

King of kings

1706

The original plan was to only kill above the Spiritual Harmony Stage, but when it came to the actual killing, there was no time to distinguish between them, Omi couldn't specifically pick above the Spiritual Harmony Stage bar.

For ten minutes, the Ning residence, which was several dozen miles in radius, was already bloodied to the sky.

"Phew! It's over, the Ning family is gone. Although some escaped, but some of the fish that escaped, ignore it, they were able to escape, that means they should not die, I can give them a chance to live."

Mu Qianji also said, "Three hundred thousand souls, rest in peace! The family that killed your enemies is now extinct as well."

Omi left a line of blood on the scene: "Omi, here to kill."

"Thousand Extremes, it's almost time to go before too many onlookers come."

"Well, where are we going now?"

"Nonsense, of course back to the inn, the Ning family still has some that went after us that haven't returned yet. I'm sure they'll get the news soon and will definitely come back, and then we'll come out and kill them. At this point, the Ning family's business is over, and then after that, it's time to deal with the Yu family's problems. How dare the Yu Clan pit us against the Spirit Stones, they wait for me."

Omi and Mu Qianji immediately left the Ning family.

Not long after Omi and Mu Qianji left, many people around the Four Seas arrived.

Because they smelled the strong smell of blood, once they rushed to see, everyone was shocked, and they were even more surprised when they saw the words Omi left behind. Remember the URL .kanshu8.net

Omi, exterminating the Ning Family.

This news was like a thunderstorm, rapidly spreading throughout the Four Seas.

In the Four Seas Yu Clan.

"Report, report to the Third Ancestor!"

"What is it?"

"The Ning family was exterminated."

"What? Who exterminated it?"

“Don Omi?”

“Eh?How is that possible, although Ning Fang has gone after Omi, the Ning family at least has a second ranked out-of-the-loop fifth rank sitting in town.How could Omi have destroyed the Ning Family.”

“Third Ancestor, it’s a thousand times true, even the Ning Family’s second oldest died, let alone the Ning Family’s sixth oldest.”

“Ah.”

“Third Ancestor, what about our family now, we pitted Omi’s cousin before and received a warning letter from Omi, but we.”

“Hmph, I don’t believe that I Yu’s he dares to move.”Sanzu yelled, but even though he was yelling, he didn’t have full confidence inside.

Omi returned to the inn and took a bath with Mu Qianji to clear his body of the smell of blood.

Of course, during the bath, Omi saw Mu Qianji’s graceful body, and Omi was in a moment of passion, shooting passionately with Mu Qianji for a few hours in the tub.

“Omi, now shall we wait at the inn for the rest of the Ning family to return?”

“Right, let’s wait at the inn for a few days, and sacrifice my flying sword along the way.”

“Good!However, after killing so many people today, I’m feeling a little scared.”

“It’s fine, I’ll get used to it.Besides, we’re just avenging those 300,000 dead souls, although some holy mother whores might think that if we want to take revenge, we can go good on the murderer, there’s no need for the entire Ning family to be buried with us ah.But unfortunately, it’s impossible to quell the souls of the wronged by just one dead murderer.”

Omi and Mu Qianji, did not speak again.

And right now, the entire Four Seas had turned over.

Almost everyone was stunned when they heard the news.

The Ning family had been destroyed, oh my god, the entire Ning family, which also had a population of fifty to sixty thousand people, had been wiped out just like that.Of course, the thousands of people who had escaped were not enough to form a scale, and only once the Ning family’s few ancestors who had gone after Omi were dead, the Ning

The home was completely gone.

Omi’s name had spread throughout the streets overnight.

However, no one knew where Omi had disappeared to after destroying the Ning family.

At the moment, Omi and Mu Qianji were at the inn, in an easy state of disguise.

Half a day later.

In One Heavy Sea Zhubai City.

"Old Ancestor, Old Ancestor, woohoo." A few fleeing Ning Clan children, crying out, ran towards Ning Fang and a few other out-of-body stages.

"Uh, Ning Li, why did you run here?" Ning's fourth oldest said.

"Ooooh, not good."

"What are you doing, wailing." Ning Fang huffed, as he had been unable to find any trace of Omi, so Ning Fang was a bit annoyed.

This Omi, where the hell did he run off to, why is he so good at hiding.

The woman called Ning Li cried, "Old Ancestor, you should return to your family and take a look, our family, it's gone."

"What do you mean?"

"Whoops, just less than half a day ago, Omi appeared in our Ning family, he and a woman, wiped out our Ning family, tens of thousands of people in our Ning family, only thousands of people escaped."

"Oh my god, that's impossible."

"Woohoo, it's true, now the entire Four Seas knows, just you guys still don't know, woohoo."

"Ah, where's the penis? Where did he go? When I left, didn't I tell him to keep the family in check?" Ning Fang yelled.

"Second Ancestor he, he's been killed, that Omi, I don't know why he's so powerful, Second Ancestor is no match at all, woohoo."

"Heavens."

Everyone looked at Ning Fang.

"Old Ancestor, what should we do now?"

"Nonsense, go back to the Four Seas immediately, thanks to the fact that we've been looking for him in the First Sea, and he's already gone to the Four Seas, ahhh!" Ning Fang ran furiously towards the teleportation hall.

It wasn't long before Ning Fang returned to the Four Seas.

After they returned to the Four Seas, they immediately ran to the family.

"Ah!" Seeing the family's corpses strewn across the field, those four out-of-body ancestors of the Ning family, Ning Fang, Old Third, Fourth, and Fifth, were all dumbfounded.

Before they had even seen that moment with their own eyes, they all still didn't quite believe it was real. But at this moment, they had to believe it.

"How could this happen!"

"Ahhhhh!" Ning Fang let out an angry roar.

At this point, since the tragedy had just happened half a day ago, the entire Ning family was surrounded by me.

When everyone saw Ning Fang return, they all looked at him silently, and no one spoke.

Even that third ancestor of the Yu Clan was on the scene at the moment.

Ning Fang looked at the crowd, only to feel a monstrous anger in his heart.

Ning Fang shouted, "Omi, you come out."

However, Omi did not appear.

Ning Fang shouted three more times, "Omi, you come out, you come out, you come out."

Omi was in the inn, humming, "I didn't expect Ning Fang to return so quickly, I thought, it'll take days."

"Omi, are you going out now? This isn't the time to go out ah, the Ning Clan was just destroyed, and right now in the sky above the Ning Clan, countless people are watching, and there are many out-of-body stage powerhouses among them."

"Hahaha, do you think I would be afraid of people watching? Thousand and one, don't show up after me, after all, you're not quite sure how to face it, save what happens and let me go out alone to finish the last bit of closure."
