

King of kings

1646-1650

Tang Huan walked out of the back hall and snorted at Omi, "Stinky brat, won't you restrain yourself, how can I have so much time to take care of you."

Omi said, "Auntie, I'm Tang Huan's brother, you're inhumane if you won't help me out at this point."

"Alright, don't talk so much nonsense, what do you want me to do, kill these two little worms?" Tang Huan looked at Yun De and Yun Tian Wen at the entrance of the hall.

It seemed that in Tang Huan's eyes, Yun De, who was half a foot into the Exaltation Stage, was just a small worm.

Yun De, who was standing at the entrance, his entire body was dumbstruck, in his entire life, he had never felt such a powerful oppressive force, an oppressive force that even he would be crushed into powder just by moving.

As for Yun Tian, instead, it was because the difference was so great that he couldn't feel the oppression at all.

Yun Tian shouted, "Grandpa, kill it, kill Omi, then, this beauty, I'll bring it back, hahaha." Yun Tian looked at Tang Huan, his eyes lustful.

Omi saw that at this time, Yun Tian still dared to lust after Tang Huan, and suddenly, Omi couldn't even bear to look at it, there was no need for Omi to order Yun Tian to die.

Sure enough, in the next second, Yun Tian's body, suddenly floated off the ground out of thin air.

"Ah, what's going on?" Yun Tian was shocked.

And Yun De, whose face was pale, immediately threw himself on his knees and shouted, "Senior spare your life, Senior spare your life." Remember the website . kanshu8 . net

But, it was no use.

, his body was suddenly twisted by an invisible force for a while, as if he was wringing clothes.

"Kaka kaka." In an instant, Yun Tian's body was twisted into a twist, blood spilled all over the ground, and he was dead beyond death.

"Senior spare my life." Yun De at this time, that which cared about the death of his grandson, he himself was unable to protect himself, Yun De desperately kowtowed, kowtowed, kowtowed again, just to stay alive, this fear of facing death, can not be described with words.

Omi looked at that Yun De with cold eyes, just as arrogant as anything, but now he kowtowed his own head, just to seek a lifetime.

At this time, the cloud that was twisted into a twist, released with a clatter, and then, countless body parts spilled out.

Yun De didn't dare to look up from the beginning to the end, just kowtowed desperately because, the other party was too strong.

"Senior spare his life, senior spare his life."

"Bang bang." Yun De knocked the ground with a thump thump thump.

The anger in Tang Huan's eyes was slightly lessened, Tang Huan was her backbone, and she would die if touched.

Once before, when Omi and Tang Huan were hunting beasts in the True Beast Forest, there were a few unknowing disciples who saw that Tang Huan was pretty and lusted, and it just so happened that Omi was dealing with other people and let Tang Huan run first, after that, those people were such a miserable death, except that Tang Huan herself didn't know about it, and thought that some strong person had passed by to save her in the dark.

Of course, Omi only knew about this not long ago.

Tang Huan asked, "What about the rest of this one? Is it dead or alive?"

Omi thought about it and said, "Let me think about it, after all, he's just an ant in my eyes, I killed him and that's it, I didn't kill him and that's it, it's entirely up to my heart whether I kill him or not."

Yun De immediately kowtowed to Omi and shouted, "Brother Chen, spare me."

Omi sneered, "Brother Minister? Are you worthy to be one of my men?"

"I'm not worthy, I'm not worthy, Senior Omi, spare me."

"Hahaha, you dog-leg." Omi laughed out loud.

Tang Huan urged, "Alright, I'm busy, what do you want to do, kill or not?"

Omi said to Yun De, "You give me a reason not to kill, if it's reasonable, I can not kill you."

Yun De panicked and said, "I'm your dog, let a poor dog live."

/>

Omi smiled, "Good, I'm quite satisfied with that reason, in that case, I'll grant a poor dog's wish and not kill you this time."

"Thank you, thank you master." Yun De was overjoyed and cried in excitement, this feeling of walking at the entrance of a ghost was really too painful. Compared to life, dignity was nothing.

Tang Huan didn't ask Omi any more and turned around to walk back to the back hall.

After Tang Huan walked back to the back hall, he re-fainted in the same position he had before.

Within a few seconds, Tang Huan woke up with Lu Yuxi, Yan Xin Yi by his side.

"Strange, why are we all unconscious?" Tang Huan said inexplicably.

The Light Cloud Alliance's men had all woken up as well.

No one knew what had happened during the time they had just been unconscious.

Omi wouldn't say either, because, that 'aunt' had said that regarding her existence, she wasn't allowed to reveal it, not even Tang Huan.

Otherwise, Omi wouldn't have to keep his mouth shut all this time, and keeping a secret inside was painful.

In the hall, Yun De was still kneeling in front of Omi, Omi didn't tell him to get up, he didn't dare to get up, but compared to before, his face was much more relaxed, because he didn't have to die, his life was saved, kneeling was nothing.

Omi said, "What's your name?"

"Back to the master, my name is Yun De."

"Yun De, hehe, what just happened, if you dare to reveal a single word to the public, die."

"Yes, master."

"Alright, you can get up now and clean up your grandson's body."

"Yes, master." Yun De looked at the pieces of his grandson on the ground and sighed in his heart, "Yun Tian, go all the way, grandpa can't protect you either."

Yun De cleaned up his grandson's corpse, his heart didn't dare to have any hatred because, his intuition told him that he wasn't even qualified to hate, that person, was really too strong."

Soon, Yunde cleaned it up and mopped it up with a mop.

"Master, is this okay?"

"Not bad, pretty clean, since you're so talented at cleaning, how about this, how about cleaning every corner of my Light Cloud Alliance, up and down?"

"Yes, Master." Yun De didn't dare to resist, but was depressed that he was working as a cleaner when he was half a foot into the Exodus stage.

Yun De began to clean in the Light Cloud Alliance.

Omi stopped caring about him and returned to the back hall, where Yan Xinyi and the others were looking at him with confused faces.

"Brother, what just happened? We're all unconscious."

"It's nothing, I just started a secret method and you all couldn't handle the coma." Omi explained.

They didn't pursue the root of the matter either.

And at this moment, in a certain valley of the Flying Cloud Sect.

"Xin, where's Omi? Not here yet?" An impatient voice came from the cultivation room.

Xia Xiaoxin was startled to hear her grandfather's voice at the door, and was depressed inside, but what was meant to come, always came.

"Grandpa, you, can't you suppress it yourself?" Xia Xiaoxin asked extravagantly.

Xia Ming didn't look too good and said, "I can't suppress it, as long as I think of Omi's arrogant face and the audacity of befriending me, I can't calm down inside. Xiaoxin, is Omi here or not?"

"No, no."

"Hoo, just, I can only choose the third method, kill him and be done with it, don't blame me, he did this on his own." Xia Ming stepped out of the cultivation room and headed straight for the Light Cloud Alliance.

1647

"Grandpa." Xia Xiaoxin hurriedly chased after him.

However, Xia Ming was too fast and disappeared in no time.

Not long after, Xia Ming arrived at Omi's Light Cloud Alliance.

Xia Ming stepped into the Light Cloud Alliance, and Omi happened to be in the hall.

Xia Ming was furious inside, Omi was clearly there, but he didn't even come.

"Phew." Xia Ming exhaled deeply, forcing down the anger in his heart.

He didn't want to kill anyone, but he had no choice but to kill this kind of person.

Omi looked up and saw Xia Ming standing at the entrance of the hall with a face full of anger.

Omi smiled slightly, "Senior, please come in."

It was already very respectful for Omi to be able to call him Senior, and it was even more respectful for Omi to be willing to befriend him before, but unfortunately, others didn't think so and thought he was very overly arrogant and blindly mad.

When Xia Ming saw that Omi was actually smiling as if nothing had happened, his anger increased tenfold. One second to remember to read the book

Xia Ming stepped into the hall and looked angrily at Omi.

"Did Senior come to see me for something?" Omi asked.

"Omi, I'm asking you now, did you know that Xin came to see you and asked you to come to my place?"

Omi nodded, "I know, but I've followed it very clearly, I'm not going."

"What? So, you've been in the Light Cloud Alliance the whole time?"

"Yes, I've always been at the Light Cloud Alliance."

Xia Ming had understood that it must have been her granddaughter who was sorry for lying to him about his life, but that wasn't the point, the point was that Omi was clearly at the Light Cloud Alliance but didn't go.

Xia Ming said angrily, "Omi, when my granddaughter came to find you, are you sure you told her you weren't going?"

"Yes, Xia, you broke or leaked your Qi because of my arrogance, and the consequences are serious, so I hope I'll go to you and help you suppress whatever Qi you have. But unfortunately, I don't have the time, so I won't go with Xia, and then Xia Xiaoxin will leave." Omi said flatly, as if he was talking about an ordinary matter, not like he knew it would kill someone at all.

Xia Ming said with fierce eyes, "If you don't come, I'll kill you?"

"Say it, she said you have three ways to kill me, and if I don't go, you'll adopt the third way." Don said with a nod of his head.

"You, you even know that you will die if you don't come, yet you still dare not come, you." Xia Ming's inner anger towards Omi became even more intense, this was simply not putting him in his eyes in the slightest.

Omi smiled, "Senior, you may be angry in your heart, but I still have to tell you that there is a limit to my patience."

Yes, there were limits to Omi's patience, Omi couldn't have been still so gentle with him.

"Omi, you still have such an attitude and an empty mind, if I don't kill you today, I'm afraid I'll really be sorry to heaven and earth."

Omi was very upset when he heard the word kill and said angrily, "Xia Ming, do you really want to challenge my bottom line? I've done enough to give you face."

"Omi." Xia Ming gritted his teeth and yelled.

Omi exhaled deeply and was about to disturb Auntie once more and put out Xia Ming, when an old man walked in the doorway, this old man still had an apron on his body and a rag in his hand, it was Yun De who was cleaning the Light Cloud Alliance.

Because his back was to Xia Ming, Yun De didn't see Xia Ming.

After Yun De entered the hall, he directly said to Omi, "Master, does the latrine need to be wiped?"

?"

Sharmin was busy turning around.

"Ah." Xia Ming was shocked when he saw Yun De's janitorial outfit, but Yun De's realm was more than a layer and a half higher than Xia Ming's, because Xia Ming was only at the eighth stage of the YuanYing stage, while Yun De was at the ninth stage of the YuanYing stage, and half a foot into the Exaltation

stage. It could be said that Yun De could completely spike Xia Ming, but their relationship was pretty good.

"Uh, Xia, Xia Ming." When Yun De saw Xia Ming, he was startled and then uncomfortable all over, after all, he was dressed like this and calling Omi master, it would definitely be embarrassing to be known by someone who knew him.

However, Xia Ming's shock was even more overwhelming.

"Yun, big brother Yun De, you, you're..." Xia Ming asked with an incredulous face.

Yun De sighed, it had all been discovered, and he could only face it with a hard scalp.

At that moment, Omi said, "Yun De, don't wipe the latrine, you can go take a rest."

"Yes, master."

Xia Ming trembled and asked, "Yun De, you, what did you call him?"

"I, I, ugh." Yun De turned around and walked out of the hall.

Xia Ming looked at Omi, who seemed to be completely confused.

Omi snorted, "Didn't you just try to kill me? Why don't you do it now?"

"Omi, you, what have you done." Xia Ming was busy asking.

Omi snorted, "Do you deserve to know?"

"Omi, I'll come back for you later." After saying that, Xia Ming immediately chased out and caught up with Yun De at the entrance of the Light Cloud Alliance.

"Brother Yun De, stop." Xia Ming shouted.

Yun De stood still and said without looking back, "Xia Ming, if you're here to make fun of me, it's not necessary."

"Big Brother Yun De, why would I make fun of you, I just want to know why, Omi a person from the heart care period, you call him master? What's going on here? By the way, why are you here? Does your grandson Yun Tian he know you're here?"

With a bitter laugh, Cloud paused and asked, "You really want to know?"

"Say."

"I can tell you, but you must never say it again, or else Omi will have to destroy me, I've survived so hard, you will not harm me."

"Omi he has the power to do that?"

"Heh, more than just this ability, our entire Four Seas is probably not enough for him to have one hand."

"Ah, how is that possible, say, what's going on." Xia Ming desperately wanted to know why.

So, Yun De told how he came here, how he broke his Qi, then tried to kill Omi, and finally how he was pinned down by Omi's terrifying 'aunt', including, of course, how Yun Tian died, all of it.

"Oh my god." Xia Ming sat on his ass on the ground, he said how Omi was so crazy that he didn't want to worship him, and moreover, he threatened that he wouldn't feel worthy of his status if he shit in the Four Seas in the future, so it turned out that there was a reason for being so crazy.

And yet, Xia Ming thought he was insane.

Now Xia Ming realized that he was the one who was insane ah.

He had just wanted to kill Omi, but if Yun De hadn't suddenly come in and interrupted him, he would have done it.

When Yun De saw Xia Ming's pale face, he was busy asking, "Xia Ming, why are you looking so pale, your relationship with Omi should be good, I heard Yun Tian's jade slip say that Omi refused your acceptance but was willing to befriend you, you're lucky to be in the rhythm of getting rich ah."

1648

Xia Ming said with a wailing face, "I, I, I'm hairy." Xia Ming cried out, not having the face to say it.

"Say it."

Xia Ming could only say, "When I saw how talented Omi was before, I wanted to take him as a disciple, but unfortunately, he refused and threatened to befriend me, and his tone was so arrogant that I was very angry, and when I went back, the more I thought about it, the more angry I became, so I broke my spirit too. But my granddaughter regretted his life, and wanted him to come to me of his own accord to confess his fault, but he did not come, and I was furious, and I had just come to kill him, and was about to do it, when you appeared."

The corners of Yun De's mouth subconsciously flared, as if he was saying inside that he really didn't have the strength to do it, Yun De said, "Brother Xia Ming, you're even angry because he wanted to befriend you, don't you know that you were able to befriend him, it's your good fortune, look at me, I'm just his dog. You're really, I don't know how to describe you."

"I, how did I know he was so well known, I thought that he would be my disciple, all I would need is for my ancestors to burn incense, who knows, alas, it's too late to say anything now." Xia Ming looked remorseful, and wondered if Omi would let him off the hook for this.

Just then, one of his men came out and shouted, "Yun De, my boss told you to take Xia Ming into custody, if Xia Ming runs away, then he will take your life."

Xia Ming was startled, and Yun De shouted bad luck.

Yun De looked at Xia Ming and said, "Sorry, Xia Ming brother, you did everything yourself, I can't pay for your fault, you should come in with me right now to meet Omi."

"Brother Yun De, Omi will definitely not let me go, I."

"Don't say anything, follow me in right away, otherwise I'll have to do something, don't blame me for not letting you escape, I'm really helpless."

"Big Brother Yunde, please." Premiere URL m.kanshu8.net

"No way."

"Woo."

"Xia Ming, Xia Ming, you're so typical of not seeing the coffin, you could have befriended him, but instead, you made it like this, don't say anything, go inside, don't hurt me."

Yun De pushed Xia Ming into the hall.

Omi was sitting high up on the hall chair.

Xia Ming was being pressured by Yun De to kneel on the floor.

Omi snorted, "Xia Ming, I told you before that I've been the gentlest to you, and your granddaughter also proved it, but unfortunately you don't feel it, do you think that I have to worship you as my master and bow to you three times before you feel worthy of your status? I gave Xia Xiaoxin face and called you senior, and even, I was willing to befriend you, do you know that I have seriously lowered my status by befriend you, you heck, actually." Omi raised his teacup and tried to drop it several times, but he didn't.

Omi put down the teacup and said, "Forget it, it's useless to talk too much, speak for yourself, how should I handle our relationship."

"Omi, I, I didn't know you, you're so backstage, otherwise, otherwise I wouldn't do this to you."

"Haha, that's hilarious, you better not make that kind of excuse or it will only make me more resentful, don't wear out the last shred of good feeling I have for you inside."

Just at this moment, there was a shout from outside, "Grandpa, don't be impulsive."

A few seconds later, Xia Xiaoxin hurriedly ran in.

Xia Xiaoxin thought that her grandfather had killed Omi, once she entered the room and saw that Omi was still alive, she was relieved and was about to persuade her grandfather again when she suddenly discovered that his grandfather was kneeling on the ground.

"Ah, grandpa, you." Xia Xiaoxin was dumbfounded, her brain seemingly unable to turn around for a moment.

Xia Ming was busy saying, "Xiaoxin, quickly, kneel down."

; Omi busily said, "No, you can kneel, Xia Xiaoxin doesn't have to, and I'll exterminate anyone who dares to make Xia Xiaoxin kneel."

"Yes." Xia Ming busily nodded his head.

"Grandpa, Omi, you guys are?" Xia Xiaoxin secretly wondered if she had run to a fake light cloud alliance.

Omi said, "Xia Xiaoxin, thank you for taking care of me, you're a kind girl, I'll remember your kindness. It's just as well, for your sake, I won't embarrass your grandfather."

After that, Omi said, "Xia Ming, you can roll up now."

"Thank you master." Xia Ming said in a panic, he didn't dare to say thank you to Omi, so he had to call out to his master like Yun De.

"Grandpa, what did you say." Xia Xiaoxin looked at her grandfather incredulously.

"Words."

Omi waved his hand, "You can all leave, except for Xia Xiaoxin, don't bother me anymore."

"Yes, master." Yun De was busy nodding.

Xia Xiaoxin took a look and was surprised to see that the person dressed as a cleaner was actually Yun Tian's grandfather.

"Yun De's grandfather, how come it's you." Xia Xiaoxin was dumbfounded.

"Oh." Yun De laughed with an embarrassed face.

From his spatial ring, Yun De took out a fifth grade spirit stone and said, "Master, a small token, not a token of respect."

Omi left his mouth and said, "You have the nerve to take it out without a piece of eighteen hundred."

"This, master, fifth grade spirit stones are extremely scarce, I only have one."

"Alright, put down the spirit stone, you can go now."

"Yes."

Yun De immediately left, he couldn't wait to leave this place quickly.

Xia Ming was a little embarrassed because he couldn't get out a single fifth grade spirit stone, and he didn't even have a fourth grade spirit stone on him.

"You can also leave."

"Thank you master." Xia Ming was busy pulling Xia Xiaoxin out of the hall.

Omi picked up the fifth grade spirit stone and smiled in his heart, "I can raise it again."

Omi was now at the ninth stage of Heart Shine, if he refined this fifth grade spirit stone, he could almost soar to around the fifth stage of Spiritual Healing.

Omi held that fifth grade spirit stone in his hand, and in less than two minutes, Omi refined it.

Then, in less than half a minute, it was completely absorbed and transformed.

Omi's realm soared from the ninth step of Heart Illumination to the fifth step of Spiritual Harmony.

“Yay, Spiritual Harmony 5th stage, haha, I’m just one realm away from Mu Qianji.” Omi was inwardly delighted, he was about to catch up to Mu Qianji.

In the Flying Cloud Sect, at the fifth stage of Spiritual Harmony, one could already apply for Vice Patriarch.

That Nine Jins Vice Sovereign was only at the seventh step of Spiritual Harmony, and Nine Jins was the fifth ranked Vice Sovereign of the Flying Cloud Sect.

Omi, at the age of 13, had reached the fifth rank of Spiritual Harmony and was on the same level as the Flying Cloud Sect’s Vice Patriarch, which could no longer be described with words.

It was all thanks to the Nine Dao Demon King’s Immortal Qi, and although it wasn’t Omi’s own cultivation, being able to obtain a magic treasure was the same as a chance that he had cultivated it.

For the time being, however, Omi hid his realm at the Third Order of Heart Illumination, as he didn’t want to draw too much attention to himself.

Omi took out his flying sword, and now that he had reached the Spiritual Healing Stage, he could more perfectly sacrifice the magic treasure.

1649

Omi sacrificed his lowest-grade flying sword for an afternoon, and the grade of his flying sword improved from a primary magic treasure to an intermediate magic treasure.

This was a huge leap, as even YuanYing stage powerhouses were rarely able to sacrifice their flying swords to an intermediate grade.

Omi, on the other hand, was able to sacrifice the most trashy flying sword over there into an intermediate grade magic treasure in one afternoon.

“Haha.” Omi laughed out loud, the power of an intermediate grade magic treasure was naturally worlds apart from a primary grade magic treasure.

With this intermediate magic treasure, Omi reckoned that even the YuanYing stage could fight, but of course, it was the lowest YuanYing first stage, bracing for the second stage. As for stronger immortal cultivators, Omi probably couldn’t fight.

However, Omi wasn’t satisfied.

It was just a flying sword, Omi’s magic treasures were still too few, and if there was a chance, he would have to get a few other magic treasures, or, Omi would have to refine his own magic treasures.

Refining and sacrificing are two different things, refining is creating something out of nothing and sacrificing is creating essence out of something.

The next day, Omi walked on the road of the Flying Cloud Sect with a happy heart.

At this moment, Omi looked at the entire Flying Cloud Sect and felt so weak, those Flying Cloud Sect elders, Omi could kill several of them with a slap.

Because the strength of the Flying Cloud Sect’s elders were generally at the Spiritual Integration Stage to the Spiritual Integration Fifth Stage. Remember the URL [.kanshu8.net](http://kanshu8.net)

Omi, who possessed an intermediate flying sword, could slap any elder to death with a single slap, even if it was a top elder of the fifth rank of Spiritual Harmony.

Currently, in the entire Flying Cloud Sect, the only people who could fight Omi were probably the Patriarch of the Flying Cloud Sect and another YuanYing stage person, the two people who had appeared last time in the True Beast Forest to snatch the Stone Devil Fruit.

Of course, Xia Ming didn't count them in, Xia Ming was the old patriarch from the past, he didn't care about things in the Flying Cloud Sect now, he was just trying to find peace and quiet here.

Omi was currently not a match for Xia Ming either.

Omi was in a particularly good mood, walking in a floating mood.

Unconsciously, Omi arrived at a large ring, and right now, many people were fighting there in front of this ring, and almost all of them were above the Heart Shine stage.

"Hey, what's going on here?" Omi walked up.

Upon asking around, it turned out to be the Flying Cloud Sect's XXth Mentor Tournament.

This was an event that belonged to the Flying Cloud Sect Mentors, no wonder almost all of them were here to watch the Heart Shine Phase.

Omi stood off to the side, watching this group of weak mentors fighting desperately for the top three spots, as if it would be glorious to win the top three spots, Omi couldn't help but smile.

No matter which tutor, so what if he won the first place, he was just an ant in front of Omi, the more Omi thought about it, the more he wanted to float, the feeling of being a strong person was really too cool, because he could look at others from above.

Omi had nothing to do anyway, so let's just watch them fight from the side.

At this moment, in the forbidden area of the Flying Cloud Sect, this forbidden area, only three people could enter, namely the Grand Patriarch and the Second Patriarch. These two were the two people who had snatched the Stone Devil Fruit last time in the True Beast Forest, the two people in the entire Flying Cloud Sect who were still able to fight Omi.

"Have you found the person who snatched the Stone Devil Fruit last time?" That Grand Patriarch asked.

"Alas, not yet, but I'm sure it will be investigated, there are people everywhere around this Jubal City, there are always a few people who see something and provide information." That Second Patriarch said.

"We must find out, if we get a Stone Demon Fruit, it will not be a small improvement for us. That way, our Flying Cloud Sect could become one of the top five sects in the First Sea."

"Well, don't worry, there's already a bit of an eyebrow, finding out the traces of that person should not be far off." The Second Patriarch said.

Omi watched the would-be mentor's tournament and found it boring, it was like watching a cockfight, you get tired of watching it longer.

Omi secretly said, "Now that I can fight with a middle grade flying sword, I can also fight with the first and second stage of the Yuanying, should I consider going to the Thousand Waters Sect and look for Mu Qianji, the Master of the Thousand Waters Sect, Mu Qianji's mentor, may not be able to stop me."

"Hehe, since I'm somewhat confident, let's go." Omi smiled and prepared to go.

But Omi had to go back to the Light Cloud Alliance to talk to them, so that they wouldn't worry.

"In the next few days, I'm going to go to the Thousand Water Sect, so don't worry about me." Omi said to Yan Xinyi, Tang Huan Lu Yuxi.

"Are you going to find Mu Qianji?" Yan Xin Yi asked.

"Yes."

"But."

They still didn't know that Omi had risen to the fifth stage of Spiritual Harmony, let alone that Omi's flying sword was a mid-grade magic weapon.

Although they might not be able to defeat Mu Qianji's master, they were at least sure of staying alive.

"Don't worry about me, you guys cultivate well in the Flying Cloud Sect, I shouldn't have to come back for a long time."

"Well, then you should go and return quickly."

Omi left the Flying Cloud Sect and asked for directions, heading straight for the Thousand Water Sect.

In less than half a day, Omi arrived at the Thousand Waters Sect.

Omi stepped on his flying sword and stood in the sky, overlooking the Thousand Waters Sect, sighing inwardly, "It's worthy of being the Thousand Waters Sect that only has female disciples, tsk tsk, there are so many beautiful women."

The Thousand Waters Sect's female disciples, it was expected that any handful of them would have a nice beauty, after all, the base was large. Of course, a beauty of this level would not be able to enter Omi's eyes.

Omi attempted to charge directly into the Flying Cloud Sect, but an invisible resistance isolated Omi from it.

Omi was secretly shocked, "There's even a Sect Protecting Formation, if I force my way in and alert others beforehand, I don't know if it will be detrimental to me, it's just that, let's go through the gate then."

Omi arrived at the main gate of the Flying Cloud Sect, normally the gate could be entered and exited.

"Stop." A few female disciples of the Thousand Waters Sect who were guarding the gate shouted.

"Come stop, any man Hugh comes close to the mountain gate, or else he will be killed on sight." A female disciple said in a very strong voice.

Omi trailed off, "Shoot to kill, what a big mouth, even if that old witch of your Sect Master was here, she wouldn't dare to say that big word to me."

"I see you're looking for death."

"Pah." Omi slapped the female disciple away.

"So impolite, you should be beaten." Omi slapped a few more female disciples away.

Then, Omi entered the mountain gate in a dignified manner.

At that moment, one of the female disciples shouted, "Open the Mountain Gate Protection Array."

In the next second, a female disciple climbed up and pressed in a hidden place.

Then, one layer inside the mountain gate, an invisible wave of light stopped Omi.

Omi sighed, "Looks like we won't be able to enter until we break this shit formation."

"Hmph, our Thousand Water Sect's Mountain Gate Protection Formation is built by the founding ancestor, based on the mountain, and follows the water, with the help of heavenly timing and geographical convenience, without permission, even strong people above the fifth stage of the YuanYing stage are restrained from entering, just you."

Omi said, "I thought how advanced it was, but it turns out that it can only stop around the fifth stage of the YuanYing, alas, disappointed." After saying that, the intermediate flying sword appeared in Omi's hand, and the intermediate flying sword cut viciously.

1650

"Boom."

The entire Thousand Water Sect's mountain gate shook intensely, and the Thousand Water Sect's Mountain Gate Protection Formation broke. Of course, it was only the Mountain Gate Protection Array, not the Sect Protection Array.

Omi swept a cold eye over the few female disciples who were still separating and resisting, and said, "Don't seek death, I won't have the slightest pity for mediocre people like you."

"You."

At this moment, in a certain cultivation cave of the Thousand Water Sect, a woman opened her eyes fiercely.

"The mountain gate protective formation is broken, who dares to forcefully enter my Thousand Water Sect."

The woman became furious and moved her body, disappearing into the cultivation cave and heading straight for the Thousand Waters Sect's mountain gate.

"Master." Halfway to the mountain gate, Mu Qianji also flew out from a direction, and Mu Qianji seemed to sense it as well.

"Qianji, did you also sense that the mountain gate protective formation was broken?"

“Well, who dares to make a scene in our Thousand Waters Sect.” Mu Qianji asked in confusion, reasonably speaking, no one in the First Sea, or even the Second Sea, would dare to force their way into the Thousand Waters Sect like this, because, Mu Qianji was the most talented person in the First Sea, and no one would want to mess with a future strong man, unless they had some sort of unholy feud with the Thousand Waters Sect, but this kind of feud didn’t exist.

Mu Qianji’s master raged, “Just go to the mountain gate and take a look.” One second to remember to read the book

“Master, this person was able to break our mountain gate protective formation, I’m afraid he’s very strong, just in case.”

“As the Master of Thousand Waters Sect, even if I die, I will ask for the truth.” Saying that, Mu Qianji’s master headed straight for the mountain gate.

After Omi broke the mountain gate, he didn’t leave, but stood in place with his sword, as if he was waiting for the Thousand Waters Sect’s Sovereign to come out.

Sure enough, it wasn’t long before a woman stepping on a flying sword shot towards Omi.

“It’s you.” The woman saw Omi in anger.

Mu Qianji also followed, standing vigilantly behind her master.

Omi snorted, “I didn’t expect it to be me, coming to you so soon.”

“Wind Lightning, was it you who just broke the mountain gate protective formation?”

“Or else, well, old woman, the feud between you and me can begin to be settled today,” Omi said.

Mu Qianji’s master looked at Omi, a thirteen year old, whose realm had reached the fifth stage of Spiritual Harmony, she couldn’t say what she felt inside, this kind of person, not to mention the First Sea, the Fourth Sea was definitely ranked first, moreover, Omi was actually able to break the protective formation of her mountain gate, this protective formation was set up by the founding patriarch of their Thousand Water Sect calendar, now that it was destroyed, that formation also no longer existed, in the future, the Thousand Water Sect’s mountain gate had no formation to protect it.

“Wind Lightning, I was the one who missed the point.” The old woman said from the bottom of her heart.

“Do you think, by saying that, you can avoid a beating today?”

“Come on, Wind Lightning, although I don’t think I dare to be your opponent, but today you only have the courage to come to my door at the fifth stage of Spiritual Harmony, I want to know what your bottom line is. If you defeat me, I am at your disposal to do whatever you want me to do.”

“Then look at the sword.” Omi instantly had the flying sword in his hand and, Omi closed his eyes as the moves of the Shura Eighteen Blades played out in his mind.

Only an instant later, Omi was able to rehearse the sixth slash of Shura in his mind.

At the sixth blade, Omi short-circuited, and it seemed that Omi could only practice to the sixth blade now.

On the other side, Mu Qianji's master said, "Wind Lightning, I'll let you make the first move."

"No need, just go ahead and make your move."

"Hmph." The old woman one

Hmph, a bell was offered from the storage bag.

The old woman's mouth chanted a long string of unknown notes, and the bell emitted a fierce ringing sound, tinkling, tinkling, tinkling, a sound that eventually resounded throughout the Thousand Water Sect.

"Ahhhh." The entire Thousand Waters Sect cried out in pain and covered their ears, but they still couldn't block out the sound of the bells.

In the end, the rocks and trees around the old woman all seemed unable to withstand that sound and burst into pieces.

Mu Qianji and a few other female disciples quickly flew out thousands of meters away, they seemed to have known the power of this magic treasure for a long time.

This magic treasure of the old woman was called 'Spirit of the Sky', although it was only a primary magic treasure, its power was not insignificant, even if it was a strong man of the fifth stage of the YuanYing stage, he wouldn't dare to underestimate this magic treasure of hers.

However, Omi didn't feel anything at the moment.

Omi had Immortal Qi to protect his body, and this kind of non-physical damage could not work against Omi at all.

This magic treasure of the old woman's was a sound attack, not a direct attack, Omi's immortal qi was enough to protect his body, and there were similar attacks as well as spiritual attacks and so on.

The old woman's hair was starting to turn white, it seemed to be a bit overdrawn.

Omi shouted, "There's no end to it, it's almost enough."

The old woman looked at Omi and almost didn't die of anger, the Sky Spirit attack she launched at the risk of overspending, but as a result, Omi had nothing to do with it and asked her with an impatient face if she was finished.

"You." The old woman just shouted out the word you, and couldn't help but spurt out a mouthful of blood.

The world was instantly quiet, and a magic treasure that could make the entire Thousand Water Sect disciples' noses bleed hadn't done any harm to Omi.

"This is simply impossible." The old woman said in frustration.

Omi said, "Old woman, is this your strongest method? Is it just magic, nothing else?"

"Wind Lightning, I've lost, I don't know what kind of magic you have that can resist my sky spirit, but my strongest sky spirit can't hurt you, I've lost." The old woman said.

The old woman had two magic treasures on her body, one was a flying sword and the other was a bell, as for martial skills, she didn't know how to use them at all, she could only rely on her magic treasures to attack, many of the immortal cultivators were like that, not practicing any martial skills themselves.

Omi also wanted to show her by displaying the Shura Eighteen Blades, but she hadn't expected that she would just admit defeat.

"Wind Lightning, I've already lost, do as you wish. In fact, the last time I saw you, I was surprised, I didn't expect that you could really step up from the mortal realm to the void."

"Don't bullshit with me, call Mu Qianji over and let her recover her memories."

"Sorry, her memory can't be restored, at least I can't do it."

Omi raged, "Then kneel to me."

"You."

"Kneel down." Omi yelled.

"Wind Lightning, don't bully others too much." The old woman was filled with anger, she thought Omi was hurting her dignity.

"Did you have to force me to do it?"

"Windy, I've already conceded, what more do you want?"

"I just want you to kneel."

"Feng Yunqi, you."

Omi said, "It seems that you don't know how powerful I am if I don't give you a little."

Saying that, Omi struck out with his sword.

"Boom." A thunderclap was emitted from the sky, and the entire sky above the Thousand Water Sect went dark.
