

Kiss Me 741

Chapter 741: Being Served Like an Empress

When she went downstairs, she saw Shen Lanzhi and Nuannuan sitting on the sofa.

“Weiyi, you’re awake?” Shen Lanzhi stood up.

Hearing this, Shi Nuannuan also shifted her gaze from the television to Zuo Weiyi on the stairs. She called out, “Sister-in-law!”

“How have you been recently? Are you feeling unwell?” Shen Lanzhi walked over and was concerned about her every move. She reached out and helped her sit down on the sofa.

Zuo Weiyi felt that she was really like an empress now. She was not used to Shen Lanzhi being so careful to serve her every day.

“Mother, you don’t have to be so careful,” she said with a smile. She was really not used to being served by an elder.

Unexpectedly, Shen Lanzhi glanced at her, “How can I not be careful? You’re in a critical period now. Whether it’s you or the babies in your belly, you’re our national treasure now. You’re a first-class protected object. Of course, you have to be careful. What if something happens to you?”

“It’s not that easy to have an accident...” Zuo Weiyi said, but Shen Lanzhi’s words warmed her heart.

“Why not?” Shen Lanzhi pouted and pointed at her injured hand. “What about this?”

Looking at her bandaged hand, it was fortunate that it wasn’t dead. What if something really happened to her?

Zuo Weiyi also looked at her injured hand.

This injury was caused by Jing Xinlei, but she couldn’t say it out loud, so she could only keep quiet.

“Believe me, I’m not wrong. Mother has already given birth to two children, so how could she not know better than you?” Shen Lanzhi spoke again.

She also knew that younger people such as Weiyi and Nuannuan nowadays dislike being nagged at and restrained so she decided to explain.

“Nuannuan was premature for a month because I accidentally bumped into the kitchen counter when I was cooking.”

Shen Lanzhi still had lingering fear when she thought about the birth of Nuannuan.

Zuo Weiyi and Shi Nuannuan were both surprised and shocked.

“Premature delivery?” This word was unfamiliar to Zuo Weiyi and Nuannuan.

Shen Lanzhi nodded. “Yes, I was scared to death back then.”

When she was pregnant with Nuannuan, she was still alone and her relationship with Shi Xiaotian had not been made public. Although he had already divorced Xiao Yayue at that time, Shi Le had never accepted her existence.

At that time, Shi Xiaotian was under Shi Le's control and could not see her all the time. It was not until Shi Le went abroad for a week that he had the chance to bring the six-year-old Shi Yuting to see her. He knew that she had missed her son.

It was also at that time that she became pregnant with Nuannuan.

When she knew that she was pregnant again, she moved away from her residence. It was because she was afraid that her second child would be snatched away by the Shi family.

She disappeared for a year. Every time she missed her son, she would go to his school and secretly watch him from afar. Just like that, she gradually left Shi Xiaotian's world.

It was only when she was eight months pregnant with Nuannuan that she was sent to the hospital by her neighbors. By the time she woke up, Shi Xiaotian was by her side, Nuannuan had already been born and she had been transferred from the ordinary ward to the VIP ward.

She did not know how he had found her, but the thing that she was afraid of had finally come.

Shi Le had brought Nuannuan to the Shi family. He said that she was the blood of the Shi family and could not be allowed to wander outside.

At that moment, she was almost in despair. However, when she was discharged from the hospital, Shi Le had gone easy on her and allowed her to see the siblings any time she wanted.

Chapter 742: Buying a Gift to Meet the Grandchildren for the First Time

To her, this might be charity, but she was grateful.

It was better to see her daughter once than never.

For the sake of her two children, she found a job. She never thought that she would one day be accepted into the Shi family.

"Mommy, why haven't I heard you mention this before?" Shi Nuannuan chewed on an apple. This was the first time she had heard her mother mention this.

Shen Lanzhi did not want to bring up the sad matter. She smiled and said, "I didn't think it was necessary, so I didn't mention it."

As she spoke, her gaze fell on Zuo Weiyi's face once again. "That's why I said that you're in a critical period right now. If you were to bump into something, it would be very easy for both you and the babies to get into trouble."

After hearing what she said, Zuo Weiyi finally understood the importance of this matter.

"Alright, I understand."

The two of them looked at each other and smiled.

Shi Nuannuan sat there the entire afternoon. She was almost bored to death!

She had originally planned to go out for a while in the afternoon, but after thinking about it, she realized that it was too boring to go shopping alone. She wanted her mother to go with her, but she was worried about leaving her sister-in-law alone at home. There were obviously maids around, so she did not know what she was worried about.

Grandpa had gone fishing with his good friends. So other than the maids, only the three of them were at home.

“Mommy, let’s go shopping.”

Seeing that Zuo Weiyi had woken up, Shi Nuannuan suggested again.

During this period of time, her sister-in-law hadn’t gone out, so she was bored.

“Why are you still thinking about shopping?”

“I’m bored. Let’s go! Let’s go! Didn’t you say that you wanted to prepare a gift for the two babies?”

Hearing Nuannuan’s words, Shen Lanzhi suddenly remembered that the babies were already more than seven months old. They would be born in more than a month, and she had yet to choose a gift for the two babies.

This was the first time she had given a gift to her grandchildren, so she naturally had to choose carefully.

Thinking of this, she couldn’t help but want to go out and take a look, but at the same time, she was a little worried about Zuo Weiyi’s body.

Seeing her gaze fall on her body, Zuo Weiyi realized it and quickly said, “I’ll be fine!”

She was a little impatient because she also wanted to go out and take a walk.

Ever since she was pregnant, she had not gone out more than once a month. If this continued, she felt that she was going to go moldy.

“Oh, Mommy, it’s okay. If you’re really worried, we’ll call brother and ask Xiangyi to come over and protect us!”

“Don’t!” Upon hearing Nuannuan’s words, Zuo Weiyi hurriedly stopped her.

If Shi Yuting found out, he would definitely not allow her to go out shopping.

In fact, she still felt that they were making a big fuss out of nothing.

In the past, when she went out shopping, she often saw some women on the streets with their bellies puffed out. Weren’t they all fine?

“Then, let’s go shopping and come back quickly.” Shen Lanzhi looked at her daughter-in-law and then at her daughter, seemingly in high spirits.

“I agree!” Shi Nuannuan raised her hand, expressing her agreement!

Thus, the trio went out to a large shopping mall.

Because there were many people on the streets, and the weather was hot, they did not dare to take Weiyi anywhere else.

The shopping mall operated internationally famous brands, and the customers were all people of a certain status, so there were not many people, but the items were very expensive.

Zuo Weiyi remembered this place and subconsciously glanced at the ring on her ring finger. Shi Yuting had brought her here last time, and the items were indeed very expensive.

“What gift should I buy...” Shen Lanzhi had a hard time deciding as she looked at the expensive jewelry on the counter.

Chapter 743: Fighting for the Bracelet

After all, this was her first time choosing a gift for her grandchildren, so she didn't know what to give them.

She had asked some socialite wives who were on good terms with her. If she wanted to give them clothes or toys, it would be too simple. It would be best if she chose something like gold jewelry.

There were two babies, so she had to choose two different ones.

“Hey, Mommy, how about this one?” Shi Nuannuan's sharp eyes were attracted to a piece of golden lock, and she felt that it was quite elegant and cute.

Shen Lanzhi and Zuo Weiyi followed her line of sight and also found that the golden lock was extremely exquisite and unique.

“Take this out and let me have a look,” Shen Lanzhi said to the salesperson at the counter.

The salesperson carefully took out the golden lock, but Zuo Weiyi caught a glimpse of the price on it and couldn't help but widen her eyes!

Such a small golden lock, with no other gold, diamonds, or gemstones on it; it was just a pure gold lock, but it cost more than a hundred thousand. This was too expensive!

“Doesn't it look good?!” Holding the Golden Lock, Shen Lanzhi looked at Zuo Weiyi and Shi Nuannuan.

Zuo Weiyi nodded. It did look good, but it was too expensive.

However, to the Shi family, a hundred thousand yuan was just a drop in the ocean. It seemed that she had to get used to their way of spending so that she could get used to her identity as ‘Mrs. Shi’!

“Nice! We'll go with this!” Shi Nuannuan also agreed. She was already imagining the image of the little golden lock on one of the babies!

“Help me wrap them up.” Shen Lanzhi said with a smile to the salesperson.

“Okay.”

“I have to choose another one.” Shen Lanzhi lowered her head again and searched for the second gift for her grandchild.

“Yes, sister-in-law has two babies in her belly.” Shi Nuannuan also quickly lowered her head and scanned the gold jewelry on the counter.

This time, the three of them locked their eyes on a pair of small gold bracelets at the same time.

“Hey, this gold bracelet looks pretty good,” Shen Lanzhi muttered and was about to ask the salesperson to take it out for her to take a look.

“Please take this out for me to take a look.”

“You, take out that bracelet for me to take a look!”

At this moment, a voice suddenly came from the other side almost at the same time as Shen Lanzhi’s voice.

Hearing the voice, the three of them turned around and saw a middle-aged woman appear beside them. Her hands and neck were adorned with gold jewelry, making her look very wealthy. The woman and Shen Lanzhi looked at each other.

However, her way of showing off her wealth was too much!

Looking at her hands, six out of ten fingers were wearing different jewelry rings, and her wrists had either jade or gold bracelets. She was indeed very rich!

Seeing the two of them speak at the same time, the salesperson was a little embarrassed and didn’t know who to show it to first.

Almost all of the people who came here were rich. Although the three of them didn’t look rich, the noble temperament they exuded could not be ignored. It was enough to prove that their status was extraordinary. The other one was also obviously a rich lady; it was not good to offend either side.

However, there was only this pair of bracelets.

“Miss, didn’t you hear what I said?” Seeing that the salesperson did not move, the rich lady could not help but speak again. Her tone was harsh as she glanced at the three of them with disdain.

The salesperson looked at Shen Lanzhi with some embarrassment. Then, she slowly took out the bracelet and was about to hand it to the rich lady.

Shi Nuannuan was born with a warm personality, especially when people are nice to her. But what she hated the most were those nouveau riche who liked to show off their wealth and look down on others!

Chapter 744: I Want these Bracelet!

Looking at the bracelet in the salesperson’s hand, Shi Nuannuan suddenly came over. “I’m sorry! We saw this bracelet first!”

A pair of small and exquisite bracelets landed in Shi Nuannuan’s hands just like that. The salesperson could not help but be stunned for a moment before looking at the woman.

The woman’s gaze fell on Shi Nuannuan’s slightly arrogant face, and she immediately became furious. She had already set her eyes on the bracelets, so why should she give it to this little girl?

She gave Shi Nuannuan a good look. She looked clean, she did not intend to give up this pair of bracelets, not with her status. After all, she planned to buy it for her grandson.

“What right do you have to say that you saw it first? It was clearly me!” As she spoke, the woman reached out to snatch the bracelets from Shi Nuannuan’s hands.

But Shi Nuannuan had already been prepared. With a wave of her hand, she easily avoided the woman’s reach. In addition, she was taller than her, giving her an even greater advantage!

“Since the item is in my hands, it naturally belongs to me!” Shi Nuannuan looked at her with contempt, then turned around and said commandingly to the salesperson, “Wrap it up!”

“No!” The woman stretched out her hand again and grabbed Shi Nuannuan’s bracelets. “I want these bracelets!”

“Hey, Granny! Do you understand the situation? We saw these bracelets first!” As she said that, Shi Nuannuan snatched the bracelets from her hand again!

Seeing this, the rich lady was naturally unwilling. She clenched the bracelets in her hand with all her might!

Seeing this, the sales assistant could not help but be frightened!

These were all valuable pure gold items. If they were damaged, she would not be able to pay for it!

“Madam, Miss, please don’t do this...”

The salesperson wanted to snatch the bracelets too, but she was in behind the counter, so it was inconvenient. In addition, Shi Nuannuan and the woman were both holding the bracelet tightly, so there was no chance for her to make a move.

“Nuannuan, forget it. Let’s just ask the salesperson to bring out another pair.” Shen Lanzhi was also very fond of this pair of bracelets, but she was worried that her daughter’s strong character would start a fight and cause unnecessary trouble!

Shen Lanzhi turned to the salesperson. “I’m sorry, just bring out another pair for us.”

Hearing this, the salesperson looked at Shen Lanzhi with some embarrassment and said, “I’m sorry, this is a limited edition. This is the only pair in our shop.”

There’s only one pair?

“Then we can’t give it to this Granny!”

“Who are you calling a Granny?!” The woman widened her eyes and looked at Shi Nuannuan angrily!

“You! Is there anyone else besides you?”

“You!”

“What about it? I won’t give the bracelets to you!” She used force and snatched the bracelet away!

The woman couldn’t defend against it and fell backward!

Then, with a thud, she fell to the ground, looking very miserable!

“Ugh, my waist...” The rich lady fell to the ground and wailed in pain as her waist hurt from the impact.

But in the next second, she looked at Shi Nuannuan, who was standing in front of her arrogantly, and was instantly enraged!

“You dare push me?!”

“Who pushed you? I didn’t touch your body. You clearly fell because you lost your balance. Don’t put the blame onto me.” Shi Nuannuan looked at the woman with contempt once again.

Chapter 745: Smashed in the Face by Money!

“Forget it, Nuannuan. It’s just a bracelet. Let’s look at the others.”

Zuo Weiyi could not help but speak up,

In fact, there was really no need to fight over a bracelet. She could also see that the woman did not seem like a reasonable person. If they continued to pester her, it would just get messy.

However, the woman did fall because she lost her balance. With her arrogant and domineering personality, she would definitely not let Nuannuan off easily.

“What? You want to leave after pushing me? It’s not that easy!” The woman got up and glared at Zuo Weiyi and Shi Nuannuan!

“Let me say it again. I didn’t push you!” Shi Nuannuan emphasized. She hated being accused of something she did not do!

“Are you saying that I fell on my own?”

“Ha, who knows?” Shi Nuannuan crossed her arms in front of her chest, looking arrogant.

“You!” Madam was speechless, but when she remembered that her husband won a few hundred million in the lottery a few months ago, she naturally had nothing to fear.

She looked at the three people in front of her again. She couldn’t see anything valuable on them, so she wasn’t afraid of offending them!

In order to show that she was rich and that they could not beat her, the madam suddenly lowered her head and took out a stack of money from her purse. “Do you see what this is?”

Looking at the thick stack of money, Shi Nuannuan could not help but feel a little worried.

Could it be that she wanted to buy that pair of bracelets at a high price?

But that pair of bracelets cost hundreds of thousands, and this woman only had tens of thousands at most.

The three of them looked at the madam with the money in confusion. No one expected her next move. The madam suddenly threw a few wads of money at Shi Nuannuan’s face!

The wads of money flew in different directions, and two of them hit Zuo Weiyi in the stomach as she frowned.

This was the first time in her life that Shi Nuannuan had been hit in the face by money, and she was still in a daze!

She had been hit in the face with money? What the f*ck!!!

She was instantly furious!

“Weiyi, are you OK?!” Shen Lanzhi was also very surprised by the woman’s actions, but when she recovered from her shock, she realized that Weiyi had been hit in the stomach by the two wads of money!

Looking at her furrowed brows as she grimaced in great pain, Shen Lanzhi was completely terrified. She rushed to Zuo Weiyi’s side and was so anxious that she did not know what to do!

Shi Nuannuan was about to say something to the woman when she heard her mother’s voice. She could not help but turn her head and saw that her dear sister-in-law seemed to be in great pain.

She noticed the money falling by Weiyi’s feet. Could it have hit her sister-in-law in the stomach?!

“Sister-in-law!” She rushed over with a terrified expression. “Are you alright? Where does it hurt?”

If anything happened to her sister-in-law, her brother would kill her!

The mother and daughter held Zuo Weiyi’s arm. Weiyi slowly raised her face with a frown.

“Damn! How dare you touch my sister-in-law?!” Shi Nuannuan turned around and roared at the woman!

The woman glanced at Zuo Weiyi’s protruding belly and mimicked Shi Nuannuan’s behavior just now.

“My hand didn’t touch her at all. She’s probably just faking it.”

Chapter 746: A Big Fight!

After saying that, she crossed her arms and looked down at the three people in front of her arrogantly, as if she was not afraid of anything. After all, her family had hundreds of millions in money!

Zuo Weiyi only felt pain for a while, but it did not seem to hurt anymore. Just as she was about to raise her head to speak to Shen Lanzhi and Nuannuan, she heard the woman’s words.

She thought that she was faking it?

God knows how anxious she was when she felt the pain in her stomach just now, thinking that something bad was going to happen to her baby.

But now, nothing happened.

Since she said that she was faking it, then if she didn’t act, the crime would seem to be wrongly charged!

“Ah!”

At the thought of this, Zuo Weiyi suddenly let out an ‘Ah’. The painful expression on her face became more obvious, and her body gradually slid down.

“Weiyi, you, you, what’s wrong with you?” Shen Lanzhi, who did not know the truth, was completely flustered. She was filled with regret!

She should not have brought her out from the start. If something happened to her, how was she going to explain it to her son?

The more she thought about it, the more flustered she became!

“My, my stomach hurts a little...”

“Ah, then, then hurry to the hospital!” As she spoke, Shen Lanzhi was about to help her walk towards the door with an anxious look on her face!

Go to the hospital?

If she went to the hospital, how was she going to deal with this woman?

Originally, she did not intend to get involved with this unreasonable woman. However, when she thought about how she had just hit Nuannuan with the money and almost hurt the children in her stomach, she suddenly changed her mind.

A person like her must have become rich overnight. She definitely had not stepped into the upper-class life before. Otherwise, it was impossible for her not to know that the clothes Nuannuan was wearing were all international famous brands. Even her mother-in-law’s custom-made suit.

“Uh, there’s no need...” She raised her head and looked at Shen Lanzhi. “It doesn’t seem to hurt that much anymore.”

Shen Lanzhi was a little confused, but she was still a little worried. “It doesn’t hurt anymore? Then, do you feel any other discomfort?”

Zuo Weiyi shook her head. “Not yet, not yet.”

“Damn it! How dare you lay a hand on my sister-in-law and her unborn children? Just wait till I deal with you!” As she spoke, Shi Nuannuan had already swung her fist and directly punched the madam’s face. In an instant, saliva flew everywhere and her entire body fell to the ground once again!

This time, she was even more miserable. She fell to the ground like a dog eating sh*t!

“Ah, my nose...” The madam raised her face and climbed up from the ground in a sorry state. She used her hand to touch her painful nose and saw a few drops of blood flowing out.

“Ah, it’s bleeding...!”

Looking at the bright red blood flowing out from her nose, the madam became even more furious. She crawled up and pounced towards Shi Nuannuan, ignoring the pain at the corner of her mouth!

“You dare hit me? I’ll let you taste my power today!”

However, before she could pounce over, Shi Nuannuan sent her flying again!

This time, Shi Nuannuan used her strength. The madam crashed into the glass counter and fell to the ground. She was in pain again!

“Mom! What happened to you?” At this moment, a man walked over and helped the madam up from the ground. The corner of her mouth and the area under her nose were covered in blood. She was instantly frightened.

“Son, these shameless women dare to bully me. Teach them a good lesson!” The madam stood up with difficulty. Her entire body was in pain and she felt like her bones were about to fall apart, she pointed at Shi Nuannuan, Zuo Weiyi and Shen Lanzhi who were behind her!

Chapter 747: This Matter Is Not Over!

When the man heard his mother’s words, he immediately turned to look at Shi Nuannuan’s delicate and beautiful face.

In an instant, the man seemed to be attracted by her beauty and could not take his eyes off her.

“Son!” The woman shouted angrily. How could he was still be in the mood to look at a beauty? Shouldn’t he take revenge for his mother?!

After being yelled at by her, the man came back to his senses and withdrew his infatuated gaze. “How dare you attack my mother?”

“Well, what about it?” Shi Nuannuan looked like a queen as she looked down on the man.

“Let me tell you, this matter isn’t over!”

“What a coincidence, I don’t intend to be over about it either, because...” Shi Nuannuan suddenly dragged out her last syllable and rushed towards the mother and son again. “I haven’t had enough!”

As soon as she finished speaking, she had already swung her fist at the woman’s face once again.

Anyone who dared to bully her sister-in-law must be beaten to death!

She could afford to pay for the medical fees anyway, and she was not afraid of any criminal liability. Of course, she had to have a good beating to vent her anger!

The punch hit the madam’s nose, instantly causing her to see stars and feel dizzy!

“Hey!” Seeing that his mother was beaten again, the man suddenly attacked and seized the opportunity to grab Shi Nuannuan’s slender wrist. With a squeeze, he actually felt that it was very smooth.

This woman’s skin was actually so good.

Looking at the hand on her wrist, Shi Nuannuan instantly felt a wave of nausea.

“F*ck, how dare you touch me? Is my hand something you can grab? This is Xiangyi’s exclusive right, understand?” As soon as she finished speaking, Shi Nuannuan raised her legs and fiercely kicked the man’s crotch!

The man’s face instantly turned ashen from the pain. Both his hands were protecting his important parts!

With this kick, he was about to lose his life!

“Son! Are you OK?” Seeing that her son was also instantly knocked down, the madam immediately rushed over and looked at her son with heartache.

She did not know if the kick just now had broken her son’s life. Although she had a grandson, she still wanted to have many grandchildren!

“You!” The woman stood up and pointed at Shi Nuannuan. She said angrily, “I’m going to sue you!”

“Go ahead and sue us. We... are not afraid!”

“You!” The woman did not believe it. The next second, she took out her phone and called the police.

“Just you wait. Today, I will show you what happens if you offend me!”

Shi Nuannuan glanced sideways and took out her phone.

“Hello, Brother. Sister-in-law, Mommy, and I are on the third floor of the CC Mall. Sister-in-law’s stomach isn’t feeling well.”

Hearing this, Shi Yuting, who was sitting in the chairman’s seat in the strict meeting room, narrowed his eyes. “What’s going on?”

Shi Nuannuan glanced at the woman. Was she trying to use her power to bully others? Coincidentally, her background was even bigger and more powerful!

She had never used her power to bully others, and she would never reveal her family background after encountering a situation. However, in the face of this unreasonable woman, this was the most suitable way to deal with this moment!

“Mommy wanted to choose a meeting gift for baby and took a fancy to a pair of bracelets. In the end, an old woman wanted to snatch them. If she couldn’t win, she would fight. If she couldn’t win, she would throw money at sister-in-law’s stomach.” Afraid that her brother would get angry, Shi Nuannuan had already prepared a trap, “Don’t worry, baby is fine. But now, Mommy, sister-in-law, and I are going to be taken to the police station!”

Shi Yuting’s long and narrow eyes narrowed slightly.

Someone actually dared to throw money at his wife’s stomach?

“Wait for me.” Three words and the phone was cut off.

Chapter 748: Your Excellency, Is there an Urgent Matter?

Ignoring the stares of the directors at the meeting table, Shi Yuting stood up and walked out of the meeting room. His cold voice was extremely dignified. “The meeting is over. We’ll continue tomorrow.”

It was already five o’clock in the afternoon when he left Di Zun. It was half an hour before the end of the day.

“Let’s go to the CC Mall!”

“Your Excellency, is there an urgent matter?” Xiangyi, who was in the driver’s seat, could not help but ask.

Shi Yuting glanced at him and suddenly blurted out on a whim, "I heard that Nuannuan was hit by someone."

Xiangyi was startled. After remaining silent for half a second, he quickly started the car. The accelerator under his feet was clearly stepped on much harder than usual.

"Stop the car."

Passing by a bank, Shi Yuting suddenly spoke.

Xiangyi stopped the car by the side, but his heart was somewhat anxious and uneasy.

'Shouldn't you be rushing to the CC Mall at this time? Why are you stopping here?'

Just as he turned his head, Shi Yuting's deep and pleasant voice rang out once again. At the same time, he handed a gold card to Xiangyi and said, "Withdraw one million in cash."

Xiangyi was stunned for a few seconds.

Normally, His Excellency spent money by swiping his card. Why did he suddenly withdraw so much cash?

However, as a subordinate, no matter how much doubt he had, he could only follow orders.

He took out one million in cash with the gold card and returned to the car.

"Help me contact CEO Lu from CC Mall."

"Okay."

Ten minutes later, the police arrived at CC Mall.

"Who was the one who beat him up?"

"Me!"

"Why did you beat him up?"

"Why? Of course it was self-defense!"

The few police officers suddenly turned to look at the woman who was covered in injuries, and then back at the uninjured Shi Nuannuan's face.

Self-defense?

Why did they feel that the woman should be the one who should be defending herself?

"Name?"

"Shi Nuannuan!"

"Apart from you, who else was involved in this?"

Shi Nuannuan's finger pointed at the mother and son standing at the side without a doubt. "Them! Not only did they hit my sister-in-law, they even insulted us with money!"

The police officer was once again dumbfounded.

“Bring all of them back to the police station!”

Just as she was about to make her move, the police officer’s cell phone suddenly rang.

It was the chief!

“Hello?”

“Let me ask you, does the culprit have a surname of Shi?”

Hearing this, the police officer lowered his head and his gaze fell on the statement that Shi Nuannuan made earlier. “Yes sir, what are your orders?”

“Shi Nuannuan?”

Was the chief a psychic? “Yes, that’s right.”

“Don’t touch them!”

“Why?”

“They’re Shi Yuting’s family!”

Hearing Shi Yuting’s name, the policeman was stunned for a moment, then his eyes widened. He was no stranger to this name!

“Hurry up. If you don’t want to die, get your asses back here before Shi Yuting gets there!”

The call was cut off as soon as he finished speaking.

The police officer who answered the call waved at the few police officers behind him. “Go back!”

Just like that, the few police officers left the mall without any warning. The woman and man were even more confused. They didn’t understand what had happened at all.

What was going on?

“Hey, you, why are you leaving?! Are you not going to handle the case? !”The woman couldn’t help but ask when she saw the police officers who were about to disappear at the door.

However, there was only silence in response.

What was going on? These people did they not plan to handle the case even after taking the money?

As soon as the police officers left, a huge magnetic field attracted everyone’s attention to the door!

Chapter 749: Where there Is Money, there Is Willfulness!

“Brother, we’re here!” Looking at the group of people walking in through the door, Shi Nuannuan immediately waved at Shi Yuting.

Hearing her voice, Xiangyi’s gaze immediately fell on her. Seeing that she was safe and sound, his tensed heart finally settled down.

“Are you alright?” Walking over, Shi Yuting directly ignored Shi Nuannuan’s existence and turned his gaze to the face of his beloved wife.

Zuo Weiyi shook her head. “I’m fine.”

“Brother!” The feeling of being ignored by others was too f*cking unpleasant. Shi Nuannuan could not help but pout!

Shi Yuting turned his head. “I brought you a gift.”

Shi Nuannuan was stunned. She raised her phoenix-like eyes and looked at him. “What gift?”

He turned his head and glanced at Xiang Yi.

Meeting his gaze, Xiangyi carried a silver box and handed it to Shi Nuannuan. “Inside is the one million cash that sir Just mentioned.”

Hearing this, Shi Nuannuan was once again stunned. Then, her eyes lit up, and her face was filled with joy!

“Brother, you know me too well!” She happily took the silver box!

The woman and man were completely dumbfounded. They had just stepped into the socialite society, so they knew nothing about Shi Yuting.

“Let me tell you, this matter isn’t over yet. Just you wait, I’ll get my dad to contact chief Chen right away!” Thinking of the sudden departure of the police and the appearance of such a figure, the man naturally understood that there must be something fishy going on.

Wasn’t it just money? His father had a few hundred million now!

However, after a phone call, but the man’s face gradually darkened as he looked at Shi Yuting in surprise.

This man was actually that Shi Yuting from Di Zun Group?

They...had actually offended this man?

After hanging up the phone, the man couldn’t help but swallow his saliva as he looked timidly at Shi Yuting’s beautiful side profile.

He had heard that this man was decisive in killing. No one who had offended him would have a good ending. Even if it was a woman, he would not show any mercy.

“Mom, let’s go back.” As he spoke, the man was about to pull his mother away.

However, the woman who did not know the truth had suffered such a great loss and had not bought back the gold bracelet. Of course, she was not willing and would not leave just like that!

“Why do you want to go back? Did you see this?” She pointed at her injured face, “Your mother was beaten to such a state and you actually want me to go back?” When she thought about how her son was a coward and was not willing to seek justice for her, she only became even more furious!

“Today, not only will I sue them until they go bankrupt, but I will also buy that pair of bracelets!” She turned her head and glared at Shi Nuannuan as she spoke!

However, as soon as she finished speaking, Shi Yuting’s cold eyes shot over with a cold light. He directly swept his gaze towards the woman, causing her to be startled. She was shocked by his intimidating aura and could not help but feel fear in her heart!

“Madam, this is the bracelet you wanted. We have already wrapped it for you.” At this moment, a salesperson walked over and handed the pair of pure gold bracelets in his hand to Shen Lanzhi.

Looking at the bracelets that were handed over, Shen Lanzhi naturally knew that her son had used his power.

She smiled as she took them and said to the attendant, “Thank you.”

Seeing the attendant directly hand the bracelets over to her, the woman became even more furious!

Chapter 750: Sold Only to these Ladies!

She said angrily, “Hey, what right do you have to give her the bracelet?!”

“Mom, stop talking. Let’s go home.” Beside her, the man secretly tugged at her sleeve and said in a low voice.

The woman turned her head angrily, “What right do you have?!”

“Tell me, what right do you have to give her the bracelet?! I want to buy this pair of bracelets at double the price!” The woman pointed at the shop assistant arrogantly.

The shop assistant looked at the woman with a troubled expression, but he still smiled and said.

“Madam, I’m sorry, but this pair of bracelets is already hers.”

“Why is it hers?!”

“We don’t know either. It’s a call from the higher-ups. All the jewelry here will only be sold to these three ladies.”

“What, what...” The woman was shocked. She turned her gaze to Shen Lanzhi, Shi Nuannuan, and Weiyi.

Who were these people? They were the only ones allowed to buy all the jewelry here?

“Mom, let’s go back quickly...” The man tugged at her sleeve again and pulled her toward the door.

“Who are these people?”

“You won’t know even if I tell you. They are people we can’t afford to offend!” The man said as he prayed in his heart. He only hoped that no sound would come from behind them when they left.

Shi Nuannuan had always taken revenge for everything that happened. She had never been a lady!

“Wait.” Looking at the two people walking towards the door, Shi Nuannuan suddenly spoke.

Hearing this, the mother and son suddenly stopped in their tracks.

“Didn’t you say just now that this matter isn’t over?”

The mother and son slowly turned around and looked at the overbearing Shi Nuannuan.

“Miss Shi, we have eyes but we don’t know who you are. Please don’t stoop to my mother’s level...” The man looked up with a fawning expression.

“Only your mother?”

The man paused and naturally understood what she meant.

“And...and me. I have eyes but I have no sight. Please be magnanimous and don’t stoop to our level.”

At this moment, Shi Nuannuan seemed to be satisfied, but she did not intend to let the mother and son off just like that.

She had lived for twenty-two years and had always been pampered and spoiled. However, she had grown up in the hands of her family. Not to mention her family, even an average person would have to smile apologetically when they saw her. Yet, today, she was actually slapped in the face by this woman with money. This was simply a great humiliation!

“But, did I injure your mother badly?” Shi Nuannuan stared at the man with her phoenix-like eyes and asked.

The man continued to smile apologetically. “You don’t have to take this matter to heart.”

“That won’t do!” Shi Nuannuan vetoed immediately. “I’ve beaten your mother to such a state. No matter what, you have to pay for some medical expenses, right?”

Hearing this, the mother and son looked at each other, not understanding the meaning behind her words.

But when she heard that it was medical expenses, the woman’s expression suddenly changed. She suddenly raised her hands and crossed her arms over her chest, looking arrogant. “Hah! If you want to pay for medical expenses, then you have to pay at least tens of thousands of dollars! Otherwise, don’t even think about finishing it!”

“Are you sure it’s only tens of thousands of dollars?” Shi Nuannuan looked at her.

The woman was stunned.

Judging from her tone, could it be that she felt that she was asking for more?

However, how could there be such a fool in the world who would think that the other party was asking for more even after paying for the medical fee?

However, since there was money, wouldn’t it be a waste to not ask for it?

“Yes, it’s a little more.”
