

# King of kings

1832

"Hahaha, Omi, are you going to use those scrolls of yours on me? You think you're relying on scrolls, and that's what you're really good at?"

"Don't worry, I will never use the scrolls."

"That's what you said, if you don't use the scrolls, you're weak as ants before me."

"Then go ahead and try." Omi waved his hand, he really had to teach Mo Qing a lesson, what a leaning on the old.

Mo Qing flipped his hand and struck with a sword, his mouth also said, "Then I'll teach you a lesson, you ungrateful white wolf."

Omi's heart was on fire, he actually said he was ungrateful, really damn fire, the world has never seen such an unreasonable person.

Some people, once their lust for profit has become so great, they really become scary.

Omi's twelve sword formations came out.

"Chop."

"Boom." Omi just made a casual cut, and Mo Qing flew away straight away.

"Ah." Mo Qing also let out a scream and his entire body was zapped into the sky. Remember the website [.kanshu8.net](http://kanshu8.net)

Omi stomped his feet and shot into the sky.

Omi grabbed Mo Qing and landed on the ground in an instant.

Mo Qing was unsteady on his feet and fell to the ground, at the moment, he was completely dumbfounded.

Omi said, "I'm sorry, Mo Qing, up until now, it hasn't even been ten seconds, let alone ten seconds of support in my hands, you're defeated."

"Ah, so that would be the case, you've only just stepped into the first step of the robbery." Mo Qing was befuddled.

Omi said, "Don't ask if it's possible, just ask if you're convinced."

"Omi, I'm your father-in-law, what do you want to do to me?"

"In the immortal world, father-in-law is nothing, whoever has a hard fist is grandpa. I've already given you enough face, if it were anyone else, I'm afraid I would have already chopped you to death." Omi said rudely.

However, Mo Qing couldn't refute anything, he couldn't say that he didn't respect his elders, and in this murderous world, such words as respecting elders were too ridiculous.

"Mo Qing, if you dare to mention that Spirit Gathering Formation in front of me again in the future, I'll never be polite."

"Hmph, I don't think I've overdone it, and my request is reasonable."

"Pah." Omi couldn't hold back and slapped it, after slapping it, Omi also regretted it a bit too impulsively.

"You, how dare you hit me."

Since he hit, Omi could only admit it, Omi snorted, "If it were someone else, it would be death, Mo Qing, don't challenge my patience."

"Count you cruel, I'll talk to my daughter about this."

"Whatever."

Omi flew back to the palace.

Everyone immediately came up and asked, "Did you have a fight with Mo Qing?"

Omi nodded, half of the palace had collapsed from that beheading just now, it must have been seen long ago, only the average person couldn't see the shadow.

And right now, in another part of the palace, Song Complaint was in deep thought.

"Omi actually fought with Mo Qing just now, what kind of signal is that?"

Song Blame was wondering if it was time to stand in line.

"Am I on Omi's team, or Mo Qing's?"

After hesitating for a bit, Song Complaint decisively chose to side with Omi's team, so Song Complaint immediately went to find Omi.

At Omi's house, Omi had just finished telling the story of the fight with Mo Qing.

Yan Xinyi said, "You shouldn't have slapped that, how can you explain to Mo Qing."

Omi said, "No need to explain, I formed a daoist couple with Mo Yuyan because she was Wei Cherry in her previous life, not because she was Mo Yuyan. If she's really angry with me because of this, then I'll let

She chooses, if she wants to be Wei Sakura or Mo Yuyan, if she wants to be Mo Yuyan, then dissolve the relationship."

"Khan."

Omi said, "I've suddenly figured out that I can do whatever I want, I'll get whatever woman I like, I don't have to be bound by any invisible constraints anymore, and I don't have to feel sorry for anyone."

After saying that, Omi immediately looked at Lu Yuxi.

"Ah, Tang Shao, why are you looking at me like that." Lv Yuxi's body trembled.

Omi walked up to Lv Yuxi, held Lv Yuxi at the waist and said, "Blossoms can be bent, don't wait for empty branches, Lv Yuxi, how can a great youth be wasted like this."

Lv Yu Xi blushed and said, "Tang Shao, what are you doing, let go of me."

"Hahaha, what are you afraid of, are you afraid of being laughed at?"

"Don, the court is wide open."

"Everyone understands." Omi carried Lu Yuxi into the room.

The rest of the people were stunned.

Mu Qianji sighed and said, "As long as he can unravel his demons, whatever is good."

Omi hugged Lu Yuxi and caressed the graceful and touching softness of Lu Yuxi's graceful body.

"Tang Shao." Lv Yuxi was blushing with shame.

"Yu Xi, actually, you're really s\*xy."

"Tang Shao." Lu Yuxi called out again with a voice daddy, making her body soft to the ears.

"Oh, Yu Xi, although I've never dared to touch you and only want to fantasize about you occasionally, I'm afraid that if you really got naked by another man, I'm afraid that I wouldn't be able to accept it, and I'm afraid that it would become a demon within me. In fact, I have let down many people in my life, in the mortal world, I really missed many girls because of some of my stubbornness, for example, Wen Qi, Xu Yan, Chang Sun Hongyan, Wei Sakura, Cheng Xiao Ju, and so on, some of them I can't remember the names."

"Uh, Tang Shao, who are they all?"

"Oh, you don't know, forget it, why am I telling you this."

"Tang, are you regretting it?"

"Yes. If I were to turn back time, I wouldn't want to miss out on any woman who liked me and was ever nice to me."

"Then why did you miss out in the first place?"

"Because of some stubborn thoughts I have, because I don't always want to be sorry for anyone, always, too many personal reasons. If I miss you today, I think I'll regret today someday in the future."

"Tang Shao, I like you too." Lu Yuxi said incessantly with excitement.

"Oh, I know." Omi slowly peeled off Lu Yuxi's clothes, and Lu Yuxi didn't put up any resistance, full of anticipation, wondering what the man-woman thing was like that she had been fantasizing about.

Just at this moment, shouts came from outside, "Omi, Song Grievance is asking for an audience."

Omi was depressed, he and Lu Yuxi were about to do something, but he came to see him.

"Tell him to wait."

"That's not good."

"I've taken off all my clothes, you guys watch."

"Speechless."

Mu Qianji had to say to Song Complaint in the living room, "Omi is busy, you wait for a while ah, he should be finished soon."

"Nothing nothing nothing, let him be busy first."

"C'mon, serve tea."

At that moment, another Half Immortal came at the door, it was Liu Bing. There were only three Half Immortals in the Mo Dynasty, Mo Qing, Song Resentment and Liu Bing, and now, both Song Resentment and Liu Bing had come to see Omi, and they didn't know what it was because of.

"Uh, Resentment Sky, you're here too."

"Haha, you're here too." The two of them looked at each other with a look of mutual understanding.

They both saw the fight between Omi and Mo Qing, and then, decided to take sides.
