

King of kings 1533

1533

Omi took out 100 spirit stones from his storage bag and said, "You're pretty handy, I'll double your reward."

"Thank you." Zhen Zilian was overjoyed, not expecting Omi to be so generous.

Next to him, Zhen Wuxiang looked envious, at this moment, he looked at Omi and felt that Omi was really a local hero.

Omi was also quite happy inside, it was quite refreshing to be a local hero. Of course, a district with over 7,000 spirit stones was only a small local hero, and he could pretend to be one in front of the body refining stage disciples.

At this time, Zhen Wuxiang was busy saying, "Cousin, I have something to ask you."

"What is it, you ask." Zhen Zilian was in a good mood as he reaped an unexpected fortune of 100 pieces.

Zhen Wuxiang asked, "That, Omi said that he wants to take me as his little brother, what do you think?"

"Ah." Zhen Zilian looked at Omi.

Omi said, "What? Can't I take a little brother?"

"No no." Zhen Zilian was busy shaking his head.

Omi smiled, "Zhen Zilian, I did tell your cousin before that if he's willing, he can be my little brother, and now, I'll also tell you that if you're willing, you can also be my little brother with Zhen Wu Xiang, although your talent is much less than your cousin's, but I'm quite good at doing things, I can make an exception." One second to remember to read the book

"Ah." Zhen Zilian and Zhen Wuxiang were stunned, and even Tang Huan was stunned.

At any rate, Zhen Zilian was a disciple who had already assessed to enter the inner circle, and Omi, a peripheral disciple, wanted to take an inner circle disciple as his junior.

Omi smiled, "You two discuss it, I'll wait for you over there."

After saying that, Omi and Tang Huan came to a short distance away from the bamboo forest and asked Zhen Wuxiang and Zhen Zilian to discuss it.

Tang Huan was busy saying, "Brother, you really want to take in inner siege disciples as younger brothers."

"Sister, what's wrong with that."

"But, you yourself are only twelve years old, and that Zhen Zilian is seventeen or eighteen."

"Which so what, I'm fully qualified to be their boss now."

"Speechless." Tang Huan was a bit amused at the thought of his younger brother being the boss at such a young age, but his younger brother was indeed a good oxymoron, especially since Omi had just harvested so many spirit stones, Omi was more like a small rich man, and any little bit that leaked out of his fingers was quite fat.

On the other side of the bamboo forest.

"Brother, do you think I should be his little brother? We're at least from a thousand-year-old family, would it be a shame to be his little brother?" Zhen Wuxiang said.

"Ah Wuxiang, it's fine for me to be his little brother, but you, you're the genius of our family, the hope of the family, you're such a genius, being someone else's little brother, this."

"Brother, don't forget, no matter how genius I am, I'm unmentionable in front of Omi."

"It seems so."

"You just saw, Omi can harvest so many spirit stones at such a young age, his future is definitely not ordinary. Although our family is a thousand year old family, our family, our monthly income is only thirty to forty second class spirit stones, Omi just now that income is almost one fifth or sixth of our entire family."

"Brother, then what do you mean? Let me be his little brother?"

"Well, I was willing to be him anyway."

"Ah."

"Alright, brother, promise, since Omi dares to say he'll be our boss, that means he believes in his heart that he's definitely qualified."

"Okay, then it's a promise."

Zhen Wuxiang and Zhen Zilian busily walked over.

Omi asked, "Have we discussed it? I don't have that much time to wait, I have to get back to making money."

r />

"Uh, making money? Hunting beasts again?" Zhen Zi Lian was busy asking.

"Hunting demonic beasts is just the lowest level way to make money, my money-making, is talisman refining."

"What? You still know how to refine talismans?" Zhen Wu Xiang was shocked.

"Nonsense."

The two brothers looked at each other, then knelt down and worshipped, "Greetings, Boss."

Tang Huan looked at them speechlessly.

Omi smiled, "I'm sure you guys made the right decision today, if you follow me, you'll definitely have a bright future."

Zhen Wuxiang asked, "Boss, then I formed an alliance on my own before, do I have to disband now?"

Don said, "Why should it be disbanded? The alliance you formed on your own is still your alliance, it doesn't conflict with you becoming my little brother, and you don't have to follow me around every day, just come to me when I'm in trouble or when you need my guidance."

"Good." Zhen Wu Xiang nodded, so much the better, after all, it wasn't good to follow his ass every day.

Omi didn't need to follow him every day, it would also be easy to expose some of Omi's secrets.

Omi grabbed a handful of spirit stones from his pouch and took them to Zhen Wu Xiang and said, "These are considered a gift from big brother."

"Thank you, big brother." Zhen Wuxiang was busy receiving them, and at a rough look, there were at least twenty or thirty spirit stones, the boss was just generous ah.

Half a month before, Zhen Wu Xiang also with his alliance, the first time he went to the True Beast Forest to hunt the beasts, divided down, he only obtained a total of three spirit stones, the other people in his alliance, even more two

people sharing a spirit stone. And when Omi did it, it was twenty or thirty spirit stones, it seemed that this little brother was too right.

Tang Huan was a bit distressed, Omi was too generous.

Omi waved his hand and said, "Alright, you guys go back first, I'll summon you if anything happens."

"Yes, Boss." Zhen Wuxiang and Zhen Omi left happily.

Tang Huan was busy saying, "Brother, if you go on like this, you'll soon lose your family fortune."

Omi laughed, "Sister, I still have so many spirit stones, it's not that easy to lose all of them, besides, saving money won't make you rich, you can only become rich if you find a way to make money. I'm only having a small outburst at best, I'm still far from being a rich man."

"I can't argue with you, so now that we have so many spirit stones, how do you plan to use them?" Tang Huan asked.

Omi said, "Take out some of it to buy talisman refining materials, then take some of it to refine and improve your realm, and then some left over, use it for prevention."

Omi and Tang Huan returned to the single room first.

Omi took out four pieces of second grade spirit stones.

"Sister, you two pieces, I two pieces, let's refine these four second grade spirit stones first."

"But."

"Don't but, there's nothing to feel bad about."

Omi immediately began to refine them.

Two second-grade spirit stones were equal to 2,000 first-grade spirit stones, and there was no telling how far one could practice.

Less than three minutes later, the two second-grade spirit stones in Omi's hands finished refining.

"Wow, so fast." Tang Huan was shocked.

In the next moment, Omi's realm began to improve, the transformation speed of the Immortal Qi in Omi's body was too fast.

A few seconds later, Omi went from the seventh stage of body refining, all the way up to the first stage of opening light.

“Brother, you’ve stepped into the Switching Stage?”

“Haha, yes.”

“Wow, stepping into the Enlightenment Stage at twelve, that’s awesome.” Tang Huan said in adoration.
