

# King of kings

1795

"Idiot, why did I have to tell you so clearly." After saying that, Omi's mind moved and the locking circle contracted.

"Ah." Yao Yang Tian yelled in pain, but unfortunately, he couldn't struggle, after all, he was only a Distraction Stage, while Omi was at the first stage of the Mahayana Stage.

Mo Yuyan was busy saying, "Don't kill yet, Daoist Tang."

"Uh, why?"

Mo Yan was busy saying, "He has the Light of Life Sense on him, if he dies, the palace a few blocks away from us will find out, and a strong man will rush over within a breath."

"Uh, it's still you who's thoughtful. So what if we don't kill now?"

Mo Yan said, "Use him to escape from here and kill him when the time is right."

"What a trouble." Omi really wanted to just kill him, but this was the imperial capital of the Yao Clan after all, and the half-immortal powerhouses would come in the blink of an eye, Omi could not be careless.

Omi's mind moved, and the Locking Spirit Circle stunned Yew Yang Tian.

"Mo Yuyan, are you alright?" Don Zimmer asked.

"Ooooooh." Mo Yuyan cried and jumped on Omi. The first website [m.kanshu8.net](http://m.kanshu8.net)

"Oh, don't cry, it's all right, you can trust me, I'll bring you home safely."

"Don Daoist, you came just in time, if you don't come, I'm going to be defiled."

"Well, I know all about it, you're lucky that your grandfather loves you and gave you so many defense scrolls, otherwise it would have been really dangerous." Don Omi said.

"But what's the point, my grandfather doesn't even know if he's dead or alive, and now everyone is saying that our Mo Dynasty is going to be finished."

"Will it be finished, let time tell, why worry so much."

"Anyway, thank you, Daoist Tang, don't worry, no matter what arrangements my father has, I will definitely follow his arrangements." Mo Yuyan said as she watched Omi blush.

"Uh, what do you mean."

"Didn't Yao Yang Tian just say that my father issued an imperial decree that whoever can rescue me will marry me to him? Didn't you risk your life to save me because of my father's royal decree? Since you were willing to risk your life to come here in order to marry me, I can't either."

"No, no, no, Princess, you misunderstand me, your father hadn't issued this royal decree when I did, in fact, I only just learned about it after I heard Yewyang Tian say it."

"Ah, you're not this to save me ah." Mo Yan was disappointed, she would have preferred it to be this.

"No, before, on the Sea of Death, I was being chased and killed, you gave me a scroll that allowed me and Daoist Couple and others to escape, now that you are in trouble, I should have come to save you."

"But I only gave you a scroll then, and nothing to give, while you came to rescue me, but you risked death."

"Oh, no matter what, it was a life-saving act. Alright, Eldest Princess, let's just think about how to get out of this tiger's mouth."

"Oh." Mo Yuyan's mood that was excited just now suddenly turned a little less than happy, if Omi was trying to be a son-in-law to save her, this kind of story is only beautiful.

Mo Yuyan said, "We can't go out yet, we'll be found out in a minute, right, how did you get in here? It's reasonable to say that strangers can't possibly enter the inner perimeter of the palace, but this is a zone that's more than a circle."

Omi immediately disguised himself and said, "Do you recognize who I am?"

"Ah, you."

"That's right, I came in here by disguising myself as this Rukan Ten."

"No wonder you could enter here so easily, Daoist Tang, you may not know that within a circle of the Yew Dynasty, the skies are monitored by sky birds, once a strange face is spotted, the sky birds will sound an alarm, then the guards will be alerted, in short, anyone with an unknown origin will be discovered and then caught in the blink of an eye. But how do you have the magical ability to change? As far as I know, even half-immortal level powerhouses don't have the Change Avatar ah. Only when you become an immortal, you will be able to use this divine ability, ten changes, twenty changes, thirty-six changes, seventy-two changes, all kinds of divine abilities."

Omi rolled his eyes, "You think I'm the Monkey King ah, and seventy-two transformations, I'm just a disguise artist shrinking my bones, I can't change, let alone turn into insects, fish, birds and beasts, I'll only disguise into different people."

"Will you teach me?" Mo Yuyan pleaded.

"It's hard to teach you, to teach you I must first spread some basics like internal power and internal strength. However, I decided to teach you so that we can leave easily."

Omi spent the next day teaching the disguise technique to Mo Yuyan, although she couldn't be as powerful as Omi, she could barely change the shape of one or two people's faces.

"Alright, I'm going out now to grab one of the prince's maidservants, then you disguise yourself as her, after that we'll start leaving."

"Uh-huh."

A few minutes later, Omi grabbed a maid and came in.

It took Mo Yuyan half an hour, and with Omi's help, she finally changed into that maid's appearance.

"Alright, we can go now."

"What about Yaoyang Tian? If we don't kill him, wouldn't it be too cheap, if we kill him, it will immediately be known and we won't be able to leave." Mo Yuyan asked pointing at the Yew Yang Tian on the ground.

Omi said, "Don't worry, I won't let him live, the magic weapon around his neck is called the Spirit Locking Circle, I can control it within a ten kilometer radius. Let's leave Yao Yang Tian here, when we leave the prince's palace, when we are eight or nine kilometers away, I will control the spirit locking circle to trap him to death. At that time, even if the people from the Yew Dynasty arrive, it's useless, we'll already be going ten kilometers away."

"Wow, your magic treasure is really powerful."

"I'll write a few words on the wall first."

Omi cut some blood on Yao Yang Tian's hand and wrote on the wall, "Yao Clan dynasty, shitty dynasty, kill one of your princes today as a warning, if you dare to be rampant again, castrate all the old dogs of Yao Clan."

"Wow, Daoist Tang, will this anger them ah, in case they do something to our Moji."

Omi snorted, "I didn't sign who did it."

"But they will definitely guess that it's someone from the Mo Dynasty ah, after all, I was imprisoned here and I escaped."

Omi said, "You're silly, before your father came here to ask for someone, they flatly denied that you weren't here, since they themselves said that you weren't here, who would dare to say that it was someone from the Mo Dynasty did it. Alright, we can go now."

Omi and Mo Yuyan, slowly walked out of the underground chamber, Omi incidentally took the maid that he had just captured out as well, and threw her into a random corner outside, she would awaken on her own.

The guards that were guarding the entrance to the backyard before had already been destroyed by Omi, and their bodies were in Omi's storage ring.
