

Kiss Me 701

Chapter 701: What Are You Going to Do?!

But at this moment, she couldn't care less about the pain in her knees. She only wanted to escape from this hell hole.

She had to leave this place!

She got up, dragged her tattered dress, and rushed to the entrance of the venue.

Shi Yuting had been watching from afar without interfering.

But then he handed the glass in his hand to the attendant, took a step forward and slowly walked toward the entrance of the venue. His face was cold and unforgiving. With every step forward, the people made way for him as they avoided him.

Tengtang Xi's heart was still filled with panic as she walked out of the venue. She stood in front of an elevator and pressed the button with all her might. Every passing second felt like a century. No matter how hard she pressed, the tightly shut elevator door did not open for a long time.

She was anxious. It was as if she could hear the sound of footsteps approaching from afar behind her. The sound of exquisite handmade leather shoes stepping on the floor was so terrifying and unsettling.

Damn it! Why hasn't the door opened yet?!

Finally, with a 'ding', the elevator door opened. She rushed in impatiently and pressed the buttons with all her might. She only hoped that the elevator door would close before Shi Yuting arrived!

As she pressed the buttons, she looked at the entrance of the venue with fear. In the next second, she saw an exquisite handmade leather shoe step out and then Shi Yuting's extremely cold face.

Her pupils dilated, and her face was horrified from fear. Fortunately, the elevator door closed quickly. It was not until the elevator had reached the first floor that the fear in her heart eased slightly, but she was still uneasy.

Tengtang Xi rushed out immediately the moment the elevator door opened, heading towards the hotel door!

In the dark night, neon lights shone bright. The city was clearly bustling, but it only gave her fear.

She reached out and flagged down a taxi before quickly entering it!

She couldn't go back to the Li family. At this moment, she didn't know where to go. She had to quickly inform her grandfather!

However, she had left her bag at the venue. She was currently penniless!

Tengtang Xi seemed to have overlooked one thing.

She had just sat in the back seat and didn't say where she was going, but the driver had already started the car and was driving.

When the taxi drove out of the city, Tengtang Xi suddenly came back to her senses. She looked out of the window. The lights in the city had long faded far behind the car.

“Where is this?!” She started to feel uneasy.

Through the rearview mirror, she saw the wretched look of the driver.

“Who...who are you?!”

The driver took off the cap on his head and the car stopped. Tengtang Xi impatiently got out of the car, wanting to escape.

However, when she got out of the car, she found that this was a road with few people.

Realizing that she had been tricked, she wanted to run away. But then a few figures walked out from the shadows in front of her and blocked her way.

Fear crept back into her heart as she looked at the figures, terrified.

She retreated only to reach the driver.

“What...what are you up to?” The dagger in her hand was still there. She raised it, wanting to defend herself.

However, dealing with such a small dagger was a piece of cake for the men.

Chapter 702: Guaranteed to Make You Feel Good!

These were the few felons who had escaped from prison a few days ago. They had spent more than ten years in prison without the touch of a woman. And they were sent to prison the crime of rape!

“Not bad, such a top-notch product has presented herself to us. This will be great!” One of the men had oily hair and a pair of lustful eyes darting back and forth on Tengtang Xi’s body, especially that faintly discernible, seductive cleavage!

The man swallowed his saliva and seemed to be a little impatient. Especially after seeing Tengtang Xi’s seductive body, the area below the man’s abdomen was already obvious!

Each of their faces was filled with lust. Even a fool could tell what they were going to do to her!

But, where did these people come from? From their clothes or looks, they just made her feel extremely disgusted, as if she had just walked out of a slum.

“Don’t come any closer!” She raised her dagger and warned!

However, those felons did not have any intention of stopping.

The beauty in front of them was just enough to make up for the loneliness and emptiness they had suffered in prison all these years.

To be honest, among the women they had raped in the past, there had never been such a top-notch beauty. Moreover, the way she was dressed at the moment, it was simply tempting them to commit a crime!

“Miss, as long as you behave yourself, we promise to let you have a great time! Maybe even when we want to stop, you won’t even...” The man stroked his chin with one hand as he stared at Tengtang Xi’s cleavage with his lecherous eyes. He seemed reluctant to look away and kept swallowing his saliva.

This was a real f*cking pair of breasts!

The more the man looked at it, the more aroused he felt!

“Hey, have you forgotten the order Mr. Shi gave us?” One of them reminded him.

Their mission wasn’t to let the woman in front of them have a great time, but to make her suffer so much that she wished she was dead!

That’s right. They had just escaped when they ran into Shi Yuting, one of the most influential figures in Z Country. They had heard that his other identity was the president of C Country, so they had thought that they would be sent back to prison. Who knew that he would negotiate an agreement with them?

As long as the condition was fulfilled, he would pretend he had never met them.

They just had to rape a woman but did not know what kind of deep enmity this woman had with him.

“I’m warning you, don’t come over! Get lost!” Tengtang Xi roared, her heart filled with incomparable fear. At this moment, four to five men had already surrounded her, and there was no way out.

She had never been in such a sorry state before. Even though she had been publicly rejected by Shi Yuting in Z Country last year, that could not compare to the humiliation today.

She was the eldest daughter of the Tengtang family. She had grown up with a golden spoon in her mouth and was the apple of her family’s eye. How could she be tarnished by this group of things that were worse than dogs!

However, her words did not work on those men. Instead, they kept pressing forward, and in an instant, they had already arrived in front of her.

She raised the dagger in her hand, intending to ruthlessly stab one of the men. However, in the next second, she only felt a wave of pain on her wrist. Then, with a ‘clang’, the dagger fell to the ground.

“She’s feisty! She’s mine!”

Chapter 703: I Can Give You a Lot of Money!

Her resistance was like playing hard to get to the men, teasing the evil in their bodies even more!

As she struggled, the torn evening dress on her body slid down her fair and smooth body, revealing her bare body!

“Ah! Let go of me! Let go of me!” Her hands were controlled by a man. All she could do was watch her evening dress slide down.

The more she wanted to break free, the more her body twisted. This action could only made the men gulp. They couldn’t wait any longer.

Such a proud figure would be so satisfying! The more they thought about it, the hungrier the men looked.

One of the men had already reached out his hand impatiently for Tengtang Xi's fair and proud chest.

Feeling the coldness on her chest, Tengtang Xi froze as if she had been electrocuted. Her eyes widened in disbelief that she would be trampled by these hooligans today!

She regained her senses and continued to struggle. She started to plead, "Ah! Please... let me go. I can give you a lot of money! Let me go...Please let me go!"

Touching her proud figure, the man had long lost his rationality. All he wanted was to taste the woman in front of him.

"Please let me go. I can give you a lot of money...really, you can have any kind of woman you want..." She begged, but the man's hand had already slowly moved down from her upper body towards her fair long legs!

The other men watched, seemingly impatient. However, the first one to go could only be their boss, and they had to wait for their boss to finish enjoying himself before it was their turn.

The intense pain was unbearable for her. She was pressed to the ground by the man, and her back was torn and bleeding.

However, before Tengtang Xi could catch her breath, another man had already taken off his pants impatiently and pressed down on her again..

Tengtang Xi was so devastated that she could no longer scream. She looked as if she was dead as she stared at the dark night sky with empty eyes.

However, the intense pain continued.

Under the dim light of the quiet street lamps, a luxurious black car slowly approached.

The car stopped not far away. The man in the back seat remained indifferent and cold.

In the driver's seat, Xiangyi watched from afar. He was indifferent as well.

More than an hour later, Tengtang Xi, who was lying on the ground, had long been destroyed beyond recognition. She seemed to have fainted as she lay motionless. Her upper body was naked, and her lower body was covered by a tattered evening gown.

Chapter 704: Are You Satisfied?

After the men were done, they walked towards the luxurious black car with satisfied expressions on their faces.

However, when they felt the threatening cold air emit from the car, the satisfaction on the men's faces was replaced by fear.

“Well, Mr. Shi, the things you asked us to do have been done. Are you satisfied?” The leading man stepped forward and said to the pitch-black window humbly. He knew very well that Shi Yuting was sitting in the car.

In the back seat, Shi Yuting raised his eyes slightly and looked at Xiangyi.

Xiangyi received the orders just from the look of Shi Yuting’s eyes. He opened the door and got out of the car. He walked toward the figure lying on the ground not far away.

After giving her an indifferent glance, he turned around and returned to the front of the car. He nodded at Shi Yuting who was inside.

“Give them the money.”

Xiangyi nodded and opened the door of the passenger seat. He took out a box with five million dollars in it.

“Take this money and disappear.” A cold voice came from inside the car.

Xiangyi opened half the box and let the men take a look before closing it again.

It was the first time they had seen so much money. The men’s eyeballs almost fell out.

“Thank...thank you, Mr. Shi!” The leader of the men looked grateful as he took the money.

“Remember that you are felons, so it’s best for you to stay away from this country!” Xiangyi handed the money to them, then turned around and went back to the driver’s seat.

The man took the money, but he didn’t know what to do with Tengtang Xi, so he couldn’t help but ask, “Mr. Shi, what should we do with that woman?”

“You can continue, but I don’t want her to live through tonight.” A cold voice came out from the car again, and the men quickly nodded.

“Yes, yes. I promise I won’t let her live through the night.” They would bring her back later and play with her slowly!

“In order to show your sincerity, I want to see her body first thing tomorrow morning.” This time, he would not let her have any chances of survival, even if it was one in ten thousand!

The leader, paused for a moment, then immediately understood. “Yes, sir. I understand what you mean.”

After they had played with that woman to death, they could just toss her body to a place and wait for someone to discover it.

“If I don’t see the result I want, your fate will be even worse than returning to prison!”

His words caused everyone’s body to tremble. It was as if they had fallen into an ice cellar in an instant.

“Yes, yes, we understand!”

“Scram.”

A few men carried the money and took the unconscious Tengtang Xi away before leaving in a panic.

The few figures gradually disappeared into the night. Xiangyi couldn't help but ask, "Sir, why didn't you just kill them instead of giving them money?"

After all, they were felons. It would be fine even if they were killed.

If they were to expose everything that had happened today, it would have an extremely bad impact on Yuting.

"Even if I don't kill them, there will be others who will."

Xiangyi was stunned. He looked at Shi Yuting's expression through the rearview mirror and did not understand who he was referring to when he said 'others'.

"Tomorrow morning, Tengtang Li will definitely know that something has happened to his precious granddaughter. When that time comes, do you think I need to make a move?" Shi Yuting raised his eyes and looked at Xiangyi in the rearview mirror.

Xiangyi was stunned for a few seconds when he met Shi Yuting's bone-chilling gaze before he came to a realization.

Chapter 705: Have You Ever Heard of a Saying?

'So you want to use Tengtang Li to deal with those felons?'

"But if that's the case, wouldn't they reveal that you instructed them to do this?" Xiangyi couldn't help but worry.

'If Tengtang Li found out, wouldn't it directly damage your reputation?'

"What kind of criminals are they?" Shi Yuting looked at Xiangyi and suddenly asked.

Xiangyi was stunned and replied, "Rapists."

Shi Yuting looked at him and did not say a word.

Xiangyi came to a realization once again.

If Tengtang Li knew that his granddaughter was raped to death by such people, his anger would prevent him from further questioning.

"Then what about the money? Isn't it a waste?"

Although His Excellency had a lot of money, wouldn't it be too wasteful to just throw away five million USD?

"Have you ever heard of a saying?" Shi Yuting suddenly asked.

Xiang Yi was stunned. "What saying?"

Shi Yuting stared at him and lightly spat out a few words. "The rich are willful."

His Excellency, you're really too willful!

“Didn’t you say last time that Tengtang Li suddenly disappeared?”

The car slowly started and drove away. Shi Yuting suddenly spoke again.

Xiangyi paused for a moment and then said, “Yes, it was my mistake.”

Tengtang Li seemed to know that he was being watched. Just when their people were not paying attention, he managed to escape. Now, it would be even harder to find his drug trafficking hideout.

“Tomorrow morning, I’ll give you a chance to make up for your mistakes,” Shi Yuting said.

Xiangyi was stunned for half a second.

Make up for his mistakes?

From the rearview mirror, Xiangyi looked at the man who was like an emperor, and he suddenly realized something.

That’s right. As long as he released the news about Tengtang Xi, Tengtang Li would definitely come to Z Country. Then, wouldn’t it be enough to wipe him out in one fell swoop?

‘It turns out that Your Excellency’s millions of dollars were not wasted.’

The car slowly drove to Shi Mansion. When it arrived, it was already ten o’clock in the evening.

Zuo Weiyi was lying in bed but she wasn’t sleepy at all.

She turned and looked at the huge crystal clock on the wall, which just happened to point to ten o’clock sharp.

The door of the room suddenly opened. When she heard the sound, she turned and saw Shi Yuting walk in.

When he entered the bedroom, the lights were still on. Shi Yuting was a little surprised.

Usually, she would be fast asleep at this hour.

“Why aren’t you asleep yet?” He walked to the bed, and Zuo Weiyi had already sat up.

Staring at her pitch-black pupils, his gentle voice rang out.

“I was waiting for you.” Though simple, her words meant that she had something to say to him.

He glanced at her and smiled gently. “I’ll take a shower first.”

As he spoke, he caressed her silky hair and turned around to walk to the cloakroom. He took out his nightgown and went back to the bathroom.

The sound of running water could be heard. When he came out again, it was already twenty minutes later.

Shi Yuting jumped into bed and hugged her in his arms.

“What do you want to ask?”

“How is Tengtang Xi now?”

As a woman, seeing her in such a sorry state at the venue with her cleavage revealed in front of so many people and media reporters made her feel a little sympathetic. But when she thought about how she had killed her first child and how she had humiliated her mother on her wedding day, the trace of pity and sympathy in her heart disappeared.

“Did you see the news?” His long, narrow eyes slowly looked down at her delicate face.

Chapter 706: To Pay for Our Child with Their Lives

She nodded. “Yes.”

He must have intentionally arranged for the media and reporters to beat up Tengtang Xi. Otherwise, a simple company’s anniversary party wouldn’t be so grand.

“It was revenge for our child.” He looked out of the pitch-black window with a deep gaze that was cold and ruthless.

She looked up at his exquisite jawline. Even if she did not answer him directly, she already knew the answer.

“Ah.” Just as she was deep in thought, a sudden pain came from her abdomen. She let out a low cry, which frightened Shi Yuting quite a bit.

“What’s wrong?” He moved away slightly and carefully observed her sudden change in expression.

Zuo Weiyi raised her head and smiled at him. “Nothing. It seems that one of the babies is kicking me again.”

As time passed, her belly was getting bigger and bigger, and the fetal movements were becoming more and more obvious.

“They’re so naughty. I’ll definitely give them a good beating when they come out,” Shi Yuting said seriously as he stared at her bulging belly.

Zuo Weiyi, on the other hand, was stunned.

She retorted, “No, you can’t!”

“What?” How could he not beat his own children?

“They’re so young. How can they be treated with violence?”

“Their father had been started in all kinds of training when he was five years old. I don’t know how many punches he took and how many times he got injured.”

His words surprised Zuo Weiyi.

Did he really receive training at such a young age?

Apparently, he was forced to leave his mother’s embrace when he was four years old to come to a completely unfamiliar family. Did he start all kinds of training when he was five years old?

One could imagine how much pain he had suffered when he was young.

The atmosphere became a little emotional. Zuo Weiyi suddenly hugged him and pressed her face against his chest. She did not say anything and just listened to his heartbeat quietly.

Shi Yuting was stunned by her initiative to throw herself into his arms at first. Then, he flipped her over and let her lie in his arms. He looked down and said, "Since Miss Zuo is so proactive, and it doesn't seem right for me to not respond at all."

Zuo Weiyi was stunned and blinked her dark eyes.

"Wha—?"

Before she could come back to her senses, the man's sexy and domineering lips covered her pink lips and sucked gently.

No way, did he want to...

Although the doctor did say that they could sleep together, it had only been about half a month since they last did it. And now again?

She was still more worried about the babies. If she did this too often, would it hurt the babies in her stomach?

"Shi...Shi Yuting..." She pushed him away, wanting him to stop.

"Call me hubby."

"Hubby, I..."

"I know you want to..."

Which part of her wanted to?

"No..."

"Don't stop?"

How can you still speak properly?

Just as she was about to continue refuting, Shi Yuting had already deprived her of the opportunity to speak. His sexy thin lips pressed against her once again, savoring the familiar taste in her mouth.

And every time, under his overbearing yet gentle teasing, Zuo Weiyi would end up shutting her mouth obediently and enjoy the 'love' he gave her.

...

The next morning.

It was unknown whether it was because of her mood or because the weather today was indeed very good, but she felt really good on this particular morning. The wind was gentle as the breeze blew into the windowsill, bringing a trace of the morning coolness.

When Zuo Weiyi woke up, the man beside her was no longer there.

Chapter 707: Shocking News!

She got out of bed, put on her pajamas and slippers, and walked into the bathroom to wash up.

After washing her face, she came out and saw that the clock on the wall was pointing to eight o'clock.

It was late.

Downstairs, she had just walked into the living room when Shi Nuannuan quickly got up and pulled her to the sofa.

Shen Lanzhi, who had just walked out of the kitchen, could not help but feel nervous when she saw Nuannuan pulling Zuo Weiyi too quickly.

“Nuannuan, Weiyi is pregnant. Don't pull her like that!”

Shi Nuannuan only reacted after hearing her mother's words. She immediately slowed down her footsteps and became more gentle towards Zuo Weiyi.

“What's wrong?” Seeing her reaction, Zuo Weiyi was a little puzzled.

Shi Nuannuan pointed at the television as she sat down. “Look, many news channels are broadcasting early in the morning. Tengtang Xi's body has been found in a desolate countryside!”

Hearing this, Zuo Weiyi followed her gaze and looked over. Indeed, the name 'Tengtang Xi' was marked at the bottom of the television screen.

She recalled what Shi Yuting had said last night: “Revenge for our child.”

On the television, everyone was speculating the cause of death and how her body had appeared in this desolate countryside.

However, the police later revealed that the deceased had been raped to death by Gang J. Besides that, there was no other cause of death.

On the sofa, Shi Nuannuan couldn't help but drool. Raped to death. Although this method of death was cruel, it was all Tengtang Xi's own fault. She deserved it!

It was her own fault for being so ruthless, wanting to kill her sister-in-law time and time again! Compared to what she did to her sister-in-law, this method of death was simply too easy for her. In the end, she was imprisoned and tortured to death overnight!

However, she was a little curious. Yesterday, her brother had brutally humiliated her at the cocktail party. Later on, the news mentioned that she had escaped. This morning, she was raped to death and her body was even thrown in the wilderness. Was her brother behind this too? Or did she coincidentally meet some hooligan after escaping?

After all, if she went out like that, any man with a little bit of lust wouldn't be able to control himself, right?

Moreover, after her fake identity was exposed by her brother, she definitely wouldn't be able to return to the Li family either, so she would definitely find a place to hide.

"Sister-in-law, do you think my brother did this?"

"What?" Zuo Weiyi quickly turned her head, as if she had misunderstood the meaning behind Nuannuan's words.

Shi Nuannuan blinked her big eyes, not realizing that there was anything wrong with her words.

"I said, did my brother do this?" She pointed at the news on the television and repeated herself.

Zuo Weiyi looked at her and was stunned for a moment before she finally reacted.

"You mean, Tengtang Xi's death?"

"That's right. Otherwise, do you think..." Shi Nuannuan paused and instantly realized something. She burst into laughter. "Oh my, how could THAT be possible? Let me tell you, the woman that my brother slept with in his life—"

Realizing that her choice of words was wrong, Shi Nuannuan quickly changed her words. "Uh, I mean the women my brother have slept with in his life—"

That didn't seem right either.

Shi Nuannuan finally found a more civilized choice of words. "The only woman my brother has ever slept with in his life is definitely you, Sister-in-Law!"

"How do you know?"

Even if Shi Yuting had slept with those women, he shouldn't have told Nuannuan, right?

"I'm definitely sure! When my brother was in university, he had a girlfriend, Jing Xinlei. But I heard that they never even kissed. After that woman left, my brother had never been in contact with any women. Moreover, haven't you heard of the rumor before? That my brother doesn't get close to women?"

Chapter 708: His Lust Is Unmatched.

After saying that, Shi Nuannuan stared at her.

Zuo Weiyi lowered her eyes and could not help but think, a man like Shi Yuting had never kissed before? Was that possible?

But it didn't seem right to not get close to women, did it?

She stared at Nuannuan. "What do you mean by not getting close to women? His lust is unmatched."

As she spoke, she stood up and planned to go to the dining room for breakfast.

On the sofa, Shi Nuannuan was in a daze.

Unmatched lust?

When Zuo Weiyi stood up, she saw Shi Yuting suddenly appear on the stairs.

She paused and her entire body froze.

Strange, shouldn't he be out already?

On the stairs, the man also stopped in his tracks. His pair of jet-black jade-like eyes stared straight at her, making her feel a little guilty and flustered!

After more than a year of understanding, she realized that every time Shi Yuting punished her, it was the same way! On the bed!

The time and place never changed! At night, in the bedroom!

"It's time for breakfast." Shen Lanzhi's voice came from the dining room door.

Coming back to her senses, she looked at the man and realized that he had unknowingly arrived in front of her.

"Let's eat." She turned around as she spoke.

"Wait."

His deep voice sounded from behind her, causing her to straighten her back and panic in her heart.

"Just now, who did you say was unmatched?"

She looked up with her bright eyes. "Uh... I was talking about myself!"

The man narrowed his eyes. "Yourself?"

"Yes, I told Nuannuan that I lectured you every night!" As soon as she said that, she immediately regretted it!

Why did such shameless words come out of her mouth.

"That's true." After saying that, he walked towards the dining room.

Zuo Weiyi was still in a daze for a moment

It was not until Nuannuan walked past her and let out a low laugh that she came back to her senses.

He actually said that it was true?

When did she seduce him every night?!

Seriously, shameless!

...

After breakfast, Shi Yuting was rarely at home since it was the weekend.

Even when he was home, he rarely had time to relax. After dinner, he went to the study on the second floor. It seemed that he had endless things to deal with.

Zuo Weiyi sat on the sofa and suddenly remembered that she was going to the hospital to do a 4D color Doppler ultrasound next week. Apparently this examination could determine whether the baby in her stomach was healthy or not, and it could also determine the sex of her babies.

Initially, she did not care whether about their sex. However, when she thought about what Shi Yuting had said—that a boy and a girl would be fine—she became a little curious.

Was she pregnant with boys or girls?

Moreover, from the very beginning, Shi Yuting had hoped that one of them would be a boy. This way, even if he had an older or younger sister, the boy would protect her from bullies.

Speaking of this question, she suddenly remembered that Shi Yuting did not want a second child.

If this child was a girl and he wished to have a son, then wouldn't they still have to have a second child? But he denied it and said he didn't want a second child. What was he thinking in his heart?

It shouldn't be related to whether they could afford another or not, and there shouldn't be an issue with her ability to get pregnant again. So why didn't he want it?

She had asked him this question before, but he refused to answer her directly.

Could it be that he had something he couldn't say?

She let her imagination run wild and unconsciously fell asleep.

Chapter 709: Madam Seems to Have Gained Some Weight.

When she woke up again, it was already noon and she felt a little hungry.

Recently, she seemed to be hungry even before meal times.

Xiangyi walked in from the main entrance.

When he saw Zuo Weiyi sitting on the sofa, he greeted her respectfully.

"Young Madam."

Zuo Weiyi turned around when she heard the voice and saw Xiangyi walking straight to the second floor. He should be going to Shi Yuting's study.

In the study, Shi Yuting had just finished a video conference with C Country.

At this moment, there was a knock on the door.

"Come in." It seemed that he already knew that the person outside was Xiangyi.

Xiangyi opened the door and walked in. When he saw him, he nodded respectfully and then said, "Sir, as you expected, Tengtang Li did come and shoot those felons, but..."

Shi Yuting's eyes darkened when he heard Xiangyi's hesitation. He frowned and waited for Xiangyi to continue.

Xiangyi looked troubled, "Just as we were preparing to annihilate Tengtang Li in one fell swoop, Shi Tiannan suddenly appeared. We were caught off guard. In the end, they managed to escape. It seems that the two of them are colluding to deal with you together."

Shi Yuting's slender fingers lightly tapped on the office desk. He looked deep in thought.

The last time he went to C Country, he was prepared to deal with Shi Tiannan and Xiao Yayue. However, it seemed that he had underestimated their powers, and he had escaped.

After that, because of Weiyi, he had no choice but to give up and rush back to Z Country.

During this period of time, Shi Tiannan disappeared without a trace to help Tengtang Li deal with Yuting?

Very well!

"Where's Tengtang Xi?" He sounded as if he didn't care about the matter between Tengtang Li and Shi Tiannan for the time being.

"Her body was taken away by the police. I've checked it, and there's no doubt that it's her," Xiangyi replied.

"Go investigate, we must find out their whereabouts." Shi Yuting stood up.

Shi Tiannan was already a bit troublesome from the beginning. If he and Tengtang Li joined hands again, it would definitely be a threat to him, so he had to deal with them immediately!

"Yes!" Xiangyi nodded. When he raised his head again, Shi Yuting had already walked out of the study, and he hurriedly followed him.

...

At night, Zuo Weiyi had nothing to do after showering. Just as she was about to go downstairs to watch some television, the door suddenly opened and she saw Shi Yuting walk in.

"Are you...done with your work?"

"Not yet." When he walked into the bedroom, he reached out and wrapped his arms around her waist. "Madam seems to have gained some weight."

She was stunned. Had she really gained some weight?

Although she had felt it during this period of time, she could not help but start to care about it when he said it out loud.

After all, it was every woman's nature to be beautiful. Although she had never thought of dressing herself up every day to be gorgeous and devastatingly beautiful, she still wanted to be naturally beautiful.

It had only been less than a month, right? She had obviously gained weight. In the next few months, if she did this every day, would she become as fat as a pig?

"Really, am I that fat?" She asked carefully though obviously concerned about this matter.

He looked at her. "Yes, a little bit, but I like it."

She frowned. There was obvious doubt in her eyes. "You like it?"

Men should like beautiful women, right?

Although she didn't think that she could be considered a goddess, she could still be considered a beauty. If she became as fat as a pig, would he really not despise her?

Chapter 710: As Long as I Don't Dislike It

Even if a man could like you not because of your appearance, she was still a little worried. If she really became fat like a pig, would Shi Yuting still like her?

"Because... a little bit of fat would make it feel more comfortable."

She stood rooted to the ground and watched in a daze as he walked to the bedside table, took out something that looked like a flash drive, and walked back.

After he left, Zuo Weiyi stood in front of the full-length mirror and repeatedly looked at herself. She seemed to have really put on weight, and it was obvious that she could pinch her chubby cheeks.

She let out a breath of frustration and then went downstairs in a low mood.

She watched TV with Nuannuan until it was already 9:40 P.M. in the middle of a second episode.

In the past, she would never have been able to last until now before going upstairs to sleep. However, tonight, she did not feel sleepy at all.

Shi Nuannuan was also a little surprised. Usually, after watching an episode of a TV series, she could not stand it anymore and went upstairs. However, today, she was still watching it.

"Sister-in-law, aren't you sleepy today?"

"No."

However, it was indeed very late. It seemed that sleeping early was good for the baby in her stomach.

Thinking of this, she wanted to get up and go upstairs.

"Then I'll go get some food!" Late at night, having a fruit platter while watching TV would be perfect.

As she said this, Shi Nuannuan had already gotten up and walked into the kitchen. She took out a few fruits from the fridge and prepared a platter.

Although she didn't know anything about cooking, she was very talented in art. Her simple platter looked so cute and beautiful that people were reluctant to eat it.

Seeing Nuannuan put the fruits of different shapes into her mouth, Zuo Weiyi started to get a little hungry. But if she really ate, wouldn't she turn into a pig?

Why was she so hungry?

In the past, she didn't have the habit of eating supper.

But in the end, she couldn't help but finish the platter of fruits with Nuannuan.

After eating, the TV series ended.

When she returned to the bedroom, she could not help but stand in front of the mirror again and look at it repeatedly.

The door opened again.

Shi Yuting walked in and found her standing in front of the mirror.

"Why aren't you asleep yet?" He asked with a frown. Usually, she would have fallen asleep by now.

Seeing him return to the room, Zuo Weiyi was stunned.

Then, she walked to the bedside as if nothing had happened, lifted the quilt, and lay on the bed. "I was just about to."

Shi Yuting glanced at her and did not say anything else. Instead, he went to the cloakroom to get his bathrobe and went straight to the bathroom.

When he came out again, it was already more than twenty minutes later.

On the bed, although Zuo Weiyi had closed her eyes, she could not fall asleep.

Seeing him lying down, she could not help but raise her head. "Have I really... gained weight?"

Shi Yuting narrowed his eyes and carefully observed her expression.

Was this the reason why she had not slept yet?

The image of her standing in front of the mirror earlier flashed across his mind. It seemed that she was very concerned about this matter.

"It's good that you've gained weight. You were too skinny before." He pinched her face. In fact, her weight gain had made her a little prettier than before.

However, she did not realize this.

"But, what if I gain weight and become a pig?"

"Well, then it's good that I won't dislike it." He indeed pursued the best in many things and couldn't tolerate even the slightest flaw. However, she seemed to be the only one he couldn't dislike no matter what. "Moreover, I enjoy you more with the additional fat."
