

King of kings

1574

At this moment, a young man about the same age as Omi at the entrance walked in with tea and said, "Master, please use the tea."

This respectful person who was carrying the tea was called Leye Eyes, and was the same Leye Eyes who had been the summoned disciple that Elder Shejun had chosen when he chose between him and Omi.

Seeing Lie Yueye, Elder Shejun suddenly thought of Omi's humiliation, knocking over Lie Yueye's tea tray and bellowing, "Drink, drink, drink, drink, what tea."

Leye Eyes suddenly kneeled down in fear and shouted: "Master, is it not where disciple has done wrong, begging Master to punish."

When Shejun saw how wasteful Leye Eyes was, and then saw how powerful and arrogant Omi was now, there was a stark contrast. He had chosen a passing out disciple from between them, but he had never thought that he would really have eyes to see and chose an even more wasteful Leye Eyes.

Elder She Jun angrily kicked Leye Eyes to the ground and roared, "Get out, useless trash, how did I choose you, a trash, to be my Book Passing Disciple in the first place."

Feeling aggrieved, Leye Eyes said boldly, "Master, how can you say that about me, when you chose your passing down disciple, my talent was a spike to kill Omi."

"Spike Omi?" Elder Shejun gave a cold snort, thinking about the current Omi, and then thinking about Lie Yueye, who was only at the sixth stage of Body Tempering, he was too far from Omi.

Elder She Jun didn't want any more nonsense, filled with disgust, he roared, "Get out."

Lie Yueye's eyes filled with aggravation ran out of the residence, came to a nearby hill and wiped a tear. Crying, he said, "Master, you yourself are in a bad mood, so why are you taking it out on me and calling me trash. Unfortunately, I'm the weakest here and can only swallow my anger. I really want to find someone to vent my anger, but everyone here is stronger than me, so who do I find to vent my anger to."

At this moment, Leye Eyes thought of a person in her mind, Omi. Remember the URL . kanshu8 . net

"Hey, Don Omi? Yeah, Master takes it out on me, I can also take it out on Omi. Otherwise, if I keep holding it in like this every day, I'll get sick, okay, then I'll go to the outskirts of the Flying Cloud Sect and bully Omi, I don't know how he's getting on like this. A year ago, we also reached the first stage of body refining at the age of 12 and came to the Flying Cloud Sect. Unfortunately, our destinies were vastly different, I was chosen by the Flying Cloud Sect elder as a book transmitting disciple, while he, could only lair in the outer reaches of the Flying Cloud Sect, hehe, I'm sure that nowadays, the difference between us, is already very obvious. Haha." Thinking of this, Leye Eyes suddenly felt a sense of superiority, the aggravation of just being scolded by his master had also subsided a lot, if he went to Omi to pretend some more, and was looked up to by Omi for a few glances, I'm sure it would be very cool.

I don't know how well Omi is doing now.

But, Yueyoung never believed that Omi would be better than him, after all, Omi wasn't chosen as a disciple, which is enough to show that Omi is not as good as him. The first reason why Leye Eyes went to Omi was to take out his anger on Omi, and the second was to show off his current achievements and mock the failures of that year.

After Leye Eyes left, Yang Qian and a few other disciples asked, "Master, what's wrong with you? Why take it out on a passing disciple ah, now he's run out of the residence."

Elder Shejun snorted heavily, "Ignore him, you guys also go out, leave me alone to calm down for a while."

"Yes."

Yang Qian and a few other disciples panicked and left, and closed the door.

After walking out of the door, one of the disciples said, "Yang

Dive, didn't you say before that you wanted to take care of the outer disciple, Tang Huan? You won't forget that, will you?"

Yang Qian nodded and said, "Of course I won't forget, but in the past, Tang Huan hadn't assessed to the Inner Circle yet, so she wasn't qualified enough to be kept by me, now, I don't know if she has assessed to the Inner Circle of the Feiyun Sect, if she succeeds in her assessment, then she will be qualified to be kept by me, Yang Qian."

"Hehe, such a little beauty, I hope she succeeds in her assessment, otherwise she won't be able to enjoy the mighty style of our Brother Yang Qian."

"Alright, it's late today, plus Master is in a bad mood, tomorrow I'll go to the outskirts of the Flying Cloud Sect and look for Tang Huan."

"Haha, with your talent, Brother Yang Qian, Tang Huan won't be happy about it. Climbing onto your high branch, Tang Huan's family can all improve their status in the family."

It was indeed late, as today's assessment didn't end until evening.

At this moment, Omi and Tang Huan finished their dinner together.

Today, the outer disciples' canteen was adding extra meals for all of them, firstly, to celebrate those who had successfully assessed to enter the inner circle of the Flying Cloud Sect, and secondly, to bid farewell to those who would be sent away tomorrow morning.

Omi had eaten a full meal and had just walked out of the door of the cafeteria when one of his men ran over to report, "Boss, someone is looking for you over there."

"Someone's looking for me?"

"Who?"

"I don't know, I was just coming out of the cafeteria on a full stomach, and then a man about your age asked me if I knew someone named Omi. I saw that man seemed to have come out of the inner circle of

the Flying Cloud Sect, so I didn't dare to offend him, so I said, you're in the cafeteria, I'll help him go in and give a shout."

"Oh, now where is that man?"

"He's waiting over there."

"Okay, no more of your business." That man left first.

Omi said to Tang Huan, "Sister, I'm going over to see who's looking for me."

"Brother, I'll go with you, in case it's someone who bullies you."

"No need, you and Lu Yuxi can go back first."

Omi walked in a certain direction towards the entrance of the cafeteria by himself.

Soon after, Omi saw a teenager who was about the same height as him.

Omi immediately recognized from his back that it was Leye Eyes.

Omi muttered in his heart, "This kid, haven't seen him for a year, why did he suddenly come to see me? Hmph, it's bound to be bad. When he was forced to be chosen by She Jun Ugly to be a Transfiguration Disciple, he was so proud of himself in front of me, I'm afraid that now that he's come to me, he's ten times more likely to show off his current achievements to me. As such, I'll let him show off for a bit, and then, see how I'll deal with him."

As expected of a Omi, he guessed right away.

"Hey, Lie Yue Eyes." Omi shouted.

Leye Eyes turned around and saw Omi coming from behind him.

Leye Eyes sized up Omi and sensed Omi's Qi, and found that Omi's Qi was very weak, and Leye Eyes judged that Omi was at most at the third stage of Body Tempering, while he, he was already at the sixth stage of Body Tempering.

Suddenly, Leye Eyes felt like a layer of light all over his body, incomparably dazzling.

Leye Eyes was filled with a high tone and said, "Omi, don't come back unharmed."

Omi said, "Fine."
