

King of kings

1675-1676

"Strange, why have they suddenly disappeared?" That strong man frowned.

The Exaltation stage strong man hesitated, and in the end, he didn't chase forward, but expanded his Spiritual Sense to scan the seabed of this sea to see if anyone was hiding.

Unfortunately, Omi and Mu Qianji had their six senses closed at the moment, and couldn't feel that out-of-body stage strongman scanning at all.

After reaching the Exaltation Stage, the Spiritual Sense could go out of the body and perform a Spiritual Sense Scan, and even a bug couldn't escape from the place being scanned.

Only, the scope of the scan was large or small depending on the strength. The out-of-body strongman who was spiritually scanning at the moment had a range of about ten meters in his spiritual sense scan.

That was why this out-of-body stage powerhouse didn't spot Omi at once, but the range of his scan was already gradually moving closer to where Omi was hiding, and it was estimated that in less than a minute, the coral reef where Omi and Mu Qianji were hiding would be scanned clearly.

Omi and Mu Qianji were hiding in the coral reef, they were facing each other, they couldn't speak, they could only communicate with their eyes.

There seemed to be some urgency in their eyes, as Mu Qianji felt as if it wasn't quite safe.

Since he had closed his six senses, Omi didn't know what was going on outside the coral reef, let alone if that out-of-body stage powerhouse had chased forward.

At this moment, outside the coral reef, three YuanYing strongmen caught up behind him, one of them carrying Ning Bing's corpse with him.

The three of them saw that the Exaltation Stage strongman wasn't chasing forward, and were busy asking, "Uncle Eight, why aren't you chasing? Where are those two sons of bitches?" First web site m . kanshu8.net

"Quiet, I lost their scent when I chased them here, I suspect they didn't run forward, but used some secret method to hide here, I'm scanning with my spiritual sense."

"Eighth Uncle, we must find them, and cut them into pieces to avenge Bing Shao." That YuanYing fourth stage woman said, it looked like she was Ning Bing's personal maid.

At this moment, Mu Qiancheng gave Omi a wink.

Omi, through the gap in the coral reef, saw that one of them, the man at the seventh stage of the YuanYing stage, was also helping with the search, and at the moment, he was about to find this place where Omi was hiding.

"Fuck, it's not gone." Omi bit his teeth.

Since that was the case, Omi had no choice but to take the opportunity to slaughter another one and then continue his escape.

Omi instantly leapt out of the coral reef, Omi's left hand offering the Heavenly Furnace Mirror and his right hand holding a flying sword.

Right now, time was very urgent, Omi's killing time was too short and too short, if he wanted to kill this YuanYing seventh stage man, he had to first use the Heavenly Furnace Mirror to make his opponent lose a lot of strength, and then cut down with a sword at the same time. But the problem was that Omi's Shura Seven Swords didn't launch so quickly.

"Two swords combined." Mu Qianji suddenly reminded Omi.

Omi instantly reacted and immediately used two swords in one mind, shining the Heavenly Furnace Mirror in his left hand towards that YuanYing seventh stage man, while his right hand simultaneously applied the Shura Seventh Blade, so that he could ensure the fastest speed to slay that YuanYing seventh stage.

"Ah." In the next second, that YuanYing seventh stage man suddenly screamed as he was turned over by Omi, who was in the coral reef, and shone with the Heavenly Furnace Mirror.

That YuanYing seventh stage man shouted, "Eighth uncle."

Not far away, that out-of-body stage powerhouse heard the news and immediately killed up.

Omi was in danger.

However, Omi's goal was to kill this YuanYing Seventh Stage man, and right now it was only the Heavenly Furnace Mirror that had severely injured him, how could Omi be willing to escape like this.

However, fortunately, Omi's right hand simultaneously applied the Shura Seventh Blade, and at this moment, the seventh blade had also formed.

p; The Yuanying Seventh Stage man who was attempting to offer his flying sword to counter Omi, suddenly felt, a powerful attack coming from above his head, and looked up.

"Ah." The YuanYing seventh stage man was so horrified that it was too late to dodge, and he could only immediately YuanYing off his body.

"Puff." As soon as his YuanYing was off his body, Omi's Shura Seventh Blade had already cut down, breaking his head and splitting his body in half with a single slash.

Fortunately, his infant was able to get out of his body in time, otherwise, like Ning Bing from before, his body and infant would surely be beheaded together.

Omi was depressed, the infant was not dead, what was the use of killing his body, and right now, that out-of-body strong man was about to kill him, Omi had no chance to kill his infant.

Just when Omi was depressed, "Puff." With a flash of a sword shadow, that infant, who had just taken off his body, was slashed in the side by someone, it was Mu Qianji.

"Ah." Omi was delighted to see Mu Qianji slaughter that man's infant, Omi was just depressed that he couldn't kill his infant, but the next moment Mu Qianji slaughtered his infant.

They really had a tacit understanding between the two couples, they worked together seamlessly.

"Escape." Mu Qianji hugged Omi.

Once again, Omi quickly drove his flying sword to escape.

And behind him, came the angry yell of that out-of-body stage powerhouse, "Die."

Omi and Mu Qianji hadn't escaped far when they suddenly felt a meteor-like Qi coming from behind.

"Swoosh."

"Puff." That qi force, directly blasted into Mu Qianji's back, and Mu Qianji suddenly felt that her body was rapidly draining of life, and she was afraid that at the moment, if she didn't immediately get rid of her infant, her infant would also die together.

"Qianji." Omi shouted, immediately immortal energy crossed into Mu Qianji's body, and Mu Qianji's rapidly draining vitality was also immediately eased.

However, this delayed Omi's driving of the flying sword, and the Exaltation Stage powerhouse that caught up to him was already very close, just a few thousand meters away.

"Quickly go." Mu Qianji shouted with her mouth spitting blood, after shouting, the blood coming out of her mouth stained the clothes on Omi's back red.

Omi didn't have time to see how Mu Qianji was doing, there was only one way to die if he didn't escape at the moment.

Behind him came the shouts of the other two infant men and women, "Tuo Shao."

"Ning Tuo."

The YuanYing seventh stage man called Ning Tuo was completely dead.

Omi drove his flying sword and hurried forward in the water, and not far behind him, the Exaltation Stage man was full of rage and in hot pursuit.

He was at the Exaltation stage, bringing a few family juniors with him to practice in the Sea of Xiu, and as a result, two of them had been killed... God, if word got out about this, anyway, if he didn't catch the murderer today, he would already have no face to return to his family.

Therefore, at the moment, he didn't care about the corpse of Ning Tuo who had just been killed, he would first catch up with Omi and Mu Qianji.

However, what he didn't expect was that Omi's flying sword was actually no slower than him. This out-of-body stage powerhouse had already realized that the flying sword beneath Omi's feet was a mid-grade superior magic weapon in ten, otherwise it would not have been able to kill his two nephews.

"If I don't catch you, I, Ning Qi, will swear not to be human." That Exaltation Stage man gritted his teeth and looked at Omi and Mu Qianji, who were thousands of meters in front of him, then, with a flip of his hand, he flipped out another flying sword.

"Go, kill."

"Swoosh." The flying sword, prompted by this Exaltation Stage man, broke the surface of the water, and like a meteor, it shot towards Omi Mu Qianji, who was thousands of meters ahead of him.

Omi had felt a sharp aura coming straight from behind him.

Mu Qianji said, "It's a flying sword, that person's flying sword is shooting at us." At some point, Mu Qianji had turned his head to look behind.

Omi was furious, "What the hell, a tiger doesn't give out, do you think I'm a sick cat."

"What are you doing." Mu Qianji couldn't stop Omi in time, Omi turned over and blocked Mu Qianji's back.

At that moment, the flying sword swooshed and was already at Omi's back.

Omi didn't dodge it, because once he dodged, he was caught up after a short delay.

So, Omi any that flying sword stabbed up.

"Puff." That flying sword suddenly came from Omi's back, thrust into the front, and when it was about to continue to pierce into Mu Qianji's back, suddenly, that flying sword stopped moving, and at the same time, a huge force, pushed Omi and Mu Qianji forward with a clatter.

Omi and Mu Qianji took advantage of this huge force, and pulled away the Knack Stage powerhouses chasing after them by several thousand meters.

Mu Qianji was completely confused, not knowing what had just happened and why the flying sword hadn't gone through her body.

"Omi, how are you?" Mu Qianji is busy asking. Remember the URL . kanshu8 . net

Omi busily said, "Can't die, damn it, finally erased the other party's spirit mark, but it's a middle-grade superior magic weapon."

"You, what did you say?" Mu Qian never understood the question.

"The flying sword stuck in my back has become mine." Omi said.

At this moment, a few thousand meters later, that out-of-body stage powerhouse was shocked.

"What's going on? Why did I lose my sense of the Dragon Spirit Sword? My Dragon Sword was stuck in that bastard's back. Why am I losing control now? It's as if, it's as if my spiritual imprint has been erased."

Yes, that Exaltation Stage powerhouse was dumbfounded, the flying sword that had just flown at Omi was the most expensive flying sword he had ever had on him, a mid-grade superior flying sword, but now it was like a meat bag hitting a dog and never coming back.

He had no idea what was going on.

Thousands of meters ahead, Omi smiled hehehe, "I just took a risk, I allowed his flying sword to pierce into me, but I had to erase the spirit mark on that flying sword in the shortest and shortest amount of time, and as a result, I succeeded. So, after that flying sword penetrated my chest, it immediately stopped moving, but the power on the flying sword was still there, so it turned into momentum and pushed us violently forward."

"I'll tell you how someone suddenly pushed us forward hard."

"Yes, now that we're at least seven or eight kilometers ahead of that out-of-body man behind us, I'm sure we're free of his mental lock." Omi said.

Once he got rid of the other man's mental lock, he wouldn't know which direction Omi was heading and would lose Omi's scent completely.

"How to get rid of it?"

"Do as I say, you immediately enter the Tortoise Breath state and then regain it a second later, so you can cut off the mental lock of the guy at the back, as he's too far away and he can't re-lock it."

A few seconds later, Omi and Mu Qianji cut off the mental lock of that out-of-body stage powerhouse at the back.

At this moment, several thousand meters later, that out-of-body strongman was filled with rage as he suddenly lost the scent of Omi and Mu Qianji, no

The method re-locks again, as the distance is a bit out of range.

"Son of a bitch."

That out-of-body strong man's nose was so angry that he quickly chased up to the last place where he had just lost his breath, and found that Omi had already disappeared, and he thought that Omi was hiding again like earlier, so he spent half an hour mentally scanning this area of the sea, and as you can imagine, the result was a complete blind delay.

"Ahhhh." The Exaltation stage powerhouse shrieked, his heart swelling with monstrous anger and reluctance, not only had two genius nephews died, he himself had lost a mid-grade superior flying sword.

This loss was indescribable.

"Ahhhh." That out-of-body stage powerhouse shrieked like a madman, in the future, if he didn't kill Omi, this matter would definitely turn into a demon for him.

By now, Omi and Mu Qianji had already fled far and wide.

"Hahaha, it really didn't catch up." Omi and Mu Qianji both looked as if they had been robbed of their lives.

Omi laughed, "This time, if you don't die from the great calamity, you will have a future blessing."

"If a great calamity doesn't kill us, we should be even more careful in the future, if something like this happens ten times, it's impossible for fate to favor us ten times, just one time when fate doesn't favor us, then it's over."

"Well, but I won't let anyone bully me either. Let's go, Qianji, let's not look for any more colorful magical fish either, let's hurry back to Zhubai City and auction off that mid-grade superior flying sword we just had."

Mu Qianji was busy saying, "Omi, we still haven't figured out the family background of that Exaltation Stage powerhouse back there ah, I have a feeling that he's at least from the Four Seas. We've caused him such heavy losses, he definitely won't let us off the hook. The most crucial thing is that we revealed our names before, I'm called Mu Qianji and you're called Omi."

"Which so what, we've escaped now."

"Omi, he will never let go since he lost so much, he didn't catch up to us now, but he only needs to go back to Zhubai City to find out who is called Mu Qianji and who is called Omi, so is it still hard to find us? With the energy of the Four Seas Family, a few more people and we will surely die." Mu Qianji's face was stony.

Omi smiled, "As if indeed, our names have been revealed, with our fame in Zhubai City, huh?"

"Why don't you look worried at all." Mu Qianji gushed.

"Why should I be worried, first of all, that person just now, if I'm not wrong, brace yourself for death is a first, or second stage of the out-of-body stage. We'll go back to Zhu Bai City now, rank that middle-grade superior flying sword, and the spirit stones we got from the auction, we'll use it to raise our realm, and if we can, it's best to raise it to the Exaltation Stage, once we break through to the Exaltation Stage, think about it, how terrifying we are, that Exaltation Stage just now will be the death of him if he finds us again."

"Uh." Mu Qianji was startled.

Yeah, all Omi needed to do was auction off the mid-grade superior flying sword, there would be spirit stones to refine it, and all problems would be solved, at most, the family behind that person might not be able to deal with it for a while once they found out.

"Let's go, back to Jubal City."

"Mm." Omi and Mu Qianji, headed straight towards Zhubai City, but for safety's sake, they deliberately took a detour when returning to Zhubai City. Otherwise, the people chasing him from the rear would have to go through another thousand-mile chase in case they caught up with them.

Omi and Mu Qianji had just flown out of the Xiuhai border when they happened to run into the four members of the Wang Hao Mercenaries, namely, the head of the group, Wang Wei, Beth, and Lata.
