Lu Yuxi said furiously, "If you're really not afraid of death, you're close to me."

"Ugh." Omi touched his head, this Lu Yuxi, making a mystery. What the hell, Omi recalled the comparison he had pretended to Nong Xiaotian and his son, and said in his heart, "Could it be that Lu Yuxi is also pretending to compare with me? But why does it feel like she's the real deal?"

"It's just a matter of time, it looks like Lu Yuxi can't be messed with, forget it, lest you set her on fire." Omi had to leave her alone. Originally, Omi saw that Lu Yuxi was quite pretty, the entire Feiyun Sect was popular for keeping, and Omi had to follow the trend, although Omi was only twelve years old and wouldn't do anything, and Omi wasn't going to do anything, but warming the bed was always fine.

At that moment, Omi remembered his wife, son, daughter, grandson, granddaughter, and all his friends in the mortal realm, and suddenly felt a pain inside. Suddenly, Omi wondered how he should live this life, should he fear losing again and then be alone from then on, or should he forget the past and continue to move forward?

Omi returned home a little disoriented.

"Boss, what's wrong with you?" Tang Miao saw that Omi didn't look very good and was busy asking with concern.

"Nothing."

"Right, Boss, I heard that Lu Yuxi likes you, so that Yang Rong hates you very much." Tang Ming was busy.

"Nothing of the sort." This matter Omi had just gone to deal with it, it was an oolong, Lu Yuxi didn't even like Omi, she didn't even agree to keep him, how could she still like him. However, it seemed that Lu Yuxi did have some feelings for a person, and she didn't know who it was.

Tang Ming hehe smiled: "Boss, don't be embarrassed, although you're only 12 years old and don't know how to make love between men and women yet, you can reserve it for now and wait until you grow up in a few years. I've heard that some bosses in the Flying Cloud Sect have at least a few girlfriends. That Lu Yuxi is a beauty, now only fourteen is quite charming, if you don't chase after her now, you'll be chased away by others later, too bad I'm not good enough for her, otherwise I'd want to chase after her, haha." Tang Mifei was now in a very high position, everyone in the Light Cloud Alliance called him Brother Yixie, he had been getting around very freely recently, and he still had five spirit stones to refine every month, so it was a very prosperous situation.

Omi looked at Tang Unknown and said without scruff, "Spend more time practicing martial skills in the future, don't think about these nonsense." One second to remember to read the book

"Yes, boss, I will."

Omi walked into his courtyard and Tang unknown followed.

Tang Huan was practicing his martial arts skills in the courtyard.

"Brother, you're back, what did that Yang Rong want with you?" Tang Huan was busy asking.

"Nothing, a little shit." Omi was a bit moody.

At this time, Tang unknown asked, "Tang Huan, do you think that Boss should find a girlfriend in the Flying Cloud Sect now?"

"What?" Tang Huan suspected that he had heard wrong, should a 12 year old man be looking for a girlfriend?

Tang Miao said, "Tang Huan, I think that Lu Yuxi is quite pretty, it would be nice if she could be the boss's girlfriend."

Tang Huan huffed, "Tang Unknown, do you know what you're talking about?"

"I know, advise the boss to go after his girlfriend, the boss of the Light Cloud Alliance doesn't even have a girlfriend, it's a bit pricey, it's not enough to go out in style." Tang Miao said.

"Tang Miao, my brother is only twelve years old, don't you dare teach him a bad lesson here. At his age, does he know what a girlfriend is? You know what love is?" Tang Huan reprimanded.

"Oh, it's a status symbol, what do you know." Tang Mumai trailed off at Tang Huan, not even sure why Tang Huan was so prevented.

Tang Miao said to Omi, "Boss, I really hope you go after Lv Yu Xi, Lv Yu Xi is one of your

The prettiest of the disciples in the session, if you enter the inner circle in the future, you might be snatched away by someone else."

Omi didn't say anything and snorted softly.

Omi said inwardly, "There is only one woman in my heart, and she is Mu Qianji."

Omi sighed deeply, for this person Mu Qianji, Omi really felt more and more distant. Suddenly, Omi was almost on the verge of forgetting what Mu Qianji looked like, there was only a vague appearance of her in his mind, Omi was really afraid that one day, he would forget about Mu Qianji.

"Phew." Omi closed his eyes and tried to recreate Mu Qianji's appearance in his mind, but it always felt like, the appearance in his mind was becoming more and more unfamiliar.

"Brother, what are you thinking about?" Tang Huan was a little worried.

"Nothing." Omi was in a moody mood.

Tang Huan sighed, "Brother, I'm not stopping you from finding a girlfriend, in fact, you're so strong now, it's fine if you want a girlfriend, if you really want a girlfriend, I support you to chase after Lu Yuxi." Tang Huan said, inside, for some reason, he felt a little listless.

However, Omi shook his head and said, "No need."

"Why."

"I'm afraid that once I look for her, I'll really forget about her. Besides, Lu Yuxi is so far from the person I have in mind that I can still consider keeping her, but as a girlfriend, forget it." Omi said with a sadness in his eyes.

"Brother, why do you suddenly feel strange, who is she you're talking about?" Tang Huan was busy pursuing the question.

"Oh, the one person who lives in my mind, her appearance is becoming more and more blurred in my memory, and I often even forget her existence, I'm afraid that if I do find a girlfriend, I'll really forget." Omi said fearfully.

"Brother, do you have some kind of story?"

Omi didn't want to talk about the mortal realm, so he said, "It's just a childhood thing."

"Uh." Tang Huan was a bit speechless, but the childhood thing actually made him look like he was in love.

Omi went on with his talisman refining, life would eventually go on.

Soon, another month passed.

Feiyun Sect's outer disciples, the time for the second quarter testing had arrived.

On this day, all the second-quarter disciples of the first year were gathered in the square.

The sky was still filled with the same strong man who was in charge of the testing last time.

"Everyone, in the blink of an eye, three months have passed again, and you have spent a full half year in the Flying Cloud Sect. The last time I tested, three of the disciples in the class reached the fourth stage of Body Tempering, and this time, I would like to see more people reach the fourth stage of Body Tempering, or even see someone reach the fifth stage of Body Tempering. However, having only entered the Flying Cloud Sect for half a year, it's unlikely that anyone has reached the fifth stage of Body Tempering, and I don't believe it's true." The strong man in mid-air said, his eyes on the nearly ten thousand one-year disciples on the ground.

"Alright, without further ado, out of the one year disciples, has anyone reached the fifth stage of Body Tempering in this quarterly test?" The strong man in mid-air asked, but he was just asking casually, he didn't think so.

There was much discussion on the ground.

"How is it possible, entering the Flying Cloud Sect for half a year to reach the fifth stage of Body Tempering, it's too fake, our Flying Cloud Sect isn't a first-class sect, where is there such a strong genius."

"Yeah, it's simply a waste of time asking."

Right now, Omi was hesitating whether or not to hide his realm at the fifth stage of Body Tempering and go out in awe. Omi already knew that Yang Rong and Lu Yuxi, neither of them had stepped into the fifth stage of Body Tempering, if Omi stepped out, then Omi would be the only one to reach the fifth stage of Body Tempering, the most genius of the disciples in the first session, and was bound to shock everyone.
