

King of kings

1559

Omi went to bed early, but unfortunately, Tang Huan didn't share the same room with him anymore, Omi was quite lonely.

The next morning, Tang Ming came to report, "Boss, according to the latest news from the scouts, last night Zhen Wu Xiang really waited for Lu Yuxi in the bamboo forest all night, until the early morning, Lu Yuxi did not appear, Zhen Wu Xiang looked lost."

Omi snorted, "Zhen Wuxiang overestimated her charm."

"Boss, have we been paying attention to him but not doing anything?"

"Of course we're going to do it, now where's Jen Wu Xiang?"

"According to the scout's report, Zhen Wuxiang left the bamboo forest and headed to Lv Yuxi's dormitory, by the way, Lv Yuxi's dormitory is not far behind the single room you used to live in, Lv Yuxi also lives in a single room."

"Let's go, it's time to go and clean up Zhen Wuxiang who has gone back on her word today." After saying that, Omi walked out of the house.

Omi didn't bring a lot of people with him, he only brought Tang Mifa, not even Tang Huan.

The two of them, Omi and Tang Unknown, arrived outside of Lu Yuxi's single room and long ago saw Zhen Wuxiang standing at the front door of Lu Yuxi's single room, shouting, "Yuxi, are you there?"

"Coming."

Soon after, Lu Yuxi opened the door and walked out. Remember the URL . kanshu8 . net

Lu Yuxi saw Zhen Wu Xiang covered in dew and asked, "Brother Wu Xiang, why are you covered in dew?"

Zhen Wuxiang was a little disappointed to see that Lu Yuxi actually still didn't know why, but managed to smile, "Yuxi, did you forget? I asked you to look at the moon last night, but you refused, so I had another message sent to you that I would wait for you all night in the bamboo forest. So, I waited for you all night in the bamboo forest and just got back."

"Ah." Lu Yuxi covered her mouth, as if she had forgotten.

"I'm sorry, Brother Wuxiang."

"It's fine, Yu Xi, I have something I want to say to you."

"What kind of words?"

"Yuuki, I might, I'm in love with you."

"Uh, Brother Scentsless, I am."

"What, Rainbrook, don't you like me?"

"Me."

"Yu Xi, I know you like me too, right, let's be together."

At this moment, Omi was watching from a short distance, but wanted to see if Lu Yuxi would say yes.

However, Omi guessed that Lu Yuxi wouldn't say yes, after all, she hadn't even gone to look at the moon last night.

"I'm sorry, brother Wuxiang, although I did feel a bit smitten with you when I saw how talented you are, but I just want to be friends with you first, I haven't thought that far ahead. If you don't mind, let's start with being friends." Lu Yuxi said.

Zhen Wu Xiang was holding a fire inside, she was already fuming after waiting all night last night, and this morning her confession was rejected, so Zhen Wu Xiang didn't have control over it and said loudly, "Yu Xi, if you really like me then skip the process and go straight to the result, okay, I don't want to be slow friends with you, I want to just be a girlfriend."

"Uh, Brother Incense, I am."

"You either promise to be a straight girlfriend today, or you won't even be friends." Zhen Wuxiang said with a nest egg.

Lu Yu Xi was disappointed to see Zhen Wu Xiang being such an impatient person and shook her head, "I'm sorry then, although I really want to be friends with you, unfortunately, since you don't want to, then let it be. I'm going to close, I'll be practicing all day today." Lu Yuxi was also not a guest.

Angry.

In the distance, Omi's eyebrows furrowed, thinking that Lu Yuxi and Zhen Wu Xiang were about to enter the lovemaking stage, but instead, he saw a scene of them breaking up.

That Zhen Wu Xiang, too, was really tragic, but even more tragedy was still to come, as Omi hadn't cleaned him up yet.

At this moment, Zhen Wuxiang saw that Lu Yuxi really refused, not even a friend to do to threaten do not care, suddenly, disappointed inside, also annoyed.

Zhen Wuxiang bit her teeth and said, "Lu Yuxi, I'm so disappointed in you, I didn't expect you to be such a courageless person."

Lu Yuxi said somewhat ridiculously, "Zhen Wuxiang, I worshipped you only because I saw that you were gifted, but I didn't expect that you were such a person. I only got acquainted with you yesterday, yet you want to force me to be your girlfriend today, don't you think you're too presumptuous, do you think I'm one of those nymphomaniacs who fall over and jump on you as soon as they meet you? If I were such a person, I would have already been taken care of by that little brat Omi before, but unfortunately I'm not. Go away, don't bother with me, save your friends who haven't been friends and have turned into enemies." Lu Yuxi looked like she was about to close the door.

Zhen Wu Xiang was held up as Prince Charming by countless young girls yesterday, his confidence had been soaring, but today, he was ruthlessly rejected by a little girl, making him feel humiliated.

Zhen Wu Xiang burst into Lv Yu Xi's house, and held Lv Yu Xi by the waist, and kicked the door shut with a back kick.

"Ah, Zhen Wuxiang, what do you want?" Lu Yuxi's screams could be heard from inside the house.

Not far away, Tang Miao was foolishly saying, "Boss, what's this situation, Zhen Wu Xiang is trying to tyrannize."

Omi also didn't expect that it would be like this.

If Zhen Wu Xiang knew how to pick up girls and take her time, it wasn't impossible to catch up with Lv Yu Xi in the future, but unfortunately, Zhen Wu Xiang had screwed herself up and ended up being so angry that she even used her strength directly.

In Lv Yuxi's house, Zhen Wuxiang angrily said: "Lv Yuxi, you forced me to do this, I like you so much, I asked you to look at the moon, I waited for you for a whole night in the bamboo forest, but you didn't care about my feelings. When I came to see you this morning, I was holding back a lot of grievances, I thought you would be very apologetic and say sorry to me, but you had nothing. I forcibly confessed to you, and you even refused, I even threatened you with not even being a friend, but you, without even thinking about it, refused. Lu Yuxi, it's all because you forced me."

Lu Yuxi was pressed down on the bed by Zhen Wuxiang, unable to move, Lu Yuxi cried in fright, I never thought that Zhen Wuxiang would become like this, how different was he from Yang Rong, who was chasing her before.

"Zhen Wuxiang, let go of me, what do you want to do to me."

"Lu Yuxi, when the raw rice is cooked, you'll choose to be with me."

"Zhen Wuxiang, I advise you not to do anything."

"Yu Xi, I'm sorry that I have to be like this because I like you too much."

At this moment, outside the main gate.

"Boss, do you want to go in? If we don't go in, Lu Yu Xi will be defiled." Tang Ming said in a moment of flesh pain.

Omi was speechless, "Why do you look like you're hurting."

"Nonsense, that's a beautiful woman, it's not a pity for you to be spoiled like that."

Omi said, "It's good to let Lu Yuxi learn a lesson, let's do it after Zhen Wuxiang is done being spoiled."

"Boss, think twice, although you hate Lu Yuxi for being smitten with Zhen Wu Xiang, but, it's just a heartbeat, after all, you didn't agree to go to see the moon, nor did you agree to be Zhen Wu Xiang's girlfriend well. This means that Lu Yuxi, hasn't been so cheap as to be hopelessly untouchable."
