

King of kings

1702

Omi nodded his head.

Keeping walking forward, Omi did find the head office of the Xia family.

"Stop." The janitor of the Xia family's main residence stopped the way.

Omi said, "Help me pass on Xia Ming, I want to see him."

"How dare you, is Xia Ming a name you can just call?"

This two janitors also had a reason for the eighth or ninth stage of the realm, so Omi didn't want any more nonsense and took out a token and said, "Do you know about this token? Yunde's."

"So you're a member of the Yun family, why didn't you say so earlier, please follow me."

Omi was led by the guards all the way to a certain quiet courtyard.

"This is where Xia Ming lives, he's inside at the moment, go in yourself."

Omi walked in.

Xia Ming was indeed in a room refining spirit stones. The first website m.kanshu8.net

"Ahem." Omi coughed.

Xia Ming opened his eyes in a panic, as he hadn't even sensed when someone had arrived at the door of the room.

"You, ah, Tang, Tang Shao." Xia Ming was startled, he didn't expect Omi to suddenly appear and he didn't even feel it, but he was relieved when he thought that Omi had killed both of the Ning family's two out-of-body stages, so he was relieved, people had even killed out-of-body stages, what was he, he was only at the ninth stage of the YuanYing stage, he hadn't even reached the out-of-body stage yet.

"Xia Ming, long time no see." Omi smiled slightly.

"Tang, Tang Shao, how did you grow up?" Xia Ming asked.

"Yes, I took the Giant Fruit, so I grew up early."

"Congratulations, Tang Shao."

"Alright, it's just growing up, so what's there to congratulate."

"Tang Shao, I heard that you killed the Ning family's two out-of-body stages, right?"

"Of course, what kind of old eight and nine of the Ning family, right, huh?"

"Tang Shao, you're really capable."

"No need to compliment me, by the way, where's Xia Xiaoxin? I'm here to catch up with her."

"Xiao Xin she's not at home, she's in the Heavenly Fragrance Hall, how about I send someone to get her back?"

"No need, what is the Temple of Heavenly Fragrance?"

"The Heavenly Fragrance Hall is a place that specializes in cultivating geniuses under the age of 30. Almost the entire Four Seas, geniuses under the age of 30 have registered at the Heavenly Fragrance Hall. Xiaoxin has been going to the Heavenly Fragrance Hall since she returned from the Flying Cloud Sect."

Omi nodded his head and suddenly said, "Xia Ming, why didn't you tell me about it before leaving the Flying Cloud Sect?"

"Don't forgive, I."

"Are you looking down on me? Take Xia Xiaoxin with you and leave without saying goodbye here."

"Tang Shao misunderstood, I."

"Alright, I'm leaving, don't say I came."

"Oh. Tang Shao be careful, the Ning family is hunting you down, even the Ning family's ancestor Ning Fang went there personally."

Omi trailed off and didn't say anything.

Omi left the Xia family and changed his face to another face, becoming a youth of about 20 years old.

Then, Omi went straight to the Heavenly Fragrance Hall.

Omi's real body was almost 14 years old, but after taking the Giant Fruit, Omi instantly turned into a big boy of about 20 years old.

Omi arrived at the Heavenly Fragrance Hall, and it was truly a magnificent place.

Omi saw that at the top of the Heavenly Fragrance Hall, in the most obvious place, there was a stone tablet with a row of names engraved on it, and there were many people from the Four Seas who had come to pay their respects to that

The stone tablet, it seemed, was a very revered thing.

"What is this thing?" Omi pointed at the stele and asked a person next to him.

The man next to him said with an idiot's look, "Aren't you here to gaze upon the Supreme Monument?"

"The Supreme Tablet? This tablet is called the Supreme Tablet? Could it be that this stele is some kind of magic tool that has made you people come here specifically to admire it." Omi said.

"You really don't know or you don't know ah, what we came to worship is not this stone tablet, but the name on the stone tablet."

"Uh, what's so surprising about the name." Omi looked at the names on the stone tablet.

In the first column, Omi suddenly saw a familiar name, 'Mithi Sheller'

"Uh, Mitty Shellers? It's not." Omi recalled the passerby who had told him that Xia Xiaoxin had a fiancé, called Mitty Shells.

Omi continued to look behind the monolith again, and at the end of the monolith, Omi saw a familiar name 'Xia Xiaoxin' again.

Yes, it was precisely Xia Xiaoxin.

"Why is Xia Xiaoxin's name on there too?" Omi said.

The person beside him who was viewing the stone tablet said, "Nonsense, the top thirty geniuses of the Heavenly Fragrance Hall, of course their names are on it, every single one of the thirty people on this stone tablet can definitely step into the Exaltation Stage in the future, and even, the ones ranked at the top are very likely to step into the Merging Stage. You say, should we, the little pouncers, come to worship and worship."

Omi deliberately looked like he was worshipping and said, "Wow, the Exodus stage, how awesome, it's really scaring the baby to death."

"Nonsense, in the entire Four Seas, there aren't many that can reach the Exodus stage, every big family in the Four Seas, can only reach the Exodus stage within 20, and the strongest family is only within 30. As for the Combination Stage, it was even less to mention that there were no more than 10 in the entire Four Seas. And at this moment on the Supreme Monument, the top ranked ones, such as Song Yaoyao, Yun Haitian, and Mitty Shells, are all very likely to reach the Combination Stage in the future."

"Wow, I'm scared my little heart is going to jump out, I'd better stop reading." Omi immediately walked away, but in his heart he was very disdainful, except that the passerby who had just gazed at it, also thought that Omi was really frightened that his little heart was going to jump out, so he couldn't help but curse, "What an unseen earthling."

Omi wanted to enter the Temple of Heavenly Fragrance and find Xia Xiaoxin for fun.

I heard that Xia Xiaoxin had grown up a bit more now and had taken on the appearance of a young girl, Omi also wanted to see her. Of course, Omi only wanted to see it.

"What for? The Supreme Monument is over there, if you want to pay homage to it, please go over there, this is the main gate of the Heavenly Fragrance Hall, no idlers are allowed to approach." Omi was just about to enter the Heavenly Fragrance Hall when he was stopped by someone.

"Ugh." He actually thought of Omi as coming to pay homage to the Supreme Monument.

What a sister who really worshipped, Omi still needed to worship?

"I am conducting a search," Don Omi said.

"Looking for someone, do you think this is a place for anyone to go in? Do you know who's practicing inside?" The security guard who stopped Omi said.

"I know, a bunch of people under 30 years old, well."

"Hmph, a group of people who are cultivating inside are the strongest people in the future Four Seas, and you say you're going in? Hurry up and go."

"I'm really here to find someone, I'm looking for Xia."

"Go, this is not the place for you to be, don't disturb the future strong man's peace."

Omi asked, "So, you're definitely not letting me in?"

"Nonsense, no one is allowed in except geniuses."

"I won't lie to you, I'm 21 years old and at the fifth stage of Spiritual Harmony, I don't know if I'm considered a genius or not. I think Xia Xiaoxin can be ranked in the top thirty, there's no reason why I can't."
