"Stop running, you think you can run?" The five men in the back were not slow to catch up, they didn't seem to be in a hurry to catch Tang Huan up.

One of the men said, "We'll catch her after we're a bit farther away, then, the five of us, hehe." The five men looked at each other and smiled, as if they had already discussed it.

"And what will we tell Captain Lienger then? After all, he's still waiting for us to bring Tang Huan back to enjoy it."

"At that time, we'll just say that we ran into the beast, and Tang Huan was eaten by the beast, and even we almost couldn't come back."

"Haha, actually, we're the ones who wheeled Tang Huan around and destroyed the corpse."

"Well, we can't blame it on us, the last time we ran into female disciples in the Demon Beast Forest, after Captain Lienger himself had a good time, he shared it with a few of them to play with, but we didn't, so since he's so unfair, don't blame us this time. Moreover, every time we hunt to the nucleus, the distribution isn't fair either, although we're only at the Body Tempering stage and we did pay less, we also risked our lives to enter the True Beast Forest, and half of the nucleus we killed every time were Red Grade, which means we killed them."

The five people chasing Tang Huan said with a grumble, no wonder they weren't in a hurry to catch Tang Huan up, so this alliance of theirs wasn't very strong either.

Tang Huan ran for a long time, but she was getting confused, why hadn't they caught up with her for so long? Are they not faster too?

Just then, one of the five people behind said, "Let's do it here, there's a cave up ahead, let's grab her into the cave and have a good time once and for all. F\*ck, I've never seen such a beautiful, well-built woman in my life, and she's only sixteen, she's so tender, hehehehe." The five of them let out a 'silver' laugh.

A few seconds later, Tang Huan was surrounded.

"Run, why don't you keep running." Remember the URL .kanshu8.net

Tang Huan looked at the road she had come from, until she saw the end of the forest, there was no sign of Omi, it seemed that her brother would not catch up with her, and she didn't know if her brother had been killed as well.

Tang Huan cried, "Dad, I'm sorry, brother, we'll see each other in the next life." After saying that, Tang Huan wanted to commit suicide.

"Think pretty." In the next second, Tang Huan's knife was snatched, so he couldn't even commit suicide.

"Let's finish having fun even if we have to die." The other one said.

"Cut the crap and drag it into the cave." After saying that, the man slapped the back of Tang Huan's head, Tang Huan's eyes went black and he fainted.

The five men dragged Tang Huan into the cave.

"Haha, she's fainted, why don't we wake her up, it's even better if we wake her up." One of them said.

"Or not, in case the captain and the others see us not going back for so long and follow behind, this girl yelling and screaming exposed, alright, alright, hurry up." After saying that, the five men began to take off their clothes.

But at that moment, Tang Huan suddenly sat up.

"Uh, she's awake." The five men were shocked, it was reasonably impossible, with Tang Huan's strength it wasn't possible for her to wake up so quickly.

However, Tang Huan's appearance seemed wrong at this moment, at this moment, Tang Huan's eyes looked icy cold, her eyes seemed to shoot out a chilling Guan Mane, as if she was a cold queen high above the world.

Tang Huan swept her eyes at the five men.

The five men were so frightened that they didn't dare to continue with their undressing, as if their bodies fell into an ice hole when Tang Huan looked at them, and it felt like they would be crushed to death at any moment.

The five men looked at each other, not knowing what was happening.

At that moment, Tang Huan's mouth was cold like

Completely different from his previous naivety, Tang Huan said coldly, "Just you guys, you're also worthy."

After saying that, Tang Huan stretched out his hand and the five men's bodies immediately floated up, allowing them to struggle and fail to land.

Tang Huan grabbed his finger in the empty space.

“Ka-cha.”The bodies of the five men twisted into each other, like wringing clothes, blood spilling all over the ground, extremely cruel.

With another wave of his hand, the bodies of those five people had turned into meat paste, which spilled all over the stone walls of the cave like cement paste.

Tang Huan stood up silently and walked out of the cave.

At that moment, Tang Huan said, “Child, wait a little longer, I will definitely take you home as soon as possible.”

After saying that, Tang Huan’s body went limp and he fainted again.

And now, in the same place, Omi was trapped in that toad’s belly, and that toad didn’t have any internal organs or anything like that, Omi felt as if he had entered a void.

Just when Omi didn’t know how to escape, suddenly, something moved in Omi’s bosom, and Omi remembered that he had a small white dragon hidden in his bosom.

That little white dragon crawled out, and after the past half a month, the little white dragon seemed to treat Omi as a family member.

Omi said, “Little White, I’m in trouble, you need your help now.”

Little White Dragon nodded his head.

Omi said, “You crawl into the palm of my hand now.”

Little White Dragon obeyed and crawled into the palm of Omi’s hand, Omi suddenly covered his body’s Immortal Qi over Little White Dragon, before Little White Dragon was in his arms, Omi couldn’t do anything through his clothes.

“Little White, now you strike directly in any direction, you have my immortal energy on you, a district toad can’t stop it.”

The little white dragon obeyed the charge, and suddenly, the secret space inside the toad’s belly was broken.

“Boom!”The Omi was like a Sun Monkey flying out of the Five Finger Mountain.

The man, Yun Jun, had been so proud that he had already eaten Omi and his toad had re-smallened and was in his sleeve. But suddenly, his sleeve burst, and Omi broke out of his body.

“Ah.”At that moment, Yun Jun was stupid.

Yun Jun could instantly feel that the toad his family had refined for him was dead, the toad needed a strong person to help him refine it, just like refining a corpse, and then using a secret method to drive it, this method was actually the predecessor of the 'magic treasure'. Because magic treasures consumed enormous amounts of energy, low-level immortal cultivators could not control them.

After Omi broke out of his body, a moment, using his palm as a sword, he struck at that Yun Jun, as Omi broke out of his body and was right in front of Yun Jun, right now he could kill one of them first.

"Wow!" Omi's palm, which was covered with immortal energy, suddenly turned into a divine weapon and slanted, splitting Yun Jun in half from head to toe.

Several people around him didn't have time to do any.

The captain, who was called Lian Ge, was the first to react and yelled, "Nine Heavenly Xuan Avalanches."

Lian Ge's body tightened and the muscles on his body began to expand, turning him into a muscle-bursting man all of a sudden.

"Drink!" Lian Ge bounced on both feet and slammed a fierce punch into Omi, his muscles were like taut bands of steel, and a casual wave of his hand gave him the feeling that he was hiding infinite power.

At this moment, Omi felt that he had suddenly become small, as if that Lian Ge was a Genting Buddha who could shoot him to death in just one breath.
