

King of kings

1746

"Blue Fox Wuji, don't think about it so much, I didn't want to do anything with you today when I called you over, but merely wanted to solve our problems with you." Blue Fox Wuji said.

"Uh, what problem."

"Blue Fox Wuji, you know what our relationship used to be, and now, I don't want to keep the old relationship with you, so from today onwards, we no longer have the old relationship."

It turned out that calling Omi over was to completely break away from the lover relationship with Omi.

"Hahaha, Tian Wang, do you think that you are so beautiful now, so."

"Yes, when I was an old and ugly old woman, you still had that qualification, but now, I've changed into a beautiful woman, although my infant has not completely fused with this body and my strength is not at all raised for a short time, but it doesn't matter, give me fifty years and I'll return to my original strength. In short, you don't deserve it anymore."

Omi said in his heart, what a reality, when he was old and ugly he used to look for Blue Fox Wuji, a little fresh meat, and now that he has taken away the body of a stunning beauty, he's just damned discerning. But it's none of Omi's business, and Blue Fox Wuji is not Omi.

At this moment, Blue Fox Lily's face twisted, as if, in her brain, she was fighting with someone for control of her body, or there was a soul dying inside her stunningly beautiful body.

Omi was startled and said in his heart, "Could it be that the physical body that Blue Fox Lily seized, the original owner of that body, her soul hasn't been completely fused?"

Because Blue Fox Lily appeared to have an uncontrolled facial expression, indicating that there was something wrong with her brain control, Omi guessed so.

Omi's eyebrows furrowed lightly, as if he was thinking about something. One second to remember to read the book

If the original owner's soul of the body that Blue Fox Lily had seized hadn't been completely fused, then if Omi was given the chance, Omi could help the original owner of that body and devour Blue Fox Lily back.

Omi asked, "Lily Heavenly King, you haven't completely fused the original soul of the seized body yet, have you?"

Blue Fox Lily snorted, "There's no harm in telling a dying man, yes, my infant is seriously injured and I can't completely fuse my original body's soul at the moment, but it doesn't matter, the Spiritual Ke Heavenly King will come over later, he'll do me a random favor and I'll be able to completely refine my original soul, hahaha."

Omi cursed the bitch.

The Spiritual Ke Heavenly King was another Mahayana stage powerhouse of the Blue Fox Family.

Omi asked, "Lily Heavenly King, what did you just say, a dying man, what does that mean?"

"Hmph." Blue Fox Lily snorted slightly, seemingly not bothering to answer Omi.

Just at this moment, an old man came in from outside.

Blue Fox Lily was busy saying, "Ling Ke, you're here."

That old man said, "Lily, regarding the destruction of your flesh body, I am very sorry if I was then."

"Alright, let's not talk about what has passed, but fortunately, this flesh body is still pure and without any impurities."

"Ah, really? Then you can re-forged and build this flesh into the strength of the original body, and I'm sure the strength won't be too far off."

"Well, it's a blessing in disguise."

That old man called Ling Ke had been gazing at Blue Fox Lily ever since he entered the main hall, not

Stop, Omi grumbled in his heart, what an old pervert.

Blue Fox Lily coughed and said, "Ling Ke, why are you looking at me like that."

"Oh, Lily, you're also a blessing in disguise, obtaining a body so beautiful and so pure, without any impurities."

"What's the use of being pretty."

"That's not true, pretty is also an immortal cultivation resource, with your posture and your Mahayana cultivation, I'm afraid, there are many seniors in the Six Seas who want to form a daoist couple with you."

Blue Fox Lily waved her hand at Omi and said, "Blue Fox Wuji, go down first and wait for me outside the palace."

"Yes." Omi walked out of the palace and stopped at the entrance of the palace.

If I'm not mistaken, Blue Fox Wuji called Omi here to kill Omi, but because Ling Ke came so quickly, he hadn't been able to kill Omi yet. Let Omi wait outside first, maybe, when Ling Ke left, she would kill Omi.

Omi was chilling inside, but unfortunately, the Mahayana stage was something he couldn't even deal with right now, even the Distraction stage, Omi was still far from it.

Omi must now leave quickly and change into someone else, so that would be enough to save his life.

It was a pity that Omi could have helped the original owner of that body and turned on the Blue Fox Lily, but he couldn't find the opportunity.

Just at this moment, a maid passed by at the entrance of the main hall, and that maid sent a plate of fruit into the main hall.

Omi suddenly had a bright idea.

“Hey, why can’t I disguise myself as a woman? Blue Fox Lily must also have a maid to serve her, right, if I disguise myself as her maid, wouldn’t I have a chance to get close to her, and then, hehehe, I’ll have a chance to help the original owner in her body, control that body, and finally turn against her. In that case, Blue Fox Lily’s lifelong hard work of cultivation will be given to someone else as a wedding dress, hahaha, this is really good.”

Not long after, that maid came out from the main hall, Omi immediately followed that maid.

Going to no one, Omi immediately pressed his hand on her head to obtain her memories, then killed her, Omi then used Bone Reduction + Disguise Technique, and in less than half a minute, Omi became that maid’s appearance.

This was Omi’s second time pretending to be a woman, the first time was in the mortal realm.

Omi acquired the maid’s memory information, naturally knowing the identity of this maid, this maid’s name is Jiang Shui, the Blue Fox Lily’s life maid, specializing in her daily life, moreover, it is also the child of one of Blue Fox Lily’s relatives.

Omi also took the opportunity to bring a plate of other fruits and entered the main hall.

Omi had to be quick, because Ling Ke would soon be helping Blue Fox Lily, and then the original owner of that body would be fused in no time, and that body would really become Blue Fox Lily’s.

Omi carried the fruit into the main hall, Blue Fox Lily and Spiritual Ke Heavenly King were still talking and hadn’t started to help repair the infant.

Omi carried the fruit and placed it in front of Blue Fox Lily’s table.

Blue Fox Lily didn’t have any doubts and said to Omi, “Jiang Shui, there’s no need to bring in any more food, you go out first and close the door, the Spiritual Ke Heavenly King is going to help me repair my infant.”

Omi said, “Yes, but.”

“Jiang Shui, what’s wrong with you today? So disobedient?” Blue Fox Lily said a little unhappily that in the past, Jiang Shui, the maid, would not say more than a word and always worked silently.
