

Kiss Me 671

Chapter 671: Eating Things He Shouldn't Have Eaten

As soon as he finished speaking, he couldn't wait to pick up his chopsticks and eat in big mouthfuls. He completely lost his gentlemanly appearance from when he was dating those girls.

After finishing his meal, Zhong Shenghao was greatly satisfied and sat on the sofa, savoring the aftertaste.

"In the future, when I find a wife, she'll also have to be a good cook. Isn't there a saying that if you want to catch a man's heart, you have to go through his stomach? If you want to catch me, you have to learn how to cook first!"

Shi Nuannuan, who was nibbling on an apple, couldn't help but roll her eyes at him. "Brother Shenghao, you're such a playboy. Even if girls are good at cooking, won't they end up like those girls you dumped?"

As soon as Nuannuan said this, the smile on Zhong Shenghao's face immediately froze.

"I say, Nuannuan, can you not expose my shortcomings?"

Hearing this, Shi Nuannuan sized him up suspiciously. Her gaze moved from his face to his abdomen. "Are you short?"

Noticing her disdainful gaze, Zhong Shenghao was stunned for a moment. Then, he picked up the pillow to cover his important parts. "Nonsense, it's definitely longer than your brother's! And mine's —"

Before he could utter the word 'thick', Shi Yuting had already roared from the side!

"Get lost!!"

Zhong Shenghao immediately stopped talking.

Looking at the time, he had to return to the hospital.

"Forget it. I still have an operation to perform, so I'll be leaving first."

Just as he was about to turn around, he felt a discomfort in his stomach, followed by an obvious pain.

F*ck, what's with this sudden pain?

Then, he heard a rumbling sound coming from his stomach. Zuo Weiyi and Shi Nuannuan couldn't help but look at him in surprise.

"Brother Shenghao, what's wrong with you?"

There was another rumbling sound. This time, Zhong Shenghao couldn't hold it in any longer. He covered his butt and stomach and rushed to the bathroom on the first floor!

"Sister-in-Law, can I use your bathroom?"

Seeing him disappear into the toilet with a pained expression, Zuo Weiyi couldn't help but feel puzzled.

She turned her head and looked at Shi Yuting. "What kind of seasoning did you put in just now?"

“Laxative.”

Zuo Weiyi and Shi Nuannuan were both stunned.

A few minutes later, Zhong Shenghao walked out with an exhausted face.

“What’s going on? Why did I have diarrhea all of a sudden?” As a doctor, there was definitely nothing wrong with his body. What was going on then?

Just as he was about to walk back, he realized that his stomach was rumbling again! So, he had no choice but to run back.

In the living room, Weiyi and Nuannuan watched him run back and forth for more than half an hour.

When he came out again, Zhong Shenghao’s gaze was directed at the man on the sofa.

“Speak! What did you do to me?!”

Shi Yuting picked up his cup and leisurely sipped on tea. “I don’t know. Maybe he ate something he shouldn’t have.”

Something he shouldn’t have eaten? How was that possible?!

“I only ate Weiyi’s noodles that she made for me from the beginning to the end—”

Suddenly, he seemed to have thought of something. He narrowed his eyes and looked at Shi Yuting. “Did you do something to my noodles?”

Shi Yuting took another sip of his tea and said calmly, “No.”

“Of course you didn’t!” Zhong Shenghao roared. “Just now, you said you went out to buy some spices. Tell me! What exactly were they?!”

Shi Yuting finally put down the teacup in his hand and raised his unfathomable eyes at him. “As a doctor, wouldn’t you know?”

Chapter 672: There Was No One On the Bed

Zhong Shenghao stared at him. After thinking for a while, he finally knew.

What else could it be other than laxatives?

Damn it!

“Shi Yuting, just...just you wait!”

Shi Yuting crossed his right leg elegantly. His calm and composed look seemed to reply, “I’ll wait.”

“Hello? Send me a box of anti-diarrheal medicine to the following address immediately!”

After hanging up the phone, his stomach rumbled again. Zhong Shenghao ran into the bathroom again with a pained expression.

Shi Nuannuan couldn’t hold it in anymore and burst into laughter!

Zuo Weiyi, on the other hand, was a little worried. would there be any problems if this dragged on? Would his body be able to take it?

After taking the anti-diarrhea medicine, Zhong Shenghao could finally catch his breath. He lay on the sofa, exhausted.

“Shi Yuting, you win.” At this moment, he didn’t even seem to have the energy to speak.

“There are some things that are better not to eat carelessly.” Shi Yuting curled his lips, as if he was showing off his might.

“Yes, especially Weiyi’s noodles...”

After resting for a while, Zhong Shenghao stood up and bowed to Shi Yuting weakly. “Thank you, president, for not killing me. Goodbye.”

With that, Zhong Shenghao left the seaside villa with the help of a chauffeur.

After a round of fun, Zuo Weiyi was also a little tired.

“If you’re tired, sleep for a while.” His gentle voice rang out, asking her to lie down on her side and rest her head on his lap.

She was indeed tired. Meeting his gentle and watery eyes, she smiled and closed her eyes to rest.

However, a minute passed. Just as she was about to lose her consciousness and fall into a deep sleep, that terrifying nightmare struck again, waking her up in an instant!

Feeling her body tremble, Shi Yuting frowned. “Is it that dream again?”

Zuo Weiyi nodded. “Yes.”

He thought for a while and remembered Zhong Shenghao’s suggestion. “How about taking a calming pill?”

He was worried that if this nightmare kept haunting her and she couldn’t fall asleep at all, her body and mind wouldn’t be able to bear it.

Not only would she be severely sleep-deprived, but her spirit would also be damaged and her body and mind would be exhausted.

“Alright.” She nodded, fully aware that this was the only way for her to have a good rest.

Shi Yuting got up, poured a cup of warm water, and brought a calming pill for her to take.

Not long after, Zuo Weiyi fell asleep.

Shi Nuannuan was a little confused. “Brother, What’s wrong with Sister-in-Law?”

“She’s a little tired.”

“Oh...”

A few minutes later, seeing that she was sleeping peacefully, Shi Yuting gently pulled his body away and carried her to the second floor.

When he arrived at the master bedroom, he placed her on the big soft bed and looked at her sleeping face. It was very peaceful. Only then did Shi Yuting get up and leave, walking towards the study.

He might not be able to go to Di Zun for the next few days, so he had to deal with many things in the study.

However, in order to keep an eye on her, he took some documents into the master bedroom and sat on the sofa to review them.

At two o'clock in the afternoon, he had a video conference with C Country. He glanced at the person sleeping on the bed before getting up and walking out. He was worried that the sound of the conference would disturb her, so he could only do it in the study room.

The Speaker of the meeting spoke for two hours.

When it finally ended, he closed his eyes and left the study room.

He pushed open the door to the master bedroom. When he saw an empty bed, his pupils constricted, and his heart suddenly felt a stab of pain!

Chapter 673: She Was by the Pool

He looked around, trying to find her in the room, but there was no trace of her in the huge room.

Thinking of how she was standing on the balcony last night, he quickly walked out to the balcony, but found that there was still no one.

He could not help but feel a little flustered. He turned around and quickly rushed out of the room. He carefully searched the second floor, but there was no sign of her.

So he went to the first floor, but there was still no sign of her in the living room.

"Weiyi!" His anxious voice echoed in the quiet living room, startling Xiangyi, who was guarding the door, and Nuannuan on the second floor.

"Sir, what's wrong?"

Xiangyi walked in and saw that Shi Yuting was frantically looking for something.

Shi Yuting anxious eyes looked back at Xiangyi. "Did you see Young Madam go out?"

Xiangyi was stunned for a moment, then shook his head. "No."

Since she didn't go out, it meant that she was still in the villa.

He had already looked on the second floor, but there was no sign of her on the first floor. Then she must be...

He looked at the back door and quickly walked over!

As soon as he walked out of the transparent tempered glass door, he saw a figure walking towards the swimming pool not far away.

Knowing that she was not a good swimmer, Shi Yuting watched her continue walking with no intention of stopping.

Shi Yuting was shocked for a moment before coming back to his senses. "Weiyi!"

His call suddenly woke Zuo Weiyi up.

She had been in a dream until then. When she opened her eyes, what greeted her sight was a huge swimming pool, and her raised right foot was about to step into it in the next second!

She widened her eyes in shock and wanted to retreat but it was too late. Her right foot had already missed a step!

At the critical moment, a strong hand quickly pulled her back and into his arms.

Zuo Weiyi was still in shock until she had completely stabilized her body.

Her chest rose and fell rapidly as she panted heavily.

It was the same thing again. She only realized that she had arrived at a strange place when she woke up. Why was it like this? Why was it like this?!

Panic and helplessness spread in her chest. Zuo Weiyi turned around and hugged Shi Yuting tightly, pressing her face against his chest as he explained.

She did not dare to think about what would have happened if she had really fallen into the pool and drowned with the baby in her stomach had he not arrive in time.

She was clearly taking a nap. Why was she by the pool on the first floor...

A series of questions flooded her mind, making her uneasy.

"It's okay." He gently comforted her as he stared at the calm pool water, deep in thought.

What on earth was wrong with her?

Back in the living room, Zuo Weiyi still had some lingering fear in her heart.

"Go get a glass of water," Shi Yuting said to Xiangyi.

Xiangyi walked to the kitchen and poured a glass of warm water for her.

Yuting took it and said, "Drink some water."

Zuo Weiyi took a few sips.

"Tell me, what happened?" asked he. Wasn't she still sleeping soundly when he left?

Why did she suddenly go to the swimming pool on the first floor?

"I don't know either. I remembered that I was sleeping. But when I woke up, I was already by the pool." She still looked pale.

Suddenly, an image flashed across her mind.

“No.” She suddenly looked up, her eyes were looking into a far off distance, as if she suddenly thought of something.

Chapter 674: Do You Believe in Ghosts, or in Him?

His expression turned serious as he looked at her in his arms. He furrowed his brows slightly. “What’s wrong?”

She turned to look at him. “I seemed to have heard a sound before it happened, and then...”

It was like a dream. She heard a sound and left to follow it.

However, in this huge villa, other than the Shi family’s bodyguards, who else could it be?

“What was the sound? Do you still remember?” He asked with a serious face.

As long as one was conscious, the truth would naturally come out.

Zuo Weiyi thought for a while, then said with some uncertainty, “It sounded like... a child’s voice.”

Suddenly thinking of this, Zuo Weiyi couldn’t help but shiver.

There couldn’t be a ghost in this villa, right?

Thinking of this possibility, she couldn’t help but look at the man in front of her. “Do you think it could be...”

“Hmm?” He frowned.

“Is there something supernatural behind this?” She asked carefully.

In fact, in her 22 years of life, she had never believed in the legends of ghosts and gods in this world. But right now, she just couldn’t explain the things that were happening to her, so she couldn’t help but have some doubts.

Was there really something in this world that science could not explain?

“No,” Shi Yuting denied.

“Why not?” She felt that it was quite possible when she recalled it. “This series of abnormal behavior, isn’t it as if there is a ghost guiding me?”

He stared at her. “Do you believe that there are ghosts in this world, or do you believe in me?”

His eyes, which were as dark as the night, were filled with a kind of seriousness that suddenly rebuilt her confidence in him.

Even he didn’t believe that there were ghosts in this world, so why should she believe it?

“You,” she answered

He curled his lips in satisfaction. Then, he looked straight ahead. With a voice as cold as ice, he said, “Don’t worry. If it’s man-made, I will definitely let that person die without a burial place.”

His dark, ink-like eyes emitted a chill. Even the surrounding air seemed to have turned cold because of him.

...

In the next few days, Zuo Weiyi could only rely on the calming pill to fall asleep.

In the middle of the night, Shi Yuting had seen her wake up suddenly. It was as if she was sleepwalking. Indeed, it was as if she was attracted by something and always went to more dangerous places, such as balconies, swimming pools, and stairways.

However, this kind of abnormal behavior could be stopped as long as he made a sound.

He hadn't been leaving her side. Even if he had to go to Di Zun, he had to bring her with him.

That day, in the office on the top floor, Shi Yuting returned from a meeting and found that she was still sleeping soundly.

"Did you notice anything wrong with her?"

This was the top floor. Shi Yuting was worried that she would do something abnormal again when she woke up, so he had specially asked Fei Lin to stay and look after her before the meeting.

Fei Lin was still a little stunned when she heard this, but she shook her head immediately. "Madam has been sleeping the whole time. There's nothing wrong."

Shi Yuting pursed his thin lips and said, "Alright, you may leave."

Fei Lin nodded slightly and turned around to leave.

Looking at her sleeping soundly on the sofa, he sat down and watched her carefully for a few minutes before returning to his desk and starting to deal with the mountain of work.

He was a little different from his usual self as he buried himself in work. Today, he would look up from time to time while sitting at his desk and pay attention to her on the sofa. After making sure that nothing was wrong, he would continue working.

After sleeping for three hours, Zuo Weiyi was finally well-rested.

She opened her eyes and could not help but happily stretch.

Chapter 675: Apparently Miss Li Had Encountered a Shipwreck?

Shi Yuting looked up when he heard her voice. He was a little surprised that she had woken up safely.

Nothing had actually happened today.

He got up and walked over. "How do you feel?"

She lifted her head and felt a sense of satisfaction that she had never felt before. "I slept so soundly!"

Looking at her, Shi Yuting's deep black eyes seemed to be thinking about something.

"Didn't you hear that strange sound in your sleep today?"

Zuo Weiyi was a little surprised by his question.

Yes, she had slept very soundly today. She wasn't troubled by nightmares and wouldn't suddenly wake up in a strange place.

As she was thinking, there was a knock on the office door.

"Mr. Shi, CEO Li from L Group is looking for you." Fei Lin walked in and announced respectfully.

"Let her in."

Fei Lin nodded, then turned to the door and made a 'please enter' gesture to Li Chengcheng who was waiting at the office door.

When she came in and saw Zuo Weiyi, Li Chengcheng was stunned for a moment, but it only lasted for a second.

However, this second didn't escape Shi Yuting's eyes.

He still remained calm because he hadn't found out her purpose and motive yet.

"Please, sit." He spoke politely but there was no doubt that there was coldness in his voice.

Li Chengcheng was stunned for a moment before sitting down. She looked at Zuo Weiyi with a smile and nodded slightly. "Mrs. Shi is here too."

Zuo Weiyi smiled at her but did not say anything.

Then, Li Chengcheng's gaze turned to Shi Yuting and placed the folder in front of him. "This is the post-production plan. Mr. Shi, please take a look at it yourself."

"Okay." As he spoke, he picked up the proposal on the coffee table and glanced through the documents with his sharp eyes.

Li Chengcheng's gaze involuntarily fell on Zuo Weiyi's face, who was drinking water, as if she was observing her every move.

"I heard that Miss Li encountered a shipwreck a few months ago?"

His deep and cold voice suddenly rang out, startling Li Chengcheng, who was in a daze. She turned to look at him.

The momentary panic on her face was clearly seen by Shi Yuting.

Li Chengcheng calmed her emotions and replied, "Yes."

"Your father was also killed in that accident, right?" Shi Yuting lowered his head, his gaze never leaving the document.

They were just a few words, but they made Li Chengcheng a little flustered.

Why would he suddenly ask about her family and the explosion from that accident?

"Yes, I wonder why Mr. Shi suddenly mentioned this?" Was it a coincidence, or did he know something?

The more she thought about it, the more uneasy Li Chengcheng felt.

She hid it so well that even the uncles of the Li family did not notice it. Could it be that Shi Yuting had discovered it?

“Nothing, I just suddenly remembered it.” Shi Yuting suddenly closed the document and then smiled at her. “I’m very satisfied with the post-planning. That’s all.”

He handed the signed document back to her.

Li Chengcheng glanced at him and took the document hesitantly.

“If there’s nothing else, I’ll take my leave first.”

“Okay.”

Li Chengcheng stood up, nodded at the two of them, and then turned around to walk to the office door.

Looking at her tall back, Zuo Weiyi seemed to have noticed that Li Chengcheng, who had always been calm and collected, seemed to be a little flustered for some reason today.

Although it was only a short moment, the disorder on her face was clearly visible.

Perhaps, it was because Shi Yuting had mentioned her background?

Chapter 676: Burned by Fire Beyond Recognition?

But no one could be so calm and composed when reminded of such a thing. It was inevitable that there would be lingering fear.

“Oh right, Miss Li.”

Just as Li Chengcheng was walking to the door of the office, Shi Yuting’s cold voice called out to her again.

She stopped in her tracks and felt an inexplicable sense of panic in her heart.

However, on the surface, she remained calm and tried her best to maintain her composure.

Turning around, she met his unfathomable black eyes and asked, “Is there anything else, Mr. Shi?”

His deep, ink-like eyes stared at her, causing Li Chengcheng to feel uneasy.

He smiled deeply. “I heard that Miss Li was also seriously injured in that accident to the point of being on life support for several months before waking up. Is that true?”

The more he continued to ask, the more uneasy Li Chengcheng felt.

Was it because of his sudden curiosity, or did he already notice something?

She tried to maintain her calm composure.

“Yes.”

Right now, she had to not panic.

“I also heard that in that accident, Miss Li’s face was burned by the fire beyond recognition?”

Hearing this, Li Chengcheng’s heart suddenly froze, as if she had been significantly hit by something, and her face instantly turned as pale as snow.

“Miss Li?”

After a long while, Li Chengcheng finally came back to her senses, and looked awkwardly at Shi Yuting.

“Yes, but facial reconstruction technology has advanced very far now, so I’m very lucky to be able to experience it.” Although she tried her best to calm herself down, her heart still felt a little frantic as she continued to be scrutinized by that pair of suspicious dark eyes.

Shi Yuting continued smiling. “Indeed, the word ‘miracle’ really was meant for a person like you.”

There was definitely a deeper meaning behind his words but she could not figure it out.

She smiled for a long time. Seeing that he did not speak again, she said, “Well then, I’ll be leaving first.”

This time, Shi Yuting did not speak again. Instead, he watched her walk out of his office until the door was closed again.

He looked back at Weiyi and noticed that she was staring at the door in a daze.

“What’s wrong?” His voice brought her back to reality.

Then, she muttered, “I must be imagining things...”

“What imagination?”

Even though her mumble was as soft as a mosquito’s buzz, he still heard it clearly.

She looked up at him as she thought about it, but didn’t say it out loud.

If she told him that she thought Li Chengcheng’s back was similar to Tengtang Xi’s, would he think that her illness was incurable?

No, it can’t be true!

She must just be hallucinating...

Wasn’t this one of the symptoms mentioned for schizophrenia?

Was she really sick?

“It’s nothing...” She looked down uneasily

He watched her blink several times as she tried to hide her anxiety.

He wanted to ask further, but was worried that her thoughts will start to spiral out of control.

“Oh, right. Why did you suddenly ask about the accident of Li Chengcheng’s cruise ship explosion?”

Shi Yuting looked out the French window. “Because it’s strange.”

“What’s strange?” She looked at him curiously.

He tilted his head at her with a dotting smile. “It’s nothing. Let’s go home!”

Chapter 677: The Conspiracy in the Secret Room

She looked at the clock on the wall and realized that it was already five o’clock.

“You’re leaving early again?” She stood up and watched him walk to the desk to pick up his coat before walking out of the office with her in his arms. He smirked and said charmingly, “I’m the boss.”

How capricious!

...

The night was dark, and the depressing secret room was eerily quiet.

A tall figure stood in the dim light, while another stood in the shadows. Both their faces obscured by casted shadows.

“Why wasn’t the medicine you found not effective at all? I saw her today, and there wasn’t the slightest hint of abnormality!”

The figure standing in the shadows was an old man.

“That’s impossible. As long as she ate it and smelled the carnation in their yard every day, it’s impossible for there to be no abnormality!” the man said affirmatively.

Under the light, the tall figure finally tilted her head, revealing Li Chengcheng’s refined face.

However, at this moment, there was a hint of ruthlessness and coldness on it.

She looked at the man in front of her. “But there was nothing unusual about her. You said that the medicine would cause her to have hallucinations and nightmares, to be mentally deranged. But when I saw her today at Di Zun and she couldn’t be any better!”

“Xi’er, don’t be so anxious. After all, the medicine is slow—”

“How can I not be anxious?!” Li Chengcheng couldn’t help but shout out, “Do you know how much effort I put in to plan all this? I was about to succeed last time, but I didn’t expect that b*tch Xiao Cui to go back on her word at the last minute. She made my efforts fall short and almost exposed my identity! If I hadn’t been able to persuade Qiu Yun to be my scapegoat, I would have been dismembered a hundred times by Shi Yuting!”

Li Chengcheng could not help but feel a lingering fear when she thought of the previous incident. Fortunately, she had been prepared and did not let Shi Yuting find out about it.

However, after going to Di Zun today, he seemed to have begun to suspect her. Otherwise, he would not have suddenly asked about Li Chengcheng’s injury in the cruise accident.

“Xi’er, don’t panic. As long as you can think of a way to make her eat another pill, the medicinal effect will immediately spread to every cell in her body. When that time comes, even if a god comes, he will not be able to save her.”

Hearing this, Li Chengcheng finally calmed down. She raised her gaze and looked at the old man in front of her. "Are you sure?"

"Of course. Don't tell me you don't believe Grandfather's words?"

Tengtang Xi was stunned.

That day, if Grandfather's men hadn't rushed to the sea in time, she would have drowned long ago.

It seemed that the heavens were on her side as she even encountered a cruise ship that suddenly exploded, allowing her to change her name and become the young miss of the Li family.

Since the heavens did not allow her to die and gave her a chance to 'be reborn', she would definitely kill Zuo Weiyi this time!

"However, ever since that incident was exposed, Shi Yuting has become even more cautious towards her. He has bodyguards with him almost 24/7. I'm afraid it will be very difficult for me to poison her again."

"Then let's use another method to poison her." For the sake of his granddaughter, Tengtang Li had already thrown caution to the wind.

In the past, he was still a little wary of Zuo Yi.

However, ever since he had been removed from his position, he no longer had to fear Zuo Yi. Without his identity as a member of Parliament, he felt relaxed and no longer had to worry about anything.

Upon hearing this, Tengtang Xi turned her eyes. "Another method of poisoning?"

Chapter 678: To Steal the Sky and Replace the Sun

"No matter how many bodyguards she has, she has to go out at some point, right?"

How could a normal person not go out? As long as she went out, they would have the opportunity to poison her.

"But what's the use of just going out? We can't get close to her at all. Even if we get close, it will be under the watchful eyes of the bodyguards. How can we poison her?"

"The bodyguards by her side are all men. They can't follow her if she has to go to the ladies' right?" Tengtang Li's words made Tengtang Xi come to a sudden realization.

Immediately after, the corners of her mouth curled up into a sinister smile.

Then, she looked at Tengtang Li. "What kind of poison is it?"

Under the dim shadow, the two figures gradually walked together and whispered to each other, plotting everything...

"Oh, right, you should go back to C Country tonight because I think Shi Yuting has already begun to suspect my identity."

Tengtang Li frowned. "He suspects you? How is that possible?"

Though the real Li Chengcheng's figure was similar to that of his granddaughter, he had gone to great lengths to modify her body to match Li Chengcheng's as possible.

If even the Li family didn't notice it, how did Shi Yuting do it?

"I find it unbelievable too." She turned to look at her grandfather. "Grandfather, did you expose something by accident at the time?"

"That's absolutely impossible!" Tengtang Li concluded. "You also said that Zuo Weiyi saw you fall into the sea and get swallowed by the huge waves with her own eyes. When I saved you, the yacht she was on had long disappeared. Therefore, she definitely does not doubt your death!

"Then, I found Li Chengcheng's body from the wreckage. I investigated everything about her and let you become her. This matter is absolutely thorough and no one should be able to discover it!"

It was precisely because he had hidden Li Chengcheng's body at the time that the Li family could not find her. Therefore, they could not confirm her death and had been searching for her. Of course, some people thought that her body had been eaten by a shark, but when a brand new Li Chengcheng stood in front of them, with the same body, appearance, and voice, they had no choice but to admit that she had returned!

In order to not reveal any flaws to the Li family, he even made her pretend to have amnesia, that she only remembered her name as Li Chengcheng, her father's name as Li Ming, and the L Group as her father's business.

As long as she remembered these points, no one would dare to deny that she was Li Chengcheng!

Just like that, they succeeded in making the switch. Of course, this was all thanks to Li Chengcheng's insatiable uncles, who were bent on monopolizing L Group. They only made the switch even smoother.

"Why did Yuting question me then? Today, he suddenly asked me about the explosion of the oil tanker. I have a feeling that he has already noticed something." The more she thought about it, the more uneasy Tengtang Xi felt.

This time, she absolutely could not fail!

"Were you careless in front of him?"

"Absolutely not! I was so careful that even the Li family could not detect it. How could he, who had no contact with the Li family, see through the flaws?" Although she said this, Tengtang Xi was still a little uncertain.

Shi Yuting was too enigmatic. Sometimes, it was impossible to guess what he was thinking.

"Maybe Zuo Weiyi is a truly special existence that in order to get to the bottom of things, he will leave no stone unturned, including you."

Chapter 679: Trying Out Hypnotism

Tengtang Li speculated, "Just be careful from now. Since he suspects you, I can't stay here any longer!"

"You be careful too." Looking at her old grandfather, Tengtang Xi was a little worried.

“Don’t worry. Although Grandfather is no longer a member of Parliament, he still has his forces.” It was precisely because he had dark forces that this plan was set up flawlessly.

When his tall figure had walked out of the dark room, Tengtang Xi turned to leave.

These days, although Zuo Weiyi was able to fall asleep with the calming pill and no longer troubled by nightmares, she still often woke up in the middle of the night and did some inexplicable actions as if she was sleepwalking.

What Shi Yuting found strange was that it was only on the day she was at Di Zun that she did not have any troubles.

What was going on? Was it a coincidence?

He didn’t believe it.

He didn’t believe in ghosts and gods, much less that his villa had bad feng shui. Then what was the reason that caused her to have strange hallucinations here?

That morning, he called Zhong Shenghao over and told him that apart from being able to sleep a little more peacefully, there was not much improvement even with the pill.

Zhong Shenghao said, “Weiyi, I’m going to use a unique method to ‘treat’ you then. Are you ready?”

Zuo Weiyi looked at him. “You haven’t told me what method it is. How am I going to prepare myself?”

Zhong Shenghao blinked. “Sorry.

“I’m going to hypnotize you!”

Hearing this, Zuo Weiyi was stunned. She frowned slightly and looked at Zhong Shenghao with uncertainty. “Hypnotism?”

“Yes!”

She had heard of hypnotism in the past.

It was said that once the subject fell asleep, their psychological activities, including perception, emotions, thoughts, will, and behavior, could be accessed by the hypnotist’s words and actions.

‘Zhong Shenghao wants to see what I would do in a state of unconsciousness through this method?’

“Ahem, of course, I won’t ask about your...” Zhong Shenghao couldn’t help but glance at Shi Yuting. “what happens at night or the strength of a certain man—”

“Zhong Shenghao, do you believe that I’ll shoot you?”

Zhong Shenghao shut his mouth. He even lifted his hand to make a zipper on his mouth.

In order to not be affected by the outside world, they went to the study on the second floor. The soundproofing here was the best, so they couldn’t hear any sounds from below.

Soon, under Zhong Shenghao's hypnosis, Zuo Weiyi entered a state of subconsciousness.

"Tell me, what have you been thinking about and seeing recently?"

This was the first time Shi Nuannuan had seen witnessed such a scene. This sister-in-law was already asleep. Would she answer Brother Shenghao's question?

In the next second, Shi Nuannuan was surprised when Zuo Weiyi started to speak. "I miss my child. I always see someone trying to kill my child..."

"Your child?"

"Yes, I always see a child calling me... but I can't see his face, I can only hear his voice..."

"And?"

"And... my mother, I can always see her waving at me from not far away... I walk over, but she's getting farther and farther away from me..."

Chapter 680: Existing in Two Worlds

Translator: EndlessFantasy Translation **Editor:** EndlessFantasy Translation

"When did this happen?"

"A few days ago."

"Do you still remember why you went to the balcony and the swimming pool?"

"Because...the baby was calling me...my mother was calling me..."

"What was the most painful and unforgettable thing for you?"

Zuo Weiyi went silent for a while. "My child, my first child...I lost my first child...I watched my mother get hit by a car and die..."

Although she was sleeping, everyone could see the tears flowing down the corners of her eyes. They felt sad as they could understand her pain.

"Did you hear his voice?"

"Yes."

"Have you heard it before?"

"No."

"What do you like to do recently?"

Zuo Weiyi was silent for a few seconds again. Then, she said, "The fragrance of flowers..."

Zhong Shenghao's eyes turned cold. "The fragrance of flowers?"

"Yes, I like the smell of flowers from the window..."

“What about the past?”

“In the past... I like carnations, but recently, I like the smell of flowers...”

Zhong Shenghao looked at her quietly, as if he had noticed something.

With the snap of his fingers, the hypnosis ended and Zuo Weiyi woke up.

“Sister-in-Law, do you know that you spoke as you slept just now? It was amazing!”

As soon as she woke up, Shi Nuannuan couldn't wait to speak. Her black eyes sparkled.

Zuo Weiyi had no idea what Shi Nuannuan was talking about.

“Weiyi, have you been liking the smell of carnations in the yard lately?” Zhong Shenghao looked at her and asked tentatively.

Zuo Weiyi was confused by his words.

She thought for a moment. “I do like carnations, but I don't care too much about the smell of flowers.”

Although the fragrance of flowers from outside the window made people feel relaxed and happy, it was not to the point of liking it to such an extent.

“I like carnations because of my mother's influence. As for the smell of flowers, I don't care too much about it.”

“But just now, you told me that you've been especially fond of smelling them recently...”

She was startled.

Did she really say that just now?

She turned to Shi Yuting beside her and saw that he was silent. But his eyes were locked on her, tacitly agreeing with Zhong Shenghao's words.

“Moreover, your recent series of abnormal actions were all because you heard someone calling you, and... you saw your mother.”

His words shocked Zuo Weiyi once again, and even made her hair stand on end.

“I, I said that?” She was in disbelief.

Why didn't she remember any of this when she experienced it?

Zhong Shenghao nodded at her. “Yes!”

“But, but why...why don't I remember seeing my mother?” Although she once vaguely remembered hearing a child's voice, she always thought that it was a dream, so she never dared to confirm it.

“This is why you went to the balcony and the swimming pool, but you don't remember how you got there.”

Zuo Weiyi looked at him and asked tentatively, “You mean, I don't remember because those memories disappear when I wake up?”

Zhong Shenghao was silent for two seconds. "It's not really gone. It's just that... the you at that time and the you after waking up exist in two different worlds."
