

King of kings

1614

She Jun's heart said, "You're standing here, I'm still pretending to be hairy, motherfucker."

At that moment, the head of the Lie Yue family, Lie Yue Bi, came over and asked, somewhat bewildered, "Elder She Jun, what are you doing?"

Shejun was suffering, not knowing what to say, when Omi directly said, "I'm Shejun's boss."

"Ah!" Lie Yue Bi's body trembled, he had just proudly said that not every family could invite Elder She Jun, but in a flash, She Jun was Omi's subordinate.

"Elder Shejun, is what he said true?" Lie Yue Bi asked.

Shejun nodded helplessly, though he didn't admit it inside, but what could he do.

"Oh my god, you really are one of Omi's men." Lie Yue Bi was in complete disbelief of life.

At that moment, another shout came from the doorway, "Supreme Elders of the Lie Yue Family, Lie Yue Ming and Lie Yue Riot have arrived."

Immediately after that, two men of the Spiritual Unity stage walked in, these two men were the two supreme elders of the Lie Yue Family, both of them were of the Spiritual Unity stage, but although they were on the same level as She Jun, the two of them together couldn't beat She Jun. Because the two of them couldn't pass the Flying Cloud Sect's elder assessment, there was a huge difference in strength between them and She Jun.

After Lie Yue Ming and Lie Yue Tyranny entered the temple, they immediately walked up to Elder She Jun, shook hands with him cordially and said, "Thank you, Elder She Jun, for taking the time to represent our Lie Yue Family to offer the heavens."

She Monarch nodded slightly and said, "You're welcome." Because Omi was around, She Jun was uncomfortable all over, afraid that Omi would say something messy again, making him very ashamed. One second to remember to read the book

What was Shejun afraid of, what came, when Omi said again, "Shejun, why don't you introduce these two to me."

Shejun had a big head for a while, and inwardly seemed to be praying to Omi, save some face for me.

Lie Yue Ming and Lie Yue Tyranny frowned when they saw Omi call She Jun by his name, even they had to respectfully address Elder She Jun, Omi actually called him by his name.

"Hey, which family's child are you? How dare you be so rude to a VIP of my Lie Yue family." That Lie Yue Ming reprimanded Omi.

That Lie Yue Tyranny also said, "Is Elder She Jun's name something you can call casually?"

Omi snorted, "I am the new head of the Tang family, Omi."

"Little brat, you dare to brush me off."The eight Lie Yue thunders raised their slaps and tried to educate Omi.

Omi said, "You'd better not be impulsive, or you won't be able to eat your way out of this."

"Hmph, even if the head of your Tang family, Tang Hu Lai, doesn't dare to say a single word of no in front of me, let's see if I don't come and educate you for Tang Hu today."

That Lie Yue tyrant was about to slap down when suddenly, his raised hand was grabbed by someone, and when Lie Yue tyrant looked back, it was Elder She Jun.

"Ah, Elder She Jun, why are you preventing me from educating this ungrateful Tang Clan's son?"Lie Yue tyranny was puzzled and said.

She Jun's face was unusually pale, and she said reluctantly, "Lie Yue Tyranny, don't be impulsive, he's me, the boss."The last two words were said very quietly.

"Elder Shejun, what did you say?Didn't hear that."

Shejun depressedly said a little louder, "He's my boss."

"She-kun long."

"Pah."Suddenly, a slap slapped Leyue's face, making a sound of "smack", breaking his words.

When Lie Yue Riot looked, it was Omi who slapped him.

"You."Leye Moonstorm became furious.

"Bang."Omi kicked at Leye Moonstorm's crotch again.

Everyone at the scene was looking over here, everyone was stupid, Omi actually slapped the supreme elder of the Leyue Family and kicked him down.

Omi really didn't think things were big enough, he had just killed the head of the Ancient Slave Family, and now that the matter hadn't been resolved, he slapped another Spiritual Harmony Stage powerhouse.

"You're looking for death."Lie Yue Tyranny was furious and wanted to kill Omi.

Shejun hurriedly stopped Leyue Tyranny.

"Elder Shejun, why are you stopping me?As you can see, this little son of a bitch slapped me and kicked me down there for no reason, how can I tolerate this, I am the supreme elder of the Lie Yue Family."

Shejun was busy saying, "Brother Tyrant, appease your anger, my boss he really doesn't have a good temper."

"Shejun, do you know what you are talking about?"

She Jun bit his teeth helplessly and said, "Brother Tyrant, Omi is indeed my boss, as for why, don't ask okay, in short, if you listen to me, just hurry up and apologize to my old man, let's forget about this matter."

"What? You actually want me to apologize?" The leyue storm of anger almost jumped up, Omi slapped him, he has not yet cleaned up Omi, actually want him to apologize to Omi, is really outrageous, the world there is more unreasonable than this thing?

She Jun said anxiously, "Brother Tyrant, listen to me, quickly apologize to my boss, or it will be too late ah."

"She Jun, you, you are an elder of the Flying Cloud Sect, in terms of social status, I'm not even one tenth as good as you, you actually said such words, do you know that you are the pride of Tian Bao City in the hearts of everyone in Tian Bao City, in the entire Tian Bao City, there are only two who can assess to become an elder of the Flying Cloud Sect, and you actually." That Lie Yue Tyranny seemed to have a sudden drop in She Jun's image in his heart.

She Jun was also helpless, he was indeed a role model for all the immortal cultivators in Heavenly Jewel City, but unfortunately, he also had to call Omi Boss, and only he knew the bitterness in his heart.

Just at this moment, another announcement came from the entrance of the temple, "The Gu Nu Family Supreme Elder, Gu Nu Xiaoye and Gu Nu Yan have arrived."

Two strong men of the Spiritual Unity stage walked in, seeing these two coming, everyone in the Ancient Nun Family rumbled, they seemed to have been waiting for these two for a long time. Ever since their Ancient Nun Seal Hall was killed, the children of the Ancient Nun Family had been expecting the arrival of their Supreme Elder.

"Ooh, Supreme Elder."

"Ooh, Supreme Elder, you've finally come." The sons and daughters of the Ancient Slave Family burst into tears.

The two Supreme Elders of the Ancient Slave Family were startled and looked at the crying clansmen and asked, "What are you doing? Today is the big day for the sacrifice. Why are you crying? Where's the Slave Seal? Why aren't you seeing anyone, and as the head of the family, why aren't you here to preside over the situation?" That female supreme elder called Ancient Slave Little Leaf said.

"Ooh, Supreme Elder, the master of the house he, he, is dead, ooh."

"What? Indo him?"

"Dead."

"How did this happen." The man called Gunuyan yelled.

At that moment, on Omi's side, Lie Yue Tyranny had been slapped and kicked below by Omi and was on fire to chop Omi to death, but was stopped by Elder Shejun, who was now in a daze, when he heard the movement from the Gounu Clan's side.
