Chapter 521: We Got Into a Car Accident on the Way Back

She turned around and saw Shi Nuannuan's anxious face.

"We went to the hospital. On the way back...there was a car accident..." her voice was weak and extremely hoarse. Her eyes were clearly red and swollen. It was obvious that she had been crying for a long time.

Shi Nuannuan listened in disbelief.

She turned to look at her mother on the bed, and then turned back. "Then what is my mother's condition now? Is she out of danger?"

When asked about this, Zuo Weiyi's hands that hung by her sides unconsciously tightened into fists as guilt filled almost every inch of her nerves.

At this moment, the doctor walked in.

When they saw the doctor, everyone in the ward except Zuo Weiyi looked over.

"Doctor, my mommy- how is my mommy? When will she wake up? Is she out of danger?"

When she saw the doctor, Shi Nuannuan could not wait to rush over and grab the doctor's arms. She asked anxiously.

The doctor looked around and searched the ward once before finally landing on Zuo Weiyi's face, who was standing there in a daze.

Finally, the doctor looked back at Shi Le, Shi Nuannuan, and the President.

He was not surprised to see these people. After all, he now knew the identities of Zuo Weiyi and Shen Lanzhi.

"Your mother...is not doing very well."

"What do you mean by 'not doing very well'?" Shi Nuannuan frowned and looked at the doctor with tears in her eyes.

The doctor roughly recounted Shen Lanzhi's condition. When she heard the result, Shi Nuannuan and Shi Le were shocked and her face instantly turned pale!

For a moment, Shi Nuannuan could not accept the result at all.

She looked at the doctor in disbelief and her lips trembled. "You mean...although my mommy is not dead, she will never wake up?"

Looking at her horrified expression, the doctor closed his eyes and nodded solemnly. "Yes."

In an instant, Shi Nuannuan felt as if she had been struck by lightning. She staggered a few steps back and finally stood still.

She looked at the doctor and then at her mother on the hospital bed. She still could not accept such an outcome.

How could this be? She had only left for two days. How could this have happen?

“How could this have happened... My mommy- mommy was clearly fine, how could this have happened?” She shook her head and looked at her mother on the bed. “No, no, no, I must be dreaming, dreaming, dreaming. Wake up, Wake up!”

The more she shook her head, the more she felt she was in reality. She knew that it was not a dream.

Everything was real!

But why did it turn out like this...

“Weiyi, are you alright?” When he heard that it was a car accident on the way back, Zuo Yi became worried about Zuo Weiyi. He looked at her properly—other than her pale face, she did not seem to be hurt.

When they heard Zuo Yi’s words, Shi Le and Shi Nuannuan turned to look at Zuo Weiyi. They were worried that she was also injured.

Seeing that she was unharmed, the two of them heaved a sigh of relief at the same time.

However, to Zuo Weiyi, the more she received their concerned and worried gazes, the more guilty she felt.

If they knew that there was an earlier accident, would they still be so concerned about her?

An unknown amount of time had passed, and everyone in the ward looked gloomy and heavy.

Chapter 522: Can You Treat It?

At two o’clock in the afternoon, the door of the ward was pushed open again.

This time, Zuo Weiyi almost instantly turned her gaze away.

She knew very well that the only one who would walk through that door after such a long time was Shi Yuting.

Seeing him, Shi Nuannuan suddenly rushed over and tears once again fell from her eyes.

To her, besides her mother, the only person she was closest to was her brother.

Although she still had her grandfather, Shi Le had not always been so kind to Shen Lanzhi in the beginning. When she was young, she would get scared when she saw Shi Le’s gloomy face. She would hide behind her father or brother since Shen Lanzhi was hardly around in the past.

She knew that her grandfather actually liked her, but the way he acted sometimes made people feel afraid.

Therefore, the people closest to her were her parents and brother.

Now that her father had passed away and her mother was unconscious, she was like a child who had lost her safe haven in an instant, helpless and confused.

“Brother...,” She sobbed as soon as she directly threw herself into Shi Yuting’s arms and hugged his strong waist tightly. Her tears instantly drenched his white shirt!

“Brother...the doctor said that mommy will never wake up again...”

Shi Yuting’s line of sight immediately centered on his unmoving mother lying on the hospital bed.

His sister’s words were like a sharp blade that pierced through his chest, suffocating him.

He slowly raised his hand and placed it on Shi Nuannuan’s back. After seeing his mother, he searched the entire ward. Finally, he saw Zuo Weiyi, who was standing by the wall and looking extremely haggard.

The moment he saw that she was unharmed, he felt relieved.

However, when he looked back at his mother, his eyes returned to their usual gloominess.

“Go and call the doctor.” His voice was so low it sounded emotionless. His gaze was fixed on his mother on the bed.

Standing at the door, Black Dragon turned around and called the doctor.

When the doctor entered the ward, he had no choice but to recount Shen Lanzhi’s condition.

Then, he came met Shi Yuting’s blood-red eyes and his heart suddenly turned cold.

“Do you know how to treat her?” His voice was extremely cold and his dark eyes grew increasingly intimidating—the doctor’s heart trembled.

Then, he recomposed himself and tried his best to remain calm.

“Mr. Shi, I know that you might not be able to accept this result-”

“Disappear from my sight immediately.”

Before the doctor could finish speaking, Shi Yuting’s interrupted in a cold voice.

The doctor paused. After meeting his intimidating gaze, he immediately turned around and disappeared from his sight.

“Get another doctor,” he said expressionlessly.

Black Dragon paused.

Shouldn’t he already know better than anyone else that, even if it was a different doctor, the Madam’s condition cannot be changed.

Black Dragon lowered his eyes. In the end, he turned around and went straight to the hospital director.

In fact, before Shi Yuting came, the director had already been here and knew about Shen Lanzhi’s situation. Even as the highest ranking person in the hospital, he was powerless to save her.

Chapter 523: I Don’t Want to Hear Anymore Nonsense!

The hospital director faced Shi Yuting in fear.

“Mr. Shi, regarding your mother’s situation...we- we really can’t do anything about it.”

After knowing Shen Lanzhi’s identity, they had gathered experiences and opinions of the entire hospital’s professionals. But in the end, they were unable to come up with any solutions.

So even if they were to meet him now, nothing would change.

“How is it that even you, the hospital director, are not capable?”

The director was at a loss for words.

“Mr. Shi, your mother-”

“I don’t want to anymore nonsense from you!” Before the doctor could finish his sentence, he felt a tight grip at his collar. When he looked up, he saw Shi Yuting’s bloodshot eyes—it was as if every cell in his body was filled with anger!

“If it can’t be done, then your whole family will go down with you!” He enunciated each word, forcing them out through clenched teeth.

Even in the face of his anger, there was only one answer given by the director.

“Mr. Shi, even if you want the lives of my entire family, I still won’t be able to do anything.”

The director’s words undoubtedly enraged the fire in Shi Yuting’s heart!

On the surface, he might appear to be full of anger, but deep inside his heart, he was suffering.

When he was four years old, he left his mother to live with a family who were like strangers to him. Even though he lived a pampered life, it was difficult for him to see his mother even once.

The car accident five years ago took his father’s life. It was not easy for him to get his mother back from King Yama, but now she was taken away again. No one could understand the pain of losing her again.

Shi Yuting seemed to have lost his rationality due to anger as he looked at the director. He raised his fist and was about to swing it at the old man!

If the punch landed, the director would probably have to stay in the hospital for several months, that is if he didn’t die as well!

Just as Shi Yuting gathered all his anger into this punch and was about to swing it down, he was suddenly violently grabbed by two hands.

Shi Yuting turned around and saw a pair of red and swollen eyes.

When he first came in, he didn’t see her red and swollen eyes clearly due to the distance. Now that he saw them upclose, his heart instantly felt hurt.

Zuo Weiyi’s slowly shifted her gaze from from his fist to his face.

She wished that punch had landed on her . If that had been the case, perhaps the guilt in her heart would have lessened.

Shi Yuting lowered his fist.

She looked up to meet his deep, dark eyes and slowly said, "Even if you beat him to death, what will that change? Mother has become like this because I brought the car--"

Before she could explain her mistake, the door to the ward was pushed open again.

A few police officers in uniforms came in.

The moment they saw the array of people in the ward, the police officers stopped in their tracks.

After a long while, one of the police officers came back to his senses and looked at the person standing in the ward, "Um, may I ask who is Miss Zuo? We want to know about the traffic accident that happened on Guangming Road today. It is said that she was a witness to the entire traffic accident."

Zuo Weiyi's heart sank.

After a long while, she said sadly, "I am."

The few police officers turned their eyes to her as she spoke.

Chapter 524: You Can Ask Here.

With so many people around, the police officer had to ask, "Is it convenient for you?"

Zuo Weiyi's expression was very dejected.

She looked up and glanced at the police officer before lowering her gaze again. "It's convenient."

The police officer smiled and swept his gaze over the other people in the ward once again.

Since it was official business, it was naturally better to talk outside. In addition, the current and future President were present. They had to take notes, so they might not even have the courage to speak.

After some thought, the police officer turned to Zuo Weiyi and said, "Miss Zuo, why don't we talk outside?"

They had heard that the Red Maserati was driven by her and she seemed to have witnessed the entire incident from the side. That was why they wanted to ask her about it.

However, Zuo Weiyi's heart was in pain and felt extremely heavy the moment the police officers appeared.

Very soon, she would be facing the pain and hatred of her grandfather, Nuannuan... and Shi Yuting.

She raised her slightly swollen eyes. She looked extremely haggard, as if she would collapse if the wind blew on her. However, she had made up her mind.

"There's no need. If you have anything to ask, just do it here."

Hearing this, the police officer glanced at the crowd and looked a little troubled.

Was it appropriate to ask here? The people in this ward were all the focus of the nation's attention.

“Do you still want to ask?” Since the police officer did not speak for a long time, Zuo Weiyi could not help but look at him—her expression was calm, without the slightest ripple.

But Shi Yuting vaguely sensed something as stood next to her.

With her personality, how could she be so calm after something like this had happened—something was imminent.

He ignored the police officers as his gaze fell on her fair and slightly haggard face, feeling a mixture of heartache and doubt.

The police officer immediately came back to his senses at the sound of her voice. Only then did he take out the notebook.

He smiled at her. “Of course, as long as it’s convenient for you.”

Then, the police officer asked Zuo Weiyi.

“Is it true that you drove the Red Maserati from south to north before parking it at the scene of the accident?”

“Yes.” Zuo Weiyi looked down and calmly waited for the police officer to ask his questions.

“Then, why did you suddenly park the car there?”

“Because a child suddenly jumped out in front of us and fell down.”

The police officer paused in thought before looking back at Zuo Weiyi. “So you got out of the car to help the little girl?”

“Yes.”

“Then did you notice the truck that went out of control?”

“No.” If she had noticed it, why would she park there and leave Shen Lanzhi alone in the car.

As she thought back about the explosion, her heart dropped.

She closed her eyes, and two streams of tears flowed down her cheeks uncontrollably.

At this point, the police officer had another question.

“Is it true that the truck crashed into several cars before stopping after it crashed into your car?”

“I’m not sure about that.”

At that time, she was being pestered by the mother and daughter, so she did not notice the truck that crashed.

The officer paused at her answer.

Chapter 525: A Pain so Excruciating, Like Death by a Thousand Cuts

Then, he continued to ask, “Then what were you doing at that time?”

What was she doing?

She was arguing with that woman, that she hadn't bumped into the little girl. Wasn't that why she wasn't able to save unconscious her mother-in-law in the passenger seat?

Her heart was once again pierced by a sharp pain.

The police officer's questions were like a sharp ice-cold blade—the pain she felt in heart was so excruciating, as if she is dying by a thousand cuts!

“At that time, the little girl's mother came over and said that I knocked down her daughter...” Holding back her sobs, guilt and self-blame that tormented her, she continued, “She wanted me to prove that I didn't knock down her daughter, so... I wasn't able to pay attention to the car behind me.”

The police officer paused again.

“Then what happened after that? Didn't you hear the sound of the collision?”

“Yes.”

“According to the witness, the truck first lost control and crashed into your car. Then, it caught fire and exploded a few minutes later. Is that true?”

“Yes...”

After asking this, the police officer glanced at Shen Lanzhi who was lying on the hospital bed.

Was she the figure that the witness saw escaping from the Maserati at the critical moment?

She turned out to be Mr. Shi's mother. From the looks of it, she must have been seriously injured.

“Was there anyone else in the car other than your mother-in-law, Mrs. Shi?” He continued to ask as he sat down to take notes.

Each question cut her heart, tearing her up from the inside out.

“No.”

At this point, the police officer put away his pen and notebook and looked at Zuo Weiyi. “Miss Zuo, thank you for your cooperation. If we have any more question, we might have to trouble you again. I hope you don't mind. We wish madam a speedy recovery. We'll take our leave first.”

As he said that, the police officer pursed his lips, turned around, and left the ward with the other two police officers.

After the police officers left, the atmosphere in the ward fell silent. It was so quiet that it was a little unsettling.

Zuo Weiyi stood where she was. She could clearly feel everyone's eyes were on her.

And she had long been prepared for everything to come.

Then, she heard the sound of footsteps.

She looked up and saw Shi Nuannuan walking towards her with a look of disbelief on her face.

Her dark eyes flashed with heartache.

“Sister-in-law...” Shi Nuannuan opened her mouth and looked in the direction where the police had left. “What- What did that mean? You- you parked the car there and left my mommy alone in the car?”

Since the moment she met Shi Yuting, almost everyone hated her, and the only person who treated her kindly was Shi Nuannuan.

In her heart, Shi Nuannuan had long become her inseparable good sister, someone she can talk to about anything.

She looked up and met Shi Nuannuan’s eyes. “Nuannuan, I’m sorry.”

Her apology made Shi Nuannuan’s heart hurt even more!

Wasn’t an apology proof that everything was true?

She staggered back and looked at her favorite sister-in-law with tears in her eyes. “They said that the car caught fire and exploded a few minutes later. Tell me, during those few minutes... why didn’t you save my mommy?”

Chapter 526: We Just Need to Hear One Answer

Zuo Weiyi did not know how to answer this question. Her heart was already in so much pain.

How should she answer?

Should she say that she was arguing with the little girl’s mother at that time? Should she say that she could not break free because she was being pulled by her?

These were answers that even she could not accept.

“Sister-in-law, tell me...tell me what you were doing at that time...why didn’t you save my mother in that few minutes?” Shi Nuannuan’s heart was also in extreme pain. She wanted an answer, an answer that could prove that her sister-in-law didn’t leave her mother to die.

It was because she couldn’t accept and believe such a fact.

She cried her heart out, and it hurt Zuo Weiyi’s heart.

She stood where she was, unable to answer this question. The answer...if she said it out loud, Nuannuan would probably hate her even more, right?

Just to argue over something that was not important as she left Shen Lanzhi in such a dangerous situation—her answer would only be an excuse.

“Sister-in-law, why aren’t you saying anything...Tell me that you went to save Mommy. Tell me that you didn’t have the time...”

By not saying anything, she’s basically tacitly admitting to everything. Shi Nuannuan grew more certain of the answer in her heart.

In those few minutes, did she just watch as her mother sat in the car, waiting for the explosion to happen?

Everyone was waiting for her answer, but she chose to remain silent.

Zuo Yi could not help but walk over. Despite hearing the truth, he refused to believe it. His granddaughter is an honest and kind person. How could she leave her mother-in-law in the car?

He would not believe it. She must have been caught up in something that prevented her from rushing to the car to save Shen Lanzhi.

“Weiyi, tell Grandpa what you were doing during those few minutes. Grandpa doesn’t believe that you’re someone who would just let someone else die. There’s no reason for you not to save your own mother-in-law!”

Zuo Weiyi slowly looked up at her grandfather.

Yes, there was no reason for her not to save her mother-in-law. In their hearts, that was what they thought.

However, if she revealed the real reason why she couldn’t save her mother-in-law, wouldn’t they just think she was being too conceited?

“Grandfather...” She looked with calm and clear eyes. “Is there any point in saying this now?”

Zuo Yi paused.

Shen Lanzhi already ended up like this and there’s no changing that anytime soon. But she has to answer to the Shi family. If she really had no way to rush to the car and save Shen Lanzhi, why didn’t she just say it?

If she had no other choice, the Shi family wouldn’t blame her for not saving Shen Lanzhi.

“I want to know too.”

Suddenly, a deep voice sounded.

Zuo Weiyi was very familiar with this voice.

She turned her head and saw Shi Yuting, who had been standing there without making a sound. At this moment, a suffocating coldness appeared on his face; the temperature of the room dropped.

When she turned her head, she met the man’s dark eyes. Hidden within those eyes was pain, suffering, and hatred for her.

“What were you doing during those few minutes?”

When she faced him, Zuo Weiyi’s heart was pierced by his eyes.

Chapter 527: Would You Believe Me if I Told You?

Zuo Weiyi’s hands that were hanging by her sides gradually tightened into a fist. She did not know how to answer this question.

“Speak. I only want an answer.”

His voice was extremely cold as he stared fixedly at the person in front of him. He wanted an answer that could convince him, as if he was looking for a reason for her not to save her mother.

“If I tell you, will you believe me?”

“Yes.”

The one simple word warmed her heart for a moment. But at the same time, it also made her suffer. It was extremely painful!

“Before the car exploded, I wanted to rush over to save Mother, but... I was pulled by the little girl’s mother, and she asked me to compensate her.”

“So because of this, you left your injured mother—who could not escape from the car—and watched her die? ”

When she met his cold and emotionless face, the strangeness in his dark eyes was something she had never seen before.

Her heart hurt again.

“I tried to break free from her, but...” she wanted to say something, but she stopped herself and looked at the man in front of her.

Who would believe her if she said it out loud?

She didn’t understand why the woman was trying so hard to hold on to her. Even if she was worried that she would run away, didn’t she also saw that her car was hit by a truck several meters away? She couldn’t have run away!

“You couldn’t break free?”

Zuo Weiyi raised her eyes. That was indeed the case.

“Then did you know that the car accident happened when you were arguing with others?”

If she had driven the car away at that time, how could such a scene have happened?

The question hit Zuo Weiyi hard.

Yes, this was the main reason why Shen Lanzhi was lying on the bed now.

If she had driven the car away in time, or not left her alone in the car, none of this would have happened.

Two chances. She had two chances to get Shen Lanzhi out of the car.

She lowered her head and closed her eyes in pain, trying to force back the tears that were rolling in her eyes.

She did not even have the right to cry.

“Get out.”

His cold voice sounded again. Zuo Weiyi suddenly looked up. For a moment, she thought that she had heard wrongly.

When she saw that cold and emotionless face, turning away, as if he did not even want to look at her, she finally understood that he was saying it to her.

She glanced at Shen Lanzhi who was lying on the hospital bed. She did not say anything or refute. She turned around and left the hospital calmly.

Zuo Yi’s heart ached when he saw his granddaughter getting hurt so badly.

He turned around and took a glance at Shi Yuting. His expression turned cold instantly. “Shi Yuting, if you hurt Weiyi because of this, I guarantee that you will regret it!”

Perhaps it was her fault that she did not save Shen Lanzhi in time. However, if she knew what was going to happen next, she wouldn’t have parked there and leave Shen Lanzhi alone in the car.

And at this moment..

Zuo Yi turned around and looked in the direction his granddaughter left.

The pain and guilt in Weiyi’s heart was no less than that of the Shi family.

Zuo Yi’s words hit Shi Yuting hard, but there was no reaction from that cold face of his.

Zuo Yi sighed heavily and left the ward, chasing after Zuo Weiyi.

However, when he walked out of the hospital, he did not see Weiyi.

He wanted to make a phone call, but he remembered that she had lost her phone.

Sitting in the black Rolls-Royce, Zuo Yi looked anxious.

Chapter 528: She Could Not Lose This Child Again!

After a few seconds of silence, he said to the driver, “Let’s go to the Shi family’s mansion.”

With Weiyi’s personality, she probably would not go anywhere other than the Shi family’s mansion.

Due to the snowy weather and the slippery roads, Zuo Yi only arrived at the Shi family’s castle after nearly forty minutes.

After getting out of the car, he noticed that the door was tightly locked. Zuo Yi frowned.

Did Weiyi not come back?

But where could she go?

As if he suddenly thought of something, Zuo Yi returned to the car again and said to the driver, “We’re going back home.”

If she was not here, could she have gone back to the Presidential Villa?

After thinking for a moment, Zuo Yi rushed back to the villa.

...

The sky was still fluttering with snowflakes. Zuo Weiyi walked aimlessly on the street. She did not know how long she had walked until she felt a wave of nausea in her chest. Only then did she come back to her senses and rushed to the side walk. She held onto the telephone pole and retched for a while, but she could not throw up anything.

Only when the discomfort subsided did she stand up straight and look down at her flat stomach.

She did not even have the time to tell him that they had a second child.

The snow was getting heavier and heavier, quickly dyeing her gray coat white.

She could not keep doing this. She had to go back. She had already lost her first child. She could not lose this child again.

Thinking of this, Zuo Weiyi called for a taxi.

After getting into the taxi, the driver smiled and asked her, “Miss, where do you need to go?”

Zuo Weiyi was startled at the question – she hadn’t thought of a place yet. She lowered her head and caressed her lower abdomen. Finally, she told him the address of the mansion.

When the car stopped in front of the mansion, the driver was completely shocked!

This was the residence of the next President and speaker Shi. How could this Miss..

The driver turned his head and looked at Zuo Weiyi. Only then did he realize that she was familiar.

After all, people like him who worked in the ‘outside world’ rarely paid attention to these things. As for Zuo Weiyi, they had only seen her photo when the President revealed her identity. She looked different—brighter and more beautiful—in person.

Zuo Weiyi paid the fare and got out of the taxi.

“Hey, you go Miss—your change,” the driver called back just as she was getting out.

She turned around and saw the change in tens of Yuan handed by the driver through the car window.

“Are you... Young Madam Shi?”

Zuo Weiyi did not say anything. Instead, she took the change in his hand, nodded slightly, and turned around to leave.

Shi Yuting had told her the password to the two gates on the first day she moved in.

After keying in the password instinctively, she still had to walk a long way through the large courtyard.

Without an umbrella, her body was once again dyed white by the snow.

Walking to the corridor, she brushed the snow off her body and pressed the password to enter the living room.

She was a little tired and felt a faint pain in her abdomen.

She recalled the doctor's words. Her progesterone level was low so it was easy for her to have a miscarriage. She needed to properly plan her rest time.

She could not lose this child again.

After thinking for a while, she walked up to the second floor and lay down in the bedroom.

However, after lying down for a long time, her mind was filled with the image of Shen Lanzhi lying on the hospital bed. The doctor had told her that the probability of regaining consciousness was only one in 100,000...

Perhaps it was because she was tired and she had cried for a long time—unknowingly, Zuo Weiyi fell into a deep sleep.

When she woke up again, it was already dark outside the window and the room was pitch black.

Chapter 529: I Was Probably Asleep

She got up and turned on the lights.

Then, she walked out of the bedroom. It was still dark downstairs, which meant that Nuannuan and the others had not returned yet.

She turned on the other lights and went downstairs. Then, she turned on the lights in the living room.

She looked depressed as she sat on the couch. But as she leaned back, her exceptionally calm surroundings helped her relax.

Not long after, the doorbell suddenly rang.

When she heard the sound, she got up and walked to the main door. Through the doorbell's intercom on the wall, she saw Zuo Yi in the courtyard.

She raised her hand and opened the door.

Zuo Yi walked in, accompanied by Ah Qiang who was carrying a few lunch boxes in his hands.

"Weiyi, where did you go after you left the hospital this afternoon?" At that time, he rushed to the Presidential Villa, but he still could not find her.

Later on, he called the Shi family's landline, but no one picked up either.

He waited and waited until it was dark. He was still worried so he came to the mansion. However, he found that the house was pitch black.

Just as he was about to leave, the lights in the house lit up again.

He knew her well. After such an incident, she would definitely be so depressed that she would not even eat dinner. Therefore, before coming, he asked the chef to prepare some food to bring over.

On the couch, Zuo Weiyi looked up at Zuo Yi, still looking very calm.

But the more calm she was, the more worried Zuo Yi became.

“I walked for a while on the road, then came back.”

“But why didn’t you answer the door when I came earlier?” He had rung the doorbell a few times, but no one came.

Hearing this, Zuo Weiyi lowered his eyes, then looked up again. “I was probably asleep.”

Zuo Yi suddenly felt a little relieved.

She had been blamed by the Shi family for Shen Lanzhi’s condition. He was afraid that her body would not be able to bear the blow and she would crumble. It was a good thing that she was able to get some sleep.

Zuo Yi turned around and gestured to Ah Qiang to put the things they brought on the coffee table.

“Weiyi, Grandpa brought some dinner. Shall we eat together?”

Zuo Weiyi looked at the dinner on the coffee table but did not feel hungry.

However, looking at Grandpa’s concerned expression and thinking about the child in her stomach, even if she did not feel hungry, she still had to eat.

“Yes.”

Her answer made Zuo Yi relieved. He quickly set dinner.

Picking up the chopsticks, Zuo Weiyi ate a few mouthfuls of rice, but forgot to pick up the food.

Zuo Yi’s heart ached when he saw this, so he quickly picked up a piece of fish and gave it to her.

He had already had his dinner, so he was just worried that she wouldn’t eat.

“Eat some food to gain some nutrition and energy back.”

Looking at the fish in the bowl, Zuo Weiyi’s heart felt warm. She looked up at Zuo Yi and gently chewed on the food in her mouth. She said softly, “Thank You, Grandpa.”

“Silly child, what’s there to thank me for?” Zuo Yi smiled, but he felt a little sad.

Zuo Weiyi lowered her head and put the piece of fish into her mouth. However, before she could swallow it, she suddenly felt a wave of discomfort rush up to her chest.

She immediately put down the bowl and chopsticks, stood up and rushed to the bathroom on the first floor.

Zuo Yi was a little stunned by her sudden reaction. He, who had not experienced such a situation, did not know what had happened to his granddaughter. He could only frown in surprise as he watched her leave.

Not long after, Zuo Weiyi returned to the living room.

Zuo Yi hurriedly asked, “Weiyi, is something wrong?”

She looked up at her grandfather. She knew that though everyone in the Shi family blamed her, her grandfather did not.

Chapter 530: For That One in 100,000

She didn't tell him about her pregnancy as she did not want to worry him. So instead, she said, "It's nothing. I'm just not feeling well."

"How about Grandpa call Doctor Cheng over?" Seeing her like this, Zuo Yi could not help but feel a little worried.

"It's OK, there's no need."

She knew her body well.

Moreover, it was New Year's Eve today. Doctor Cheng should be at home having New Year's Eve dinner.

Thinking that it was New Year's Eve, Zuo Weiyi's heart couldn't help but throb in pain.

She couldn't help but look at the clock on the wall before looking out the window.

It was seven o'clock, and Nuannuan and the others were still in the hospital.

"Then hurry up and finish eating. Then go have a good sleep."

"Okay."

Zuo Weiyi nodded, but she did not have the appetite to eat anymore.

Seeing her reluctant look, Zuo Yi could not bear to force her to continue eating. So, he asked Ah Qiang to throw away the unfinished food.

After dinner, Zuo Weiyi was still relaxing on the couch. There was hardly any conversation—she only spoke when spoken to.

He knew that she must be thinking about Shen Lanzhi. He was afraid that bringing her up will only make her sadder. So, he changed the topic.

"Weiyi, shall Grandpa stay with you tonight?"

Hearing this, Zuo Weiyi turned her calm black eyes and pursed her lips. "No, it's OK. There's no need. I'll be fine by myself."

"But you—"

"If I really can't do it, I'll stay at your place."

Before Zuo Yi could finish, she spoke again. She could tell that he was worried.

She knew that her grandfather was concerned about her, but she just wanted to be alone.

He stayed with her late into the night. Zuo Yi only left when she said that she wanted to go upstairs to rest.

He was still worried. "Weiyi, you... you better not do anything stupid."

Zuo Weiyi looked up, a little surprised by her grandfather's words.

Stupid?

She had not blamed herself to such an extent. Moreover, for the sake of the child in her stomach, for the sake of that one-in-a-hundred-thousand chance, she still had to work hard.

"I won't. I still have to go see mom tomorrow." Not tonight.

Because she knew that Nuannuan, Shi Yuting, and her grandfather wouldn't want to see her.

But they had to rest, right? And Shi Yuting couldn't stay in the hospital forever.

After the New Year, he would be appointed as the next president. Even if his mother's condition was destined to be like that, he couldn't stay in the hospital all the time. And his grandfather was old, so he couldn't stay there for long either. As for Nuannuan.. she would probably come back occasionally.

As for her, she would probably go only when Nuannuan came back to rest.

"You still want to visit your mother-in-law, but that rascal Shi Yuting actually treated you like that."

"Grandfather," she interrupted him, "I actually feel better when they do that."

Seeing her being so responsible, Zuo Yi frowned and could not help but sigh heavily.

When he thought of how cold and heartless Shi Yuting was back at the hospital, he wanted nothing more than to raise the crutch in his hand and give him a few hard whacks!

"You can go back. I'm going upstairs to rest," she said calmly and then turned around to go up the stairs.

As he watched her leave, she looked so depressed and helpless. Zuo Yi's heart ached but he knew could not help her much. So, he turned around and left.

After Zuo Yi left, Zuo Weiyi laid on the bed alone.
