## Chapter 1791

Five days later, Omi was cultivating in his cave when there was a knock on the door outside.

Omi was busy opening the door.

"Senior, there's news." The guard standing at the door said to Omi.

"Mo Yuyan is back?" Omi panicked and asked.

This guard at the door was the same guard that Omi had spent a seventh grade spirit stone to purchase news from at the auction a few days before, Omi had told him when he left the auction a few days ago to come and report to him as soon as he had news about Mo Yuyan.

After waiting for five days, we finally got some news.

Lone Wei Dong said, "Senior, the First Princess didn't come back, it's His Majesty the First Emperor and Senior Ma Forcing and others who have returned."

"They spied on Mo Yuyan?"

Lone Guardian Dong: "Yes, they've gotten the news about Mo Yuyan, but the news hasn't been fully confirmed yet."

"What happened to Mo Yuyan, where is the person, say."

"According to the news I heard this morning, Mo Yuyan was at the border of the sea between the Mo Dynasty and the Yao Dynasty, she was met by a prince of the human Yao Dynasty, and that prince of the Yao Dynasty captured Mo Yuyan, and at the same time, killed all of Mo Yuyan's followers and destroyed Mo Yuyan's ship." A second to remember to read the book

"The prince of the Yew Dynasty?" Omi was startled, before Omi was sure that Mo Yuyan was rowing her boat in the direction of the north, and north was the sea of the Yao Clan Dynasty. Unexpectedly, it turned out to be related to the Yao Clan Dynasty."

Lone Weidong said, "We, the Moji Dynasty, do not have a good relationship with the Yao Clan Dynasty, or we can say that the relationship is very stale. The reason why the prince of the Yao Clan dynasty dared to capture Mo Yuyan must have thought that the Mo Clan dynasty was going to end, and that Mo Yuyan was beautiful, so he wouldn't play for nothing."

"He dared." Omi was furious.

"However, this news is from the mouth of a fisherman, so it's yet to be determined whether or not she was really captured by the prince of the Yao Clan's dynasty. It is said that His Majesty the Chang Emperor personally went to the capital of the Yew Dynasty and demanded that they hand over the Princess, but of course they would not admit it and denied it outright. So, the matter is at an impasse."

"Hmph, the Yao Clan Dynasty." Omi's gaze chilled.

"Right now, His Majesty, the eldest emperor, is holding a meeting to discuss the matter. When I came out, the meeting hadn't started yet, so I can't report to you on the contents of the meeting for now."

"Thank you."

"You're welcome, so I'll go back first, and I'll report back to you if there's any new information."

"Good." Omi was not polite anymore.

This lonely Wei Dong, he was so pleasing to Omi, firstly, Omi gave him a seventh grade spirit stone that day, it was very generous, secondly, he could see that Omi was a big man, so why not serve a big man, why not.

Omi's eyebrows were locked as he said inwardly, "I wonder if something will have happened to Mo Yuyan by now, already tainted by a certain prince of the Yao Clan's dynasty. Alas, she saved my life in the first place, and I didn't repay her kindness other than returning an equivalent scroll to him. If she really was defiled and killed by a prince of the Yew Clan Dynasty, I swear that I will avenge her."

At this moment, in the Mo Clan's Imperial Palace.

Long Emperor Mo Qing, as well as the second strongest member of the Mo Dynasty, Ma Diao, the fourth strongest member of the Mo Dynasty, Ma Force, and the fifth and sixth two strongest members of the first stage of Tribulation

The person Liu Bing and Song Complaint, five people, were sitting in the conference room.

Of course, there was a circle of Mahayana's beside them.

However, in this kind of meeting, the Mahayana's were only the foils, and the Half Immortals were the dominant ones.

His Eternal Majesty said to everyone, "Everyone, according to a fisherman's news, my daughter was most likely captured by Yew's Imperial Dynasty at the junction of the seas, and also, Yew's Imperial Dynasty killed all the attendants who were on the ship and destroyed the vessel, he thought that he was doing a seamless job, but unbeknownst to me, a fisherman who was operating in the deep sea knew about it. However, I ventured into the capital of the Yew's dynasty for this, and I demanded that they hand over my daughter, but they flatly denied it, saying that there was no such thing. Now I don't know if my daughter is alive or dead. The reason I'm calling this meeting today is to hear your opinions. Uncle Ma, you speak first." Mo Qing looked at that second strongest person of the fifth stage of tribulation, Ma Diao.

Ma Diao was the second strongest person and was of the same generation as Mo Qing's father, Mo Green, so Mo Qing called him Uncle Ma.

Ma carved frowned and said, "Nephew Mo Qing, after such a big incident, why don't you invite your father out, your father is the number one strongest person in our Mo Dynasty."

Ma Diao's son Ma Force was busy saying, "Yes, big brother Changhuang, Mo Yuyan is your father's most favored granddaughter ah, before even at the risk of losing her own cultivation to help her cultivate, now Mo Yuyan has been captured, Uncle Mo Green has no reason not to come out ah, you only called my father out for a meeting, but not your father, what's going on here. For those who don't know, they thought that Uncle Mo Green, isn't he already passed away."

Long Huang's face was ugly, this Ma Diao and his son, seemed to be intentionally making things difficult.

Ma carved immediately pretended to reprimand, "Ma forced, don't talk nonsense, ramming Uncle Murquoise only you are asking."

"I'm just worried about Uncle Murquoise." Ma pushed said with a flick of his mouth.

The long emperor was busy saying, "Thank you Ma Force brotherly relations, my father is fine, but he just can't pull away, his cultivation is at a critical moment, and I can't disturb him, so I can only bother Uncle Ma Diao, and all the other brothers. Now my daughter's life and death are unknown, so let's all tell me what to do."

Ma Diao said, "Nephew Mo Qing, Mo Yuyan is your daughter, tell me yourself what you want to do."

"It's very tricky now, the Yao Clan dynasty is deadily refusing to admit that one of their princes has captured my daughter." The long emperor said in a difficult manner.

"Since they won't admit it, we can't force them to admit it, now that the Yao Clan Dynasty, is more powerful than our Mo Clan, and your father, Mo Green, is at a critical moment, we can't mess with them ah."

"Are we just going to let my daughter be captured by them and leave her alone?" Changhuang was anxious.

Ma forced to say, "Big brother Changhuang, Mo Yuyan was captured by a certain prince of the Yao Dynasty, it's been a few days, if they are determined to do what your daughter wants, then your daughter would have already been what ah by now, what can you do if you get her back."

"You're insolent." The long emperor roared in anger, unable to hold back because Ma Force was very disrespectful.

Ma Force was very upset at being yelled at and left his mouth darkly.

Ma Diao laughed, "Mo Qing nephew, why get angry, what can you do, if you want to blame, blame your daughter, you really don't know the sky, you don't stay in the national capital properly, you have to go out. If the Yao Clan dynasty keeps refusing to acknowledge it, we really have no choice, we can't kill her, besides, you've already been there once, and didn't you also end up not bringing her back."
