

## Kiss Me 821

### Chapter 821: Let Me See Your Wound

As Shi Yuting approached the stairs with Weiyi in his arms, he came upon his grandfather.

The moment he saw Shi Yuting, his eyes turned red.

Shi Le blinked his eyes as he tried to hold back his tears. "It's good that you're back."

"Son, Weiyi is still recovering from her surgery. She bled a lot during labor and just fell down the steps earlier. Hurry, put her to bed." Shen Lanzhi informed Yuting worriedly.

Upon hearing those words, Shi Yuting looked at Weiyi for a moment before hurrying up the stairs.

After watching her brother carry Weiyi up, Shi Nuannuan looked back at the door.

Why didn't she see Xiangyi?

She clenched her fists anxiously, feeling a little uneasy.

On the second floor.

Even after he had placed her on the bed, Zuo Weiyi still had no intention of letting him go.

He knew that after this recent incident, her heart was filled with immense fear and anxiety.

"Weiyi, it's alright now. I won't leave you again."

She refused to let go, so he could only bend over and support himself on the bed.

"You fell just now. Let me take a look at your wound," said he patiently and gently.

After a long while, Zuo Weiyi slowly released her tightly clenched fingers and looked up at his extremely haggard face.

She had only caught a glimpse of his appearance from afar earlier before jumping into his arms, so she had not been able to get a good look at him.

At this moment, she could not help but feel a little scared.

"You..."

His usual sexy thin lips looked so dry and cracked now. His handsome face had become extremely haggard and even grew a stubble.

He looked at her, then lifted her clothes and checked the wound.

There was no blood on the white gauze. It should be fine.

However, her face looked a little pale.

He reached out and caressed her face. "Does the wound still hurt?"

She shook her head. Compared to the pain in her heart these days, the wound was nothing at all.

“It doesn’t hurt anymore.”

“Really?” He was afraid that she was just putting on a brave front.

Her moist eyes looked at him and then drooped down again. “My body is basically numb. No pain can compare to that in my heart.”

Her simple honesty made his heart freeze. The pair of dark eyes that looked at her were filled with heartache and pity.

“Brother...”

At this moment, Shi Nuannuan walked in with her fingers clenched.

Looking at the two of them, although she knew that it was inappropriate to disturb them at a time like this, she really wanted to know why Xiangyi did not come back.

Shi Yuting turned to look at his sister who was standing at the door.

“Brother, why didn’t Xiangyi come back with you?”

Xiangyi was his personal assistant and her brother’s righthand man. If he had returned, he would definitely come to Shi Mansion. However, she had even looked at the courtyard just now and there was no still sign of Xiangyi at all.

Shi Yuting was silent for a few seconds before his expression suddenly turned heavy.

“He’s back,” said he after a long while.

Hearing this, Shi Nuannuan felt a burst of joy in her heart and asked excitedly, “Really?! Then where is he now?!”

She really wanted to see Xiangyi so badly that she could not wait to see him!

Shi Yuting’s mood was very grave, especially when her’s filled with joy.

“The hospital,” said he with a heavy heart after another long pause.

## **Chapter 822: The Feeling of Being a New Father**

When Shi Nuannuan heard this, the smile on her face disappeared.

“The hospital?”

“Yes.”

Zuo Weiyi was also shocked when she heard him.

Hospital? Could it be that Xiangyi was injured?

Shen Lanzhi, who had followed behind her daughter, also heard the conversation. But before she could speak, she saw her daughter turn around and run downstairs.

She paused for a moment, not understanding her actions.

“Nuannuan, what’s wrong?” Shen Lanzhi called after her before turning to her son in the room.

Shi Yuting glanced at his mother but did not say anything.

“You’re injured too!” Zuo Weiyi glanced at him and realized that he had many wounds on his body. She could not help but feel her heart ache again!

“I’m fine. I’m almost healed.” Because they were all superficial wounds, they had slowly healed over the past few days in the jungle.

Compared to him, Xiangyi’s injuries were obviously worse.

Zuo Weiyi looked at his wounds. Although the wounds were a little shocking, looking at the blood stains, they were indeed dry and already healing. But was he really fine?

She was still a little worried.

At this moment, the sound of a baby crying could be heard.

Shi Yuting turned around when he heard the sound. The crying came from his mother’s arms.

“Oh, oh... Don’t cry anymore. Hush now, my dear.” Shen Lanzhi comforted Lian Lian again when she heard her granddaughter crying.

Shi Yuting stood up and walked slowly to his mother. He looked at the face in the bundle of cloth no bigger than the palm of his hand.

Could it be his child?

On the way back, Black Dragon had already told him that Young Madam had given birth to a pair of boy-girl twins.

Shen Lanzhi looked up at Yuting and saw the love of a new father in his eyes.

“She is. Would you like to hold her?”

Shi Yuting stared at the baby in his mother’s arms, her skin was so tender that it looked like it could be torn with a single scratch,

This was his, Shi Yuting’s daughter.

“I’m going to take a shower.”

Before hugging his little baby, he had to change out of his dirty clothes.

After saying that, he turned around, grabbed a change of clothes, and went into the bathroom.

Seeing her son walk into the bathroom, Shen Lanzhi carried her granddaughter to the bed. She was a little worried about Weiyi after her fall.

“Weiyi, are you really okay? That fall just now wasn’t light.”

Hearing her mother-in-law’s voice, Zuo Weiyi looked away from the bathroom and met Shen Lanzhi’s worried face.

"I'm fine." She shook her head, indicating that she didn't need to worry too much.

Although she had fallen just now, it hadn't affected her wound. Moreover, it didn't hurt as much now.

More than twenty minutes later, Shi Yuting walked out of the bathroom. His entire person had returned to his previous dazzling brilliance. His face was as flawless as an ice sculpture.

He was a new father now. Looking at such a small baby, he was a little worried that he might squeeze her a little too hard and break her.

Seeing her son at a loss, Shen Lanzhi smiled. He looked exactly the same as his father when he held Nuannuan for the first time.

"It's okay. Here, I'll show you how to hold her." She handed the baby in her hand to him.

Shi Yuting took his daughter from her and felt an indescribable feeling in his heart.

At this moment, Lian Lian suddenly opened her big black eyes that were like copper bells and looked at him.

Shi Yuting was a little startled when he saw such a small baby suddenly open her eyes to look at him.

However, a few seconds later, the baby closed her eyes again and slept very peacefully. From time to time, a sweet smile would appear on the corner of her mouth.

"The little babe seems to sleep soundly in her daddy's arms," said Shen Lanzhi happily as she looked endearingly at her granddaughter in her son's arms.

### **Chapter 823: I'll Do It Myself!**

Shi Yuting's return had finally restored the vitality of the previously lifeless home to its former glory.

At lunchtime.

Shen Lanzhi could not help but feel a little puzzled when she still did not see her daughter Nuannuan return.

"Where did Nuannuan go? Why isn't she back yet? She didn't bring her phone either."

"Don't worry about her," said Shi Yuting. He scooped up a bowl of soup from the batch Shen Lanzhi had brought out and prepared some food before turning around to leave the dining room.

Seeing this, Shen Lanzhi hurriedly called out to him.

"Son, how about you eat and I'll bring it up."

As she said this, Shen Lanzhi was about to take the food from his hands.

"I'll do it. You and grandpa eat first."

As she was still recuperating, Shen Lanzhi did not want Zuo Weiyi to have to go downstairs for her meals. Furthermore, her son had already returned, so she was not afraid that Weiyi would let her imagination run wild if she stayed in the room alone.

Zuo Weiyi was standing by the crib and gently coaxing the two babies.

They usually loved to sleep, but they seemed to have woken up more often today. But, other than being hungry or pooping, they hardly cried.

As soon as he entered the room, he saw her standing there. Shi Yuting frowned slightly, then put down the food by the bedside. He walked to the crib and reached out to pick her up.

“Mom said that you have to lie down now. Don’t get out of bed,” said Yuting softly as he placed her gently on the bed.

“If I lie down all the time, my back will ache.” It was because she had laid down too much that she wanted to get up and walk around. In addition, she had just discovered that the babies were awake, so she couldn’t lie down anymore.

“You still have to lie down.” He turned around and picked up a bowl of soup, about to feed her.

Zuo Weiyi saw him bring over the bowl of soup and subconsciously reached out, about to take it. “I’ll do it myself.”

Although she was still recuperating, these are things she could do herself, so there was no reason for him to feed her.

However, Shi Yuting gently avoided her hands and insisted, “I’ll do it.”

As he spoke, he picked up the spoon and scooped up a spoonful. He brought it to his mouth and blew it gently before bringing it to her lips.

She watched his handsome face blow on the soup before feeding her. Needless to say, Zuo Weiyi was a little embarrassed.

“It’s better if I do it myself!”

She had just reached out her hand, but was once again avoided by him. A pair of long and narrow eyes stared at her.

Unable to persuade him, Zuo Weiyi could only obediently open her mouth and drink the soup that he personally fed her.

After finishing the bowl of soup, Shi Yuting wanted to feed her again. After eating two dishes, Zuo Weiyi could not eat anymore.

“I’m not eating anymore.” She gently rejected the food that he fed her again.

Shi Yuting frowned. “You’re full already?”

She did not even finish half of the food.

Zuo Weiyi nodded. “Yes.”

When she had finished the big bowl of soup just now, she had already felt full. Now, she really could not eat anymore.

Knowing that she was already full, Shi Yuting didn't want to force her, so he didn't continue.

"Have you been staying on that island these past few days?"

"Yes." He nodded and ate the remaining bowl of rice with relish.

Zuo Weiyi was a littler surprised to see him eat her leftovers.

Although they had eaten a bowl of food together, she had never seen him eat her leftovers ever since they met.

"Don't you want to get another bowl?"

"There's no need for that." He looked up and met her clear eyes. A faint smile appeared on his lips, but his long and narrow eyes were extremely serious. "The food you've eaten is even better."

### **Chapter 824: Settling Old and New Scores, Once and for All!**

His words were so sweet, like honey with added sugar, that Weiyi felt a little embarrassed.

In order to escape from her embarrassment, she tried to change the topic. "Um, have you found the mastermind behind the attack on you this time?"

As Shi Yuting ate his rice, his dark eyes suddenly became tainted with a sinister cold light.

"Yes."

"Who is it?"

Shi Yuting gently chewed on the food in his mouth. It was not until he had swallowed all of it that he spoken deeply and dangerously.

"Shi Tiannan."

Zuo Weiyi's eyes widened.

It was Shi Tiannan again?!

"What do you plan to do?"

He stared off into the distance.

"We'll settle the scores once and for all!"

Zuo Weiyi's heart sank as she heard his words.

"You... you're going to C Country again?" There was a hint of fear and uneasiness in her voice.

He turned her head and met her uneasy eyes. She knew what she was afraid of, so he gently touched her right cheek. "Don't worry, I said I won't make you worry anymore."

Despite his words, she still felt uneasy.

Attacking Yuting's private plane meant that Shi Tiannan also had his own powerful forces. She was really afraid that he would disappear again.

"I'm going to the hospital in a while. You rest well at home." He put down the bowl and chopsticks back into the tray.

Zuo Weiyi immediately thought of Xiangyi.

"Are you going to see Xiangyi?"

Shi Yuting nodded, and his handsome face suddenly became heavy.

"Yes, his injury... is quite serious."

Zuo Weiyi was shocked, able to sense the seriousness of Xiangyi's injury based on the heaviness in Yuting's expression. If it was not very serious, Shi Yuting would not have such an expression on his face.

What about Nuannuan?

"I'll go too!" She blurted out, a little worried about Nuannuan and Xiangyi.

Shi Yuting frowned and decisively rejected her. "No!"

"I'm worried about Nuannuan!"

"Don't worry. With Shenghao around, Xiangyi won't die. And Nuannuan will be fine."

Zuo Weiyi couldn't help but hesitate.

He did make sense.

However, Xiangyi was now seriously injured in the hospital. Even if he did not die, wouldn't Nuannuan still be very worried?

...

Zuo Weiyi had not been able to sleep during Yuting's disappearance. Now that he was back, she felt more at ease and easily fell asleep after her meal.

Shi Yuting brushed away a strand of hair off her face as he watched her sleep peacefully. Then, he bent down and planted a kiss on her forehead before he got up and left the bedroom.

At the hospital.

Shi Nuannuan had rushed to the hospital and waited outside the surgery door for nearly three hours. It was as if her heart had been cut into pieces.

This feeling was just like when she saw her father enter the operating theater six years ago. The heartache, panic, fear, and helplessness almost seem to swallow her whole into the darkness!

The long wait passed as the door of the operating theater finally opened.

"Doctor! How is he?!" She rushed over anxiously. Her beautiful face was crying like a kitten.

However, before the doctor could say anything, Xiangyi was pushed out from the operating theater behind him.

Shi Nuannuan looked behind the doctor and stared at the stretcher.

“I’m sorry, we’ve tried our best.”

## **Chapter 825: Xiangyi Is Dead?**

The doctor took off his mask and told Shi Nuannuan with a heavy tone.

Her heart felt as if it had been hit hard by something. Shi Nuannuan felt her mind go blank as she looked at the person on the stretcher covered with a white cloth in disbelief..

What did he mean? What did he mean?

The tears that she had just stopped flowed out again uncontrollably. Shi Nuannuan’s shoulders trembled. She felt as if a sharp blade had pierced through her heart. It was so painful that she could not speak.

She raised her hand and gripped her left chest tightly. Her gaze was fixed on the man covered by the white cloth. She shook her head in disbelief. “What do you mean? What do you mean?!”

Immediately, her gaze shifted to the doctor, “What are you doing? Why are you covering him with the white cloth?”

Looking at her grief-stricken appearance, the doctor’s face was filled with sympathy. However, he had already passed away, so there was no use for them to say anything.

“What on earth are you doing?! Xiangyi isn’t dead! Why are you covering him with the white cloth?!” Her heart ached, as if it was going to shatter into pieces. She could not bear this sudden blow!

That was Xiangyi—he had gone through so much with her brother. How could he die just like that?

She didn’t want him to die, she didn’t want him to die...

Shi Nuannuan burst into tears.

“Xiangyi... how can you die? If you die, what am I going to do? I-I haven’t confessed to you yet, we haven’t fallen in love yet... How can you die...?”

She was crying so hard that the doctor’s face was filled with sympathy, but..

Confess? Fall in love?

Looking at Shi Nuannuan, the doctor gradually revealed a surprised look.

“Nuannuan?”

Just as she was crying her eyes out and feeling heartbroken, a familiar voice suddenly came from the side.

She turned her head when she heard the voice and saw Zhong Shenghao standing at the door of an operating theater.

“What are you doing?” Zhong Shenghao came out and saw Nuannuan crying to a stranger. For a moment, he couldn’t help but feel confused.

Shi Nuannuan sobbed, her shoulders trembled, and she was still immersed in sadness.

But then, her eyes caught a glimpse of the man who was pushed out of the operating theater behind him.

Xiangyi?

When she saw the man on the stretcher clearly, Shi Nuannuan's crying expression slowly froze. She looked at Xiangyi and then looked at Xiangyi who was covered with a white cloth.

Why were there two Xiangyi's?

For a moment, Shi Nuannuan was a little dumbfounded.

She wiped away her tears and looked at the two Xiangyi's again. "W-What's going on?"

At this moment, the doctor who was filled with confusion seemed to have understood instantly. He immediately told Shi Nuannuan, "Miss, this is an old lady who was brought in from a car accident just now."

Just a moment ago, he was puzzled. A young girl saying that she was going to confess her love to an old lady? It was too illogical.

But now, it seemed that this miss had mistaken the accident victim with her partner.

Shi Nuannuan stared at the doctor with eyes wide with shock.

An old lady?!

She had crying for an old lady?

She turned her head and looked at the Xiangyi who had been pushed out of the operating theater once again. Shi Nuannuan blinked her big, bell-like eyes and came to a sudden realization!

Zhong Shenghao glanced at her with disdain, then turned around and sent Xiangyi, who was still in a coma, to the VIP ward together with the medical staff.

### **Chapter 826: What's So Funny?!**

"Is he... alright?" asked Shi Nuannuan to Zhong Shenghao while wiping her tears as she entered the ward and looked at Xiangyi lying on the bed.

Zhong Shenghao glanced at her who was crying like a cat and suddenly burst into laughter!

Shi Nuannuan was stunned. She blinked her big eyes for two seconds before she realized that he was laughing at her!

She couldn't help but grumble unhappily, "Wh-What's so funny?!"

Zhong Shenghao covered his mouth and cleared his throat. "Well, there's nothing funny..." But he only ended up bursting into laughter again.

"Hey!" Shi Nuannuan stomped her feet in anger!

“Alright, let’s focus on the issue at hand. Let’s talk about Xiangyi’s injury.” Zhong Shenghao changed the topic. This was the only way to stop his laughter.

But then again, how did Nuannuan make such a mistake? And he started laughing again.

She turned to look at Xiangyi on the bed, but Shi Nuannuan could clearly see that he was snickering. She was angry, but there was nothing she could do!

Xiangyi’s pale face made her heart tighten, and she put Shenghao’s snickers at the back of her mind.

“Xiangyi…”

In all these years, she had never seen him suffer such a serious injury being by her brother’s side.

Sensing her sudden change in expression, Zhong Shenghao finally straightened up. He also vaguely sensed Nuannuan’s feelings for Xiangyi.

Since young, Nuannuan liked to hang around Ting, and Xiangyi was his righthand man. It was inevitable that Nuannuan would develop feelings for him over time.

This pair of siblings was really alike.

However, there was indeed no reason for such feelings. If one fell in love, they would fall in love. There was no telling signs of it, and their hearts were completely out of their control.

“Don’t worry. Although the injury is very serious, we have already passed through the gates of hell. As long as the fever subsides, he should be able to wake up.” Zhong Shenghao tried to ease her worries.

Shi Nuannuan turned her head and glanced at Zhong Shenghao, then at Xiangyi.

“When will his fever go down?”

“Let’s wait.”

He couldn’t say exactly when it would go down. What he was more worried about was whether the fever would go down.

In the afternoon, Shi Yuting also came to the hospital and asked Zhong Shenghao about Xiangyi’s condition.

After knowing that his life wasn’t in danger for the time being, he was relieved.

Walking into the ward, he saw his sister sitting by the bed.

Nuannuan was usually naïve and lively so it was rare to see her in such a dejected state.

Nuannuan heard the door open and turned around to see her brother walk in.

“Brother.” At this moment, even her voice seemed to have no vitality at all.

Shi Yuting walked to her and conveniently touched the top of her head, as if he was comforting her.

“It’s alright.”

He said in his usual deep voice as he looked at Xiangyi who was lying on the bed.

“It’s because of me that he suffered such serious injuries.”

Shi Nuannuan looked at her brother standing beside her.

Although it was Xiangyi’s mission to protect her brother, she did not want either of them to get hurt.

“Is Shi Tiannan the mastermind behind this incident?” Shi Nuannuan looked up at him.

Shi Yuting’s eyes turned cold, emitting a chilling light. “Yes.”

“Then when are you going to look for him?”

Shi Yuting looked at his sister in confusion as his eyebrows started to furrow slightly. “What for?”

“I want to go too!”

“No!” He refused immediately!

### **Chapter 827: I’m Not Leaving Until Xiangyi Wakes Up**

“Why?!”

“It’s too dangerous.”

“I’m not afraid!”

“There’s no need to say anymore. I won’t agree to it.”

“Brother!” She protested. He dared to injure her Xiangyi to this extent. She wanted to personally avenge him!

Raising Shi Tiannan was truly like raising a tiger to be a threat. He was fortunate that their grandfather had doted on him all these years. Though he was not the heir, the Shi family had never mistreated him. They had always treated him as the young master of the Shi family!

But he had secretly dared to make an attempt on her brother’s life time and time again. Even their mother had almost died in their hands!

If they did not get rid of such scum soon, he would only continue to be a hidden danger to them!

Even after Shi Yuting left in the evening, Shi Nuannuan was still in the hospital.

Shen Lanzhi and Shi Le were puzzled as to why Shi Nuannuan had not returned. But every time they asked, Shi Yuting would always tell them not to bother about her.

After dinner, Shi Yuting returned to his room.

Right now, besides eating, Zuo Weiyi would be sleeping. Occasionally, when the two babies woke up, she would hug them and play with them for a while.

But now, she had fallen asleep again.

Seeing that she was still sleeping soundly, Shi Yuting did not have the heart to wake her up, so he gently closed the door and left.

In order to let Zuo Weiyi have a better rest, Shen Lanzhi had arranged for the two babies to be in the baby's room next door. Because the babies were still young, they had to wake up many times a night. If they stayed in the master bedroom, Weiyi would definitely not sleep well.

When he went to the baby's room, he took a look at the two babies sleeping in the crib. The corners of Shi Yuting's mouth unconsciously curled up, revealing a blissful expression.

So, this was what it felt like to have a wife and children.

"Son, it's so late. Are you going out?"

It was almost eight o'clock in the night and Shen Lanzhi noticed that her son seemed to be ready to leave.

"Yes." Shi Yuting walked down the stairs and his gaze stopped on Shen Lanzhi's face. "Weiyi is asleep. Remember to let her eat when she wakes up."

"Yes, I know." Shen Lanzhi nodded and asked, "But it's so late. Where are you going?"

"The hospital," said he before walking towards the main door.

Shen Lanzhi remembered that Xiangyi was still in the hospital with serious injuries.

At 8:15 pm, Shi Yuting arrived at the hospital and entered the ward. He saw Nuannuan napping beside the bed.

By the evening, Xiangyi's high fever had completely subsided, but he had yet to wake up.

Shi Nuannuan was awakened by the footsteps of leather shoes. She looked up and saw her brother.

"Brother, why are you here again? Don't you need to stay at home to take care of Sister-in-Law?"

It was not easy for them to meet again. She hoped that her brother could spend more time with Sister-in-Law.

"She's asleep. You should go back too. I'll stay here."

Shi Nuannuan protested, "I'm not going back!"

"If you don't go back, I can't guarantee that Grandfather and Mother won't notice your feelings for Xiangyi."

Shi Nuannuan paused.

Although she had not told her mother and grandfather about her feelings for Xiangyi, Xiangyi had not woken up yet. She did not want to leave the hospital.

"I want to wait for Xiangyi to wake up before leaving."

"Grandfather and Mother are already suspicious since you haven't gone back for a day. If you don't return home at night, Grandfather might cut off your relationship with Xiangyi when he finds out!"

Shi Nuannuan was shocked by his words of caution!

Cut off her relationship with Xiangyi? No!

### **Chapter 828: I'm Not Getting Married Without Xiangyi**

Well, according to Grandpa's character and Xiangyi's identity, he might really do it.

What was she going to? She hadn't thought about how to tell Grandpa and Mommy that she liked Xiangyi.

And she had also decided that she would never marry without Xiangyi in her life, just like how her brother would never marry without her Sister-in-Law!

Her mother wouldn't object, but would Grandpa be able to get past it?

Even though he had a good attitude towards his Sister-in-Law now, he had accepted her back then because her identity had changed. But what about Xiangyi? No matter how much he changed, he was just an assistant by his brother's side. He was even someone who had signed a life and death contract. In her grandfather's eyes, Xiangyi was just a lowly servant of the Shi family.

Thinking of this, Shi Nuannuan couldn't help but sigh.

Then, she suddenly looked up at her brother, who was as perfect as a painting, and asked, "Brother, if Grandfather opposes me and Xiangyi being together, what should I do?"

Shi Yuting met her dark eyes. "What do you want to do?"

She paused. "Uh, I plan to confess to Xiangyi when he wakes up!"

Shi Yuting raised his eyebrows as he looked at her.

"Let's not talk about Grandpa's objection first. Aren't you afraid that Xiangyi will reject you?"

Shi Nuannuan started to feel a little uncertain after hearing his question.

Every time she sent a text to Xiangyi, he would usually ignore it. Until now, she still could not figure out how he felt towards her.

However, when she mistakenly thought that she was going to die from poisoning, she could clearly see the concern on Xiangyi's face. Wouldn't that mean that he liked her too?

However, what Shi Yuting was worried about was that Xiangyi did not know that he himself liked her. He was sometimes too old-fashioned and was too conscious of the fact that his status was vastly different from Nuannuan's. That was why he did not dare to face the feelings in his heart all this while.

"He... should like me..." said Shi Nuannuan out loud as she thought to herself.

After saying that, she could not help but feel a little shy.

"Let's go back first."

In order to not let her grandfather and mother get suspicious, Shi Nuannuan had to leave the hospital first. When she left, she reluctantly glanced at Xiangyi who was lying on the hospital bed.

After Xiangyi woke up, he would still have to be hospitalized for a period of time.

And after he got discharged from the hospital, he would definitely have to stay at home to recuperate for a period of time. It seemed that if she wanted to take care for him openly, she would have to tell her grandfather and mother!

But before that, she had to confess to Xiangyi first!

By the time she returned home, it was already 8:45 pm.

Seeing that her daughter had finally returned, Shen Lanzhi, who was about to go upstairs, could not help but turn back.

“Nuannuan, where have you been all day?”

Facing her mother, Shi Nuannuan stammered as she said, “Uh, I-I went to visit a friend.”

“Friend? When did you have a friend here?” Shen Lanzhi could not help but ask curiously.

This was because although her daughter often went to Z Country, she did not have any good friends here.

Shi Nuannuan felt a little guilty. “I-I do!”

“Who—”

“Ugh, I’m so tired. I’m going up to rest first!” In order to prevent her mother from pursuing the matter further, Shi Nuannuan pretended to be very tired and yawned. Then, she went straight to the second floor.

Shen Lanzhi was a little confused as she watched her daughter rush up the stairs. But she did not think too much about it and followed her.

At this moment, Shi Nuannuan suddenly stopped and turned around, causing her mother to almost bump into her.

### **Chapter 829: Entrusted by Someone**

“Child, why did you suddenly stop?”

Shi Nuannuan looked at her mother and did not answer her question. Instead, she said cautiously, “Mommy.”

“Hmm?” Shen Lanzhi frowned unable to comprehend her daughter’s behaviour.

“If the boyfriend I’m going to have in the future is someone with no status, what would you think?”

Shen Lanzhi frowned and stared at her daughter.

Could it be that she went on a date with her boyfriend on the day she disappeared?

But who could it be?

“You have a boyfriend?”

Shi Nuannuan paused and licked her pink lower lip. “No, I’m just asking...”

She smiled guiltily and turned to go upstairs. "Good night, Mommy!"

Shen Lanzhi was even more confused by her daughter's series of baffling words and actions. She thought hard and walked up to the second floor.

Could this child really have a boyfriend?

...

At ten o'clock in the night, Xiangyi woke up in a daze.

Looking at the clean white ceiling, he furrowed his brows slightly.

The hospital?

"You're awake."

Shi Yuting's deep and powerful voice came from the side. Xiangyi turned his head slightly when he heard it, and saw Shi Yuting sitting there, staring at him.

"Sir." When he came back to his senses, he tried to get up, but only ended up re-opening his wound, and his face instantly turned pale!

"Don't move, you're seriously injured," said Shi Yuting calmly as he sat there.

Xiangyi lay back down again. He took a deep breath which slightly eased the pain. But he was shocked.

This was a hospital, which meant that they had left the island and had been saved.

"Are you alright?"

After he fainted, he could no longer remember what had happened on the island.

Shi Yuting nodded slightly. "Yes."

"But, why are you here?" Xiangyi knew that even if he was seriously injured, it was not necessary for His Excellency to personally take care of him.

Shi Yuting glanced at him with his long and narrow eyes and softly said, "I was entrusted to do so by someone."

If he did not stay, Nuannuan would not be able to leave without worry.

Then, he stood up and said, "Rest well and don't worry about anything else."

As soon as he finished speaking, he had already turned around and walked out of the ward.

Xiangyi was a little stunned.

Entrusted by someone? Who?

When Yuting returned to Shi Mansion, it was already late at night.

The entire mansion was silent. It was obvious that they had already fallen asleep.

When he returned to her room, Zuo Weiyi was sound asleep on the bed as well.

He walked over and looked at her sleeping face. He could not help but bend over and plant another kiss on her cheek. Then, he turned around and walked towards the bathroom.

Perhaps she had slept too much, but when she heard the sound of the bathroom door opening, Zuo Weiyi woke up.

She looked around the room but did not see Shi Yuting. Then, she vaguely heard the sound of water coming from inside.

She looked out the window. It should be late at night.

After waking up, she could not fall asleep again. She leaned against the headboard and picked up a book to read.

Shi Yuting came out of the shower and was surprised to see her leaning against the bed.

“Did I wake you up?”

He walked over, lifted the blanket and laid down under it. He let her lean against his arm and read the book with her. “What are you reading?”

“You just came back? How’s Xiangyi?”

“He’s already awake.”

Zuo Weiyi was relieved.

“Oh, Nuannuan came over earlier and asked if you were back because you didn’t bring your phone. She seems to be worried about Xiangyi.”

Shi Yuting narrowed his eyes slightly.

### **Chapter 830: Out of Control**

Then, he picked up Zuo Weiyi’s phone on the bedside table and sent a message to Nuannuan: ‘He’s awake.’

“For Nuannuan?” Zuo Weiyi leaned her head over and glanced at the phone screen.

“Yes.” After sending the message, he put down the phone and took out the book in her hand. He said softly, “Go to sleep.”

He hugged her and lay down. The long-lost touch reminded him of the endless longing for her in his heart.

Looking at her exquisite face, staring at her dark pupils, and moving from her eyes, nose, and her pink lips, he could not help but lower his head and kiss her deeply!

Who knew that this kiss would throw him out of control! He had previously only planned on satisfying the longing in his heart, but it was much deeper than he thought.

In the end, he had no choice but to let go of her.

His dark eyes met hers. "You sleep first. I... I'll go take a shower again!"

As soon as he finished speaking, he got out of bed and walked towards the bathroom.

Looking at his back, Zuo Weiyi naturally understood what he meant by 'shower'. It was to take a cold shower to reduce the fire!

However, the weather had already turned cold. Moreover, he had suffered so many things during this period of time. Although he was not severely injured, he was still hurt. Would he really be fine if he took a cold shower again?

"Shi Yuting!"

Shi Yuting forcefully suppressed the fire in his body. Just as he put his hand on the bathroom door handle, he suddenly heard her voice. He could not help but turn his head and look at her in confusion.

When she met his deep eyes, she suddenly blushed and lowered her face. "Well, I..."

Shi Yuting frowned. He did not know what she wanted to say, but if she did not say anything, he would really be burning with desire!

He resisted the urge and looked at her on the bed. "Hmm?"

"I can..."

During her pregnancy, she often read novels to pass the time because she was bored.

Some romance novels often had steamy parts that there were other ways to calm a man's fire besides sex.

Even though Shi Yuting had never asked her to do such things.

But looking at his appearance, it seemed that he was enduring quite painfully. The weather had turned cold again, and the wounds on his body were still vivid in her mind.

"What's wrong?" His voice was hoarse as he tried his best to hold it in!

Before she came into his life, he had always been able to control himself. But after meeting and getting a taste of her, it was as if he had become addicted to drugs, going out of control!

In fact, he could not touch her at all, especially when they're in bed. As long as he touched her, he could not help but want her!

"If... you really can't stand it, I can..." The more she spoke, the redder her face became!

"Can what?"

"I can help you... lower the fire..." She looked up and met his slightly swollen red eyes. "Like in the books..."

Hearing her words, Shi Yuting's entire body trembled, and the fire in his body became even fiercer!

This sentence was simply the temptation of the Devil!

However, he did not want her to do such a thing, because she was his wife, not a tool to control the fire!

“No.” He refused, turned around and went into the bathroom.

Zuo Weiyi was stunned.

Why not? Didn't all men like that kind of thing?

At least, many of the novels she read were like that.

However, if she was really asked to do something like that, she would also feel weird about it.

When she was not in love with Shi Yuting, she did not understand what it meant to be in love. She only felt that doing those things were extremely dirty.
