Although I hadn't been able to talk to Mu Qianji face to face just now, but I always knew where Mu Qianji was.

It was in the vicinity of the Flying Cloud Sect in a sect called the Thousand Water Sect.

Moreover, it looked like Mu Qianji was mixing well and was still the most talented person in the entire First Sea, and was also on the list in the Second Sea and Third Sea.

"Qianji, wait for me, I'll definitely come looking for you." Omi said inwardly.

Omi couldn't go yet because that old woman still didn't know what she would do to Omi, and even if Omi wanted to go to the Thousand Waters Sect, he would have to go in another capacity. Moreover, Mu Qianji no longer had any memories of the past, and seeing Mu Qianji was the same as getting to know her all over again.

Omi returned to the Light Cloud Alliance.

Tang Huan and the three of them had already returned.

"Brother, you're back, you worried us to death." Tang Huan was happy to see Omi back safely.

"Well, I'm fine, alright, I'm going to take a rest first."

Omi returned to his room and took out eleven Stone Demon Fruits, eleven Stone Demon Fruits emitted a milky white holy light.

Omi didn't even think about it, he just ate one. Remember the URL .kanshu8.net

Under the left and right of the Immortal Qi, Omi's realm quickly soared to the ninth step of the Heart Shine.

Only two realms up, Omi didn't seem to be very satisfied, after all, Omi was a person who soared used to it.

Omi took another one, and as a result, it was ineffective.

One wasted in vain, but it didn't matter, Omi still had nine more.

Omi called Tang Huan in.

"Eat it."

"What?"

"Don't ask what it is, just eat it, and don't go out and say anything after you eat it, if it reaches the ears of the Feiyun Sect Master, I'm afraid I won't have any good fruit to eat."

"Ah, so serious."

Tang Huan took it, and as a result, Tang Huan soared from the second stage of Heart Illumination to the fourth stage of Heart Illumination.

Then, Omi called Lu Yuxi in again, and Lu Yuxi also soared to the third step of heart shining.

Finally, there was Yan Xingyi.

"Auntie, before I eat the Stone Devil Fruit, I'll tell you something."

"Mm, you say."

"I ran into Mu Qianji today."

"What? Mu Qianji? Is it the daughter of the mortal realm's Mu Qianji?"

"Right."

"Ah, great, where is she?" Yan Xin Yi was overjoyed, after all, she was acquainted in the Mortal Realm, and was definitely excited to run into a fellow villager in the Spirit Realm that she hadn't seen for years.

"At the Thousand Waters Sect, it shouldn't be far to go from here, but Mu Qianji has lost all his previous memories and no longer remembers anything from the Mortal Realm."

"That."

"It's not convenient for me to go to him right now, Mu Qianji's master, who is the Sect Master of Thousand Waters Sect, has already offended six or seven of the surrounding sects, and I'm afraid that if I reveal my identity, I'll be in trouble, including the Sect Master of Flying Cloud Sect."

"Because of this Stone Devil Fruit?"

"Right, alright, Shini-san, you can take it."

After the teacher's wife took it, her realm soared to the third step of Heart Illumination.

Yan Xinyi was embarrassed, "Feng'er, Shisuniang is really a blessing to you, following you, our Dao doesn't need to do anything anymore, the realm just whirls up. The realm breaks through so easily, I'm wondering if it's a cultivation of immortality or not, people say it's a thousand times harder, but I don't feel anything."

Omi said, "There's no need to think too much about it, Shizuo, cultivating immortality isn't our goal, it's just our process, our goal is to eventually become immortal and then live forever. How our process is, why bother, as long as we can achieve our ultimate goal."

At this moment.

Somewhere in the Flying Cloud Sect.

"Angry as hell, who the hell is that brat?" The Feiyun Sect's Sovereign pounded the table in anger.

The seven sect masters of the strongest sects in the One Heavy Sea had guarded for several days and nights with a few deputy sect masters, and as a result, the Stone Devil Fruit had still been taken away, and not even one of them had been shared!

Although, the Stone Demon Fruit wasn't able to increase a YuanYing stage powerhouse by one realm, it could double the spiritual power of a YuanYing stage powerhouse.

"Patriarch, don't be angry, didn't the other sects also fail to harvest one, we were careless this time, I thought that person was really just watching, who would have thought that person was so attentive. However, this person is able to fly so fast with his imperial sword, I'm sure his flying sword must be of extraordinary quality, this person must have a lot of origins."

Of course, the anger of the Flying Cloud Sect's Sect Master would not be known by the average Flying Cloud Sect disciple anymore, and this matter was only known by a few people at the level of Vice Sect Master.

Omi summoned the Nine Jins Vice Sovereign over.

"Young Minister, you're looking for me."

"Nine Jats, is there something you want to ask me."

"Yes, in the True Beast Forest, are you there as well? The man who stole all the Stone Devil Fruit, what does he have to do with you?"

Omi took out a stone devil fruit and said, "Nine Jins, I told you, sit under me and don't suffer, eat it." Omi tossed the stone devil fruit to Nine Catties.

"Ah, you, how did you get the Stone Devil Fruit?" Jiu Ji was greatly shocked.

Omi laughed, "Didn't you ask me who the person who snatched the Stone Devil Fruit was, actually, that person is also one of my men."

"Ah, you have so many underlings."

"Right."

Jiu Jin could not help but reexamine Omi inside, that person who snatched the Stone Devil Fruit, the fact that he was so weak to be able to fly with a sword showed that his flying sword was of a high grade, and this person was actually one of Omi's men, so wouldn't Omi be even more inscrutable.

"Are you still going to quickly take the Stone Demon Fruit."

Jiu Ji immediately took the Stone Devil Fruit, but Jiu Ji didn't digest it that quickly.

"Thank you, Minister Shao."

"Your realm hasn't improved after you took it?"

"What joke is Minister Shao making, how can it be so fast, I need to refine it for at least half a month before I can completely absorb it, and I'm already at the seventh stage of Spiritual Harmony, I'm afraid the Stone Devil Fruit will hardly allow me to break through a realm, but at least it can shorten the time it takes me to step into the eighth stage of Spiritual Harmony." Nine Jins said happily.

Omi snorted, "No good, come here, I'll help you instantly refine it, and I'll help you instantly absorb it."

"Ah."

Omi slapped Jiu Jiu's back, and a few minutes later, Jiu Jiu absorbed all of the effects of the Stone Devil Fruit and stepped into the eighth stage of Spiritual Harmony.

"Heavens, Young Minister, how did you do that."

"Don't ask me how I did it, you just need to know that it's an incomparable honor for you to become my Qui Corpse."

"Thank you, Minister Shao."

"Alright, let me ask you a few questions."

"I beg your pardon, Minister Young."

"How is your Sovereign now?"

"Very angry."

"I'm going to the Thousand Waters, how do I get there?"

"Minister Young, the Thousand Water Sect only accepts female disciples."

"Ugh." Omi didn't expect the Thousand Waters Sect to be so strange.

"Minister Young, what are you going to the Thousand Waters Sect for?"

"Nonsense, of course it's for Mu Qianji."

"Hehe, so Young Minister has also fallen in love with Mu Qianji at first sight, I thought Young Minister was still young and didn't know this aspect. But it's not surprising, that Mu Qianji is not only the most talented person in the One Heavy Sea, she's also the most beautiful woman in the One Heavy Sea. There are countless people in the entire One Heavy Sea who like her."
