

King of kings

Chapter 1801

"Laugh all you want, anyway, if your daughter comes back, make sure to ask her who saved her, arrest the person who saved her and send her to the Yew Dynasty for disposal, otherwise, Moji will bleed to death."

"Hmph." Mo Qing snorted and flew away.

Early the next morning, in the sky of the Yao Clan Dynasty.

Omi and Mo Yuyan flew away in mid-air, both of them were currently wearing the clothing of guards, and even their appearance was that of a certain guard.

Yes, Omi had succeeded.

"Yuyan, don't run around yet, pretend to search for the murderer first, and when you find an opportunity, then slowly leave without attracting anyone's attention." Omi sent a message to Mo Yuyan.

"Good."

Omi pretended to search in the sky, so they leaned out step by step, and finally, after a few hours, they searched the outermost circle of the Yao Clan Dynasty.

"Yuyan, get ready, we can escape now."

"Okay, which direction do we escape in?"

Omi said, "For the time being, don't go in the direction of the Moji Dynasty, let's head to the southeast and then change directions halfway through, so as not to run into anything halfway." First URL

"I'll listen to you."

With that, Omi and Mo Yuyan escaped, getting farther and farther away from the Yao Dynasty, and a day later, they stopped.

"Haha, you can stop and rest now, we're safe." Omi stopped in mid-air and said.

"Yay, great, we've finally left." Mo Yuyan was so excited, and thinking that she had broken through to the Mahayana stage made her even happier, this time she was captured, and although the process was thrilling, the ending, however, was so beautiful.

"Let's rest for a while and then we'll continue, turn around and fly in the direction of the Mo Dynasty, probably in less than a day, we'll be able to return to Mo's Imperial City."

"Mhmm."

A day later, Omi and Mo Yuyan arrived at the outer sea of the Mo Dynasty.

"Finally home." Mo Yuyan said as she looked at that imperial dynasty in the distance.

Omi said, "Yuyan, we don't know what's going on in the Mo Clan's Imperial City right now, what if there's a powerful person from the Yao Clan waiting for us there? So, we need to be sensible now and not rush in right away, so let's pretend to be someone else and enter quietly."

"I'll listen to you."

Omi and Mo Yuyan quietly sneaked into Mo's Imperial City, then secretly entered the palace.

In a palace hall, Mo Yuyan saw her father.

"Father." Mo Yuyan shouted.

"Ah." Mo Qing looked at the entrance with a shock, the person dressed as a palace maid was actually his daughter.

"Yuyan? Is that you?"

"Mmhm, Father, I'm back." Mo Yuyan happily pounced on her.

"Yuyan, you're finally back, it's great, by the way, is the one who captured you Yaoyang Tian, did he do anything to you?" Mo Qing was busy asking.

"No, I have the self-defense scroll given to me by my grandfather, but that self-defense scroll is only valid for half a month, and if it wasn't for Daoist Tang arriving in time, I'm afraid I would have been." Mo Yuyan was terrified.

"Hey, your realm?" Mo Qing was shocked.

"Father, we'll talk about this later, but in short, my ability to return this time and to reach the Mahayana stage of my realm was granted by Daoist Tang."

"Fellow Daoist Tang? Did he save you?"

"Mm."

"So, the person who killed Yew Yang Tian and Yew You Tian was also him?"

"Well, he said to

To avenge me, I can't be captured by their princes for nothing, but have nothing to punish, so I killed their two princes as a warning." Mo Yuyan said with a burst of emotion.

However, Mo Qing was a bit depressed at the moment, although it was true that he was grateful for what Daoist Tang had done, but it was because of this that Mo was now in trouble.

"This Daoist Tang is really good to you, but he's too impulsive."

"What's wrong? Father."

"Daughter, to tell you the truth, after the death of Yao Youtian, the eldest Emperor of the Yao Dynasty, Yao Bang, and the second Emperor Yao Ai, personally came to our place. They want me to hand over the murderer."

Mo Yuyan angrily said, "So, they are admitting that I was captured by their people, when you went to ask them for someone before, didn't they die and refuse to admit it? How can they have the face to admit it now."

"Whisperer, they're stronger than us, so they can be shameless and unreasonable."

"So how about now?"

"They've already left, but before they left, they said that if you come back, they must arrest the people who saved you and give them to the Yao Clan for disposal."

Mo Yuyan nervously said, "Father, you wouldn't do that, would you? Daoist Tang sacrificed his life to save me, how can you do this to him."

Mo Qing said, "Yuyan, don't worry, I won't hand over my benefactor. However, I'm just afraid that it's not up to me."

"Why? You're the Long King, the most powerful person in the entire Mo Dynasty."

"Oh, you're so naive, now that your grandfather is dead or alive, I'm the long emperor, there's no deterrent at all. Let's not talk about your grandfather Ma Diao, he's more powerful than me, he won't listen to me. If he knew you were back, he would definitely come and force you about the murderer."

"Why would Grandpa Ma Diao do that? Didn't he used to love me very much?"

"Yuyan, in the past he loved you, you thought he really loved you, no, it's because of your grandfather, you are the jewel of your grandfather's palm, of course Ma Diao loved you. Now your grandfather's life and death are unknown, hmm, Ma Diao will still love you. Yuyan, you need to leave now, don't stay here."

"I'm not leaving."

"Be obedient, in case Ma Diao's father and son know that you're back, they will definitely come and arrest you, so go."

"Father."

"Quick, take your Tang Daoist friend with you."

At this moment, at a certain mansion.

"Report."

"Come in."

"A message just came from the palace."

"What kind of message?"

"It seems that, Mo Yuyan secretly came back and met with Mo Qing at the Yonghe Hall."

"What, Mo Yuyan is back, go quickly, arrest her, force her to ask who saved him, arrest her and give her to Yew's." Ma forced shouted, and at the same time ordered, "Quickly go and inform my father, be sure not to let Mo Yuyan escape."

In the Yonghe Hall.

Mo Yuyan was busy saying, "Father, Tang Daoist saved me, won't you receive him?"

"Don't let me see him, it's safest for him. By the way, tell him for me that I'm afraid I won't be able to give him a son-in-law, but please don't worry, you'll always be his woman. Yuyan, I issued an imperial decree before, whoever can save you, let him be the son-in-law. So, don't blame father."

"I'm not blaming you, but you misunderstood Tang Daoist, he came to save me, he didn't want to be a son-in-law at all."

"Uh, then what does he want?" Mo Qing was startled and a little worried that if he didn't want to be a son-in-law, he definitely didn't want a woman.
