

# King of kings

1717

"Ah." Those guards were shocked, they were strong men of the eighth and ninth stages of Spiritual Harmony.

Omi slowly descended from the city tower and said, "Who are you led by?"

"Lord of Jubal City." One of the guards said touching his fiery face.

"Zhubai City even has a city lord, huh?" For the first time, Omi only knew that there were the three strongest families in Zhubai City before.

"The City Master is rotated among the three great families, and this year, the City Master happens to be the Lan family's turn."

"Alright, I'm not interested in knowing what the City Lord is, remember, follow what I just said."

"This."

"You can also go back and report to your city lord and have him come out to meet me, get out." Omi waved his hand again, and those guards just blew away.

With that, Omi hung a large plaque on the city wall, clearly stating that Omi was here, and if Tang Huan and the others came to Zhubai City, they would definitely see these words, and when they did, they would find them.

Time passed slowly, and in the blink of an eye, more than half a year had passed.

One evening half a year later, three girls, plus two boys, came from the distance, towards Zhu Bai City. The debut website [m.kanshu8.net](http://m.kanshu8.net)

Tang Huan hung his head in despair.

"Do you think we can really find Omi in Jubal City?"

"Now we can only go to Jubal City."

"The Flying Cloud Sect has been destroyed, and even the Heavenly Jewel City is gone, will Master be alright with her?" Omi's teacher's wife was a bit worried.

In fact, they were all very worried that Omi had died as well.

One of those two boys was busy comforting Yan Xinyi and said, "Xinyi, don't worry, I'm sure your master will be fine."

Yan Xinyi didn't say anything, this boy was something they had encountered over the past year or so, when they were out training, and they had all experienced many dangers together, and now they were also considered life and death friends. With the deeper their interactions, the deeper their feelings

became, and in the end, that boy, Liu Qingfeng, seemed to have fallen in love with Yan Xinyi, taking care of her in every way, only, it hadn't reached the stage of confession yet.

The other boy also said, "Maybe, Senior Tang is waiting for you in Zhu Bai City. Don't worry, if it doesn't work, come back to the Triple Sea with me, my family is one of the strongest families in the Triple Sea." There was a look of pride in Zheng Boy's speech.

The five of them approached towards Zhu Bai City in a hurry.

Soon, they arrived at Zhu Bai City.

From afar, they could see a few words written on the walls of Zhubai City: "Omi is here."

"Ah." Yan Xin Yi and the other three were startled.

"So obvious? No way, to be able to scribble on the city wall, unless my brother his strength, is very strong, otherwise, the strongest man in Jubal City, would let him write big words on the city wall with no image like that?"

"Quick, go up and take a look."

With five people standing below the city wall, Lu Yuxi shouted, "Tang Shao."

At this moment, the person sitting on the city tower, who still had a bit of dust on his body, suddenly opened his eyes.

Omi's figure moved and stood on the city wall, and looking down, it was really the three Tang Huan, and of course, there were two boys.

"It really is the younger brother." Tang Huan was delighted, it had been over a year and a half since the last time they parted.

Omi landed from the city wall and smiled, "Finally!"

There you are, where have you been?" Don Zimmer asked.

"Brother." Tang Huan immediately jumped into Omi's embrace.

"Oh, Huanhuan." Omi smiled slightly, perhaps because it had been too long since she had called her sister, Omi suddenly couldn't call her Huanhuan anymore and it didn't go down well.

Tang Huanhuan's heart thudded, but inside, she was happy.

"Tang Shao, it's finally time to see you." Lv Yuxi's eyes were wet and her voice was excited.

Omi's eyes lit up as he looked at Lu Yuxi, Lu Yuxi had also changed a lot, a year and a half ago, she was still slightly young, but now, she was so plump and mature.

"Lv Yuxi, not bad, you've grown up a lot."

"Tang Shao, I'm almost seventeen years old." Lu Yuxi blushed slightly.

"Master." Yan Xinyi also called out with eyes full of excitement.

"Master." Omi originally wanted to get out Shini, but, the words were on his lips, but he didn't call out, at this moment, Shini's appearance was still a young girl, but, it was much more mature than in the beginning, Shini was almost fourteen years old, and at this moment, she was already beginning to look like the first beauty in the Jianghu.

Omi was filled with emotions, Omi was an adult at the moment, while Yan Xingyi had turned into an underage girl.

"Hello, you must be Senior Tang." At this moment, a man standing behind Yan Xin Yi called out.

Omi looked towards that man, who was about twenty years old, and his realm had reached the Spiritual Unity stage.

Omi could tell from his standing posture that this man had some special feelings for Yan Xin Yi.

Omi suddenly had a bad impression of him, although Yan Xinyi's mind was an adult, her appearance was just that of a little girl, but she was able to do it to little girls.

Of course, Omi didn't know whether or not his teacher's wife liked him as well, so he didn't say anything and just asked: "Who are you?"

"Back to Senior Tang, Senior Liu Qingfeng, this is my clan brother, Liu Baiqiang." That man's hand led to the eighteen or nineteen year old man next to him and said.

"Oh."

Lu Yu Xi was busy saying, "Tang Shao, they are the ones we met when we were training, now we are all good friends."

"Alright, let's go upstairs." Omi's hand brought everyone up to the city floor.

The five of them were tremendously shaken inside when they saw how powerful Omi was, and after not seeing him for over a year, they all kind of couldn't believe that this was the kid from the Flying Cloud Sect.

After all, Omi had changed too much, firstly, his body had grown up as if he was a man in his twenties, and secondly, his aura was as if he was very powerful and strong.

"Brother, how have you changed so much now?" Tang Huan asked.

Omi smiled, "I took the Giant Fruit, alright, let's not dwell on that, tell us, where exactly have you guys been practicing for over a year, you don't even know that the Flying Cloud Sect was destroyed."

"Tang Shao, ever since you and Miss Mu left the Flying Cloud Sect a year and a half ago, we felt that the Flying Cloud Sect wasn't interesting at all, then you told us that we had to learn to be independent, so we decided to go to the Desolate Beast Forest, then after that, we went to the Sky Wolf Valley, the Starry Sky Forest, and some other cities, so we spared a long distance, and when we returned to the Flying Cloud Sect, the One year and three months have already passed. Three months ago, when we returned to the Flying Cloud Sect, we found that it had been reduced to ruins. Then we returned to the Heavenly Jewel City and found that it was also strewn with corpses. We thought that you were dead too. So, we had to come to Jubal City to look for you."
