

Kiss Me 611

Chapter 611: Drunken Dream Has Been Closed Down

Zuo Weiyi noticed his displeased face.

Was he... jealous?

Zuo Weiyi could not help but secretly laugh when she thought about it.

...

In the following period of time, Shi Yuting really brought Zuo Weiyi to Di Zun every day.

She would stay in the office every day to watch him work. When he had a meeting, she would sit there alone or fall asleep.

One afternoon, after lunch, Zuo Weiyi fell asleep on the sofa in the office. When she woke up, it was already three o'clock in the afternoon.

She looked around the huge office and saw that there was no one in it. Shi Yuting must have gone for another meeting.

She got up and walked to the French window. Standing on the top floor, she had a panoramic view of the bustling metropolis.

She could not help but wonder how Shi Yuting only took five years to rise to his peak position today from scratch?

After looking at Z City for a while, she walked back to the sofa and turned on the LCD TV in the office.

She switched channels, trying to find a program that was not boring. In the end, she stopped when she switched to an international news channel.

It turned out to be an anti-vice program.

C Country?

Zuo Weiyi could not help but frown slightly when she read the words at the bottom of the screen.

Drunken Dream Nightclub...

What a familiar name.

It was only when the camera was focused on the entrance of Drunken Dream Nightclub that Zuo Weiyi remembered that she had followed the woman who held onto her. She had once gone there with her good friend, Bei Xingchen.

Moreover, she had bumped into Shi Tiannan inside.

Zuo Weiyi still felt a little creeped out when she thought about the crimson color.

In the private room, in front of so many people, those women had actually allowed those men to abuse and tease them without any self-respect or self-dignity at all.

On TV, it was announced that the president had ordered the closure of the nightclub named Drunken Dream because it was involved in prostitution, drugs, and breaking the law.

The president... wasn't that Shi Yuting?

Just then, the office door was pushed open.

Weiyi turned her head and saw Shi Yuting and Xiangyi walking in.

"How's that matter going?"

As he walked in, Shi Yuting saw Zuo Weiyi sitting on the sofa and immediately sat down next to her.

His line of sight just happened to catch a glimpse of the LCD TV.

Xiangyi also heard the TV, so he did not answer Shi Yuting's question.

He had left for C Country and just got off the plane after finishing his business there. He immediately came to the company to report on the matters in C Country.

"Did Shi Tiannan do anything?" Shi Yuting's face darkened slightly as he watched the screen.

"Not yet," Xiangyi replied.

Zuo Weiyi asked, "Did you close down this nightclub?"

Shi Yuting turned towards her at her question and his initially cold face suddenly turned gentle.

He gently pulled her into his arms. "Yes."

"Why?" If it had truly broken the law, this nightclub should have been closed down long ago when Grandpa was still the president, right?

No matter how Zuo Weiyi thought about it, she felt that there was another reason.

"Shi Tiannan is the biggest shareholder of this nightclub." Shi Yuting's gaze turned cold again as he looked at the TV screen.

Chapter 612: Investigate this Woman

As for the person who wanted him dead, he would slowly toy with him!

He originally did not intend to touch his small nightclub. However, when he saw him strangle Weiyi that day, he felt that the nightclub was a particular eyesore to him!

Zuo Weiyi saw his face suddenly turn cold and stern.

It turned out that Drunken Dream's boss was actually Shi Tiannan.

Was that why he suddenly seized that nightclub and dealt a blow to Shi Tiannan?

Well, it did make sense.

Zuo Weiyi looked at the television screen again.

When a familiar figure appeared on camera, she could not help but frown.

Wasn't the figure the woman who held onto her that day?

Thinking of that woman's guilty reaction, Zuo Weiyi could not help but recall the memory.

It was because of this woman that she followed Xingchen to this nightclub. She did not expect to meet Shi Tiannan before she could find out more. After that, she returned to Z Country and forgot about the matter.

She had originally planned to have her grandpa investigate it, but who knew that she would forget about it later on.

"It's her..." Zuo Weiyi muttered as she stared at the screen.

Shi Yuting looked at her in confusion. "Who?"

"It's the woman." She pointed at the woman wearing a black on the television. "When Mother was in trouble, it was this woman who refused to let me go and insisted that I bumped into her daughter."

Shi Yuting's brows knitted tightly together.

His gaze fixated on the screen.

As the young women were brought out one by one, it was obvious that they were working as prostitutes inside.

A woman who had a child could not possibly enter this nightclub to have sex.

"You're saying that she's the little girl's mother?" His deep eyes seemed to have realized something.

He had never thought that his mother's car accident might not have been an accident.

But...to think that Shi Tiannan actually touched his family. Very well.

Zuo Weiyi nodded.

"That day, I followed this woman to the nightclub because I had a feeling that there was something fishy about her." She glanced at the television screen and then turned to him. "Moreover, when she saw me, she actually acted a little guilty."

If that woman really did not know her, why would she feel guilty when they met?

Shi Yuting calmly stared at the television screen. His dark eyes turned bone-chillingly cold enough to make anyone shudder.

After a long while, he spoke. "Xiangyi."

Xiangyi, stepped forward. "Your Excellency."

"Go investigate this woman and her relationship with Shi Tiannan."

"Yes, sir." Xiangyi nodded and left.

Shi Yuting looked at the person next to him. His pitch-black eyes were filled with deep regret, apology, and love.

He closed his eyes as if he was enduring a great torture in his heart.

The car accident happened, but he didn't investigate it. Instead, he went along with it and blamed it on her.

The thought of this broke his heart.

Chapter 613: Come Help Me Bathe

Zuo Weiyi didn't look away until the news was over. She turned around and saw that his eyes were closed.

She was stunned for a moment before asking, "What's wrong?"

He looked a little tired. Could it be that he had been too tired these past few days?

During this period of time, although he would return to the seaside villa after work, and he would stay at home during the weekends and holiday, it was only when she followed him to Di Zun that she realized that although he was working hard during his working hours, not stopping for even a moment.

At least, that was what she had observed over the past few days.

Not only did he have to deal with the mountain of documents, he even had to deal with the confidential documents that were occasionally sent over from C Country as well as the video conferences with members of Parliament.

It turned out that even though he had an enviable and admirable status, it entailed almost endless work daily.

Hearing her voice, Shi Yuting finally opened his eyes looked at her. Then, the corners of his mouth curled up.

"I'm fine."

He got up and walked to the huge desk to settle the last few documents.

At 5:10 pm, he stood up from his seat, picked up his coat, walked to the sofa, and held her hand. "What do you want to eat tonight?"

He pulled up Zuo Weiyi and walked to the office door.

"Are you leaving now? It's not time to get off work yet."

"The boss can get off work at any time."

Zuo Weiyi couldn't help but pout, cursing in her heart: How arrogant!

When they returned to the seaside villa, Xiao Cui had already prepared dinner.

After dinner, Zuo Weiyi took a shower and stayed in the bedroom.

As she stepped out onto the balcony on the second floor, it was already the season for spring and blooming flowers.

Speaking of which, the baby should be more than three months old. However, her stomach still did not bulge at all. Didn't the doctor say that it would take four months before she started to show signs of pregnancy?

The day after tomorrow seemed to be the time for a check-up.

She remembered that the doctor had said that if there were no abnormalities, she would need to have a check-up once a month.

Touching her flat stomach, Zuo Weiyi's lips unconsciously curled into a blissful smile.

She heard the door open behind her and turned around to see Shi Yuting returning to the bedroom after finishing his work.

She walked over and felt that it was necessary to inform him about the checkup.

He was so busy every day. Would he have time to accompany her for the checkup?

"Just to let you know, I'll be going for a checkup the day after tomorrow."

"I'll go with you."

She was a little surprised. "But the day after tomorrow is Wednesday."

Wasn't he busy?

"It's fine. I can work whenever you want."

Whenever you want?

He had video conferences with C Country almost every day. Aren't those urgent and very important meetings? Could he really handle them at anytime?

Before she could think further, she heard Shi Yuting's voice again.

"Now, come over and help me take a bath."

By the time she came back to her senses, he was already in front of her. The slight warmth of his breath brushed against her ears, causing her face to instantly turn red and her ears to burn.

That's not right.

Take a bath?

It was not until last night that she realized that after a week of rest, the injury on his arm had almost healed. There was only a shallow scar left. How could he still not be able to take a bath by himself?

Thinking of how she had helped him bathe these days and how he always took the opportunity to tease her, she did not want to help him bathe anymore!

Chapter 614: His Patience

“Haven’t you recovered from your injuries?” She looked at him somewhat unwillingly.

Shi Yuting suddenly looked away.

“Not yet.”

She looked at the pair of black pupils and was silent for three seconds. Then, she turned around and walked towards the huge double bed and lay down on it.

“You can bathe by yourself!”

Shi Yuting’s charming lips curled up and he immediately lowered his head.

As expected, once he had recovered from his injuries, he would have to ‘fend for himself’!

When he came out of the shower, it was already nine o’clock in the evening.

Surprisingly, Zuo Weiyi had not fallen asleep. Perhaps it was because she had napped in the office for a little too long in the afternoon, so she still did not feel sleepy up until now. Instead, she was reading a book on prenatal education.

Shi Yuting walked out in a nightgown and directly lifted the quilt to lie beside her. Seeing that she was reading a book, he raised his hand and took the book from her hand.

Then, he hugged her and lay down. “Sleep.”

Looking at the time, it was indeed time to sleep.

It was said that early to bed and early to rise was also a kind of prenatal education that was good for the baby.

However, just as she lay down, the man next to her suddenly shifted his position and looked down at her from above.

His black pupils stared at her silently.

Zuo Weiyi was a little stunned.

Ever since he knew that she was pregnant, he had been very well-behaved when he slept at night. He had never done anything like this before. What was going on today?

Meeting his starry eyes, she muttered, “What’s wrong?”

He was silent for a few seconds before he spoke, his voice a little hoarse, “Did the doctor say when you can...” He paused for a moment, then slowly lowered closer to her. A balanced breath blew by her ear, and he whispered softly, “Have sex.”

Zuo Weiyi was stunned for half a second at first when she understood the last two words completely, and her face instantly flushed red.

“No, you can’t!” Recalling what the doctor had said, Zuo Weiyi could not help but turn her face away, as if she was afraid that he would do something to her.

However, just as she turned her face away, Shi Yuting also turned to face her, not intending to let her escape from him.

“I mean, did he say when it would be okay?” He had really missed her all this while.

It was only because she was pregnant that he did not dare to touch her at all, afraid that he would not be able to control himself.

He was immune to any woman, but he was addicted to touching her.

Meeting his burning gaze, Zuo Weiyi paused. Her fair face was as red as a peach at this moment.

“No, he didn’t say...”

The doctor only told her to be careful not to have sex because her progesterone level was low and it was easy for her to have a miscarriage. Moreover, the first three months were the most critical period, so she naturally had to be careful.

“Go and ask the doctor the day after tomorrow!”

In the end, he had no choice but to turn around and lie down.

He would ask her about this matter the day after tomorrow!

Although he was lying down, he still hugged the person beside him tightly and let her rest in his arms.

At this moment, Zuo Weiyi did not dare to move.

She knew him too well. If he was enduring it now, then moving might trigger the fire in his body. Hence, she decided to stay still.

However, the position she was lying in was a little uncomfortable and she really wanted to change her position.

She quietly pressed her body against his chest. After about ten minutes, Zuo Weiyi finally dared to move her body slightly.

Chapter 615: Enduring It Must Have Been Painful

However, his low and husky voice immediately came from above. “Please, don’t move.”

Hearing the sudden voice, Zuo Weiyi couldn’t help but be startled.

She thought he was asleep.

He sounded like he was enduring a great deal of pain. She couldn’t help but wonder if it was very difficult for a man to endure this kind of thing?

She really did not move anymore. She just maintained the same position and did not even dare to breathe too loudly.

Suddenly, Zuo Weiyi’s brows gradually knitted together.

As her body leaned against his, she suddenly felt an 'unknown thing' gradually pressing against her lower abdomen...

After experiencing so many times, it was impossible for Zuo Weiyi to pretend to be stupid about that 'thing'.

Could it be that her movement just now made him...

Before she could finish thinking, the man beside her suddenly flipped over and pressed her under him. His eyes seemed to be burning with a ball of fire!

"You—you—what are you going to do..." She was so nervous that she did not know what to do.

He stared at her, his eyes burning like fire. "Didn't I tell you not to move?"

"But... but my position just now was a little uncomfortable."

How would she know? If she knew, of course she wouldn't move.

Shi Yuting felt as if his body was on fire. This was the first time he had been so hard to control!

At such a close distance, she could already feel the ball of fire in his body, so she didn't dare to say anything more. She was afraid that if she said anything, it would increase the fire in his body.

As she thought of this, she subconsciously pursed her lower lips. In an instant, her already pink lips could not help but become even more moist and seductive.

Her unintentional action made Shi Yuting really unable to endure it!

Damn it!

He cursed in his heart and could not help but lower his head to seal her pink lips.

"Mmm..."

She was so shocked that her eyes widened and her face turned pale!

"Mmm... Shi... Yuting... No, you can't..."

He kissed her fiercely and swallowed her voice down his throat!

Even so, he did not lose his will. He knew how important she and the child in her stomach were at this moment.

So after a long passionate kiss, he let go of her and stared at her black eyes.

"I'm too addicted to drugs. I just want to quench my cravings."

After saying that, he quickly got off the bed and walked straight to the bathroom.

Zuo Weiyi watched his figure disappear behind the bathroom door. Then, she heard the sound of running water.

She heard that many men used this method to quench their anger—cold water!

But...

She could not help but look out of the window.

It wasn't summer yet. They still needed to put on a coat when they went out. Wouldn't he catch a cold if he took a cold shower now?

She couldn't help but worry as she thought about it.

There was still the residual warmth of his lips. Laying on the bed, Zuo Weiyi couldn't help but take a deep breath.

In that instant just now, she almost lost the ability to resist and actually responded to him.

It turned out that subconsciously, she had also missed him.

Shi Yuting rinsed himself in cold water for almost half an hour before he finally managed to completely bring down the ball of fire in his body!

When he came out again, the person on the bed had already fallen into a deep sleep.

Looking at her sleeping appearance, he laid down on the bed. His movements were very light as he quietly hugged her and fell asleep together.

Chapter 616: The Checkup

It was eight o'clock in the morning on Wednesday. Zuo Weiyi went upstairs after breakfast before going downstairs again. Sure enough, Shi Yuting did not go to the office. Instead, he waited for her on the sofa.

"Do you really not need to go to the office?"

She walked over. Her stomach was still not showing yet so it was still convenient for her to do things. It was just that sometimes she would feel a little uncomfortable but she would feel much better after she vomited.

If he really had something to do, she could ask Xingchen to come along or go with Xiao Cui. There was really no need for him to specially accompany her for a prenatal checkup.

Shi Yuting put down the international newspaper he was reading as he stood up and walked over to hold her slender waist.

"No."

Xiao Cui, who had finished putting away the bowls and chopsticks, walked out and noticed that the couple was planning to go out.

"Madam, are you going out?"

Zuo Weiyi nodded. "Yes. What's the matter?"

Xiao Cui stole a glance at Shi Yuting. Although Madam was amiable and approachable, Mr. Shi was usually cold towards everyone except Madam. Therefore, unless it was necessary, Xiao Cui almost didn't dare to talk to him.

“Then, can I ask for two hours of leave?”

Zuo Weiyi frowned when she heard that. In less than a second, she smiled and said, “Okay.”

She didn’t ask for the reason and somehow understood Xiao Cui. If it weren’t for something important, she would never ask for leave.

“Thank you, Mrs. Shi!” Xiao Cui was very excited. She wanted to make the best use of her two hours so she immediately took off her apron, turned around, and went into the kitchen. Then, she came out again.

After bowing to the two of them respectfully, Xiao Cui walked towards the main door.

Zuo Weiyi suddenly called out to her. “Xiao Cui, we’re going out as well. Do you want to come with us?”

It would take about ten minutes to walk out of here before she could catch a taxi. Since Weiyi was going out as well, she decided to offer.

Xiao Cui turned around and smiled. “Oh, there’s no need for that. I’ll drive myself there today!”

Although Xiao Cui was only a maid, she served Shi Yuting and Zuo Weiyi after all. So her salary and treatment were better than average that she could afford a small car.

However, it was still thanks to Zuo Weiyi. Since she moved to the seaside villa, Mr. Shi had fired the other maids, leaving only her and Aunty Yu to serve Madam.

After Madam had gone to C Country, she left as well. For convenience sake, she bought a car worth 80,000 to 90,000 yuan and went to work every day.

Since then, she gained the freedom to turn her life around.

“Alright, be careful.”

“Okay!” Xiao Cui nodded. “Thank you for your concern, Madam.”

As she said that, she turned around and left the seaside villa.

“Let’s go too.” He put his arm around Weiyi’s shoulder and the two of them went out together.

...

When they arrived at the obstetrics and gynecology department, they did went through a few related examinations. When the results were out, Zuo Weiyi could not help but feel a little nervous.

She must care too much about this baby as she did not want anything to happen to him. Therefore, every examination was extremely stressful for her.

“The baby is fine. The progesterone levels have also returned to normal. There are no major problems. Just stay at home and take care of the baby. It will be good for the two babies if you receive some proper prenatal education.”

Zuo Weiyi only heaved a sigh of relief after the doctor finished speaking.

However, she was stunned and looked up at the doctor suddenly.

Chapter 617: Congratulations, You Are Pregnant with Twins!

Did she hear wrongly? Did the doctor just say two babies?

“Doctor, did you just say... two babies?”

The doctor looked up and realized that she did not know that she was pregnant with twins, so he smiled and said, “Yes, congratulations, you are pregnant with twins!”

Zuo Weiyi was not the only one. Even Shi Yuting was shocked!

Twins?

The doctor had seen many couples like them who had fallen into a state of shock due to joy. He smiled at the two of them and began to prescribe some calcium tablets for her.

“I prescribed some calcium tablets for you. Remember to take one every day. I wish you both the best.” The doctor handed the prescription and report back to Zuo Weiyi.

She took the list and looked at the ultrasound report.

She could not understand it at all, but she noticed the words below: twin embryos healthy.

After a long while, she recovered from her excitement and muttered to herself, “It’s actually two children...”

Even after they had left the hospital, Zuo Weiyi could not hide her excitement. She turned her head and looked at Shi Yuting in the driver’s seat from time to time. “Do you think the babies will be boys or girls?”

Shi Yuting knew how happy she was at the moment. He smiled back at her charmingly.

“Do you like boys or girls?”

She thought carefully for a while.

“I don’t know. I want girls, but I also want boys...”

“Then they must be a boy and a girl!” Shi Yuting said almost without thinking, and he sounded pretty sure too!

Zuo Weiyi could not help but laugh. “Why do you sound so sure?”

“Because if Madam wants it, then it shall be so.”

His confidence was overflowing. Zuo Weiyi could not help but feel that he was too sure.

The fate of C Country’s people may be in his hands, but the gender of the babies was not a matter up to him.

But did he want boys or a girls?

“What about you? Do you... want boys or girls?”

Shi Yuting frowned at her question as he looked forward.

He never thought about it—was she carrying his sons or daughters?

In the end, he replied with a few words. “It doesn’t matter as long as they’re ours.”

Zuo Weiyi paused.

It didn’t matter?

What did he mean? Did he not care about whether they had children or not, or the gender of the babies?

Thinking back to the previous incident, Zuo Weiyi’s expression suddenly darkened.

She felt a little disappointed.

The space in the car was not big so Shi Yuting instantly felt that something wasn’t right with the atmosphere. He turned around and saw that there was indeed something amiss with her expression.

The car suddenly stopped. Zuo Weiyi looked up, thinking that they had reached home, but she felt that they had arrived a little too quickly.

She looked out of the car window and saw that the car had stopped by the side of the road.

“What’s wrong?” She asked him in confusion.

“I’m buying something for our babies.”

As soon as he finished speaking, he opened the car door and got out. Then, he walked around the front of the car towards the passenger seat, opened the door, and led her into a large shopping mall.

Zuo Weiyi was still a little confused.

The two of them eventually arrived at the floor with the baby section. He said that he was going to buy something, but once they arrived, Shi Yuting didn’t know where to start at all.

Chapter 618: Because I Wanted a Son

Zuo Weiyi noticed that the things he was looking at were mostly for boys...

Could it be that he wanted boys?

When she entered a toy store, there were almost all kinds of cars and models of armaments. Moreover, weren’t these more suitable for those who were already a few years old? Was it too early to prepare?

“Why have you been only choosing mainly things for boys?” She asked him.

“Because I want sons,” he confessed.

She paused. “But didn’t you just say that it doesn’t matter?”

Shi Yuting was silent for a few seconds as he stared at her before saying, “That’s because I was afraid that you’d be upset if I tell you that I want boys over girls.”

Zuo Weiyi was shocked.

In other words, when he said it didn't matter just now, he was actually afraid that she would misunderstand that he had a preference for boys over girls?

What about now?

She was indeed feeling a little uncomfortable.

What if she was pregnant with girls? Would he not like them?

She really wished that she had not asked that question just now.

However, was the reason he liked boys because of that feudal ideology? Because boys could carry on their family line?

She couldn't help but ask. "Then, why do you like boys more?"

He stared at her for a long time before he said, "Because boys won't be bullied."

When she asked him if he wanted boys or girls, a scene flashed through his mind.

What if his daughter grew up and fell in love with a man who bullied her?

Just like the two of them, even if they loved each other deeply, he could still hurt her deeply and unknowingly because of a certain matter or reason.

When he thought of the day his daughter would be hurt like that, his heart hurt.

However, his answer made surprised Zuo Weiyi.

Was that why he preferred boys?

"I want sons, but it's not that I don't like girls," he said softly as he looked at her.

He didn't care whether they were boys or girls.

"What if both of my babies are daughters?" She asked as she looked at him.

"Then I won't marry off either of them and just keep them at home!" He continued to walk forward with her in his arms.

Zuo Weiyi was somewhat speechless.

It turned out that he was not prioritizing boys over girls, but he was reluctant to see his daughters get bullied one day in the future.

"With such a powerful background, who would dare to bully your daughters?" She turned to look at him.

Just like Nuannuan now, how many people would dare to bully her?

"But we will die one day, won't we?" He looked at her with a serious expression, but he hit the nail on the head.

In this world, no one could escape death. He could raise his daughters and give them the best protection and care, but he would still have leave this world one day.

His sudden words made Zuo Weiyi realize this reality.

One day, they would leave their children.

Zuo Weiyi looked at him in a daze, then she seemed to have thought of something. "Then if they're both daughters, why don't we have another son?!"

Just like how he protected Nuannuan.

When they became old, they might leave their children. But if they had a younger brother, he could always protect his elder sisters, right?

"No!"

Shi Yuting rejected her outright.

Chapter 619: Shi Yuting's Thoughts on Having a Second Child

She didn't understand why.

"Why?"

"I don't need a second child."

"But..." Didn't he want a son? If the eldest were two girls, she would want to give birth to another son for him.

Firstly, it would satisfy his wish, and secondly, it would indeed allow him to protect his sisters. It would be the best of both worlds, wouldn't it?

"I said I don't need another child. Let's look at the clothes!" He interrupted her and immediately pulled her along as they walked forward.

Zuo Weiyi was a little puzzled by his inexplicable stubbornness.

Why didn't he want a second child? Moreover, he seemed to have his mind pretty much set...

Zuo Weiyi looked at him suspiciously. She couldn't understand it no matter how much she thought about it.

In the end, Shi Yuting bought some things for both boys and girls, and the two of them carried their bags out of the shopping mall.

Little did they know that not far behind them, someone walked past and saw them leave.

Li Chengcheng stared blankly at the two of them as they disappeared from the entrance of the mall.

They had bought so many things for children. Could it be... that Mrs. Shi was pregnant?

The couple left the mall, put the things in the trunk, and prepared to leave.

At this moment, a voice suddenly came from behind.

"Madam!"

The familiar voice made Zuo Weiyi turn around in an instant. She was surprised to see Xiao Cui and another figure walking over from not far away.

“Xiao Cui, why are you...” She noticed the man standing next to Xiao Cui. He looked like he was only twenty-two or twenty-three years old. He was handsome and cheerful.

“Mr. Shi.” Seeing Shi Yuting walk out from the other side of the car, Xiao Cui quickly bowed and greeted him respectfully.

Zuo Weiyi looked back at Xiao Cui from the man next to her and asked with a smile, “Your friend?”

Xiao Cui glanced at Zuo Weiyi and smiled shyly. “Well, when you were not in Z Country, I worked as a cleaner in a hotel and got to know Xiao Song. He was a waiter there.”

Zuo Weiyi glanced at the two of them and smiled gently.

Anyone with a discerning eye could tell that this Xiao Song was not just a friend of Xiao Cui.

“Madam, are you going back now?”

The two-hour deadline was up, and it was indeed time for her to go back and make lunch.

“Yes, but you don’t have to rush. Walk around with your Xiao Song before you go back.” Zuo Weiyi was very tactful. In order not to disturb the two of them, she smiled and said goodbye to Xiao Cui before returning to the White Ferrari.

Xiao Cui was a very responsible person. Even though Zuo Weiyi said so, she wanted to return to the seaside villa within two hours.

When she walked into the living room, she found Zuo Weiyi washing vegetables in the kitchen while Shi Yuting stood watched and learned from the side.

Xiao Cui was scared out of her wits and quickly put on her apron.

“Mr. Shi, Mrs. Shi, I’ll take care of these. Please go sit down and rest!” She snatched the vegetables from Zuo Weiyi’s hands and felt sorry for her pregnant body.

Zuo Weiyi only smiled seeing her nervousness.

However, before she could say anything, Shi Yuting’s face suddenly darkened as he spoke coldly. “If you can’t do these things well, then there’s no need for you to stay here anymore!”

His words were extremely intimidating and terrified Xiao Cui, who was already afraid of him. She looked at him in fear as she hurriedly lowered her head and apologized repeatedly!

Chapter 620: As Long as She’s ‘Passionate’ Towards You

“I’m sorry, Mr. Shi! I... I’ll definitely not apply for leave again the next time...”

Zuo Weiyi could not help but frown in puzzlement as she looked at Xiao Cui who kept apologizing and his face that had suddenly darkened. She hurriedly pulled him out of the kitchen and into the living room.

“Why are you blaming Xiao Cui? She had already applied for leave before, and it was for two hours. She didn’t exceed the limit.”

Shi Yuting turned his gaze away and stared at her, his face extremely dark.

“I invited her here to take care of you. If she can’t do this well, she doesn’t need to stay here anymore.” His face was cold and merciless.

“Everyone has their own private matters. Shi Yuting, you’re too cold!”

He leaned over and suddenly approached her. “As long as she’s ‘passionate’ towards you.”

As soon as he finished his sentence, he smiled charmingly before turning around to go to the second floor.

Zuo Weiyi stood where she was as he walked away. Then, she looked away and frowned.

Why did he say ‘passionate’ so ambiguously?

Or was it just her imagination?

She turned around and walked to the kitchen.

“Xiao Cui, you don’t have to take his words to heart. I will always hire you. If you don’t want to do it anymore, you can tell me anytime.” Zuo Weiyi treated Xiao Cui well.

Since Xiao Cui was in love, it meant that one day she would get married and live her own life.

Xiao Cui immediately turned around and pursed her lips slightly. “Thank you, Madam. If you don’t mind, of course I hope to continue working here, but...”

Her gaze involuntarily went to the kitchen door.

Zuo Weiyi seemed to have read her mind and smiled. “Didn’t I just say that you don’t have to take his words to heart?”

She knew very well that Shi Yuting didn’t have any ill intentions. If he was too heartless and cold to Xiao Cui, it was only because he cared too much about Weiyi.

Xiao Cui smiled. “Thank you, Madam. I’ll definitely take fewer days off from now on. For today’s, it was only because it’s Xiao Song’s birthday, so...”

She lowered her head. She had wanted to celebrate his birthday after work tonight, but Xiao Song had to work the night shift.

Seeing that the husband and wife were going out in the morning, she decided to take a two-hour leave, hoping to rush back before lunch.

“I understand. Alright, now cook!” Zuo Weiyi patted her arm, smiled, and left the kitchen.

When she arrived in the living room, Shi Yuting just happened to have come downstairs with a document.

“Aren’t you going to finish your meal before you leave?”

“I have an emergency meeting. I’ll eat at the office later,” he said softly and then strode toward the door.

Zuo Weiyi looked at the clock on the wall. It was ten past eleven.

...

After lunch, it was twelve o’clock sharp.

Sitting at the dining table, Zuo Weiyi couldn’t help but wonder if Shi Yuting had eaten by this time?

After some thought, she got up and walked to the living room to call Shi Yuting’s number.

The call was picked up after two rings.

“What’s wrong?” His deep and charming voice came from the receiver.

“Have you eaten?” She asked.

“No, the meeting hasn’t ended yet.” In the huge office, everyone was silent, waiting for him to finish the call before continuing.

“Then, should I send some over?”

Hearing this, Shi Yuting frowned. “Send some over?”

“Yes, the dishes today are very nutritious and healthy, better than the ones outside.”
