Omi piled up his face and said somewhat unhappily, "Thousand Extremes, I'm not happy if you keep this up, a teacher's wife is a teacher's wife, at least in my heart, it's the same whether it's the mortal realm or the spiritual realm. I hereby swear to the heavens, if I have the slightest ill will towards my teacher's mother, I will be struck by five thunderbolts and will not die a good death." After saying that, Omi bit his finger and sprinkled blood into the air, the blood instantly burned, his oath turned into a curse, if he broke it, in the future, although he might not really be struck by five thunderbolts, but at least it would produce some negative luck.

Mu Qianji was depressed, "I'm just casually joking with you, do you need to be so serious and make such a blood oath?"

Omi said, "I'm serious, not joking, don't joke about such things in the future. I'd rather marry ten more women than to have any ill intentions towards my teacher's wife. I don't believe that ten women are not as good as one Yan Xin Yi, do you understand? Don't joke around anymore."

Mu Qianji left in the middle of the night.

Mu Qianji wasn't negative, she just blamed herself for a joke that caused Omi to take a blood oath to prove himself, it was completely unnecessary and she was to blame for everything, so she blamed herself and left the Blue Fox's house in the middle of the night and went back to that peasant woman's house.

Omi sighed, perhaps Omi was indeed a little impulsive and a joke didn't need to be taken so seriously, but Omi had to use his blood oath to tell others that he would never, ever think like that.

The next day, Omi left the Blue Fox Family.

Half a year ago, the entire Five Heavy Seas was looking for Omi, but unfortunately, no one had found him.

After that, the eight major immortal cultivation families of the Five Seas sent people to the Four Seas, Three Seas, Two Seas, and One Seas to search for him.

Omi came to the Four Seas, but unfortunately, no one could find Tang Huan and the others.

Omi came back to the Triple Sea, but still couldn't find them. The first website [m.kanshu8.net](http://m.kanshu8.net)

"Strange, where would they run to?"

Omi went to the Second and First Seas to search for them again, but still couldn't find them.

Omi returned to the Four Seas again to look for them and made serious inquiries, but he did not hear any news of the death of any Combination Stage powerhouses in the Four Seas.

Omi had to return to the Sea of Five Heavens, and as a result, he found them in the cave house of the Eight Eye Flood Snake in the Sea of Five Heavens.

“Brother Omi.”

“Tang Shao.”

“Master, you’ve finally appeared, we’ve been worried sick about you.”

The three of them jumped up happily when they saw Omi.

“Why did you guys come back to the Five Heavy Seas?”

“The eight-eyed flood snake said that the search of the five heavy seas is not so strict anymore, then it came back, and it also said that the eight immortal cultivation families of the five heavy seas will probably go to the four heavy seas next, so it’s better to leave quickly.”

“Well, it’s good that it’s fine, you guys wait, in a few months, the Rainbow Bridge will open, and then we’ll all go up the Rainbow Bridge to the Sea of Six Heavens.”

“Really? Great.”

“Now you guys continue to wait here for news, I’ll send someone to pick you up.”

“But there’s still a search outside.”

“Don’t worry, I’ll send a Mahayana stage powerhouse to pick you guys up.”

“Ah, a Mahayana to pick us up?” They were a bit incredulous, how could Omi have such a big mouth, what kind of Mahayana powerhouse would listen to Omi’s words.

Omi didn’t stay long and soon returned to the Blue Fox Family.

After returning to the Blue Fox Family, Omi first went to Blue Fox Lily’s cave.

“Tang Shao, you’re here.” Light Water saw

To Omi, he greeted happily.

“Light Water, watch your words and actions, if the other Heavenly Kings of the Blue Fox Family find out, it’s going to be the end.”

“Mmhmm, I know.”

“Light Water, I have something for you to do now.”

“Tang Shao, please tell me what to do.”

“Now you pretend to take me out of the city.” Omi said.

“Ah, out of the city? To do what?”

"I have a few friends, they need to enter the Blue Fox Family, they will be on the Rainbow Bridge together then. Now let's go out and pick them up, your identity of the Great Multiplication, the Sky King of the Blue Fox Family, you bring them in, no one will dare to stop you."

"Good."

Omi immediately left the cave together with Light Water and headed straight for the city gates.

Although Light Water didn't have any real strength, her Mahayana Qi was enough to scare people, and outsiders had no idea that Blue Fox Lily was already dead.

When they arrived at the city gates, the few Separation Stage powerhouses who were secretly guarding the gates immediately rolled out with their asses in the air and worshipped, "Junior pays homage to the Lily Heavenly King."

Light Water said with a strict face, "Alright, all of you get up, I'm going out of town for a trip."

"Heavenly King please."

Without any hindrance, he went straight to the cave of the Eight Eye Flood Snake.

Entering the freshwater lake, he met the three of them, Tang Huan Lu Yu Xi Yan Xin Yi.

Of course, the Eight-eyed Flood Snake was shocked to see Light Water and knelt down in fear, "Greeting Senior Lily."

The eight-eyed flood snake couldn't imagine looking at Omi, wondering how in the world Omi had gotten involved with the Blue Fox Lily.

Omi smiled, "Eight Eyes, thank you for taking care of my three friends, don't worry, one day in the future, I'll have someone personally come down, pick you up on the Six Seas, and open up a bridal chamber for you."

"Thank you, thank you."

"Alright, I'll take them with me today, I'll see you again in the coming day."

"A respectful farewell Tang Shao, and a respectful farewell to Senior Lily."

Omi brought Tang Huan, Lu Yuxi, and Yan Xinyi back to the Blue Fox Family.

Only, as soon as they entered the city gates, they ran into another Mahayana Heavenly King of the Blue Fox Family.

"Lily, where are you going?" The other Heavenly King asked.

Omi searched Blue Fox Lily's memories and learned that this Heavenly King was called Blue Fox Immortal, the Blue Fox Family, the top five ranked genius, and his realm was the second stage of the Mahayana stage.

"Immortal Brother." Light Water mimicked Blue Fox Lily's tone and called out.

"Hahaha, Lily, the last time your flesh body was destroyed, now that you've taken away such a beautiful body, it doesn't seem bad."

"Oh, what's the point of being beautiful on the outside, now that my strength has, let's not talk about it."

"Lily, before completely recovering your strength, try not to go outside ah, the eight great immortal cultivation families of the Five Seas are not in harmony, no wonder they are killing you again." That Blue Fox Immortal said.

"Thank you Immortal Brother for your concern, I will."

The Blue Fox Immortal looked to Omi and the others and asked, "Who are they? Never seen that before? Moreover, those three are even such little beauties."

Omi heard Blue Fox Immortal say that and secretly called out badly.

Light Water laughed, "They are my relatives who took away this body, I took away people, and now it's only right that I help out her relatives."

"Well, it is indeed the right thing to do. However, the original owner of this body of yours, her relatives, are all beautiful women."
