

Kiss Me 501

Chapter 501: Where Did Nuannuan Go?

She was a little puzzled by what she heard.

Hearing her mother's words, Shi Nuannuan paused for a moment. "Uh... I did get off the plane, but my classmate's home is in a small town, so I have to take a bus from the city."

A small town..

Shen Lanzhi frowned and felt that something was wrong.

Nuannuan went to a famous school. Would there be a classmate from a rural town?

"Nuannuan, you-"

"Alright Mommy, there are too many people. I'm not going to talk to you anymore!"

Before Shen Lanzhi could speak, the phone hung up.

Looking at the phone, Shen Lanzhi was puzzled.

As she listened to the conversation on the couch, Zuo Weiyi just knew that the call was from Nuannuan.

"Where did Nuannuan go?"

Shen Lanzhi turned her head hesitantly and looked at Zuo Weiyi. "She said that she went to a classmate's place, but I keep feeling that something isn't right. When did Nuannuan have a classmate in the town? "

In all these years, she had never heard her mention any classmate.

Sometimes, she even asked her if she had made any friends in school, and she would always say no. Moreover, she had never heard her mention who she had a good time with in school. How did a classmate suddenly appear?

Looking at Shen Lanzhi's confused look, Zuo Weiyi eventually realized what was happening.

Town?

It seemed that the 'classmate' was not only a few years older than her, but also a male classmate!

Shen Lanzhi was still thinking about Nuannuan as Weiyi reached towards her to take the ice cube from her hand. "Mom, let me help you." Her actions were extremely gentle, and Shen Lanzhi could feel the genuinity of her tender touch. She then thought about what she did to Zuo Weiyi in Cuntry Z and could not help but feel a little guilty.

"By the way, what did you mean when you said that she took the other slap for her son?" As Zuo Weiyi was busy handling the ice, Shen Lanzhi suddenly remembered what Zuo Weiyi had said to Xiao Yayue, and she thought it was a little strange.

Hearing her sudden question, Zuo Weiyi's hands paused suddenly, then she continued, "When you were not at home in the morning, Shi Tiannan suddenly came back."

Hearing Shi Tiannan's name, Shen Lanzhi was also a little surprised.

"Shi Tiannan? Doesn't he not come back during this period of time?" Since the last time he admitted that he liked Weiyi, he had not come back to live in the mansion.

It can't be.

As if she suddenly thought of something, Shen Lanzhi suddenly turned her head and looked at Zuo Weiyi. "Did he do something to you?"

If not for that, with Zuo Weiyi's personality, she would definitely not be so angry that she would hit his mother.

As she met Shen Lanzhi's bright eyes, Zuo Weiyi looked down. "Yes. "

Shen Lanzhi widened her eyes. It was indeed like that!

"Then... then did anything happen to you?" Shen Lanzhi quickly checked her. No wonder her expression did not look good before. It turned out that she had been bullied by that b**stard Shi Tiannan.

Noticing her concern, Zuo Weiyi's mood was much better.

"No, Shi Yuting came back in time." Thinking back to that time, she still had some lingering fear.

If Shi Yuting hadn't come back at that time, would she have been tainted by Shi Tiannan?

Hearing her answer, Shen Lanzhi heaved a sigh of relief.

No wonder the first time she met Xiao Yayue, she would be so angry. It turned out that her son had actually done such a thing to her. HOW SHAMELESS!

Chapter 502: When Did I Humiliate Her in Every Possible Way?!

At four o'clock in the afternoon, Shi Le came back from the hospital with Xiao Yayue behind him.

Seeing her arrogant look, Shen Lanzhi could tell at a glance that she had asked him to come and make the decision for her.

On the couch, Shi Le's face was a little gloomy.

"What happened to you in the afternoon?" He raised his eyes and looked at Shen Lanzhi, his tone hinted a sense of blame.

Because Xiao Yayue still had a lot of shares in the Shi family, he did not want to fall out with her. Of course, if they really fell out, the Shi family would at most suffer some losses, and their influence would not be too great.

However, when she returned to the hospital in the afternoon, she said that she had been beaten up by Lanzhi. This was something that he absolutely would not allow.

What he hated the most was the jealousy between women.

As Shi Le interrogated, Zuo weiyi was about to speak but was stopped by Shen Lanzhi.

“She hit me first.”

Shi Le was surprised by what he heard. Then, he turned his head and looked at Xiao Yayue who was sitting beside him.

Xiao Yayue did not expect Shen Lanzhi to say that she had been attacked first. For a moment, she was speechless.

However, this did not mean that she had admitted defeat.

“I just wanted to come over and ask her to deal with her son. Who knew that she would actually use her identity as the mistress of this family to speak rudely and humiliate me in every way possible!”

Shi Le was a little surprised when he heard Xiao Yayue’s words.

He turned his head and looked at Shen Lanzhi’s gentle face.

All these years, although Shen Lanzhi had entered the Shi family, she had always abided by her duty and would never act in a bold manner. Would she really treat Xiao Yayue like that?

“Did you really do that?” Looking at Shen Lanzhi, Shi Le’s face was filled with authority.

Meeting his stern face, Shen Lanzhi lowered her eyes. “No.”

“Then did you make a move?” Shi Fu asked again.

“She made the first move, and I... did it.”

“No!” Just as Shen Lanzhi spoke, Zuo Weiyi cut in.

Shi Le could not help but turn his head and look at her.

“I was the one who hit her. Mom did not do anything but got a slap from her. Her face is still swollen.”

She knew that Shen Lanzhi might have wanted to help her take the blame for hitting someone, but after what happened to her mother, she did not want Shen Lanzhi to endure humiliation and be bullied like this.

Hearing what she said, Xiao Yayue gritted her teeth!

She knew that she was the president’s granddaughter, so she did not want to go against her anymore. The only reason she complained to Shi Le was to teach Shen Lanzhi a lesson. Why did she have to butt in?!

Hearing this, Shi Le frowned. He glanced at Shen Lanzhi’s face. Although it had been put on ice, it was still red and swollen.

However...

“The only one who bullied you is Tiannan. I hope that you can talk out this matter with him and not involve his mother.” He felt that the only reason she attacked Xiao Yayue was because of what Shi Tiannan did to her in the morning.

However, it was not the case.

“If she had not come here to cause trouble, humiliated mom, and even attacked her, I would not have dragged her into this.”

“When did I humiliate her in every possible way?!” Xiao Yayue was so angry that her face turned purple. Her eyes wanted to glare Zuo Weiyi to death!

“Didn’t you?” Zuo Weiyi asked in return.

For some reason, when she met Zuo Weiyi’s gaze, Xiao Yayue actually felt a little guilty.

“I...”

In an instant, Shi Le seemed to have understood the whole sequence of events.

Chapter 503: Then I’ve Been Slapped for Nothing?

He stood up and said, “Alright, this matter ends here. I hope it won’t happen again in the future.”

His words clearly did not satisfy Xiao Yayue.

She had come to embarrass Shen Lanzhi, but in the end, she ended up making herself suffer. How could she accept that?

Just as she was about to speak, Shi Le said, “Yayue, go quickly to the hospital to take care of Tiannan.”

Hearing this, Xiao Yayue was really filled with anger. She had nowhere to vent her anger!

“Then did I get these two slaps for nothing?” She asked Shi Le as she looked at him. She really could not stand this anger.

Shi Le knew that since the two slaps were Weiyi’s, it must be because of Tiannan who made her suffer such a great humiliation. He could not let Weiyi apologize to her, right?

Moreover, she was indeed the one who made the first move. The best solution to this matter was to just stop it.

“Then what do you want?” Shi Le turned and asked her coldly.

Although Xiao Yayue was afraid, she still wanted justice.

“She must apologize to me!”

Looking at her, Shi Le pursed his lips, then let out a heavy sigh. “That Child Tiannan almost did something improper to Weiyi this morning. If the current president blames him, what do you think the consequences will be?”

Shi Le turned around and looked at Xiao Yayue.

Xiao Yayue could not help but be frightened by his words.

Tiannan had done something improper to the president’s granddaughter? How, how was this possible?!

She had repeatedly warned him to behave himself in the Shi family. If there was a suitable opportunity to get rid of Shi Yuting, why would he go and get his hands on his woman?

At the thought of this, Xiao Yayue's expression changed drastically.

This Zuo Weiyi was the president's granddaughter. If they were to be blamed, would she and Tiannan be able to bear it?

Thinking about it, Xiao Yayue could only grit her teeth and end this matter.

One day, she would make this Shen Lanzhi kneel in front of her and apologize!

Glaring fiercely at Shen Lanzhi, Xiao Yayue snorted coldly and turned to leave the mansion.

However, the moment she turned around, Zuo Weiyi spoke, "Wait."

Hearing her voice, Xiao Yayue bit her lower lip and turned around to look at Zuo Weiyi. "What else do you want?"

Although Tiannan had done that to her, she had also hit the mother in the afternoon. This matter was considered even.

Tiannan didn't succeed anyway, and she didn't suffer any harm, did she?

"Apologize to my mom."

Hearing this, Xiao Yayue looked up, thinking that she had heard wrong. "What did you say? You want me to apologize to her?!"

"You hit someone, shouldn't you apologize?" Zuo Weiyi asked.

"But didn't I already pay back for that this afternoon?"

"An eye for an eye, a tooth for a tooth."

"You!" Xiao Yayue was so angry that her face turned green.

This Zuo Weiyi was actually so protective of Shen Lanzhi!

"What if I don't?"

Zuo Weiyi lowered her eyes and suddenly smiled coldly. "Then I can only call my grandfather."

These words were clearly a threat.

"You!"

Xiao Yayue looked at Zuo Weiyi and then looked at Shen Lanzhi. She was so angry that she couldn't say anything.

Meanwhile, Shi Le didn't seem to have any intention of speaking up for her.

Xiao Yayue was a smart woman. She naturally knew what she meant.

As long as she apologized to Shen Lanzhi, she would not tell the president about what Tiannan had done to her.

However, how could she possibly apologize to Shen Lanzhi?

Chapter 504: You're No Longer Allowed to Enter the Mansion!

"Are you threatening me?"

"Think however you like. If you think so, I won't deny it."

At this moment, the door suddenly opened. Everyone looked over and noticed that Shi Yuting had returned.

The moment he entered the living room, he saw Xiao Yayue. Shi Yuting's dark eyes became colder.

"What's wrong?" Shi Yuting asked when he noticed that everyone was frozen in place. His voice was a little deep, but it was extremely charming.

Seeing that he had returned, Zuo Weiyi smiled and looked at Xiao Yayue. "She hit our mother. I'm asking her to apologize."

Hearing this, Shi Yuting furrowed his brows and his sharp eyes darted straight towards Xiao Yayue.

Meeting his glare, Xiao Yayue felt a chill down her spine. She was intimidated by his boldness.

"Apologize." Shi Yuting looked at her with emotionless eyes. His face was as cold as this winter, causing one's body and heart to tremble.

Feeling his cold gaze, Xiao Yayue clenched the leather bag in her hand tightly. She turned her head to look at Shi Yuting, but he avoided her gaze!

Fine!

Was this family planning to gang up on and her?

"What if I don't?" She looked at Shi Yuting, not believing he would dare do anything to her.

Shi Yuting looked over with his sinister and narrow eyes as the corners of his mouth curled slightly into a faint smile. Then, he walked closer to Xiao Yayue and, in a low and cold voice, said to her, "Then your end will be even worse than Shi Tiannan's."

His voice was very soft, but it clearly intimidated Xiao Yayue.

The aura that emitted from this man was truly like Yama of hell. It made people feel a sense of intimidation that they did not dare defy, and it even made her feel a little short of breath.

"I'll give you one more chance to apologize." Shi Yuting looked at her like a king looking down on her.

Meeting his extremely cold gaze, Xiao Yayue eventually turned to Shen Lanzhi.

There was still time in the future. She would always have a way to teach this Shen Lanzhi and Zuo Weiyi a lesson!

Putting aside her pride and dignity from before, Xiao Yayue looked straight at Shen Lanzhi and said simply, "I'm sorry."

"This is your apology?"

“What else do you want?”

“I’m still not satisfied.”

“You!” Xiao Yayue clenched her fists. She wanted to say something, but when she saw Shi Yuting’s cold side profile, she did not dare say anything.

She suppressed the anger in her heart and turned to Shen Lanzhi. Her tone was much more humble than before. “I’m sorry.”

“From this day on, you and your son are not allowed to take another step in this place!”

Shi Yuting spoke as soon as she finished apologizing.

Everyone was shocked as they looked at his handsome face.

“W-what did you say?” Xiao Yayue thought that she had misheard him.

Although she was no longer a member of the Shi family, at least her son still was. It was why, even through all these years, she still knew the password of the main gate and could freely enter and exit this place.

But now she was not allowed to enter this place? What right did he have?

She looked at Shi Yuting, but was met by his merciless eyes.

“What do you mean we are not allowed to enter this place? What right do you have?!”

“Because this is my home.”

“Tiannan is also a part of this family!” She had for her son, for them to be able to own a part of the Shi family’s property!

“From this day on, he will not be.” Shi Yuting’s voice was so cold that there was not a breath of warmth in it.

Chapter 505: Is Xiangyi’s Hometown in G City?

Shi Le, who had been silent the whole time, had no choice but to speak up when he heard this.

“Yuting, it’s not appropriate for you to do this.”

“It’s not inappropriate. He has nothing to do with our family in the first place!” He lost his patience as soon as he spoke. He grabbed Zuo Weiyi’s hand and walked up to the second floor.

He left the three of them in the living room with shocked expressions.

Xiao Yayue clenched her fists.

She had long expected that such a day would come.

An adopted child will ever be just that. Ever since Shi Yuting was brought into the Shi family and was doted on by thousands of people, she had already expected that Tiannan would one day be kicked out of the Shi family!

And sure enough, all of this had happened. But she was unwilling to accept it!

Clenching her fists tightly, Xiao Yayue turned around and stormed out of the old mansion!

Shi Le lowered her eyes and sat down on the couch with a heavy expression on his face.

Yuting did say that he would not let the mother and son take a single step into this place, but he did not directly say that Tiannan would be expelled from the Shi family. However, if this went on, it would probably reach the ears of outsiders and cause another round of criticism.

On the second floor.

As soon as he entered the bedroom, Shi Yuting noticed that she seemed to be in a better mood. He raised his hand to touch her delicate face. "You seem to be in a good mood?"

Zuo Weiyi raised her eyes and glanced at him, then nodded. "I slapped Shi Tiannan's mother twice. Of course I'm in a better mood."

Seeing her raise right hand, Shi Yuting could not help but smile. He took her hand down and pulled her into his arms. "Since when did my wife become fond of hitting people?"

Zuo Weiyi looked into his long and narrow eyes. "One of the slaps was for mom. She not only slapped mom in the afternoon, but also said some very unpleasant words."

Shi Yuting's deep eyes narrowed as he listened to her

First they bullied his wife, then they bullied his mother.

This mother and son were really quite a pair!

She noticed that he was deep in thought as she looked into his phoenix-like eyes, and could not help but ask, "What are you thinking about?"

Shi Yuting looked down and met her clear eyes. The corners of his lips curled up. "Nothing."

"Oh," she replied. Then, she realized that it was only past four o'clock. "Are you done with your business? Why are you back so early?"

He looked at her with tender and sweet eyes.

He was not done with his business. He had only returned so early because he was worried that she was in a bad mood.

Towards the end of the year, snow had been falling in City F. Many passenger and train services had been suspended. Many who were going home for the New Year were even trapped during their journey because of the snow.

In the next two days, he might have to make a trip to City F personally. It would be the 30th day of the New Year.

But in front of her, he'll just 'yes'.

"Yes, I dealt with some of the important things first."

“Then what’s not important?” She realized that he hadn’t become the president yet, but he was already so busy. If he became the president, wouldn’t he be even busier?

“Yes, there’s something more important that I need to take care of.”

“Oh.” Zuo Weiyi did not know much about national affairs, so she did not ask too much.

Shi Yuting was feeling a little hot because the heater was turned on in the room, so he took off his coat.

She took his coat and walked to the cloakroom to hang it up.

“Oh, right.” As if she suddenly remembered something, she turned to look at him and asked with some doubt, “Is Xiang Yi’s hometown in City G?”

Chapter 506: The Exquisite Watch

Shi Yuting frowned when he heard her.

“How did you know?” He didn’t recall ever mentioning Xiang Yi’s hometown to her.

Zuo Weiyi smiled. Nuannuan had indeed gone to look for Xiang Yi.

Seeing the smile on her face, Shi Yuting narrowed his eyes. “What are you smiling about?”

She turned around, and the smile on her face became even more obvious.

“Nuannuan hasn’t been home all this time. Haven’t you noticed?”

The moment she said that, Shi Yuting realized that his sister had been ‘missing’ for an entire day!

So she had gone to look for Xiang Yi.

Compared to Zuo Weiyi, Shi Yuting did not seem very happy about Nuannuan going to look for Xiang Yi. He had a heavy expression on his face, as if he was a little worried.

Seeing that he was not happy about this matter, Zuo Weiyi frowned, thinking that he did not approve of Nuannuan and Xiang Yi.

“You... don’t like Xiang Yi?”

Shi Yuting pulled himself together and looked into her clear eyes. “Like Xiang Yi?”

“That’s right.” She nodded blankly. He should have been OK with Nuannuan and Xiang Yi being together before. So why didn’t he seem happy about Nuannuan going to look for Xiang Yi?

He should not be like his grandfather, who had to look at status and prestige before deciding what kind of boyfriend to let Nuannuan find, right?

Looking at her confused expression, he said, “I don’t think there is anything wrong with my sexual orientation.”

“...” For a moment, Zuo Weiyi was even more confused.

Sexual orientation?

What did this have to do with his sexual orientation?

“What does your sexual orientation have to do with whether you like Xiang Yi or not?”

“I like you. I’m not interested in Xiang Yi.”

“...” Zuo Weiyi was shocked for half a second before it dawned on her!

“I’m not talking about that kind of liking! I’m talking about whether you want Xiang Yi to be together with Nuannuan. I mean, do you like Xiang Yi to be your brother-in-law?”

“I’m not interested in this at all right now.” As soon as he finished speaking, he suddenly picked her up. She was shocked. “What are you doing?!”

“Showering. Showering together!”

“Don’t you still have work to do?” She was a little frightened. Even if he said he wanted to take a shower, it definitely won’t be a good one!

“I’ll do it later.”

“But I want to take a shower myself!” Plus, hadn’t she already showered earlier in the afternoon?

“Let me help you wash yourself a little better.”

“Shi Yuting, are you saying that I’m dirty?”

“No.”

“You clearly said that just now!”

“Then in order to prove that I didn’t, I’ll use ‘practical actions’ to prove it!”

Practical actions to prove it?

Before Zuo Weiyi could react, she was completely naked in the next second.

“Shi Yuting, can you not do this for one day?” Her Voice of protest came from the bathroom!

“No!”

“Why?” Would a man be addicted to this kind of thing?

“Because I’m addicted.”

“...”

It had been an hour before they came out of the bathroom.

After putting her under the soft blanket, he turned around and walked to the cloakroom. He took out an elegant box from the coat that he had just taken off and returned to the bedside.

“What’s this?”

Seeing the box in his hand, Zuo Weiyi could not help but ask as he opened it.

Inside it was an exquisite lady’s watch.

She also noticed that the previous watch on his wrist had been replaced by a new watch that matched the one in the box.

“From now on, except for when you sleep at night, wear this watch wherever you go.”

Chapter 507: The Watch’s Functions

His voice was deep and sexy, rich and highly attractive. Listening to it simply was a form of enjoyment.

She had to wear it except when sleeping? Why?

Looking at the lady’s watch, it was exquisite. Was it necessary to wear it everywhere?

She did not understand, so she raised her phoenix-like eyes and looked at him in confusion. “Why do I have to wear it everywhere?”

Shi Yuting took out the watch and put it on her wrist. The size was just right – it was obvious that it was tailor-made for her.

“Press down on the pink gemstone next to it and take a look.”

Looking at the exquisite watch on her wrist, Zuo Weiye looked up at him and then looked back at the watch. She found that there was indeed a pink gemstone in the middle of the watch band.

What was this for?

She pressed down on the ruby, but there was no reaction.

She was about to look up and ask him, but before she could, she saw that the watch on his wrist suddenly lit up.

Her eyes widened as she asked in shock, “W-what’s going on?”

‘W-what’s going on?’

As soon as she finished speaking, she heard a voice that was exactly the same as her again. It came from Shi Yuting’s watch. Although the voice was very soft, she could still hear it clearly.

Was this a voice function?

“How did this happen?”

‘How did this happen?’

Shi Yuting smiled and the corners of his mouth curled up in a sexy arc. “I only got this pair of watches this afternoon. From now on, you have to wear them every day.”

Ever since the last time, when she was almost pushed into the sea by Tengtang Xi, he had ordered someone to make these watches.

After what happened today, he felt even more strongly that she needed this thing to let him know her situation and where she was at all times.

“So, no matter where I am, as long as I press this gem, you will rush to my side as soon as possible?”

“Yes.”

“But, is this useful?” She looked at him. Although he could know her situation through the watch, if she was brought to a villa by Shi Tiannan like last time, she had no way to tell him her location, so how could he rush to her side?

“If I don’t even know where I am, how are you going to find me?” She asked seriously.

Shi Yuting smiled and took off his watch. “This has a voice and a location tracking function.”

As long as she kept wearing this watch, he would be able to find her.

So that was how it was.

It was her first time seeing such intricate technology, and it really opened her eyes.

“What about yours? Do you think I’ll know when you’re in danger?”

Looking at her innocent face, Shi Yuting smiled.

“No.”

She paused. “Why?”

His eyes narrowed, and his face moved closer to hers. “Do you think I need you to save me when I’m in danger?”

She was taken aback for a moment, then lowered her eyes, but what if... that was the case?

“What if, one day, you don’t wear a watch?”

“When have you ever seen me not wearing a watch?” He raised his eyebrows and asked in return.

Uh..

It did seem that he always wore a watch other than when he was showering.

“I still have some things to deal with. You go to sleep first.” After explaining the functions of the watch in detail, he got up. There was still some work to be done.

Looking at his back as he left, Zuo Weiyi sat on the bed and carefully studied the watch.

Chapter 508: Be Careful on the Road, There is Heavy Snowfall

Shi Yuting’s watch was also left with her, so she kept talking and testing it out, as if she was very interested in it.

By the time Shi Yuting returned to his room, it was already late at night.

On the bed, Zuo Weiyi had long fallen into a deep sleep.

The next day.

At seven in the morning, Zuo Weiyi was a little tired and didn’t really want to wake up.

However, waking up so late every day did not seem very good as a wife.

She turned around and saw that it had started snowing outside again, and it was very heavy.

There seemed to be a lot of snow this year, and it was said that many places were experiencing snowstorms.

But, wasn't this heavy snow also a beautiful and spectacular scene?

Thinking about it, Zuo Weiyi decided to get up and out of bed.

After washing up and going downstairs, Shi Yuting walked to the entrance and seemed to be planning to go out.

It was the New Year the next day, yet he was still so busy.

Looking at that tall and perfect figure, Zuo Weiyi was about to speak when Shi Yuting turned and walked out the door.

At this moment, Shen Lanzhi had finished her breakfast and walked out of the dining room.

When she saw Zuo Weiyi standing at the stairs, she was a little surprised.

"Weiyi, you woke up so early today."

Zuo Weiyi smiled back at Shen Lanzhi's gentle smile and nodded. "Yes, it's snowing so heavily. I wanted to take a look."

Shen Lanzhi turned her head to look out the window. It had indeed been snowing heavily this year.

At this moment, the sound of an engine came from the door. Zuo Weiyi came back to her senses and ran to the door. She saw Shi Yuting's car leaving.

On a whim, she raised her wrist and pressed down on the ruby on her watch.

Shi Yuting's car had just left the gate of the courtyard when the watch on his left hand that was on the steering wheel suddenly lit up with a blue light.

His brows furrowed as he stepped on the brakes to stop the car.

Shouldn't she be sleeping at this time?

As he was thinking, a clear and beautiful voice sounded from the watch.

"Be careful on the road, the snow is very heavy."

Zuo Weiyi spoke to her watch as she looked at the blue Spyker at a distance away.

She realized that this thing was more useful than a cell phone, even though Shi Yuting was the only person she could contact.

Hearing the voice from his watch, the corners of Shi Yuting's mouth unconsciously curled up into a beautiful arc.

He started the car and said, "Roger that. Why are you up so early today?"

“It’s nothing. I just woke up.”

“Alright.”

“Safe drive, I won’t disturb you anymore.”

“Alright, remember to eat breakfast.”

Although it was just her voice, Zuo Weiyi’s heart was incomparably warm. She smiled, pressed the ruby again, and ended the call.

Behind her, Shen Lanzhi walked over. When she saw that she was standing there talking alone, she was a little puzzled.

“Weiyi, who are you talking to?”

Zuo Weiyi turned around when she heard the voice and saw Shen Lanzhi smiling faintly. “Shi Yuting.”

Her son?

Shen Lanzhi became more confused. She stuck her head out and looked outside the door. Her son’s car had long disappeared without a trace. What did she say to him?

However, Zuo Weiyi had already returned to the living room.

“Weiyi, you’re already married. Why are you still calling him by his first and last name?”

Shen Lanzhi walked over. She still did not understand why she had to call him by his first and last name.

Usually, only strangers or people who were not very familiar with each other would call him by his first and last name.

However, Weiyi was already married to her son. Why didn’t she change the way she called him?

In response to Shen Lanzhi’s question, Zuo Weiyi only slightly pursed his lips and smiled, “I’m just used to it.”

Chapter 509: Making a Trip to F City

Used to it?

“Weiyi, you should change the way you address him.”

Zuo Weiyi frowned and asked Shen Lanzhi doubtfully, “Change it to what?”

“For example, Yuting? Or Ting? Or... Hubby can do too.”

Zuo Weiyi was a little surprised when she heard the suggestions.

Hubby?

“I’ll...try.” Looking at Shen Lanzhi’s expectant face, she smiled and then looked at the living room, hoping to change the topic, and said, “Where’s Grandfather? He’s not here?”

“He went to your grandpa’s place to inform him that he is going to pick him up tomorrow to celebrate the New Year.” Shen Lanzhi said. Weiyi successfully changed the topic

“Oh.”

“Alright, hurry up and have breakfast.” Shen Lanzhi urged with a smile. She had been waking up late these past few days and almost never had breakfast.

“Okay.”

Zuo Weiyi nodded and walked towards the dining room.

Shen Lanzhi stood in the living room, feeling a little melancholic.

Tomorrow was the New Year, and this Nuannuan had not returned yet. Could it be that she was not coming back for the New Year?

...

In the evening, the phone on the coffee table in the living room rang.

Seeing that Shen Lanzhi was busy preparing dinner, Zuo Weiyi picked it up.

As soon as she picked it up, she heard a familiar charming voice.

Knowing that she was the one who picked up the phone, Shi Yuting said straightforwardly, “I’m going to City F tonight. I might be back tomorrow afternoon.”

Zuo Weiyi paused for a moment upon hearing his voice.

At this time, he still had to go out of town?

“Tomorrow is the New Year.”

“Yes, I’ll be back before the New Year’s Eve dinner.”

“Are there things you need to handle personally over there?” Why did she feel that he was even busier than her grandfather?

She did not know that Zuo Yi and Shi Le had left almost everything to Shi Yuting to handle some time ago. That was why he was so busy during this period of time, while Zuo Yi and Shi Le had nothing to do.

“Yes, there has been a lot of snow in the country recently. Snow has been accumulating in City F, so I have to go there myself.”

“Be careful then.”

“Okay.”

“Mr. Shi, the helicopter is ready.”

Hearing the bodyguard’s words, Shi Yuting had no choice but to hang up the phone.

“I’m going to hang up now. Tell Mom.”

“Okay.” Zuo Weiyi also heard the bodyguard’s words on the phone, so she didn’t say anything else, afraid that it would waste his time.

Zuo Weiyi hung up the phone and went to the kitchen to help Shen Lanzhi and tell her about Shi Yuting going to City F.

Shen Lanzhi was a little worried hearing about this.

Apparently people usually get stuck in traffic on their way home, not able to move forward or backwards. It is possible that this year, they will need to go through the main road.

Soon, it was New Year’s Eve.

Shen Lanzhi got up early in the morning to prepare for the day.

However, in the room on the second floor, Zuo Weiyi had been feeling uncomfortable and sleepy.

She remembered that it was New Year’s Eve. Shen Lanzhi will be busy preparing for the day, especially since the servants left for their hometowns. So she pulled herself together and got out of bed.

After changing into a set of simple home clothes, she walked to the bathroom and squeezed her toothpaste. Just as she was about to wash up, she suddenly felt a bout of dry heaving.

After throwing up a few times, she rinsed her mouth with water. However, she still felt that her chest was stuffy and uncomfortable.

She would usually feel a little like this while brushing her teeth, but that was only when she was halfway through. It must be pharyngitis. After all, when she brushed her teeth, her throat would be dry.

Chapter 510: Did You Get Your Period This Month?

But now, she hadn’t even brush her teeth but already experienced dry heaving. It was as if there was breath stuck in her chest and she couldn’t get it out. It felt very stuffy.

She took a deep breath and calmed down for a while. Only then did the feeling in her chest ease a little.

After washing up, she went downstairs. Shen Lanzhi was cleaning the house.

It would take a whole day just to clean up such a huge mansion. Yesterday afternoon, Shen Lanzhi had already started cleaning the other rooms that were rarely used.

Hearing footsteps coming from the stairs, Shen Lanzhi turned around and saw her coming down. She couldn’t help but smile gently. “Weiyi, you’re up! ”

Zuo Weiyi nodded and walked towards her. “I’m here to help too.”

Only when she walked closer did Shen Lanzhi realize that she didn’t look too well.

She couldn’t help but frown and ask with concern, “Weiyi, are you not feeling well? You don’t look so good?”

Zuo Weiyi was just about to speak when another wave of nausea came from her chest.

She covered her mouth and rushed to the washroom on the first floor.

Shen Lanzhi was shocked as she watched Zuo Weiyi rush to the washroom.

This scene seemed familiar...

Suddenly, as if she remembered something, Shen Lanzhi quickly walked to the washroom and looked at the person leaning on the toilet bowl. She kept gagging.

“Weiyi, you- what happened to you?” Shen Lanzhi squatted down and quickly patted her back.

She gagged for a while, but nothing came out. Zuo Weiyi felt like she was going to collapse.

She stood up with an unsightly look on her face.

“I don’t know. I just feel that my chest has been stuffy for the past few days. It’s a little uncomfortable, but sometimes it’s fine.” Zuo Weiyi was confused by the discomfort she had been feeling the past few days.

As for Shen Lanzhi, the more she looked at her, the more the smile on her face widened.

Although she had asked her about it yesterday, she was still young after all. Perhaps she did not have much experience in such matters.

After thinking for a while, Shen Lanzhi decided to ask again. And this time, she had to ask clearly!

She looked at her and asked carefully, “Weiyi, when... did you start experiencing this?”

Hearing this, Zuo Weiyi turned as she looked at Shen Lanzhi blankly, “Just these few days. What’s wrong?”

“Then, did you have your period this month?”

Zuo Weiyi was taken aback.

Period?

Seeing the expression on Shen Lanzhi’s face, Zuo Weiyi finally understood what she meant.

Could it be that she suspected that she was pregnant?

But the last time she was pregnant, she didn’t have such a reaction.

However..

She calculated the days to her period this month, but she really couldn’t remember the exact date last month.

But it was the end of the month, so it should have come, right?

Looking up at Shen Lanzhi, Zuo Weiyi looked confused. “I don’t remember when it came last month. It might have been the middle of the month, but it may also be the end of the month...”

Her words were uncertain because too many things had happened in the past. She did not have the mood to care about these things.

The more Shen Lanzhi thought about it, the more sure she felt! She was extremely excited. Looking at her, she could not wait to say, "Weiyi, why don't we go to the hospital to get a checkup?"
