

# King of kings

1687

Killing these three, Omi barely wasted any energy.

“Hahaha.” Omi laughed loudly, then quickly disappeared.

There was no telling how many Ning family members there were in Tian Bao City, Omi had just forgotten to ask

It didn't matter though, because in the sky, Omi saw a man of the fifth stage of the YuanYing stage float by, seemingly flying towards the city entrance.

Sure enough, within a few seconds, the infant fifth stage man flew down.

“Eh? Where are the people?” The man was confused, he clearly remembered that there were three clansmen who were secretly guarding the place, why did they disappear in a flash.

Omi suddenly appeared behind him, “Who are you looking for?”

“What are you doing, old man? How do you talk to me?” That YuanYing fifth stage man saw that it was an old man of the fifth stage of Spiritual Harmony and cursed loudly.

“Bang.” Suddenly, an iron fist struck out.

“Ah.” That YuanYing fifth stage man was smashed in the lower half of his body, and he immediately took off his YuanYing body.

Omi deliberately didn't even smash his YuanYing, Omi grabbed his YuanYing at once and at the same time, a needle pierced into his YuanYing so that he wouldn't be able to self-destruct, or, Omi could kill him before he could self-destruct. First URL [m.kanshu8.net](http://m.kanshu8.net)

“Senior, don't kill me.” That infant panicked and begged for mercy.

Omi asked, “Your Ning family, how many people are squatting in Tianbao City?”

“Senior, you, who are you?”

“Never mind who I am, say.”

“I said I said, our Ning family sent more than ten strong men to squat here this time, but senior Ning Baojun, a few days ago, took away a few, and now only seven are left in Tian Bao City. Three are guarding the city gates, the Tang family is guarding three, and I'm in charge of the sky patrol.”

“Very well, the three that are guarding in the Tang family, what strength do they have?” Omi asked.

“Two YuanYing ninth stage, and one YuanYing eighth stage.”

"So strong." Omi was startled, and didn't know if Omi could deal with it now, compared to a few days ago, Omi's strength had increased a lot since he had the Chain Man.

Omi asked, "Ning Baojun hasn't returned yet? Where did he go?"

"He's gone over to the Flying Cloud Sect, and we have people squatting in the Flying Cloud Sect as well."

"Very well, you can go to hell."

"Senior doesn't." Without finishing his sentence, that YuanYing fifth stage soul was killed by Omi, fortunately, Omi had pricked him with a needle beforehand, so he didn't have a chance to self-destruct, if he did, the entire Heavenly Jewel City would probably be dead or injured.

Omi immediately went to the Tang family.

Since Ning Baojun wasn't in Tian Bao City, Omi could kill all the Ning family members to his heart's content.

Omi went straight through the gate and into the Tang Family.

"Stop." As soon as Omi entered the Tang Family's gate, a strong man of the eighth stage of YuanYing jumped down from the roof and stopped Omi.

"Old ghost, are you also a member of the Tang family?" That YuanYing eighth stage man asked.

Omi said, "I'm not an old ghost, I'm here to take care of you."

"Looking for death."

That YuanYing eighth stage was about to strike.

"Bang." Omi instantly sacrificed the Chain Man, and the Chain Man dry-bursting that YuanYing eighth stage with a punch, spilling debris all over the ground.

Omi snorted, "The ones looking for death are you."

Omi flew onto the roof and shouted, "There are two more, come out."

In the next second, in one of the Tang family's courtyards, two YuanYing Ninth Stage flew out.

"You."

Omi didn't wait for those two to speak, and immediately made his move.

The chain man killed one of them with a punch towards one of the YuanYing ninth stage.

"Ah." That YuanYing ninth stage was frightened.

White, panicked and offered his magic weapon to meet the attack.

"Dang." The chain man still punched and collided with the opponent's magic treasure, which fell apart and fell to the ground.

"Bang."The Chain Man followed with another punch.

"Ah."That YuanYing ninth stage, watched his flesh turn into mud.

Omi swung away with his sword.

"Puff."Cut one of the YuanYing down.

The remaining one YuanYing Ninth Stage was stupid.

Omi and Chain Man, attacking back and forth.

In less than two seconds, Omi killed that YuanYing ninth stage.

So far, all seven of the Ning family's strongest men in Tianbao City had been beheaded by Omi.

After Omi finished killing them, he silently left and returned to the inn.

"Omi, how's it going."

"All of them are dead, but only the seven who remained, Ning Bao Jun also took several others with him, I think, sooner or later, Ning Bao Jun will return to Tian Bao City, and then, he will find out that all seven of his clansmen in Tian Bao City are dead, hahaha."Omi let out a loud laugh, I really didn't know how Ning Bao Jun would feel when he returned to Tian Bao City and saw this scene.

Still deluded about killing Omi, but the result was good, now a total of 13 people from their Ning Clan had been killed by Omi.

Omi, on the other hand, was unharmed so far.

Omi would let them know how wrong they were.

At this moment, near the Flying Cloud Sect.

"Uncle Eight, I'm afraid we won't be able to find it, but that son of a bitch Omi doesn't know where he's hiding."

"Son of a bitch."Ning Baojun clenched his teeth viciously.

"Uncle Eight, are we still looking?We've already searched the surrounding area of the Flying Cloud Sect, looking like this is like looking for a needle in a haystack."

"Yes, eighth uncle, let's go back to Tianbao City first, there are still seven of our clan members in Tianbao City, in case Omi has already gone to Tianbao City, wouldn't it be dangerous."

"Ah."Ning Baojun's body trembled, as if he had thought of this consequence.

"Let's go, back to Tianbao City, hopefully the seven of them won't be so unlucky."

"Eighth Uncle, don't worry, we have two YuanYing ninth stage clansmen guarding Heavenly Jewel City, usually nothing will happen, Omi isn't that strong to kill them all together."

Although that was the case, Ning Baojun and the others, still quickly rushed back to Tian Bao City.

Around evening, they finally returned to Tianbao City.

As they stood at the city gate, one of them shouted, "Ning Miao."

"Ning Miao."

"Ning Shu?"

"Strange, aren't the three of them, not squatting here?"

Ning Baojun and the others immediately searched near the city walls and found a head.

"Ah, this is, this Ning Miao?"

Ning Baojun and eight or nine others were alarmed.

"No good, hurry back to the Tang Family."

When they returned to the Tang Family, they discovered that the three strong men they had been squatting in the Tang Family had also turned into shredded corpses.

"What, what's going on here?" Ning Baojun yelled.

Just then, one of them shouted, "Look, there's writing on the wall."

Ning Baojun and the others turned their heads and saw a line on the wall: "Ning Baojun, everything is just the beginning, I will kill your Ning family, one by one. Omi stay."

"Omi." Ning Baojun's eyes widened in rage, immediately flying into the air and letting out a monstrous roar.

"Omi, come out, I know you're hiding in the city, you have the guts to come out." Ning Baojun shouted in the sky, and the entire Tian Bao City heard it.

At this moment, in an inn room, Omi naturally heard it as well.
