

## Kiss Me Goodnight, Mrs. CEO!

Chapter 8: Are You Fighting With Me Over A Woman?

“I’m Lin Hao. I’m sorry, could you please come out with me for a while?”

This man was Lin Hao?

Looking at the man in front of her, Zuo Weiyi clenched her fist.

Which part of him looked like a noble young man? He was indeed an old uncle!

Her bastard father had introduced her to a man who was a dozen years older than her?

Zuo Weiyi was filled with anger and she couldn’t let of her anger.

Anyway, it was only a meal together. She promised there wouldn’t be a next time!

To her, this kind of man wouldn’t be considered for a second time.

She stood up and followed Lin Hao.

At that moment, a deep magnetic voice sounded behind them.

“Mr. Lin?”

Hearing this voice, Lin Hao was overwhelmed. He turned around and looked at Shi Yuting.

“Mr. Shi, did you call me?”

Shi Yuting smirked and laughed faintly.

“Why, are you going on a blind date with this woman?”

Lin Hao halted. His gaze fell on Zuo Weiyi and then on Shi Yuting.

“Haha, nothing can be hidden from your eyes. Yes, indeed, I’m on a blind date with her.”  
He smiled with ingratiation.

Oh? So you mean you are fighting with me, Shi Yuting, over a woman?"

His words left Lin Hao completely muddled!

What did he mean by fighting over a woman? Was Zuo Weiyi...

He seemed to have realized something. Lin Hao turned pale and with a terrified face, he answered, "No, no, I'm sorry Mr. Shi. I didn't know Miss Zuo was your woman!"

Lin Hao was scared to death and cold sweat broke out. He did everything he could except kneeling down to beg for forgiveness.

Zuo Weiyi, who was standing beside him, widened her eyes. Since when did she become his woman?

"Hey! When did I become your...?"

"Get out!"

The man's voice was cold like ice in the winter with not a single bit of warmth.

Lin Hao heard his words and he quickly scrambled away, leaving Room 999!

"Hey! When did I become your woman? You can't say what's not true!"

After Lin Hao left, Zuo Weiyi turned around and stared at the man in front of her with a furious expression.

Shi Yuting was unimpressed with her fury but smirked and asked her, "We've gotten into bed together. Aren't you my woman?"

Zuo Weiyi widened her eyes.

This man, how could he expose what happened last night so easily?

God!

Her reputation!

Was sex such a usual thing to this man?

A man with such appeal and who could afford luxurious presidential suites would definitely have had affairs with numerous women!

Damn!

She had lost her virginity to such a man!

Although he was really good-looking, he was a second-hand product!

Nope, it might even be third or fourth-hand!

Zuo Weiyi was so angry that she clenched both her fists and dashed toward the man.

Raging, she screamed, "Remember this—last night, I was the one who raped you and I'm not your woman, do you understand?"

After blurting out, Zuo Weiyi turned quickly and left the room angrily!

Shi Yuting was taken aback for a moment.

After a while, he regained his senses and unconsciously, he smiled.

Zuo Weiyi walked out of the restaurant furiously.

Damn! It was already past twelve and she had not eaten anything!
