1633

Omi entered the True Beast Forest with three beautiful women by himself.

In the blink of an eye, seven days passed, these seven days, Omi's four people were killing beasts while searching for the little white dragon, but unfortunately, the little white dragon was never seen, it seemed that the little white dragon was really lost.

"Haha, there are beauties." One day at noon, when the four of them were barbecuing the meat of the magical beasts, two men surrounded Omi, looking at Tang Huan and Lv Yuxi with bright eyes, as for Yan Xingyi, because she was still too young, those two didn't look, focusing their eyes on Tang Huan and Lv Yuxi, Tang Huan was 17 years old and Lv Yuxi was 15 years old, they both looked very attractive already.

Omi lifted his head and looked at the two men, a little surprised, they were actually of the 5th and 6th order of Heart Shining, Omi thought that they were disciples of the Flying Cloud Sect, but now it seemed that they were not disciples of the Flying Cloud Sect.

"You guys aren't disciples of the Flying Cloud Sect?" Omi said.

"Kid, you still have some eyesight, you can tell that we are not disciples of the Flying Cloud Sect, yes, we are tutors of the Flying Cloud Sect, this time we entered the True Beast Forest as companions for training, I never thought that we would meet two big beauties halfway, no, three, only this one is still very small." One of the men pointed at Yan Xinyi.

Yan Xinyi said angrily, "As mentors of the Flying Cloud Sect, you should have set an example for others and set an example, but I didn't expect that you would dare to intercept female disciples halfway."

One of the mentors left his mouth open, "Little kid, you're disgusted that our brother and sister aren't messing with you, you're deliberately showing your existence, in that case, I'll work a little harder later and get you first, so don't cry out in pain then."

"Hahaha." The other mentor laughed, and by the way, they had never played with a girl this small before.

"You guys." Yan Xinyi was furious.

Omi said, "What are you angry with these scum." First URL [m.kanshu8.net](http://m.kanshu8.net)

"Are you arrogant, boy?" One mentor said.

At that moment, another mentor said in astonishment, "This kid is in the ninth step of enlightenment, how can he be so young?"

They had just focused their attention on Tang Huan and Lu Yuxi, so they didn't pay attention to Omi, and that's why they found out that Omi was at the ninth stage of Open Light.

After discovering that Omi was at the ninth stage of Open Light, they were a little scared because someone so young who could reach the ninth stage of Open Light was definitely not ordinary.

“What should we do?” One of the mentors looked to the other.

“Damn, now that it’s done, what else can we do, just do it the hard way.”

“But, this kid has reached the ninth stage of opening light at such a young age, I’m afraid his origin is not small.”

“So what if the origin isn’t small, no matter how strong the talent is, before the strength surpasses us, it’s all a paper tiger. We’ve just offended them, do you think it’s too late to stop now?”

“Since it’s too late, let’s forget about this kid’s status, let’s slaughter him first, then take these three beauties to a nearby cave, let off a good night’s sleep, and kill them tomorrow, before the matter is revealed.”

“Well, it’s been almost three months since we entered the True Beast Forest, and we haven’t seen a woman in three months, heck, we can’t even control it a bit when we see a female beast now.”

The two mentors deliberated quietly, as if Omi was a turtle in their urn.

Yan Xin Yi Lu Yu Xi Tang Huan, the three of them, didn’t look nervous at all, although they didn’t know that Omi had already raised his realm to the seventh step of heart shining, but they knew that Omi had even killed the seventh step of heart shining, Tang Hu Lai, and the ninth step of heart shining, Ancient Slave Indang before, a mere two Feiyun Sect mentors were not enough for Omi to kill.

As for Omi, even more so, he didn’t even look at those two mentors, the disdain in his eyes was indescribable.

At this time, Omi tore off a piece of beast meat and said, “You two, have you discussed it?”

bsp; “Well, boy, you’re dying and you’re still eating meat.” One of the instructors said.

Omi put down the beast meat in his hands, stood up, and said with a fierce glare, “Your death is at hand.”

“Kid, although I admit that you do look like a genius, but with you? An enlightened ninth stage, could it be that he can still kill me?”

“Killing you is just a blink of an eye.” Before Omi’s words were finished, the head of one of the instructors was grabbed by Omi and separated from his body with a horrifyingly fast movement.

“Ah.” The other mentor was dumbfounded, sure enough, killing them, a blink was just a blink, hadn’t Omi just blinked?

Lu Yuxi was full of admiration, “Chen Shao, you’re so handsome, can you open such a handsome pose again ah.”

Yan Xinyi said, “Master, don’t be softhearted, this kind of scum, as a tutor, it’s not worth dying for.”

“Pounce.” The tutor who wasn’t dead panicked and kneeled down.

“Don’t kill me, I was wrong, please, don’t!”

Before he could finish a sentence, his head separated from his neck.

This kind of person actually had the nerve to beg for mercy, Omi had wanted to give him a few more seconds to live, but he actually begged for mercy, so Omi just killed him.

The two Feiyun Sect instructors died like this.

Omi emptied out their pouches and a pile of magic cores, these magic cores, at best, could be exchanged for a few hundred third grade spirit stones, and Omi let the three women share them.

"Let's go, move on." After eating the magic beast meat, Omi said, then the four of them continued to walk deeper into the True Beast Forest.

Tang Huan said angrily along the way, "I didn't expect that the instructors of the Flying Cloud Sect would have such a poor character, thanks to me, I had thought that instructors were all of high moral character and respected by all their disciples, but I didn't expect that I was really disappointed."

Lu Yuxi said, "Sister Tang Huan, you don't know this, the mentors of the Flying Cloud Sect are known for being messy, do you know what subterfuge means?"

"Uh."

"The tutors of the Flying Cloud Sect are responsible for guiding the disciples of the Flying Cloud Sect, and all the disciples, if they have a problem, they can go and consult the tutors, so those tutors use this opportunity to subterfuge some female disciples without any limits."

"It's too teacherless." Yan Xin Yi gasped.

At this time, Omi said, "After I go back this time, I want to be a mentor as well."

"Ah." The three girls were stunned, Omi was going to be a mentor for good reason?

"Why do you want to be a mentor, brother? Did you hear that mentors can suborn female disciples?" Tang Huan was busy asking.

Omi said indifferently, "There's no reason for it, it's just a matter of wanting to be one, I can't be a disciple all the time, my identity has to be properly mentioned upwards, as for subterfuge female disciples, hehe, I can do it as long as I want, it's just a matter of wanting to or not, it's not worth spending time thinking about it."

"Brother, only those above the fifth level of heart illumination are qualified to assess for the position of Flying Cloud Sect's mentor ah."

"Sorry, I forgot to tell you guys, I'm already at the seventh step of heart illumination, so I'm fully qualified for the mentor position."

"What? You, when did you reach the seventh step of heart illumination?"

"Yesterday, I refined one of Ping Qiuyue's fourth grade spirit stones."

"Wow, at the age of thirteen, reaching the seventh level of heart illumination, Minister Young, are you breaking a human record?" Lv Yuxi said in adoration.

Omi looked at Lv Yuxi with a slight smile, Lv Yuxi was already a head taller than Omi, significantly bigger than before, her body was very attractive, it was a pity that Omi was still young, otherwise he really wanted to run her over.
