

# King of kings

1555

Omi bit his teeth, damn it, high profile for once.

So, Omi quietly raised his hidden realm to the sixth stage of Body Tempering, and then walked out in full view of the public.

“Wow, someone really reached the fifth stage of Body Tempering?It’s Don Omi?”

“Heavens, Omi has only been in the Flying Cloud Sect for half a year and he’s reached the fifth stage of Body Tempering?How is this possible.”

The moment Omi walked out, everyone was shocked, Omi had actually stepped into the fifth stage of Body Tempering.

At this moment, Yang Rong was filled with jealousy as he looked at Omi, and that Lu Yuxi was also incredible, saying inwardly, “This little bastard has broken through to the fifth stage of Body Tempering before I even did.”

Everyone, looked at Omi, filled with incredulity, as well as admiration.

Unfortunately, everyone was wrong, what Omi had just unleashed was not the fifth stage of Body Tempering, but the sixth stage of Body Tempering.

The strong man in the sky didn’t pay attention for a while, and somewhat unexpectedly laughed, “I didn’t expect that there was really someone who had reached the fifth stage of Body Tempering, you’ve only entered the Flying Cloud Sect for half a year, you’ve reached the fifth stage of Body Tempering, powerful, what’s your name?”

Omi said, “Back to senior, my name is Omi, forgive senior’s boldness, there was a mistake in the sentence senior just said.”

The strong man in the sky frowned and asked, “What did I just say that was a mistake?” First web site  
m . kanshu8.net

Omi said, “Just now, Senior said that he didn’t expect that there was really someone who had reached the fifth stage of Body Tempering, which is wrong, I’m standing out right now, not because I’ve reached the fifth stage of Body Tempering, but because, I’ve reached the sixth stage of Body Tempering.”

“What.”The crowd was all shocked when they heard Omi’s words, as if heavenly thunder had exploded in their heads.

“Omi said that he reached the sixth stage of Body Tempering, not the fifth stage, oh my god, is this true?”

“Impossible, I’m incredulous that he reached the fifth stage of Body Tempering, sixth stage of Body Tempering, how can I believe this.”

The entire square exploded.

The strong man in the sky was startled, he was actually a bit far from the ground, and the Body Tempering Stage was too weak for him, whether it was the fifth or sixth stage of Body Tempering, it was as weak as no difference in his eyes, so he didn't notice that Omi was at the sixth stage of Body Tempering.

The strong man said, "It was my mistake, Omi, you really are at the sixth stage of the Body Tempering Stage." The strong man in the sky carefully judged the situation and came to a new conclusion.

"Wow, it really is the sixth stage of body refining."

"Heavens."

"Omi is too ungodly."

"Entering the periphery of the Flying Cloud Sect for half a year and reaching the sixth stage of Body Tempering, how is this possible, let us live or not."

"Tsk tsk, my idol."

The entire square was stunned.

Omi swept a glance at the crowd and smiled in his heart, although Omi hid a lot of his realm, he didn't want to act badly, so this time, he unleashed the sixth stage of Body Tempering to have a good time being worshipped, and to be considered a high profile awe-inspiring.

Right now, it was truly awe-inspiring, everyone looked at Omi's eyes differently, filled with worship.

Of course, there were also people filled with jealousy, for example, the one called Yang Rong was looking at Omi with jealousy right now. During the last quarterly test, he, Omi, and Lu Yuxi were all at the fourth stage of Body Tempering, while this quarterly test, Omi had already reached the sixth stage of Body Tempering, while they, were still at the fourth stage of Body Tempering.

At this moment, Lu Yuxi was also stunned, having just thought that Omi had reached the fifth stage of Body Tempering, when

She was all a bit surprised, but now that she found out that it was the wrong one, it was the sixth stage of Body Refining, she had been stunned inside.

Lu Yuxi looked at the scenery of Omi at the moment, and couldn't help but look towards one of the second year disciples, and said in her heart, "Will he, this quarter, surprise everyone?"

The person Lu Yuxi was just looking at was Zhen Wuxiang, a second year disciple.

During the last quarterly test, Zhen Wu Xiang reached the eighth stage of Body Tempering, which made Lu Yu Xi have some good feelings towards Zhen Wu Xiang, plus the fact that Zhen Wu Xiang was quite handsome, Lu Yu Xi's good feelings towards Zhen Wu Xiang were even stronger. So, at this moment, Omi bursting out with the sixth stage of Body Refining made Lu Yuxi look at Zhen Wu Xiang, she hoped that Zhen Wu Xiang would surprise everyone again, or, surprise her so that she would feel inside that Zhen Wu Xiang was still the most powerful person in the world.

The strong man in the sky said, "Let's cheer for Omi."

“Pah-pah.” Everyone cheered and clapped a few times.

Then Omi walked back into the group.

The strong man in the sky continued, “Next, the one who reached the fourth stage of Body Refining among the disciples in the first session will step forward.”

At this time, Yang Rong was the first one to rush out, and Yang Rong thought to himself, “Finally, it’s my turn to be awesome.”

However, when Yang Rong looked back, there were actually forty to fifty people following him out.

It was no longer awe-inspiring to have so many people reaching the fourth stage of Body Tempering.

The strong man in the sky didn’t even let everyone cheer and let them go back to their teams.

Yang Rong looked depressed and turned his head to look at Omi, who had played out all the prestige by himself this time.

Next, it was the second disciple’s turn to test.

The strong man in the sky said, “Among the second year disciples, during the last quarterly test, did anyone reach the eighth stage of Body Tempering, and this quarterly test, did anyone of the second year disciples reach the ninth stage of Body Tempering? I think there should be no more, after all, I was surprised when someone reached the eighth stage of Body Tempering last quarter.”

At that moment, Zhen Wuxiang, one of the second disciples, shouted, “There is.” Then, Zhen Wuxiang walked out in full view of the crowd.

The eyes of countless pairs of girls looked at Zhen Wu Xiang, full of little stars, and even Lu Yu Xi looked at Zhen Wu Xiang and felt that he was great. Lu Yu Xi said inwardly, “Zhen Wu Xiang is truly the most genius.”

Zhen Wuxiang came out and said, “Senior, because I got a little opportunity, so I didn’t just step into the ninth step of body refining, I also stepped into the first step of opening light.” Zhen Wuxiang finished with a proud face.

“What.” The entire audience was shocked.

Zhen Wuxiang had stepped into the First Order of Open Light?

“Oh my god.”

The entire square was shocked, compared to Omi who had just stepped into the Sixth Step of Body Refining, the shock that Zhen Wuxiang announced that he had stepped into the First Step of Light Opening was much stronger at this moment.

The strong man in the sky also turned slightly pale and smiled, “Zhen Wuxiang, you are worthy of being the most genius among the 20,000 peripheral disciples present.”

“Thank you.” Zhen Wuxiang shook her hair with a proud face.

“Wow, the hair flinging action is so handsome.”

Numerous young girls at the scene looked at Zhen Wu Xiang in fascination.

Zhen Wu Xiang's outward appearance was indeed good, already half as handsome as Omi's. Of course, referring to when Omi grew up.

Lu Yuxi was now looking at Zhen Wuxiang, her heartbeat accelerated a bit, before Lu Yuxi was only quite fond of Zhen Wuxiang, she hadn't reached liking, but right now, hearing that Zhen Wuxiang ha
