

King of kings 1017-1018

1017

“Hmph, don’t talk sarcasm, I lost, what do you want to do with me.”

“Hahaha, King of Yue Wu, today I’m only accompanying Tang Xiaoyou to come and catch up with you by the way, you and I are already on the brink of the big day, if we don’t meet today, I’m afraid we’ll never see each other again in this life.”

“Who cares to see you, am I on good terms with you?”

“The friendship has not been made, but there are only a handful of people left in this world, in our time, after all, are there not.”

“Hmph.”

The Island Lord raised his head and said, “Omi, you can come down now.”

Omi flew to the Island Lord’s side, Omi had only seen the Island Lord’s strength today, Omi sighed to himself, before in Martial Island, Omi wanted to fight with the Island Lord, but now he thought about it, it was a bit out of his league, even though there was only one realm between him and the Island Lord, but the strength was so far apart, maybe that was the higher the cultivation, the more difficult it was to figure out.

“Thank you, Island Master.”

“Omi, there’s no need to thank me, it’s rare for me to spar with an old friend again, perhaps, this is the last time in our lives. If you have anything you want to ask him now, feel free to do so.”

Omi nodded his head and asked, “Senior Moon, may I ask, did you and the Heaven’s End Gate Master kill my sister that day?”

With a snort, the moon never falls too far from the emperor and says, “No.” One second to remember to read the book

Omi was delighted and busy, “Then where is she?”

“I don’t know, that girl is very powerful. Master Tian Jie and I chased after her at the bottom of the sea for half a day, but we couldn’t catch up. She even set up a suspicious plan, so Master Tian Jie and I had to split up.

Tracking. A day later, I had completely lost track, and I had no choice but to return to the Moonless Empire.”

“Did that day’s Extinct Gate Master kill my sister?”

“How should I know, he didn’t come to me afterwards, you wouldn’t go looking for him if you wanted to know so much.”

“Thank you, Senior.” Omi called him Senior from the bottom of his heart, not only because he was a strong person on the same level as the Island Lord, but also because, he was a legendary genius of the older generation. Everyone would be old, and when Omi was this old, he hoped that the young people would give some minimum respect.

The Island Lord laughed, "Moon Martial King, I'm sorry to bother you so much today, but it's worth it to be able to spar with you before the big day comes, I'm afraid the next time we meet will be underground, hahaha."

"Hmph, roll."

"Farewell."

Omi and the Island Lord flew into the sky and entered a flying ship in the sky.

As soon as they entered the flying ship, the Island Lord felt much older and, continuously coughed a few times before finally slowly stabilizing.

"Island Master, how are you."

"Master, are you alright."

Everyone was nervous around the Island Master.

After the Island Master slowed down, he smiled bitterly, "Old, really old, I can't even resign myself to old age, I can't take it anymore with such a duel with the Moon Martial King today, my body can't take it anymore, I'm afraid that the Emperor Bug that Omi gave me will be wasted. However, I am very happy, it's been a long time since I fought the Moon Martial King, and it's also been a long time since I fought a real opponent, it's really hearty, all these years hiding in the Martial Island, my bones are really crispy, hahaha."

Omi said ashamedly, "Island Master, I'm sorry, it's all because of me."

"Omi, I have a few heartfelt words to say to

Go ahead.”

“Island Master, please speak.”

“Do you remember Wang Qi.”

“Uh, of course I remember, Wang Qi was just killed by me, how could I not remember.”

“Oh, Wang Qi used to, he comprehended the killing intent at the third level of the Unity Realm Great Perfection, from then on, he thought he was going to be number one in the world, his mind, turned very conceited and inflated. The fact that he will die at your hands is actually not unrelated to this mindset of his. However, after you came out of the memory stone, you’ve also become a bit inflated as well as conceited, and I just want to tell you that if you want to be strong, you must never have this kind of conceited mentality.”

“I know, you’re right, before, I was so determined to believe that I could challenge most of the strongest people at the peak of this world, that I even thought that even you and I could be somewhat confident. But today, after just one round with the Lunar Immortal Supreme Emperor, I was beaten backwards, and I know that my previous mentality was too inflated, and I’m almost indistinguishable from Wang Qi. It’s also related to the fact that I’ve always risen as the most genius, which is what made me inflate my self-confidence and create conceit.”

The Island Lord smiled, “It’s very good that you were able to correct your mindset, then Wang Qi just couldn’t correct it, perhaps that’s the biggest reason why he ended up dying at your hands. Omi, you have to understand, when I was young, and when the Moon Martial King was young, we were all world renowned geniuses ah, those who were able to reach the pinnacle, each of them had a legendary experience when they were young. You have to stabilize your mind, with your current situation, you will become the world’s top powerhouse sooner or later in the future.”

“Oh, I don’t care anymore.” Omi said.

“Uh, are you really looking over your shoulder, or are you just pretending oh, hahaha, alright, enough gossiping, now you definitely still want to go to the Heaven’s End Gate. Then let’s go to the Heaven’s End Gate again.”

“Island Master, let’s recuperate for half a month first.” Omi said.

The Island Lord had fought a battle with the Moon Never Falling Supreme Emperor, and his vitality must have been greatly injured, so if he went to the Heaven’s Extinct Gate again and fought against the Heaven’s Extinct Gate, his vitality hadn’t recovered yet, which would be detrimental to the Island Lord. The strength of the Heaven’s Destruction Gate’s Master was above the Moon Never Falling Supreme Emperor.

The Island Lord nodded, “Good, I hope it won’t delay your search for information about Mu Qianji.”

“It’s already been a year and a half, it’s not too far off.”

Omi and the others, came to a deep mountain at random, and everyone worked together, spending half a day building a sizeable wooden house, preparing to recuperate here for half a month, mainly for the Island Lord to recuperate.

Omi also wanted to take this opportunity to gain a good understanding of his martial dao.

Previously, Omi had seen the Island Lord and the Moon Martial King, their palms were sharp swords, their hands were swordless but had swords, and each move carried a supreme sword move, a realm that Omi had yet to reach.

Therefore, Omi threw his sword away, he had to think about it.

In the blink of an eye, ten days passed.

During these ten days, Omi and the others were quietly practicing martial arts in this deep mountain, and everyone didn't waste any time.

The Island Lord was in seclusion for ten days and came out after ten days.

"Island Lord, how are you?" Don Zimmer asked.

"Well, it's a good recovery."

"So fast."

"Not so fast, if I was young, it wouldn't take a day at all to recover my strength, but now that I'm old, I can't compare. Omi, you seem to be comprehending something."

"Yes, I want to try to see if I can throw away my sword, like you did that day with the Moon Wookiee, which has a strong sword energy even though it's a double palm."

The Island Lord sighed, "Omi, it seems that you haven't understood yet."

"Uh, I don't understand yet?"

"Yes, you've seen us throw away our swords, and you've thrown them away with us, and you want to learn that we don't use them, and you're wrong, so you don't even understand yet."

“Ah, I, still don’t understand?” Omi thought that he should understand very well that a sword without a sword in his hand was better than a sword with a sword in his hand, and that was the kind of situation they were in.

“You didn’t understand.”

“Can the Island Lord say it clearly.”

The Island Lord shook his head, “You have to figure it out for yourself to really understand, you haven’t understood yet, but I’m telling you that instead, I’m misleading you in the wrong direction. Alright, take your time to comprehend, you’re so young, you can’t be rushed.”

“Good.”

Omi’s mind was baffled as to why the Island Lord felt that he hadn’t understood anything at all.

This kind of thing was foggy when you didn’t understand it, but once you did, it turned out to be so simple.

Omi knew that to comprehend the island master’s kind of martial arts experience, I’m afraid it’s not overnight, Omi was still too young, youth is not only an advantage, sometimes also a disadvantage. The first website m.kanshu8.net

Next to her, Liona muttered, “What is it, all at once understand all at once don’t understand, make it so mysterious.”

“Oh, Xiang’er, you still have the heart to listen to us, it’s only true if you quickly step into the Innate Realm.”

“Oh.”Liona had to go off to the side to practice her swordsmanship.Maybe Liona would never reach the level that Omi was at now, they and Omi were destined to grow farther and farther apart, maybe it wasn't the right choice for them to get together in the first place.If they had chosen the right family, they would have been able to happily have children for the rest of their lives, though not so spectacularly, and their lives would have been ordinary.And if they chose Omi, although they followed Omi with a splash, they also lost a lot of ordinary happiness.

Soon, half a month passed.

“Alright, half a month of recuperation is over, it's time for us to depart for the Heaven's End Gate.”

The crowd once again boarded the flying ship (shuttle) and headed straight to the Heaven's End Gate.

Whether or not Mu Qianji's information could be learned from the Heaven's End Gate would depend on this trip to the Heaven's End Gate.

Soon, at the foot of the Heaven's Extinction Gate, Omi now regained his memory, he was no stranger to this place, at first, he and Mu Qianji reached the Heaven's Pond from an underground river, thus stealing the Ice Crystal Snow Lotus unknowingly, of course, it was possible to go so smoothly because he happened to meet the daughter of a Heaven's Extinction Gate Vice Master.

The crowd asked Omi how he stole the Ice Crystal Snow Lotus, Omi told them the truth, and everyone was saddened.

Just then, a voice came from the sky, “Friend, coming to my Heaven's End Gate, why don't you come up here to catch up with my landlord.”

The Island Lord smiled, “It seems that the Master of the Heaven's End Gate already knows that we have come.”

“Wow, that’s how you know too.”Liu Yue said in amazement.

The Island Lord said, “The Master of the Heaven’s Expanse Gate is a heavenly genius, when he was young, his fame spread throughout the world, and I have sparred with him several times, and I lost to him once.Now it seems that he resides deep in the Heaven’s End Gate and his strength is only increasing, let’s go, Omi, the two of us will go up to the snowy mountain and pay our respects to this former deceased.”

Omi asked, “Island Master, will you fight him this time?”

&n

bsp; “Haha, if he doesn’t know your intentions, maybe not, but if he knows that his ancestral Ice Crystal Snow Lotus has been eaten by you, no one can guarantee that he won’t kill you, it’s his ancestral treasure for impacting the Ancestor Realm, and no one can accept the result of it being stolen.”

“Oh, no matter what, I have to get information about Mu Qianji.”

“Go.”The Island Lord and Omi leapt to the top of the snowy mountain and their figures headed for the summit of the mountain.

Soon they arrived at the top of the snowy mountain, a white old man standing on the roof of a palace at the top of the snowy mountain, this white old man with completely white hair, coupled with his white clothes and the surrounding snow scene, very fairy-like, standing on top of the snowy mountain, it was as if he was not on earth.

Omi and the Island Lord steadily landed on the ground.

The Heaven's End Gate Master's gaze suddenly shot to the two, and when he saw that it was the Martial Island Master, he was slightly surprised and said, "Tao Lin, it's you."

"Qingfeng, long time no see."

The Heaven's End Gate Master looked at Omi again, his brows furrowed, as if he felt quite familiar with the figure.

"Who are you? Why do we seem to know each other?"

Omi worshipped, "Senior Omi, greeting Senior Gate Master."

"Omi, could it be that the new rise of the Yanhuang Empire is a youth?"

"Exactly junior."

"But I haven't seen you before."

The Island Lord said, "Omi, what do you want to ask him, just be direct."

"Good." Omi said to the Heaven's End Gate Master, "Senior, a year and a half ago, you and the Supreme Emperor of the Moonless Empire chased a woman in the Water Ape Empire, I want to ask if that woman was killed by you, and if not, where is she."

The Heaven's End Gate Master looked at Omi, his body trembled, and he said angrily, "So it's you the thief, I said why do I see you look familiar, it turns out that day in the Water Ape Empire, the person beside that thief girl was you. You and that thief girl teamed up to steal my Heaven's End Sect's supreme treasure, the Ice Crystal Snow Lotus, and you still dare to come to my place to find someone, looking for death."

The Heaven's Expanse Gate Master was just as angry as the Moon Never Falling Supreme Emperor and went straight for a palm strike at Omi.

The Martial Island Lord pushed Omi's body back and said, "You back off."

"Boom." The two great experts of the Martial Forest Island Lord and the Heaven's Expanse Gate Lord suddenly paired up against each other, their thick internal strength colliding together, making a dull sound as if two large trucks had instantly blown together, and a palace pillar behind them was trampled with an internal force.

The bodies of both the Heaven's End Gate Master and the Martial Island Master endured the internal force of such power from each other, and blood spilled out of the corners of both their mouths.

With just a single palm duel, both of them had suffered considerable internal injuries, but it looked like the Heaven's End Gate Master's internal injuries would be much more serious.

The Heaven's End Gate Master raged, "Tao Lin, what do you mean? This man has stolen my Heaven's Expanse Gate's greatest treasure, what is the point of you protecting him."

Martial Island Lord said, "Omi is my forgotten friend, I won't let you kill him, besides, although he ate the Ice Crystal Snow Lotus of your Heaven's Ultimate Gate, what's the point of the love, he was seriously injured and his intelligence degraded to that of a child, his sister stole the Ten Thousand Year Ginseng and Ice Crystal Snow Lotus in order to treat him."

"I don't care if he has any reason to steal my Heaven's End Gate's greatest treasure, he will surely die."

The Martial Island Lord laughed, "Master of the Heaven's Ultimate Gate, with me here today, you can't touch him in the slightest, you're quite injured at the moment, I'm afraid you can't face many palms with me anymore. You lost to me back then, and you still are today."
