

# King of kings 1191–1195

## Chapter 1191

Omi was so refreshing inside.

Although he knew that it was all fake, and if it wasn't for Shi Ling giving him 100,000 times more power, Omi wouldn't be able to be so awesome, but even if it was fake, it was still quite refreshing to have a good time.

Omi said to the remaining group of mercenaries, "Which one of you wants to try my Fan Head Technique again? One slap and a head exploding feat, whoever of you want to try it, please raise your hand to express it."

Everyone's body trembled as they looked at Omi, was this the devil? Why so unorthodox?

Omi smiled, "Very well, it seems no one wants to try my fan-headedness, in that case, I declare that you, from today onwards, are all my slaves, alright, all of you kneel at the entrance of the inn, hurry up."

More than a dozen people, went to the entrance of the inn and knelt in a row, no one dared to resist, because their bosses were all fan-headed.

Omi and his wife sat down at a table.

As soon as Omi sat down, several people outside tried to escape.

Omi's body moved, he was speed, and also 100,000 times more powerful, Nima, how else can others play, almost in the blink of an eye, Omi slapped the ones that escaped, and exploded them.

"Ah." The remaining ones that wanted to escape, were dumbfounded, this speed? It's almost instantaneous, isn't it? Those who escaped, all of them hadn't even made it three meters before they were caught up and fanned out.

The rest of them never dared to run away again. One second to remember to read the book

Omi went back to the inn.

"Shisun, let's eat."

The teacher's wife whispered, "Windy, what's going on? Why so strong? Simply divine."

Omi laughed, "Honestly, I just told Shi Ling that I was surrounded by a group of Zongshi realm mercenaries, I'm sure I can't win, and there's a late one among them, Shi Ling said that he's the master of this memory stone, there's no one stronger than him here, and he gave me 100,000 times more power with a single word, do you think I'm strong?"

"What? Gave you a hundred thousand times more power."

"Yeah, I was going to slap them, but as a result, it exploded, I can't really do anything about it, I can't really lower my power any more, after fanning it lightly and adding a hundred thousand times more power, it's unimaginable."

The teacher frowned, "Then you're so strong now, wouldn't you be able to accomplish your goal of removing the aliens with ease?"

Omi said speechlessly, "Shizuo, if it's so easy to remove the aliens, then the stone spirits don't need to trouble us, the reason why the aliens are aliens is that the stone spirits can't control them, that is, no matter how many times I add strength, it's all empty to the aliens, we are killed by the aliens and the stone spirits can't save us."

"I see, so we have to rely on our real strength to kill the aliens."

"Yes, but what about, the Stone Spirit has given me such a strong power, it's really enjoyable. I suddenly have an idea now."

"What idea?"

Omi smiled heedlessly, "Since we can't kill the aliens, can I, then, force a Zongshi Grand Perfectionist to kill the aliens? Or, I'll use the power I'm adding now to form a superpower and then, easily take care of the aliens."

"Huh, yeah. The power Shi Ling gave you is ineffective against the alien, but ah, it's effective against non-alien powerhouses, you just need to force a clan master level non-alien to kill the alien!

Won't that do it?"

"Hahaha, I'll inquire about Shi Ling."

Omi immediately questioned Shi Ling and told Shi Ling what he thought.

Shi Ling was stunned and somewhat surprised, "Why didn't I think of that? It turns out clearing out the aliens can be so simple, hahaha, Omi, what you said totally works, alright then, I'll continue to give you power now, I'll give you 10,000,000 times more power, you're strong enough to defeat anyone in this Memory Stone World with this much power. You go and collect a few junior brothers of the Grand Master level and send them to remove the aliens."

"Good." Omi nodded his head.

"Hahaha, hahaha, so it can be so simple, but I didn't think of it before." Shi Ling laughed loudly and was in a good mood.

However, Omi was not very happy, although added ten million times more power, this world was enough to be king, but, the future exited the memory stone, and then hit back to the original shape, and, so strong, Omi in this world, how can he still practice, there is no opponent anymore, practice a ghost.

Omi really didn't know if this was a good thing or a bad thing.

Shi Ling seemed to have read Omi's thoughts and said, "Omi, don't worry, although I've given you 10,000,000 times more power, you have no opponent, you can't be powerful, but you can capture all the great masters in this world, and help you study martial arts every day, and guide your martial arts, I think, this benefit is more than any kind of training! Even bigger, this time it's really cheap."

"Thank you, Senior Shi Ling, hahaha." Omi laughed, still Shi Ling had insight ah, Omi grabbed the world's clansmen grand successes and gave Omi auxiliary dao every day, dammit, Omi didn't believe that it was still no match for the so-called life and death experience, so many strong people, what resources did Omi want.

But then, wouldn't Omi have to unify the world?

To be the ruler of this world, beneath one man and above all others?

You want to play oh so addictive, it's going to be so addictive, you won't want to leave.

Later on, when you return to the real world, you'll really be worse than dead.

After Omi ate, he said to a group of people kneeling outside the door, "From today onwards, you are all my slaves, and whatever I say is what I am, okay?"

One of them said, "Senior, we admit that we have offended you with our eyes but you are moving slaves, wouldn't this be too much, to be honest, my family is one of the ten strongest families in this continent, the Yuanfeng family, you are going too far, if my family knew, I'm afraid my family wouldn't let you off, don't tell me that you are strong, my family was rated as The continent's top ten families are by no means just a vanity, and you may not be able to withstand the wrath of my family."

Omi said to the man, "What is your name?"

"My name is Yuan Feng Qi."

"Yuan Feng Qi right, I'll tell you now, I'll make your Yuan Feng Family, tremble under my feet."

"Hmph, ridiculous, my Yuanfeng Family, is one of the ten largest families in the continent, by you?"

"Yes, with me, alright, I don't want to talk nonsense, you guys get up and put, remember, don't run oh, I can catch you no matter how far you run, once you catch me, fan out. Wait until tomorrow, come with me into the Tai Desolate Forest and search for Lord Luo Huan's granddaughter, Luo Yang, hey, why am I still searching for her?" Omi suddenly remembered why he was searching for her now that he was so strong.

In that case, we're not looking for it.

1192

At that moment, a mercenary said, "Senior, Luoyang has been found."

"Uh, been found? Who found it?"

"By the Sunset Mercenaries."

"The Sunset Mercenary Corps has found it."

"The Sunset Mercenaries are in this town at the moment, they are staying at the Chen Fu Inn on the west side of the town, that Luoyang is also there."

Omi smiled, "What a coincidence, you guys lead the way, I Chen Fu Inn."

"Yes."

Omi immediately arrived at an inn in the west of this town.

At this moment, inside this inn, the same equally powerful mercenary group was drinking and eating meat.

"Cheers, celebrating that we found Luoyang County Mistress."

"Hahaha, cheers." First URL m . kanshu8.net

"We've found Luoyang County Master and handed her over to Senior Luo Huan, so we can beg Senior Luo Huan to do something for us."

"That's right, Senior Luo Huan, but our continent, the famous, top ten strongest, to get one of his promises, hehehe, our Sunset Mercenary Group, we're going to be rich."

"Dry."

The group of people seemed to be in a very good mood.

Just then, a voice came out, "No, no, no, I'm the one who found the Luoyang County Master."

Everyone was stunned when they heard this voice, and the noise stopped for a moment.

Omi stood at the entrance of the inn, he was followed by a group of mercenaries behind him, the group of mercenaries behind him were very speechless when they heard such overbearing words from Omi, people Sunset Mercenary Group, they were born and died in the Tai Wilderness Forest, several brothers died before they finally found Luoyang County Master, but they didn't expect that Omi would say with one sentence that he found it, it was too shameless.

The leader of the Sunset Mercenary Corps asked, "Who said that just now? Trouble saying it again."

Omi smiled, "I'm sorry, I was the one who said it, I might have been a little too quiet just now and didn't let you guys hear it clearly, I'm really sorry. Then I'll say it again now, Luoyang County Mistress, I'm the one who found it." At that moment, Omi saw a woman sitting alone at a table eating in a certain corner of the inn, it looked like nine out of ten was the found County Master Luoyang.

The leader of the Sunset Mercenary Group looked towards the door and snorted, "I said who is it, so it's the Black Snake Mercenary Group, what, you want to rob someone from us?"

The few mercenaries behind Omi busily said, "Senior Yu Shan, don't misunderstand, we didn't say that just now."

"Then who said it."

Omi said, "I said it."

The leader of the Sunset Mercenaries smashed the wine bottle in his hand, and with the bottle in his hand, he walked up to Omi and said, "Try it once." As if, if Omi said it again, he would stab over with the bottle, which was somewhat similar to a beer bottle, and I don't know what it was made of, but it certainly wasn't glass.

Omi said, "I found it, not only did I find it, but Luoyang County Mistress is also my bed-warming maid."

"You." Everyone couldn't believe why this kid who looked like a Unity Realm was so crazy.

"Go die." The leader of the Sunset Mercenaries was suddenly angry and stabbed the bottle in his hand at Omi.

Omi flicked his finger, and suddenly, that head of the group was bounced away.

Omi didn't dare to use his slap now for fear of giving it a smack, Omi didn't want to be so bloody, so instead, he used his finger to flick it.

"Ah." Everyone was dumbfounded when they saw Senior Yu Shan of the Sunset Mercenary Group being flicked off by Omi's finger.

Senior Yu Shan, who was a late-stage, famous powerhouse of the clan, was actually, actually bounced away.

Yu Shan climbed up, and at once drew his sword and killed Omi.

Omi flicked his finger again, and Yu Shan, who hadn't gotten close enough, was bounced away by the wind from Omi's finger.

Imagine Omi's hand

The wind from the flick of the finger, after being added ten million times, how strong would that have to be, enough to bounce someone from ten meters away.

Omi was still just flicking it, if he flicked it hard enough, I'm afraid that Yu Shan would have been killed by Omi, it was also fortunate that Yu Shan was flicked several meters away from Omi and wasn't close to Omi's finger, otherwise I'm afraid that he would have been dead or alive.

"Ah." Yu Shan was dumbfounded, this time, he knew that if he rushed up there, he would be asking for death.

Omi said, "Your name is Yu Shan?"

"Yes."

"Do you want to come back up here? Honestly, I just slapped the head of the Black Snake Mercenaries to death at another inn, and I don't want you to get bombed too, okay? I'm really tired of controlling my strength."

"Thank you senior for not killing me."

"Alright, no need to be polite, I'm asking you, did I find the Luoyang County Master?"

"Yes."

"Is Lord Luoyang County my bed-warming maid?"

"Yes."

Omi walked towards the pretty girl in the corner of the inn and smiled, "You are Luoyang?"

"Yes. What do you want? My grandfather could be Luo Huan, one of the top ten strongest people in the continent." That beautiful woman said.

Omi smiled, "It's okay, your grandfather will become one of my men sooner or later."

Luo Yang was furious: "Daring, you dare to disrespect my grandfather."

Omi touched Luo Yang's face and said: "A face full of collagen, not bad, the skin is well maintained, what kind of skin care products do you use?"

"What did you say, I don't understand."

"Oh, there's no skin care products here." Don Omi said, but of course, Don Omi was playing dumb and just teasing the pretty girl.

"I'm warning you, you'd better not touch me or my grandfather will get really angry."

"Come on, I don't want to repeat myself for the third time, your grandfather will be under me from now on."

"Hmph, foolish dream."

Omi didn't bother talking to Luoyang anymore, and said to the leader of the Sunset Mercenaries, "Take care of Luoyang for me, I'll be coming over tonight, and I'll probably sleep at this inn."

"Yes, Senior."

The body moved and flew away, and in the next second, Omi returned to that inn from before.

Senior was still waiting at that inn, and just now, Senior didn't follow him to the Chen Fu Inn.

"Knock knock." Omi knocked on the door.

"Don't come in, I'm taking a bath." The voice of the teacher's wife came from inside.

"Oh."

Omi didn't go in and waited outside for ten minutes before the teacher's wife got dressed and opened the door.

"Feng'er, you went to that whatever Chen Fu Inn so soon?"

"Yes, Shisuniang, I ran into a mercenary group called Sunset, I've subdued that mercenary group, and I've also met Luoyang County, but she's a beautiful woman."

The teacher's wife asked speechlessly, "You're not going to do anything to her, are you?"

"Ugh."

"Feng'er, why have you changed like this, just now you slapped those mercenaries and threatened to be all your slaves, that look, I feel you're so arrogant."

"Sifu, you don't like me being arrogant like this?"

"Ugh, I don't know."

"Sister, now that Shi Ling has given me ten million times more power, I really can't do it without going crazy ah, do you know that a strong man in the late sect, I am several meters away from him, and if I flick my finger at him, the wind from my finger would be enough to bounce him away, if I go for a heavy flick, the wind from that finger flick could tear him apart. Really, I feel like a god right now, I can dictate the fate of any strong person, you tell me how to keep a low profile like this. Teacher, to be honest, I'm really afraid that big brother will sneeze and kill someone."

1193

The teacher's wife looked at Omi speechlessly.

"Shisun, since Shi Ling has given me such a strong power, it would be too wasteful if I don't make good use of it."

"How do you want to make use of it?"

"Of course it's in this world, to be king, to have everyone crawl at my feet, to have all the clansmen grand successes, to become my little brother, to help me, and you, and my brothers and sisters, and my friends practice martial arts, and when we're all strong, we'll leave this world, okay?"

"Alright."

"Alright, Shigure, then you rest, and if there's any danger, call out to Shi Ling."

"Windy, where are you going? You don't really want to go to that Chen Fu Inn and look for Luoyang, do you? You really want to do that to her?"

Omi was embarrassed, somewhat difficult to say: "Teacher's wife, what do you want me to do then, people are at least a man okay, it's been a long time since I've followed, followed, geez, you know."

"Feng'er, how can you say that, then I wouldn't be." The teacher's wife stopped saying it, blushed, closed the door, and said, "Alright, you go, I don't care."

"Auntie, I'm going then."

In the blink of an eye, Omi arrived at the Chen Fu Inn. Remember the URL .kanshu8.net

He was too fast, any speed, and after adding ten million times that, it wasn't speed anymore, it was instantaneous movement.

The Sunset Mercenaries, were still waiting for Omi at that inn.

And that Luoyang County Mistress, however, was making a scene, and had been ordering Yu Shan to take her away immediately.

However, Yu Shan had already been frightened silly by Omi's strength, and coupled with the previous persuasion from the Black Snake Mercenary Group, how could he dare to take Luoyang away.

"Quickly take me away, that man is crazy, didn't he say that he wants me to warm his bed at night, I don't want to don't want to."

"Mistress Luoyang, you should also understand us, if I take you away, how will that senior let us go."

"I don't care, I want to go."

At this time, the voice of Omi came from the air, "Where are you going, Luoyang."

"It's you."

Omi flew down and laughed, "Luoyang, this is boring, we're all out to have fun, shouldn't we be having fun."

"You're the one coming out to play, I'm not."

"Well, I'm so powerful, aren't you impressed?" Omi asked.

"My grandfather may not be weaker than you."

"Well, it seems that I need to defeat your grandfather in front of you, if you can really defeat my grandfather, then I'll do whatever you want." Luo Yang said.

"Fine, where is your grandfather, call him over."

"My grandfather lives in Mount Cluck Ju, you come with me to Mount Cluck Ju now." Luo Yang wanted to trick Omi into going to her grandfather, just a provocative trick.

However, Omi wasn't afraid of her provocative tactics at all, nodding his head, "Good, then go to Mount Clucking Chrysanthemum now." Omi picked up Luoyang and flew in the sky.

"Which direction is Mount Cluck Chrysanthemum in?"

"Ah, so fast." Luo Yang was shocked, as Omi flew very fast.

Yes, Omi's original speed, plus ten million times more, Nima, this is going against the sky.

"In this direction." Luo Yang said warily, she was a little scared inside.

Very quickly, to Mount Gouju.

"Ah, here we are, oh my god." Luo Yang was stunned.

Omi landed at Mount Cluck Chrysanthemum.

"Let's go, go find your grandfather Luo Huan."

Luo Yang hardened her scalp and took Omi to find her grandfather.

Luo Huan, would be the first top strong man Omi took in.

"Grandpa, I'm back."

Soon after, an old man rushed out incredulously.

"Luo Huan?"

"

"Grandpa, it's me."

"Oh my God, it really is Loyola, you, what are you doing back here."

"Grandpa, I am."

Luo Yang looked at Omi.

That old man also looked at Omi, saw that Omi was a Unity Realm, and asked, "Did you find my granddaughter? Or?"

Omi smiled, "You must be Luo Huan."

"Yes, boy, answer my question first."

Omi shook his head, "No, no, no, you answer my question."

"You." Luo Huan was a little upset with Omi's rudeness, but considering that Omi had found his granddaughter, he endured.

Omi said, "Luo Huan, I made a bet with your granddaughter that if I can defeat you, your granddaughter will let me play."

"Play? How do you understand?"

"Oh, just playing, you know."

"You." Luo Huan was furious, then looked at Luo Yang.

Luo Yang was busy saying, "Grandpa, this man is very powerful, he was trying to force me before, I lied to him and said that if he defeats you, he will be allowed to do whatever he wants."

Luo Huan nodded, looked towards Omi and said, "Kid, you are very courageous, do you know who I, Luo Huan, am?"

"I know, one of the top ten strongest people in this continent, well."

"If you know, you still dare to touch my granddaughter?" The old man roared.

Omi smiled heedlessly, "I can't help it, who made me too strong now, I'm so fucking strong that I don't know what to find to do, alright, Luo Huan, let's not talk nonsense, let my fist, defeat you gently."

"You."

"Grandpa, be careful, he's strong." Luo Yang was busy reminding.

Luo Huan snorted, "Strong, I've lived in this continent for so long, only seven or eight people are stronger than me."

After saying that, Luo Huan dashed towards Omi with a speed that was lip-smackingly fast.

However, when he rushed to Omi's heels, Omi was gone.

"Eh? Where are the people?"

At that moment, Rohan sensed someone behind him and tapped him on the shoulder.

"Here it is."

When Luo Huan turned around, he saw Omi standing behind him.

“Ah.” Luo Huan was dumbfounded, this continent, he really didn’t believe that someone could be so fast.

“Drink.” At that moment, Luo Huan turned around and killed Omi with another punch.

However, Omi was gone again.

Luo Huan immediately turned back to look behind him.

There was no Omi behind him either, and he thought that Omi would be behind him as well.

Luo Huan was busy looking around, but he didn’t see Omi all around.

“Where is the man?”

“Strange, where are the people? Loyang, have you seen anyone?” The old man asked her granddaughter, whom Luo Yang had been standing not far away watching.

Luo Yang shook his head and said, “Grandpa, I didn’t see it either.”

At this moment, on the top of the mountain a few thousand meters away, a person yelled, “I’m here.”

When Luo Huan looked, Nima, it was Omi.

“Ah, this isn’t real, this is in no way real.” Luo Huan was going silly, oh my god, he was still looking around for someone, but he was thousands of meters away, this was too scary.

When Luo Yang looked again, Omi disappeared again on the distant mountain top.

“Hmm, where did he go again?”

Then, from a pavilion behind him, came a voice, “All done with a cup of tea.”

“Ah.” Luo Huan was trembling, he thought it was a ghost, he had just been at the top of a mountain thousands of meters away, and the next moment, he was back and had finished a cup of tea.

1194

“Bang!” In the next second, Omi punched Luo Huan’s face, but of course, for Omi, it was a light punch.

And Luo Huan, all of a sudden, his nose collapsed and his body flew away violently.

Because of Omi's control of power, Luo Huan was not killed by Omi.

But he had also been seriously injured.

"Grandpa." Luo Yang was busy rushing up.

"Oooh, grandpa."

"Alright, Luo Yang, I've defeated your grandfather, you've seen it with your own eyes, it's time to fulfill your promise." Omi walked up and said.

"But my grandfather wasn't injured by you, I don't care, you compensate my grandfather."

Omi said, "Luoyang, this world, there are many beautiful women, you're challenging my patience, I'm not in the mood to waste time with you here, fire up I'll just kill you and your grandfather."

"You, what do you really want."

"In a word, I want you." One second to remember to read the book

Luo Yang bit his lips.

Luo Huan weakly looked at Omi and said, "Is this why you beat me to death."

"Luo Huan, this is what your granddaughter asked for."

"Who the hell are you? Why so powerful?"

"Oh, you don't need to ask what I am, you will be my man from now on, and will serve me, and I will rule this land, all the people of this land, will serve me, will you?"

"Hahaha, hahaha." Luo Huan laughed.

"Old man, laughing won't solve the problem, truth be told, my true realm, it's only the middle stage of the clan, so you can help me raise my realm from now on."

"Ah." Luo Huan looked at Omi incredulously, if Omi's true realm was only mid Zongshi, then how did he defeat him?

"You're curious as to how I defeated you, huh, old man, don't be so curious."

At that moment, Omi's incredible scene happened.

The old man, suddenly his eyes closed and he died.

"Grandpa, what's wrong with you?"

"Grandpa, ooooh, you liar, why is my grandpa dead, you liar, you killed my grandpa." Luo Yang cried out.

Omi touched his head, not so much, Omi was sure that he really didn't kill Luo Huan, why did Luo Huan suddenly die? It was as if, suddenly, he was killed.

It was at this moment that something even more unbelievable to Omi happened.

"Ah, where did my power go?"

Omi had just been able to feel full of power, but right now, he felt none.

"Senior Shi Ling, what's going on?" Omi was busy asking Shi Ling.

Shi Ling said, "Sorry, Omi, I can't give you power."

"I'll go, what do you mean, you tricked me."

"I almost got tricked by you."

"I fooled you about what I did."

"If I hadn't killed Luo Huan just now in time, then he would have become a stone spirit."

"Uh, you killed Luo Huan?" Omi looked at Luo Huan's body on the ground and asked.

"Yes, I killed him in time."

"Why?"

"Don't pretend, I don't have a high IQ, but it's so obvious that there's no way I don't know it already

."

"Uh, you don't have a high IQ, why not. Besides, I didn't lie to you."

"Omi, just now you told Luo Huan that your true realm is only at the middle stage of the Zongshi, this statement has already made Luo Huan doubt the world,

fortunately he is not a deviant, if he was, it would have just been the end, so I promptly ended Luo Huan's life and then cancelled the power-up on you."

"I'll go, Senior Shi Ling, how could you do that."

"Omi, before, you told me that I gave you power-ups and you forced the top strongest people to kill the aliens, but you, you want to rule this world, you're not to mention the aliens, even those who aren't aliens. Alas, it's all my fault that my IQ isn't up to human, that's why I was almost fooled by you."

"I really didn't fool you, I didn't expect this to happen, well, senior Shi Ling, I was wrong." Omi sighed, he was so helpless inside, he thought he could rule this world, but as a result, it was soaked.

Omi was just bullish like a god, now he's back to his original form, suddenly so uncomfortable.

"So what do I do now? I'm not powerful at all again now, how do you want me to live."

"Omi, I'm the one who empowered you to be so powerful just now, besides, you'll have to return to the real world sooner or later, wouldn't you be unable to live then."

Omi said, "Senior Shi Ling, look at it this way, I'll go find the strongest person in this world right now, then defeat him and let him kill the aliens for me, when all the aliens are dead, I'll rule this world as a mysterious man, and finally, the 'mysterious man' appointed me as his successor!, so that I can continue to rule the world without letting anyone know that I am getting stronger."

"I won't listen to you anymore, I don't have a high IQ, I'm afraid of being fooled by you."

"O Senior, then just add a little less power, I beg you, I swear, I've decided to be careful this time, okay? I'll never let anyone know that I'm that good."

"You're sure nothing will happen this time."

"Sure, it will never happen, and if it does, you can just kill me."

"Okay, that's what you said."

In the next moment, Omi felt power all over again, but couldn't compare to before, this time, Shi Ling probably gave Omi a hundred thousand times more power.

A hundred thousand times more power, and I didn't know if it was enough.

Omi was finally putting his mind at ease, or else he really couldn't accept this reality, next, Omi must be careful, he could only show such great strength as a

mysterious person, while he himself, still had to give a very weak identity, so that it wouldn't happen again like what just happened.

At this moment, Luoyang was crying with her grandfather's corpse in her arms.

Shi Ling hadn't killed Luo Yang just now, so maybe Luo Yang didn't have any doubts about this world.

However, Omi felt that Luoyang couldn't let her live either.

Because Omi was going to make himself appear weak next, wouldn't that be a contradiction, so Omi had to kill her, as well as that Black Snake Mercenary Group from before, the Sunset Mercenary Group, and all of them also had to die.

"Luoyang, don't cry."

"You killed my grandfather, oohh."

Omi raised his palm, wanting to chop down with a slap.

However, it was always too cruel to just chop Luoyang to death like this.

"Luoyang, your grandfather is dead, do you want to go with him?" Omi asked.

Luo Yang sneered, "Do you want to kill me too?"

"Ugh, Loyang, I don't want to, but I can't bear to see you so sad."

1195

"Then you kill me."

"Loyang, I'm sorry."

"Bang." Omi slapped and killed Luoyang.

Omi sighed and buried their grandparents.

After that, Omi said to Shi Ling, "Shi Ling, can you do me a favor and send me back to that town on the edge of the Tai Wilderness Forest? I'm only adding this much power now, I'm sure I'll be flying for a long time, and I'm afraid that my aunt will be waiting for a long time."

Shi Ling didn't say anything, but in the next moment, Omi realized that he was already standing in that town, and it just so happened to be the place called the Chen Fu Inn.

The Chen Fu Inn, the Black Snake Mercenaries as well as the Sunset Mercenaries, were all still here.

Of course, Omi hadn't been gone for long.

"Senior, you're back?"

"Where's the Loyalist?"

Omi looked at the dozens of people at the scene, these dozens of people, all of them had to die, so that Omi's secret could be kept. The first website  
m.kanshu8.net

Omi raised his hand and began a killing spree.

Although he was only adding a hundred thousand times his strength now, it was more than enough to kill these mercenaries.

"Phew." A few minutes later, Omi exhaled deeply, dozens of people were all dead, and to confirm if they were all dead, Omi also asked Shi Ling.

"Alright, now no one knows that I'm powerful here except for Shisun."

Omi returned to the other inn.

The teacher's wife had already fallen asleep.

After all, it was already late at night.

Omi silently returned to his room to sleep.

The next day, Omi woke up.

"Hey, Feng'er, when did you come back?"

"Last midnight."

"Oh, where's that Loyola?" Sensei asked.

"Kill."

"What?" Sensei was shocked.

"Windy, how could you do that, kill someone after defiling her."

"Shisun, I didn't defile her."

Omi told Shiniang about what happened last night, how Omi almost made someone who wasn't a deviant, become a deviant, and Omi's agreement with Shi Lingxin and so on.

"Feng'er, you're suddenly as powerful as a god yesterday, it's really suspicious, to the extent that you acted yesterday, I'm afraid she'll turn into a stone spirit right away."

"Alas, I've already promised Stone Spirit to kill all the aliens first, so Yang Nuan is probably about to die."

Omi had a deep reluctance as he thought of Yang Nuan inside.

"Feng'er, this is just a memory stone, Yang Nuan has long since died in the truly ancient era, this is a memory, a virtual dream, we can learn in the dream, but we can't take the dream seriously."

"I know."

"Then how do you plan next?"

Omi said, "I can't let people know that I'm very powerful right now, I can only take on another identity, for example, in this era, a hundred years ago, there was a very famous person, known as 'War God Yangtian', I'm going to appear right now as War God Yangtian and let the people of this world know that a hundred years ago, the missing The God of War, Yangtian, is still alive."

"Then what?"

"Then War God Yang Tian ruled the world, and then after that, War God Yang Tian took Omi as his disciple and asked Omi to help him manage the world on his behalf."

"Pfft." The teacher's wife couldn't help but laugh.

"Don't laugh, that's the only way I can keep people from suspecting anything, and then, after I manage this world on his behalf, I can have the strongest people in this world tutor us in martial arts training, that's perfect, isn't it."

&n

bsp; "It does sound perfect."

"Then let's do it."

Omi told Shi Ling about his idea.

Shi Ling agreed, and then Shi Ling gave Omi an ability, Transformation.

Omi suddenly transformed into a pale old man with white hair, beard, all the hairs on his body, and wrinkles on his face, looking really very, very old, like he was about to die.

"Feng'er?" Sensei shouted a little incredulously.

"Sensei." Omi said with an old voice.

"Ah, even your voice is this old."

"Oh, I'm really that old now, this isn't make-up, this is transformation, alright, the God of War, Yang Tian, has been resurrected, I should go find the strongest man in the world."

"What about me?"

"You'll just continue to stay here, and you can't even be around me until Omi is accepted as a disciple by the War God."

"But it's boring for me to be here alone."

"Then go to the Tai Desolate Forest Power, you can also practice alone, or, go find your senior siblings and the others."

"Forget it, I'd rather go to the adventure alone, Windy, then you should cheer up."

"Good."

After saying that, Omi flew up.

His current speed was still fast, just not as exaggerated as before.

A day later, Omi was standing in front of the door of a ruined family.

Omi muttered to himself, "My Yang family has actually fallen so far from grace now." Of course, Omi was now returning to the original Yangtian family as the God of War, Yangtian. After Yang Tian disappeared a hundred years ago, Yang Tian's family had begun to decline.

"What people." A family member came out and said.

Omi said, "What a rude family member, no wonder he's fallen so far."

At this time, a young dude came out, saw an old ghost and said, "Where is the old ghost that dares to come to my house and beg."

Omi slapped him to the ground and scolded him, "It's really a sad day for my Yang family to have such unworthy descendants, doesn't my Yang family, have a decent son or daughter?Woe, woe."

The dude climbed up and grunted, "Who the hell are you and why do you call yourself Yang Tian?Yang Tian is my family's Imperial Master, how dare you insult my family's Imperial Master."

Omi slapped another slap and scolded, "Such rudeness in front of the Imperial Prince, be careful I throw you out."

"What did you say?You're my Grand Master Jantian?"

"Nonsense."

"This, this can't be possible, my grandfather is already dead, if he's not, he's almost two hundred years old."

"Phew, two hundred years old?I never thought that time would pass so quickly, I'm almost two hundred years old."Omi mumbled to himself.

The dude was a bit dumb, was it really the grandfather?

Oh my God, it's so wonderful. Is he still alive?

Omi snapped loudly, "Don't go inform, I'm back."

"Yes yes yes, Imperial Master."The dude hurriedly ran in, shouting as he ran, "Grandpa, Grandpa, the Imperial Master is back, the Imperial Master is back."

Running into a living room, an equally pale old man scolded, "What are you panicking about, it's broad daylight, who do you want to scare to death."

"Grandpa, it's really the Imperial Master, he's not dead."

"You're an unworthy grandson, making fun of your grandfather."

"It's true."

At that moment, an old voice came from the door, "Firetooth."
