

King of kings 1632

1635

However, in the next moment, Omi otherwise had his own thoughts.

"No, Mu Qianji was able to come to the Spiritual Realm at such a weak age, this means that her opportunities and luck are far superior to mine only, now that even I am reaching the seventh step of heart illumination in a year, it's not surprising that she came decades before me and reached the sixth step of Spiritual Harmony."

Omi was very excited at the moment, if it wasn't for the fact that the situation wasn't right at the moment, he would have rushed out immediately.

Omi immediately asked Jiu Ji, "Those people in the fifth row on your left, which sect are they from? Who are they?"

Jiu Ji turned his head and said in his heart, "They are from the Thousand Waters Sect, that woman in white is the sect master of the Thousand Waters Sect, Bai Qingze, the beautiful woman standing behind her is a female disciple he accepted more than twenty years ago, her name is Mu Qianjie, no one knows about Mu Qianjie's origin, but this woman is extraordinary, she is only 37 years old, but her realm has already reached the sixth stage of Spiritual Harmony!, she is the number one ranked genius in our entire First Sea, her status in the First Sea is very high, in the Second Sea and Third Sea there are almost no rivals of the same age, I heard that the geniuses of a certain family in the Fourth Sea all want to chase her. The last few, are a few vice-patriarchs of the Thousand Waters Sect, those vice-patriarchs don't have much fame or achievements."

"Mu Qianji, it really is Qianji." Omi was inwardly delighted, never expecting to meet her unexpectedly like this.

The Flying Cloud Sect that Omi joined was not very far away from the Thousand Waters Sect that Mu Qianji was in, and they were both a few sects nearby.

Omi's heart was blazing, but the way Omi looked at Mu Qianji's eyes felt strange, Omi really worried that Mu Qianji had forgotten him, after all, it was normal to forget him. Omi was like a childhood boyfriend to her, after she grew up, who still remembered her childhood boyfriend, and even if she did, it was nothing emotional.

Omi immediately used the Disguise Technique, Bone Reduction Technique, to make himself grow taller and change his face, then, Omi walked out.

A group of people who were guarding under that big rock looked at Omi and were stunned to see Omi, a Heart Shine Stage person, coming alone.

"Who are you?" One of the men from the sect asked. A second to remember to read the book.

Omi said, "I've also heard about the Stone Devil Fruit Look, don't worry, I'm just here to see what it's like, I'm not here to rob it."

"Hmph, just with you still daring to rob, count you as having self-awareness."

Everyone didn't pay any more attention to Omi, after all, there was no need to bother about a person who came to see what he was seeing during the heart illumination period.

Omi deliberately walked to stand next to Mu Qianji.

Unfortunately, Mu Qianji didn't even look at Omi, perhaps in her eyes at the moment, Omi was still too lowly.

Omi was not good at directly identifying himself, so he said to Mu Qianji, "This sister, do you recognize someone called Wind Lightning?"

Mu Qianji snorted, "Don't know."

Omi's heart was cold, how could Mu Qianji have reacted like this?

However, that YuanYing stage woman standing in front of Mu Qianji turned around when she heard Omi say the words 'Wind Lightning'.

That woman looked at Omi in confusion, as if she was thinking, how did this brat know about Wind Light Cloud? Mu Qianji had forgotten all about the past, but she hadn't forgotten ah, wasn't Mu Qianji's lover in the mortal realm called Wind Lightning?

"Hey, kid, who are you?" that

The infant stage woman stared at Omi and asked.

Omi smiled, "Back to senior, I'm just a nobody."

"Why did you ask my disciple if he recognizes Wind Lightning?" The woman's eyes were sharp as she pressed the question.

Omi said, "Do you know Wind Lightning, Senior? There was a man named Wind Light Cloud who asked me to help find out if there was a woman named Mu Qianji, and I knew your disciple's name was Mu Qianji, so I just came up here to ask if it was the same person."

"Wind Lightcloud?" The woman's body shook, and she said inwardly, "Could it be that Wind Lightning has really stepped up from the mortal realm to the Void? Gosh, this is impossible."

The woman was horrified at the thought of this possibility, and she had said before that she would let Mu Qianji die because no one could come up from the mortal realm by stepping on the void. However, Mu Qianji said that she believed that Wind Lightning would definitely come looking for her, and the woman sneered at her and said something about not comforting herself anymore. However, at this moment, it suddenly occurred to her that if Wind Lightning had really stepped on the Void and come up, it would be too much for her to believe.

"Oh my god, he, he really caught up?" The woman said with shock filling her heart, then looked at Mu Qianji, only, Mu Qianji did not have any emotions, and did not recognize any Feng Qianyun at all.

The woman didn't have the heart to ask more about Wind Lightning at the moment and refocused her attention on the Stone Devil Fruit.

Omi silently walked away.

Omi already knew through the simple conversation he had just had that the woman at the YuanYing stage was the one who had taken Mu Qianji away, and the person who had awakened Omi from the Valley of Ghosts in the mortal realm was probably also her.

Omi inwardly said, "Old woman, you took my woman away privately, I will slowly find you to settle this score."

Omi certainly wouldn't let that old woman go, although it wasn't enough to kill her, there was no way to punish her in the future.

Everyone was not disturbed by Omi's appearance, and their eyes were focused on that magic stone.

Omi said inwardly, "I wonder when the Stone Devil Fruit will be released, and I wonder if I'll be able to snatch a few of them. With six or seven sect masters on the scene, it looks like I don't stand much of a chance."

Although Omi was confident that the Stone Devil Fruit would be attracted to him, Omi was definitely under siege.

If only, Omi could make a quick escape.

Omi secretly said, "I use Immortal Qi as my drive, and I don't know how my flying sword's speed is better than that of the YuanYing stage. No matter what, I'll just spell it out."

Waiting and waiting, in the blink of an eye, it was two days of waiting.

During these two days, everyone stared at the stone without moving a muscle.

Finally, on the third day, everyone saw that on that big rock, a few bubbles came out.

"The Stone Devil Fruit has been born." Suddenly, everyone was as excited as chicken blood, and everyone looked like they were ready to go.

However, although the Stone Devil Fruit had been born, it hadn't matured yet, and it would take another two hours for it to mature and detach, and that was when each of them would show their magic to attract the Stone Devil Fruit.

At this time, the Thousand Water Sect's Patriarch said to Mu Qianji, "Qianji, later on, you will help me at the back, your Burial Moon Sword is full of the opposite S*x, perhaps you can attract the Stone Demon Fruit."

"Yes, Master." With that, Mu Qianji flipped out a flying sword from his pouch.
