, we were sent by Shi Yuting and Zuo Weiye.”

Jiang Huaiyuan couldn’t help but be startled when he heard this. His expression also changed abruptly.

Shi Yuting.

It was as if hearing this name was enough to make him cower in fear!

However, he didn’t understand why Shi Yuting had called these people here?

“Then what exactly do you want to do?” Looking at those men, Jiang Huaiyuan tightly hugged the bag in his hand and looked at the men in front of him with a guarded expression.

The leading man took another step forward, directly forcing Jiang Huaiyuan into a corner, with no way out!

Then, Jiang Huaiyuan felt a white light flash past the corner of his eyes.

He blinked his eyes and took a closer look, he saw a sharp dagger in the leader’s hand!

Seeing the dagger, Jiang Huaiyuan panicked. “What are you trying to do?!”

The man curled his lips again and smiled coldly. “Ofcourse, I’m here to silence you...”

The colleague who spoke took another step closer to Jiang Huaiyuan.

Silence him?

However, after hearing these words, Jiang Huaiyuan felt that something was not right.

What did Shi Yuting want to silence him for?

No, these people were not sent by Shi Yuting!

“You, you are sent by Tengtang Xi!” He was coerced by Tengtang Xi and perjured himself. He must be trying to silence him now!

He knew that in order to avoid future trouble, he should not let him go so easily!

After his identity was exposed, the leader could not help but spit. The smile at the corner of his mouth suddenly disappeared. He took the sharp blade and rushed towards Jiang Huaiyuan.

“Since you already know, then I will send you to hell right now!”

As he spoke, the man had already raised the dagger in his hand and quickly stabbed towards Jiang Huaiyuan!

As for Jiang Huaiyuan, ever since his family was destroyed, he had been living like a stray dog. Over the past year and a half, he had avoided the pursuit of those loan sharks, and naturally, he had learned some self-defense techniques.

When he saw the sharp blade coming towards him, he reacted quickly and raised his hand to block the dagger in the attacker’s hand!

However, he was outnumbered. No matter how quick his reaction was, it was impossible for him to block the second dagger.

Then, Jiang Huaiyuan felt a sharp pain in his abdomen. In an instant, cold sweat broke out on his forehead, and his face turned pale.

He slowly lowered his head and saw a sharp dagger stabbed into his left abdomen.

Before he could react, the dagger had already been pulled out mercilessly, and blood instantly spilled everywhere!

However, just as he felt that he was about to die here, the men surrounding him suddenly fell to the ground one after another in a second!

He covered his wound with his hand and looked at everything that had happened in shock.

Then, a few figures quickly rushed in from the bathroom door.

Jiang Huaiyuan recognized one of the faces of the group of people who had suddenly rushed in. It was Xiangyi, who was standing beside Shi Yuting!

Seeing Xiangyi, Jiang Huaiyuan’s emotions were a little confused at the moment.

Why were Shi Yuting’s people here? Could they be here to kill him as well?

Thinking back to when he was at Tengtang Xi’s house, Shi Yuting’s eyes were filled with the desire to tear him into pieces. Jiang Huaiyuan couldn’t help but think so.
