

King of kings

1620

Omi's mood was also quite affected, Omi thought that he had forgotten about the mortal realm and the people from his past, but today, when he saw Leyue Xingyi, he realized that he couldn't forget at all.

The next day, early in the morning, a servant came to report.

"Master, someone is asking for an audience outside the door."

"Who wants to see me?"

"It's the two supreme elders of the Leyue Family, and they're bringing one who is your disciple."

Omi didn't expect Leyue Xingyi to come so soon.

"Let that little girl in, the others can leave."

"Yes."

Soon after, the servant brought Leyue Xin Yi to Omi's other courtyard, and the two supreme elders of the Leyue family were sent away.

Omi stood at the entrance of the main hall, looking at the little girl who walked in, she really resembled her teacher's wife, the more she looked, especially the eyes, even the eyes.

"You're here, didn't you say within three days, why are you in such a hurry." Omi asked. A second to remember to read the book,

Lie Yue Xin Yi looked at Omi and smiled slightly, her eyes suddenly shining with water mist, and softly called out, "Windy."

"What." Omi almost went limp on his butt.

"You, what did you call me?"

"Windy, it's me, Yan Xin Yi."

"Oh my god, Shisun, you're my Shisun?" Don Zimmer was silly.

"Uh-huh, it's me." Yan Xin Yi came up, her eyes giving her a maturity that didn't match her appearance.

Omi's brain seemed as if it couldn't react for a moment, it was too unexpected.

"Shisha, this, how is this possible." Omi said with a trembling voice.

“Feng’er, I’m sorry, I should have called you Master.”

“Ah, Master-mother, this must not be allowed.”

“Oh, it’s all God’s will, it’s fair for you to be my master in this life and me to be your teacher’s wife in the previous life.” Yan Xin Yi smiled slightly.

“Shisuniang, this must not be, I was seeing that you looked like my Shisuniang yesterday, so I felt that it was fate, that’s why I decided to take you as a disciple, I didn’t know that it was you originally, otherwise how could my disciple dare to be so disrespectful and take you as a disciple.”

“Feng’er, I’ve said it’s the will of God.”

“There is no such thing as providence or not, you were my teacher’s wife in your previous life, and you are still my teacher’s wife in this life, no matter if you have now become younger than my age or less powerful than me, you will always be my dearest teacher’s wife.”

“You child.” Yan Xin Yi smiled helplessly, even though Shiniang was only twelve years old, she smiled so beautifully, it seemed that Shiniang’s reputation as the most beautiful woman in the world when she was young was not untrue.

“Shisuniang, I thought that you had reached your big limit, but I never thought that the second Void Stepper would be you.”

Yan Xin Yi smiled, “I was able to tread the Void, but I actually didn’t expect it myself, and was greatly helped by you. That year, I was about to reach the end of my lifespan, so I left a letter to you, and then I took your master’s relics away from the Great Martial Empire to a borderland, preparing to say goodbye to this world. However, by coincidence, I accidentally ate an unknown spirit grass, after which I stepped into the Void!

Phase I. However, that spirit herb had tremendous side effects, and while I benefited from it, it also made me suffer, and while I ended up saving my life, I had no mobility, all over my body, and I only had my brain left to move.”

“Ah, paralyzed?”

“Well, I had no other abilities besides my brain still being able to think, but fortunately the local villagers helped me, so I didn’t die. However, I was also blessed by misfortune, and my realm continued to improve, rising from the dead and breaking through one level higher every time I was about to reach a critical moment, and so, in the end, I reached the Seventh Stage of Return to Void. At this time, I had been living in that village for a hundred years. Fortunately, after I stepped into the seventh stage, I regained my mobility, but I felt that I couldn’t move forward any further. So, I left the frontier where I had lived for hundreds of years and returned to the Great Martial Empire, and at that time, I realized that you had stepped into the void and left, and all of your family members were gone as well. Fortunately, you left behind a book of martial arts tips and experiences. I read the valuable experience you left behind and benefited greatly, I knew you too well, I could almost see your heart through the words, and after that I reached the return of my ancestors in just under ten years.”

“So that’s how it is.” Omi’s understanding of his teacher’s wife’s experience, only then did it dawn on him, it seemed that his wife was also someone who had a great chance, although his talent was average when he was young, but when he got old, he began to go against the grain, only, she was alone in the borderlands, paralyzed for a hundred years, it was also really lonely. But in the end, she reached the return of her ancestors and achieved the spirit body.

Yan Xinyi then told Omi in detail about coming to the Spirit World, including that Leyue Lu.

"Where is that Leyeolu now?"

"He's been executed by the supreme elder of the Leyon Family, but I didn't reveal that I'm a Void Stepper, and it doesn't seem like anyone in this world knows anything about the mortal realm, so I'd rather not cause any more trouble."

"Count him dead quickly." Omi snorted.

"Oh, Shiniyo didn't expect to be able to see you in this life, and so soon, Shiniyo has no regrets."

"What are you saying, Shisun, since we have come to the spirit world and started a new life, we still have a long way to go in the future, thousands of years, tens of thousands of years, even millions and millions of years, a few hundred years in the mortal world is just a very short journey in our long future career."

The teacher's wife smiled, "I wish I could go this far, but the immortal world is cruel and can only take one step at a time, I don't have high expectations for the future, after all, apart from you, all my relatives are gone."

"Auntie, as time passes, we will have new relatives in the spirit world." Omi said, for example, one year after Omi came to the Spirit World, Tang Huan and Tang Jingtian, became Omi's relatives, and in a few hundred years and a few thousand years, there will definitely be more who will be treated as relatives by Omi.

Yan Xin Yi shook her head, "I can't accept it at the moment."

"It's fine, you've only just arrived in the Spirit World after all, your thinking is still stuck in the past, although I won't forget the past, I can't diffuse it either, I must look forward."

"Windy, how are you doing now? Why are so many strong people afraid of you today at the Temple?"

"Hehe, Shiniang, then just listen to me in detail."

Omi told his teacher's wife all the things he had done in the year since he came to the spirit world, and for his wife, Omi had no reservations, and naturally, the nine devil immortal qi in his body was also told.

"Feng'er, no wonder you're so confident about the future that you dare to threaten millions of years from now."
