"It seems like we should go out more, we're not naturally adapted to cultivating at home. We're not like other people, we're familiar with every place in the Seven Seas already, we just arrived in the Seven Seas eight years ago, and we don't go out these eight years, so we're not familiar with the rest of the Seven Seas, we only know that we're in the Extreme South Continent of the Seven Seas."

Omi nodded, "Yes, there are three other continents in the Seven Seas besides the Extreme South Continent, and being in more distant places, there are other places that we haven't gone for a walk elsewhere. It's true that we should go for a walk, but the reason why I haven't gone anywhere for the past eight years isn't because I don't want to, but, I'm afraid that I'll have walked the entire Seven Heavy Seas."

"Why are you afraid of walking the entire Seven Seas?"

"Because of me, if I walk all over the entire Seven Seas, and I'm still in the same realm, it means that the future of my cultivation career will be like a pool of stagnant water, so you won't see any hope."

"I can understand how you feel, but we still need to go out more."

At this time, a young girl who looked to be around sixteen years old walked in the doorway, this girl was wearing a clean white dress, her face was like gelatin, her eyes were like peach blossoms, and her face was extremely delicate, so delicate that one would forget to breathe and forget that she was alive at a glance.

I saw that girl's voice sweetly shouting to Omi, "Brother, where are you going, I want to go too."

Omi piled up his face and said, "Xiao Bai, you should not interfere in adult matters, and cultivate well at the Tang Chi Gate."

That beautiful maiden pursed her lips and said, "But I've already cultivated to the point where I can change into human form, and it's hard to continue rising in a short time."

Omi sighed.

This beautiful maiden was none other than the little white dragon that Omi had picked up in the Flying Cloud Sect, and now, the little white dragon had grown up, and with Omi's help, the little white dragon had also cultivated to the Mahayana stage and could change into a human. Remember the website .kanshu8.net

After transforming into human form, Little White's appearance really surprised everyone, not expecting that the human form of Little White was so beautiful, this appearance, I don't know how many human beauties were ashamed of themselves. Even Mu Qianji, Tang Huan, Lu Yuxi and the others humbly said that Little White was prettier than them.

Because Little White had lived with humans since she was a child, her aesthetics, worldview, everything was the same as humans. For example, handsome, beautiful, ugly, these human aesthetics

were also her aesthetics. In Little White's eyes, her Omi brother was the most handsome man in the world.

This is not quite the same as Little Fire and Violet Pupil.

Little Fire and Purple Pupil, their aesthetics were still based on their ancestry. For example, a human beauty, when Little Fire saw it, he didn't feel anything at all, because Little Fire wasn't a human, and he couldn't examine whether a person was beautiful or ugly from a human's point of view, no matter how beautiful a human was, in Little Fire's eyes, it was just a human. It was like a human seeing a snake, the snake was very beautiful, but in the eyes of a human, it was still a snake.

"Brother, will you take me there or not."

"Alright, if I'm going, I'll take you with me, it's always okay."

"That's more like it."

"Then why don't you hurry up and go practice."

"Oh." Little White playfully and adorably walked away.

Omi to, "Little Fire, do you have any thoughts on how pretty Little White looks? You're not careful with your age."

Little Fire was shocked and busy, "Minister, don't scare

Bluff me."

"How am I bluffing you, even though Sebastian is still young now, in a few years, he will already be a big girl."

"Brother Chen, you've really gone too far. It's a beautiful girl in your eyes, but in my eyes, it's still different from me, I have no concept of what you mean by beauty and ugliness, and if I liked human beauties, I would have found a girlfriend in the mortal world."

"Uh, what do you like, then?"

"Nonsense, of course I like my own kind, Minister, would you go for a beastly girlfriend? Like, a sow, a bitch, a cow."

"Gotta, gotta, don't say it." Omi waved his hand in a row, I dare say that in Little Fire's eyes, human women, including dragon women, were like sows and dogs in human eyes ah.

In that case, it was really Omi who was talking too much.

"Brother Chen, don't say that again, no matter how beautiful a human beauty is, in my eyes, it's like a sow bitch in the eyes of a human."

"Fine, I get it, I just saw you exist in human form for a long time and subconsciously ignored your true nature. But, big brother, I can't bear to see you single for a long time."

: "So, I hope, one day, I can find one of my own kind, no matter how beautiful or ugly, as long as it's female, I want it. Hahahaha, truth be told, there was a time when I also wanted the opposite s\*x ah,

now I have no more requirements, as long as it's of my own kind, female, no matter how old or weak it is."

"I'll go, no matter how old or weak or sick, you have really strong tastes." Omi had a chill.

Little Fire hehely smiled, "Brother Chen, you have to understand, it's not even the old, the weak, the sick and the disabled."

"Also, hahaha."

Omi comforted, "Little Fire, don't worry, in a few days, we'll set off and walk around the Seven Seas, perhaps, somewhere in the dark of the Seven Seas, there are your kindred, and then you'll be able to hug the beautiful Qilin back."

"Don't joke, Chen, my breed is very rare. By the way, Purple Pupil he has also evolved into a dragon now and belongs to the dragon race, Purple Pupil and Little White, they are the same kind of species ah. And ah, did you notice the way Purple Pupil looked at Little White."

"Uh, Violet Pupil." Omi didn't even think of him.

"Brother Chen, since the fat water doesn't flow outside, you might as well fulfill Purple Pupil, after all, Purple Pupil is also still single right now."

Omi said, "That's a good idea, good, then this time out, let's bring Zi Pupil Xiaobai with us and see if the two of them, can call."

"Haha, right, after all, Purple Pupil is the son of our brother Little Black back then." End, somewhat sad, back then the three brothers, now, Little Black has long since gone to ashes and turned to dirt. Back then in that barren era, Little Fire and Little Black, two different races, spent many lonely and boring years together.

"Don't be sentimental." Omi patted Little Fire's shoulder, fate was like that, it couldn't always be as desired.

At this moment, somewhere in the darkness of Tang Ji Gate, Violet Pupil, who had a beard all over his face, was secretly watching the beautiful and touching young girl, Xiao Bai.

As a fellow dragon, Purple Pupil could sense Little White's beauty more than the average person.

The beauty of Xiaobai was rare in the Dragon Race, and already even people could sense her beauty, not to mention the dragons of the same race.

However, Violet Pupil, who looked like an uncle, knew deep inside how he could possibly be worthy of Little White.
