

King of kings

1940

For three days, Little Fire sat on the ground.

It wasn't until three days later that Little Fire got up from the ground.

"Omi, Little Fire is getting up, I think he should be more clear-headed after three days of pain." Mu Qianji was busy.

"Go, go over." Omi said.

Mu Qianji instructed, "Don't talk nonsense this time, after all, you've never had a broken heart, you don't know the pain of a broken heart."

Omi rolled his eyes: "Make it sound as if you've had a breakup."

Mu Qianji stomped his foot in frustration, "Nonsense, back then in the mortal world, you forgot how I chased you, and how you treated me, back then I went so far as to sneak into your Divine Dragon Sect to chase you as a sword-serving maidservant, and when you found me later, not only were you not touched, but you even blew me out of the mountain and injured me. Hmph, I'm still angry even when I think about it."

Omi burst out laughing, "Alright, alright, it was indeed my fault back then, how long has it been now, why are you still mentioning this stall."

"Hmph, it's because I didn't mention it, that's why I forgot about it, now when I mention it, I think of how ruthless you were back then, and how much my heart hurts. And I'm so useless that you did this to me, I'm so useless that I'm even with you now."

"Hehehe, which is you have eyes." Omi rushed to comfort Mu Qianji, don't let her continue to think about what happened back then, or else she would really have a knot in her heart. Omi ignored the fact that everyone was watching, and pinned Mu Qianji down on a tree in public, and kissed her forcibly."

"Alright, so many people are watching." Mu Qianji blushed and pushed Omi away, being disturbed by this, he didn't think about that in the mortal world. Remember the website .kanshu8 .net

It was only then that Don flew across the street.

"Little Fire."

"Brother Chenchen."

After three days, Little Fire had become much more awake, and what Omi had said three days ago, Little Fire couldn't even hear at the time.

Omi patted Little Fire's shoulder.

"Brother Chenchen, I'm sorry, I've disappointed you, I've disgraced you."

Omi said, "We're all brothers from the same family, why are you saying so many foreign words, I apologize for what I said three days ago, I shouldn't have said that."

"Uh, three days ago, what did you say? I don't know, I was so confused and heartbroken, I didn't hear anything." Little Fire looked confused.

"It's good that you didn't hear it, but anyway, I just scolded you."

"Oh, I really should have scolded." Alright, let's not talk about that.

Mu Qianji asked, "Little Fire, are you feeling better now?"

"Well, much better, in these three days, I've figured it out, since she doesn't like me, why do I have to force it, it's just that now when I think of all the emotional sacrifices I've made in the past few years, it still hurts a bit inside, after all, I did love her."

Omi asked, "That bitch is a village flower?"

"Yes, her family is from that nearby village, her father is the village chief, and she is also the village flower, the prettiest girl in the village."

Tang Huan said, "It's true that she's not bad looking, we all say you have an eye for it. "

"Don't say that, what vision or no vision, people don't like me at all." A hint of sadness flashed in Little Fire's eyes.

Omi said, "Little Flame, that bitch used you to like him and helped her work for a few years for nothing, is that the end of this breath?"

"Brother Chen, what else can I do otherwise, it's not like people are forcing me, I'm the one who wants to like her and be foolish enough to be used."

Omi, "Little fire, several years of affection, can't pay for nothing, at least take some interest back, tonight

I'll go to her village and get her, she belongs to you tonight."

Little Fire was shocked, "Minister, don't ever, I don't like to be forced."

"Then I'll go and kill you, as long as you can untie the knot, anything, even if it means exterminating her entire village."

"Brother Chen, don't, this is the Qilin Clan, the chief of the Qilin Clan is very powerful, and there are so many strong people here who have gone through the ninth stage of robbery. Besides, the head of their Hundred Grass Village, which is Yang Yang's father, is also a strong man of the eighth stage of Tribulation."

Omi said, "Little Fire, you don't even understand my strength anymore after not seeing me for a few years. Come on, someone tell Little Flame about it."

Violet Pupil was busy laughing, "Little Fire, pay attention oh, Uncle Minister was in the Dragon Clan before and beat up the Dragon Clan leader and begged for mercy; in the Vajra Clan, he killed the Vajra

Clan leader and almost killed the prospective Immortal of the Vajra Clan, in the end, Uncle Minister was just soft and didn't kill him."

"Ah, how is that possible." Little Fire was shocked.

Purple Pupil said, "Little Fire, it was a mistake that you didn't follow Uncle Minister these past few years. Anyway, I now firmly believe that 'if you believe in Minister, you will have eternal life'. We have the best chance to have the best chance if we follow Uncle Minister."

Little Fire lowered his head, indeed, he hadn't followed Brother Minister for the past few years, his realm still remained the same, moreover, even chasing a girl was being used to work for someone for a few years for nothing, and he would be laughed to death for saying so.

"Brother Minister, I was wrong, I shouldn't have come out on my own and alone."

"Little fire, you're right and you have to go through these things before you can grow up, if you didn't go through this breakup, you wouldn't know the pain of a breakup, right? Like me, for example, I don't know what it's like to have a breakup, in fact, I'd love to experience what it's like to have a breakup, but, you know, it's hard for me to have the chance to experience something like a breakup."

"Oh.": "Brother Chen is so good, where is it possible to fall out of love."

Mu Qianji and the others have left their mouths on the side, and said with a despised face: "Despicable."

Omi said, "Little Fire, then how do you plan to handle this relationship?"

"I don't know."

"I'm only asking you, will you leave a knot in your heart, it's very important that you get through the robberies and the future of becoming an immortal and so on, you must untie the knot."

"Me." Little Fire hesitated, in fact, it was indeed difficult to undo the knot within Little Fire, after all, giving out feelings and being cheated, a double blow. If you killed that woman, it wouldn't solve the kind of regret and pain inside, and most importantly, Little Fire wasn't the kind of personality that could be relieved by killing the whole family.

Mu Qianji said, "I think it would be better like this."

"How about it."

"That Yang Yang, didn't she say that Little Fire wasn't good enough for her? Is she in love with someone who is a popular person next to some prince of the unicorn clan? She thinks there's no future for Little Fire."

"Right."

"Then let's start with that and help Little Fire, over that person that Murakumo likes, so that she will find out how good Little Fire is, and then regret in her heart and fall back on Little Fire. I think this will definitely help Little Fire's psychological relief, and when the time comes, if she regrets and expresses that she wants to be with Little Fire, it will be up to Little Fire to decide whether or not she wants to choose to be with her, so that no matter what Little Fire decides by then, Little Fire's knot is completely untied."

Yan Xinyi and the others were busy saying, "I think it's fine."

However, Little Fire said bitterly, "But I can't even enter the Qilin Clan's genealogy right now, what qualifications do I have to be better than everyone that Yang Yang likes, but he's the red man beside Prince Yan Leopard."

Mu Qianji laughed, "Have you forgotten your minister brother? What did Violet Hitomi just say, Nobunaga, get eternal life."
