"Uh, how do you guys know my cousin's name, it seems like my cousin is really famous." Tang Huan said.

"Hahaha, yeah, he's really famous under the mountain at the moment." Those disciples let out strange laughter.

"Uh, what are you guys laughing at? My cousin's name is indeed Omi, isn't he twelve years old and has entered the first stage of Body Tempering? There's no way my father would lie to me."

"Sister Tang Huan, I don't know if you've heard that there's a She Jun elder of our Flying Cloud Sect who's ready to choose a pass on disciple from the people from Heavenly Jewel City."

"I've heard."

"That's right, last night Elder She Jun already went to choose, he was going to choose between Omi and another person named Leye Eyes, but in the end Elder She Jun chose Leye Eyes, do you know why?"

"Why?"

"Because, when Elder She Jun tested your cousin's lifeblood, he found that there was a problem with your cousin's lifeblood, in short, your cousin was just a genius who performed for a while, and would become mediocre later on. This matter has already spread down the mountain, and many of the people who came to take the test down the mountain know about it."

Tang Huan immediately went down the mountain.

At this moment, Omi was sitting in his temporary quarters at the bottom of the mountain, and from time to time, people would come to take a look and whisper outside the door, as if many people who had heard about it had made a special effort to come and see Omi himself.

However, Omi was not disturbed by these outside people, Omi sat on the bed and closed his eyes to rest his mind, while Omi was also absorbing the spiritual energy of heaven and earth, although Omi did not care for such a small amount of spiritual energy, but anyway, nothing happened. Just then, a young man from the Tang family walked in from outside, and the young man shouted, "Omi, your cousin is here to see you."

Omi opened his eyes sharply.

A cousin? Is it Tang Huan?

Omi busy out of the doorway, suddenly, Omi saw a young girl, that young girl although the face still appears very green, but the body what has begun to take shape, chest big hips, presenting a perfect s-shape, height of about 170, fully 20 centimeters higher than Omi, Omi standing in front of her, is a small child's feeling.

Omi looked at this beautiful girl at the door, somewhat shocked, this is the fifth uncle's daughter, Tang Huan? It really is beautiful.

Of course, Tang Huan is also looking at Omi at the moment, he is my cousin? My uncle's adopted son?

They were both meeting each other for the first time, and although Tang Huan was 16 years old, he looked a bit shy and nervous meeting his cousin for the first time.

On the contrary, Omi, although he had the appearance of a small child, his eyes were very seasoned, without any extra emotions such as nervousness.

Omi spoke first and said, "Are you my fifth uncle's daughter, Tang Huan?"

"Mhmm, I'm Tang Huan, you must be my cousin." Tang Huan said with a playful and cute face and some redness on her face, no wonder she was a famous female disciple in the Flying Cloud Sect, she was indeed quite attractive to men.

Omi said, "Yes, my name is Omi, in that case, I'll also call you cousin." Omi was reluctant in his heart, after all, Omi was far older than her, but immortal cultivators didn't bother with small things like this, so Omi didn't bother with it, and since he had run into her, he just let it go.

"Mhmm, brother Omi, finally seeing you, I saw my father's letter saying that my uncle's adopted son has come home, I'm looking forward to seeing you." Tang Huan's voice said sweetly, a girl from the cute department, like a gentle lamb.

"Oh, me too." Omi gave a shallow sip.

"That, Omi-chan.

Brother, it's quite inconvenient to live in a group dormitory here, so why don't I take you to a nearby town to stay at an inn, and it will be a few days before the assessment starts anyway. In addition, I want to invite you to a restaurant to eat, my father said in the letter, to take good care of you. But you haven't been

assessed to enter the Flying Cloud Sect yet, you can't go in, and I can't take you in."Tang Huan said politely.

"Sister is polite, it's good that I'm staying here, besides, the nearby inn is definitely already full."

"It seems so, then I'll invite you to dinner, it's our sister and brother's first meeting, we still have so much we want to talk about."

"Good."Omi nodded.

"Let's go."Said Tang Huan, reaching out his hand to take Omi.

"Uh."Omi was slightly stunned, but in the next moment, Tang Huan grabbed his hand and led him out.

In Tang Huan's eyes, Omi was naturally a child, and without too many taboos, Omi was not even tall enough to reach her shoulders.

But Omi was somewhat speechless, he was so 'big' and still being held by someone.

However, Omi suddenly had a strange feeling, because he never had a sister, never knew what it felt like to be protected by a sister, even though he had lived for more than two hundred years in his previous life, so when Tang Huan pulled him, like a big sister, it gave Omi a warm feeling inside that he had never had before.

"Sister."Omi couldn't help but call out softly, looking up at Tang Huan.

"Mm."Tang Huan bowed his head and smiled slightly at Omi, who had a lightness like a spring breeze.

Tang Huan had been pulling Omi to a nearby city.

Omi unconsciously, really kind of thought of himself as a 'younger brother', never enjoyed the brotherly love between siblings in the mortal world, now it was not bad to be a younger brother.

"Brother, this is Fiery Cloud City, it's the largest city under the Flying Cloud Sect's mountain, this Fiery Cloud City, it's even more massive than our hometown Tian Bao City."

"Oh."

"It's almost noon, there's a restaurant in front of there, some times I'll come down the mountain with a few of my good sisters to fight tooth and nail, I'll go to that restaurant, there's very delicious Fire Cloud Beast Meat, I'll take you there to eat it, this is not available in our Heavenly Jewel City, oh."Tang Huan said.

"Okay, you decide." Omi said.

"Hehe, do you think that sister I'm a foodie." Tang Huan said somewhat embarrassed and lowered his head.

"Uh, no, how can my sister be a foodie when she has such a good figure." Omi said.

Tang Huan got angry, "You're such a small child, you also know what a girl's body is."

"Ugh." Omi was a bit speechless, yeah, by all means, a 12 year old would definitely not pay attention to a girl's figure, let alone say things like how the other's figure was, because at this age his eyesight wasn't a woman.

Omi was busy saying, "Sister misunderstood, I don't see that sister is fat at all, that's why I don't think she's a foodie."

"Hehehe, brother, you're wrong oh, actually I'm really a foodie, this Flying Cloud City, what delicious places are there, I know a lot of them. My good sisters and I often run down the mountain to go shopping."

"Sister, your main purpose of coming to Flying Cloud Sect is to cultivate immortality, you must not forget what your fifth uncle expects of you." Omi said somewhat seriously.

"Alright." Tang Huan was a little sweaty, but she was actually taught a lesson by her cousin, it seems she will have to go down the mountain less often in the future, but it seems that her brother seems to have a more sensible feeling than her.
