1827

Finally, half a month had arrived.

The Spirit Gathering Formation suddenly failed.

“Phew.” Omi took a deep breath.

“Ahhhh, why so fast.” Tang Huan and the others shouted.

“Happy time is always short.” Light Water said with a smile.

After half a month of absorbing aura from the Spirit Gathering Formation, Omi finally broke through to the first stage of the Tribulation.

Little Fire was the first to find out and busily said, “Congratulations, Brother Chen, for stepping into the first stage of the Tribulation.”

“Wow.” Everyone looked at Omi, and sure enough, Omi had an extraordinary aura, and was already a half-immortal.

“Tang Shao, you’ve become a half-immortal.”

“Hehe, yes, by the way, you all have gained quite a lot, right?”

“Thank you, Tang Shao.” Lu Yuxi was grateful, if it wasn’t for following Omi, how could there be such a chance. One second to remember to read the book

Now, Mu Qianji had broken through to the seventh step of the Mahayana stage, Xia Xiaoxin had also broken through to the sixth step of the Mahayana stage, Tang Huan, Lu Yuxi, Yan Xingyi, and Mo Yuyan, also at the sixth step of the Mahayana stage, Light Water at the fifth step of the Mahayana stage, and Purple Pupil at the fifth step of the Mahayana stage.

And Little Fire.

Omi was shocked.

“Little Fire, you’ve broken through to the ninth stage of the Mahayana stage?”

“Yeah.”

“Holy shit, how are you so fast, faster than even Mu Qianji.”

Little Fire spat out his tongue.

It seemed that Little Fire’s natural Saint Beast advantage was gradually coming into play as his realm improved.

: "Brother Chen, I've already felt my inheritance, and I think I should be able to obtain my inheritance memories when I become a first stage of the Tribulation."

"Congratulations, Little Fire."

"No, all of this was bestowed upon me by Brother Minister, Little Fire has no teeth to forget it."

"Let's not be polite brothers, we've all gained quite a lot, and we're almost back." Omi said.

Omi immediately rushed out of the sea.

After rushing out of the sea, Omi's mind moved and twelve flying swords appeared above his head.

"Omi, you can use the twelve flying swords now?"

"Yes, there are a total of twelve sets of twelve flying swords, each of the twelve sets can form a sword formation, that is, twelve sword formations, each set of sword formations combined killing power is not inferior to a pseudo-immortal weapon. Twelve sets of sword formations, one set is stronger than the other, I am now a first stage Half Immortal, I can display the first set of sword formations.

After saying that, Omi rehearsed in mid-air, twelve ancient flying swords flew in the sky, their power was infinite, the entire sea surface was cut into countless ravines.

As expected, Omi manipulated the twelve flying swords, and the effect was already comparable to that of a pseudo-immortal artifact.

Although he might not have won over the strongest person who possessed a pseudo-immortal artifact, but with Omi's first stage of tribulation, with the twelve sword duel, it would not be a problem to deal with a third and fourth stage of tribulation. If one wanted to win against a strong man with a pseudo-immortal weapon, one had to be at the same realm.

Omi rehearsed for tens of minutes, and the first set of sword duel was already familiar to him.

"Alright, we can go back now." Omi said as he put away the twelve swords.

"Tang Shao, how much of your strongest strength can you reach now?"

"If the other party doesn't have a pseudo-immortal weapon, I think I should be able to securely kill the fourth stage of the Tribulation."

"Wow."

"What about the Fifth Tier of Tribulation? The fifth stage of Transmigration, although I may not be able to win the fight, I'm also confident that I won't be harmed by the other side, after all, my displaying the Twelve Sword Formation is equivalent to having a pseudo-immortal weapon."

Right at this moment, Omi felt a strong attraction.

</> "What's going on?" Omi's heart trembled, a strong sense of crisis.

"Ah." At this moment, Tang Huan and the others screamed as a strong attraction came from the bottom of the sea, and they were instantly sucked to the bottom of the sea.

As for Omi, since he had reached the Half Immortal level, Omi was able to resist.

A few seconds later, Omi was the only one left on the surface of the sea, and the rest of them were sucked to the bottom of the sea.

"Ah." Omi was startled where he was.

Could it be that Omi was wrong?

Before Don's arrival, his instincts had told him that there was no danger, so now he had the ability to escape while the others did not.

"No." Omi shouted and rushed into the ocean floor.

Omi followed the attraction down.

Not long after, Omi felt as if he had suddenly arrived in another space, a sealed space with incomparable darkness everywhere.

Mu Qianji and the others were also sucked into this sealed space.

"Qianji, Tang Huan."

Omi shouted a few times, but there was no response.

"Oh my god." Omi couldn't accept all of this, it must have been done by that ferocious beast at the bottom of the sea.

Just at this moment, the entire sealed space suddenly lit up.

It was as if it had come to a large bright room.

Omi saw that in this bright large room, there were many, many people lying on the floor, Mu Qianji, Yan Xinyi, Tang Huan, Little Fire, Purple Pupil, Mo Yuyan, Light Water, Lu Yuxi, they were all lying on the floor, looking like they were unconscious. Apart from them, there were many other half-immortal powerhouses.

"This, where is this?" Omi trembled and immediately ran towards the few people lying on the ground.

Just at this moment, a loud shout came from overhead, "Don't move."

Omi immediately turned his head to look, and above the blackness above his head, there were only two huge eyes, and those two huge eyes stared openly at Omi.

"Who are you?" Omi shouted.

Those two gigantic eyes stared at Omi for a moment and said, "It's you, I didn't expect that you would be here today, hahaha, hahaha." A beastly laugh came from overhead.

"You know me?" Omi asked somehow.

"I don't know you, but I knew you in a previous life, I didn't think you'd be here today." The huge beast at the top of his head laughed shamefully.

"Ah, the me from my previous life?" Omi was baffled.

"Alright, for the sake of your previous life, I'll let you off this time, get out of here right now."The huge beast said.

Omi shouted, "Wait, these friends of mine, I want to take them with me."

"What an inch, but I don't care about a few losers who aren't even half-immortals, so take them with you and get out."The huge beast said.

Omi asked, "Are you sealed here, the legendary Behemoth Beast?"

"Still legendary, hmph, it seems that you have a really bad starting point in this life, remembering your arrogant appearance in your previous life, I really want to slap you to death."After saying that, Omi suddenly felt a huge force that pushed him out of the sealed space, and not long after, Omi appeared on the surface of the sea, as did Mu Qianji and the others.

"Ah."In the next second, Mu Qianyi and the others woke up.

"What's wrong?What happened?"Mu Qianji was busy asking.

"Tang Shao, what just happened?"

"Yeah, I feel like we just went unconscious."

Don Omi said, "Let's go back first."
