Zhen Wu Xiang was busy saying, "I know what you wanted to ask me."

"Uh, how do you know what I want to ask you?"

"You're asking me if I have a girlfriend, aren't you. Haha, I don't have a girlfriend yet oh." Zhen Wu Xiang said laughingly.

"Uh." Lu Yuxi was stunned.

"What? You're asking me a question, isn't that it? Okay, I'm sorry, I misunderstood, so ask." Zhen Wuxiang said with an embarrassed face.

Only then did Lu Yuxi asked, "I just ran into Omi, Omi said that you are also his little brother, is it true ah."

Zhen Wuxiang's body trembled, he was now most annoyed by this question.

How could Zhen Wu Xiang dare to admit that if he admitted that he had indeed worshipped Omi as his big brother before, then his image would definitely be diminished in front of Lu Yuxi, and Lu Yuxi might leave him.

Therefore, Zhen Wuxiang pretended to be angry and snorted, "This Omi, he really owes a lot."

Lu Yuxi smiled, "I told you, how could you be his little brother, although there are many members of his Light Cloud Alliance, they are just a bunch of blood suckers who want his spirit stones, how many of them are sincere."

"Of course, how can I Zhen Wu Xiang be someone else's little brother, don't worry." One second to remember to read the book

"Mmhmm."

Omi returned to the Light Cloud Alliance, and the more he thought about it, the more upset he became.

"Someone come." Omi shouted.

Tang Unknown walked in, "Boss, what's the order."

"Go, call Zhen Wu Xiang for me."

"Uh, Zhen Wuxiang? Boss, this is?"

"There's no harm in telling you, in fact, Zhen Wu Xiang is also my youngest brother, and the first one I took in, with qualifications older than all of you, before, for the sake of him being a genius after all, I

gave him some face and didn't tell you guys. Alright, don't talk nonsense about this matter yet, go get Zhen Wuxiang for me."

"Okay, I'll go right away."

At a certain martial arts training ground on the outskirts of the Flying Cloud Sect.

"Drink." Zhen Wuxiang threw out a punch, then said, "Yu Xi, see, this move should be thrown out like this."

"Mmhm, thank you Brother Wuxiang for your guidance." Yu Xi Lu said with a busy nod.

Just at this moment, a person came running from afar, it was Tang Mifei.

When he ran close to the front, Tang unknown panted and said, "Zhen Wu Xiang, so you're here, I finally found you, quick, the boss has something to find you."

Zhen Wuxiang's face changed, what, is talking about the girl, actually told him that the boss has to find, this is not the heart to make him lose face in front of Lv Yuxi.

Zhen Wuxiang looked at Lu Yuxi and panicked, "Hey, what are you talking nonsense, what boss?"

Tang Ming muttered in his heart, secretly saying, "What's going on, the boss clearly said that Zhen Wuxiang is also his little brother? Why does Zhen Wuxiang act like she doesn't know the boss, maybe I didn't make it clear."

After Tang didn't straighten out his anger, he said again, "I said, our boss told me to come find you and told you to go to the boss's place right away, the boss has something to tell you to do."

Lu Yu Xi looked at Zhen Wu Xiang in confusion.

Right now Zhen Wu Xiang's really wanted to violently beat Tang unknown.

Zhen Wu Xiang shouted, "Get lost."

"Uh, Zhen Wuxiang, what do you mean? Don't you even listen to the boss's orders?"

"Old you fuck big, I'll waste you if you don't get out of here." Zhen Wuxiang raged.

Tang Unknown ran and said, "Zhen Wu Xiang, you've turned against me, I'll go back and report to the boss, you wait."

After Tang unknown ran, Lu Yu Xi was busy asking, "Brother Wu Xiang, what's going on, that person, just now, is Omi's subordinate, called Tang unknown, why would he come to you, and he also said that the boss has an invitation."

Zhen Wu Xiang.

Xiang depressed, "Yu Xi, don't listen to his nonsense, what boss, I don't know any boss at all."

Lu Yu Xi nodded, "It must be Omi who deliberately came to disgust you, Omi is the person I know best, before that he even said that he would take care of me, disgusting me for a few days."

"What? Omi said that he wanted to cover you?" Zhen Wuxiang's heart thudded.

"Yeah, why do you think this little brat is so ignorant of himself, a twelve year old brat with no hair yet." At this point, Lu Yuxi suddenly realized that she had said the wrong thing, oh my god, such rude curses came out of her mouth, she was so ashamed that she was almost ashamed of herself.

"Ugh!Mao." Zhen Wuxiang secretly gulped, then her eyes involuntarily looked at a certain place in Zhen Wuxiang's heart and said, "Could it be that Lu Yuxi is fourteen years old."

"Gulp." Zhen Wuxiang secretly gulped again, Zhen Wuxiang but 16 years old, understood everything, with Omi twelve years old indeed many different, even Lu Yuxi, fourteen years old is also very different from Omi, this is Lu Yuxi always think that Omi is nothing but a little kid.

"Alright, Brother Wuxiang, thank you for your guidance."

"It's fine, you're welcome to come back to me later."

"Uh-huh, I'll go back first then."

"I'll walk you."

"No, I'll go back on my own." Lu Yuxi walked away.

Zhen Wu Xiang looked at her back and said in her heart, "This time, I will never miss it, Lu Yu Xi, you wait, you will become my girlfriend in the Flying Cloud Sect, for sure."

However, Zhen Wuxiang thought of Omi and was depressed, moreover, she had just heard Lu Yuxi say that Omi wanted to take care of Lu Yuxi.

Zhen Wu Xiang snorted, "Omi, Lu Yu Xi is so beautiful, you even said that you want to bag her, aren't you recklessly reckless, what do you take Lu Yu Xi for, as one of those female disciples of the Flying Cloud Sect who don't even want a personality."

At this moment, in the Light Cloud Alliance.

"Brother, when you tested in the morning, why did you release the Qi of the sixth stage of Body Refining ah." Tang Huan asked.

"Sister, I now regret not hiding to the seventh stage of Body Refining."

"Uh, brother, you're crazy, why are you suddenly being so high-profile."

"Didn't you see that this quarterly test, the limelight is all out for Zhen Wu Xiang." Omi said somewhat depressedly.

"Brother, do you also want to be like Zhen Wu Xiang and become the prince charming of all the girls, otherwise why do you care about this?"

"Ugh."

"Brother, you're still young now, even if you overshadow Zhen Wu Xiang, people won't treat you as Prince Charming, Prince Pony is more like it, hahaha." Tang Huan covered his mouth and laughed.

Omi speechlessly rolled his eyes.

Tang Huan comforted, "Alright brother, don't be depressed, no matter what, keep it moderate, don't overdo it, once you overdo it, people will look at you not as worship, but curious. Besides, no matter how much of a fuss Zhen Wu Xiang makes, he's still your little brother."

"Hehe, that's true."

At that moment, someone knocked on the door outside.

"Boss, it's me." Don Unknown's voice sounded outside.

"Sister, go knock on the door, it's Tang unknown, I told him to go get Zhen Wu Xiang, it seems that Zhen Wu Xiang is already here, I'll have to question him as to why he didn't come to pay me a visit after so long. Even if I haven't summoned him, he should come to pay his respects to the boss from time to time."

Tang Huan went out and hit the door, this courtyard, without special permission, only Omi and Tang Huan could enter freely, the rest of the people had to be confirmed.

Tang unknown ran into the house.

Omi looked behind Tang unknown and frowned and asked, "Where is Zhen Wu Xiang?"

"Boss, stop it, I'm so angry, that Zhen Wu Xiang is even pretending that she doesn't know any boss." Tang Ming was busy.
