

King of kings 1073–1074

“Where is Master Yan’s grave?I want to pay my respects to him.”Omi said.

Big Brother Xie Yong said, “Let’s go together.”

“That’s right, we haven’t asked our little sister to confess yet.”Fifth Senior Brother Spirit Monkey suddenly said.

Everyone suddenly reacted, yes, didn’t we say before that Omi would let his little sister confess after he explained.

“Ah!”At this moment, Little Sister blushed as she listened.

When Omi disappeared, she felt very courageous and regretted not confessing to him in the first place, but now that Omi had actually returned, she found that she wasn’t so courageous.

“Haha, Little Sister, now that Brother Feng is back, didn’t you say that you regret not confessing to him in the first place?Come on, confess now, and then go pay your respects to Master Yan when you’re done.”

“Me.”Little Sister blushed as she looked at Omi, then shyly lowered her head.

“Uh!”Omi was also quite embarrassed.

“Little Sister, don’t just stand there, Brother Wind has returned, tell him what you’ve been wanting to say since ten years ago, hurry up and say it to him, but this time the heavens have given you another chance.”

“Me.”Qin Ren blushed and lowered her head. Remember the URL . kanshu8 . net

Omi said, “Fellow senior brothers, hurry up and take me to pay my respects to Master Uncle Yan.”

“What’s the hurry, Master Uncle Yan can pay his respects whenever he wants, now it’s better to let Little Sister confess quickly.”

Omi wanted to relieve himself, but he couldn’t.

Fourth Senior Sister Ah Ju said, “Don’t force Little Senior Sister, Little Senior Sister is already engaged, it doesn’t seem good to force her to confess to Brother Feng now, besides, Brother Feng has just said that he has a wife in the other world, and he has several concubines as well.”

A wave of inexpressible grief came over Little Sister inside.

Omi didn't know how to explain it, this world was more feudal, girlfriend and wife were obviously indistinguishable, Omi didn't argue, he and Liona, Xu Mei Qian, Simran, Samira and others, it was already about the same as a wife, just missing a wedding, if Omi argued, it would seem hypocritical, wife on wife, Omi acquiesced.

Little Sister's eyes were red.

Big Brother sighed, "Let's just say, it's no longer the same now, so many things have happened, it's impossible to renew the previous fate. Wind junior brother is fine, leaving that world, if you can't return, it's equivalent to those wives and concubines are gone, you can still find them again. But not Little Sister, she's already engaged to Qi Ren Xuan of the Flag Hill Sect."

Omi was busy saying, "Flag Mountain School? Qi Ren Xuan?"

"Right."

About Qi Ren Xuan, Omi had heard of him, back when Omi was still in this world, Qi Ren Xuan was somewhat famous, but since he was two years younger than Omi, his fame and all that wasn't as great as Omi's. It must be that after Omi crossed over to the other world, this Qi Ren Xuan had gradually opened up his fame in this world.

Omi looked at his little sister, there was always an unexplainable unhappiness inside, Tang since then, although there was a woman in the other world, there was no doubt that Omi was in love with his little sister.

However, Omi had a headache when he remembered the Demon Demoness Mu Qianji, and he didn't know when he would be able to see Mu Qianji again.

"Alright, let's go pay our respects to Master Yan."

Omi followed his brothers and sisters to the Divine Dragon Sect's Ancestral Cemetery, which was where many ancestors throughout the ages had resided.

"Master Uncle Yan, unfilial nephew Wind Light

Yun, I came to visit you." Omi heavily kowtowed three times.

Big Brother handed Omi three incense burns and said, "Take the incense, Master Uncle Yan won't blame you."

After paying his respects to Master Uncle Yan, Omi returned to the Divine Dragon Sect with a heavy heart, and met with several other Divine Dragon Sect teachers, such as Master Uncle Yu Qing and Master Uncle Hao Yuan, only, Omi hid the truth of the disappearance from them, Omi didn't want to spread the news about the other world, in case some unkind people from this world went there, it would definitely cause harm to the people of that world.

Omi settled down in the Divine Dragon Sect, the room he used to live in had been demolished, so the room he was now living in was right next door to his younger sister, and he didn't know if it was intentionally arranged by his elder brother.

Late at night, Omi leaned on the railing outside the door of his room, imagining in his mind relatives from the other world, such as Little Meng. Xiaomeng's talent was known to Omi, by no means bad, and not all of Omi's brothers and sisters were better than her.

The little junior sister next door suddenly opened the door.

"Brother Feng, what are you thinking about, can't you sleep? The first night back, you must not have been able to sleep, see I asked." Qin Ren came out and said.

Omi smiled, "Little sister, you couldn't sleep either? Still, I'm disturbed, by rights I shouldn't be living next door to you, after all you're a girl, I really don't know how Big Brother arranged it."

"It's all right to be your own senior brother," Little Sister said with a bit of a blush.

"If you can't sleep, then come over and chat."

"Okay."

Qin Ren sat down beside Omi, and after a while of silence, Qin Ren asked, "By the way, Senior Brother Feng, are you in another world and not called Feng Lightning?"

"My name is Omi."

"Oh, no wonder I heard you refer to yourself as 'TOmi' today I see. How have you been all these years in that world?"

"Well, I'm having a good time, that world, although the martial artists are not as good as ours, but there are things that stand out in that world, there are many things that people here can't even imagine."

"Oh, there's a chance, I really want to go there."

"There will be a chance, sooner or later I'll have to find a passage to that world and go back to see that there are still people there that I can't let go of."

"You mean your wife and concubine in that world?" Little Sister asked.

"Oh, no, truth be told, before I came back, all those ladies of mine were, like, dead."

"Ah!" Little Sister was shocked.

"This is why."

Omi said with pain in his heart, "I had more than a dozen friends in that world, but unfortunately, I couldn't protect them, and now, only three of them are still alive, I must go back there and bring them here."

"Why do you have to bring them here? If you can really go back, you might as well live in that world, I think, it's far better for you to live in that world than here, our side of the martial world, it's a mess."

Omi shook his head, "No, that world is no longer suitable for me, I'm considered to be at the pinnacle in that world, in the entire world, there isn't a single one that has stepped into the Ancestor's realm since ancient times, don't you think it's too lonely for me to live in a world where everyone is beneath me, and I'm still so young? Not having an opponent is very scary, and not having an opponent means that I won't progress, and I'll spend my whole life in that world, being at the peak of the Unity Realm."

1074

"Yeah, I didn't realize that world force was so weak, that's why you didn't want more people to know that world existed."

"Hmm."

"Brother Wind, can you tell me about your wife in the other world? They must all be outstanding for you to be willing to marry them."

Omi said awkwardly, "Honestly, I haven't married them yet, how can I put it, that world is different from our world in terms of men and women, in that world, they can be together and do anything before they get married, and if they don't feel suitable, they can break up again, and then look over until they find one that feels suitable, then they will have a wedding and become husband and wife. In other words, the person who ends up becoming his wife, nine times out of ten, has been with another man at one time or another."

Little Sister was shocked and said, "No way, this, this, how is this possible, this is too, too, too." Qin Ren was really stunned inside, in this world, before becoming a bride, she had been with other men, that's a pigsty to be immersed in, don't even think of marrying out for the rest of your life.

"Oh." Omi smiled, Little Sister could no longer describe the surprise in her heart.

"Sister, don't be surprised, every world has its own culture, in that world this is normal."

"Brother Feng, don't say that, I can't understand this kind of behavior anymore."

"Oh." Omi also stopped talking about this.

Omi asked, "Little Sister, when are you and Qi Ren Xuan going to get married?"

Qin Ren's face darkened. One second to remember to read the book.

"I don't know, parents' orders and matchmakers' words are all decided by the master and master's wife."

"Little Sister, in the other world, marriages make their own decisions."

"It's good if it is."

"You, do you love Qi Ren Xuan?"

Little Sister sighed, "So what if I don't love it."

"So, you're just following your Master Teacher's arrangement, and you don't accept the marriage in your heart?"

"I, I don't know how to say this, but Qi Ren Xuan is not bad, at least the entire Divine Dragon Sect is very accepting of my marriage to her."

"Little Sister, tell Brother Feng how good Qi Ren Xuan is, let me see if he's worthy of you."

"Qi Ren Xuan he's also very famous, he's one of the twenty genius prospective clansmen in our proper sects, he's in the top ten, just ninth in the genius prospective clansmen. A very promising future strong man, his comprehension of his own martial arts is above mine, and I'm ranked fourteenth out of the twenty genius prospective masters of the main sect."

Omi nodded, Omi also had to cheer up, because Omi was not as good as Little Sister now, talk about compared to that Qi Renxuan, Omi was in another world, although he also stepped into the peak of the Unity Realm Great Perfection, but he was obviously dragging his feet, if Omi had not crossed into that world, then Omi would probably be even further ahead today, definitely stronger than Little Sister, even that Qi Renxuan might not be able to compare to Omi. Therefore, it was most appropriate for Omi to return to this world, and if he continued to stay in the other world, I'm afraid his martial arts skills would never advance.

"Alright, Little Sister, it's getting late, time to go back and rest."

"Oh." Little Sister looked as if she wanted to say something else.

"Is there anything else Little Sister wants to say again?"

"It's fine, but there's no harm in saying it."

"Brother Feng, my engagement to Qi Renxuan, you'll

There's nothing you want to say?I'm sure you know that what I want is not for you to bless."

Omi said, "Little Sister, it is impossible for me to bless you, because, before I crossed over to that world, I have always liked you, very, very much."

Little Sister was very happy inside when she heard Omi say liking, a thousand words are no better than the three words liking you.

Dao: "If you like me, then why did you marry so many women in that world."

"Little sister, please forgive me, when I crossed into that world, I only had you in my heart, and my heart ached when I thought of you, and, several times, I fainted in pain because I thought of you."

"Ah, fainting in pain, that's what it looks like to fall into a love demon."

"Yes, I've almost fallen into a love demon because of you too."

Little Sister's face was now blossoming with joy, and her heart was so sweet.

"Then what happened later?"Little Sister bowed her head in shyness.

"Later, when I thought I could never go back, I thought that I had to control myself not to fall into the love demon, because I didn't know what would happen, and whatever it was I was demonized for, it wasn't a good thing.So, I had to tell myself to forget you, at that time, I was in that world, I was not familiar with life, to make a living, I worked as a bodyguard for a big family's daughter, every day with that big family's daughter, slowly, that daughter she fell in love with me, later, other young girls studying in the same school also liked me, unfortunately, I did not think about feelings at all, but, later I was still touched by their warmth, plus I've failed a lot of girls in this world, and I've decided to stop failing them, so I'm just going to let nature take its course together."

"Oh!So then, you don't like them very much in your heart."

"Alas, now that they are dead because of me, I really cannot say such heartless things without comment."

"And what if they're not dead?"

"Not dead?How could it be."

"I say if."

"Then I, Don Tzu-Chen, will certainly receive them here."

"Oh!"Little Sister was a little sad and oh-so-sad.

Omi sighed.

Dao: "Now that they're all gone and you're back, since you like me in your heart, are you willing to make a little effort for me?"

"Making what effort?"

"You're still so stupid, and if you really like me in your heart, you shouldn't have stood by and watched me marry another man."

"Of course not."

"Then what are you going to do about it?"

"Me?I don't know at the moment."

Omi thought about Mu Qianji and was depressed inside, Omi also thought about trying to save the situation for the sake of his little sister, was it possible to be back together with her, but what about Mu Qianji?

Omi was pretty sure that Mu Qianji liked him, and after all that had happened with Mu Qianji, Omi also liked her.

If she heard that she was with her little sister, Mu Qianji might be very sad, so Omi was hesitant and not so everyone determined.

Omi realized that he had changed, before he hadn't crossed over, Mu Qianji also liked him, at that time, Omi's attitude was so resolute.

"How stupid."
