

King of kings 1299–1300

1299

Omi looked at the man in front of him, frowning, "Who is your Excellency?"

"Hairy, don't pretend you don't know me, do you think people will believe you if you pretend you don't know me?"

Omi's brain flashed twice, and he had already guessed that this must be the Seagod Family, or the White Flow Family, who had sent someone to arrange this, I'm afraid that they wanted to kill Omi through this means.

The reason why they didn't arrange for an early peak realm powerhouse to come out and impersonate someone who knew Omi, I'm afraid that it was because, peak realm powerhouses were so famous that no matter which one they sent out, someone would have seen them, so they sent out a Zongshi Grand Perfection that no one had seen before.

Omi snorted, "I'm not Ah Mao, and I'd like to finally advise you to get down immediately, otherwise, don't blame me for being rude."

That Zongshi Grand Perfection on the other side laughed coldly in his heart, "What an arrogant Wind Lightning, I am a Zongshi Grand Perfection, but I also dare to say that I am rude to me."

At this time, Jin Yao flew up.

Jin Yao asked, "Wind Lightning, what's going on? Who is he? You know him?"

Jin Yao thought that this person could be Omi's former enemy.

Omi said, "My lord, I don't know this person."

That man suddenly sneered, "Ah Mao, you say that you don't know me again? The good you've done, I will make it public today, and, I will make you pay for it." One second to remember to read the book

Omi said angrily, "Don't force me, I have no grudge against you, don't be someone else's scapegoat."

"Ah Mao, you defiled our village chief's daughter, you won't just forget about it, do you think I won't recognize you if you change your name? I was ordered by the village chief this time to come out and do harm to the people."

"Village your sister's chief." Omi yelled.

"Hmph, Ah Mao, today, I will avenge the village chief's daughter." That clan master man said with a sword drawn.

Jin Yao snorted, "Who dares to touch him."

That Ancestor Great Perfection man looked at Jin Yao and said, "Senior, this is a matter of our village, please don't interfere, this person is our village's Ah Mao, he raped and killed our village chief's daughter, relying on a bit of strength, he ran away afterwards, this run is thirty years, unfortunately, does he think that he can change his name and surname to live a new life? Impossible."

Jin Yao frowned as he saw the man's talking head and frowned, Omi had never said anything about his origin before.

Could it be that Wind Lightning was really Ah Mao?

"Master, you should know what kind of person I am, you should know that this person is sent by Hai Dafu, or White City, in eight or ten cases."

At that moment, Hai Da Fu flew up and said angrily, "Feng Xiaoyun, you shouldn't spew blood."

"Whether or not it's a bloody mouth, you know it well."

Hai Dafu grunted, "Feng Qingyun, since that's the case, I'm going to be in charge of this matter to the end, that whoever, you said he was thirty years ago, was he the Ah Mao of your village, right?"

"Yes."

"Well then, I'll make your decision today, and I will definitely not agree to anyone who dares to harbor such criminals. Master Jin Yao, you don't want to harbor such murderous criminals, do you?"

Jin Yao said angrily, "Hai Da Fu, is this really none of your business?"

"Nonsense, but I'm prepared to administer justice, Master Jin Yao, I expect you not to be the enemy of the entire nation, but countless pairs of eyes are watching here, if you dare to harbor such criminals, then don't blame me for obstructing you."

"Hahaha, hahaha." Jin Yao laughed furiously.

At this time, another person flew out and said, "This matter .

I support Hai Da Fu, we all know that Wind Lightning is an outsider, but I never thought that he would be a son of a bitch who raped and killed the village chief's

daughter. Since this kind of criminal element has come to our Golden Thread City, it is necessary for us, as the Golden Thread City's householders, to give justice to the woman who died tragically. Jin Yao Family Master, you must not do anything stupid."

"You, Bai Cheng." Jin Yao bit out in anger.

Today, it was obvious that Hai Dafu and Bai Cheng, both wanted to stop him from rescuing Omi and allowing Omi to be killed by that clan master, if he stopped him, he would not only be blamed by all the spectators and lose the hearts of the people, he would also be attacked by Hai Dafu and Bai Cheng.

Omi said to Jin Yao, "Master, you should back off and let me handle this matter."

"But."

"Family Master, trust me."

Golden Yao's Family Master was in a dilemma, Hai Dafu and Bai Cheng had pushed him to the brink.

With a snort, Jin Yao flew away into the distance.

Hai Dafu said to that Zongshi Grand Master, "Don't be afraid, I will definitely make decisions for your village head."

"Thank you, Senior."

Hai Da Fu snorted at Omi, a hint of smugness in his eyes, as if Omi was already dead, and then flew away, deliberately flying not far from Jin Yao, as if to more easily prevent Jin Yao from rescuing Omi.

The same was true of Bai Cheng.

The sky was left with Omi and the man who was a great master of the clan.

Omi drew his sword and said, "You will regret your actions at this moment, don't think that I don't know who you were sent by."

"Hahaha, Ah Mao, it's already this time, you are still cunning, you still don't repent for the things you committed in the first place, you really are hopeless, it seems that if I don't put you on the spot today, how can I face the village chief's daughter who was raped and killed by you."

"It's useless to talk too much, let's do it."

"Good."

Omi immediately opened the Life Blood Hidden.

Omi's strength soared wildly after opening Life Blood Hidden, Omi was originally close to stepping into Ancestor Grand Perfection, and then opening Life Blood Hidden, Omi's strength could be imagined.

This Zongshi Grand Perfection was really looking for death.

However, Omi wouldn't kill him, because killing him couldn't clear Omi's reputation, instead, others would think it was true, and Omi would force him to tell the truth.

"Buzz." Omi instantly rushed up.

The other side also came to kill Omi, Hai Da Fu said that if he killed Omi, he could make a merit and give him a large sum of money.

However, he suddenly felt bad, because the extent of Omi's sword killing was completely beyond his expectations.

"Dang."

"Clack."

Omi let his opponent's sword turn into pieces with a single blow.

"Ah, this." The other party's eyes widened.

"Bang." Omi slapped his opponent's chest at close range.

"Crack." The other party's sternum cracked all at once, and in the next second, Omi grabbed the other party's skull, and with a single push, Omi could crush his skull.

"Ah, don't." The other party screamed out in fear, and Omi used only three seconds to make him lose everything.

At this moment, the entire audience was boiling.

In the distant sky, Hai Da Fu's face changed, "Oh no, how is this possible."

At this moment, Omi's hand squeezed his opponent's skull and said, "All I have to do now is push, and you'll die."

1300

"Don't." The other party's face was pale.

Omi said, "If you don't want to die, you tell me the truth right now, I can spare your life and, bring you back to the Golden Rock Family, then let you leave the Golden Silk City and save your life, otherwise, you only have one death now."

"Me." That Ancestor Grand Master looked at Hai Dafu in the distant sky.

At this moment, Hai Dafu was extremely ugly, he didn't expect Omi to be so strong, but of course, this Zongshi Grand Perfection he was looking for was also a very useless person, otherwise he wouldn't have been sent to do the lowest job. Hai Dafu suspected that Omi was already about to step into Ancestor Grand Perfection, it was unbelievable to think about.

Hai Da Fu didn't have time to think about it and immediately took out a silver needle and quickly sent it at the man to kill him.

However, a person appeared to stop him, it was Jin Yao.

Jin Yao smiled and said, "Master Hai, it's better to let them settle this on their own, it's a matter for their own village, what do you think?"

"Jin Yao." Hai Dafu's face was cold.

Jin Yao, however, snorted with no fear at all.

Next to him, however, Bai Cheng didn't say anything, the matter was revealed, and Hai Dafu wasn't his friend, so he didn't have to help Hai Dafu.

Omi shouted, "Tell the truth or not? I'll count to three, one, two, three." First published at m.kanshu8.net

"I said, I said, I'm a staff member of the Seagod Family, I spend a lot of time in the mines and rarely show my face, and Hai Da Fu asked me to do a job, and if I succeed, I'll be given a big credit and a large fortune."

Omi let go of that clan master's great success.

At this moment, the audience below was talking, and although no one dared to accuse Hai Da Fu to his face, they were all saying something in private.

Hai Dafu's face was twisted.

Omi didn't kill that person, and that person would definitely not be able to escape Hai Da Fu's execution anyway.

Omi flew to Jin Yao and said, "Master, let's go, the matter has been settled."

"Good." Jin Yao greeted his Black Jiao and flew over, carrying Omi ready to go.

At that moment, the Ancestral Master just now shouted, "Wind Lightning, you said that you would take me to the Golden Rock Family if I told the truth, and then arrange for me to leave the Golden Silk City."

Omi turned back and snorted, "Are you worthy? Don't worry, Hai Da Fu will send you on your way."

After saying that, Omi and Jin Yao flew away in their black jiao.

At the scene, Hai Da Fu was so furious that the matter had been revealed anyway, he just slapped that Zongshi Da Sheng Cheng just now and flew away in full view of the public.

Omi sat on the black jiao and closed his eyes.

Omi had just once again felt the intention of the Ancestor Grand Perfection, which meant that Omi was about to step into the Ancestor Grand Perfection.

A few hours later, the black jiao arrived at the Golden Rock Family.

Omi opened his eyes.

Jin Yao smiled, "Congratulations, Wind Lightning, you've completely stepped into the Ancestor Great Perfection."

"Hehe." Omi smiled.

Jin Yao exclaimed, "At only 55 years old, stepping into Ancestor Great Perfection, Wind Light Cloud, your future will definitely surpass mine, keep up the good work."

"Thank you, Master."

"You performed very well today, making Hai Da Fu's plans come to naught and severely smacking his old face, exposing his schemes to the public. Now that you've stepped into Ancestor Great Perfection, it's a great joy, and I'm going to announce this, to the

How do you feel about the entire Golden Silk City going and letting everyone know that you're only 55 and have stepped into the Ancestor's Great Perfection?"

"This, will it be too high-profile."

"It's an honor, reaching Ancestor Grand Perfection so young, there aren't many of them in the history of Golden Thread City. Moreover, if the news reaches Hai Dafu and Bai Cheng's ears, they will be even more furious, don't you want them to be angry."

"Haha, that's up to you to arrange."

"Alright Le, then you go and solidify the Great Perfection Realm."

“Good.”

Omi returned to his home and went into seclusion, mainly to solidify his Master's Grand Perfection realm.

A day later.

“Bang.” Hai Dafu slammed the table.

“Son of a bitch, is this intentionally angry with me?” Hai Dafu gritted his teeth.

“Family Master, this is clearly a deliberate attempt to anger you. Now that Wind Lightning has stepped into the Sect Master Great Perfection, and he is only 55 years old, in half a year's time, it will be the triennial Ranking Change List War, and then Wind Lightning will definitely appear on the Sect Master Great Perfection list, and in a few years, with Wind Lightning's talent, it is very likely that he will enter the top ten of the Sect Master Great Perfection list ah. Over the years, the top ten on the Ancestor Grand Perfection List have always been our Seagod Family, never allowing anyone from the Bai Liu Family or the Jin Yan Family to win.”

“Hmph, Wind Lightning, well, well, does he think I'll stop here? No way, I'm not going to let him have a chance at a 'ranking change war' in six months”

In the Bai Liu family, Bai Cheng was also furious and also secretly determined to send someone to kill Omi as soon as he found the opportunity.

Three days later, Omi was out of the gate.

“Uncle Feng, you're out of the gate.”

“Well, Ling'er, no one came looking for me during the three days I closed the door, right?”

“No.”

“That's good.”

At this moment, at Jin Yao's residence.

“Big brother, I got the news that Hai Dafu and Bai Cheng both looked furious after learning that Wind Lightning had stepped into Ancestor Great Perfection, only, it seems like they both want to find a chance to send someone to assassinate Wind Lightning.” Jin Yue said.

Jin Yao snorted disdainfully, “Feng Lightning is within our Jingyan Family, do they think, it's so easy to kill? What kind of place do I think the Golden Rock Family is.”

"That's right, they didn't find the opportunity to kill Feng Lightning so easily. Big brother, Wind Lightning's talent is extraordinary, I believe that in five more years, he will definitely be able to enter the Golden Silk City and the top ten of the Ancestor Great Perfection Ranking."

Jin Yao said full of expectation, "If he can, then it will be wonderful, the Master Perfection Ranking, the top ten are monopolized by the Seagod Family, all along, our Golden Rock Family, White Flow Family, none of us have been able to enter the top ten and break their monopoly. If Wind Lightning can break their top ten monopoly and enter the top ten, then it will be really wonderful, the Seagod Family will be furious, right? Jin Yue, next, you will focus on guiding Wind Lightning, making sure to let him enter the top ten in five years' time."

"Yes, big brother."

Just at this moment, Omi's voice sounded from the door, "Why five years later?"

"Ah, Wind Lightning, you're here." Jin Yue was busy smiling.

Omi walked into Jin Yue's room and said, "Sorry, I overheard your conversation."

"It's fine, it's fine, Wind Lightning, please sit down, there's no need to be polite, since you heard our words, then you also know the situation that our Jingyan Family, is facing now." Jin Yao said.

Omi said, "It's not very clear yet."
